

Sweetheart 611

Chapter 611: he's obviously not single, but he's still being fed dog food

after lunch, Luo Chenxi, a native of B City who was born and raised there, became their guide.

He took Young Master Mu and the little dumpling for a walk by the beach.

The seaside trail in B City had beautiful scenery. It was a famous dating spot, and many couples went on dates here.

It was rare to see a family of three like them.

When they saw Luo Chenxi and Mu Yichen holding the little dumpling's hand on each side, the family of three with superb looks immediately attracted the admiration of the people around them.

"Wow, isn't that couple over there too attractive? And you even have such a cute daughter!"

"Our daughter is already so big. She must have been married for a few years, right? Their relationship was actually so good! Ah, ah, ah, I'm so envious!"

"If only my boyfriend and I could be like this in the future!"

It was especially so when Luo Chenxi's shoelaces came loose on the way. Mu Yichen immediately bent over to help her tie them up.

This considerate scene caused even more exclamations.

They all sighed. The gentle and considerate ones were all "other people's husbands"!

They were obviously not single, but why did they have the illusion that they had been stuffed with dog food?

The family of three was not affected by these outsiders.

Because of his good looks, they had long been used to other people's eyes.

The three of them had fun for the entire afternoon. However, when they were about to go back, an accident happened.

Xiao Tuanzi was running on a cobblestone path when it was hit by a puppy and fell to the ground.

His knee hit a small stone and broke a piece of skin.

A bruise immediately appeared on her fair and tender calf, and she was even bleeding.

It wasn't a serious injury, but the little dumpling was pampered and rarely fell, let alone bleed.

She immediately cried out in pain.

Luo Chenxi and Young Master Mu were feeling nervous.

“tang tang, don’t cry anymore. big sister will blow on it for you and it won’t hurt anymore! come, big sister will carry you, let’s go home now ...”

luo chenxi bent over in an attempt to pick up the little dumpling.

in the end, mu yichen beat her to it and carried the little dumpling away.

” it’s at least 20 minutes from here to the parking lot. let me carry her. she’s gained weight from eating too much recently. ”

“daddy is bad! tang tang isn’t fat!”

as the little dumpling cried, she didn’t forget to defend herself.

luo chenxi was at a loss whether to laugh or cry. our tang tang is not fat! she has such a good figure, and she’s so pretty and cute!”

only then was the little furball satisfied. it pouted its little mouth and stopped talking.

the car drove back to the hotel.

luo chenxi turned around and noticed a pharmacy by the side.

“mu yichen, bring tang tang upstairs first. i’ll go to the pharmacy to buy some bondy and red potion,” he said hastily.

mu yichen frowned. ” stupid woman, just let zhuo feng and the others handle this. you’re coming up with us! ”

” it’s no big deal. don’t trouble special assistant zhuo. do you think it’s easy for her to earn your salary? ”
luo chenxi waved her hand. ” go upstairs. i’ll be back soon. it’ll only take ten minutes! ”

as she spoke, she turned around and ran to the pharmacy.

after buying the medicine, she came out and saw a small restaurant nearby selling the plum flower cake that the little dumpling liked, so she bought some.

looking at the time, it had already been ten minutes.

luo chenxi was afraid that the little dumpling would be unhappy, so she dared not delay any further and returned to the hotel immediately.

who knew that the moment she entered, she would hear someone calling her.

“luo chenxi! are you ... are you luo chenxi?”

luo chenxi was stunned for a moment. she turned around to take a look and saw a familiar yet unfamiliar figure.

Chapter 612: where did she get so much money to live in such a place?

she squinted her eyes and looked at him for a long time before she recognized him.

“xie shiwen, it’s you ...”

xie shiwen was her deskmate when she was in middle school in B city.

they had not seen each other for seven or eight years since they graduated.

the relationship between the two of them was quite good back then.

xie shiwen cracked into a smile upon seeing her. “luo chenxi, i can’t believe you’re here for the class reunion too! in the past few years, you never came to our class reunions, and no one could contact you. we all thought that you had gone missing!”

luo chenxi was stunned for a moment. “a class reunion?”

“what?” xie shiwen asked, surprised. don’t you know? we’re having a junior high school class gathering at this hotel today. we’re also celebrating teacher meng’s 60th birthday.”

“teacher meng is already 60 ...”

boxn ov el. c o m

luo chenxi could not help sighing with emotion.

mr. meng was her form teacher in junior high and had taken good care of her. if it wasn’t for mr. meng encouraging her to go to the high school affiliated to the art academy in the provincial capital, she might not have made up her mind.

“let’s go,” xie shiwen urged. “we’re already late. let’s go in!”

“uh, but i’m not here to attend the class reunion. i’m just here to visit grandma, and it just so happens that i’m staying here.”

xie shiwen was taken aback. “you’re going home to visit a family, and you’re even staying in a hotel?! ”

moreover, it was such a luxurious super five-star hotel!

it was said that the most common standard room cost five to six thousand a night.

where did she get so much money to live in such a place?

today, if it wasn’t for lu yajing’s boyfriend’s treat, they wouldn’t have held the class reunion in such a place!

luo chenxi nodded hastily. “hmm, that’s right. i won’t be going. let’s add each other on wechat and get together again when we’re free.”

xie shiwen furrowed her brows. she took a step forward and pulled her back. “since you’re here, let’s go and participate! ” everyone hasn’t seen you in seven or eight years! besides, teacher meng took such good care of you in the past. today is your birthday, do you have the nerve to not attend?”

“this ...”

luo chenxi was at a loss for words for a moment.

xie shiwen's words weren't wrong. if she didn't go and offer a toast to teacher meng, it would be unreasonable.

"alright, give me a moment," she said after some hesitation.

she beckoned a waiter over and handed him the red medicine water and plum flower cake.

"give these to mr. mu on the top floor," he ordered. tell him that i have something to do and will be back late. i'll leave in half an hour."

after that, she returned to xie shiwen's side and went up to the second floor with her.

.....

in the chinese restaurant on the second floor.

in the largest private room, there were four tables.

the seats were almost full.

teacher meng was sitting in the main seat in the middle.

however, the person who was the center of attention today was not him, but lu yajing, who was beside him.

lu yajing was wearing a small dress made by SL. her makeup was exquisite, and she had an arrogant smile on her face.

a group of people surrounded her and kept flattering her.

"yajing, you're the most capable among our middle school classmates. not only are you a top student who graduated from the best art college in china, but you also signed an offer from SL holdings and found such a good job!"

"it's more than that! a fair, rich, and beautiful girl like ya jing had many suitors, and her boyfriend was the third son of the minister of transportation! he's a true young master of a wealthy family!"

"sigh, i'm so envious. it's really like comparing people to death!"

lu yajing's eyes flashed with pride.

"i'm flattered, you're all over me," he said humbly.

Chapter 613: the school belle and straight-a student back then had actually fallen to the point of being a kept woman by an old man!

lu yajing was the one who had organized the class reunion, and it had been held in this five-star luxury hotel.

she wanted to show off to everyone that she was about to marry into department head xu's family!

now, she had achieved her goal.

teacher meng also praised lu yajing. after that, she suddenly remembered something.

“by the way, where’s luo chenxi? did she not come this time? i heard that she was accepted by country Y’s royal academy of fine arts. her artistic talent is the highest among all the students i’ve taught! it’s a pity that she hasn’t been back to B city for a few years, right?”

lu yajing’s face twisted when she heard this.

teacher meng had liked luo chenxi the most since junior high school.

so many years had passed, yet he still remembered her!

lu yajing sneered to herself and said, “teacher meng, how long ago was this news? my cousin is no longer in country Y.”

boxn ov el. c o m

teacher meng came to a sudden realization. “by the way, you and luo chenxi are cousins!” you must be very clear about her situation, right?”

lu yajing smiled and said, “of course.” in fact, she had been expelled from country Y’s royal academy of fine arts for less than a year. after returning to the country, she missed the college entrance exam and could only take the spring exam. she got into a third-tier university and has already graduated.”

“by the way, she just came to our house yesterday. i heard that she can’t even find a job now. sigh, she’s already crippled, what a pity!”

teacher meng’s eyes widened in disbelief.

“that’s impossible, right? this ... how could this be? luo chenxi is so talented in the arts. how could she possibly be expelled from the art academy?”

“well ...” lu yajing looked embarrassed. “forget it. it’s related to my cousin’s privacy. i’d better not say it.”

she deliberately retreated in order to advance.

of course, the surrounding onlookers continued to ask.

“ya jing, just say it!”

“it’s fine. we’re all classmates. i’m concerned about her, so i want to know how she’s doing.”

lu yajing had no choice but to ‘reluctantly’ say, “i heard that she was expelled because of some relationship problems. i didn’t expect that my cousin would become like this the moment she went abroad! also, when she left our house yesterday, it was an old man who drove a luxury car to pick her up. that man ... he’s old enough to be her father!”

lu yajing’s words caused everyone to sigh.

the school belle and straight-a student back then had actually fallen to the point of being a kept woman by an old man!

” i thought luo chenxi was the most promising one among us in the past. i’ve misjudged her! ”

” lu yajing is the best. she’s so much better than us in both career and relationship. she’s a winner in life!
”

lu yajing was secretly pleased with herself.

she had been suppressed by luo chenxi every day in the past, but she had finally made a complete comeback this time!

at this moment, a series of footsteps came from the entrance of the restaurant.

xie shiwen walked over and said with a smile, ” “look, who did i bring?”

luo chenxi had been a standard beauty since she was young. she left a deep impression on everyone.

many people recognized her immediately.

“luo chenxi!”

xie shiwen laughed and said, “isn’t that luo chenxi?” i met her at the entrance of the hotel today and she happened to be staying here, so i pulled her here!”

the crowd fell silent at once. they looked at luo chenxi with an extremely complicated gaze.

after all, they had just been discussing this ” fallen ” school belle ...

Chapter 614: the tsundere wouldn’t be angry ... right?

luo chenxi noticed lu yajing in the crowd at first glance. she could not help frowning.

she had forgotten that she and lu yajing were middle school classmates.

lu yajing would definitely come to a class reunion like this.

looking at the strange looks from the students around her, it was obvious what lu yajing had been saying about her.

however, she didn’t care what others thought of her.

luo chenxi walked straight to teacher meng and picked up her wine glass.

” teacher meng, i heard that today is your 60th birthday. happy birthday! ”

teacher meng stared at her for a while and frowned slightly.

she looked at luo chenxi’s graceful and proper demeanour, natural and unrestrained smile. there was not much difference between her appearance and that of when she was in school. the only difference was that the youthful look in her eyes had disappeared.

boxn ov el. c o m

it was completely different from what lu yajing had just said.

however, lu yajing's tone just now was so confident ...

teacher meng did not say much. he raised his glass and toasted with luo chenxi.

"i heard that you haven't been to the class reunion for several years. i'm very happy that you can come today. come, come, chenxi, sit down and eat with us. sit here."

luo chenxi was planning to leave after toasting to teacher meng, but she found it inappropriate to turn around and leave immediately upon seeing teacher meng's enthusiasm.

she sat down at the table.

he had asked the waiter to pass on a message to mu yichen that he would be back within half an hour.

the tsundere wouldn't be angry if he sat for a while ... right?

as soon as she sat down, many people came over, wanting to add her on wechat.

even though everyone was still talking about her just now.

however, when luo chenxi appeared in person, people could not help but want to get close to her when they were faced with such a delicate and moving beauty.

lu yajing saw this, and she was furious.

she cleared her throat and coughed. "cousin, why did you come to the class reunion? when you came to my house yesterday, weren't you in a hurry to go back to T city? grandma wanted you to stay for a night, but you didn't even want to, let alone come to the class reunion."

luo chenxi darted her a glance. "didn't you warn me when i went back yesterday that the lu family will be your family after my grandfather's death and that i'm just an outsider? how would i dare to stay? also, today is teacher meng's birthday, why didn't you tell me? if i didn't run into xie shiwen, i wouldn't have known about this!"

lu yajing choked.

she had said those words with the intention of hinting to everyone that luo chenxi was a heartless person. she was disdainful of attending the class reunion after she had hooked up with a rich old man.

she did not expect luo chenxi to not fall for her trap at all. she retaliated with a few words.

now, teacher meng's gaze towards her had changed.

lu yajing coughed dryly. "ahem, that's ... brother yongan came to our house yesterday. i was so happy that i forgot about it ..."

"yajing, you can't forget such an important thing in the future. otherwise, if others think that i didn't come on purpose, that wouldn't be good, don't you think?" luo chenxi spoke with a faint smile.

lu yajing felt a lump in her throat, but she could only nod. "i'll be more careful next time ..."

lu yajing's best friend couldn't stand it anymore and said, "i say, luo chenxi, aren't you being a little too rude to yajing? although she's your cousin, you're about the same age as her. you're not an elder, right?"

besides, you've disgraced the lu family with your current state! you still have the nerve to put on airs here?"

Chapter 615: why don't i understand what you're saying?

hearing this, lu yajing's face changed.

she pulled her best friend back. " ruoyu, don't say anymore ... "

"why not? luo chenxi, you should be graduating from university this year, right? i don't know which famous art school you entered after you became a straight-a student. after graduation, where will you go to work?"

yao ruoyu had an overbearing look on her face as she sang along with lu yajing.

upon hearing their conversation, all the students on the scene perked up their ears. they were waiting for luo chenxi's answer.

luo chenxi smiled and said in an extremely calm manner, " "i really don't deserve to be called a top student. due to some personal reasons, i couldn't continue to study at the royal academy of fine arts in country Y. when i returned to the country, i just happened to miss the college entrance examination, so i only went to a third-tier university. she can't be compared to my younger cousin."

"oh ..."

everyone sighed.

lu yajing smiled smugly and glanced at teacher meng.

boxn ov el. c o m

everything she said just now was true!

now, teacher meng should believe her, right?

she deliberately added, " cousin, actually, education isn't that important. although you're studying in a third-tier university, as long as you work hard, you can at least make a living. it's better than you doing those things! "

luo chenxi took a meaningful glance at her. " what kind of thing am i doing? i don't understand what you're saying."

" this ... " lu yajing covered her mouth with a terrified expression.

yao ruoyu interrupted, " you know what you did! i heard that you don't even have a job now. where did all these branded clothes you're wearing come from?"

the corners of luo chenxi's lips curled up. " i bought it with my salary, of course! " also, how did you know that i don't have a job? i just resigned recently and wanted to take a break for a while!"

"what? you ... you have a job?" lu yajing was stunned.

yao ruoyu sneered, " yajing, don't be fooled by her! " even if she had a job, it would definitely not be a presentable job! if you're so capable, tell us what you do and how much you earn. the clothes you're wearing are SL, right? how can you afford it with your salary?"

luo chenxi did not want to acknowledge her at first.

however, teacher meng was also looking at her.

she thought for a moment and told him the truth. " a few months ago, i worked at the headquarters of SL holdings in T city. as for my income ... it wasn't particularly high, but i can get a 10% discount on old SL brands. so, it wasn't a problem to buy a few sets of clothes. "

"what? SL group's headquarters?"

hearing this, lu yajing could no longer pretend to be innocent. she couldn't help but laugh.

"luo chenxi, aren't you exaggerating too much? do you know how high the requirements for SL holdings 'recruitment are? you don't even have the qualifications to be interviewed with your three-degree educational background! even if you want to lie, can't you make it more reasonable? you can't brag just because you heard that i'm an employee of SL holdings yesterday! do you think we're all idiots?"

as soon as he said that, everyone laughed.

his gaze toward luo chenxi was filled with disdain.

everyone had already assumed that luo chenxi was boasting.

even teacher meng was disappointed.

luo chenxi frowned ever so slightly. she was about to teach lu yajing a lesson.

at this moment, there was a commotion at the entrance of the chinese restaurant.

a man who looked like a manager personally led two distinguished guests in from outside.

Chapter 616: her name is luo chenxi. do the two of you have any impression of her?

"teacher Andy, teacher huang, please come in. please come in!"

there were a few reporters following them to take pictures, but they were stopped at the entrance of the restaurant.

the students all turned around to look curiously.

"these two people ... they look a little familiar?"

"right, i think i've seen it somewhere before, but i can't remember!"

at this moment, lu yajing laughed and said, " oh, these two are two of the most famous designers in our SL holdings. they are teacher Andy and teacher huang shuo. both of them often appear on variety shows. it's normal for you to find them familiar. "

“oh, that’s right, it’s them! my idol!”

” ya jing, you’re also from SL holdings. do you know them? ”

“can you help us get an autograph?”

boxn ov el. c o m

the female students who liked to watch fashion variety shows were all discussing it.

lu yajing smiled. ” what’s so difficult about it? ” when i was working with the headquarters, i came into contact with the two teachers and they had a very good impression of me! i’m going to give them a toast and get your autographs.”

“wow, that’s great!”

“ya jing is really amazing! you even know such a famous designer!”

“isn’t that so? she’s entered a big corporation like SL, and she’s already on a whole new level compared to us. her vision is completely different!”

hearing these compliments, lu yajing pretended to be calm on the surface, but she was extremely proud in her heart.

she raised her chin and took a glance at lu chenxi. ” didn’t you say that you used to work in the SL holdings ‘headquarters? do you want to come with me to propose a toast?”

luo chenxi frowned. ” you can go by yourself. ”

she had also recognized Andy and huang luan. she had a good relationship with these two designers.

however, she was of the same rank as them, so what was she doing going to propose a toast?

lu yajing thought that she was afraid, so she sneered and picked up her wine glass, then went to the next table.

“teachers, i didn’t expect to meet you here. this is such a coincidence!”

Andy and huang luan were having their meal. they were startled when they suddenly heard someone calling them.

when they turned around to look, they all revealed puzzled expressions.

“miss, may i ask who you are? did you get the wrong person?”

lu yajing’s face froze.

she had just claimed that she was very familiar with the two designers, but in the end, they did not remember her at all!

she could only bite the bullet and continue, ” ” i ... i’m lu yajing from a branch company in B city. i had some work contact with you two last month ... ”

huang luan smacked her head. " right, aren't you that little assistant? last time, you helped us run errands for the whole day. it was quite tiring."

luo chenxi chuckled to herself upon hearing his words.

it turned out that the job that lu yajing had bragged about was actually a business assistant!

it was a job that ran errands for others. when she was a senior designer at SL holdings, she had four such assistants!

lu yajing was a little embarrassed, but at least she had a relationship with the two of them.

he immediately thickened his skin and started to chat with the two.

Andy and the rest had easy-going personalities. they really signed her name.

lu yajing felt that she was quite influential, so she regained her confident smile.

she was about to return when her gaze suddenly swept past luo chenxi. she had an idea.

" by the way, teachers, i have a friend who claims to be from the SL holdings 'headquarters. he's your colleague. would you like to meet him? "

Andy was startled. " colleagues? but this time, the headquarters only sent me and huang luan?"

lu yajing pretended to be surprised and widened her eyes. but, didn't she say that? by the way, her name is luo chenxi. do the two of you have any recollection of her?"

Chapter 617: eh? xingchen, is that you?

Andy had a confused expression. " luo chenxi? who was this? i don't think i've heard of it before?"

he turned around and glanced at huang luan.

huang jie was also confused.'i don't know? i don't think our company has such a person, right? at the very least, he's not a designer."

lu yajing was even more delighted to hear this.

he almost laughed out loud on the spot.

luo chenxi had spoken in such a serious manner earlier, yet her lie was exposed on the spot. it was simply a slap to her face!

lu yajing had deliberately raised her voice.

at that moment, all her classmates heard her words. they looked at luo chenxi with undisguised contempt in their eyes.

"as expected, luo chenxi was just bragging earlier!"

boxn ov el. c o m

"of course, i've already felt that something was amiss. with her educational background, it's impossible for her to enter SL holdings!"

"but her tone of voice sounds like it's real. she never lied when she was in school."

"that was in the past!" it's been seven or eight years, and people have changed. didn't you hear what lu yajing just said? luo chenxi has become a mistress who relies on a man to provide for her!"

"this is embarrassing. i didn't expect to meet a senior designer from SL holdings during a meal. luo chenxi's in such a miserable state. her face must be swollen now!"

lu yajing felt even more pleased with herself upon hearing those words. she turned around and took a glance at luo chenxi.

unexpectedly, luo chenxi acted as if she did not hear their conversation. she put down her chopsticks in a calm manner and stood up.

"teacher meng, i still have something to do today. since i've already wished you a happy birthday, i'll take my leave first."

lu yajing thought that luo chenxi wanted to run away because she could not afford to lose face.

she called out to her hastily, "luo chenxi, why are you leaving so soon?" didn't they just finish half the meal? besides, didn't you want to get to know the designers from SL holdings? i have the chance today ..."

before she could finish her sentence, she suddenly heard Andy's cry of surprise from behind her.

"eh? the stars! is that you? you ... why are you here?"

luo chenxi stopped in her tracks. she turned around and nodded at Andy. "teacher Andy, it's been a long time!"

"it's really you!" huang luan also let out a cry of surprise.

the two of them stood up at the same time and strode toward luo chenxi. they stood on her left and right and surrounded her in the middle.

"xingchen, where have you been all this time? chief sheng said you resigned! no way? FANCY's new series is all counting on you!"

"isn't it? FANCY's chief designer was so anxious that he had been asking chief sheng for her every day! hurry back to the company and come to work!"

luo chenxi had an apologetic expression on her face. "well ... i'm really sorry. i have some matters to settle at home so i won't be able to go back to work for the time being." also, i might be building my own brand in the future, so i might not return to SL holdings."

Andy frowned. "what? you're not going back to SL holdings? how could he do that? it's a loss for the company without an outstanding designer like you!"

huang jie added, "you'll be building your own brand, and you'll be a senior designer at SL holdings. these two things won't conflict with each other, and you'll be able to take care of both at the same time!" you can't leave the company just because of this!"

the two of them began to persuade each other.

it made luo chenxi feel rather guilty.

after all, she had just taken over a new series and had resigned before she could produce any results.

this was indeed very irresponsible behavior.

the three of them were chatting in full swing, and the onlookers not far away were already stunned by this scene.

Chapter 618: wasn't she a scammer who used the SL group's name to swindle people outside?

some of them even dropped their chopsticks.

everyone looked at each other.

"what ... what's going on?"

" it seems like luo chenxi is really ... really acquainted with teacher Andy and the rest?! "

"this ... this is too magical, right? how could this be?"

"wait a minute. i clearly heard teacher Andy say that he has never heard of luo chenxi's name. why was he so close to luo chenxi in the blink of an eye? am i hallucinating? or did teacher Andy get the wrong person?"

lu yajing also thought of this, so she quickly stepped forward and interrupted the conversation between the three.

"uh ... that ... teacher Andy, teacher huang, i'm sorry to disturb ..."

huang liang frowned unhappily. " what's wrong? is there something that can't be discussed later? can't you see that we're talking about serious business?"

boxn ov el. c o m

lu yajing choked and her eyes widened.

huang luan had actually said that she was discussing 'serious matters' with luo chenxi!

that little b * tch who had been expelled by the royal academy of fine arts, how could she have the right to talk about serious matters with teacher huang?

she gritted her teeth. " that ... teachers, although it's presumptuous, did you get the wrong person? "

"what wrong person? what are you talking about?" Andy had an astonished expression.

lu yajing braced herself and made it clear, " that's ... this is luo chenxi whom i mentioned earlier. didn't you two say that you don't know her? " did you guys mistake her for someone else?"

both Andy and huang luan were stunned for a second.

"is she the luo chenxi you're talking about?"

lu yajing nodded. she pointed at luo chenxi and said loudly, " that's right, it's her! she's luo chenxi!"

she thought that she had already exposed luo chenxi's true colors.

the two designers would leave with a flick of their sleeves later and luo chenxi would be thoroughly embarrassed.

however, after being stunned for a few seconds, Andy immediately revealed a smile.

"tsk, tsk, so your real name is luo chenxi! this name is really artistic. it's just like the name!"

"if you ask me, isn't your real name pretty good?" huang luan laughed. why did you name it stars?"

luo chenxi smiled and explained,"there was an accident at the time so it wasn't convenient for me to use my real name." besides, as a designer, isn't it better to maintain a little mystery?"

"haha, your way of thinking is the right way!" Andy laughed out loud. " a kid like huang luan who uses his real name for his designs is too boring. i don't like that part of him the most! "

"what boring? this is called reality!"

the two designers did not fall out with luo chenxi. on the contrary, they chatted even more fervently with her.

lu yajing was dumbfounded.

the three of them quickly changed the topic from name to design.

Andy and huang luan invited luo chenxi over to their table to admire their newly-drawn design drafts.

lu yajing quickly caught up to luo chenxi when she noticed that she was about to leave.

" wait, teachers, you've really been deceived ... "

"what scammed? we didn't understand the situation just now! this miss luo is, of course, a designer of our SL group. she's also the youngest and most promising senior designer! it's just that she's using xing chen as her alias in SL holdings, so we didn't react in time."

she kept pestering Andy until he became impatient. he simply turned around and explained.

"what?" lu yajing was extremely shocked. " she ... isn't she a scammer who swindles people under the name of SL holdings? "

Chapter 619: do you even understand xingchen's design?

huang liang narrowed her eyes and glared at lu yajing coldly.

“i think you’re the strange one. Andy has already made it clear, yet you’re still pestering me. what are your intentions?”

“i ... i’m useless ...”

lu yajing shook her head desperately to defend herself. “ but luo chenxi just graduated from a diploma mill. with her academic qualifications, she’s not even qualified to be a business assistant in SL holdings. ” how could he be a designer? also, she ... she’s only a few years old. how could she be a senior designer at such a young age?”

huang shuo sneered, “ you can’t do it, but don’t think that others can’t do it! let me tell you, even though xingchen doesn’t have a brilliant academic background, she was the first prize winner of this year’s chinese style competition. the number of votes she received at that time even broke the record of the chinese style competition! she even broke a new sales record on her first day in the company. it’s a miracle!”

” even our design director, chief sheng, praised her as the most talented and promising young designer he had ever seen. she would definitely surpass him in the future! ”

“you’re just a small assistant, what do you know? do you understand the design of stars? he was pointing fingers at her right here? who gave you the courage to do that?”

after huang luan finished speaking, she followed after Andy.

the three of them went to a nearby table to look at the design.

only lu yajing was left, completely stunned.

the expression on his face was extremely stiff, as if he had been struck by lightning.

her lips were pale, and her mouth opened and closed, but she couldn’t make a sound.

huang luan’s words were like resounding slaps, one after another, landing on her face, making loud slapping sounds.

luo chenxi ... was really the designer of SL holdings!

and a senior designer at that!

furthermore, she was the winner of the chinese style competition and had broken the sales record!

[how ... how is this possible?]

lu yajing could not believe that such a thing could happen in the world!

wasn’t that little slut already crippled and unable to turn over a new leaf? didn’t she need to rely on old men to live a good life?

how did she become the genius designer that Andy and huang luan admired so much in the blink of an eye?

the students who were sitting at the side and enjoying the show were also completely stunned by this shocking news.

“i ... i’m not dreaming, right? luo chenxi was actually working in SL holdings! and you’re such an amazing designer!”

“the first prize of the chinese style competition! ‘i watched the competition the other day. the clothes worn by the male supermodel, chen xiluo, were designed by luo chenxi, right? heavens!”

” it turns out that there’s such a great god beside us. we were really blind to not recognize him! ”

” a straight-a student is a straight-a student. luo chenxi is truly amazing. we’re still having a headache over not being able to find a job, but she has already become the core backbone of a large company! ”

teacher meng’s face also showed a smile of approval.

he had not misjudged luo chenxi!

she was still as outstanding as she was in middle school, and she was humble and low-key.

while the students were shocked, they also realized that something was wrong.

” that’s not right. it’s normal that we don’t know about luo chenxi’s recent situation. after all, we haven’t been in contact for a few years. however, how can lu yajing not know about her cousin’s situation? ”

“that’s right! if it wasn’t for lu yajing’s misdirection, i wouldn’t have assumed that luo chenxi has really fallen!”

“lu yajing must have framed luo chenxi on purpose! she’s your cousin, why are you so cruel?”

lu yajing’s face turned green and white, and she was extremely embarrassed!

she had no idea that luo chenxi was actually a designer from SL holdings.

otherwise, she would not have shot herself in the foot!

but now, she had no way of explaining.

at this moment, a series of footsteps approached, and xu yongan’s voice was heard. ” yajing, what are you doing standing here? aren’t you going to treat your middle school classmate to a meal?”

lu yajing immediately calmed down.

xu yongan was here!

this was her biggest bargaining chip.

with a boyfriend like xu yongan, she would definitely marry into a rich family in the future.

no matter how outstanding luo chenxi was in her work, she was only a designer. she would not be able to earn a fraction of the xu family’s assets in her lifetime.

how could he be compared to her?

sure enough, the students who were still talking immediately shut up when they saw xu yongan.

Chapter 620: what kind of incense did lu yajing burn?

the xu family was definitely one of the top wealthy families in B city.

especially since xu yongan's father had been promoted, his family status had also been rising.

it was completely different from the lu family that had already lost power.

therefore, the onlookers dared to laugh at lu yajing, but they would never dare to offend xu yongan.

lu yajing got up excitedly, walked over, and politely pulled xu yongan over.

"teacher meng, this is my boyfriend, xu yongan. he also graduated from junior high school, but he's one year older than us. you might have seen him before."

teacher meng nodded. "i know. it's xu yongan. he was very famous in school. not only did he have good grades, but he was also good at sports. he was also very popular with girls. i have an impression. lil 'xu, thank you for treating me to my birthday today."

xu yongan had a good upbringing. when he heard this, he said very politely, "teacher meng, you're too polite. this is what we juniors should do. you've always taken good care of ya jing, so i should thank you on her behalf!"

upon hearing this, the students were all envious.

"xu yongan is so good to lu yajing!"

"yeah, i'm so envious. third young master xu is the standard young master of a rich family, but he is so considerate to lu yajing. lu yajing must be very grateful!"

"in comparison, lu yajing is more fortunate to have a boyfriend to pamper her. even though luo chenxi is highly regarded in SL holdings, what's so good about her when she's under so much work pressure?"

xu yongan sat down at the main table.

he immediately became the focus of everyone's attention.

there were too many people who wanted to suck up to third young master xu, and many students even came over to propose a toast to him.

lu yajing sat next to xu yongan, and her social status skyrocketed immediately, becoming the object of the students' desire to curry favor.

the people who had just criticized lu yajing were now nervous.

lu yajing was very proud of herself.

when xu yongan was still in school, he was the most handsome boy in no. 1 middle school. he was even a top student. even teacher meng remembered him!

having such a boyfriend was even more enviable than having a senior designer from SL holdings!

thinking of this, she turned around.

he noticed that luo chenxi was still discussing the design plan with Andy and huang luan. she was not even looking in his direction.

lu yajing was unwilling to give up, and she was about to go over and call her over.

meanwhile, luo chenxi suddenly said something to Andy. she stood up and walked toward their table.

lu yajing was extremely excited. she took the initiative to call out to her, "cousin, you're finally done talking to teacher Andy. quickly sit down and eat a little more!" you see, my yongan ..."

she had the intention to make luo chenxi envious, jealous, and hateful.

however, luo chenxi interrupted her before she could direct the topic to xu yongan.

"teacher meng, i'm here to apologize to you. i have something urgent to attend to, so i really have to go now. please leave me your contact information, and i'll invite you again next time."

teacher meng did not say anything and readily added her on wechat.

lu yajing was quite dissatisfied. "cousin, what are you doing? why are you leaving so soon? it's a rare occasion for us to gather together, are you that insincere?"

luo chenxi swept her a glance.

"i really have something to do. i have to leave today. how about i treat everyone to a meal next time?"

he was so engrossed in his conversation with Andy and the rest that he forgot to check the time.

looking at it now, half an hour had already passed.

the two at home were probably angry ...
