

Sweetheart 631

Chapter 631: she didn't even know who the father of the child was

mu yichen's expression darkened instantly upon hearing that.

he remembered that at the mayor's charity dinner, this little woman had once donated the butterfly brooch he had given her.

at that time, he was too worried to be angry.

now that he thought about it, this little woman was too bold!

he should have tied her up on the bed for a few more days.

seven days and seven nights were simply not enough!

luo chenxi blurted that out earlier. she realized that she had said the wrong thing when she saw mu yichen's gloomy and cold expression.

she quickly put on a sweet smile and said, "ahem, i was wrong. i was doing charity for my husband that day. i didn't mean to sell it! yes, that's it. hubby, you must understand me very well, right?"

mu yichen glanced at her but did not answer.

boxn ov el. c o m

luo chenxi wiped the cold sweat on her forehead and tried to change the topic.

"um, so ... you're saying that someone else might have given these jewelry to my mommy? she can't bear to sell it?"

mu yichen stared at her nervous little face for a while.

"i didn't say that," she said. "i'm just suggesting a guess. the key is still up to you." think about it carefully, did mother-in-law display anything unusual in the past?"

"this ..."

luo chenxi pondered for a moment.

"by the way, before my mommy adopted me, i think she did have a love history. however, i don't know much about it ..."

mu yichen's expression turned serious. "what do you know? tell me about it first."

luo chenxi thought about it carefully. "hmm ... i heard from others that my mommy was very beautiful and talented when she was young. in addition, my grandfather was the mayor of B city at the time. his family background is considered first-class. therefore, she had many suitors. among them, the most attentive one was the young master of the fu family at that time, and the two of them were even engaged."

“which fu family?” mu yichen frowned.

“which other fu family is there?” luo chenxi asked.

mu yichen was slightly stunned. “ so, you’re saying that mother-in-law’s ex-fiancé is the current president? ”

luo chenxi nodded.

young master mu narrowed his eyes. “ no wonder the lu family has such an attitude towards mother-in-law ... ”

if lu wenjun had not broken off the engagement back then, she would have become the first lady by now.

but now, not only was the president’s son-in-law gone, but he was also suppressed by the fu family.

after old master lu’s death, lu haoxuan’s career was ruined, and he couldn’t get away from this matter.

there was no way the lu family would be willing to accept this.

luo chenxi looked a little dejected. “ i heard that mommy met a man when she was studying abroad in country M. they even got into a relationship. when mommy came back to the country, she found out that she was pregnant. she took the initiative to break off the engagement with the young master of the fu family. ”

mu yichen frowned. “ will the lu family agree to this? ”

“of course i don’t agree! grandpa even interrogated his mother to find out who the man who made her pregnant was. however, mommy said that she had already broken up with him and didn’t want to disturb him, so she was determined not to reveal his identity.”

“ grandpa wanted mommy to abort the baby, but mommy insisted on keeping it. they had a serious argument, and mommy slipped in the winter snow and lost the baby ... ”

luo chenxi paused for a moment when she said this.

at the mention of this topic, she couldn’t help but recall what happened four years ago.

she had a similar experience.

however, at least her mother was pregnant with the child of the man she loved.

and she didn’t even know who the father was ...

Chapter 632: how furious would mu yichen be when he found out the truth? he might even break up with her

mu yichen was unaware of the truth. when he saw her dejected expression, he thought that she was only worried about lu wenjun.

he frowned. “ stupid woman, don’t worry. mother-in-law will definitely be fine. ”

when he saw that the petite woman still had her head lowered, mu yichen stretched out his hand and held her small hand in his palm.

his well-defined hands were hot and filled with a calming power.

however, luo chenxi did not feel at ease because of that. on the contrary, she felt a shiver and fear rising from the bottom of her heart.

recently, she had been too happy.

she was so happy that ... she had almost forgotten that she had such a terrible history.

she was not worthy of a man like mu yichen at all!

mu yichen noticed that luo chenxi's hand was getting colder and colder. it seemed to be trembling slightly.

boxn ov el. c o m

he could not help but frown. he clasped the woman's shoulders and pulled her into his arms.

he whispered in her ear, " what's wrong? why were they trembling? are you feeling cold, and the air conditioner is too low?"

luo chenxi shook her head.

"then ... did you remember how the lu family used to bully you and your mother-in-law? what did they do to you? don't be afraid, tell your hubby, hubby will definitely help you vent your anger! eh? did you hear me?"

the man's deep and sexy voice rang out continuously.

luo chenxi had the urge to cry at once.

in reality, she was well aware that she could not hide the incident from four years ago. mu yichen would find out about it sooner or later.

moreover, the two of them were already in a relationship to this extent. she should have taken the initiative to confess her past long ago.

however, she could not utter a single word when she thought about how furious mu yichen would be when he found out the truth and how he might even break up with her!

"stupid woman, what's wrong? don't scare me!"

mu yichen had a nervous expression on his face. he lifted her chin and observed the expression on her face closely.

luo chenxi took a deep breath.

"it's ... it's nothing ... i just suddenly thought of mommy and i'm a little worried. where were we just now?"

mu yichen looked at her with a frown. it was apparent that he did not believe that things would be so simple.

his little woman had a lively personality and it was rare for her to be in such a low mood.

the last time she was like this was the night before she was about to switch places with luo chenxin ...

an ominous feeling arose in mu yichen's heart when he thought about this.

"stupid woman, what are you ..."

"right, i remember now!" luo chenxi quickly interrupted him, " they're talking about how mommy wanted to give birth to her boyfriend's child. in the end ... uh, in short, mommy was so upset that she even got depression because of this incident. " she adopted me from the orphanage to soothe the pain in her heart."

"that's all i know."

mu yichen pursed his lips but did not speak.

luo chenxi waited for a while before she tugged at his sleeve and urged him, " "how is it? did you manage to analyze anything?"

a cold, dark light flashed past mu yichen's eyes that were as deep as ink.

the little woman, who was still trembling just now, recovered in an instant.

the way she blinked her big eyes and acted cute was no different from usual.

but her pale expression just now still remained in his heart.

she ... what was she thinking?

"mu yichen! why are you in a daze?" luo chenxi glared at him as if she was getting a little impatient.

mu yichen then spoke, " judging from what you've said, mother-in-law didn't sell these jewelries. there must be both reasons. she didn't dare to sell them, but she couldn't bear to do so either. "

Chapter 633: it seemed that her man's identity was not ordinary ...

"it's impossible for these jewelry to appear out of thin air. there's a 90% chance that they were given to her by her ex-boyfriend. and to be able to order so many expensive jewelry, the other party's identity must be extraordinary. mother-in-law most likely doesn't want the other party to find her. "

luo chenxi frowned. " but why doesn't mommy want to look for him? " she's pregnant with the other party's child!"

"i can't guess that. there are too many possible reasons." take a look again. other than the jewelry, are there any other clues in the safe?"

luo chenxi nodded. she took out the jewelry from the safe one by one and placed them on the table carefully.

when the box was almost empty, he found a small ring in the innermost position.

“this is it!”

luo chenxi had a joyous expression on her face. she pinched the ring and observed it under the light.

“the outer ring of the ring is engraved with a special totem, and the inner ring seems to have a few letters, KS ... this doesn't look like my mommy's initials. don't tell me it belongs to that man?”

“let me take a look!”

boxn ov el. c o m

upon hearing that, luo chenxi immediately handed the ring to him.

mu yichen flipped through it carefully. his expression gradually turned solemn.

luo chenxi noticed that his expression was off. she asked in puzzlement, “what's wrong? is there something wrong with this ring?”

“if i'm not wrong, this ring should be from an ancient european aristocratic family. it's not something your mommy can get her hands on. it seems that her man's identity is not ordinary ...”

“do you know the background of the person who abducted my mommy now?” luo chenxi asked.

mu yichen nodded. “i have some guesses, but i'll need to verify them. this ring ... is it convenient for you to give it to me?”

luo chenxi nodded without the slightest hesitation. “of course!”

“good girl.”

mu yichen's face finally cracked into a smile when he saw that his little woman trusted him so wholeheartedly.

luo chenxi continued to rummage through the items in the safe.

soon, he found a pair of wooden dolls.

this pair of dolls was a boy and a girl. the workmanship was very exquisite, the colors were bright, and the carvings were vivid.

it could be seen that the girl was sculpted according to lu wenjun's appearance, while the boy ...

mu yichen furrowed his brows slightly. “why did you break this doll?”

“this ... i seem to have an impression.” luo chenxi recalled, “when i was young, i often saw my mommy taking out this pair of dolls from the safe. i thought that they were some kind of toy so i wanted to ask my mommy for them to play with. however, my mommy refused to give them to me no matter what.”

“once, the safe was not locked, so i took the doll away and hid to play with it. lu yajing saw it. whenever i have something good, she always likes to come and snatch it from me. that time was no exception. in the fight, the boy fell to the ground and broke into two ... when mommy arrived, she was so sad ...”

now that she thought about it, it was most likely a gift from lu wenjun's ex-boyfriend.

she was so sad to see the doll damaged ...

mu yichen hugged her a little tighter when he saw her sad. "you were insensible when you were young. mother-in-law won't blame you. can i have this pair of dolls?"

luo chenxi nodded.

mu yichen put away the doll as well.

the two of them checked the box again, but there were no other clues.

mu yichen rose to his feet and arranged for his men to investigate.

luo chenxi locked the jewelry in the safe again.

just as she was about to get up, her phone suddenly rang.

Chapter 634: now that i know you two are in love, will you let go of the poor single dog?

she picked it up.

the call was from fang ziqian.

"little wei xi, where are you now? why didn't you reply when i sent you wechat messages?"

luo chenxi was stunned for a moment. oh right, i'm busy today and didn't pay attention to wechat. why are you looking for me?"

fang ziqian stammered when she heard this.

"um ... this ... actually, it's nothing much ... i just thought that i haven't seen you in a long time, so i wanted to go to your house to see the little cutie, tang tang ..."

luo chenxi said, 'mu yichen, tang tang, and i are all in B city. i'm going back to the lu residence to get something. let's meet again when we get back!"

"ah? you're not in T city?"

her tone was instantly disappointed.

boxn ov el. c o m

luo chenxi felt that she was acting a little strange today. 'little qianqian, are you alright? did you run into some trouble?"

"no... i did not! what trouble can i have!"

fang ziqian replied quickly.

"but ..."

luo chenxi was about to ask further when fang ziqian suddenly spoke again.

“right, i remember now! we haven’t been to the orphanage for a few years. since i’m on leave tomorrow, i’ll go back to B city too. we’ll go to the orphanage to see the dean tomorrow.”

luo chenxi agreed to it after thinking about it.

.....

the next afternoon, fang ziqian arrived on time.

when she saw the little dumpling, her eyes lit up. “tang tang, do you still remember aunt fang?”

the little dumpling was in luo chenxi’s arms. she tilted her head and smiled sweetly at fang ziqian. “aunt fang smells nice ~”

she leaned over and kissed fang ziqian on the cheek.

fang ziqian was excited. “tang tang is so cute! little wei xi, i really envy you!”

luo chenxi felt proud of herself as she looked at the adorable little dumpling.

“of course, who’s little princess is she! however, you don’t have to be too envious of me. isn’t it easy to have a daughter? hurry up and find a man to give birth to one!”

“give birth to one? it’s not as easy as you make it out to be!” fang ziqian teased xiao tuanzi as she said, “to give birth to such a beautiful and cute daughter, both parents’ genes must be especially good! if you’re good-looking, you must have a high iq too!”

luo chenxi smiled. “ your genes are already good enough. you’ll be fine after you find another man of excellent quality. ”

fang ziqian’s face was bitter. “ stop it! i’m working overtime every day, where would i find the time to look for a man?”

luo chenxi blinked and said on purpose, “ then ... there’s no need to seek something far away, right? i think second young master bai’s genes are definitely not bad. he completely meets your requirements of having a good face and high iq. won’t you consider it?”

fang ziqian was obviously taken aback.

immediately after, his face revealed an extremely frightened expression.

“pei pei pei! don’t say such unlucky words, okay? who would want to consider such a fickle and perverted stinky man? i don’t even want it for free, okay? who ... who would want to have a daughter with him?”

luo chenxi stared at her for a while.

she noticed that fang ziqian’s face was blushing, and he didn’t even dare to look her in the eye.

tsk, tsk, this ... there’s a situation!

she knew that the photo she had seen on weibo the other day was definitely her little qianqian!

“didn’t you say we’re going to the orphanage together?” asked fang ziqian uncomfortably. when do you plan to leave?”

luo chenxi retracted her gaze and stood up. “ i’ll have to let mu yichen know first. otherwise, he’ll get angry. ”

“ ... now that i know you two are in love, can you let go of this poor single dog? ”

fang ziqian retorted.

at the same time, he secretly heaved a sigh of relief.

she had already come to B city to hide, so that bai guy should be unable to do anything to her, right?

Chapter 635: B city doesn’t have a top-class wealthy family like the mu family

mu yichen had some work to do at the last minute, so he could not leave at the moment.

luo chenxi carried the little dumpling in her arms and brought fang ziqian along with her to B city’s children’s welfare institute.

this welfare institute was located in a remote suburbs, and the surrounding environment was even more dilapidated than when they had left.

luo chenxi noticed that and shook her head in secret.

“has the welfare institute been doing well in recent years?”

fang ziqian nodded. “ that’s right. in fact, it’s not just the past few years. the welfare institute has been in a slump for a long time. ever since the red cross society’s scandal broke out, fewer and fewer people were willing to donate to charity. B city doesn’t have an elite family like the mu family to donate a huge sum of money every year. i heard that the welfare institute is on the verge of closing down.”

luo chenxi could not help frowning. “ aren’t you going to think of a way, dean lin? ”

director lin of B city’s welfare institute had become the director when she was very young.

he was very kind and loving.

boxn ov el. c o m

it was all thanks to dean lin’s help that luo chenxi was adopted by the lu family and that fang ziqian was able to raise her tuition fees to study at the top prestigious school in sino nation.

“ director lin really wants to continue running the welfare institute, but she can’t solve the financial problems by herself. ”

luo chenxi pursed her lips but did not speak.

when they arrived at the entrance of the welfare institute, they realized that the situation inside was worse than they had imagined.

it was obvious that the house had been in disrepair for a long time, and some parts of the wall had even begun to peel off.

the yard was overgrown with weeds.

however, as soon as they entered the house, they heard the sound of laughter coming from the courtyard.

a few nuns were playing games with a group of children, ranging from three to eight years old.

the little dumpling was excited to see so many children.

she stomped her short little legs in an attempt to get down from luo chenxi's arms so that she could play with them.

"tang tang, be careful. don't be so anxious."

luo chenxi bent over and put the little dumpling down.

as soon as the little dumpling's feet touched the ground, it couldn't wait to run toward the crowd.

when the nuns saw a super cute little princess suddenly appear, they were all stunned for a moment and turned to look at the door.

"you guys are ..."

luo chenxi smiled. "sisters, don't you recognize us? i'm luo chenxi! i've come back with fang ziqian to see you guys."

the nuns were all pleasantly surprised.

he came over to greet the two of them.

everyone was overjoyed when they heard that luo chenxi and fang ziqian were both successful in their careers.

luo chenxi looked left and right before she asked in puzzlement, "by the way, where's dean lin? why don't i see her?"

the nun hesitated. "this ... chenxi, if dean lin knows that you're here, he'll definitely be very happy. she was still talking about you a while ago! however, she has something important to do today, so she can't leave."

luo chenxi frowned in puzzlement. "what's wrong? did the welfare institute run into some trouble?"

the nuns looked at each other and lowered their voices.

"ai, after all is said and done, isn't it just a matter of money? you've seen the situation in the welfare institute. to maintain normal operations, the annual cost would be between three to five million, and that doesn't include the cost of repairing the dilapidated buildings."

"there are so few people donating now, where can we get the money?"

“that’s right. also, there’s a developer who’s interested in our land recently, hoping to buy the orphanage. of course, we can’t agree to it. the other party always sends some local ruffians to cause trouble at the welfare institute, and today they came again!”

before he could finish, a loud noise came from the second floor.

Chapter 636: play with us for a night, and everything can be discussed

luo chenxi’s expression changed. she pulled fang ziqian along and ran upstairs in a hurry.

“sisters, please help me take care of tang tang.”

the nuns couldn’t stop him in time, and their faces all changed.

“chenxi, chenxi! hurry up and come back! what are you trying to do?”

” didn’t i say that these people are all local ruffians and hoodlums? they call for a fight and kill at any time. it’s very dangerous! ”

“yes, chenxi, come back quickly. these people only recognize money!”

luo chenxi said without turning her head.

“it’s fine. problems that can be solved with money are not problems!”

while everyone was still in a daze, she had already rushed into the director’s office.

boxn ov el. c o m

luo chenxi’s eyes widened abruptly as soon as she entered the room. she was stunned on the spot.

the scene in front of her was beyond her imagination.

three fierce-looking hooligans were surrounding dean lin.

dean lin was forced to kneel on the ground, and one of the hooligans even stepped on her face.

a strange voice came out of his mouth,”dean lin, you’re refusing a toast only to drink a forfeit! our boss told you to move out of here immediately, but you didn’t listen. you only know what we’re capable of when we’re serious.”

dean lin’s face was flushed red, and he was almost out of breath.

“you ... you bunch of scum! i said i won’t move! this is the home of so many children in our welfare institute! where else can i move to? what are these children going to do in the future?”

the hooligan sneered. ” where they move to is none of our business! how can we care about the life and death of so many little b * stards? all i know is that this land is now our boss’s, and all the formalities have been completed. if you don’t leave, we’ll make a move on those little brats next time!”

“what? you ... you’re actually going to hit a child! he’s simply inhumane!”

dean lin was so angry that he wanted to jump up and resist.

however, the brawler kicked dean lin right in the heart.

her vision went black, and she almost fainted on the spot from the pain.

“lin, today you ...”

“stop! let go of dean lin!”

just then, an angry voice came from the door and interrupted the hooligan’s threat.

the brawler turned around and almost laughed out loud.

“where ... where did this little beauty come from? she’s quite pretty, could she be from this orphanage?”

“the” stop “just now, it wasn’t you guys, right? you think you can interfere with our boss’s business? he’s simply too audacious!”

“if you really want to take care of this, it’s easy. you just have to play with us for a night and everything can be discussed. since you’re so kind, it’s no big deal to sacrifice a little for this welfare institute, right?”

when they heard that someone had suddenly barged in, the gangsters were a little guilty at first.

when they saw clearly that the people who came were only two great beauties with first-class figures and looks, the hooligans were immediately relieved, and their words became even more presumptuous.

he even teased the two of them.

luo chenxi’s expression changed drastically upon hearing that. “ i’m warning you for the last time. let go of dean lin, do you hear me?! ”

dean lin also recognized the two of them, and his eyes were full of panic.

“chen ... chenxi, and ... ziqian! why are you here today? you guys, get out, quickly! the matters here are not something you can manage! this group of people are real scumbags, they can do anything!”

Chapter 637: why are you so scared after being arrogant for less than a second?

however, it was too late.

evil thoughts arose in the hooligans ‘minds when they saw the two beauties, luo chenxi and fang ziqian.

other than the person who stepped on dean lin, the other two people walked towards them with evil smiles.

“how is it? little beauty? have you thought about it? it’s not easy to save your dean lin, but it’s not difficult either!”

“come over quickly and let us have some fun! or else ...”

the leader suddenly kicked dean lin again.

luo chenxi could not hold it in any longer when she heard dean lin’s cry of pain. she raised her leg and gave a push and kick. her knee suddenly collided with one of the hooligans ‘chest and abdomen.

her kick was ruthless and accurate, and it was unexpected.

two of his ribs were broken on the spot.

boxn ov el. c o m

the hooligan clutched his chest and fell to the ground.

luo chenxi did not stop at all. she immediately kicked another hooligan.

the three hooligans were stunned.

no one would have thought that such a gentle and sweet girl would suddenly burst out and beat someone up. furthermore, her actual combat ability was so strong. each move was sharper and more vicious than the last.

even those who were in the real underworld did not have such swift and fierce skills as her.

the few hooligans were caught off guard and were soon knocked down one by one by luo chenxi.

he had either broken an arm or a leg.

he had been arrogant just a moment ago, but now, he was completely silent.

luo chenxi sneered coldly. you dare to be so arrogant with your little abilities? hurry up and get lost!"

the hooligans had been beaten black and blue, so how could they still dare to resist?

however, it was too embarrassing to be beaten up by a young and beautiful girl like this.

they were not willing to leave like this.

the leader spat, " you ... don't think that you're so great just because you know how to fight? let me tell you, our boss has eyes and ears everywhere, even the chief of the police station is his brother. just you wait, you're definitely dead!"

the few of them cursed and limped away.

fang ziqian was dumbfounded by the scene and only came back to her senses now.

"little wei xi, you ... you're fighting again! didn't young master mu say that you're not allowed to fight with anyone anymore?"

"uh, this ..."

luo chenxi suddenly came to her senses and felt embarrassed at once.

"i don't want to fight either. however, these three scumbags were so infuriating that they dared to bully dean lin! if i don't beat them up, i won't be able to take it! even if mu yichen was here, i'd still beat them up!"

she puffed out her chest with a righteous look on her face.

then, the atmosphere suddenly changed. he put his hands together and blinked at fang ziqian.

“anyway, you’re the only one who saw me fighting earlier. as long as you don’t tell me, how could mu yichen possibly know? little qianqian, you’re definitely on my side, aren’t you?”

the corner of fang ziqian’s mouth twitched. ” i thought you weren’t afraid of young master mu’s anger. ”
why did he cower after being arrogant for less than a second?

” chenxi, ziqian, you ... you just ... ”

at this moment, dean lin got up from the ground with difficulty and called out to them.

the two of them hurriedly ran over to help her.

luo chenxi said, ’dean lin, how are you? where are they hurt? do you need to go to the hospital?’

“i’m fine, i’m ... i’m not dead yet!” dean lin quickly said. he could get up on his own! sigh, you ... why are you back at this time? chenxi, why ... why are you so impulsive? do you know who you’ve just offended? they will definitely not let you off!”

Chapter 638: no, that’s impossible, that doesn’t exist!

luo chenxi was unconcerned. ” who else could it be? aren’t they just three bastards who bully the weak and fear the strong?”

dean lin’s face was full of anxiety.

“chenxi, you ... you’re still too young. you don’t know that there are all kinds of people in society! the boss behind those hooligans is the tyrant of B city. no one can afford to offend him. otherwise, i would have called the police!”

“now that you’ve beaten them up ... sigh, we’re finished! you’d better hurry back to T city. hurry, leave immediately!”

dean lin was extremely anxious and kept chasing people out.

luo chenxi interrupted her hastily, ” dean lin, don’t worry. it’ll be fine. it’ll definitely be fine. don’t worry!
”

wasn’t he just a profiteer who used his power to bully others?

even if mu yichen was not in B city right now, she was still the adopted daughter of the lu family.

the lu family was still very powerful in B city.

boxn ov el. c o m

in fact, she didn’t want to beat anyone up. she just wanted to use money to solve the crisis of the welfare institute.

whoever knew that those three hooligans would actually insult him like this.

she couldn’t just watch dean lin get bullied by them.

“dean lin, you really don’t have to worry,” fang ziqian said. why don’t you tell us what kind of trouble the welfare institute is in? it shouldn’t be the first time that those scumbags have come here, right?”

seeing that they refused to leave, dean lin couldn’t help but sigh.

“sigh, you guys ... are really ... alright, then i’ll tell you. after you hear it, you should leave! this matter ... you guys can’t do anything about it!”

luo chenxi did not nod nor agree. she only said, “alright, then please tell me quickly.”

“to put it simply, the boss of those hooligans has obtained the property rights of our land and wants to build a resort here. he wants us to move out as soon as possible,” said dean lin. however, we have so many children and we can’t move them away. so, they come here every day to cause trouble.”

“actually, i don’t care how they treat me. i’m just afraid that they’ll hurt the children ...”

luo chenxi frowned. “but, how did the boss get his hands on this piece of land? ” doesn’t this land belong to the welfare institute?”

dean lin shook his head. “ we don’t have the property rights. this land originally belonged to the city hall and was given to us to run. ”

“the land of the city hall ...”

luo chenxi seemed to be deep in thought.

although dean lin did not say it clearly, the behind-the-scenes boss must have connections in the city hall.

with such a strong backing, it was no wonder he dared to be so arrogant.

“do you understand now?” dean lin asked. you two are young and have a bright future. there’s no need for you to get involved in this kind of thing. hurry back to T city!”

“but, what will you do if we go back? what’s going to happen to the welfare institute in the future?”

“then ... there’s always a way. i’m also looking for people to pull some strings ...”

luo chenxi looked at dean lin’s evasive gaze and shook her head. “ dean lin, don’t lie to me. what can you do? i’ll think of a way!”

“you?”

luo chenxi nodded. “ i’ll go make a call. ”

she called mu yichen immediately after she left the director’s office.

he then explained the situation that he had just encountered.

of course, he cleverly concealed the fact that he had personally beaten someone up.

mu yichen was silent for a moment after he heard that.

“so, you didn’t hit anyone, right?”

luo chenxi laughed dryly. " why would i hit someone? hubby, you're overthinking. i'm so weak! hit someone? it can't be, it's impossible, it doesn't exist!"

Chapter 639: police uncle, it's this person!

the other end of the phone was silent for a few seconds.

luo chenxi thought that the signal was bad and found it rather odd.

mu yichen suddenly said, " that's good. alright, i know about this. i'll deal with it. just wait for me there. by the way, is fang ziqian with you now?"

luo chenxi was stunned for a moment. " yes, that's right. "

why did he suddenly think of her little qianqian?

"okay," mu yichen replied,"i got it. wait for me. i'll be there soon."

luo chenxi hung up the phone.

she made a "V" sign at fang ziqian and dean lin, who were looking at her with anticipation.

"alright, it's done!"

dean lin didn't believe that things would be so easy, and he was still worried.

"chenxi, who did you contact? it's better not to drag him down with us, there's definitely no way ..."

at this moment, a police siren was heard from outside.

luo chenxi and the rest were stunned.

not long after, the three ruffians with swollen faces barged in with a few people in police uniforms.

he pointed at luo chenxi and shouted loudly as soon as he entered the room.

"officers, that's her! the one who hit him just now was this brat! quickly, arrest them!"

the team leader walked into the room in an aggressive manner. he was stunned for a moment when he saw luo chenxi.

"what? did you get the wrong person? she was the one who hit him? such a delicate little girl, how could she hit people?"

the hooligan was sweating profusely. " it's really her! i'll recognize her even if she turns into ashes! " there's no mistake, officer! don't be fooled by this wretched girl's appearance, she's actually ruthless! you even knowingly broke the law and deliberately beat us good people!"

luo chenxi was so angry that she almost laughed. " the few of you ... have the nerve to say that you're good people? "

the hooligan glared at her and said fiercely, "wretched girl, don't be so smug. you're dead for sure today!"

the captain was still in disbelief.

however, they had already gained the benefits of the behind-the-scenes boss, so it was the same whether it was true or not.

"come with us!"

the police officers walked toward luo chenxi in an attempt to arrest her.

dean lin immediately dashed out and blocked luo chenxi's path.

he pleaded in a low voice, "officers, this ... this has nothing to do with chenxi. it's all my fault!" i'm the director of the welfare institute. if you need anything, just look for me!"

"get out of my way!" the police officer pushed dean lin without any restraint.

upon seeing that, luo chenxi hastily pulled dean lin and pulled her behind him.

"dean lin, don't be like this. i'm fine. they won't dare to do anything to me."

"but, chenxi ..."

luo chenxi turned around immediately to face the police officers.

"you want to arrest me? may i ask what crime i have committed? do you have evidence that i deliberately hurt people? are we just going to listen to their one-sided story?"

"cut the crap," the captain sneered, "i've seen too many people like you! regardless of whether you've hurt anyone or not, come with us to the police station to cooperate with the investigation! take these two women away with you!"

a few people stepped forward and took out handcuffs without any explanation.

luo chenxi took a step back. she was in a dilemma.

'why hasn't mu yichen arrived yet?'

in the current situation, she couldn't attack the police unless she had no other choice, right?

did he really have to make a trip with these people?

however, the other party clearly did not have good intentions ...

just as she was hesitating, the door to the director's office was kicked open.

"stop!"

a stern shout rang out.

luo chenxi thought that mu yichen had arrived, so she turned around hastily.

then, he was stunned.

Chapter 640: i think ... you're the ones who's miserable!

it was not young master mu, but second young master bai!

on top of that, bai shixun's handsome face was filled with anxiety and anger.

it was completely different from his usual nonchalant appearance.

luo chenxi blinked her eyes in astonishment.

"second young master bai, what are you doing here ..."

before he could finish his sentence, bai shixun had already strode in with his long legs.

moreover, he completely ignored luo chenxi who greeted him. he rushed to fang ziqian and grabbed her hand anxiously.

"qianqian, how are you? are you hurt?"

fang ziqian pulled her hand back awkwardly. "you ... what are you doing? let me go, quickly let me go!"

however, bai shixun refused to let go.

his slender and powerful palm firmly grabbed her wrist and pulled her to his side.

fang ziqian's face turned red immediately. she could not help but clench her teeth. "bai shixun, are you deaf? i told you to let go of me, didn't you hear me?"

"no, i won't let go! hit me if you can!" seeing that she was safe and sound, bai shixun's lips curved into an evil smile again.

luo chenxi looked at the two of them in bewilderment. she was at a loss for words.

"who are you? we are the police on duty, get out of the way! otherwise, i'll arrest you as well!"

the police had been intimidated by bai shixun's imposing manner and did not dare to make a move.

when he came back to his senses, he immediately started cursing.

bai shixun finally let go of fang ziqian and turned around. his cold gaze swept across the few policemen and the hooligans.

the cold and powerful aura of a wealthy family was fully displayed.

he sneered, "executing official duties?" what official business? the welfare institute is now my private property. these three guys dared to come here and beat me up. this is daylight robbery! the police aren't going to arrest them, but my people?"

the captain was stunned.

the hooligan immediately cried out, " what break-in robbery? are you blind? you're the ones who're forcefully occupying private territory! this piece of land doesn't belong to the welfare institute at all. it belongs to our boss! you're illegally occupying it, so it's only right to beat you up!"

"illegal possession? your boss's land?" bai shixun sneered, " hehe, open your dog eyes and take a good look! "

as he spoke, he threw out a document.

luo chenxi leaned over to take a look.

this was actually the certificate of ownership for an entire street in the area where the welfare institute was located!

the red stamp of the city hall was still on it, and the ink had not dried completely.

bai shixun had managed to settle the affairs of the city hall and bought the entire street in such a short time!

luo chenxi was shocked, let alone the others.

the police officers looked at each other, not knowing what to do.

the brawler was stunned for a second before he shouted, " "this ... this must be fake, this kid forged it! our boss spent a lot of effort to get this land. how can we sell it to this kid? it's definitely fake!"

the team leader also reacted. " brat, don't think that you can fool us by forging a document! forging the seal of a state unit is a criminal case! you're done for this time!"

the cold smile on bai shixun's lips deepened. " i think ... you're the ones who are in trouble! "

"you're already at death's door, and you still dare to be stubborn? let's teach him a lesson!"

they took out their electric batons and were about to attack when their phones rang.

the captain picked it up.

immediately after, a look of fear appeared on his face. " chief, why are you calling? what are your orders?"
