

Sweetheart 661

Chapter 661: i'm bad, i don't want daddy!

then, the car door was slammed shut.

the sound of high heels hitting the ground was heard.

zhuo feng looked out of the window and saw the young lady running away with her bag.

mu yichen punched the back of the chair hard.

"dammit! sheng yu, this shit stirrer, clearly can't bear to see me make up with that stupid woman! you even dare to covet my woman, you're simply tired of living!"

his eyes flashed with a cold glint.

he stood up abruptly and got out of the car.

zhuo feng's body trembled and he wanted to get out of the car.

however, mu yichen's sharp eyes swept over her coldly.

boxn ov el. c o m

"why are you getting off the car? don't you have a brain? didn't you see that young lady ran off alone? she was wearing high heels. how could she run all the way home? hurry up and send her off, do you need me to teach you?"

zhuo feng felt that he had been wronged.

just now, when young madam left, the president himself wanted to act cold and aloof, not wanting to make her stay. how did it become his fault as cannon fodder?

besides, it was true that young madam was wearing high heels, but there were so many taxis on the street, could she not call for one? how could he run back on his own?

however, he did not have the courage to explain himself when he saw mu yichen's gloomy expression.

he could only agree to it.

mu yichen's expression did not change for the better when he saw zhuo feng driving away in his car.

"this woman is simply taking advantage of me, isn't she just relying on me to dote on her? this time, i will not give in! this is my bottom line!"

however, young master mu was unaware that luo chenxi had the same thoughts.

zhuo feng quickly caught up to her and invited her into the car.

but he was rejected.

luo chenxi's face was cold. " go back. i won't forgive mu yichen if he doesn't admit his mistake. "

zhuo feng was on the verge of tears.

“young madam, please do us a favor! you know that eldest young master has a tough mouth but a soft heart. can’t you just go along with him a little?”

“this is a matter of principle, we can’t compromise!” luo chenxi was very determined.

as long as it was related to sheng yu, this man would be jealous. he was unreasonable.

even when she explained herself properly, mu yichen acted as if he did not hear her. he was not respecting her at all.

he had even tried to use his body to force her to submit!

zhuo feng wanted to persuade her further, but luo chenxi had already hailed a taxi and left.

that night, mu yichen and luo chenxi started a cold war.

during dinner, the two of them didn’t say a word, nor did they make eye contact.

even xiao tuanzi felt that something was wrong.

after the meal, luo chenxi carried the little dumpling back to the children’s room.

the little dumpling tugged on her sleeve and leaned her head close to her ear. “ big sister, did you quarrel with daddi? ”

luo chenxi hugged the little dumpling. “ tang tang, who are you going to help if the elder sister quarrels with your father? ”

“of course i’ll help big sister! daddi bullied big sister, tang tang helped big sister beat him up!”

xiao tuanzi pouted and waved its little fist in the air.

then, she pounced into luo chenxi’s arms. “ tangtang likes to be provoked by the elder sister the most! i don’t want daddi anymore!”

“that’s right, we don’t want him! hmph!”

luo chenxi kissed the little dumpling’s cheek. “ i only want tangtang! ”

luo chenxi was in a much better mood as she hugged the soft and adorable little dumpling.

she told the little dumpling a story and coaxed her to sleep. then, she laid down on the princess bed.

in the middle of the night, there was a soft “click” at the door.

a tall figure pushed the door open and entered.

Chapter 662: it’s only right and proper to hold your own woman!

mu yichen walked straight to the bed.

with a noble and cold expression, he cast a sidelong glance at the little woman on the bed.

luo chenxi was carrying the little dumpling in her arms. their small faces, one big and one small, were pressed together.

the little dumpling even stretched out her hand and tugged at the pajamas on luo chenxi's chest. she appeared to be completely dependent on her.

initially, mu yichen came with a heart full of anger. he wanted to denounce his crimes, but when he saw his beloved woman and his daughter's sleeping faces, most of his anger was extinguished at once.

he sat down on the edge of the bed and brushed his long and slender fingers across luo chenxi's face. he paused for a moment before he pinched her fair and tender cheeks.

luo chenxi mumbled to herself. she stretched out her hand from under the blanket and slapped away the sleazy hand that was causing trouble.

however, his eyes were still tightly shut.

she turned over, hugged the little dumpling, and continued to sleep.

boxn ov el. c o m

mu yichen suddenly felt a little discontented.

he was so angry with this woman that he couldn't fall asleep, but she was sleeping so soundly, as if the quarrel in the day had no effect on her.

her husband was angry, but she didn't feel sad or scared at all?

thinking of this, young master mu's face sank.

"stupid woman, get up!"

he pressed on luo chenxi's shoulder and shook her a few times.

luo chenxi showed no signs of waking up at all. her back was facing him while she was snoring weakly.

mu yichen gritted his teeth. "stupid woman, get up! don't think i can't tell that you're pretending to be asleep!"

luo chenxi remained still.

"don't think that i can't do anything to you just because you're like this. this is my last warning. get up!" mu yichen said angrily.

the room was silent.

mu yichen squinted his deep, dark eyes.

all of a sudden, he stretched out his hand and lifted a corner of the air-conditioning blanket on luo chenxi.

his large, well-defined hand reached under the blanket and made its way into luo chenxi's pajamas.

in the beginning, luochenxi remained motionless. she was as quiet as an enlarged version of a beautiful doll.

however, as muyichen's movements continued to deepen, her breathing gradually became rapid.

young master mu's eyes flashed with pride.

he simply lifted his long legs and climbed onto the bed. he hugged the little woman's soft body from behind, and his hot breath blew behind her ear.

the tip of his tongue gently licked her earlobe ...

"mm ..."

luochenxi could not help but let out a weak voice.

muyichen gave her a pinch. his voice became even more hoarse. "stupid woman, aren't you going to pretend to be asleep anymore?"

luochenxi gave out a muffled humph. "mu ... muyichen, you've broken the rules! who allowed you to enter? get out!"

"why should we go out? i'm in my own home, it's only right and proper for me to hold my own woman!" young master mu said matter-of-factly.

luochenxi raised her leg in an attempt to kick him off the bed.

however, muyichen was prepared for this. he grabbed her ankle and pulled her back along with the momentum ...

luochenxi was pinned under his body in an extremely embarrassing position.

there was nowhere to run.

luochenxi's heart was thumping wildly when she felt the man's powerful strength and threatening pheromones.

muyichen snorted coldly. "stop struggling. you can't escape. i'm going to teach you the family rules today!" "you're not allowed to make eyes with other men!"

"muyichen, you ... let me go! i've told you, shengyu and i are only in a working relationship!"

"i don't believe it. how could shengyu not have any ulterior motives towards you?"

luochenxi said angrily, "i don't care if you believe me or not. get out!"

"why should i go out?"

muyichen did not budge an inch even after she pushed him a few times.

Chapter 663: why are you making my daughter-in-law angry again?

just as the two of them were in a deadlock, a soft and sweet voice sounded.

" ... big sister?!"

the two adults' bodies instantly stiffened.

they had already forgotten that this was not the master bedroom but the children's room. the little dumpling was sleeping beside them!

mu yichen was already knocked at the moment.

when he suddenly heard the little dumpling's voice, he almost vomited blood on the spot.

on the other hand, luo chenxi was so touched that she almost cried.

the little dumpling was really the cutest little angel in the world. she woke up at the right time!

she quickly turned her head. " tang tang, your father is bullying big sister! "

boxn ov el. c o m

when the little dumpling heard this, he was instantly enraged and his round face immediately puffed up.

he raised his leg and kicked mu yichen. " my daddy is bad! bully big sister, get lost! daddy, go away!"

her strength was limited, so mu yichen was kicked a few times. it did not hurt much, but he felt extremely aggrieved.

was this daughter his biological daughter?

he barely suppressed his anger and reached out to hold the little dumpling down.

however, he was distracted by the little dumpling and couldn't care about the little woman under him.

luo chenxi seized the opportunity when he turned around to push mu yichen aside.

mu yichen was caught off guard. he was pushed off the bed at once.

"clang!" a loud sound was heard.

mu yichen fell to the ground right away. moreover, he fell in a bad position. his expression was contorted as he covered his lower body immediately.

"i'll go!"

luo chenxi knew that something was amiss. after she pushed mu yichen down, she immediately picked up the little dumpling, turned around, and ran away.

"stupid woman, stop right there! did you hear that? if you dare to run, you're finished!"

mu yichen could not get up. he spat out threatening words through the gaps of his teeth.

luo chenxi ran away without looking back.

.....

the next morning, the atmosphere at the dining table was even weirder.

the little dumpling was certain that her father had bullied her big sister, so she ignored him.

her chubby face revealed a rare serious expression and her small mouth was tightly pursed.

her mannerisms were very similar to mu yichen's when he was angry, but she did not inherit any of eldest young master mu's domineering aura. on the contrary, she appeared even cuter.

tan yueru didn't know what was going on, so she looked left and right.

in the end, he put down his chopsticks. " yichen, why did you make my daughter-in-law angry again? " hurry up and apologize!"

mu yichen almost could not catch his breath.

was he really madam tan's son?

could it be a free gift from the top-up call fee?

why did his mother ask him to apologize to luo chenxi without even asking him when he was quarreling with her?

the little dumpling immediately raised her head and chimed in, " yes, daddy is bad. he bullied big sister. apologize! "

mu yichen gritted his teeth.

none of the people in the family were on his side.

ever since the little woman had married into his family, his status in the family had plummeted.

"mom, you don't understand the situation. it's clearly luo chenxi's fault for today's incident. why should i apologize? i'm telling you, yesterday afternoon, she ..."

"shut up! just apologize!"

this time, it was mu yunfeng who interrupted young master mu's explanation!

his dignified face was filled with displeasure. he glared at mu yichen. " how can you speak to your mother like that? if your mom says you're wrong, then you're wrong. if she wants you to apologize, then apologize! your wife is so good to you, and you made her angry, is that even right?"

mu yichen almost vomited blood upon hearing that.

there was simply no way to continue living like this!

his parents ... now that they had a granddaughter-in-law, did that mean that their son was no longer of any use and had been thrown over the wall?

Chapter 664: she would never allow anyone to slander her man!

mu yichen was still depressed.

luo chenxi had already finished her breakfast and stood up.

“dad, mom, i’m going back to work at SL holdings from today onwards. i can’t be late on the first day, so i’ll be leaving first.”

“good, good, good. you’ve worked hard, daughter-in-law.”

“don’t bother with the brat, just do what you need to do!”

the family sent luo chenxi off joyfully.

none of them took mu yichen’s objection seriously.

he got up and chased after her, but luo chenxi had already gotten into the car driven by the driver, old liu, and left cloud lake court.

.....

boxn ov el. c o m

the first thing luo chenxi did when she arrived at SL holdings was to report to sheng yu’s office.

sheng yu looked at her deeply and did not say anything. he only asked her to go to FADE’s design department and resume work immediately.

luo chenxi felt extremely guilty knowing that she had delayed the brand’s new product launch. she dared not delay any further. she turned around and was about to leave.

“wait!”

sheng yu suddenly called out to her.

“i’ll treat you to lunch this afternoon. i have something to ask you.”

luo chenxi was stunned for a moment before she nodded in agreement.

she was so busy the whole morning that she didn’t even have the time to sit down and drink water.

it was only when sheng yu called to rush her that she realized it was already one o’clock in the afternoon. she had almost missed lunch.

luo chenxi went downstairs in a hurry to look for sheng yu.

the place they were meeting at was not remote. it was a western restaurant opposite SL holdings.

the restaurant was very famous, and the prices were shockingly high. however, it was nothing to third young master sheng and young mistress mu.

sheng yu stared at luo chenxi who was sitting opposite him for a while.

he saw that her face was ruddy and there was a smile on her lips. she looked like a happy little woman.

the sadness in his eyes disappeared in an instant.

“it’s too difficult to treat young mistress mu to a meal. when you return to the mu family, forget all the words you said you wanted to thank me!”

luo chenxi felt a little guilty upon hearing that. she quickly said, "there's no such thing! chief sheng, i've always wanted to find a chance to thank you properly, but ..."

"but what? mu yichen doesn't allow you to meet me?"

"this ..."

luo chenxi was embarrassed for a moment.

sheng yu, on the other hand, had an indifferent expression on his face. "if it wasn't for that, mu yichen wouldn't have hung up on me yesterday."

"uh, he's too jealous. if he offended you in any way, i'll apologize on his behalf. please don't mind."

upon hearing this, sheng yu suddenly stopped brewing tea. he took a glance at luo chenxi.

she spoke again with a rather complicated tone, "luo chenxi, the way you speak is very similar to mrs. mu ..."

only a couple with a good relationship would say such words of apology on behalf of each other.

he did not wait for luo chenxi's reply before he continued, "but are you really happy now? yesterday, from young master mu's tone, he seems to be very strict with you, right? he would be unhappy if you said a few words to me. moreover, i've also heard that he's cold and has a venomous tongue, and his methods are swift and fierce."

"putting aside his looks and wealth, are you really happy to be with such a man?"

luo chenxi had a smile on her face in the beginning.

however, her expression darkened as she heard the last part.

"chief sheng, mu yichen and i are very close! he's not like what you said. no matter what he looks like to others, in my heart, he's definitely the best man in the world. even if you're jealous, it's a sign that you love me!"

there was a faint hint of anger in luo chenxi's words.

no matter how bad things got between her and mu yichen, it was their business.

she would never allow anyone to slander her man!

even if sheng yu was her savior ... she would not allow it!

Chapter 665: you will break up sooner or later!

sheng yu's face stiffened.

then, he frowned.

he was only testing the waters initially. he did not expect that he would trigger such a huge reaction from luo chenxi.

after all, everyone in the entire sino nation knew about mu yichen's swift and decisive style.

in addition, mu yichen's personality was cold and stern. he did not care about women at all. when sheng yu came into contact with mu yichen a few times, he saw mu yichen strictly controlling luo chenxi and losing his temper at the slightest provocation.

in sheng yu's opinion, a talented and independent woman like luo chenxi would most likely not be able to accept a man with such a personality.

even if they seemed to have a good relationship on the surface, it was impossible for them to not have any complaints in their hearts.

who would have known that luo chenxi would defend mu yichen in such a manner!

luo chenxi took a deep breath and stood up. " chief sheng, if that's the only reason you asked me to come here today, then there's no need for me to continue listening to you. "

boxn ov el. c o m

sheng yu quickly got up and grabbed her wrist. " wait, chenxi, don't be so agitated. i don't have any other intentions, it's just ... "

before he could finish, he heard a stern shout from the door.

"sheng yu, what are you doing? quickly let go of my wife!"

both of them were stunned when they heard the familiar deep male voice.

she turned around to see mu yichen striding into the western restaurant from the entrance.

the dark-colored suit fitted him exquisitely, making him look even taller and straighter.

his handsome and perfect side profile had a tight arc, and his eyes were filled with anger that could not be concealed.

he took a few steps to sheng yu and threw a punch at his stomach.

sheng yu had never expected mu yichen to hit him without saying a word.

even though he reacted quickly and tried to dodge the attack, he was still a step too late. he was punched by mu yichen ferociously.

she lost her balance and took a few steps back.

he was forced to let go of luo chenxi's wrist.

mu yichen immediately clasped luo chenxi's waist and quickly tightened his grip. he pulled her into his arms.

sheng xiao clutched his stomach, his face dark and unpredictable. " mu yichen! you ... why are you here?"

mu yichen sneered. " sheng yu, i should be the one asking you that, right? i remember that i've warned you several times not to covet my woman! did you just turn a deaf ear to it?"

his eyes were cold and full of warning.

he hugged luo chenxi tightly in a manner that was filled with possessiveness, arrogance, and overbearingness.

sheng yu looked at him and felt a strong sense of unwillingness in his heart.

it was impossible for mu yichen to learn to be gentle and considerate with his domineering personality.

moreover, young master mu didn't support her career. he obviously only treated her as a plaything.

how could luo chenxi possibly have a good life?

she was just mesmerized by young master mu's handsome face!

on the other hand, he ... was clearly more suitable for luo chenxi, yet mu yichen had taken the initiative and occupied luo chenxi's heart ...

at the thought of this, sheng yu could not help but say, "mu yichen, you're so arrogant and despotic, yet you're interfering with chenxi's normal work. you don't respect her at all. she'll see your true colors one day, and you'll break up with her sooner or later!"

"shut up! are you trying to curse me to break up with chenxi? i think you're clearly looking for death!"

mu yichen was infuriated by his words. he squinted his eyes and the corners of his lips cracked into a cold smile.

luo chenxi could tell that it was his reaction in a fit of rage. she quickly stretched out her hands and hugged his waist.

"mu yichen, you ... calm down! if you fight here, you'll definitely make the headlines tomorrow!"

Chapter 666: so ... i'm your type?

the business of this western restaurant was very good. during lunch time, the restaurant was almost full.

mu yichen and sheng yu were both public figures, so they were rather conspicuous.

luo chenxi had already noticed that someone was holding a cell phone and snapping photos in their direction.

mu yichen's entire body tensed up. "if it's going to make the headlines, then so be it!"

"no... no way! luo chenxi will definitely see it if it's on the headlines!" luo chenxi said hastily.

upon hearing this, mu yichen was stunned for a moment before he calmed down at once.

luo chenxi continued, "besides, will we really break up just because someone curses us to?" unless& ... you've long wanted to break up with me ..."

"you're dreaming!" mu yichen tightened his arms and hugged the petite woman in his arms even more tightly. he lowered his head and met her big, bright, and moist eyes. "i'll never break up with you. it's

possible in this lifetime! even if you're not satisfied with my personality, don't even think about shaking me off!"

"when did i say i was going to get rid of you ..."

boxn ov el. c o m

luo chenxi was about to say something when mu yichen grabbed her wrist and pulled her out of the western restaurant.

mu yichen brought her to the parking lot.

luo chenxi walked to the familiar sports car and was about to get into the car when someone suddenly grabbed her waist and lifted her up. her feet were off the ground.

by the time she reacted, she was already pressed against the hood of the sports car.

mu yichen's handsome and sharp features were right before her eyes.

he placed one hand on the hood of the car and looked down from above. he completely enveloped luo chenxi's figure under his body.

"stupid woman, don't you think so too?"

this question had no beginning or end.

luo chenxi had a confused expression on her face. what?"

mu yichen pursed the corners of his lips. " do you also think that i'm disrespecting you by interfering in your career? "

"this ... seems to be the truth, right?"

" so, you want to break up with me because of this?! "

the expression on mu yichen's face became even more dangerous.

luo chenxi's back was drenched in cold sweat.

"when did i ever say that?"

"you've never said that, but wasn't your attitude very clear yesterday and today?" mu yichen said coldly.

" you deliberately didn't talk to me, didn't sleep in the same bed with me, didn't let me send you, and ... you even ate with a wild man outside! "

these accusations were thrown out by young master mu one by one in a powerful and resonating manner.

luo chenxi was still acting self-righteous at the beginning, but she could not help protesting when she heard the last condition.

"wait, what are you saying? what did she mean by eating with a wild man? i'm just talking to chief sheng about work, and also to thank him for saving me last time ..."

“so, you didn’t suddenly realize that you like his type?”

luo chenxi was at a loss for words. “ how is that possible? chief sheng is not my type!”

mu yichen’s clenched jaw suddenly relaxed a little upon hearing this.

he slowly inched closer, his hot breath blowing on the woman’s face. “ so ... you like my type? ”

luo chenxi turned her head to the side subconsciously. “ you ... don’t think too highly of yourself! ”

she had not forgotten that the two of them were still in a cold war.

mu yichen was so angry that he wanted to bite her.

moreover, he lowered his head and bit her neck.

however, when his teeth touched her soft and warm skin, his heart softened again.

he turned from biting into gnawing.

luo chenxi felt ticklish. she turned her head around hastily in an attempt to dodge the attack.

“mu yichen, what are you doing? don’t leave any marks on my neck, people will see it!”

it would have been better if she did not say it. mu yichen was even more decisive when she said that. he deepened the hickey.

Chapter 667: learning to compromise for her bit by bit

he only raised his head after planting a few hickeys on the woman’s neck.

“mu yichen, you’ve gone too far ...”

luo chenxi’s petite face was flushed red with anger.

mu yichen suddenly spoke, “i’ve already set up a professional team for you since you want to set up your own studio. they’ll be able to accommodate all your requests.” all the members of the guild are elites that i’ve gathered from all over the world. within a week, they’ll be gathering in T city. other than that, if you have any other requests, feel free to let me know. as for the budget ... as long as you like it, you can spend however much you want.”

luo chenxi did not expect mu yichen to say those words.

the protest that was about to come out of his mouth was instantly stuffed back.

her cat-like eyes were wide open as she looked at the man in front of her.

“you ...”

mu yichen did not give her a chance to speak and continued to speak.

boxn ov el. c o m

" i've been planning this for some time now. it's just that i haven't recruited all the team members yet, so i've been hiding it from you. "

" however, if you want to continue working at SL holdings, that's not a problem. but, you must promise me that i'll send you to and from work every day. moreover, you're not allowed to have dinner alone with sheng yu! "

luo chenxi blinked her large eyes and looked at mu yichen in disbelief.

this man had actually considered and done so much for her without her knowing!

moreover, young master mu had always been jealous. it was not the first day he disliked sheng yu.

now, he had actually taken the initiative to agree to let her work at SL holdings ...

although this man had always been a tsundere, he was slowly learning to compromise for her.

luo chenxi was touched at once.

"hubby, you ... you're so good to me! thank you so much!"

mu yichen's face was noble and cold."now you know that your husband is doing well? who was the one who was being unreasonable yesterday? he even kicked me off the bed!"

yesterday, he was just one step away from eating meat. in the end, not only did the meat fly away from his mouth, he was also kicked off the bed by his wife and ridiculed by his daughter!

as long as he thought of this, his heart would feel stifled.

luo chenxi wrapped her arms around his neck hastily. she leaned over and gave him a mua kiss on the cheek.

"honey, don't be angry. yesterday ... it was my fault yesterday ..."

" it's good that you know. when we go back today, see how i'll punish you! "

luo chenxi shuddered for a moment.

she should just choose to continue the cold war with mu yichen ...

.....

at the same time.

in a coffee shop on the outskirts of T city.

a woman wearing sunglasses, a scarf, and a hat appeared at the door.

it attracted the attention of the passers-by.

the woman looked around until she saw the man sitting by the window. she was secretly relieved and quickly walked over.

she pulled off the scarf wrapped around her face, revealing her beautiful face.

the moment he opened his mouth, he started to reprimand, " reese, it really is you! what the hell are you doing? why are you so sneaky?"

hearing this, reese turned his head.

luo chenxin took a deep breath when she saw it.

there was a deep scar on reese's originally handsome face. it extended from the corner of his eye all the way to his jaw, looking extremely terrifying.

not only that, but his face was also frighteningly haggard. his hair was in a mess, and he looked like he was in a sorry state.

"you ... reese, how did you become like this? what the hell happened?"

luo chenxin almost screamed.

reese's gaze was cold. " where is the money i asked you to bring? "

Chapter 668: the plan has failed, luo chenxi is not dead

luo chenxin's face stiffened instantly when she heard that.

"you ... what do you want the money for? where do i get so much money now?"

"what?" reese said unhappily. the young mistress of the mu family couldn't even take out a hundred thousand dollars? didn't you promise me that you'll give me a reward of tens of millions as long as i come to china with you and help you deal with luo chenxi?"

luo chen was secretly happy.

"what's wrong? could it be that you ... you've already successfully gotten rid of luo chenxi? how was it? has everything been settled? i hope it won't attract mu yichen's attention?"

" give me the money first. i'll tell you about luo chenxi naturally, " reese did not answer him directly.

luo chenxin hesitated for a while before she took out a thick stack of us dollars from her bag.

she held the money in her hand and looked at it for a long time, reluctant to give it out.

reese was impatient. he simply reached out and snatched the money from luo chenxin's hands.

boxn ov el. c o m

"hey, wait!"

luo chen wanted to stop him, but it was too late.

reese opened the wrapped newspaper and started counting the money on the spot.

luo chenxin looked at the stack of notes and felt her heart bleeding.

in the past, she would not have cared about such a small amount of money at all. however, she had already been chased out of the mu family by mu yichen. the luo family had also fallen into a slump because of mu yichen's oppression.

she had put in a lot of effort to gather 100000 dollars.

she had even sold a lot of the jewelry she had coquettishly gotten from those rich young masters.

luo chenxin urged, 'what happened? hurry up and tell me!'

reese quickly counted the money and stuffed it into his bag. he said nonchalantly, " " the plan has failed. luo chenxi is not dead. "

"what? what did you just say? 'luo chenxi's not dead? how was this possible? didn't you say before you took action that nothing would go wrong this time?"

reese had not contacted her for a long time, so luo chen had an ominous feeling in his heart.

however, when she heard the news, she was still shocked, as if she had been struck by lightning.

"there's always an accident," reese said with a sneer. your sister is a smart person. when she arrived near the hospital, she didn't come in immediately. instead, she went to the front desk of the hospital and asked the nurse to test the waters. after finding that something was wrong, she ran away immediately. if i didn't go to the front desk, i'm afraid i wouldn't even see her!"

"later, i took some people and chased after her, but she was very smart and called the police. just as we were about to catch up to her, the police arrived. a few of our brothers died at the hands of the police, but i was lucky enough to escape in time."

luo chen's heart felt as if it had been struck by lightning, and he was frozen on the spot.

he only regained his senses after a long while. he turned around and glared at reese. " you actually let luo chenxi run away! didn't you say that you're one of the most powerful underground forces in country F? why can't you even deal with an ordinary girl? you're all trash!"

reese's voice became even colder. " who are you calling trash? i haven't even settled the score with you yet! if i had known that luo chenxi would be so difficult to deal with, i would not have followed you to china at all! now, so many of my brothers have been captured. who is it all for?"

"who else could it be? wasn't it for the money? by the way, you guys failed your mission, and you're still asking me for 100000 dollars! give me back my money!"

luo chenxin was exasperated.

Chapter 669: each with their own plans

"return it to you? are you kidding me?" reese glanced at her in disdain.

"we brothers have worked for you for so long, and now we're all in the police station, and some of us have even lost our lives! what's wrong with asking you for some money? you're the mu family's young

mistress. young master mu easily won hundreds of millions in jewelry at the auction. you can't be stingy with a mere 100000 us dollars, right?"

"you ... you ..."

luo chen had difficulties to speak in his heart. he held it in for a long time and could not say anything.

if she was still in the mu family, it wouldn't be difficult to find a way to get this little money.

but she had already been driven out by young master mu!

however, she did not dare to admit it in front of reese.

if reese knew that she could no longer keep the title of young mistress mu, he would definitely not continue to work for her. this was because all the benefits that she had promised in the beginning would not be fulfilled.

"reese, what's our relationship? you're talking about money with me. isn't this too hurtful? besides, it was not the time to calculate the money yet. he would have to settle luo chenxi first. the money issue ... was easy to deal with! yet, you haven't managed to accomplish anything yet. luo chenxi has already escaped from your grasp three times. can you blame me for this?"

luo chenxin retorted and pushed all the blame to reese.

reese looked at her pure and innocent face. he could not help but sneer when he thought about what kind of sinister and vicious heart was hidden under that perfect appearance.

"luo chenxin, do you think i'm stupid when you say that? actually, you've already been kicked out of the mu family by young master mu, right? is young master mu going to divorce you? it's impossible for me to get the money you promised, and you still want to use me to work for you for free?"

luo chen's heart tightened when he heard that.

"what ... what are you talking about? i'm on very good terms with young ... young master mu. how could i divorce him?"

she refused to admit it.

how could he possibly know about her relationship with mu yichen when he had disappeared for such a long time?

reese chuckled. " stop pretending. i returned to T city a few days ago and have been observing you for a while. you've been staying at the luo family for so many days and haven't returned to the mu family. if you're not chased out, what else can it be?"

luo chenxin tried to defend herself. " of course not! i'm just going back to my mother's house for a few days. how can this be a divorce? reese, don't try to be smart!"

"oh? you're only going home for a few days?"

“of course! don’t you know my methods? you don’t have to worry about anything. you’ll be able to get your reward as long as you can kill luo chenxi.”

luo chenxin was lying through her teeth.

moreover, she was thick-skinned enough and her acting skills had always been superb. whether it was her expression, movements, or tone, they were impeccable.

if it was another person, they probably wouldn’t be able to tell that she was lying.

however, reis knew it all too well.

it was because he had been deceiving luo chenxin from the beginning to the end!

the person who had rushed to the private hospital in A city that day was not luo chenxi at all, but chen xiluo!

he had chased after chen xiluo, and the two of them had a fight in the shopping mall. he had almost killed chen xiluo on the spot.

in the end, it was not the police who rushed to the scene to save chen xiluo, but mu yichen who had arrived in a helicopter!

reese clearly saw young master mu’s face. at that moment, he knew that their plan had completely failed.

he guessed that luo chenxi must have told her good friend, chen xiluo, the news and asked him to go to the hospital to find out more.

chen xiluo and young master mu were close, so mu yichen must have known the truth!

Chapter 670: you despicable and shameless person, are you blackmailing me?

reese’s reaction was extremely fast.

the moment he understood what was going on, he decisively gave up on the pursuit and turned around to escape.

he didn’t even have time to care about his life-and-death brothers.

his decisiveness had really saved his life.

although he had been shot several times, he had successfully broken out of the encirclement and avoided the mu family’s bodyguards and the police.

he was seriously injured and didn’t dare to go to the hospital. it could be said that he had a narrow escape before he had struggled back.

when reese found out that luo chenxin had been driven out of the mu family by young master mu, he was even more clear that this mission had completely failed.

he had to stay away from luo chenxin if he wanted to save his life.

however, he was not willing to leave just like that. he had suffered too great a loss this time!

he had come to luo chenxin just to extort a sum of money for the last time.

that was why she intentionally concealed the truth from him. she did not tell him that mu yichen already knew the truth.

if luo chenxin had known that he had been exposed, she would not have been blackmailed by him.

” luo chenxin, stop acting here. i don’t care if you’re really going back to your parents ‘house or not. i don’t want to work here anymore! ” however, i’ve already helped you to drive luo chenxi away, so the mission is considered half completed. your one hundred thousand dollars is not enough at all. give me another three million dollars. this is the reward that i deserve!”

“what? three million? and us dollars?”

luo chen’s heart almost skipped a beat. he refused flatly, ” impossible! where did i get so much money? you’re crazy! besides, you haven’t even settled luo chenxi yet, so i can’t possibly give you the money!”

“it’s fine if you don’t want to pay,” reis sneered. however, if mu yichen were to find out that the person sleeping next to him was not the one he married, he would be in for a long time. can you guess ... what will happen to you?”

luo chenxin was shocked. ” you ... reese, what do you want to do? ” we’re on the same boat! if i’m exposed, you’ll still die!”

“so what?” reese looked like a dead pig that was not afraid of boiling water. ” anyway, i can’t get the money now. perhaps young master mu will not kill me on account of my merit in exposing the truth. he might even give me some benefits ... ”

“reis! you’re a despicable and shameless person! are you blackmailing me?”

luo chenxin’s face was red with anger.

in such a dire situation, reese actually hit her when she was down!

reese laughed coldly. ” blackmailing ... not really. i’m just asking for the money that i deserve! either you give me the money, or ... you go and explain to young master mu yourself! i’ll give you three days to consider. three days later, we’ll meet again here. if i don’t see the three million ...”

.....

the next afternoon.

at the entrance of a luxury hotel in S city, a group of well-dressed girls were laughing and playing as they walked out.

“mu weiwei!”

luo chenxin, who had been waiting by the side for a long time, quickly spoke.

mu weiwei was stunned. she turned around and was extremely surprised to see her. " sister-in-law, why are you in S city? " did you come to see me?"

after the graduation ball, tan yueru sent mu weiwei to S city to attend a closed-off language class.

the students in her class were all children of wealthy families who were preparing to study abroad.

mu weiwei initially thought that she would be able to enjoy a good summer vacation after she graduated. she did not expect that she would still have to study. she had long been resentful.

when she saw her favorite sister-in-law, her face was filled with surprise and joy as she went over to welcome her.

luo chenxin was relieved when she saw that she did not have any shrewdness.

mu weiwei was her only hope.

"weiwei, sister-in-law would like to ask you for a favor ..."
