

## Sweetheart 671

Chapter 671: mu yichen, he ... he seems to have someone else on the outside!

mu weiwei was astonished. "sister-in-law, you're asking for my help? what can i do to help you?"

luo chenxin's voice was even lower. "i want to ... i want to borrow some money from you. "

"borrow money?"

mu weiwei was even more shocked and immediately cried out.

luo chenxin quickly pulled mu weiwei to an empty corner when she noticed that many people around them were looking at them.

"that's right. i'm a little tight on cash recently. can you lend me some money?"

mu weiwei had yet to recover from her shock. "sister-in-law, you ... you're actually asking me to lend you money?! why don't you ask big brother for it? big brother pampers you so much, i'll give you any amount of money. by the way, don't you still have the black card he gave you? there's no limit to that card, so you can just swipe it!"

luo chenxin was even more upset when she heard that.

what unlimited black card? she had not even seen a shadow of it!

boxn ov el. c o m

mu yichen had actually given such a thing to that little b \* tch, luo chenxi! but how much did he dote on her?

she suppressed her jealousy and forced a smile, "wei wei, you don't know this, but i quarreled with your brother. i'm too embarrassed to ask him for money now. however, something happened to my family and i need a large amount of cash ... i have no other choice but to come to you."

mu weiwei was stunned for a moment. she thought that she had misheard him.

"what? quarreling? why did big brother quarrel with you?"

her big brother was the standard slave to his wife. part of the reason why she agreed to participate in the training class was because she couldn't bear to eat the dog food of her big brother and sister-in-law.

even so ... they still quarreled?

luo chenxin was prepared for this, so he immediately said, "wei wei, i shouldn't have told you about this, but ... sigh!"

as she spoke, she suddenly stopped. a trace of sadness appeared on her face, and she even raised her hand to rub her eyes.

mu weiwei was shocked by his superb acting skills.

“what’s going on? sister-in-law? don’t ... don’t cry, speak slowly! did big brother bully you? don’t be embarrassed, just tell me, i’ll go find mom to seek justice for you!”

luo chenxin sniffled. “ weiwei, mu yichen ... he seems to have someone else outside! ”

“what? big brother has someone outside?”

mu weiwei’s eyes widened.

his first reaction was disbelief.

“that’s not possible! big brother is absolutely true to you, how could he have an affair? sister-in-law, you must have misunderstood!”

“i didn’t misunderstand!” luo chenxin said firmly, “ something has been wrong with your brother recently. he hasn’t been home for more than half a month. he didn’t even let me in when i went to the company to look for him. he even proposed to divorce me a few days ago! ”

“what? d-divorce? big brother wants to divorce you?” mu weiwei could not believe her ears!

luo chenxin lowered her head. “ that’s right. your brother said it himself! ” look at him, he often doesn’t return home and even asked for a divorce. there’s a 99% chance that he’s having an affair! sigh, i don’t know what i’ve done wrong to make him have a change of heart so quickly ...”

the sadness on luo chenxin’s face was not faked.

she truly had no idea why mu yichen liked luo chenxi despite having the exact same face and being more experienced, flirtatious, and understanding of a man’s thoughts!

mu weiwei’s face turned red with anger when she heard that. “ how could big brother do that?! ”

Chapter 672: he was just mesmerized by the vixen outside ...

“this is too much! he had such a perfect wife like sister-in-law and such a cute daughter like tang tang. he was not content and even cheated on her! he’s a scumbag!”

mu weiwei had always admired and revered her elder brother. this was the first time she had criticized young master mu so rudely.

she was really angry.

although the mu family was one of the top wealthy families, they did not have any of the bad habits of the upper-class circle. their family style was very upright.

divorce, having an affair, and having a mistress had never happened before.

luo chenxin was secretly happy to see this.

mu weiwei was so easily angered by her. this made things much easier.

she seized the opportunity and said in a tearful voice, “ wei wei, don’t say anymore. i believe that he’s just temporarily bewitched by the vixen outside ...”

“big brother actually likes another woman and wants to divorce you. is he blind?” mu weiwei said angrily. no, i have to go talk to him!”

boxn ov el. c o m

luo chenxin was anxious when she heard that. “ wait, weiwei! you can’t go to your big brother!”

“why?”

“ because ... ” luo chenxin racked her brains and said, “ ” after all, yichen is your elder brother. you can’t let your relationship with him be affected by what happened between me and him ... ”

“sister-in-law, sister-in-law, you’re such a good person! even at a time like this, you’re still thinking about others. don’t worry, i’m not afraid of my big brother. i can’t let him continue to make mistakes like this. i’m going to tell my parents!”

luo chenxin was even more anxious, and she quickly said, “ “don’t ... you must not go! in this situation, i can still think of a way to make up with your brother. if you get involved, what if yichen gets angry and decides to divorce me?”

“this ... seems to make sense.”

“wei wei, don’t worry about this. you should lend me some money. i really have an urgent need for it!”

mu weiwei immediately expressed her stand. “ alright, sister-in-law. just tell me how much you want! ”

luo chen thought to himself, ‘then give me three million dollars first ...’

“what? three million dollars?”

mu weiwei was shocked by the number.

with a troubled look, he said, “ sister-in-law, this ... i don’t have that much money. to tell you the truth, my monthly pocket money is only tens of thousands of yuan. my parents and brother don’t allow me to spend money recklessly. i usually use my card to buy dresses and stuff, and i have to report everything to my brother.”

“ah? how did this happen? can’t you think of something?”

mu weiwei furrowed her brows. “ this ... i really can’t think of a way. ”

ever since her sister-in-law had married into the family, whenever she was short of money, she would go to her sister-in-law and act cute. now, it was the opposite. her sister-in-law was the one asking her for money!

mu weiwei could not come back to her senses for a moment.

“wei wei, you must find a way to help me! i can only rely on you!”

mu weiwei noticed how pitiful she was and quickly said, “sister-in-law, don’t worry. i’ll think of something. it’s only three million us dollars, i can borrow it even if i want to!”

luo chenxin smiled. “ thank you so much. ”

as expected, the naive mu weiwei was still so gullible.

.....

a day later.

at the mu family's villa.

luo chenxi, dressed in men's attire, tiptoed to the corridor on the second floor and looked in the direction of the study room.

"big sister, what are you doing?" the little dumpling grabbed her pants.

luo chenxi squatted down and kissed her on the cheek. "where's your father?"

"daddy just said that there's going to be a video conference!"

"that's great!"

luo chenxi was overjoyed upon hearing that. she coaxed the little dumpling with a few words before she turned around and dashed toward the door immediately.

however, just as she stepped out of the villa, a cold voice came from behind her.

"luo chenxi! why are you dressed like this again? where are you going?"

Chapter 673: ??? ????.....??!.....??!??.....??.....

luo chenxi paused for a moment upon hearing mu yichen's voice.

the familiar sound of steady footsteps rang out.

not long after, young master mu appeared behind her.

"stupid woman, didn't i tell you that you don't have to wear men's clothes anymore? why are you dressed up in such an ugly way?"

upon hearing that, luo chenxi raised her chin in dissatisfaction. "how am i ugly?" he was obviously extremely handsome, alright? every time i go out, a bunch of girls will throw me flirtatious looks! you really don't know how to appreciate it!"

mu yichen's face darkened. "you're always attracting attention outside, yet you're still quite smug, aren't you?"

was there any man in the world who was more miserable than him?

wives for both men and women, old and young, loved by the family, and flowers bloomed.

as a result, he had countless love rivals.

boxn ov el. c o m

yet, this stupid woman had no self-awareness at all!

“hurry up and change your clothes!” he snorted.

“i’m not trading!” luo chenxi rejected him immediately. ” i’m here for work today. i can’t change. ”

“work? what kind of job?” mu yichen suddenly had a bad feeling.

as expected, luo chenxi said with a solemn expression, ” “of course it’s for the posters of our company’s new season’s main series. chief sheng had looked for all the top male models in the country to shoot the posters, but he was not satisfied with them after the audition. after that, he asked me to try it on and felt that it suited me very well ...”

“you’re not allowed to go!”

before luo chenxi could finish her sentence, mu yichen spat out the words through the gaps of his teeth.

he knew that this was sheng yu’s doing again!

this guy was really a shit stirrer.

he actually asked his little woman to dress up as a man and shoot some posters!

the last time the little woman walked on the runway, she had attracted a large number of infatuated women. even now, his sister’s room was still full of chen xiluo’s posters ...

if this were to happen again, who knew how many more women would be interested in his wife!

luo chenxi glanced at him in displeasure. ” mu yichen, aren’t you being a busybody? i’ve already said that this is a normal job. what reason do you have to object?”

“reason? i don’t like my woman being stared at by so many people. do i need a reason?” mu yichen said matter-of-factly.

luo chenxi was speechless for a moment. ” don’t worry. i’m dressed as a man. no one will know that i’m yours ... ”

this was even worse!

mu yichen was extremely depressed. he glared at her fiercely.

luo chenxi waved her hand. ” alright, i’m in a hurry. i’ll go first. ” can you help me take a look at the sugar ...”

“come back! i said you’re not allowed to go!”

mu yichen furrowed his brows and grabbed her wrist.

luo chenxi pulled her hand back. she tried a few times but still could not break free. she was immediately exasperated.

“mu yichen, let go of me!”

“i won’t!”

” you’re really not letting go?! ”

“i won’t!”

luo chenxi gritted her teeth when she saw how stubborn he was. she suddenly stretched out her hand and grabbed the tie in front of mu yichen’s chest. she pulled it forcefully ...

mu yichen approached her obediently.

luo chenxi stood on her tiptoes and licked his sexy and perfect thin lips gently.

mu yichen’s gaze suddenly darkened. he pinched her chin and turned from the guest to the host, deepening the kiss ...

“bang!” a loud sound came from the door.

at the same time, mu weiwei’s trembling voice was heard, “ b-b-b-big brother! brother ... brother hilo! you ... you ...”

mu weiwei had thought about it thoroughly yesterday. in the end, she decided to come back overnight and ask her elder brother about it.

whoever knew that the moment they entered, they would see such an explosive scene.

Chapter 674: the person her big brother had an affair with was actually the male god she had a crush on for a long time

mu yichen and luo chenxi were stunned as well.

the two of them did not expect mu weiwei to return at this time.

mu yichen furrowed his brows with an unpleasant expression. “ weiwei, aren’t you taking language classes in S city? you’re in class today, so you’re skipping?”

mu weiwei did not answer. her eyes were wide open as she stared at mu yichen and luo chenxi’s intertwined hands without blinking.

“big brother, you ... just now, you were ... with brother hilo at ...”

when luo chenxi heard the words ‘brother xiluo’, she suddenly remembered that she was dressed as a man.

no wonder mu weiwei’s expression was so unpleasant.

“wei wei, come in first, i’ll explain ...” she said hurriedly.

“explanation? explain what?”

boxn ov el. c o m

mu weiwei’s mouth was agape as she shook her head continuously. she looked as if she had been dealt a huge blow.

he interrupted luo chenxi before she could finish her sentence.

“brother xiluo, i really misjudged you! i trusted you so much and thought of you as my prince charming, but i didn’t expect that you ... you’re actually this kind of person!”

when luo chenxi saw her sorrowful and indignant expression, she felt as if ten thousand ‘f \*\* k you’ horses were galloping across her heart!

what the hell is this!

why did mu weiwei have to come at this time of all times? she even bumped into the scene of her kissing mu yichen.

and she had to wear men’s clothes!

how was she supposed to explain this to mu weiwei now?

i’m sorry, but your prince charming is actually a woman?

or is your sister-in-law a fake sister-in-law, and the real sister-in-law is actually your prince charming?

he felt that he would be beaten up no matter what ...

“cough, cough, wei wei, don’t be so anxious. let me explain, really! this is a long story ...”

“no, i don’t want to hear your excuses! sister-in-law was right. i shouldn’t judge a book by its cover. i shouldn’t think that you’re a good person just because you’re handsome! in fact, you’re a sinister and cunning villain!”

mu weiwei trembled with rage. she pointed at luo chenxi’s nose and started scolding her.

luo chenxi was at a loss whether to laugh or cry.

she was the one who said “don’t judge a book by its cover,” but that was not the case after that.

when did she become such a sinister and cunning person?

however, mu weiwei was still in a fit of anger, so she did not listen to anything he said. ” no wonder sister-in-law came to look for me yesterday. she even said that big brother has a lot of other people outside and wants to divorce her! i didn’t believe that such a thing would happen, but now it seems that i was really wrong! not only did big brother cheat on his wife, he ... he ... he even had a man!”

she thought about how her brother, whom she had admired the most since she was a child, had actually done such a thing.

mu weiwei felt as if her entire life’s beliefs had collapsed.

moreover, the person her big brother had an affair with was actually her long-time crush on her male idol ...

this was a huge blow!

she recalled that she had once thought about confessing to chen xiluo after she could fall in love after she went to college. she only felt a burning pain on her face!

“big brother, i really misjudged you! do you think you can face my sister-in-law by doing this? sister-in-law is so beautiful and talented. she gave birth to such a lovely daughter for you and is always considerate of you. where can you find such a good wife? you’re going to divorce sister-in-law for a man. you’ll definitely regret it!”

“also, chen xiluo! a homewrecker like you who destroys other people’s family and even shamelessly enters the house, you’ll definitely get your retribution!”

mu weiwei retorted and gave luo chenxi and mu yichen a good scolding.

then, she couldn’t stay here any longer, so she turned around and ran out.

Chapter 675: you’re an adulterous couple who had an affair

“mu weiwei! stop right there!”

mu yichen became anxious too.

everything had happened too suddenly. he did not know how to explain it to mu weiwei for a moment.

after all, the entire family had been keeping the news of luo chenxi’s return a secret from mu weiwei all this while because they were afraid that she would leak the news if she could not keep her mouth shut.

who would have thought that mu weiwei would turn around and run away after he had only hesitated for two minutes!

it was obvious that mu weiwei would report to luo chenxi immediately if she thought that he had an affair.

if he really let her go, things would really be terrible!

he quickly followed behind and chased after her.

luo chenxi understood the severity of the matter as well, so they followed suit.

boxn ov el. c o m

mu weiwei had inherited the mu family’s outstanding sports genes. she ran very fast. it only took her a few dozen seconds to reach the opposite side of the road.

mu yichen wanted to give chase, but a car just so happened to pass through the middle at that moment.

he stopped in his tracks and dodged. this time, he lost track of mu weiwei.

“damn it, this little girl is really too much! why are you so impulsive?”

he immediately took out his phone. “ liang, what are you all doing? hurry up and go after the young miss and bring her back ... struggle? if she struggles, just handcuff her!”

at last, the bodyguards were quite mobile.

a few minutes later, they were escorting mu weiwei into the villa.

the little girl was still struggling. "let me go! let me go! you bunch of big brother's lackeys! i misjudged you too! sister-in-law used to treat you so well. and now? the moment big brother had a change of heart, you guys helped his new love to bully me! you're bullying sister-in-law!"

"miss, i really didn't ..." liang bro said bitterly.

"alright, you guys can leave first. i'll talk to weiwei myself."

as soon as luo chenxi spoke, the bodyguards felt as if a heavy burden had been lifted off their shoulders. they left the room hastily.

mu weiwei's face was still filled with resentment as she glared at the two of them.

luo chenxi took a step forward and said, "mu weiwei, have you calmed down a little now?" can you listen to our explanation?"

mu weiwei sneered. "explain? alright, i'll listen to how you can quibble! in any case, you two are a cheating couple, and this can't be changed!"

mu yichen's brows twitched for a moment upon hearing this.

very good, this wretched girl dared to slander her big brother like this! he was really tired of living!

luo chenxi hastily pulled him back when she saw that the man next to her was about to fly into a rage. she then spoke first.

"mu weiwei, actually, a man called chen xiluo doesn't exist in this world. my real identity ... is your sister-in-law!"

mu weiwei was so angry that she almost exploded on the spot when she heard that.

he spat hard. how can there be such a thick-skinned man like you? sister-in-law? a man actually had the face to call himself my sister-in-law? my sister-in-law even gave me such a cute little niece, sheng tang tang, can you? how big of a face do you have? it's so disgusting!"

mu weiwei almost fainted when she recalled that she had once liked this kind of man.

upon hearing that, luo chenxi realized that she had misunderstood him again. she could only raise her voice a little and continue to explain.

"it's not what you think! 'i'm ... cough, cough. actually, i'm luo chenxin!' i'm not luo chenxin ..."

"of course you're not my sister-in-law!"

"no, that's not what i meant ... i want to say that i'm actually a woman ..."

"a woman? i know, you want to be my brother's woman! some people can really do anything for money and power!"

Chapter 676: being together with chen xiluo, what a big scandal this would be!

after explaining, it only made things worse.

luo chenxi felt like vomiting blood in secret.

the matter was so complicated that it could not be explained in a few words.

she thought for a moment and said, "mu weiwei, wait here for a while. i'll go upstairs to change my clothes."

"change my clothes? why are you changing your clothes at this time? just get out of my house ..."

"shut up! mu weiwei, is this how you talk to your sister-in-law? if i hear you slander her again, don't blame me for being impolite!"

mu yichen had been holding himself back and not interjecting because of luo chenxi's pleading.

however, mu weiwei's words were getting more and more overboard. he endured it again and again. in the end, he could not bear to listen any longer. he could not help but speak up to protect his wife.

young master mu's tone was very strict.

boxn ov el. c o m

mu weiwei had always been afraid of her elder brother. she was shocked all of a sudden and swallowed the words that were on the tip of her tongue.

luo chenxi seized the opportunity to turn around and headed to the master bedroom upstairs. she removed the makeup on her face swiftly and removed her men's attire to change into a refreshing and elegant dress.

she was very fast, and the whole process took less than ten minutes.

mu weiwei was trying her best to persuade mu yichen when she pushed the door open and came out.

"big brother, you can't be so stubborn! do you know that if you divorce sister-in-law and get together with chen xiluo, this will be a huge scandal? our mu family will become the laughing stock of the whole of china! you can't do this, you should break up with him!"

mu yichen glanced at her from the corner of his eyes and said in a chilly tone, "what's wrong? if i break up with chen xiluo, it'll be more convenient for him to be with you?"

" this ... " mu weiwei's breathing stagnated.

in the past, she had indeed thought that it would be great if she could have a boyfriend like chen xiluo. however, chen xiluo had actually dared to steal her sister-in-law's man!

no matter how much she liked chen xiluo, she would never betray her sister-in-law!

"big brother, do you think i'm like you? i won't do such an ungrateful thing. sister-in-law is so good to our whole family! aren't you satisfied with a wife like this? you're not born gay, so why did you ..."

meanwhile, she heard luo chenxi's footsteps coming down the stairs.

mu weiwei suddenly raised her head.

it was just a casual glance, but when she saw the person on the stairs, she was completely stunned. her eyes widened and her jaw almost fell to the ground.

“you ... you ... this ... this ...”

mu yichen turned around as well when he heard the commotion.

he saw that the little woman was wearing his favorite long dress. although she had no makeup on, it did not damage her beauty at all. she was graceful and charming.

the impatience on his face instantly disappeared, and his gaze became gentle.

“stupid woman, you’re too slow! hurry up and come over!”

luo chenxi quickened her pace and walked to the two of them.

she was about to speak when mu yichen grabbed her waist and pulled her into his arms.

“mu yichen, don’t be like this. we’re talking about serious business with weiwei!”

“i’ll say it, i’ll say it. did i cover your mouth?”

” you ... ” luo chenxi was exasperated. she could not help but glare at the man.

mu weiwei finally recovered from her dumbfounded state after being stuffed with a mouthful of familiar dog food.

“sister-in-law, you ... you ... why are you here?”

luo chenxi turned around and smiled. ” didn’t i tell you just now? i am chen xi luo, and chen xi luo is me. you didn’t believe me, so i went upstairs to change. now, do you have any more questions?”

mu weiwei was stunned. ” no... that’s impossible! ”

Chapter 677: sister-in-law, just you wait!

luo chenxi said, ‘why is it impossible? isn’t the truth right in front of you?’

mu weiwei shook her head with all her might. she could not accept the truth no matter what.

luo chenxi did not continue to persuade her. she wanted her to calm down and figure it out on her own.

whoever knew that mu weiwei would stare at her for a long time before she suddenly blurted out, ” “you must be lying to me! sister-in-law, you ... how can you be so weak? you did such a thing for my brother after he coaxed you! tell me the truth, did my brother force you to act for me? where was chen xiluo now? are they hiding upstairs?”

luo chenxi was stunned for a moment.

she never expected mu weiwei’s imagination to run wild!

mu weiwei, on the other hand, thought that she had guessed correctly when she saw her stunned expression.

she immediately got up from the sofa and walked around luo chenxi before she dashed toward the second floor.

“no, i must catch him! how could this adulterous couple bully you like this, sister-in-law! this was too much! sister-in-law, just wait for me to vent your anger!”

boxn ov el. c o m

“hey, wait! wei wei, wait a minute, let me finish!”

however, mu weiwei moved very quickly. she had already rushed to the second floor and pushed open the door to the master bedroom before she could even finish her sentence.

mu yichen’s face darkened completely at this moment.

this little girl’s guts were too big now, she actually dared to enter his room!

he would definitely seal all her credit cards and not unseal them for a year!

mu weiwei did not know that she would have such a tragic fate.

she rushed into the master bedroom in excitement and looked around.

she looked at the bathroom, the balcony, the cloakroom, and even the area under the bed.

“nobody! nobody! no one! how could there be no one? where was chen xiluo? come out quickly! don’t hide!”

mu weiwei was in a daze as she looked for him everywhere.

however, he did not even see a single person.

luo chenxi followed her into the room. “ mu weiwei, stop looking. didn’t i already tell you? ” i’m your sister-in-law!”

“that’s not possible! how was this possible? i don’t believe it!”

mu weiwei felt as if her entire being was unwell. her brain had completely turned into a pile of mush.

just now, when she saw her prince charming hugging and kissing her most respected big brother, it was like a bolt from the blue and completely shattered her understanding.

now, luo chenxi was telling her that chen xiluo was the result of her sister-in-law’s cross-dressing?

how could there be such an unbelievable thing in the world!

luo chenxi was speechless for a moment when she saw her rejection. ‘you really don’t believe me? should i change back into men’s clothes? this time, you’ve already checked the bathroom, and there’s no one inside. so, if i come out after changing, it’s definitely the same person. you don’t have any more questions, right?’

luo chenxi pondered over it and came up with only one solution.

mu weiwei hesitated for a moment before she nodded. “ alright, then ... then you can go and change! ”

luo chenxi had no choice but to go to the cloakroom to get another set of men's clothing.

mu yichen entered the room at the same time. he had an unpleasant expression on his face when he saw luo chenxi taking out a male outfit again.

"stupid woman, the matter has been explained clearly. why are you still changing your clothes?"

luo chenxi said, 'how did i explain it clearly? wei wei still doesn't believe me?"

"who cares if she believes it or not! don't change into such ugly clothes, just wear this!"

unfortunately, luo chenxi did not take his opinion to heart.

"don't be a tsundere. wait outside with wei wei for a while."

Chapter 678: i'm about to cry from this sister's stupidity!

mu yichen was about to say something else when luo chenxi had already turned around and entered the bathroom once again.

he had also carefully locked the door from the inside.

mu yichen was beyond depressed. he turned around and saw his sister who had a dumbfounded look on her face. he was furious.

"mu weiwei, the truth is already so clear, yet you still don't believe it? what did luo chenxin give you? you even believe the words of this kind of woman? are you stupid?"

mu weiwei blinked her eyes. she felt even more dizzy.

"big brother, you ... how could you say that about sister-in-law?"

her big brother and sister-in-law had just shown off their love in front of her. why did her big brother use such a disdainful tone to describe his sister-in-law the moment she turned around?

could it be that big brother was just pretending just now?

however, the intimate atmosphere between the two of them was ambiguous from the inside out. unless big brother had oscar-level acting skills, he could not act it out at all!

boxn ov el. c o m

mu yichen sneered, " you still can't tell which one is your sister-in-law until now? "

mu weiwei felt that something was amiss, but she could not put her finger on it.

"big brother, you ... what do you mean?"

mu yichen was about to cry from his sister's stupidity!

the mu family had very high intelligence.

although mu yiling's character was exaggerated and a little unreliable, he was definitely the smartest person in the world.

however, it was different for mu weiwei. she could not study. now, she could not even see the truth when it was right in front of her.

if he hadn't seen tan yueru carrying the newborn mu weiwei in the hospital with his own eyes that year, he would have suspected that she was not his biological sister!

mu yichen was about to say something when the bathroom door suddenly opened.

luo chenxi had already changed into a casual shirt and black long pants. she walked out.

she put on a little makeup on her face, and her originally fair skin was deepened by two color number. her slender eyebrows were also thickened, making her look more fierce and heroic.

mu weiwei's eyes immediately widened when she saw luo chenxi.

it had to be said that chen xiluo's looks were too lethal to her. even though she had already determined that he was a scumbag, she could not help but take a few more glances at him.

the man who was as handsome as a painting slowly walked in front of her. he stood still and his posture was elegant like a noble young master.

it didn't look any different from before.

she didn't look feminine at all.

mu weiwei could not help but say, "chen xiluo, you ..."

"mu weiwei, i've already changed my appearance once again. i suppose you have nothing else to say this time, right?"

luo chenxi interrupted her.

the expression on mu weiwei's face instantly froze.

that was because the voice that came out of her idol's mouth was exactly the same as her sister-in-law's!

for such a handsome young master to have such a sweet voice coming out of his mouth, it was simply too strange and filled with a sense of disharmony.

"you ... you ..."

she was tongue-tied and could not even speak properly.

luo chenxi sighed. "you finally realized that there's something wrong with my voice?"

in truth, she had been using her original voice when she and mu yichen went after mu weiwei earlier.

however, mu weiwei was too stubborn. she refused to admit that she was a woman. hence, she ignored this fact subjectively.

mu weiwei finally understood what was going on now.

you ... are you really my sister-in-law?!"

luo chenxi nodded. "i'm sure."

mu weiwei's legs turned to jelly and she almost fell on her butt.

Chapter 679: chen xiluo was too handsome back then, and the atmosphere that night was so good

fortunately, mu yichen suddenly found his conscience and gave her a hand as her brother.

luo chenxi poured her another cup of hot tea and handed it to her.

mu weiwei drank some tea and finally recovered.

however, he was still confused. "chen xiluo has always been sister-in-law in disguise?! but ... but this shouldn't be! the last time when i went to the apartment with sister-in-law to look for big brother, chen xiluo was also there! chen xiluo and his sister-in-law had appeared at the same time before! this ... this ..."

mu weiwei's face gradually turned pale as she recalled the situation at that time.

obviously, he had already filled his mind with the plot of many supernatural novels.

luo chenxi quickly explained when she saw that tang yunfan looked as if she had just seen a ghost.

"wei wei, what are you thinking! of course, i am me. chen xiluo is me! however, the woman who went to the apartment with you ... she wasn't me!"

mu weiwei frowned. "what do you mean? i don't understand ..."

luo chenxi cleared her throat and explained the entire process of her and luo chenxin's swapping in detail.

the expression on mu weiwei's face kept changing as she continued to narrate.

from the initial doubt, it gradually became shock, surprise, and finally, a layer of anger surfaced in his eyes.

"...so, all you know that the one at home is luo chenxin and not my real sister-in-law, and you're only hiding it from me?"

they were indeed in the wrong in this matter.

thus, luo chenxi did not know how to explain herself. she spoke with an awkward expression, "well ..."

mu yichen spoke up in a timely manner, "look at you being all noisy! if i had told you in advance, you would not have been able to keep the secret and would have been exposed in front of luo chenxin! how would we dare to tell you? even mom agrees to hide it from you."

mu weiwei's expression turned ugly. " but ... but chen xiluo is my sister-in-law ... why didn't anyone tell me about this?!"

luo chenxi's heart skipped a beat.

"wei wei, i just ... don't know how to tell you ..."

"you don't know how to tell me?" mu weiwei's eyes reddened at once.

"when i said that i liked chen xiluo and even joined his fan club, you must have laughed at me in your hearts, right? do you think i'm stupid? you can't even tell a man or a woman? i keep calling you brother hilo, and you think i'm stupid too? do you think it's fun to play with me?"

she stared at the handsome face in front of her. behind such an outstanding face, there was a woman, and it was her sister-in-law!

then, she thought of how chen xiluo had been so gentle to her for no reason. not only did he take the initiative to comfort her, but he also accompanied her to the graduation party and ruthlessly slapped the faces of a scumbag and a slut!

chen xiluo had been too handsome back then, and the atmosphere that night had been so good.

mu weiwei really felt that she was in love. she also felt that chen xiluo definitely had a good impression of her. otherwise, he would not have helped her so much!

however, the truth was ... she was just imagining things!

chen xiluo had only helped her because he was her sister-in-law in disguise!

at the thought of this, mu weiwei felt an indescribable feeling in her heart. it was extremely unpleasant.

luo chenxi knew that things were not looking good when she saw her expression.

could mu weiwei really have fallen for chen xiluo?

could it be that she had really agreed to mu yichen's words and attracted other women outside?

however, in all honesty, she never had any intention of seducing mu weiwei!

Chapter 680: the family rules are like hell!

luo chenxi softened her tone. " weiwei, don't misunderstand. i really don't mean to play tricks on you. "

"the first time i wore men's clothes to the show was an accident. the male model i invited was not feeling well and couldn't walk the show, but i didn't want to give up the competition, so i went on at the last minute. i didn't expect that i would suddenly become famous."

"i didn't intend to appear as chen xi luo again. that's why i didn't tell you. however, a lot of accidents happened later on. in order to avoid luo chenxi's eyes, i had to stay by your brother's side as a man. i couldn't even reveal my identity when i was helping you."

" if you misunderstand because of this, i apologize to you here! "

luo chenxi spoke in an extremely sincere manner. she even took two steps forward after she was done speaking in an attempt to hold mu weiwei's hand.

however, before she could even touch mu weiwei's fingers, she was flung away.

"enough! i won't believe your excuses! anyway, in your eyes, i'm just an untrustworthy person! even tang tang knows sister-in-law's true identity, only i don't know! i will never forgive you!"

mu weiwei's face turned red as she growled at luo chenxi and mu yichen in a low voice.

then, he turned around and ran out of the door.

luo chenxi was stunned for a moment. by the time she reacted to the situation and tried to pull her back, it was too late.

she quickly turned her head. " mu yichen, your sister ran out on her own! get liang bro and the others to stop her!"

mu yichen furrowed his brows ever so slightly. " forget it. if we stop her now, she'll be even more stubborn. let her calm down on her own. "

"but ... mu yichen, could it be that weiwei really ..."

"really what? do i really like you? you don't have to worry about that. she's just a child, what does she know? i'm just worshiping you as an idol. i'll recover after a few days of sadness."

"it would be great if that was the case."

luo chenxi heaved a sigh of relief.

mu yichen suddenly squinted his eyes and scoffed coldly. " however, how many times have i told you not to attract bees and butterflies outside? have you turned a deaf ear to my words? what did you promise me when you went to the ball with wei wei?"

"uh ..."

luo chenxi's petite face stiffened.

she suddenly recalled that one of the conditions that mu yichen agreed to let her go the other day was that he forbade her from 'seducing other women'. ..

how do i break my legs when they suddenly feel weak?

she laughed dryly. " ahem, my dear, you told me not to attract girls outside, but wei wei is not an outsider. so, you can't accuse me of anything!"

she was simply too quick-witted!

he should give himself thirty-two likes!

however, before she could smile, the man pressed on her shoulder and pushed her onto the sofa.

mu yichen propped one hand on the back of the sofa and inched closer to her slowly. "stupid woman, everyone's an 'outsider' except for your husband!"

luo chenxi retreated continuously to avoid the man's forceful approach. "you ... where did you get this twisted logic from?!"

"this isn't twisted logic." mu yichen clasped her shoulder so that she could not avoid it. "this is the mu family's rule ..."

luo chenxi was about to say something, but mu yichen lowered his head in a timely manner and cut her off.

"wuwuwu ...!"

what a family rule!

just as young master mu was conscientiously teaching his wife the "family rules," suddenly, a shrill ringtone rang.

luo chenxi shuddered and woke up. she pushed him away abruptly.

"argh! it must be chief sheng!"
