

Sweetheart 771

Chapter 771: it's impossible to break the record in the park

mu weiwei's entire body froze.

he wished he could kill himself at the thought of her behavior in front of luochenxi in the past.

mu yiling looked smug. "i knew it. you're even dumber than me, aren't you?"

fortunately, he still had a younger sister who could support him.

he was not the person with the lowest status in the family!

mu weiwei snapped back to her senses and glared at him. "i can't tell, but how are you any better than me? didn't you also not recognize that chen xiluo was sister-in-law? i heard that you thought big brother and brother helow were a pair of gay friends, and you were almost beaten up by big brother!"

"you ...! mu weiwei, don't you know how to respect the elderly and the wise? you're so close to your brother ..."

"enough! 'yiling, don't you think that's ridiculous?' are you bullying your sister again?"

mu yiling was about to show off his authority as an elder brother, but he was interrupted by tan yueru before he could finish his sentence.

boxn ov el. c o m

the two elders of the mu family walked down the stairs and said in a bad mood, "your big brother is proposing to you today. it's such a big matter, but you're not cooperating well. you only know how to bully your little sister here! it's rare for wei wei to come home, what kind of brother are you?"

"i ...!"

mu yiling's face was sullen.

he could accept that his big brother had a higher status than him. after all, he had known since he was young that his big brother was a big boss that he could not afford to offend.

however, as the older brother, he didn't even have the right to educate his younger sister?

tan yueru waved her hand and said impatiently, "alright, alright, let's hurry up and set off."

the two elders of the mu family went out together, and mu yiling could only follow them.

mu weiwei walked at the back. when she saw mu yiling turn his head, she stuck out her tongue and made a sneer.

mu yiling was so angry that he almost jumped.

.....

the maybach sped all the way and soon stopped at the entrance of the amusement park.

mu yichen was worried that luo chenxi would notice it too soon, so he did not clear the place on purpose. he only controlled the flow of people entering the garden.

as soon as she entered the park, the little dumpling became excited and completely forgot about the task her father had given her.

she shook off her father and sister's hands and ran to the project she liked with her short legs.

mu yichen and luo chenxi had no choice but to give chase.

when she finally caught up to him, luo chenxi picked up the little dumpling in one swift motion.

"tang tang, you can't run around. there are many people here and you'll get lost. you must firmly hold onto big sister or dad's hand. what do you want to play? tell us and we'll take you there."

the little dumpling wrapped one arm around her neck and stretched out the other. " i want to play that! "

the two adults looked up and found that the two-person go-kart race track was in front of them.

the staff's eyes brightened when he saw the beautiful family of three. he took the initiative to welcome them and introduced them, " "sir, madam, and little cutie, are you here to play go-kart? for our project, the seats are one big and one small, so the little cutie can play with her father."

"our amusement park's go-kart race track is the most complicated in the entire country. it's a little exciting and very competitive. every batch will have ten cars set off at the same time. the parents and children who get first place will get the relaxed bear toy on the right."

luo chenxi and the little dumpling turned around to take a look. they were shocked at the same time. " that's great! "

mu yichen took a glance and asked, "there's an even bigger bear over there. how do i get it?"

the staff member was stunned for a moment. that one? you'll have to break the record of our park to get it. however, the record was set by a professional racer when we opened the park. it's impossible to break it ..."

Chapter 772: wait for me to win that super big bear for tang tang

mu yichen raised his eyebrows upon hearing the staff member's words.

the little furball also saw the largest bear, and its eyes lit up.

"wow, this xiong xiong is even better! tang tang wants this bear! can i, big sister?"

the little dumpling grabbed luo chenxi's wrist and raised her head to look at her.

her big eyes were filled with anticipation.

luo chenxi rubbed her little head and said with a smile, " "of course we can, we'll win this bear back!"

the corners of mu yichen's lips could not help curling up upon hearing that.

it seemed that his little woman was still very confident in him and knew that his driving skills were not inferior to professional drivers.

since that was the case, he had to perform well in front of his little woman. she would admire him even more after seeing his driving skills. this way, the chances of his marriage proposal succeeding would increase a lot.

boxn ov el. c o m

the staff member muttered in his heart.

although this family of three did not look like ordinary people, they could not be so confident!

what was the concept of a professional racer? this wasn't something that an ordinary person could compare to just because they had a little better driving skills!

ninety-nine percent of the people here had never even seen a racing car in their entire lives. it was even more difficult for them to imagine what kind of technique was required to drive such a high-speed sports car.

however, due to her status, she did not say much.

he only smiled and looked at the excited little dumpling. he bent down and asked, "little friend, do you want to play go-kart? this project might be a little exciting for children! the parents have to think about it before signing up."

every day, there would be children in the park who would be scared to tears by this project.

the little dumpling looked so soft and cute, completely different from the naughty little boys.

the staff member had to remind him.

the little dumpling nodded repeatedly. "yes, yes, yes! tang tang wants to play!"

mu yichen had never thought that the little dumpling could possibly be afraid of such a problem.

how could the daughter of the mu family be afraid of such things?

"how many people are still waiting in line?" he took a step forward and asked.

"there are fewer tourists today, so hurry up and register. the next batch will be leaving soon."

mu yichen nodded. "let's sign up."

the staff member was all smiles. "then, may i invite this little boy and dad to ..."

mu yichen turned around and was about to walk into the arena.

all of a sudden, a slender figure cut in from the side and entered the entrance just in time before him.

luo chenxi held the little dumpling's chubby little hand and said with a smile, "you're mistaken. i'm the one who's playing with my little friend."

“ah? what?”

the staff member was dumbfounded and stared at her in a daze.

“wait, stupid woman, what are you doing? come back here!”

mu yichen was also stunned for a moment before he reacted to the situation. he immediately walked forward in quick strides in an attempt to squeeze into the arena and grab the audacious little woman.

however, luo chenxi was even faster. she had already jogged into the arena with the little dumpling in her arms. she placed the little dumpling on the high chair by the side and was helping her buckle her seat belt.

mu yichen’s face turned slightly green. ‘luo chenxi! you ... you come out, i’ll bring tang tang to play with this project, it’s too dangerous!’

“which part is dangerous?” luo chenxi darted him a glance and said nonchalantly, ” “don’t worry, every project in the amusement park has been tested for safety, so there won’t be any problems! just wait and see how i win that super big bear for tang tang!”

Chapter 773: papa, why aren’t you cheering for us?

mu yichen’s expression turned even darker. he wished that he could drag this little woman out and teach her the family rules.

this was clearly dad’s doing!

other than the car that luo chenxi was in, the other nine cars were occupied by fathers and their children.

on the other hand, the people cheering outside the track were all mothers. they turned around one after another and looked at mu yichen with a surprised gaze.

young master mu almost couldn’t catch his breath.

he couldn’t help but feel lucky that he had worn a pair of sunglasses to hide his identity.

“luo chenxi, you’re off first ...”

he pushed the iron gate outside the track, planning to jump in and catch the man.

the staff member hurriedly stopped him. ” sir, you can’t go in now. please don’t force your way in, or there will be a safety accident! ”

boxn ov el. c o m

on the track, the children and their fathers were looking at luo chenxi and the little dumpling.

the little ball was not afraid of strangers at all. it smiled sweetly and looked around.

a little boy beside her saw this and immediately patted his chest, " pretty sister, don't worry! my dad's driving skills are amazing. we've been here a few times, and we've always been in first place! when i get the prize, i'll give you the relaxing bear!"

the little boy had a smug look on his face as he waited for his super cute little sister to look at him with adoration.

whoever knew that when the little dumpling heard this, his little face puffed up. " we don't need you to give us anything. we will definitely get the prize, and we will get the biggest bear! "

the little boy was a little dumbfounded and couldn't speak for a moment.

the little boy's father smiled kindly and looked at them. " hehe, you're so cute. " however, go-karts are different from the cars we usually drive. it's still a little dangerous. madam, you should drive slowly and pay attention to safety."

the other daddies at the side all agreed.

the father was usually the one who participated in this project. no one thought that the young and beautiful girl, luochenxi, could win.

on the contrary, because of her beauty, they were a little tender and afraid that she would get into an accident.

many of them were already making plans in their hearts to try their best not to snatch the road from luochenxi when they set off later. it would not be good if they frightened the mother and daughter duo.

luochenxi smiled but did not explain herself. she carefully checked the safety belt on the little dumpling's body again.

mu yichen was still making his last effort. " stupid woman, come out, do you hear me? "

luochenxi pursed her lips and pretended that she did not hear him.

the little dumpling even turned around and waved at her father. " daddy, why aren't you cheering us on? "

"what's there to cheer for?"

mu yichen was exasperated.

at this moment, the starting gun fired, and the match officially began.

the little boy's father calmed himself down and stepped on the accelerator skillfully, and the car sped forward.

this time, he was still in first place. as he watched the competitors around him disappear from his field of vision, a smug smile appeared on his face.

the little boy cheered on from the side, " daddy, you can do it! we must get first place!"

he had to seize the opportunity to make friends with such a cute little girl.

“you little brat, how did you know how to please girls at such a young age? don’t worry, when has daddy not ...”

before he could finish his sentence, a blurry shadow brushed past their car.

the speed of the car was too fast, and the timing of the overtaking was excellent. it was so unexpected that the father and son did not react for a while.

Chapter 774: it’s ... it’s that pretty little sister and her mother!

it was not until the red go-kart was dozens of meters ahead of them and did a very cool drift to bypass the most difficult lane in front of them that the father and son suddenly came back to their senses.

“damn, who ... who is this? wasn’t the speed a little too fast? could it be that there’s a hidden expert among the participants this time?”

it wasn’t unusual to be fast. anyone could be fast if they stepped on the accelerator.

however, the go-kart race track was very complicated. not only were there all kinds of turns, but there were also many obstacles and all kinds of ups and downs.

at such a high speed, they would hit the rubber protective cover on the side of the road if they were not careful.

however, the driver of the car that had just overtaken them was obviously very skilled, and his control was not bad.

the car drove steadily on the road. no matter how tricky the obstacles on the road were, the other side was like walking on flat ground and did not encounter any danger.

if the father didn’t know how fast he was driving, he would have thought that they were driving at a safe speed on an ordinary highway.

just as the father and son were in a daze, the red go-kart had already disappeared.

boxn ov el. c o m

only then did the father come to his senses. he gritted his teeth and sped up, chasing after her.

however, no matter how hard he tried, he could not even see the tail of the other party’s car.

moreover, because he was blindly accelerating, there were a few times when he almost hit an obstacle, and the situation was dangerous.

the little boy was so scared that his face turned pale, and he kept screaming.

for the sake of his son’s physical and mental health, he had no choice but to slow down and give up on chasing.

however, she was still unwilling to give up. ” what’s going on? who was this person? why was he so fast? my god, his speed is simply unimaginable. he’s almost as fast as a professional driver, right?”

“dad, i saw a red car ... in the red car, it’s ... it’s that pretty sister and her mother!”

the little boy was so shocked that he couldn’t even close his mouth.

dad was stunned for a moment. after thinking about it carefully, he understood.

her hand trembled, and she almost hit the side of the road again.

that’s right, his son was not mistaken!

the ten go-karts in the park were all of different colors. in the bright red car were the extremely beautiful mother and daughter!

how could a woman ... be so good at driving?

he had just told her to drive slowly and to be careful ...

the little boy’s father had suffered a serious blow and was in a daze. he was almost caught up by the car behind him.

he quickly focused his attention and accelerated again to keep his lead.

when he finally finished the journey and arrived at the end, he could see that it was the end.

the red go-kart was already parked by the side of the road, and the mother and daughter had already gotten out of the car.

a large group of staff members surrounded them.

it was obvious that he had been here for a long time!

“how ... how could he be so fast? they couldn’t have really ... really broken the record, right?”

luo chenxi was the first to cross the finish line.

“oh, big sister is so sweet! big sister is super sweet! i like big sister the most!”

the little furball immediately threw itself into her arms, its eyes full of adoration.

luo chenxi smiled smugly. “ tang tang is very brave too! ”

the little dumpling sat beside her and cried out excitedly the entire time. however, there was no fear on its face. instead, it was extremely excited.

he looked just like her when she was young!

luo chenxi was surrounded by the staff members as soon as she got out of the car with the little dumpling.

” madam, you actually ... really broke the record!! ”

Chapter 775: my dear, am i amazing?

if he hadn't seen it with his own eyes, he wouldn't have believed it.

this elegant beauty not only had a daughter at such a young age, but her driving skills were also amazing!

her daddies were all left far behind her.

and in the end, he really broke the record left by the professional driver!

not only the staff, but the other drivers had also arrived one after another and surrounded them.

everyone's face was filled with shock and admiration.

"this mother, you're too amazing! when we heard you say that you wanted to win the biggest bear for your daughter, we thought you were just bragging. we didn't expect you to really do it!"

"he's really too strong! i won't dare to look down on female drivers anymore!"

"no wonder you didn't let your husband drive just now. you must be much better at driving than him. he must be under a lot of pressure, right?"

boxn ov el. c o m

"what's there to be afraid of? with such a beautiful and powerful wife and such an adorable daughter, this man must have saved the world in his past life, right?"

luo chenxi blushed a little when she was surrounded and praised by the crowd.

she cleared her throat. "ahem, that ... i've broken the record. does that mean i can get a prize?"

the little furball's eyes were fixed on the bear!

"that's right, i'll bring you guys over to receive your awards," the staff quickly said.

luo chenxi nodded.

holding the little dumpling's hand, she turned around and followed him.

halfway there, a strong force suddenly came. her slender waist was held by a strong and powerful arm, and she was pulled back to the side.

luo chenxi crashed into a familiar embrace in an instant.

her heart skipped a beat and she knew that this was bad.

as soon as she looked up, she saw mu yichen's dark face. she immediately put on an ingratiating smile. "my dear, am i very impressive? you've won such a big bear for tang tang!"

"powerful? hehe, you're really good. i'm about to die from anger!"

mu yichen looked down at her coldly from above. his thin lips were slightly pursed.

only god knew that when he saw this stupid woman speeding on the track at that extreme speed, he was so scared that his heart almost stopped!

at such a high speed, even the slightest technical error could cause an accident.

even in an amusement park with safety measures, it was possible to get injured.

luo chenxi felt a little indignant after being glared at by him. she puffed out her chest and retorted, "you ... what are you angry about? i'm just bringing tang tang to play an attraction! don't you want to play too? why can't i play?"

"because ... i'm your man!" mu yichen gritted his teeth.

luo chenxi was furious, 'you're being sexist! look at how good my driving skills are, i've even broken the park's record!"

"you still dare to talk back? do i have to teach you house rules again?"

mu yichen could not refute her. he squinted his eyes and his gaze swept past her delicate red lips.

his threatening gaze made luo chenxi sense danger, so she retreated backward subconsciously.

"mu ... cough, cough, what are you doing? i'm warning you, there are so many people here, don't you dare bully them ..."

in front of so many people, he still wanted to teach some ... family rules?

it didn't sound like anything good ...

"how is this bullying you?" mu yichen's voice suddenly turned deep.

the arm around the woman's waist suddenly tightened, and the two of them got closer and closer ...

"papa, go away! daddi was so fierce! you're not allowed to bully big sister!"

the little furball suddenly jumped out and forcefully kicked mu yichen's leg.

"i'll go!"

mu yichen's expression changed.

he had forgotten that the little troublemaker was still by his side.

Chapter 776: when the proposal is successful, i'll catch her and teach her the family rules!

the little dumpling was hugging luo chenxi's thigh. it glared at mu yichen with its big, round eyes.

her expression was exactly the same as luo chenxi's.

when the little dumpling saw mu yichen being so fierce to her elder sister, she instantly forgot all the things that her father and grandmother had told her before they left.

he was only concerned about protecting luo chenxi.

mu yichen recalled his purpose for coming today. he took a deep breath and hypnotized himself to calm down quickly.

he was here to propose to her today, so ... no matter what this stupid woman did, he couldn't be fierce to her. he couldn't be fierce to her ...

when the proposal was successful, he would capture her and teach her the family rules!

at the thought of this, mu yichen let go of luo chenxi's waist. however, he did not let her retreat. instead, he held her hand and locked her by his side.

luo chenxi blinked her eyes and looked at him in puzzlement.

this man ... was a little abnormal today?

why did he suddenly become so obedient?

she was not used to it.

mu yichen held the little woman's hand with one hand. at the same time, he bent over and picked up the little dumpling with the other so that she could sit on his shoulder.

"uh, i'm sorry to disturb you. that ... do you guys still want the bear?"

the staff member had been waiting for a long time. when he realized that they were actually leaving, he quickly cut in.

"yes, of course i want it!" luo chenxi said hastily.

a staff member walked over and brought a bear that was about the size of a little dumpling to them.

luo chenxi stretched out her hand in an attempt to catch the bear, but the little dumpling had already pounced on her and hugged her in her arms.

the little ball was holding the big bear and lost its balance.

fortunately, mu yichen held her in place.

the little dumpling thanked the staff and waved her little hand.

the family of three turned around and left.

the other participating parents were still in a daze.

"wow, i didn't know the beauty's husband was so handsome! super handsome! and he's so manly, carrying our daughter with one hand."

"they're so close, they almost kissed at the door just now."

"as expected, good men belong to other people!"

.....

luo chenxi and mu yichen brought the little dumpling along and played in the amusement park for the entire day.

he had played almost every game.

with luo chenxi and mu yichen's abilities, it was only natural that they would come first in every event.

the prizes he won were getting more and more, and soon he couldn't hold them all, so he had to ask the bodyguard to put them in the car first.

they played until night time, and the little dumpling was so tired that he was yawning.

luo chenxi noticed that there were fewer and fewer people in the park, so she suggested, "it's almost time for us to go home, right? tang tang is about to fall asleep."

unexpectedly, just as she finished speaking, the drowsy little furball suddenly raised its head.

"i'm not going back!" he shouted. tang tang doesn't want to go home, she wants to take the ferris wheel!"

the little dumpling's big eyes sparkled as it rubbed against her neck and acted coquettishly. "i want to take the ferris wheel!"

it was as if the young woman who had fallen asleep in luo chenxi's arms while her head was nodding off earlier was not her at all.

"alright, we'll take the ferris wheel then," luo chenxi said.

she didn't know why the little dumpling liked ferris wheels so much.

he had to take the ride every time he went to the amusement park.

luo chenxi walked in front with the little dumpling in her arms.

mu yichen followed behind her and gave the little dumpling an approving look.

this little troublemaker ... finally remembered her responsibility today.

earlier, he was worried that the little dumpling would fall asleep in the middle of the night. if luo chenxi insisted on going home, his arrangements for the day would have been in vain.

Chapter 777: i hope i can be with you forever

the family of three walked towards the ferris wheel.

there were fewer and fewer people on the road.

when they approached the bottom of the ferris wheel, there were only a few staff members in the park. there was not a single tourist in sight.

luo chenxi felt a little uneasy. she tightened her arms around the little dumpling.

"mu yichen, why are there fewer and fewer people? did the amusement park close early? why don't we ... go back too?"

mu yichen went forward and wrapped his arms around her waist. he pulled her forward.

“don’t worry, with me here, no one would dare to chase us out.”

“i didn’t mean it that way ...”

” tang tang specially came here to take the ferris wheel today. if we go back like this, how disappointed will she be? ”

boxn ov el. c o m

the little dumpling played along with her father’s words. she pouted her little mouth at the right time and looked aggrieved.

“big sister, i want to take the ferris wheel ...”

mu yichen brought luo chenxi to the bottom of the ferris wheel.

today, this was the most popular attraction in the entire amusement park, but there was not a single visitor in line.

when the staff saw the three of them, they immediately went up to them.

” young master mu, mrs. mu, little miss, the equipment is about to be activated. this way please. ”

mu yichen nodded and brought luo chenxi and the little dumpling onto the ferris wheel.

luo chenxi looked to her left, right, front, back, and forth. there was no one in any of the cockpits.

this made her a little confused and uneasy.

however, mu yichen’s expression was as if it was a matter of course, so she could not bring herself to ask.

could it be that there was really nothing wrong and she was just overthinking it?

the ferris wheel started, and the cabin rose a little.

in the beginning, the little dumpling was still hugging luo chenxi and acting coquettishly. when the cabin was close to the highest point of the ferris wheel, she suddenly let out an exclamation of surprise. her cat-like eyes widened at once.

soon after, she pushed luo chenxi away and stuck herself to the window.

luo chenxi was startled. ” tang tang, don’t run around. what did you ... see ... ”

she looked down through the glass window and was stunned.

this was T city’s biggest ferris wheel and was famous for overlooking the entire city.

every night, he would have a panoramic view of the brightly lit city of T city.

but today, it was a little different.

on the ground below, the lights of the buildings suddenly lit up, forming an ocean of lights. when these lights gathered, they actually formed a few huge english letters.

–I Love U!

luo chenxi's mouth was agape. she had yet to come to her senses when she heard the sound of explosions.

one after another, flames rose from the ground to the sky, lighting up the dark night sky with dazzling brilliance.

the time these flames stayed in the air was much longer than ordinary flames.

luo chenxi was watching with fixed eyes while the little dumpling was uttering 'wow wow wow' sounds of praise throughout the entire process. her tiny face was plastered to the glass.

the fireworks show was coming to an end, and the last few fireworks formed a " mary Me " pattern in the air.

luo chenxi was stunned for a moment.

behind her, the man's deep and sexy voice slowly sounded.

"chenxi, we've been together for almost half a year. we've gone through a lot of things together and got used to each other. we've also been separated because of some misunderstandings. it's also because of our last separation that i realized how important you are to me. you're so important that i can't bear to be separated from you. i want to be with you forever ..."

mu yichen's ears began to turn red as he spoke.

this was the most nauseating thing he had ever said in his life.

Chapter 778: kidnapping the little white rabbit into the wolf's den

when they were planning the proposal, mu yiling emphasized repeatedly that women loved to listen to sweet nothings. if he wanted the proposal to be successful, he had to say what luo chenxi liked to hear.

at the same time, he also mentioned several tragic cases of him being dumped by his fiancée because he couldn't speak.

if it wasn't for this, he wouldn't have said such words even if he was beaten to death.

furthermore, this was already the limit.

mu yichen swore in his heart that as long as he could lure the little white rabbit into a wolf's den this time, he would never say such embarrassing words again!

luo chenxi was shocked as well.

her tsundere little thing was actually so good at talking today!

she was so touched by his words that she almost cried.

they simply couldn't believe that young master mu had said this.

boxnovel.com

she turned around abruptly and met mu yichen's eyes.

the man's handsome face was tightly tensed, and his eyes were obviously nervous.

she couldn't see the cold, strong, and elegant temperament that usually attracted her the most.

however, luo chenxi could not shift her gaze away from young master mu in such a state. in fact, she even forgot to breathe.

only the sound of his heart beating reverberated in his ears.

at this moment, even the sound of the fireworks outside seemed to have disappeared.

mu yichen pouted his thin lips gently and glared at her when he saw that she was in a daze and did not speak.

even so, luo chenxi remained silent while she was still in shock.

mu yichen recalled the "key to a marriage proposal" that mu yiling had told him a few days ago. he clenched his teeth and took out a jewelry box from his pocket.

he opened it gently and passed it to luo chenxi.

at the same time, he knelt down on one knee.

"chenxi, please ... marry me!"

luo chenxi was truly shocked by this.

she had never thought that such a proud man like mu yichen would actually kneel on one knee and propose to her!

she took a few deep breaths before she could calm down.

she lowered her head to take a look and saw a dazzling diamond ring in the jewelry box in mu yichen's hand. the diamond embedded in the ring was astonishingly large and was cut perfectly.

the ring had been carefully designed, and the style was both classic and fashionable. it was exactly the style she liked.

it was apparent that mu yichen had put in a lot of thought into this proposal ring.

luo chenxi blinked. her eyes were already slightly moist.

she used to think that it was difficult to get along with a young master from a wealthy family like mu yichen. on their wedding night, she even thought that mu yichen was the most detestable man in the world.

who would have known that she would be so touched by mu yichen's actions after only a few months?

no one had ever put in so much effort for her ...

she tried her best not to let her tears fall and did not speak for a moment.

mu yichen knelt on one knee all the while. he stared at her fair and delicate little face. he did not even dare to blink.

his heart was extremely uneasy.

why didn't this stupid woman say that she was willing?

she had already rejected his proposal the last time. this time, could it be that ...

no, impossible!

if she dared to refuse again, he would kidnap her home and lock her on the bed. he would wait until she was pregnant with the little dumpling's brother and sister before kidnapping her to the wedding!

at the thought of this, mu yichen opened his mouth again and said in a probing manner, "chenxi, didn't you say that you hope that tang tang is your daughter and that you want to give birth to a younger brother or sister for her? take the ring and your wishes will come true."

as he spoke, he glanced at the little dumpling.

the little dumpling, who had already lost herself in the fireworks, finally reacted.

she ran to luo chenxi's side in a hurry. "elder sister, i want a younger brother or sister!"

Chapter 779: i ... i don't want to ...

"quickly agree to daddy! then, tang tang will have a younger brother or sister!"

the little dumpling said happily and calculated in its heart.

uncle said that once you get married, you'll have a younger brother or sister.

as long as big sister agreed, she would have a little bun to play with her tomorrow!

initially, luo chenxi had a touched and excited expression on her face. however, when she heard the words 'younger brother' and 'younger sister', her entire body suddenly trembled and her face turned pale in an instant.

younger brother or sister ...

the sky was very dark and luo chenxi was standing with her back against the light. thus, mu yichen and the little dumpling did not notice the subtle changes on her face.

mu yichen gave the little dumpling an approving look.

as expected, she was still his biological daughter!

boxn ov el. c o m

although it was a bit of a scam at times, he could still remember his lines at the critical moment.

this was the only request he, an old father, had for his daughter ...

mu yichen held up the jewelry box and held it in front of luo chenxi.

this time, he was almost certain that his proposal would succeed!

even so, luo chenxi remained silent and motionless. she did not have any intention of taking the ring at all.

mu yichen gradually lost his patience as he waited. his tone became tougher.

“stupid woman! are you willing to marry me or not? hurry up and say something!”

luo chenxi widened her eyes in surprise as if she had just woken up from a dream.

“i ...”

“you what?” young master mu asked.

luo chenxi bit her lips. “ i ... i’m not willing to ... ”

“why didn’t you just say you were willing ...”

mu yichen instinctively assumed that she had agreed to it when he heard her voice.

in the end, she was only halfway through her proud words when the expression on her face instantly stiffened. “ what did you say? can you repeat that? you ... you’re not willing?”

luo chenxi uttered the most difficult rejection. she had already calmed down by then.

she took a deep breath and spoke through gritted teeth, “ mu yichen, you ... you didn’t hear wrong. i ... i don’t think we’re suitable for marriage ... ”

“ not suitable for marriage? ”

mu yichen finally understood the situation. his expression turned extremely unpleasant at once.

“which part is not suitable? if we’re not suitable for each other, who else in the world is suitable for marriage? look at us, whether it’s in real life or in bed, we cooperate so well. my family likes you so much, and tang tang also sees you as her biological mother! is there anything else that you think is not suitable?”

“i ...”

luo chenxi opened her mouth in an attempt to explain.

however, she had only spoken one word when she was interrupted by mu yichen again.

“ oh right, i know you think i like to get jealous too much and think that i’m affecting your work. at most, i’ll control myself a little in the future. i won’t interfere with your work, and ... i’ll try not to get jealous. is that okay? ”

mu yichen finished his sentence in one breath. he glared at luo chenxi with a gaze that could only be described as fierce.

however, luo chenxi still shook her head. “ well ... i think that it’s still ... still not very appropriate ... ”

this time, young master mu's last bit of patience was completely exhausted.

he couldn't believe that his second proposal had been rejected again!

is there a mistake?

he was so well prepared this time and had considered all aspects, yet this stupid woman still rejected him?

had he not taught her the family rules for too long?

mu yichen could not hold himself back anymore. he stood up and clasped luo chenxi's shoulders before he kabe donned her against the wall.

"speak clearly, what exactly is not suitable between us? if you don't give me a proper reason, you'll be in big trouble today!"

Chapter 780: the ring is already on, i can't take it off!

"i ..."

luo chenxi opened her mouth, but she still could not utter a word.

the atmosphere had been so good just now that for a moment, she could not help but nod and say "i do."

however, the little furball's words were like a heavy hammer, knocking on her heart.

although she tried her best to forget what had happened four years ago, it was like a nightmare that lingered in her heart.

in the dark night, a strange man.

also, the dead baby ...

more importantly ...

"stupid woman! say something!"

mu yichen pinched her chin and forced her to raise her head to look at him.

luo chenxi's heart skipped a beat when she met the man's gaze that was filled with hidden anger. she broke out in cold sweat.

it could be seen that young master mu was very angry.

if it was possible, she did not want to hurt mu yichen's feelings when he proposed to her with such sincerity.

however, the little dumpling's words just now reminded her.

'i ... i can't bring mu yichen any harm ...'

luo chenxi pursed her lips and forced out a smile. she said in a pretentious relaxed manner, " " mu ... yichen, well ... i feel that the time we've known each other is...a little short. isn't it a little too soon to get married now? "

mu yichen gritted his teeth. " it's been more than half a year. you call it short?! "

luo chenxi choked.

he had just said that it was less than half a year, but now it had changed to more than half a year ...

was time like a sponge in mu yichen's heart? it will expand in water?

she coughed lightly. " that ... is too short! the statistics show that most couples only get married after dating for about two years. also, the statistics show that women who are easily won over have a high probability of not being cherished by their husbands after marriage ..."

"shut up! where did you read the statistics? this is simply nonsense!"

mu yichen could not bear to listen to her anymore, so he interrupted her rudely.

he had already started to plan in his heart to destroy this statistical data from the internet. he could also disband the organization that produced this kind of statistical report on the spot!

clearly, a couple who had known each other for half a year and married were the happiest, so what kind of nonsense was she spouting?

"this is not nonsense! the statistics still make sense."

luo chenxi softened her tone. " i think we can maintain the status quo and continue dating. but if we get married ... "

she knew that mu yichen was more amenable to coaxing than coercion, so she spoke in a friendly manner in an attempt to persuade him not to get married yet.

however, before she could finish her sentence, mu yichen grabbed her left wrist and raised her hand to his face by force.

then, he took out the ring from the jewelry box and put it on her ring finger without any explanation.

luo chenxi was completely caught off guard. by the time she reacted to the situation, the ring had already been worn firmly on her finger.

"mu yichen, what are you doing? i ... i didn't even agree to your proposal!"

she looked nervous and reached out to pick at the ring, trying to take it off.

however, this diamond ring was custom-made according to the size of her finger and fit her slender fingers perfectly. once she put it on, it was basically impossible to take it off.

she tried to pull it off a few times, but she couldn't get the ring off. instead, she made her fair fingers red.

mu yichen's face was as dark as water. he grabbed her hand tightly to stop her useless struggle.

"enough! the ring was already on, and he couldn't take it off! this means that you're my woman. just wait for the wedding!"
