

## Sweetheart 781

Chapter 781: he sold his own father ... just like that ...

upon hearing his words, luo chenxi raised her head and looked at him in disbelief.

“mu yichen, i said that i’m not willing to do it just now!”

mu yichen’s face was expressionless. “ what i heard was that i’m willing. ”

“you ...! i clearly said i’m not willing!”

luo chenxi was utterly speechless. this man was actually lying through his teeth.

every word she said earlier was crystal clear, but mu yichen acted as if he did not hear it.

“no, you’re willing.”

mu yichen emphasized once again.

he squinted his eyes when he noticed that luo chenxi was about to say something else. his tone was filled with threat. “ if you say something that i don’t like to hear again, i’ll teach you the family rules. i’ll kiss you until there’s no more unpleasant sound coming from your little mouth! ”

boxn ov el. c o m

his words made luo chenxi shudder.

how could this man be such a beast!

the two of them had different opinions, so he used this method to threaten her.

the little dumpling was still here!

luo chenxi quickly lowered her head and looked toward the little dumpling when she thought of her.

the little dumpling was standing by the glass window, pouting as she looked at them. she looked aggrieved and was on the verge of crying.

when she noticed luo chenxi’s gaze, she pouted her petite lips even higher. “ big sister, why don’t you agree to daddi? don’t you like tang tang? don’t you want to be with tang tang forever?”

she still remembered how mu yiling coaxed her.

helping father propose was so that big sister would always be by her side!

otherwise, she would not care if her father could get a wife!

she ran over and hugged luo chenxi’s thigh.

luo chenxi looked at her innocent little face. the words of rejection were on the tip of her tongue, but she could not bring herself to say them.

she held it in for a while before she softened her tone and coaxed in a low voice, "tang tang, big sister just doesn't want to get married so soon." however, i'll always be by your side, so you don't have to worry."

even if she were to break up with mu yichen one day, she could not possibly leave the little dumpling alone.

after all, the little dumpling was like her own daughter to her.

the little dumpling puffed up her toot little face and glared at her. "big sister, you can't lie to tang tang!"

"i promise i won't lie to tangtang, i swear!"

luo chenxi raised her right hand.

the little dumpling was relieved. "alright then. as long as big sister and tang tang are together, you don't have to promise daddi!" big sister doesn't have to keep daddi company, so she can keep provoking tangtang!"

mu yichen almost spat out a mouthful of blood when he saw the joyful smile on the little dumpling's face.

just a moment ago, he had thought that he had not raised this daughter for nothing. now, he realized that he was wrong, and very wrong!

in order to monopolize her big sister, she actually sold her own father ... sold ... sold ...

"stupid woman, if you dare to reject me again, don't even think about seeing tang tang in the future!"

mu yichen blurted out the threatening words.

however, almost in the next second, he felt that something was wrong.

of course, he should rely on his personal charm to settle his wife!

since when did he have to rely on his daughter?

the effect of his threat was immediate.

luo chenxi and the little dumpling shuddered.

soon after, the two of them hugged each other tightly and turned their heads at the same time. their similar little faces came together and they glared at mu yichen with the same pair of cat's eyes.

"mu yichen, how can you do this? you're too much for bullying a child!"

"bad daddi, stinky daddi! tang tang will ignore you for bullying big sister!"

Chapter 782: aojiao mu is really angry ...

"you guys ..."

mu yichen truly felt like vomiting blood.

he took a few deep breaths before he managed to suppress the anger that was stuck in his chest.

when the proposal failed, he was clearly the one who felt the most wronged. why did it seem like he was the one who had bullied them?

these two, one big and one small, clearly had him in their grasp!

at this moment, the cockpit shook slightly.

it was only then that mu yichen realized that they had already returned to the ground.

luo chenxi was kissing the little dumpling in her arms when young master mu suddenly grabbed her wrist and pulled her out of the cockpit.

“wait, mu yichen, tang tang ...” she was shocked and called out hastily.

boxn ov el. c o m

mu yichen bent down and picked up the little dumpling.

his other hand refused to let go in the slightest. he clasped luo chenxi’s wrist firmly such that a red mark was formed on her fair skin.

“mu yichen, it hurts. let go of me. you’re hurting me! let me go first, we can talk this out ...”

mu yichen relaxed his grip a little when he heard her cry out in pain.

however, he still held her tightly and refused to let go.

he strode forward while luo chenxi was being dragged by him. she had to jog to keep up with his pace with great effort.

“mu yichen, you ... walk slower ...”

luo chenxi looked at the man’s handsome yet cold side profile. she felt like crying but had no tears.

aojiao mu was really angry ...

just as she was racking her brain for a way to coax young master mu, she heard a soft “ bang ” not far ahead!

then, balls of colorful ribbons and powder were sprayed at the family of three.

it splashed all over the three people’s heads and faces.

the three of them were stunned.

mu yiling’s excited voice came from the front, “ hahaha, Surprise! brother, you didn’t expect us to follow you, right? wasn’t today’s proposal set up perfectly? sis-in-law must have agreed to your proposal immediately, right?”

this really touched on a sore spot!

mu yichen's stomach was already filled with rage. his face darkened at once when his idiotic younger brother sprayed the colored powder all over his face.

however, just as he was about to teach his younger brother a lesson, another voice was heard.

"big brother, congratulations on your successful proposal! congratulations, sister-in-law!"

mu weiwei walked out from behind mu yiling.

she peeked at luo chenxi cautiously as she was speaking. she lowered her head and appeared embarrassed.

mu yichen furrowed his brows. before he could say anything, tan yueru and mu yunfeng walked out from behind.

"hehe, my daughter-in-law! this time, you're a member of our mu family, and you can't run away! i'll leave my good-for-nothing son to you in the future. i don't have any other requests. i just want to give tang tang a younger brother or sister as soon as possible."

tan yueru looked at luo chenxi with a smile on her face.

the more he looked at this daughter-in-law, the more satisfied he was.

she was pretty and capable, and she could even coax the little dumpling and mu yichen into submission.

she had always been worried that her son would marry luo chenxin, that outrageous woman. now, it seemed that it was all thanks to luo chenxin. otherwise, the son would not have been able to find such a lovely wife.

luo chenxi's rebuttal against mu yiling was already on the tip of her tongue.

in the end, she was speechless when tan yueru came out.

tan yueru was so good to her, and she really didn't want to disappoint her.

other than the mu family, a few of mu yichen's good friends had also arrived.

fang ziqian had come with bai shixun.

second young master bai kept talking to her from the side, but she had an awkward expression on her face.

Chapter 783: bai shixun, take your people away!

fang ziqian's eyes brightened at the sight of luo chenxi. she immediately pushed bai shixun, who was an eyesore, away and rushed to luo chenxi to grab her hand.

"little wei xi, i really have to congratulate you and young master mu! you two are the most compatible and loving couple i've ever seen. you'll definitely grow old together! on the day of the wedding, remember to ask me to be your bridesmaid." fang ziqian said excitedly.

she had grown up with luo chenxi since they were young. before luo chenxi was adopted by lu wenjun, the two of them were inseparable in the orphanage.

no one knew better than her how many difficulties and blows luo chenxi had to go through that were beyond the imagination of an ordinary person in order for her to make it to where she was today and to be with a man who loved her so much.

fang ziqian was so moved that she was on the verge of tears when she saw the huge pigeon egg in luo chenxi's hand.

"uh, this ..."

luo chenxi did not expect that she would be there too. she wanted to say something but stopped herself on several occasions. in the end, she felt that the occasion was not suitable for her, so she did not say anything.

"thank you, little qianqian."

on the other hand, mu yichen's gaze was fixed on the two girls' hands that were intertwined.

boxn ov el. c o m

if it wasn't for fang ziqian's praise of them being the "most compatible and loving" couple, he would have thrown her out of the picture long ago.

mu yichen's face darkened. he glanced at bai shixun. "bai shixun, why aren't you coming over here and taking your people away? i'm going home with my wife!"

fang ziqian was still so excited that she did not notice what mu yichen had said.

bai shixun, on the other hand, had a smug look on his face as he walked over. "alright, qianqian, we've already sent our blessings. you can go now. let's not disturb the couple making a baby."

fang ziqian did not want to pay any attention to him at first, but she let go of luo chenxi's hand unwillingly when she heard that he made sense.

"alright then, i won't disturb you and young master mu any longer."

"little qianqian ..."

luo chenxi was about to say something when she suddenly felt something tighten around her waist. her body was lifted into the air.

it turned out that mu yichen was already impatient from waiting. he simply carried her in his arms and walked straight toward the sports car.

"mu yichen, you ... what are you doing? put me down, i have legs, i can walk on my own!"

"you're walking so slowly like a turtle, and you still have the nerve to say that? i'm lowering myself to take care of you, you short legs, and you still have an opinion?"

"who are you calling short-legged?"

luo chenxi's exasperated voice was heard.

behind the two of them, mu yiling covered his stomach with his hands. his face was filled with pain. "damn, this dog food ... i'm so full!"

mu weiwei also appeared to be very angry. "big brother has no sense of public morality. he's throwing dog food around!"

the little furball clenched its fists and looked in the direction where its elder sister had left. it was so angry that its face was puffed up.

"daddy, come back! big sister is sweet! quickly return big sister to me!"

unfortunately, her young and tender voice could not travel too far, so mu yichen did not hear her at all.

of course, even if he did, he would not bother with his daughter at such a critical time.

the little dumpling had no choice but to turn around and look at tan yueru pitifully, complaining loudly, "grandma, daddy is bullying tang tang ..."

tan yueru chuckled. "tang tang, be good. your father just went to make you a younger brother or sister. "alright, let's go back."

it seemed that it wouldn't be long before a new member was born in the mu family.

.....

the sports car sped all the way and stopped in front of the mu family's villa after more than ten minutes.

mu yichen carried his fiancée who was freshly baked out of the car and walked straight to the master bedroom on the second floor.

luo chenxi's butt landed on the bed. she was shocked. she pushed the man's chest that was constantly approaching her away to avoid his passionate kiss.

"mu yichen, d-don't be like this. let's talk ..."

Chapter 784: i have to get married even if i don't want to!

"mu yichen, d-don't be like this. let's talk ..."

just now at the amusement park, there were so many people all of a sudden, so she could only hold back the words she wanted to say.

now that it was only the two of them left after much difficulty, she had to make things clear to mu yichen.

if he didn't force the ring on her hand, she would be mrs. mu.

so unyielding, so self-centered, it was simply an act of tyranny!

the corners of mu yichen's lips twitched once when he heard her voice. he could already guess that the so-called 'talk' this woman was talking about was definitely not something good.

thus, he simply pretended that he did not hear her. not only did he not push her away as luo chenxi had hoped, but he exerted more force and pressed the petite woman down onto the large, soft bed.

she turned her head and accurately blocked the little mouth that was chattering non-stop.

"hmmm ...!"

boxn ov el. c o m

luo chenxi widened her eyes. she shook her head in an attempt to shake him off.

mu yichen closed his eyes slightly and kissed her pink lips even more wantonly.

he did not know how much time had passed, but he only released her lips when he felt that the woman's resistance had completely disappeared.

he stretched his large hand to luo chenxi's back and touched the zipper before he pulled it down ...

however, before he could pull the zipper to the end, a huge thrust suddenly came.

he was caught off guard and was pushed to the side.

fortunately, they were entangled on the big bed, so mu yichen did not fall off even after rolling half a round on the bed.

on the other hand, luo chenxi was agile. she seized the opportunity to leap up from the bed and dodged to the side.

"mu yichen, you ... why didn't you listen to me? i have something to tell you!"

her lips were lustrous and slightly swollen. there was a faint blush on her fair face, and it was obvious that she had just been kissed by a man.

mu yichen could not take his eyes off such a beautiful scene. he felt as if his body was starting to hurt.

if he had pinned luo chenxi down on the bed earlier to stop her from rejecting him and attempted to solve the problem with his beauty, then he was completely controlled by his body's instincts now. he wished that he could swallow the petite woman before him in one gulp.

luo chenxi could not help but take a few steps back when she saw mu yichen's eyes burning with rage.

"can you let me finish first? even if you don't let me say it, the problem will always be there!"

mu yichen's eyes were cold and dark as he looked at her serious expression. he sat down on the edge of the bed.

"what do you want to say? i'll give you five minutes. i can only endure for five minutes."

the words that were obviously spoken with a flirtatious tone made luo chenxi's face turn even redder.

she coughed a few times and told herself to calm down. she didn't want to be seduced by the beauty in front of her and forget what she was doing.

"ahem, mu yichen, about that ... it's about tonight ..."

she stammered.

mu yichen's expression darkened immediately."what are you trying to say? if you're saying that you don't want to marry me, then you don't have to say it! there's no room for discussion!"

he had been rejected twice and was already embarrassed to the point of losing face. he did not want to hear her reject him again.

to be honest, young master mu was already very regretful.

why would he propose?

he would steal this stupid woman's household register and go to the civil affairs bureau to get the certificate. then, he would be able to turn her into mrs. mu without anyone knowing.

when the time came, he could secretly prepare for the wedding and kidnap her to the wedding scene.

she had to get married even if she didn't want to!

Chapter 785: i wish tang tang was my daughter!

he must have had nothing better to do to propose!

he hadn't learned his lesson from the last rejection!

this woman just needed to be taught a lesson. she should just be locked up in bed for seven days and seven nights.

luo chenxi lowered her head and stole a glance at him.

she was a little scared at once when she saw the anger on mu yichen's face.

however, when she thought about what had happened four years ago, she felt that she should not be so selfish and harm the man who had treated her so well, and also the little dumpling ...

luo chenxi mustered her courage and cleared her throat. " mu yichen, you can't do this. i have my own freedom ... "

"to hell with his personal freedom!"

mu yichen was furious. he took a few steps forward and grabbed her wrist.

boxn ov el. c o m

luo chenxi did not manage to dodge in time, so she was kabedonned once again.

"tell me clearly, what are you dissatisfied with? why don't you want to marry me? what do you say?" mu yichen fixed his gaze on the little woman in his arms.

“i ... this ...”

luo chenxi pursed her lips.

there were countless words that were weighing down on her heart initially, but she could not utter a single word when she was faced with mu yichen’s face that was filled with lethal charm.

if only ... this man knew that she was not the woman as pure as a piece of white paper in his imagination.

she wondered how disappointed he would be.

she was very afraid to see the disappointment in the eyes of the man she loved.

however, that was not a reason for her to reject the proposal.

more importantly, four years ago, she was drugged and got pregnant, resulting in a stillborn. furthermore, that extremely difficult delivery had left her with permanent side effects that she would never be able to get rid of.

because of the massive bleeding after giving birth, she was on the verge of death several times on the operating table. later, although she was rescued, she ... could no longer have her own child.

as long as she thought about how much the entire mu family was looking forward to the arrival of a new member, she deeply felt that she was not worthy of such a good family.

if mu yichen married her, it would be impossible for him to have any other children other than the little dumpling in the future.

the little dumpling’s younger brother and sister whom she had been longing for would never appear.

tan yueru and mu yunfeng were also looking forward to having a grandson ...

everyone was so good to her, but she couldn’t even fulfill such a small wish of theirs.

she knew that mu yichen might not blame her, but she could not harm them like that.

“say something? you should at least have a reason to reject me, right? do you think i’m not good enough to you?”

“no, no, you’re really good to me! i won’t be able to find a man who treats me better than you!” luo chenxi shook her head hastily.

mu yichen snorted coldly. “ don’t think that i’ll be fooled by you just because you put in a few good words! if that’s not the reason, could it be that ... you think that i have a daughter before marriage and don’t want to be a stepmother?”

grandmother mu had used this as an excuse when she forced him to marry luo chenxin in the past.

she said that other than the little dumpling’s biological mother, all other good girls would have their own concerns and would not like to be stepmothers.

luo chenxi’s eyes widened in surprise. she shook her head hastily.

“no, no, no, how can that be possible? what are you thinking? i love tangtang the most! i can’t wait for tang tang to be my daughter!”

” then what are you dissatisfied with?! ”

the last sentence was almost forced out of mu yichen’s mouth through the gaps of his teeth.

no matter how he thought about it, he couldn’t understand why this little woman in front of him refused to marry him when they had such a good relationship!

Chapter 786: do you think i’ll believe this kind of nonsense?

this was simply the greatest setback he had ever encountered in his life.

yet, he could not do anything to this little woman.

not to mention scolding or beating her, he would not even bear to speak to her a little louder.

luo chenxi bit her lips while countless thoughts flashed through her mind.

in the end, she still could not say anything.

she opened her mouth and the voice coming out of her throat was unusually hoarse. ” it’s just ... it’s just ... didn’t i say it on the ferris wheel? we’ve only known each other for a short time ...”

she felt a sour feeling in her chest, and for a moment, she thought she was going to cry.

however, he did not.

she curled the corners of her lips and forced a smile. ” mu yichen, how can you be like this? you still say you like me, but you don’t even have the patience to pursue me seriously. i told you, half a year is too short. if you want to get married, you have to date for at least two years! don’t tell me you can’t even wait for this little bit of time?”

boxn ov el. c o m

mu yichen did not speak immediately. he squinted his eyes and a wisp of coldness flashed past the bottom of his eyes.

luo chenxi’s back broke out in cold sweat when she felt his probing gaze.

he felt as if his heart was about to jump out of his throat.

mu yichen only spoke coldly after a long while, ”is that really the case?” just because we’ve only been together for a short time?”

luo chenxi returned to her senses and nodded hastily. ” that’s right! ”

“ha!”

mu yichen sneered. ” do you think i’ll believe such nonsense? tell me the truth, why?”

luo chenxi became even more nervous at once.

young master mu could actually tell that she was looking for an excuse to brush him off!

how was she supposed to answer this?

luo chenxi racked her brains but she could not think of a better reason.

however, she could never tell mu yichen the truth.

on the one hand, she could not bring herself to speak of such a painful memory. on the other hand, she was afraid that mu yichen would say that he did not care!

she really couldn't bear his deep love ...

the room fell into a strange silence.

mu yichen did not say anything else. his dark eyes were fixed on her pale and tense little face due to her guilty conscience. he observed every minute change in her expression.

in the end, he sneered. " alright, i understand! "

luo chenxi's eyes widened abruptly upon hearing his words.

what did he mean by ... understood?

what did this man understand?

however, mu yichen did not give her a chance to ask.

he suddenly let go of her, straightened up, and strode out of the bedroom without even looking at her.

a "bang" was heard.

the bedroom door was slammed shut by the man.

the sound made luo chenxi tremble all over.

she knew that mu yichen was truly furious this time.

moreover, he had enough reason to be angry. anyone who was involved in such a matter and inexplicably rejected by the woman they loved would be angry.

if it was possible, she really wanted to rush over immediately and hug mu yichen's waist so that she could smooth out the cold arc on the tsundere man's face.

but ...

she couldn't.

at least not today.

she wanted to make mu yichen give up on the idea of marrying her.

luo chenxi walked out from the corner slowly. she leaned against the headboard and closed her eyes.

"mu yichen, i'm sorry. i hope that you and tang tang can forgive my selfishness."

she should have broken up with mu yichen immediately and left the position of mrs. mu to another woman who was more worthy of him. she should not have occupied it and refused to let go.

but she really couldn't bear to.

that was why she had asked mu yichen to pursue her for two years.

at the very least, she could stay by mu yichen's side for a little longer.

Chapter 787: don't, my baby!

"quickly prepare for the operation! the patient was seriously injured in a car accident, and the fetus in her womb is already eight months old. she must undergo surgery immediately!"

"the patient has lost too much blood and is in shock!"

"no, i can't keep the child!"

"at a time like this, you still care about whether the child can be saved? we'll save daren first, save as many as we can!"

in the darkness, luo chenxi felt as if she had returned to that stormy night.

she was lying on the operating table, her body cold and her consciousness blurry.

she could hear the intermittent footsteps and the urgent discussion of the medical staff around her, but she could not move at all.

her body seemed to be floating in the clouds.

all the sounds seemed to be coming from far, far away.

boxn ov el. c o m

it was so unreal.

when she heard the word " child, " her heart suddenly clenched, and deep fear filled her body.

"no... don't! don't give up on my child! save her, save her!"

she seemed to be shouting, but no matter how hard she tried, she could not utter a single word.

the cold scalpel fell on her body.

she could feel that a part of her body had been separated from her ...

"no! don't! my baby!"

luo chenxi shrieked and sat up on the bed abruptly. her back was drenched in cold sweat.

in front of her was the master bedroom of the mu family, which was luxuriously decorated and warm.

the sun shone through the silk curtains and landed on the floor beside the bed.

such a peaceful and quiet atmosphere formed a sharp contrast with the nightmare she had just had.

luo chenxi blinked her eyes and was stunned for a moment. her rapid breathing gradually calmed down.

she raised her hand and wiped the sweat off her forehead. " so it was a dream ... "

although it was a dream, everything in the dream was too real.

she had already intentionally forgotten these memories. ever since she got together with mu yichen, she had almost never recalled them.

but, last night ...

mu yichen had touched her too much.

how could a woman like her, who was incomplete, be worthy of such an outstanding and affectionate man?

luo chenxi buried her face in her palm. her heart sank bit by bit.

at this moment, a series of banging sounds came from the door.

"big sister, quickly get up! let's eat breakfast!"

luo chenxi immediately leaped up from the bed upon hearing the little dumpling's voice.

after a simple rinse, she went to the restaurant on the first floor to eat.

at the dining table, the two elders of the mu family, mu yiling, and mu weiwei were all present. everyone's face was filled with joy.

the only person missing was mu yichen.

tan yueru was grinning from ear to ear. she had been putting food on luo chenxi's plate throughout the entire meal. she had completely forgotten about her biological daughter and son.

"chenxi, eat more and try this bird's nest with rock sugar. i specially asked someone to bring this blood bird's nest back to the country. women need to take care of themselves. although you're still young, our family doesn't lack money, so it's always right to start taking care of yourself earlier."

luo chenxi hastily took the bowl from tan yueru. " ... thank you, mom! "

facing tan yueru, who regarded her as her own, her guilt deepened.

tan yueru couldn't help but complain while watching her drink the bird's nest.

"yichen, that brat, he just proposed to me yesterday, and now he's in the office again, saying he has an emergency meeting! what meeting was so important? is it more important than my daughter-in-law? chenxi, don't be unhappy. let's see how mom will teach him a lesson!"

Chapter 788: learn from your brother and find me a wife

luo chenxi took a glance at the empty seat on the table. she was slightly stunned.

“he went to the office ...”

tan yueru was a little surprised. “ what? didn’t yichen tell you? he left early this morning.”

a hint of sadness flashed in luo chenxi’s eyes, but she still said in order not to worry tan yueru, “ i think he did, but i didn’t wake up in the morning, so i don’t remember what he said.”

“i see. if you’re still sleeping, you can rest after eating.”

tan yueru laughed very happily when she heard this.

this little brat is still working hard.

after raising her for so long, she was finally of some use. at least she had a wife.

however, after taking care of one, there was still one more unreliable one left.

boxn ov el. c o m

at the thought of this, tan yueru could not help but turn her head and glare at mu yiling.

“yiling, look at you. you’re already 24 years old, but you haven’t had a proper girlfriend! learn from your brother, find me a wife, and give birth to a few little cuties that are just like candy. don’t play with dogs all day!”

mu yiling was originally engrossed in eating when a spear suddenly flew toward him and hit him in the chest.

he was so shocked that his hand trembled and almost dropped the xiaolongbao that he had just picked up.

“mom, aren’t you being too nosy? i’m only twenty-four years old, not thirty-four! i’m still young, and i don’t want to be like my brother, entering the grave of marriage so early. besides, our snowball is so cute. if it knows that you dislike it so much, it will not be happy.”

mu yiling reached out and pressed his chest. he was shocked.

the scene of his big brother falling into love and becoming a wife-slave and a king of jealousy was still vivid in his mind. how would he dare to find a girlfriend?

he still wanted to live a few more years of a beautiful single life, and he didn’t want to be like his older brother.

tan yueru glanced at him, her face full of disdain.

“you still have the nerve to say that! weren’t you very popular with girls when you were young? i heard that there are a bunch of women on weibo who want to bear your children, can’t you put in more effort?”

“mom, is your son still loved by everyone? however, i also have requirements. i can’t just close my eyes and randomly pick one, right? if you want to marry someone, you have to marry someone like sister-in-law, beautiful and capable. only then can she be worthy of the title of the mu family’s young lady, right?”

tan yueru was rendered speechless by mu yiling's words.

"alright, alright, you only know how to quibble! what's the point of raising you? move aside, you're an eyesore!"

mu yiling clutched his chest and almost burst into tears!

in the past, before big brother got married, his mother would always scold him. now that he had lost his shield, it was his turn to be unlucky!

if he had known earlier, he would not have stayed in the villa yesterday.

at the thought of this, mu yiling quickly finished his breakfast. he put down his chopsticks and stood up without the slightest hesitation.

"mom, i suddenly remembered that yang asked me to go to the company yesterday. i'll go and find him now! i'll be leaving first!"

then, he rushed out of the door before tan yueru could react.

tan yueru looked at his back in confusion. " what happened? " didn't this kid hate going to the office? every time i let him go to work, it's like i'm taking his life. why did he suddenly change his personality today?"

.....

mu yiling was not lying.

he left the mu family's villa and drove his sports car to the mu group.

Chapter 789: talking about money hurts feelings?

the mu family's second young master rarely appeared in the company, only a few times a year.

however, the secretary on duty still recognized him immediately.

this was because mu yiling was an internet celebrity. he always bragged about his dogs and luxury cars on weibo. he was a well-known rich young master in the country.

although his weibo post was very suspicious of showing off his wealth, the amazing thing was that it didn't make people hate him. instead, it attracted a large number of fans.

that was because, compared to his cold and serious elder brother, second young master mu's playful and easy-going personality was much more approachable.

the secretary immediately came up to him. " second master, are you here to see the president? "

mu yiling nodded. " how is it? is my big brother in a meeting? or is there a client?"

"ah? it can't be? the president didn't attend any meetings this morning. he's been working on some documents in his office."

“what?”

mu yiling raised his eyebrows in surprise.

his brother had said in the morning that he had come to the company early because of an urgent matter.

however, he didn't think too much about it. he waved at the secretary, walked straight to the door of the president's office, and knocked on the door.

” who's there?! ”

young master mu's low voice came from the office.

mu yiling shivered subconsciously.

what was going on?

why did his big brother's voice sound like it contained anger?

no... that's impossible, right? this must be an illusion!

big brother had just succeeded in his proposal yesterday. he should be feeling proud and in an extremely good mood today!

at the thought of this, mu yiling ignored the strange feeling he had just now and shouted, ” “big brother, it's me! i'm your dearest little brother! i'm here to see you!”

the office was silent for a few seconds.

soon after, mu yichen spat out a single word coldly, ”get lost!”

mu yiling did not take his elder brother's words seriously at all. he pushed open the office door and walked in.

as he walked, he even let out an ambiguous laugh.

“big brother, don't be embarrassed! i know you're too happy that your proposal is successful and you're too embarrassed to show it in front of me. actually, you really don't have to be like this. it's normal for a groom-to-be to act like this. i won't laugh at you in front of your face!”

at most, they would secretly laugh at him behind his back.

mu yichen was triggered by tang wulin's repeated use of the word 'bridegroom-to-be'. his already gloomy face turned even darker.

he raised his head and glanced at mu yiling coldly.

however, mu yiling was still immersed in his own thoughts. he did not notice the change in his expression at all.

she continued, "big brother, the success of your proposal yesterday was inseparable from my perfect decorations, right?" it's all thanks to my careful planning that you were able to move sister-in-law! was she so touched that she cried yesterday? did she suddenly fly into your arms? who's the one who contributed to this?"

the more mu yiling spoke, the more excited he became.

he was about to be overwhelmed by his own amazing intelligence and wisdom!

he looked at his big brother with a smile. "so, i've made such a great contribution. big brother, shouldn't you reward me?"

"oh? you still want a reward? what kind of reward?"

mu yichen pursed his lips indifferently.

mu yiling waved his hand. "there's no need for a reward that's too expensive. we're brothers after all! i'm not helping big brother for the reward. talking about money will hurt our feelings. brother, you can just give me the limited edition porsche you bought last month!"

Chapter 790: you still have the nerve to talk about yesterday's incident!

upon hearing this, mu yichen could not help but sneer.

"i couldn't tell that although you're ugly, you're actually quite imaginative!"

mu yiling's face was initially filled with a smug smile. he was waiting for his big brother to nod.

after all, his big brother was not only rich, but also very generous. as long as he was in a good mood, he would ask for anything. this time, he had helped his big brother so much that he could easily ask for a car.

he had been coveting that porsche for a long time!

mu yiling had already begun to plan in his heart. after getting the car, where should he drive to take the photos and what kind of chicken soup for the soul should he add to the photos when he posted them online?

suddenly, he heard his brother say this.

he was stunned for a moment. "brother, you ... what did you say?" how am i ugly? we're blood brothers, you can't slander me like this!"

mu yichen's expression was icy cold. he swept a glance at him. "did i let you in? he actually pushed the door open and entered! 'mu yiling, where's your upbringing? i'm very busy right now, i don't have time to talk nonsense with you, you can get lost!"

mu yiling's eyes widened. you ... you're chasing me away? where's my car?"

“when did i say i was going to give you a car?”

“but ... but ...”

mu yiling was dumbfounded. he could not understand why his elder brother would have such an attitude.

“big brother, i ... yesterday’s proposal scene ... i spent so much effort! you also said that you would reward me if the proposal was successful!”

the gloominess in mu yichen’s heart grew stronger when he heard the word ‘proposal’.

he took a deep breath. “ you still have the nerve to talk about what happened yesterday! who told you that my proposal was a success?”

“uh ... ah?”

this time, mu yiling was in a complete mess.

” big brother, you ... did you propose yesterday ... did you get rejected by sister-in-law again? ”

this sentence was already heart-wrenching enough.

the word “again” sounded even more ear-piercing.

mu yichen’s face was so dark that ink almost dripped from it.

“that’s right, you still dare to say that your plan is in the bag? any woman who sees a proposal like this will cry and agree to the marriage? how could i believe what you just said? i should’ve known that you’re not reliable at all!”

mu yiling was still a little dazed after being scolded by his brother. he could not come back to his senses.

“wait ... wait, big brother, this ... is what you said true? did sis-in-law really reject you?”

mu yichen scoffed coldly. his gaze was as sharp as a knife as it swept across his face. ” what do you think? ”

mu yiling shuddered. he finally realized that things had really changed!

no wonder big brother was acting so strange today.

and he even foolishly congratulated his big brother ...

“but ... but, how is that possible? big brother, you’re so charming. you’re the man that all the women in china want to marry the most! you and sister-in-law have such a good relationship, you’re no different from a married couple! sister-in-law likes tang tang so much ...”

“no matter how you look at it, you shouldn’t have been rejected, right?”

mu yichen curled his lips coldly. ” do i need you to tell me that? ”

she really touched on a sore spot!

mu yiling realized that he had said the wrong thing again, so he quickly changed the topic.

” ahem, big brother, have you ever asked sister-in-law why she refused to marry you? ”

mu yichen gritted his teeth. ” that stupid woman said that i’ve only known her for half a year. that’s too short! he said that a couple who got married after knowing each other for two years would be happier.”
