

Sweetheart 791

Chapter 791: big brother, are you and sister-in-law a little ... not getting along in that aspect?

mu yiling's mouth was wide open when he heard that.

he subconsciously retorted, "big brother, you can't believe what sister-in-law said. this is definitely an excuse! if a woman really loved you to death, how could she marry you and consider the question of how long they had known each other? i'm sure he can't wait to marry you the next day!"

mu yichen put on a fake smile. "you're saying that your sister-in-law doesn't love me? i think your eyes are useless on your face. just dig them out!"

mu yiling realized that he had said something he should not have said in a moment of rashness. he quickly shut his mouth.

the cold sweat on his forehead dripped down in large drops.

a heartbroken man is too scary!

he was really regretful now.

why did he come to the mu group?

big brother was obviously in a fit of anger. he was already holding back his anger and didn't dare to vent it on his sister-in-law and the little dumpling, and he ... just happened to be in the line of fire!

boxn ov el. c o m

he had walked right into the trap.

he was eager to make up for his mistake and hurriedly explained, "big brother, i ... i really didn't mean it that way! i said the wrong thing just now. no, no, no, i ... i didn't finish! other women refuse to marry their boyfriends because they don't love them, but it's impossible that sister-in-law doesn't love you! anyone with eyes could tell that the two of you were very close! they're the best couple i've ever seen!"

mu yichen's expression turned for the better.

"hehe, do i need you to tell me that?"

the corners of mu yiling's mouth twitched. his big brother was really a tsundere. he obviously wanted to hear such flattery, but he still refused to admit it ...

mu yichen cast a sidelong glance at him and asked, "i'm sure your sister-in-law only has me in her heart, so why won't she marry me? haven't you always claimed to be a relationship expert? what do you think is the reason?"

mu yiling was on the verge of tears.

how would he know the reason?

if mu yichen had not told him personally that his proposal had failed, he would never have thought that such a thing would happen!

however, he dared not say that he did not know when he saw mu yichen's cold and stern face.

after racking his brain for a long time, he suddenly had an idea. i got it! big brother, are you and sister-in-law not getting along well in that aspect?"

"what's not harmonious?" mu yichen asked in confusion.

mu yiling could only put it bluntly. " it's ... it's about what you and sister-in-law did behind closed doors in the bedroom ... big brother, don't blame me for being nosy! this kind of thing was actually very important. whether a couple's relationship was good or not, to a large extent, depended on ... harmony or not. you absolutely can't hide your illness and avoid treatment!"

" if there's any problem, you can tell me secretly. as your brother, i'll help you find a doctor. i won't say a word! "

mu yichen did not quite understand at first, but his brows furrowed even more as he listened to the end.

finally, he couldn't help but explode.

"mu yiling! is your brain filled with glue? let me tell you, your sister-in-law and i get along very well in all aspects! i dare you to spout nonsense again!"

mu yiling shivered.

he didn't dare to continue.

"then ... big brother, i remembered that i still have something to do. i ... i'll be leaving first ..."

"quickly get lost!"

when he heard these two cold words, mu yiling did not dare to delay. he immediately rolled out without stopping!

.....

mu yichen was not in the mood to work the entire day.

finally, it was time to get off work. he immediately got up and went home.

luo chenxi happened to be coming down the stairs as soon as she entered the villa.

luo chenxi's face beamed with joy upon seeing his appearance. " mu yichen, you're back? "

mu yichen pursed his lips. his face was cold as he shifted his gaze to the side.

Chapter 792: he's treating his fiancée like this right after getting engaged, does he not want to work anymore?

the smile on luo chenxi's face turned a little stiff at once.

mu yichen walked straight ahead and brushed past her. however, he did not even spare her a glance. it was as if he did not notice her presence at all.

“m-mu yichen ...”

she called out again from behind the man.

mu yichen’s footsteps paused for a moment. he seemed to have slowed down a little.

but in the end, he didn’t stop and directly walked into the study.

the door was closed with a bang. luo chenxi’s heart sank to the bottom soon after.

mu yichen was truly infuriated.

after a day and a night, not only did he not show any signs of calming down, but his attitude had become even colder.

boxn ov el. c o m

there was an instant when luo chenxi was at a loss.

even though she had rejected mu yichen’s proposal firmly, everything had happened too quickly last night. she had never thought about what she would do if mu yichen could not accept the rejection, flew into a rage out of humiliation, and decided to break up with her.

now, seeing young master mu’s cold attitude, even though she knew it was a normal man’s reaction, she still felt extremely uncomfortable.

luo chenxi stood at the study room’s door for quite a while before she heaved a deep sigh and turned around to leave.

she was unaware that mu yichen did not sit at the desk in the innermost part of the study room. instead, he stood by the door.

in order to be able to hear the movements in the corridor outside clearly, he didn’t even dare to breathe loudly.

that stupid woman was actually standing at the door, and she stood there for so long!

didn’t she know how to push the door open and come in to apologize to him? to tell him that she regretted it and wanted to marry him?!

even if he rejected her, that stupid woman should admit her mistake and try her best to persuade him. after all, she was in the wrong first!

yet, he did not expect that luo chenxi would not come to coax him after waiting for a long time. on the contrary, he heard the sound of her footsteps as she left.

mu yichen was simply infuriated to death by this stupid woman!

even mu yiling knew how to enter his office without knocking and shamelessly ask for things from him. this stupid woman did not know how to do that!

mu yichen's mood worsened at the thought of this.

as a result, when he appeared at the dining table during dinner time, his expression was even worse than when he had just returned home.

his face was gloomy the whole time, as if everyone owed him tens of billions of yuan.

even tan yueru could tell that something was wrong with him.

he frowned and spoke in displeasure, " mu yichen, what's wrong with you? didn't you hear my daughter-in-law talking to you just now? why didn't you say anything? also, this tomato sauce lobster is her favorite. you should peel a few for her!"

tan yueru's face was full of disappointment.

in the morning, he said that his eldest son was more reliable than his youngest son, but at night, he was still a blockhead.

he was treating his fiancée like this right after they got engaged. did he not want to live anymore? didn't he know that even if the proposal was successful, people could go back on their word before the wedding?

mu yichen did not seem to hear tan yueru's words. he kept his head lowered and only cared about eating.

tan yueru was infuriated by his attitude. she could not help but raise her voice. " mu yichen, didn't you hear what i said? "

mu yunfeng had always doted on his wife as much as his life. when he saw that his wife was angry, he suddenly became angry.

"mu yichen, mind your attitude when you talk to your mother!"

however, mu yichen still did not respond.

luo chenxi quickly came out to smooth things over when she saw that they were about to quarrel.

" mom, yichen is too tired from work ... "

Chapter 793: if i don't like it, i don't like it

"he went to the company early this morning. he must have had too much work piled up these days and is tired. don't be angry with him. i can peel the prawns myself."

as luo chenxi spoke, she stretched out her chopsticks and picked up a few prawns into her bowl.

she peeled one for the little dumpling first.

then, she peeled another one.

she raised the chopsticks in her hand. she hesitated for a moment before she placed the peeled prawn into mu yichen's bowl.

"yichen, aunt chen seems to have added a few extra spices to the prawns today. it tastes better than usual. try it ..."

however, mu yichen suddenly pushed the bowl to the side the moment she let go of her chopsticks.

the prawn meat fell onto the table.

it couldn't be eaten anymore.

boxn ov el. c o m

luo chenxi could not help being stunned. she stared at the dirty prawn meat on the table and was in a daze.

tan yueru could not stand it anymore. she could not help but slam the table. "mu yichen, what are you doing? my daughter-in-law was kind enough to peel the shrimp for you, but you pushed the bowl away on purpose. what do you mean?"

mu yichen pursed his lips and said in a lukewarm tone, "i don't like prawns, and i don't like this sweet and sour tomato juice flavor."

tan yueru was even angrier. "don't you know that this is chenxi's kind intention? even if you don't like it, you have to finish it! besides, i'm your mother. how come i didn't know that you don't eat shrimp? don't you like sweet and sour, tomato juice and other flavors?"

mu yichen scoffed coldly. "i used to like her, but i don't anymore. is that not allowed?"

upon hearing his words, luo chenxi raised her head abruptly. she looked toward young master mu with a wisp of panic and anxiety in her large, watery eyes.

why did these words sound like they were implying something?

mu yichen was also looking at her.

when he realized that the little woman was biting her lips and had an aggrieved expression, his first reaction was to hug her and make her happy.

however, just as he was about to reach out, he suddenly remembered what had happened yesterday and today, and his face turned cold.

"you have to eat it even if you don't like it!"

tan yue could not understand why her son was throwing a tantrum again.

'don't you usually bear to let luo chenxi suffer even the slightest grievance?'

what kind of attitude was this today?

could it be that he did not cherish his wife anymore on the first day of his successful proposal?

"mu yichen, you ..."

tan yueru was determined to stand up for her daughter-in-law. however, luo chenxi stopped her.

“mom, it’s okay. if you don’t want to eat, then don’t eat. if you don’t like it, then don’t like it. you can’t force this kind of thing.”

tan yueru frowned. “ daughter-in-law, i’m telling you, you can’t spoil this man like this ... ”

before she could finish her sentence, mu yichen suddenly stood up from his seat. he turned around and walked toward the stairs.

in tan yueru’s opinion, luo chenxi’s dislike was only referring to the dishes.

however, in mu yichen’s ears, he felt that it was luo chenxi’s sarcasm!

he was so angry that he stood up on the spot.

tan yueru quickly called out to him, “ you brat, what are you doing? you haven’t even finished the food in your bowl, what are you thinking about?”

“go back to the study and work!”

mu yichen answered casually.

“what business? no matter how busy he was with work, he didn’t even have time to have dinner with his wife and child? was it ridiculous? hurry up and sit back down!”

upon hearing tan yueru’s reprimand, mu yichen stopped in his tracks and turned around abruptly.

his icy cold gaze fell upon luo chenxi’s face while the corners of his lips were curled into a cold arc.

“wife? where did i get a wife?”

Chapter 794: mu yichen’s proposal had actually failed!

tan yueru was stunned and didn’t understand what he meant.

“what’s wrong? you just proposed to chenxi yesterday and you’re not admitting it now?”

mu yichen’s tone was cold. “ i did propose, but i need someone else to agree to it, right? i’ve already been rejected twice, how can i still be so thick-skinned and say that i’m someone’s husband?”

no one had expected him to say such words.

for a moment, everyone was stunned.

mu yichen glanced at luo chenxi coldly after he was done speaking. he turned around and went upstairs to the study room.

tan yueru only reacted to the situation when she heard the sound of the door closing. she turned around and looked at luo chenxi in astonishment. “ daughter-in-law, you ... you really rejected the brat again? ”

she was not the only one. mu yunfeng and mu weiwei were also staring at her in surprise.

luo chenxi almost dared not raise her head. she pursed her lips and bit the bullet as she said softly, "yes, i did ... i did not agree."

boxn ov el. c o m

"but, aren't you already wearing a ring on your finger?" tan yueru pointed at the diamond ring on her hand.

unlike mu yiling, she did not think that her son's proposal would be a success. she had also considered the possibility of a failed proposal.

if she had not seen luo chenxi wearing a diamond ring yesterday, she would not have misunderstood her.

luo chenxi explained in a hurry, "that '@@ s ... that's because mu yichen insisted on putting it on me. i didn't expect that the design of the ring would be so perfect. i can't take it off after i put it on. i've thought of many ways, but they're all useless."

upon hearing this, the three members of the mu family looked at each other and saw the shock on each other's faces.

mu yichen's proposal had failed!

this was really unexpected.

luo chenxi noticed the three people's silence and knew that she must have disappointed the mu family. she said with an ashamed expression, "mother ... uh, no, madam mu, i know that i didn't agree to mu yichen's proposal. it's not appropriate for me to wear the diamond ring he gave me. do you have any way to take the ring off? i'll return it to him immediately ..."

"hey, wait!"

tan yueru came back to her senses and couldn't help interrupting her.

"what did you just call me? ms. tan? 'luo chenxi, what's the meaning of this?' you're not even calling me mom anymore? is she really going to break up with my son? besides, i've always treated you like my own daughter. even if you break up with that brat, it's still the same! i'm going to get angry if you change your words!"

"i ..."

luo chenxi was at a loss for words.

he didn't expect that tan yueru would say such a thing.

she had already rejected mu yichen twice. even mu yichen was so angry that he did not want to talk to her anymore, yet tan yueru still treated her like her own daughter!

what did she do to deserve such high regard from t city's top lady?

tan yueru raised her hand and called for aunt chen to take the little dumpling upstairs to rest.

soon after, he squinted his eyes and observed the changes in luochenxi's expression without making a sound.

he was guessing the reason why she rejected mu yichen's proposal in his heart.

after a while, he suddenly said, "chenxi, what's going on between you and my little brat?" mom, i'm not trying to boast, but although my son doesn't have any other abilities, his looks and figure are still outstanding. moreover, he also knows that he has to work hard and will definitely not let his family suffer. although ... you have a daughter before marriage, but tangtang likes you so much, she will definitely treat you as her biological mother in the future! you really don't want to consider it?"

Chapter 795: let's get married first and decide on the status

luochenxi pursed her lips tightly and did not utter a word.

it wasn't that she didn't want to answer, but she didn't know how to answer.

tan yueru saw that she was not willing to speak and couldn't help frowning.

"chenxi?"

luochenxi snapped back to her senses and shook her head slowly.

"i ... i don't know how to say it. i just ... think it's too fast."

she brought out the excuse she used to brush mu yichen off.

tan yueru stared at her for a while and sighed. "okay, i know. did i force you too much?"

luochenxi did not expect her to change the topic and shoulder the responsibility on her. she opened her mouth in surprise. "huh?"

boxnovel.com

"i know that you're still young," tan yueru said. "you just graduated from college this year, and your career has just taken a turn for the better. having a child at this time will indeed affect your career development." girls nowadays don't like to get married and have children too early. mom understands all this!"

luochenxi blinked her eyes. "mother, that's not what i meant ..."

"alright, why are you still being so polite with me?"

tan yueru held her hand and patted it gently. "i do hope that you can give tangtang a younger brother or sister, but i'm not forcing you to give birth immediately," she said gently. it's all my fault for not knowing how to speak and giving you guys pressure. actually, it doesn't matter if you're born a few years later. i'm just casually saying it, i didn't force you, don't misunderstand."

"mom, i really didn't misunderstand. don't say that ..."

"tsk, you still say there's no misunderstanding! otherwise, why did you reject yichen?"

tan yueru was even more certain that her guess was correct when she saw that luo chenxi could not answer.

she thought for a moment and said, " i know what you're worried about. how about this? you and yichen get married first. we'll decide on your status. " as for xiao tuanzi's younger brother and sister, we'll talk about them in a few years. it's good that you two can have some time alone. after you get married, mom will fully support your career. if yichen dares to cause trouble, you can come back and tell mom, and i'll help you educate him!"

tan yueru tried her best to persuade her. she patted her chest and promised that she would not interfere with her career. she wanted her to marry mu yichen first.

luo chen's heart trembled when he heard those words.

a sour feeling welled up in his heart.

tan yueru really treated her like her own daughter ...

those female celebrities who wanted to marry into rich families were all forced by their in-laws to have children and set rules.

even her acting career, which was at its peak, was forced to stop, and she could only stay at home to support her husband and raise her children.

tan yueru had always been considerate of her ...

however, it was precisely because of this that she couldn't let tan yueru down, and she couldn't let her never have a grandson ...

luo chenxi bit her lip and tried her best to suppress her emotions. however, she was still unable to completely control her trembling voice.

"mom, you're really ... really overthinking it. i ..."

if it was possible, she would not reject giving birth to the fruit of her love with mu yichen as soon as they got married.

however, she could not do it.

luo chenxi's eyes turned wet at the thought of this.

seeing that she was about to lose control, she stood up from her seat and said, " mom, that ... i'm a little tired today. i'll go back to my room to rest. you ... you guys enjoy. "

after that, she ran back to the bedroom as if she was escaping.

if she didn't leave now, she would definitely cry in front of tan yueru!

tan yueru looked worried. " oh my, what's going on? "

Chapter 796: mu yichen did not even allow her to enter his study anymore!

luo chenxi ran back to the master bedroom in a hurry and closed the door immediately.

to avoid everyone's eyes, she leaned against the door and her body gradually slid down, directly sitting on the ground.

she didn't know why, but it had only been a short while, but all her energy seemed to have been completely drained.

she closed her eyes slightly and let out a deep breath.

now, no one was watching, so she could cry as she wished.

however, she suddenly could not cry anymore.

she had grown up in an orphanage and had encountered that incident four years ago.

she had long learned to be strong and independent. no matter what difficulties she encountered, she could not rely on others. she could only rely on herself to get through it.

therefore, she might be weak in front of people who cared about her, but when she was alone, she became strong.

boxn ov el. c o m

luo chenxi sat on the ground for a while before she gradually calmed down.

she took out her phone from her pocket, found fang ziqian's wechat, and sent her a message.

"little qianqian, do you have time tomorrow morning? can you accompany me to the hospital?"

fang ziqian replied quickly.

"what's going on? little wei xi, are you sick? where do you feel uncomfortable?"

"no, i just want to do a routine examination. if you don't have time, i can go alone."

"i'm free! i'll go with you, you're not allowed to be alone!"

fang ziqian warned her in a tough tone.

the corners of luo chenxi's lips were raised ever so slightly as she replied with an 'okay'.

she suddenly felt that she had been too melodramatic when she was so fragile just now.

even if she did not marry mu yichen in the end, she was already living a blissful life with everything she had.

a man who loved her, a close friend, an elder who cared about her, and an adorable daughter ... although she didn't give birth to them, they were no different from her own.

luo chenxi closed her phone and sat on the sofa. she turned on her laptop.

he had originally wanted to draw up a design for a while.

although she was not going to work at SL holdings for the time being, she still had to complete the work that she was supposed to be in charge of.

however, after sitting in front of the computer for a long time, she couldn't even draw a single drawing. no matter what, he couldn't focus.

all her thoughts were on the man in the study next door.

'mu yichen ... he went to the study in a fit of pique before he even finished his dinner. it's already so late. he's not hungry, is he?'

it was clearly her fault. it was fine for him to be angry or ignore her, but he couldn't go against his own health, could he?

luo chenxi bit her lip and pushed her laptop aside.

she got up and went downstairs to the kitchen.

not long after, she came out with a bowl of fragrant yellow croaker noodles.

he walked to the study room on the second floor and knocked on the door.

"mu yichen, are you still inside? can i come in? you didn't eat much for dinner, are you hungry? i made you some yellow croaker noodles ..."

there was no reply from inside.

luo chenxi waited for dozens of seconds before she knocked on the door three times again.

no one answered, so she knocked again.

at last, mu yichen's impatient voice was heard from the study room. " i'm in a video conference. i don't have time to eat. you should rest early."

"uh ..."

luo chenxi was stunned for a moment.

mu yichen did not even allow her to enter his study anymore!

she had always been able to move freely in the study room, which was a forbidden area to everyone.

luo chenxi heaved a sigh. " i'll leave the food at the door then. come out and get it when you're done with the meeting. "

Chapter 797: does tang tang look pretty in this dress?

with that, she turned around and returned to her room with a slightly gloomy expression.

however, the moment she stepped into the bedroom, the door to the study opened.

mu yichen walked out with a slightly unpleasant expression.

that stupid woman actually left again ... left ... left ...

couldn't she have been thick-skinned enough to barge in and coax him?

he took a step forward and touched something under his foot.

he lowered his head and saw a tray at the corner of the corridor. not only was there a big bowl of fragrant yellow croaker noodles on it, but there were also three small plates on the side, all of which were side dishes to go with the noodles.

it could be seen that the person who made this supper was very attentive.

mu yichen was stunned for a moment. soon after, his eyes flickered. his gaze swept toward the tightly shut bedroom door.

boxn ov el. c o m

"stupid woman ..."

since she cared so much about him and didn't even care if he ate, why couldn't she just agree to marry him?

.....

luo chenxi returned to the master bedroom and eavesdropped on the commotion outside as well.

when she heard the study room's door open and close, she speculated that mu yichen had already brought the noodles into the study room to eat. only then did she secretly heave a sigh of relief.

the fact that he was still willing to eat the supper she cooked meant that mu yichen was not at his limit yet.

perhaps, they would still have a chance to live in peace.

it was getting late. luo chenxi got up and went to the bathroom to take a shower. she then laid down on the large, empty bed.

she tossed and turned for a long time before finally falling asleep.

on the other hand, mu yichen stayed in the study room the entire night. he did not return to his room to sleep.

the first cold war between the two of them since they got married had officially begun.

.....

the next morning, luo chenxi woke up and touched the clean and tidy bed sheet beside her.

it was cold and had no heat.

mu yichen did not return to his room last night ...

she bit her lip and got up to wash up.

mu yichen was still absent at the breakfast table. no one knew if he had been hiding in the study all this while or if he had gone to work early in the morning.

the other members of the mu family were also very silent, and the situation was very awkward.

fortunately, not long after, the little dumpling was led downstairs by aunt chen.

“big sister! does tang tang look pretty in this dress?”

the little dumpling was wearing a pink and purple princess dress, and her too little face was full of smiles. she happily spun around in front of everyone and even posed a few times.

these few movements were very vivid.

if not for her young age and short legs, she would have looked no different from a professional model.

the whole family laughed at her cute actions.

the gloomy and tangled atmosphere from earlier was swept away.

tan yueru took the little dumpling’s hand and brought her to the dining table. she smiled and said, “tang tang is so cute today! what are you going to do dressed up so beautifully?”

the little dumpling tilted her head. “tang tang has to go to kindergarten today!”

“kindergarten?” tan yueru was stunned for a moment and then came to a realization. “oh, that’s right. i almost forgot that yichen asked tang tang for a week’s leave, and it’s over now.”

however, didn’t children usually try not to go to school if they could and would never take the initiative to mention it?

why did her little dumpling open it in a different way?

as she was saying that, she seemed to have recalled something. she left her grandmother and ran to luo chenxi’s side. “elder sister, braid tang tang’s hair!” bring tang tang to kindergarten!”

luo chenxi’s mood turned for the better at once when she saw the little dumpling blinking her big, bright eyes as usual.

she carried the little dumpling to sit on her lap and kissed her hard on the face.

Chapter 798: are you pregnant?

“ alright, then have your breakfast first. after you’re done, big sister will braid your hair and send you to school, okay? ”

the little dumpling nodded obediently.

he grabbed the rabbit ear spoon on the table and ate it in big mouthfuls.

after the meal, luo chenxi tied her hair into two small braids and tied a bow on her head. she also put on the diamond hair clip that bo shaoxuan had given her the last time.

the little dumpling was dressed up as a little princess. no matter from which angle, she was so cute that she made people want to kiss her.

tan yueru was satisfied, but also a little anxious.

“she’s such a good girl, we can’t let her run away! where did that brat yichen go? his wife was about to run away, and he was still hiding? wei wei, go and call your brother down for dinner!”

how could mu weiwei not know that this errand was a huge trap?

big brother must be feeling depressed right now. wasn’t she walking right into the muzzle of a gun?

boxn ov el. c o m

mu weiwei jumped up alertly and pretended not to hear tan yueru’s words. “ahem, mom, i suddenly remembered that i’ve made an appointment with my classmates to go shopping today. i’ll be going then, bye mommy, bye daddy!”

“come back here!” tan yueru shouted.

however, mu weiwei quickly slipped away.

tan yueru was left behind with a gloomy face. “why are all of you so disobedient?”

.....

luo chenxi sent the little dumpling to the kindergarten and watched as she ran into the campus.

after that, she sent the mu family’s chauffeur back.

he called for a taxi and headed to yihe international hospital.

this hospital had the best medical treatment in the entire T city. she had been here countless times in the past because lu wenjun had been hospitalized here.

however, her destination this time was not the inpatient department, but ... the gynecology department.

fang ziqian had arrived very early and was already waiting at the hospital entrance.

as soon as she saw luo chenxi, she walked up to her in quick strides with an anxious expression. “little changxi, what’s wrong with you? why did he suddenly have to go to the hospital for a checkup? you didn’t make it clear yesterday, and i was worried the whole night! you didn’t even reply to my messages.”

“i’m really fine,” luo chenxi quickly said. didn’t i tell you yesterday? it’s just a routine examination.”

“don’t lie to me!” fang ziqian obviously didn’t believe her. “if it’s just a routine examination, why would you specifically ask me to accompany you? where did your young master mu go?”

based on her understanding of luo chenxi, there must be something that she did not want mu yichen to know.

when the hospital was involved, fang ziqian's first thought was that luo chenxi had contracted some kind of terminal illness.

although fang ziqian didn't say it directly, her nervous eyes betrayed her.

luo chenxi coughed twice. "it's really not what you think ... sigh, i'll be frank. i want to go for a gynecologist's checkup."

"a gynecological examination? you're pregnant?" fang ziqian almost screamed.

"young master mu has just succeeded in his proposal, and you're already pregnant. this is double happiness!"

luo chenxi pounced on her hastily and covered her mouth with an embarrassed expression. "ahem, little qianqian, d-don't call me that. i'm not pregnant. i'm ... i'm ... sigh, come with me!"

she pulled fang ziqian to the side and briefly explained her condition.

"after what happened to me four years ago, i ..."

this was the first time fang ziqian had heard of this. she was dumbfounded and a little displeased.

Chapter 799: that incident happened four years ago

"little wei xi, you actually ... f * ck, why didn't you tell me about such a big thing before?"

luo chenxi said, "how do you want me to tell you about this? i originally wanted to forget about the past, so i didn't want to mention it at all. besides, i've always thought that it's impossible for anyone to like me, and i shouldn't hurt others. if i can't have children, then so be it. in any case, i will definitely not get married."

after the incident four years ago, she no longer had any hope for a relationship between men and women.

she had nothing left. who would like her and cherish her?

she might as well run her own business and earn more money. as long as she could take good care of her mother and let her mother live a long and healthy life, she would be satisfied.

whoever knew that so many unforeseen events would happen after that.

everything that had happened was beyond her expectations.

fang ziqian was still in shock.

she grabbed luo chenxi's wrist and asked, "then, the night before yesterday, you ..."

"i didn't agree to mu yichen's proposal the night before. he was the one who insisted on putting the ring on my finger. as soon as you appeared, you congratulated us. i was afraid that he would be embarrassed, so i didn't deny it on the spot."

upon hearing luo chenxi's words, fang ziqian let go of her hand. her face was filled with regret. "this ... this ... how did this happen?" did you tell young master mu about this after you went back?"

luo chenxi pursed her lips. her eyes dimmed as she shook her head gently. "no, i haven't told him yet ..."

"why didn't you tell him?" fang ziqian asked. i don't think young master mu would mind. he's so good to you, so he must really like you. besides, he already has tang tang as his daughter ..."

luo chenxi lowered her head. "but everyone in the mu family is looking forward to me having a baby. tang tang wants a younger brother or sister too." perhaps they won't blame me, but i can't be so selfish ..."

fang ziqian was put in a difficult position.

however, when she saw her good friend's dejected expression, she tried her best to speak in an optimistic manner in an attempt to lift luo chenxi's spirits.

"what you said makes sense. however, i'm afraid that things might not be as bad as you think! it's been four years since that incident. although you were told that you couldn't get pregnant again, who knows, maybe your body has already recovered by now?"

luo chenxi nodded. "i think so too. that's why i made an appointment for today's checkup. "

although she knew that the medical experts in country Y had already concluded that it was impossible for her to conceive, the possibility of an error in judgment was only one in ten thousand.

however, even if there was only such a slim chance, she still wanted to have a check-up.

"let's go then!" fang ziqian quickly said. don't miss the appointment time."

the two of them no longer hesitated and walked side by side in the direction of the hospital.

there were many people in the gynecology and obstetrics department, and most of them were pregnant women who were accompanied by their husbands for their prenatal examinations.

luo chenxi was slightly dejected when she saw the blissful smiles on their faces.

there were quite a few people who came for the infertility check-up, and they were a little late, so it took them a lot of time to wait for the number to be called.

luo chenxi clenched the medical record card in her hand tightly subconsciously when she noticed that there were only three numbers left.

at this moment, a familiar voice came from behind the two.

"this is ... miss luo, secretary fang, is that you? i'm not seeing things, right? what are you doing here?"

Chapter 800: the legendary mrs. bo

luo chenxi and fang ziqian were both shocked.

the moment she turned around, she was met with bo tingyuan's handsome and deep face.

"cough, cough. young master bo, what a coincidence ..."

luo chenxi did not expect to bump into an acquaintance here at all. moreover, she was mu yichen's good friend. she became nervous all of a sudden.

she didn't know what the results of the examination would be, and she didn't want this matter to reach young master mu's ears so quickly.

bo tingyuan looked deeply at the two girls and asked, "why are you guys in the ob/gyn department? was there ... a problem? is there anything i can help you with?"

luo chenxi did not know how to answer for a moment. she was stunned on the spot.

"this ..."

"young master bo, thank you for your concern. i'm just a little ... er, i'm suffering from period pain. that's why i asked little wei xi to accompany me to have a look. it's not hard to cure, so i won't trouble you."

fang ziqian reacted in time and quickly found an excuse to refuse.

"is that so?"

bo tingyuan was slightly stunned, his eyes filled with a faint doubt.

luo chenxi and fang ziqian nodded at the same time. in fact, they nodded with much force.

"yes, young master bo, you don't understand this kind of girl's illness!"

"there was nothing wrong with it. i just wanted to have a check-up so that i can rest in peace. "

hearing the solemn tone of the two, bo tingyuan raised his eyebrows slightly. he seemed to want to ask something, but in the end, he did not.

when luo chenxi saw that he was hesitating to speak, she quickly changed the topic for fear that there would be another unforeseen event.

"oh right, young master bo, what are you doing in the hospital?"

to be honest, bo tingyuan's appearance here was much weirder than their presence.

after all, he was a man!

how did she end up in the ob/gyn department?

unless ...

"i'm here with my wife," bo tingyuan said indifferently. "she's not feeling well either. "

"mrs. bo?"

bo tingyuan nodded and moved to the side, revealing a beautiful figure that was blocked by his tall figure.

luo chenxi and fang ziqian looked over curiously.

they had always heard that young master bo got married very early. however, this was the first time they had seen the legendary mrs. bo.

the woman behind bo tingyuan looked very young. her facial features were exquisite and perfect, her skin was as white as snow, and the curve of her sharp jaw was just right, delicate and delicate.

she was wearing a large cloak and had an elegant temperament. one could not tell that she had a son as old as bo tingyuan.

from the outside, he was a perfect match for the handsome young master bo.

however, the expression on her face was too cold.

this kind of coldness was not a deliberate act of superiority, but a kind of indifference to the people around him.

when bo tingyuan was talking to luo chenxi, she did not even look at him. she completely ignored her husband and his friend.

for a moment, the situation was very awkward.

luo chenxi stood up and walked to her side on her own initiative. she extended her right hand toward her.

“mrs. bo, nice to meet you. i’m the girlfriend of young master bo’s good friend, mu yichen. i’ve heard about her for a long time. i’ve always wanted to know what kind of beauty is able to make young master bo fall into a marriage trap so early on! today, she’s as beautiful as i imagined.”

this was her son-in-law’s mother!

due to this, luo chenxi was rather enthusiastic toward the other party.

however, mrs. bo’s attitude was a sharp contrast to her.

her expression was cold as she nodded slightly and said, “hello.”
