

Sweetheart 851

Chapter 851: if you continue to act like this, the wife you're about to talk about will fly away!

didn't she know that even though he liked children, she was much more important than them?

he believed that the other members of the mu family had the same thoughts as him.

not to mention the little dumpling. although she said that she wanted a younger brother or sister, she liked to stick to her elder sister so much. if she really had a younger brother or sister in the future, she might be jealous!

as for the two elders of the mu family ...

they weren't traditional and pedantic people.

mu yichen could tell that his mother had truly treated luochenxi as her own daughter. she was not only good to her because she had married him.

even though he was looking forward to the birth of a new family member, he would never treat luochenxi's life as a joke.

even if they took ten thousand steps back, the mu family still had mu yiling and mu weiwei!

if his parents really liked children, they could have more!

boxn ov el. c o m

anyway, he already had xiao tuanzi, which could be considered as a contribution to the mu family ...

the medical record was only three pages in total, but mu yichen stared at it for a very long time ...

zhuo feng stood by the side. he could feel the low pressure emanating from mu yichen's body. he did not even dare to breathe loudly.

after a long time, he finally put down the medical record.

he picked up his suit jacket from the sofa and walked out of the door.

"ceo ..." zhuo feng followed behind him.

it was only when mu yichen heard zhuo feng's voice that he remembered that there was someone else by his side. he stopped in his tracks.

"continue to communicate with the old specialist and try to get the complete medical record. however, this must be done in secret. it doesn't matter if you can't get the medical record, but you must not reveal young madam's privacy! if outsiders find out about this, i'll hold you responsible!"

zhuo feng shuddered and quickly replied, "i understand, president. then, you are now ..."

mu yichen gritted his teeth. his expression was ferocious. "i'm going to catch that stupid woman now, of course!"

zhuo feng was pleasantly surprised.

this was great. their ceo was finally not arrogant anymore and was willing to go to young madam to make peace.

she hoped that they could reconcile quickly and stop torturing innocent people like them ...

“president, are you going to bring young madam home? i’ll go get the car ready ...”

“hehe, who said i was going to take her home?” mu yichen curled his lips coldly.

” huh? ” zhuo feng was stunned.

mu yichen sneered. ” i just wanted to grab her and shake her around so that i can hear if her brain is filled with water! ”

zhuo feng was speechless.

president, if you continue to act like this, your wife will fly away!

.....

the sky was already dark when mu yichen arrived at the apartment on tian he road.

luo chenxi and the little dumpling were both in the living room.

xiao tuanzi was watching cartoons on her iPad while luo chenxi was drawing the design plan for the new series on her drawing board.

today, she didn’t go out and stayed at home to draw.

with a burst of inspiration, he had completed more than half of the work.

“it’s said that being out of love is an important factor for inspiration in artistic creation. could it be true?”

luo chenxi propped her cheek on her hand and looked at the little dumpling’s focused chubby face by her side. she felt that such a life was not bad, even though she felt that something was missing ...

“oh right, where’s my phone? where’s my phone?”

she had been focused on drawing today and had no time to play with her phone. it was only now that she realized that her phone was missing, and she quickly got up to look for it.

Chapter 852: i’ve only moved out for a few days and you’re already finding me a wild man?

however, she looked left and right for a long time but could not find it.

the little dumpling sat on the side with her iPad, looking guilty.

” tang tang, did you see big sister’s phone? ” luo chenxi turned her head and asked her.

the little dumpling bit her lips. ” yes ... ”

wuwuwu, what should i do!

she didn't want to lie to big sister, nor did she want big sister to know that she had secretly called daddy!

just as the little dumpling was hesitating, there was a sudden knock on the door.

luo chenxi could not be bothered to continue searching for her phone anymore. she straightened her body and looked toward the direction of the main entrance in puzzlement.

" that's strange. who would come to our house so late at night? "

boxn ov el. c o m

luo chenxi frowned. " tang tang, sit down and don't move. i'll go and see what's going on outside. "

luo chenxi walked to the door, but she did not open it immediately. instead, she peeked through the peephole.

however, the lights in the corridor had broken down in the past two days and had not been repaired yet.

she could only see a dark shadow moving outside.

she leaned against the door and tentatively called out, " "who's there? what's the matter?"

mu yichen was worried that luo chenxi was avoiding him on purpose and refused to open the door for him.

therefore, he deliberately lowered his voice and said, " water meter, open the door. "

luo chenxi was on her guard at once.

which water meter inspector would come in the middle of the night?

it didn't sound reliable!

the security in this neighborhood was not bad, but it was not like the mu family's villa, which had special bodyguards patrolling 24 hours a day.

she was a single girl living with a child, so it was easy for her to be targeted by bad people ...

the more she thought about it, the more scared and nervous she became ...

suddenly, he had an idea.

she stood by the door, took a deep breath, and shouted into the room, " "hubby, why aren't you done after taking a long shower? hurry up, our daughter is waiting to be washed!"

she deliberately spoke very loudly to ensure that the people in the corridor outside could hear her clearly.

after she finished speaking, she curled her lips and gave herself thirty-two likes in her heart!

she was really too smart!

the " safety guide for single women " on the internet had emphasized that if young women living alone suspected that bad people were targeting them, they had to create the illusion that there was a man at home.

for example, a pair of men's shoes at the door and a man's shirt hanging on the balcony.

when necessary, she could also pretend to call her 'husband'.

luo chenxi felt that she had acquired a new skill. upon hearing her words, the bad guys outside should know their place and retreat.

however, who knew that just as she finished speaking, a furious roar came from outside, " "luo chenxi, how dare you! i've only moved out for a few days and you're already finding me a wild man? he ... he even took a bath? what did you guys do just now?"

luo chenxi was stunned upon hearing the familiar voice.

she blinked her big eyes and only regained her senses after a while. " mu ... mu yichen? "

"hehe, you still remember who i am! 'luo chenxi, so the reason why you refused to marry me was because you have a wild man outside?' who's in your room? sheng yu?"

mu yichen had already forgotten the purpose of his visit today. a sour feeling rushed straight to his head.

luo chenxi was in a daze. cold sweat was dripping from her forehead.

the person outside ... how could it be mu yichen!

that voice just now clearly didn't sound like it?

"you, you, you ... what are you saying? what are you thinking? there was no such thing!"

Chapter 853: i have already decided to break up with you

luo chenxi defended herself subconsciously, " "i really wasn't ... i wasn't talking to any other man just now. there was only tang tang and me in the room. it's all your fault for saying that you read the water meter and made me think that a bad person was knocking on the door, so i said those words. i just want the bad guys to think that we have a man in our family."

luo chenxi's explanation was reasonable.

however, how could she resolve young master mu's jealousy with just a few words?

mu yichen scoffed coldly and said angrily, "so, you're aware that an apartment like this isn't safe? she was fine living in the mu family, but she had to move out! hurry up and open the door, i want to see for myself if there's anyone else in your room!"

he pushed the door a few times with force and urged luo chenxi to open the door.

luo chenxi suddenly came to a realization upon hearing his words.

the situation earlier was so strange that she had forgotten that the two of them were in a cold war. the way she spoke to mu yichen was just as intimate as before ...

but in reality, they were already on the verge of breaking up.

she coughed lightly and said, "mu yichen, you ... you should go back. i won't open the door for you. i've already decided to break up with you."

boxn ov el. c o m

she felt worse than anyone else when she said such words.

however, she had already moved out of the mu family. she could no longer drag things on and harm others and herself.

she had to force herself to seize the opportunity and cut off all ties with mu yichen.

mu yichen's expression changed at once when he heard this. his action of pushing the door became more intense. the anti-theft door made a loud clatter as he pushed.

his voice was filled with rage. "luo chenxi, open the door! let me in! what right do you have to break up with me? eh? did i agree to it? let me in, we'll talk things out!"

however, luo chenxi was well aware of this in her heart.

once young master mu came in, they would definitely not be able to separate.

she could not harden her heart when she saw mu yichen's face.

things like breaking up couldn't be repeated. since he had made a decision, he had to carry it out to the end.

she bit her lip and said with difficulty, "no! break up ... it's not like ... divorce. it's considered breaking up if you propose it one-sided. don't ... don't harass me anymore ..."

"harass? you actually said that i came to harass you? you're my woman, what's wrong with me entering your house? you've also taken my daughter away. open the door!" the veins on mu yichen's forehead were popping out.

he really didn't expect this woman to be so decisive!

she didn't even open the door for him!

was she determined to share everything with him?

even though he was well aware that luo chenxi had her own difficulties in doing so, mu yichen still felt extremely depressed.

did this woman really not care about him enough? she was actually willing to leave him?

luo chenxi pursed her lips. "i didn't abduct tang tang. it '@@ s ... it's madam mu who asked me to take care of her on her behalf. if you don't believe me, you can go home and ask madam mu." even if they wanted to take tang tang back, they should let madam mu do it. i ... i won't open the door for you. hurry

up and leave! don't knock on the door and make noise anymore. if you continue like this, you'll affect the neighbors ..."

mu yichen was so angry that he almost vomited blood.

a strong sense of insecurity arose in his heart again when he recalled the ambiguous words that luochenxi had said earlier.

"if you don't open the door, don't think of letting me go! i don't care what kind of neighbors you are!"

Chapter 854: the little dumpling is a little big, but she's actually so tsundere!

"tell me clearly, is there really another man in your room? otherwise, why didn't you open the door for me?"

mu yichen was so flustered and exasperated that he spoke without thinking.

however, he said that on purpose in the hopes that luochenxi would feel that she was being slandered and open the door on a whim in order to prove her innocence.

however, the truth proved that he was just overthinking it ...

luochenxi's attitude remained firm. "just take it that i've found another man. let's go!" do you have to see me lying with someone else?"

the destructive power of this sentence was enormous.

mu yichen kicked the anti-theft door hard with his foot and it made a loud clang.

in such a quiet night, such a loud noise could probably be heard by the entire building.

luochenxi gasped. "mu yichen, don't kick the door. the soundproofing here isn't good. the neighbors will come out and beat you up later!"

the little dumpling was also shocked. she could no longer sit still. she jumped off the sofa and ran toward the door with her short legs.

"daddy, you're not allowed to bully big sister! you're scaring her! there's only me and big sister at home!" the little dumpling pouted her little mouth and defended her beloved big sister.

mu yichen calmed down a little upon hearing this.

he understood his daughter very well.

although the little dumpling would lie to her father from time to time, she did it subconsciously and would not lie to him on purpose.

therefore, when the little dumpling said that there were only two people in the house, there were really only two people.

thinking of this, the churning sourness in his chest subsided a little.

she tried her best to suppress the anger in her heart and lowered her voice in an attempt to coax the little dumpling. "tang tang, your big sister is too disobedient. she actually didn't open the door for me! can you help me open the door and let me in to accompany you?"

luo chenxi became nervous at once upon hearing that.

she had forgotten that she still had the little dumpling at home!

the little dumpling was going to open the door for her father. she couldn't tie the little dumpling up or lock him up, right?

"tang tang, listen to big sister. you must not open the door ..."

"don't listen to big sister. a family should be together. open the door ..."

the two of them insisted on their own words, wanting the little dumpling to stand on their side.

the little dumpling bit her chubby finger, her little face full of conflict.

after thinking for a while, he said, "i won't open the door for daddi!"

"tang tang, you're really my little angel!!" luo chenxi was beyond excited.

on the other hand, mu yichen's vision turned black as he felt like he had been stabbed in the heart again.

the little dumpling had just called him yesterday to come over, but he was turned away today?

he gritted his teeth and tried to persuade her again. "tang tang, don't be like this, open the door! don't you miss daddy?"

the little dumpling puffed up her cheeks and imitated mu yichen's usual manner. she raised her little chin with a proud expression.

"who told you not to come yesterday? you even said that you definitely wouldn't come to pick us up, so you don't have to come. even if you came, you wouldn't open the door! hmph!"

mu yichen clenched his fists tightly when he heard the familiar tsundere tone.

this little ball was a little big, but it was actually so tsundere!

who did he inherit this from?

he wasn't that exaggerated!

luo chenxi raised her brows in puzzlement.

he felt that there was something wrong with the little dumpling's words ...

when did the little fellow contact mu yichen?

just as she was about to ask the little dumpling, there was another "shua shua" sound.

Chapter 855: you want to break up with me?

young master mu started to kick the door again.

moreover, it was even louder than before.

luo chenxi's face was red with anger.

this man ... was clearly doing this on purpose!

he could tell that she was most afraid of him making a ruckus outside, so he deliberately did the thing she hated the most to force him to open the door.

however, it had to be said that young master mu knew her too well. this trick really worked on her!

luo chenxi could already hear the sound of footsteps coming from the corridor. she knew that if she did not stop mu yichen now, chaos would really break out.

she gritted her teeth and decided not to make a choice. she unlocked the anti-theft lock and pulled open the metal door.

"mu yichen, hurry up ..."

boxn ov el. c o m

she wanted to pull mu yichen inside, but who would have known that the man's large palm would suddenly grab her right wrist and pull her out!

luo chenxi was caught off guard. her strength was not as great as young master mu's, so her entire body was pulled toward the door at once.

immediately after, her back slammed heavily against the hard wall. her wrists were also clasped together and pressed against her head.

mu yichen pressed her firmly against the wall and used his strong and muscular body to suppress all her struggles.

"mu yichen, what are you trying to do ..."

before she could finish her sentence, mu yichen covered her mouth forcefully.

the scorching kiss was overwhelming, mixed with the man's irrepressible anger and resentment.

this kind of resentment was not only the resentment of her heartlessness in leaving him, but also the resentment of him not being able to shelter her in time.

all the complicated feelings were integrated into this wild kiss.

luo chenxi was about to struggle for a while, but she did not expect that her entire body would feel as if it had lost control of her brain the moment she touched mu yichen. she was utterly defeated as soon as mu yichen got close to her.

she shrank into the man's tall and broad arms, letting him kiss her as he pleased.

that familiar aura touched every cell in her body and almost made her cry.

"you want to hide from me? eh? you want to break up with me? eh? i'm telling you, unless i die!"

mu yichen freed one hand and pinched luo chenxi's chin. he forced her to raise her head and look at him.

luo chenxi had yet to calm down from the kiss earlier. her chest heaved up and down while her breathing was intermittent.

the corridor was very dark, but mu yichen's eyes seemed to be glowing with a radiance that could penetrate a person's soul in the darkness. it was so piercing that her eyes hurt. tears kept flowing from her eyes.

"mu ..."

the moment she opened her mouth, she was frightened by her own choking voice.

he quickly took a few deep breaths and barely managed to calm himself down.

"mu yichen, i ..."

just as she was about to speak, a light from a flashlight was suddenly shot from not far away.

this light was actually not very glaring.

however, the two of them had been standing in the dark the whole time and had already gotten used to it. they were shocked when they were suddenly illuminated like this.

the two of them looked in the direction of the light.

on the other side, the person holding the flashlight ran over.

as he ran, he shouted, " those two little thieves over there, stop right there! it's the middle of the night, and you're playing outside. can't you let us sleep? what the hell were they doing? don't you have any social morality?"

luo chenxi's expression stiffened. 'oh no!' she cried out in her heart.

when mu yichen was kicking the door with all his might earlier, she knew that it would certainly cause public outrage.

grandpa li was the head of their residential building. he shouldn't be too fierce.

Chapter 856: nowadays, are all hooligans so demanding on their looks?

she remembered that when she was a child, there was once a small hooligan who came to harass the nearby residents. he was chased by grandpa li with a feather duster and a mop. in the end, he was even sent to the police station.

it was hard to imagine the scene of young master mu being kicked out with a mop ...

luo chenxi came to her senses and grabbed mu yichen's shirt collar.

" stop daydreaming, let's hurry up ... " run ...

even so, mu yichen did not have the slightest intention of running away. he did not budge an inch even when luo chenxi pulled him forcefully.

luo chenxi was anxious. " mu yichen, you ... "

before she could finish her sentence, grandpa lee had already run toward her. he recognized luo chenxi at first glance.

"chenxi, is that you? great, you little hooligan, you actually dare to harass chenxi! what do you want to do to chenxi? get out of here, or i'll call the police!"

grandpa li immediately misunderstood their relationship when he saw how close they were.

boxn ov el. c o m

he was so angry that his face turned white. he waved the mop in his hand and rushed over.

grandpa li had watched luo chenxi grow up. she was still in elementary school when she first moved in with lu wenjun. she was a super adorable glutinous rice ball that was loved by everyone.

there was no one in the neighborhood who didn't like her. the little boys in the neighborhood were lining up to give her love letters and snacks.

she was the little angel that everyone in their neighborhood recognized!

he was actually being pestered by a little hooligan!

he had committed a heinous crime!

grandpa li shouted as he ran, " come, everyone, come out and fight the hooligans! someone is bullying chenxi!"

upon hearing this, the neighbors who had been watching ran out of their houses to support grandpa li.

luo chenxi's face turned green. she looked at the people on both ends of the corridor and did not know which way to run.

in a moment of desperation, he could only call out,"mu yichen, come in first. come in!"

however, young master mu's expression was cold as he gave her a side glance. " didn't you not let me in just now? if i go in and come out as you please, how embarrassing would that be?"

luo chenxi almost vomited blood.

he was not even willing to save him. fine, then he could just wait to be beaten to death by grandpa li!

although grandpa li was old, his body wasn't inferior to young people. it didn't take long for him to run in front of the two.

she raised the mop and swung it toward the back of mu yichen's head without giving him any chance to explain.

"I'll beat you to death, you little hooligan! chenxi, run!"

however, he didn't expect that his attack, which was almost certain, would hit nothing. he didn't hit anyone at all.

grandpa li was startled. he quickly turned his head around and realized that mu yichen had dodged the attack without his knowledge.

he did not forget to grab luo chenxi's wrist and pull her away as well. he pulled her into his arms to protect her.

it was only at this moment that grandpa li saw the face of this "little hooligan" clearly. he was stunned.

isn't this kid too handsome?

he was hundreds of times more handsome than the wang family's son, the zhang family's grandson, and the zhao family's nephew who had pursued chenxi before!

were all hooligans so demanding on their looks these days?

just as grandpa li was in a daze, the neighbors who had come to support him had also rushed to the scene.

one by one, they gathered around with brooms and mops in their hands.

grandpa li came back to his senses. with everyone's support, he was even more confident.

he held the mop in one hand and placed the other on his waist as he glared at mu yichen.

"little brat, where did you come from? what do you want to do to chenxi? your dirty hands ... where are you touching? take it away, quickly take it away!"

Chapter 857: my dear wife

grandpa li was furious when he saw mu yichen's arrogant expression.

this stinky hooligan saw so many people surrounding him, but not only did he not run away, he even had a fearless look on his face, as if he didn't care about all of them at all.

one of his arms was still wrapped around luo chenxi's waist as he held her tightly in his embrace.

what was even more peculiar was that he had the wrong impression that the little hooligan was a perfect match for luo chenxi.

what was going on?

he must be getting old, and his presbyopic must have increased again!

mu yichen leaned against the wall in a relaxed manner. he turned a blind eye to the angry gazes of the crowd around him.

grandpa li couldn't help but raise his voice, " "little brat, let go of chenxi, do you hear me? everyone, let's go and teach this stinky hooligan a lesson!"

"right, beat this stinky hooligan to death!"

boxn ov el. c o m

" you even dare to bully the goddess of our tian he district. do you think all the men in our district are dead? "

" show him what you're capable of. otherwise, he won't even know why the flowers are so red! "

there were too many people who liked luo chenxi in the neighborhood.

not only young men, but even three-year-old children and 70-year-old grandmothers liked her.

upon hearing grandpa li's order, the neighbors all cursed and prepared to chase him away. some even took out their phones to call the police.

upon seeing that, luo chenxi hastily pushed mu yichen away in an attempt to free herself from his arms.

however, young master mu held her slim waist tightly and refused to let go. luo chenxi had no choice but to explain to the neighbors in a loud voice while she was still in that position.

"everyone, stop! stop! don't hit me yet! he wasn't a hooligan, he wasn't a bad person! aiya, don't hit me, can you listen to me!"

some of them had noticed that luo chenxi and mu yichen had an ambiguous relationship, so they stopped obediently.

but there were still some people who couldn't understand.

grandpa li was one of them.

he didn't put down the mop in his hand and said loudly, " "chenxi, don't be afraid. no matter how this little hooligan threatens you, all of us in the neighborhood will help you! don't be threatened by him!"

luo chenxi gritted her teeth and said,"grandpa li, you've really misunderstood!" yichen is not a hooligan. he's ... he's my man ..."

"i'm her husband."

luo chenxi struggled for a long time before she decided to give mu yichen the title of 'boyfriend'.

even though the two of them were about to break up, it was not appropriate to say such ambiguous words. it might even give mu yichen false hope.

but now that the situation was critical, he couldn't care so much.

however, mu yichen interrupted her before she could finish her sentence.

she directly said that he was her “husband”!

luo chenxi’s eyes were round. she turned around and glared at mu yichen. she wished that she could pounce on him and give him a bite.

on the other hand, mu yichen ignored the anger in her eyes. he tightened his grip on her slender waist. a gentle smile appeared on his handsome face that had always been cold. he even lowered his head and planted a kiss on her cheek.

“my dear wife, don’t be angry. i swear, i’m definitely not with another woman. you’ve misunderstood me. don’t lock me outside the door anymore, okay? you see, even your neighbors were woken up by us.”

luo chenxi’s stomach was filled with rage, but her ears still turned red in an instant when she heard mu yichen’s words.

mu yichen actually called her ... ‘my dear wife’?

Chapter 858: is this stinky hooligan really ... your husband?

did she hear it wrong? i must have heard wrong!

mu yichen had never addressed her in such a dotting manner even when their relationship was fine. he would always call her ‘stupid woman’ while he ridiculed her with a proud expression.

did he ... take the wrong medicine?

the neighbors were even more shocked than luo chenxi.

the mop in grandpa li’s hand fell to the ground with a thud.

he stretched out his hand and pointed at mu yichen. his voice was trembling a little. “chenxi, you ... what do you mean by this? is this stinky hooligan really ... your husband?”

of course not!

even so, luo chenxi knew that she could not deny it at the moment.

otherwise, mu yichen would have been beaten into a cripple like a hooligan.

boxn ov el. c o m

she suspected that this man had said those words on purpose because he knew that she was soft-hearted.

she raised her little hand and pinched mu yichen’s waist hard under the cover of her clothes.

seeing the man’s brows suddenly furrowed and he even gasped, she finally felt a little relieved.

luo chenxi turned to grandpa lee and bit the bullet as she said, “ahem, grandpa li, what yichen said ... is true. we ... uh, actually, we’ve been married for quite a long time. when i went to his company to look

for him a few days ago, i saw him in the office with another girl. he ran back to his apartment to stay because he was jealous.”

” my husband came over today and i didn’t want him to enter the house. i didn’t expect him to kick the door down ... he really shouldn’t have disturbed everyone’s rest at night. he’s really inconsiderate! ”

luo chenxi glared at mu yichen as she spoke. she then looked at her neighbors with a sincere expression.

“i’m really sorry, everyone. i apologize on behalf of my husband. i promise that after i take him home, i will teach him a good lesson! he won’t be like this again.”

upon hearing luo chenxi’s words, mu yichen raised his brows ever so slightly and glanced at her in dissatisfaction.

what did he mean by bringing her back ... and training her?

did she think he was a three-year-old child or a random cat or dog?

however, since she said “my husband,” he would forgive her for the time being.

when the neighbors heard this, they were all stunned.

no one had expected that luo chenxi would acknowledge this man as her husband!

grandpa li’s eyes widened in disbelief. ” what?! is he really your husband? that’s impossible, right? chenxi, didn’t you just graduate from college? how could she be married at such a young age? you’re not lying to us, right?”

luo chenxi said with a solemn expression, ‘grandpa li, how can i possibly joke about this? this is really my husband! we just quarreled ...”

“what? was there really such a thing? does your mother know? did she agree to you getting married so early?”

luo chenxi was at a loss whether to laugh or cry when she realized that he still did not believe her. she really likes my husband!”

back when lu wenjun was still hospitalized in harmony hospital, he did not like mu yichen very much at first. he was trying his best to get her to leave the mu family as soon as possible.

however, lu wenjun’s attitude took a 180-degree turn after he met mu yichen in person in secret.

he encouraged her to confess the truth to mu yichen and become a real married couple ...

“what? even wenjun agreed? then ... this is true?”

“of course it’s true!” luo chenxi emphasized.

grandpa li clutched his chest. he had been dealt a heavy blow.

he was still thinking of making luo chenxi his granddaughter-in-law. it seemed like ... there was no chance of that happening now?

Chapter 859: even your daughter is this old?

when luo chenxi noticed that no one was making a sound, she grabbed mu yichen's wrist and was about to pull him into the room.

grandpa li quickly called out to her from behind. "hey, wait, chenxi! think about it carefully, is it really a good idea to find a hooligan as your husband? this brat's temper is so bad. he broke down your door in the middle of the night and threatened you, and he might even use domestic violence!"

"you're such a pretty and smart girl, you can totally find someone better, right? why don't you take this opportunity to get a divorce? don't be afraid of him threatening you, everyone will support you!"

grandpa li thought about how the girl he had watched grow up was getting married just like that, and she was even married to a hooligan who seemed to have violent tendencies. he felt depressed.

he felt that this was like a fresh flower stuck in cow dung.

other than being a little handsome, what other good points does this brat have?

she was not worthy of their little chenxi at all!

it was apparent that there were more than one or two people who were jealous of mu yichen.

a lot of people joined in the jeering and persuading luo chenxi upon hearing grandpa li's words.

boxn ov el. c o m

"that's right, this kind of man doesn't deserve you! and i'm still quarreling with you! if i had such a beautiful wife, i definitely wouldn't be able to bear to get angry at her, okay?"

"chenxi, you're so young. why did you get married? i'm sure i've been tricked by this man!"

" a man can't just look at his face. his temper and personality are also very important! "

the crowd chimed in one after another to mock mu yichen.

young master mu's face was so dark that it couldn't be seen.

this was the first time someone had said that he was not worthy of his little woman!

are these people blind?

he and luo chenxi were clearly a match made in heaven. they could not be more compatible than this!

when luo chenxi heard that the neighbors were going overboard with their words, mu yichen's expression turned increasingly grim. she quickly cleared her throat.

"don't say that! my husband ..."

she had just opened her mouth when she suddenly heard several obvious gasps.

luo chenxi was stunned for a moment. she turned around to take a look and saw grandpa lee's widened eyes with a shocked expression.

"what's wrong? grandpa li, what's wrong?"

grandpa li pointed to the side of her. " you ... this ... this little girl is ... "

a little girl?

luo chenxi thought of something and quickly lowered her head to take a look.

she saw her little dumpling standing by her feet. she even reached out her little hand and grabbed the hem of her pajamas.

the little dumpling pouted and blinked her big red eyes. " big sister, daddi, why aren't you two done arguing? " i'm so sleepy, i want to sleep!"

it was apparent that she had been waiting in the room for a long time, but luo chenxi and mu yichen did not return.

it was getting noisier outside.

so, he couldn't help but run out on his own.

luo chenxi was shocked. she immediately squatted down and lifted her up.

"tang tang, be good. it's your daddi and my fault for disturbing you. we'll go back now and sleep with you, okay?"

the little dumpling hugged her neck, nodded, and obediently snuggled into her arms.

she looked as cute as a little angel.

grandpa li and the others 'eyes were about to pop out.

'this young girl ... she really looks like luo chenxi when she was young!'

he was equally adorable!

luo chenxi hugged the little dumpling and coaxed him for a while before she raised her head and nodded at grandpa lee as a gesture of acknowledgment.

" grandpa li, it's really a misunderstanding today. i'll apologize to everyone tomorrow morning. now, my tang tang wants to rest, we'll go back first ... "

"this, this, this ... is your daughter? your daughter is already so big?"

Chapter 860: luo chenxi, i dare you to say that again!

"uh ... this ..."

luo chenxi choked and did not know how to answer for a moment.

on the other hand, mu yichen had a calm expression on his face. he stretched out his hands and pulled his wife and daughter into his arms as a declaration of ownership.

“good that you know. we’re already an old married couple, and we occasionally quarrel. how do you know that i’ll use domestic violence? if you continue to talk nonsense, i’ll sue you for slander! hurry up and leave, my wife, daughter, and i are going to rest.”

hearing this, everyone’s faces looked as if they had been struck by lightning.

if he was not mistaken, luo chenxi was only twenty-two or twenty-three years old.

at this age, it was already considered early to get married. how could his daughter be so old?

did she get married in her first year of university?

the corners of luo chenxi’s lips could not help twitching when she heard mu yichen spouting nonsense again.

however, he did not refute.

after all, in order to avoid more trouble, this was the simplest explanation.

luo chenxi tugged at mu yichen’s sleeve hastily when she noticed that the crowd was speechless. she motioned for him to enter the room.

mu yichen was no longer a tsundere at this moment.

he had already acknowledged his status as luo chenxi’s husband in front of so many people.

especially when he felt the envious and jealous gazes of some young men, it made him even happier.

he had a satisfied expression on his face as he walked into luo chenxi’s small apartment as the male owner of the house.

after the main characters left, the people outside discussed for a while and then dispersed.

on the other hand, luo chenxi quickly locked the door from the inside as soon as she entered the room.

he turned his head and glared at mu yichen. he spoke in an unfriendly tone, “mu yichen, what nonsense were you spouting outside just now? when did you become my husband? we were going to break up ...”

mu yichen was in a good mood initially, but his expression changed abruptly when he heard the word ‘break up’ from luo chenxi’s mouth.

“luo chenxi, i dare you to say that again!”

mu yichen’s deep voice that came out of his throat was filled with suppressed anger. it sounded especially terrifying.

luo chenxi shrank her neck subconsciously and bit her lip.

young master mu usually didn’t show his emotions on his face, but when he was really angry, he was quite scary.

furthermore, she knew that she was in the wrong, so she felt guilty ...

a wisp of coldness flashed past mu yichen's pitch-black eyes. he strode toward her and forced her to the corner of the sofa.

"mu yichen, don't ... don't come over ..."

mu yichen's expression was icy cold. "i think i'm spoiling you too much! you're actually casually bringing up the word "break up" now? i must ..."

before he could finish, he heard a young voice.

"daddi, you're so noisy. i want to sleep!"

the little dumpling was about to fall asleep in luo chenxi's arms. in the end, she was woken up by mu yichen's cold aura.

mu yichen paused in his actions.

luo chenxi seized the opportunity to stand up from the sofa. "tang tang wants to sleep. i ... i'll go and accompany her ..."

then, without looking back, she carried the little dumpling and hid in the bedroom.

the little dumpling was already sleepy, so she fell asleep within a few minutes after lying on the bed.

luo chenxi had been hiding in her room all this while. she dared not go out.

she knew that mu yichen was waiting in the living room outside, waiting for her to go out.

since she had already let him into the apartment, she couldn't possibly keep avoiding him.

however, young master mu was so strong that he would definitely not break up with her easily ... what should she do?

"bang bang bang!"

suddenly, there was a knock on the bedroom door.
