"Baby, you are so sweet."

"Hmm, you are telling the truth!"

"Huh? Let me intercourse with you ..."

As soon as he spoke it, Joseph's thin lips pressed on hers. Oh, it was a feeling of heartbeat...

"Ah--" Kathy was in pain and opened her eyes. It was an unfamiliar environment, and a female doctor was sitting next to her, giving her an injection.

No wonder it hurt so much!

"What are you thinking?"

She knocked her head, where was Joseph? Didn't he kiss her just now?

She realized that she had a dream. She quickly lowered her head! Kathy, what are you thinking about!

"Miss Kathy, Mr. Row said your mood is a little unstable, and I am going to inject a tranquilizer for you."

"I'm ok." Kathy narrowed her eyes and immediately retracted his hand.

"Miss Kathy, don't suppress you, and this is not conducive to recovery." The female doctor said seriously.

"I'm not sick, go away." Kathy covered with her quilt and turned her back angrily.

Thinking about what happened last night, she remembered that she had seen Joseph's sexy body... Then, got fainted?

Now ... she looked down at the clothes on her body. Fortunately she was still wearing on clothes.

The female doctor had no choice but to call Joseph in. He had just finished exercising, he had sweat on his face and his hair was a little wet, he seemed... more handsome.

"Why don't you follow the instruction of doctor?"

Joseph approached her. Kathy could feel the male hormones on Joseph's body, and avoided looking at his eyes.

"I'm not sick."

"You got fainted last night, but you still wanted to have sex with me." Joseph said it carefully.

Kathy was embarrassed and stared at him, wanted to have sex with him?

She did anything bad? ... She recalled it, and her cheeks turned red.

Scratching her head embarrassingly, Kathy made up an excuse, "Maybe it is because I can't adapt to the environment here ..."

"Isn't it because you are fascinated by my handsome appearance?" Joseph raised his eyebrows and laughed attractively.

Kathy pinched her finger and felt guilty that Joseph knew her intention ... It was because Joseph's body was so charming!

"You are true!" Kathy turned back angrily, but Joseph pulled her back.

"So you should get used to it, or you will get dizzy again next time." Joseph's voice was gentle, even tempting, he seemed to comfort her.

"There will be another time ..." Kathy was annoyed.

"Of course, don't forget, we have been already married."

Kathy was stunned, didn't know when Joseph had left. The maid came to call her to go downstairs for breakfast.

She swiped on her mobile phone. She suddenly realized that she stay in this house for a whole night and didn't receive a call from Angela.

Isn't she worried about her daughter being kidnapped?

She was a little angry. At this time, Facebook popped up a message, "My dear, is the wedding night exciting?"

Kathy, "?"

What Angela is saying ...

Seeing that Kathy didn't answer her for a long time, and Angela called her daughter, "Baby girl, tell me, did you have sex with him last night?"

"Mom, what are you talking about?"

"Don't you stay with Joseph last night?"

"Yes." Kathy's voice was low.

"Don't you sleep together?"

Kathy was silent. She fainted last night. How could she know what happened last night...

Kathy thought nothing happened last night. She was wearing undamaged clothes. If she had sex with Joseph last night, her clothes must have been torn!

"Of course not."

"Aren't you married?" Angela asked.

"No, we are married, but ..." Kathy reacted, "Mom, why are you gossiping about it? I'm going to work, see you!"
