Chapter 911: even tangtang is more obedient than you

luo chenxi was startled. her face was slightly pale.

in reality, she did not have any secrets to hide from mu yichen. after all, they were already married ...

however, she and fang ziqian were just talking about mu yichen when he popped up out of the blue. it was a little scary.

mu yichen swept her a glance. " why do you look like you're guilty of something? could she be messaging a wild man?"

he stretched out his hand and took the phone from luo chenxi's hand. he lowered his head to take a look.

luo chenxi's heart was in her throat.

what would mu yichen think when he saw fang ziqian's words? although she had already decided to come clean, this ... this was too sudden, right? what should he say later?

luo chenxi was so nervous that her hands and feet turned cold. she stared at mu yichen's face without blinking her eyes as she was afraid that she would miss any change in his expression.

but who knew that young master mu would throw his phone aside after looking down at it.

"ha, the secretary is more tactful than her man!"

luo chenxi did not expect mu yichen to say that.

she lowered her head and realized that fang ziqian had changed the subject. she had sent her a few wedding photos and asked her which one she wanted.

young master mu happened to see these pictures, and his good impression of fang ziqian instantly increased.

"when it's our wedding, we'll ask her to be the bridesmaid."

luo chenxi nodded subconsciously, " oh ... "

"alright, the noodles are ready. come and eat. tsk, why didn't you wear your shoes properly? it's already autumn, aren't you afraid of catching a cold? tang tang is much more obedient than you."

mu yichen glared at her. he bent over and pinched her ankle before he helped her put on her slippers personally.

"come over, or do you want me to carry you?"

luo chenxi snapped back to her senses. she hastily pulled mu yichen back when she saw that he was about to turn around and leave. " wait, mu yichen. i ... i have something to tell you ... "

"no matter what it is, let's talk about it after dinner! otherwise, if your stomach hurts again, i'll throw you out to die!"

the man threatened her.

luo chenxi refused to believe that he would throw her away. nevertheless, she followed behind him obediently and entered the dining room.

young master mu's cooking skills were quite good. it was said that he had honed it when he studied abroad in M country in his early years.

luo chenxi had been starving for a long time. however, she did not have the time to complain that she was hungry as she was preoccupied.

as soon as he entered the dining room, he smelled the fragrance of noodles, and his stomach immediately growled.

mu yichen stuffed a pair of chopsticks into her hand. " eat quickly! you're not allowed to leave me a single mouthful of soup!"

luo chenxi took the chopsticks, lowered her head, and began eating in large mouthfuls.

mu yichen sat by the side and stared at her. his tensed expression only relaxed when he saw that she had finished the entire bowl of noodles obediently.

luo chenxi put down her chopsticks and wiped her mouth after she was done eating.

then, she turned to look at the man beside her.

his expression turned solemn. " mu yichen, i have something very important to tell you ... "

since they were already married, it was inappropriate for them to keep the incident from mu yichen.

she should be honest with young master mu.

mu yichen had fed his little woman until she was full. he felt that it was time for him to reap the rewards of his hard work. his mind was filled with the 'trash' that luo chenxi mentioned.

when he heard her speak, he didn't take it seriously at all. he even leaned close to her ear and chuckled slowly.

"what's wrong? stupid woman? i don't have the patience to listen to anything serious right now ..."

Chapter 912: mu yichen, i'm actually with another man ...

compared to " serious business, " he was more inclined to discuss where they could go for their honeymoon.

luo chenxi frowned when she noticed his nonchalant attitude. the expression on her face turned even more solemn.

he even coughed hard twice. "ahem, mu yichen, this is really important. can you sit down properly and listen to me carefully?!"

"i think it's good enough that i'm sitting next to you," mu yichen said indifferently. if you have something to say, just say it. i'm listening. if you don't want to tell me ... then let's not waste time ..."

"alright, alright, we'll say that!"

luo chenxi felt helpless.

it's just a marriage certificate, how did young master mu become a clingy little puppy?

this scene didn't seem right?

she cleared her throat. "i ... i want to tell you something. it's about that ... what happened four years ago ..."

boxn ov el. c o m

even though luo chenxi had already made up her mind to come clean, she realized how difficult it was to confess the most painful experience she had ever experienced to the man she loved ... when it was time to speak.

every word he said seemed to stab into her soul.

she dared not look into mu yichen's eyes. she forced herself to remain focused so that she could finish her sentence in one go so that she would not go back on her words.

that was why she did not notice that the warmth in mu yichen's eyes had disappeared all of a sudden when he heard her mention "four years ago".

"you should have already found out that i had a car accident four years ago, which caused me to be unable to get pregnant successfully. however, the main reason why i can't have children isn't because of this. it's because ... before this, i ..."

"alright, shut up! i've already said this morning that i don't want to hear it!"

mu yichen suddenly spoke and interrupted her rudely.

luo chenxi was stunned for a moment. she bit her lip and said anxiously, "but you can't not know about this! mu yichen, i actually did it with another man ..."

"i said ... shut up! don't you understand what i'm saying?"

mu yichen's tone suddenly turned unusually stern.

luo chenxi was startled by his fierce tone. she raised her head with a flustered expression and saw mu yichen's icy-cold expression.

she had never seen such a cold and emotionless look before.

luo chenxi felt flustered in her heart.

'mu yichen, why ... why does he have such an expression?' could he have guessed something?

"mu yichen, can you listen to me? i ..."

she was halfway through her sentence when she suddenly felt a pain in her chin. her chin was forcibly lifted by the man, and the words that were about to come out of her mouth were forced back.

mu yichen's gaze was fixed on her pale little face. he enunciated each word clearly, "i've told you many times, i don't want to know your past! you just have to remember that you're now my wife, tang tang's mother, and the mu family's young mistress! everything else ... better be forgotten! in your eyes, in your heart, there can only be me, do you understand?"

luo chenxi widened her eyes and looked at him with a bewildered expression.

before she confessed to mu yichen, she had guessed young master mu's possible reaction countless times.

however, she had never expected that such a situation would occur.

in fact, mu yichen did not even allow her to speak!

"stupid woman, did you hear what i said? if you don't understand, i can teach you until you do ..."

luo chenxi shuddered all over when she saw the dangerous glint that flashed past the man's eyes.

Chapter 913: no, you don't understand!

it was obvious that mu yichen's so-called 'teaching' did not have any good intentions ...

luo chenxi nodded hastily. " alright, alright, i understand now. i really do ... "

mu yichen scoffed coldly before he released her chin.

however, before luo chenxi could even heave a sigh of relief, his hand moved downward soon after. he wrapped his arms around the petite woman's slim waist and lifted her up horizontally.

"i think you still don't understand. forget it, i'll make a sacrifice and take out some precious things to teach you. you don't have to thank me ..."

"no, no, no, no, there's no need, really no need! i understand your feelings, i completely understand!"

"no, you don't understand!"

mu yichen retorted with determination. at the same time, he lowered his head and took a glance at the petite woman in his arms.

his eyes were dark and hard to read.

boxn ov el. c o m

in addition to the passionate and unbearable tide of love, there were even more profound things.

luo chenxi's voice went hoarse at once. a gush of sourness surged up her throat and she almost burst into tears on the spot.

how could she not understand what mu yichen meant?

of course she knew!

young master mu just didn't want her past to affect their current life.

no matter what the truth of the past was, there would be some impact after it was said. both sides would inevitably guess each other's thoughts and could not pretend that nothing had happened.

since that was the case, it was better to not know anything.

in each other's hearts, there were only beautiful memories of everything that had happened after they had met.

mu yichen knew that luo chenxi had understood what he meant when he noticed that she had stopped speaking. the corners of his lips curled upward.

he was preparing to take advantage of the little woman's dazed state to trick her back into her room and do this and that.

however, at that moment, his phone rang.

young master mu immediately frowned, his heart full of displeasure.

he had already posted on his wechat moments that he had registered his marriage. anyone with a good sense of judgment should not call and disturb him at this time.

who was the guy who was not afraid of death?

he did not feel like picking up the phone at all. he carried luo chenxi in his arms and left immediately.

however, the phone rang again and again without any signs of stopping.

luo chenxi was anxious. she pushed his chest. " mu yichen, there's a call! " aren't you going to take it?"

"no, why would i pick up on our wedding night?"

luo chenxi's legs went limp again upon hearing that.

wedding night or something ... it sounded so scary ...

" everyone knows that we're getting married today, " she said hurriedly. " if they're calling, it must be something important. pick it up! "

"i don't ..."

mu yichen was halfway through his sentence when he saw that luo chenxi had already reached her little hand into his pants pocket and fished out his phone.

he glanced at it and asked in surprise, "eh?" it's second master? why is he calling?"

mu yichen squinted his eyes and took the phone from her hand. he casually pressed the answer button and placed the phone to his ear.

“you’d better have something important to do, or else ...”

his threatening words were only spoken halfway when he suddenly stopped.

immediately after, a look of fury appeared on his face. “ what did you say?! this woman actually dared to do such a thing?”

luo chenxi was startled when she saw the sudden change in his expression.

soon after, mu yichen hung up the phone. his face was filled with rage as he threw the phone onto the ground.

“damn it!”

“don’t you throw things around!”

luo chenxi caught the phone in a flurry. she turned around and looked at him in displeasure. “ what’s wrong? ” what did second young master do to you?”

Chapter 914: the strongest male third party in history, chen xiluo

mu yichen did not dare to vent his anger on his wife no matter how bad his temper was.

he suppressed the rage in his heart with great effort as he stared at luo chenxi’s petite face.

he took a deep breath and said, ‘it’s luo chenxin! i don’t know where luo chenxin got the photos of us together and sent them to the media! today, all the magazines published the photos on the front page and within an hour, everyone knew about it!’

luo chenxi was stunned for a moment. she twisted her delicate beauty and asked in puzzlement, “ a picture ... of us together? how did she get it? uh, that’s not right. is there a problem with me being with you? didn’t you just announce that you’re not married?”

it was not a big deal for a young, handsome, rich, and unmarried man to be photographed with any woman, right?

at most, it would be a piece of gossip.

there were several rumors about young master mu being caught by others every month, but he usually ignored them or let others suppress them. he never took it seriously.

this time, he was even photographed with his newly-wedded wife. there was even less of a big deal. why was he so angry?

mu yichen swept her a glance. the anger in his eyes had yet to subside as he spoke in an unpleasant tone, “ there’s no problem with me being with you now, but ... if i’m with you in a male disguise, there’s a big problem! ”

it was only then that Luo Chenxi reacted to the situation. She opened her mouth wide and said, "ah ..."

the photos that Luo Chenxin provided to the major media outlets were actually Mu Yichen and Chen Xiluo's?

Mu Yichen noticed her stunned expression and added, "it's not just me. I heard from Yiling that there were photos of us kissing. This is really big news ..."

the nation's prince charming, the man all the women in China wanted to marry the most, Young Master Mu, had actually come out of the closet and become gay overnight!

this was definitely explosive news!

therefore, in such a short time, it had become a super gossip that everyone knew.

Luo Chenxi quickly grabbed her phone and logged into Weibo to take a look after she heard what he said.

it had only been an hour since the scandal was released, but the entire Weibo was already flooded with Young Master Mu.

the top 11 trending searches were all related to this matter.

[ the nation's prince charming young master mu comes out of the closet ]

#the mu family's heir is actually gay#

[ the young lady of the Luo family cries about the truth of the mu family's young master's divorce ]

these labels were still considered normal. Luo Chenxi scanned the list and saw a label: #the strongest male third party in history, Chen Xiluo #

Luo Chenxi could not help but swear upon reading this. "f\*ck!"

Mu Yichen was feeling vexed at the moment. He regretted that he did not get rid of Luo Chenxin earlier.

ever since that new product launch, he had been busy preparing for his proposal. After his proposal failed and he fell out with his woman, he couldn't even sleep at night, let alone deal with other things.

he did not expect Luo Chenxin to have obtained a photo of him and Luo Chenxi from somewhere.

and she was so scheming that she published it on all the major magazines at the same time.

most of the media didn't dare to publish any negative news about Young Master Mu, but that wasn't all.

this was especially so during the critical moment of the presidential re-election. The Fu family's political enemies were eyeing Fu Jinze covetously, wanting to pull him down. When they saw Mu Yichen, who supported the Fu family, in such a scandal, they naturally did not hesitate to add fuel to the fire.

at this time, it was impossible to suppress the news.

Chapter 915: young master mu was actually gay and had hidden it for so many years

mu yichen's eyes were filled with coldness.

he did not have time to deal with luo chenxin these few days, but this woman did not find a place to hide and continued to cause trouble.

he was obviously looking for death!

since she wanted to walk into the muzzle herself, then she couldn't blame him for being impolite.

" luo chenxin actually got a photo of us in the parking lot! "

the little woman beside him suddenly exclaimed.

mu yichen frowned. he moved closer to luo chenxi and looked at the phone screen in her hand.

luo chenxi had already clicked on the most popular gossip report.

" yesterday, the daughter of the luo corporation, luo chenxin, revealed to us that she did have a marriage relationship with the mu family's young master, mu yichen, who is known as the 'nation's husband'. the two of them even had a wedding, but they did not register their marriage for some reason. moreover, the two of them had a daughter five years ago!"

boxn ov el. c o m

" when it comes to the reason for her divorce with young master mu, luo chenxin revealed to our magazine's reporter that it was all because of a third party. the third party was none other than the male model chen xiluo, who had suddenly become popular in recent months. young master mu is actually gay, and he's been hiding it for so many years."

several photos provided by luo chenxin were posted at the bottom of the report as evidence.

these photos looked a little familiar.

mu yichen thought about it for a moment before he remembered.

it seemed to be a photo of him and luo chenxi kissing in the underground parking lot when they attended a charity auction.

at that time, luo chenxi was coerced by luo chenxin to leave the mu family in secret. mu yichen had thought of every possible way to look for her, but he still could not find a single clue.

just when he was on the verge of despair, luo chenxi suddenly appeared at the charity auction in a male outfit.

mu yichen was both shocked and excited. he could not wait a moment longer after the auction ended. he immediately chased after the person and blocked her way at the carpark.

the two reunited after their separation. young master mu couldn't care about anything else. his first reaction was to press her down in the car and kiss her wildly.

if not for the fact that someone had suddenly passed by, a small movie would have been staged in the parking lot.

however, he had asked zhao feng to deal with the surveillance footage in the parking lot after he brought luochenxi home. he had obtained the original footage of the surveillance footage at the time.

now it seemed that someone had been eyeing the mu family at that time, made a copy of the surveillance video, and hid it.

needless to say, it must be related to the presidential election.

luochenxi was not clear about the ins and outs of the matter. however, she understood the severity of the matter when she saw the sensational headlines and the clear and ambiguous photos on weibo.

"how could this be? where did luochenxin get the photo? also, she really dared to spread rumors. none of what she said was true! it's fine if she scolded me, but she even slandered you, saying that you're gay and that you're a marriage fraud! you married her just to trick her into giving birth to your children and carrying on your family line! i'll dump her after i'm done using her!"

mu yichen could not help but laugh when he saw her petite face that was puffed up in anger.

he reached out and pulled her into his arms. he turned his head and kissed her on the cheek. "alright, alright. don't be angry. it's not worth it for such a shameless woman! anyone with the slightest ability to think would not believe her words. if i wanted to find someone to carry on the family line, what kind of woman can't i find? why would i find her?"

young master mu's words were not exaggerated at all.

just below these gossips, many netizens left comments and raised doubts about the authenticity of the news report.

Chapter 916: the netizens this time are really good

"i won't comment if i don't understand the other situation. but, i'll just ask you one question. if our young master mu wants to find a woman to have a child with, does he need to lie?"

"that's right, that's right. if young master mu wants a child, countless women will rush up to snatch it, okay? it's a big deal to sleep with such a handsome guy for a night!"

"luochenxin, why don't you take a piss and look at yourself? what other good points does she have besides her pretty face? you're stealing someone else's draft just to design a piece of clothing. you're the epitome of shamelessness!"

"hehe, she even said that young master mu tricked her into giving birth to a child. i think she secretly got pregnant with young master mu's child and wanted to force him to marry her to join a rich family. in the end, young master mu didn't fall for it!"

luochenxi sniggered when she saw this.

"the netizens this time are really good. they can even see this. they're already very close to the truth!"

however, when she continued to read the comments, she couldn't smile anymore.

even though mu yichen's wife fans were furious and scolded luo chenxin like a dog's blood, luo chenxin's face was still covered in blood.

however, the anti-fans only used one sentence to shut them up."it's a fact that young master mu is gay! there's irrefutable evidence in the photos!"

boxn ov el. c o m

indeed, although the resolution of the photos provided by luo chenxin to the media was not very high, the angle of the camera was very good, so it looked very clear.

the people in the photo were young master mu and chen xiluo.

young master mu's silhouette was only a side profile, but chen xiluo's face was captured.

the two extremely good-looking men hugged each other tightly and kissed each other passionately. it didn't look disgusting at all. instead, it was quite beautiful.

however, no matter how good looking they were, it couldn't change the fact that they were of the same gender.

moreover, according to luo chenxin's words, young master mu had an affair during his marriage ...

in the face of such solid evidence, most of the wife fans died down.

only a small number of people were still desperately trying to find excuses.

but in the end, it was all about " i've got the wrong person. i can't see this person's side profile clearly, so he's definitely not young master mu! "

or, " young master mu and chen xiluo must be filming a movie or an advertisement. anyway, it's definitely not real! "

there were even some who simply lied with their eyes open,'it's definitely photoshopped! it can't be true, i won't believe it even if you beat me to death!"

such an explanation was not convincing at all, so naturally, no one would take it seriously.

in addition to these photos, the onlookers soon had other information.

"look here, look here. young master mu actually attended the angel film festival with chen xiluo and even walked the red carpet together! i didn't think much about it at that time, but now that i've taken a closer look, they really look like a couple! this suit is a couple's outfit, it's a naked show of love!"

" and this, the day luo chenxin's act of pretending to be stars and stealing manuscripts was exposed, the live broadcast was cut off by the tv station after young master mu proved that he was single. now, the video is out. everyone, look! young master mu didn't leave alone. he pulled chen xiluo's hand and left together!"

"my aunt's younger brother's neighbor's nephew's boss's son is studying at yinlong kindergarten. it's the same kindergarten as young master mu's daughter. he had said before that young master mu had a

daughter who often went with chen xiluo to pick her up! i thought it was all nonsense, but now that i think about it, it's all true!"

Chapter 917: if you can't even handle such a small matter, what's the use of having you?

it had to be said that the wisdom of the onlookers was infinite.

the scenes of luo chenxi and mu yichen appearing in public together in the past had been dug up by people.

the image of the two of them standing side by side was specially taken and spread on the internet.

other than confirming the gay relationship between mu yichen and chen xiluo, chen xiluo's situation was also investigated by others.

"i've never heard of the name chen xiluo before. didn't he become famous overnight by walking on the runway in the finals of the chinese style competition? come to think of it, young master mu was also present that day! young master mu didn't go there just to support him, did he?"

"i heard that he's the mu family's young miss's boyfriend! how did he end up with miss mu's brother? isn't this too disgusting?"

"it's hard to imagine that the relationships between men and women in rich families are so messy. the brother and sister share the same man?"

"disgusting, this is really too disgusting! she didn't expect that a man would do such a shameless thing in order to enter a rich family. chen xiluo can really be called the strongest third party in history!"

after all, mu yichen was the eldest young master of a top-notch wealthy family. he was powerful and influential, so most people still had a sense of propriety when they scolded him.

boxn ov el. c o m

in comparison, chen xiluo seemed to be easy to bully.

he was just a model who had not been famous for long. there was no psychological burden in scolding him.

therefore, chen xiluo was the one who was accused.

chen xiluo's fan base was obviously not as large as young master mu's, and he was even more powerless to defend himself.

luo chenxi noticed that but she did not feel anything special about it.

after all, she knew very well that she was not a mistress, and she also knew that these people were only deceived by luo chenxin.

however, mu yichen was already furious beyond belief.

he snatched luo chenxi's phone from her and called mu yiling.

“what the hell are you doing? the matter has already blown up so much, why aren’t you thinking of a way to suppress it? as one of the world’s top three hackers, is this the standard?”

mu yiling felt like crying but had no tears. “ my dear brother, i’ve been trying my best to suppress it. however, the other side also has an expert. i hacked a system here, and they built a new system. if they want me to control the situation, they have to give me some time!”

“then how long do you need to hack all these accounts that are spreading rumors?” mu yichen said impatiently.

mu yiling felt even more embarrassed. “ well ... i can’t guarantee that. ”

if it was just a rumor, he would be able to suppress it as long as his skills surpassed the rumor monger’s.

however, the problem was that luo chenxin’s revelation was not fake. it was true!

moreover, the news that young master mu was a secret was too explosive. in just over an hour, it had become the news of the whole country.

most of the people who released the negative news were no longer arranged by the fu family’s political enemies, but the spontaneous actions of the public.

with so many people spontaneously exposing the truth, how could he control it alone?

mu yichen sneered. “ you can’t even handle such a small matter. what’s the point of having you around?! ”

mu yiling was so choked by his brother that he could not say anything.

“i’m hanging up,” mu yichen said.

mu yiling quickly called out, “wait, big brother! aren’t you already married to sister-in-law? why don’t you guys hold a press conference to refute the rumors?”

“do i need you to tell me this?”

mu yiling almost vomited blood when he heard his brother’s disdainful voice.

Chapter 918: so, i can get two billion yuan if i divorce you ...

mu yichen dismissed his useless younger brother and called zhuo feng immediately.

“on the internet, about me ... hehe, did you see that news?”

“yes, president!” zhuo feng quickly replied. this afternoon, the company had received countless phone calls from major media outlets asking about this matter and wanting to interview them. it had already affected the normal work of the company. right now, the public relations department is trying to find a way to deal with it ...”

“there’s no need to go through so much trouble.” “prepare a press conference immediately and invite all the media reporters to the mu corporation. chenxi and i will be able to rush to the company in an hour’s time to clarify the matter,” mu yichen said decisively.

this should be the best arrangement.

however, there was no response from zhao feng even after mu yichen had given his orders.

he waited for a few seconds and frowned. “ zhao feng, are you there? ”

“yes, yes, president. i’m still here.”

“immediately do as i say!” mu yichen said impatiently.

boxn ov el. c o m

zhao feng paused and coughed. “ ” ahem, president, actually ... we might not need to specially invite the media ... ”

mu yichen squinted his eyes. he was slightly puzzled. “ what do you mean? ”

zhao feng said in a low voice, “ “president, miss luo just came to the company and said she wants to have a confrontation with you. they said that you had an affair, had a mistress, and abandoned your wife and daughter. not only did he not acknowledge her identity, but he was also stingy and did not even give her any child support after the divorce. that’s why she wants to seek justice from you in front of the media.”

” right now, the public relations department is trying to think of a way to get rid of these reporters, but there are too many people ... ”

” luo chenxin also wants you to pay two billion yuan as a breakup fee, or she won’t leave ... ”

zhao feng mustered up the courage to finish his sentence. he felt a chill down his spine and his legs were trembling.

he was really too unlucky to be a special assistant.

every time this kind of news that would obviously make eldest young master angry, no one was willing to pass the message, and it could only come from his mouth ...

however, to his surprise, mu yichen did not fly into a rage as he had expected after a moment of silence. on the contrary, he laughed.

“very good, very good, very good! ‘luo chenxin is really courting death. since she has already dug her own pit, it saves me a lot of trouble.’ tell the public relations department that they don’t have to chase these reporters away. leave them all alive, not a single one less!”

mu yichen sneered and hung up the phone after he finished speaking.

he had turned on speaker mode earlier, so luo chenxi, who was sitting beside him, had heard the entire conversation between him and zhao feng.

"luo chenxin actually went to the mu group?! how could she be so bold? he ... he even asked for two billion?"

luo chenxi looked at the man next to her after she recovered from her shock. she blinked and said, "so, i can get two billion yuan if i divorce you ..."

mu yichen's expression froze for a moment upon hearing her words. he held the petite woman's shoulder and pushed her onto the sofa while he glared at her fiercely.

"stupid woman, what do you mean? you want to divorce me and split my money? why go through so much trouble? be my wife, not to mention 2 billion, even if it's 200 billion, i can give it to you. but if you want a divorce ..."

"wow, hubby, you're so rich! what about a divorce? can you get more?" luo chenxi opened her eyes wide and humbly asked for guidance.

mu yichen was exasperated. "give up on that idea! if you marry me, don't even think about getting a divorce!"

Chapter 919: if you want to slap luo chenxin's face, you have to change your clothes ...

"if you're alive, you're a member of the mu family. if you're dead, you're a ghost of the mu family. do you understand?" mu yichen was so angry that he raised his hand and pinched her face.

luo chenxi felt depressed at once. "are you really a bandit? i have human rights, how can i not get a divorce after i'm married?"

"you really dare to say that! it seems like the family rules weren't taught well!"

mu yichen glared fiercely at the petite woman beneath him. he had the intention to carry her back to the room and educate her properly.

however, there were more important things to do now.

mu yichen took a deep breath and propped himself up. he stood up. "i'll teach you a lesson tonight! " we don't have much time left. if we delay any longer, we won't make it to the company in time."

seeing the woman's lazy expression, he urged again, "hurry up, or i'll help you put on your clothes myself."

luo chenxi sat up and took a glance at him in surprise.

"didn't you tell special assistant zhao to hold a press conference in an hour? it only takes 20 minutes to drive from home. why are you in such a hurry?"

boxn ov el. c o m

mu yichen stopped in his tracks. he turned around and said in an unpleasant tone, "what a stupid woman! of course, you can't go there dressed like this. you'll have to change your clothes if you want to slap luo chenxin in the face ..."

luo chenxi was stunned for a moment before she came to a sudden realization.

“so ... i get it, hubby, you’re the most sinister!”

“who are you calling sinister? hmm?” mu yichen raised his eyebrows in a threatening manner.

luo chenxi jumped up from the sofa in a hurry and ran upstairs. “ you’ve heard wrong. i didn’t say anything! ”

.....

at the same time.

the mu group’s main entrance was already swarmed by reporters.

luo chenxin, who was dressed in a black suit, was standing on the steps at the mu family’s entrance.

as more and more reporters gathered around her, the smile on her heavily made-up face became more and more obvious, and the smugness in her eyes could not be concealed at all.

of course, she didn’t want to hide it.

ever since mu yichen suddenly appeared at the product launch and denied their marriage, luo chenxin had become the object of ridicule.

in the past, she had used her status as mrs. mu to do whatever she wanted in the circle of rich and powerful daughters. she had to show off to everyone.

now, she had been kicked out of the house by young master mu, and it was revealed that she had not even collected a marriage certificate.

this time, the young ladies who had been ridiculed by her in the past all treated her as a complete joke and said all kinds of sarcastic words.

not only that, but she was also famous now. when she walked on the streets, ordinary people would recognize her and point at her.

therefore, luo chenxin did not even dare to go out during this period.

however, it was a good thing that she had finally obtained the evidence of mu yichen’s extramarital affair after lying low for such a long time! and she was with a man!

with this in her hands, she could immediately turn the tables.

from that day on, the whole of china would know that it was not luo chenxin’s fault for divorcing young master mu. it was all because mu yichen was a complete scumbag while she, luo chenxin, was an innocent victim. she deserved everyone’s sympathy!

other than that, she could also receive mu yichen’s financial compensation. with this sum of money, she could continue to live a luxurious life like before.

“miss luo, miss luo, please wait. may i ask? are you here today to personally negotiate with young master mu?”

"miss luo, the internet has exposed that young master mu is a mistress and is cheating on his future brother-in-law. is this true?"

Chapter 920: how could young master mu remember his daughter now?

"miss luo, i heard that young master mu abused you and abandoned you. he even abused you before. is this true?"

the reporters raised their microphones and fought to pass them to luo chenxin.

luo chenxin had long yearned for this kind of life that was the focus of everyone's attention. now that it had come true, she was very excited.

she stopped and turned to look at the reporters behind her.

she lowered her head on purpose and raised her hand to wipe the corner of her eye.

then, with a trembling and weak voice, he said, "everyone ... friends of the media, please don't believe the rumors on the internet. young master mu and i ... we only separated because our relationship didn't get along. i ... i don't know much about his private matters. i ... i won't say anything."

luo chenxin acted like this on purpose and made her words very vague.

after all, there were surveillance videos on the internet. it could be said that mu yichen's affair with chen xiluo was already an ironclad fact.

even if she didn't say anything, it wouldn't change the perception of the reporters and the public.

on the other hand, her deliberate forbearance could make people sympathize with her more.

moreover, mu yichen's domestic violence and other similar incidents that were circulating on the internet did not exist. if she explained too much, she would expose herself instead.

it was better to speak in such an ambiguous manner. the others would treat the things that mu yichen had never done as the truth.

as expected, the reporters were filled with righteous indignation when they saw luo chenxin's reaction. even the passersby who were passing by could not help but despise mu yichen and chen xiluo.

"tsk, tsk, what a sin! he had an affair with such a beautiful wife? i really can't understand the thoughts of rich people!"

"young master mu looks like a decent man, but he can actually do such a thing. you really can't judge a book by its cover!"

"what national husband? he's clearly a shameless scumbag!"

“that’s right, shameless! he was the one who had an affair in the first place. if they were to get a divorce, mu yichen should be the one leaving the marriage with nothing. yet, he did not even pay any child support at all! he’s so rich and yet so stingy, he simply doesn’t have any bottom line!”

luo chen felt even more pleased with himself when he heard the crowd criticizing mu yichen in unison.

the reporters ‘questions came one after another.

“miss luo, did you come to the mu group today to seek justice from young master mu?”

luo chenxin shook her head and said, ‘how can i go against the mu family? i ... i can’t afford to offend the mu family either. however, my daughter is still in young master mu’s hands, and i don’t want to give up her custody. ever since young master mu announced that he was going to divorce me, i haven’t seen my daughter again. i really can’t stop worrying about tang tang ...”

the surrounding crowd sighed again.

“miss luo is really too pitiful! he was kicked out of the family with nothing and can’t even see his daughter now!”

“how can young master mu remember his daughter now? were they all captivated by that male third party? it was said that stepmothers would abuse their ex-wife’s son. now that it was a male stepmother, it was definitely even more vicious! after all, he can even seduce someone of the same gender. how shameless is he!”

” sigh, i used to believe young master mu’s words and think that luo chenxin is a shameless woman. now, it seems that mu yichen deliberately controlled the public opinion and slandered luo chenxin! ”

luo chenxin was secretly pleased when she heard that, but she put on a terrified expression and said loudly, ” “please ... please don’t make wild guesses, everyone. i believe that mu yichen has his own difficulties ...”
