

Sweetheart 931

Chapter 931: he obviously doted on her to the heavens

luo chenxin wished that she could pounce on luo chenxi and stop her from talking.

unfortunately, the moment she moved, she was surrounded by the bodyguards and dragged to the side.

“release me! let me go!”

she struggled with all her might.

however, everyone’s attention was focused on luo chenxi. no one paid any attention to her.

luo chenxi pursed her lips and said, “half a year ago, president luo came to my foster mother’s house to find me. he said he was my biological father and sent me to the orphanage for some reasons. at that time, i was very happy, thinking that i had finally found my biological parents. “however, a few days after we met, president luo made a request to me ...”

when she said this, luo anguo and hu manya were also extremely anxious.

luckily, liang bro had already gotten people to keep an eye on them.

the bodyguards pinned the two of them down on the spot so that they would not disturb luo chenxi.

boxn ov el. c o m

“president luo told me that my half-sister luo chenxin and the young master of the mu family’s wedding will be held in a few days, but she died in a car accident abroad. it wasn’t easy for the luo family to find the mu family’s backing. they’re not willing to give up on this marriage, so they asked me to get married in place of luo chenxin.”

“i wasn’t willing at first. however, president luo came to my house to make trouble, and my adoptive mother was so angry that she had a heart attack and was sent to the hospital for emergency treatment. the follow-up treatment required a huge amount of medical expenses. i’m just a fresh graduate and can’t afford that much money, so i could only agree to the marriage.”

the noisy crowd gradually quieted down.

everyone was stunned by her statement.

such a thing as a substitute marriage only existed in novels. how could such a situation happen in reality?

however, luo chenxi did not give them the opportunity to ask questions as she continued to speak.

” after i married into the mu family, my relationship with young master mu was quite good. i also got along well with the other people in the mu family ... ”

upon hearing this, mu yichen suddenly frowned. he took a glance at luo chenxi subconsciously.

this stupid woman is going to flip the sky again!

he actually said that their relationship was only “not bad”?

he clearly pampered her to the heavens.

he pampered her so much that she would ride on his head and behave atrociously.

luo chenxi suddenly felt a chill on her back, but she thought it was just her imagination.

she continued to speak and briefly introduced her situation in the mu family.

in order to ensure that the mu family’s privacy, especially xiao tuanzi’s, would not be leaked, she only briefly mentioned a lot of things.

she only emphasized that young master mu had formally proposed to her, but she had rejected him.

mu yichen’s expression turned slightly unpleasant.

he had done so many things to dote on his wife, but this stupid woman had omitted all of them.

in the end, he brought up such an embarrassing matter?

he really needed to be taught a lesson!

when the reporters and audience below the stage heard this, they were all confused.

was this for real?

he was seriously doubting his hearing!

the cold and indifferent young master mu actually took the initiative to propose to a woman. it was already shocking enough.

however, it was even more surprising that he ... was rejected by luo chenxi!

luo chenxin was so angry that her nose was crooked.

even in her dreams, she wished that mu yichen would be so gentle and considerate to her and propose to her! he didn’t even hesitate to use all his schemes!

in the end, that little b * tch had obtained everything without any effort!

” however ... ” luo chenxi suddenly changed the topic. ” my sister, luo chenxin, returned from country F three months ago ... ”

Chapter 932: mu yichen was the person in the world who would never let her suffer

” luo chenxin came to me to negotiate in private. she asked me to leave young master mu’s side and return the position of mrs. mu to her. ”

“at the time, mu yichen and i were already in love with each other. naturally, i couldn’t bear to leave. however, luo chenxin kidnapped my adoptive mother! my mommy has a serious heart disease and can’t take any agitation. they actually ignored her condition and kidnapped her out of the hospital!”

luo chenxi’s voice sounded a little choked as she spoke.

even though it had been many days since the incident, and she had basically confirmed lu wenjun’s safety, she still felt a lingering fear when she recalled the fear and worry she felt when she found out that lu wenjun had gone missing that night.

she took a deep breath to calm her voice.

” in short, i was threatened at that time and left young master mu’s side. luo chenxin took the opportunity to sneak into the mu family and considered herself as mrs. mu. i was very naive at that time. i thought i would be able to find my mommy after leaving the mu family, but luo chenxin hired an assassin to kill me several times.”

“fortunately, i was lucky and had the help of a noble, so i managed to escape several times.”

“but i couldn’t find my mommy’s whereabouts, so i didn’t dare to reveal my identity. i could only change into men’s clothes and contact mu yichen in secret.”

” i’m quite good at dressing up as a man. luo chenxin never noticed it, so she mistakenly thought that she had something on mu yichen and wanted to use the scandal to threaten the mu family! i think she must have been very shocked when she saw me removing my makeup today ...”

boxn ov el. c o m

after luo chenxi finished speaking, the audience was silent for a while.

her words contained too much information.

the previous substitute marriage was already shocking enough.

he did not expect that there would be more shocking news about luo chenxin hiring assassins to kill and kidnap him.

if what luo chenxi said was true, it was easy to understand why mu yichen was so insistent on divorcing luo chenxi!

even if luo chen had given birth to the mu family’s little princess in his heart, who could tolerate a woman with a malicious heart like her?

for a moment, no one spoke.

everyone was digesting the information they had just received.

luo chenxi stood on the same spot quietly and waited.

mu yichen walked toward her slowly upon seeing that.

brother liang and the others quickly moved to the sides and made way.

mu yichen wrapped his arms around luo chenxi's waist from behind and let her lean into his embrace.

luo chenxi was startled. she raised her head and looked at him. " mu yichen ... "

young master mu lowered his head and kissed her on the cheek. " i'm sorry. i didn't fulfill my duties as a husband and let you suffer. "

luo chenxi felt that her eyes were a little wet.

wasn't this man a tsundere with a low eq? why did he change recently? why did he suddenly become so good at talking?

he kept saying things that made her want to cry.

she bit her lip. " i'm not wronged ... "

mu yichen was the last person in the world who would let her suffer.

mu yichen looked at her reddened eyes, which made her look like a little rabbit. his heart stirred and he wanted to kiss her again.

at this moment, a reporter's voice came from below the steps.

"second miss, young master mu, i'm sorry to disturb you ..."

luo chenxi pushed the man who was approaching her away with force subconsciously.

mu yichen's expression darkened as he turned around.

a reporter raised his microphone and said loudly, "second miss, your story is very interesting, but i feel that there are a few details that are not real. it doesn't make sense logically either. you're not making up a story, are you?"

Chapter 933: how could he not even recognize his own fiancée?

luo chenxi was not surprised at all when she heard the reporter's doubts.

the relationship between her and luo chenxin was unbelievable.

if this wasn't her own experience, but a story told to her by someone else, she would find it hard to believe that it was true.

"every word i said is true." luo chenxi's voice was calm yet firm. " if there's anything that you think is unreal, you can tell me. "

the reporters were surprised to see her so calm.

after a pause, he asked, "alright, i'll ask then." " you said that luo chenxin was dead in the beginning, so the luo family forced you to marry into the mu family. however, luo chenxin was clearly not dead! how could she suddenly come back to life?"

luo chenxi cracked into a faint smile upon hearing that.

“you didn’t even listen to what i just said, did you? luo chenxin didn’t die in the first place, but i didn’t know the truth. it was luo anguo who deliberately misled me and made me think that she was no longer alive. so, i was also very surprised when luo chenxin appeared in front of me in person later on. ”

she explained briefly and continued, ” “please think about whether your questions are appropriate before you ask them. i believe that all the media friends present today are smart people. please don’t ask such questions again, okay?”

boxn ov el. c o m

her words were subtle.

however, everyone present could hear that she was mocking the reporter for asking an idiotic question.

the reporter’s expression suddenly became very awkward.

he gritted his teeth in anger when he heard the laughter around him, but he could not refute.

the question he asked was indeed a little stupid ...

however, he had received a lot of money from luo chenxin and was hired by her to incite the reporters to cause trouble.

when he saw that luo chenxin was about to be in trouble, he did not think carefully before he came forward to question her in an attempt to stir up a wave of trouble. in the end, he was dismissed by luo chenxi with just a few words.

the reporter did not say anything.

luo chenxi had an indifferent expression on her face as she swept her gaze across the crowd below the steps. ” is there anyone else who has any questions? ”

“i still have questions!” another female reporter raised her hand.

luo chenxi nodded. ” go ahead and ask. ”

however, the female reporter’s gaze went past her to look at mu yichen who was standing behind her in a protective stance.

“my question isn’t for the second lady, but for young master mu!”

mu yichen’s face was expressionless.

the female reporter asked loudly, “young master mu, the second miss just mentioned that you met the eldest daughter of the luo family four years ago. you even had a daughter with her.” moreover, you got engaged not long after your daughter was born, and you only got married four years later. it’s clear that this isn’t the first time you’ve met each other.”

“after the second young lady of the luo family married into the mu family, although the two sisters look very similar, her experiences and personalities are different from the eldest young lady’s. how could you not recognize your own fiancée? even if you’re slow, what about the rest of the mu family? where’s your daughter? she can’t even recognize her own mother?”

“isn't this too ridiculous?”

the level of this question was obviously much higher than the question from the male reporter earlier.

the female reporter's question was also a common question in many people's hearts.

young master mu was such a smart person, how could he not recognize his fiancée who had been engaged to him for four years?

was he pretending to be confused or was luo chenxi lying?

Chapter 934: a man as cold as young master mu could actually reveal such an affectionate gaze!

if luo chenxi had lied about the issue of the substitution marriage, then he could not believe what she had said after that.

she had said so much just now, and it was very likely that she was really making up a story!

mu yichen was well aware of the severity of the matter.

therefore, when he heard the female reporter's question, his eyes flashed with a hint of coldness.

however, there was still no expression on his face. he only tightened his grip on luo chenxi's waist.

he did not pick up a new microphone. instead, he moved closer to luo chenxi's microphone before he spoke with a smile.

“that's an interesting question. why do i have to know this so-called 'fiancée'? in fact, i've never had any contact with luo chenxin in the past four years.”

“ four years ago, luo chenxin got pregnant because she put an aphrodisiac in my wine when i was drunk. my memory was very blurry that night. i could only vaguely remember that i slept with a woman. if it wasn't for luo chenxin bringing her daughter to my house and finding out about it a year later, i wouldn't have thought that the woman that night was her! if i had known earlier, i would never have let this child be born.”

mu yichen's words were spoken in an extremely cold tone.

boxn ov el. c o m

he didn't take the woman he had spent a night with seriously at all.

however, none of the people present thought he was a scumbag.

after all, according to mu yichen, luo chenxin had schemed against him deliberately just so she could marry into a rich family!

it was already very rare for mu yichen to acknowledge his daughter and be engaged to luo chenxin.

“the so-called engagement is naturally for the sake of my daughter. however, luo chenxin did something that i couldn't stand later on, so i drove her out of the mu family very quickly. we basically didn't see each other in the past four years. it wasn't until my grandmother fell sick and hoped that i could get

married that i reluctantly compromised and decided to hold a wedding with luo chenxin to appease my grandmother, but i didn't get married."

"what happened after that ... was exactly as chenxi said. she was the one who married into the mu family. and i ..."

mu yichen pursed his lips and did not continue.

however, his gaze turned to the little woman beside him.

the cold glint in his eyes suddenly became as gentle as water. it was as if a thousand-year-old ice had melted in an instant.

that lingering gaze only stayed for a very short time.

he blinked his eyes to hide the emotions in his eyes.

however, there were still quite a number of people who noticed the change in mu yichen's expression. each and every one of them was extremely shocked.

she didn't expect that such a cold man like young master mu would actually reveal such an affectionate gaze!

he was genuinely fond of luo chenxi!

the second young lady of the luo family ... must have saved the entire galaxy in her past life!

the female reporter was also stunned by mu yichen's deep affection.

without a word, she sat back down.

luo chenxi stood on the stage and waited for a while, but no one raised any questions.

mu yichen's answer earlier had not only explained the most crucial point in the entire story, but it had also revealed a lot of more important information.

and that was ... young master mu was definitely in love with the second miss of the luo family!

it seemed that luo chenxi would certainly be able to hold her position as the mu family's young mistress firmly.

in addition, she was the victim of this incident.

the reporters didn't dare to continue to work on her. they didn't want to completely offend the mu family because of a piece of gossip. it was not worth it.

Chapter 935: then let's call it a day!

upon seeing that, the corners of luo chenxi's lips were raised into a sweet smile.

"since no one has any more questions, let's call it a day! it's all a misunderstanding today. once we've explained it clearly ..."

the male reporter that Luo Chenxin had arranged for him saw that and was anxious.

Luo Chenxin had promised him a large sum of money, most of which would be transferred to him after the task was completed.

If Luo Chenxin was done for today, who would he ask for his money from?

Moreover, he had already offended the Mu family with his question just now. If he still couldn't get the money, wouldn't he be in for nothing?

Thinking of this, he couldn't help but stand up again.

"Second Miss, how can you unilaterally announce that this is the end? When did the matter get explained?"

Mu Yichen turned around and saw that it was the same reporter again. His expression turned sour.

boxn ov el. c o m

"Why is it you again?"

His voice was already filled with anger.

Luo Chenxi sensed that something was amiss. She tugged the man by her side hastily and shook her head at him.

Her husband had a bad temper to begin with. If this guy were to bump into the muzzle of his gun, he might just be thrown into the Pacific Ocean to feed the sharks.

However, he really couldn't be so impulsive on an occasion like today.

Mu Yichen's anger could not be appeased, but he could only suppress his anger by force when he saw the petite woman's big, bright eyes.

Luo Chenxi smiled at him in an attempt to please him before she turned around and looked at the male reporter.

"If you have anything else to ask, just ask."

"I don't have anything to ask, but ..."

"Since you don't have anything to ask, why are you still spouting nonsense and spreading rumors? This was slander! You can wait for the Mu Group's lawyer's letter!"

Mu Yichen said coldly.

The male reporter was so scared that he broke out in a cold sweat. However, he could not back down now that things had come to this.

He could only bite the bullet and say, "Young ... young Master Mu, it's ... it's useless even if you threaten me. I still have to ... have to say something fair!" Just now, it was the Second Miss who was talking about things like proxy marriage, hiring assassins, and so on. It was all one-sided! The rest of the Luo family

were dragged to the side by your bodyguards and they're not allowed to say anything. even if you say anything, they won't be able to refute you!"

"if you don't have a guilty conscience, why don't you let them speak? there's obviously a problem!"

as soon as the male reporter said that, many people subconsciously looked at the three members of the luoh family who were being held down by the bodyguards in the corner.

what this person said made a lot of sense.

it was true that luoh chenxin and the rest had their mouths covered ever since luoh chenxi explained. they did not even have the chance to refute her ...

mu yichen squinted his eyes and said coldly, "you want to hear luoh chenxin quibble? i can."

he turned around and instructed the bodyguards, "let them go."

the male reporter was stunned.

no one expected mu yichen to be so straightforward that he would release her just like that.

such an open attitude showed that he was obviously fearless and was not worried about luoh chenxin causing trouble at all!

did he do something wrong again?

before he could figure it out, luoh chenxin, who had just broken free from the bodyguards' grasp, had already rushed to the top of the steps and shouted at luoh chenxi and mu yichen.

"despicable, shameless! 'luoh chenxi, you're really a shameless little b*tch!' what do you mean by "substitute marriage" and "i want to kill you"? you're the one who seduced your brother-in-law and became the third party, trying to get rid of me, your fiancée! not only did you seduce young master mu to divorce me, but you also want to pour dirty water on me!"

Chapter 936: she was destined to never receive the legendary fatherly love in her life ...

"luoh chenxi is a mistress who seduced her brother-in-law. everyone, please don't believe her! this kind of mistress should be spurned by everyone, don't be fooled by her!"

luoh chenxin turned to the crowd at the bottom of the steps with a ferocious expression.

the current her looked no different from a shrew who was cursing in the market. she was a completely different person from the beautiful and elegant daughter of a wealthy family who had first appeared at the entrance of the mu group.

however, she could no longer care about her image now.

there was only one thought in her mind, and that was to drag luoh chenxi down with her!

the things that she had done had already been exposed.

mu yichen would never let her off after today. if he let the luoh family off, she would be done for!

however, she would drag luo chenxi down with her even if she had to die. she would never allow luo chenxi to sit on the throne of the mu family's young mistress in peace and become the object of everyone's envy!

she was going to ruin luo chenxi's reputation!

boxn ov el. c o m

even if luo chenxi could really make mu yichen marry her, she would still be nailed to the pillar of shame forever! forever carrying the reputation of a third party!

"what luo chenxi said earlier was all fake. she made up such a story on purpose to cover up the fact that she had seduced her brother-in-law! young master mu was captivated by her, so he followed her to twist the facts and slander me!"

"mu yichen, luo chenxi! doesn't your conscience hurt when you distort the truth like this? you'll definitely get your retribution for this!"

luo chenxin's hair was in a mess as she screamed.

her crazy look stunned the reporters and passersby.

many of them had already believed luo chenxi's words and assumed that luo chenxi was a scheming woman. however, they could not be sure anymore when they saw her current appearance.

"what's going on? who was speaking the truth? could it be that the second young lady of the luo family was making things up when she spoke so eloquently?"

"that's impossible! i don't think second miss is lying ..."

"but, look at how angry luo chenxin is. if she had really done those bad things, now that she had been exposed, shouldn't she be ashamed? it was hard to imagine that someone could still be so arrogant at this point. so, she must have been wrongly accused, right?"

at this moment, luo anguo also shook off the bodyguards who were holding him down and rushed to the steps to help luo chenxin.

"that's right, luo chenxi! although i've neglected my duty as your father and didn't take good care of you in the past, your sister is innocent! how could you seduce my brother-in-law and slander him like this?"

the corners of luo chenxi's lips curled up ever so slightly. her cold gaze swept across luo anguo's face.

she had long known that luo anguo had never treated her as his own daughter. he even wished that he had never given birth to her.

she had been disappointed once, twice, and thrice. she thought that she had gotten used to it and had no feelings for it.

however, in reality, her heart still ached when she saw luo anguo impatiently pinning all the crimes on her head in order to protect luo chenxin.

it seemed that she was destined to never receive the legendary fatherly love in her life ...

but, fortunately, she had already obtained more precious feelings.

“you said i was slandering you just now?” luo chenxi sneered.

“that’s right!” luo anguo said with confidence. didn’t you just make up a story? who didn’t know how to make up stories? there’s no evidence! if you’re so capable, why don’t you show us some evidence?”

Chapter 937: since someone was in a hurry to court death, she would definitely not stop them

mu yichen walked out from behind luo chenxi.

his face was dark and his voice was as cold as ice.

“you want evidence? very well, i originally wanted to save some face for the luo family, but since you don’t want your face anymore, i’ll give you the evidence!”

then, he waved at zhao feng.

zhao feng understood and quickly led a group of staff to prepare.

luo chenxi’s delicate brows were furrowed ever so slightly upon seeing this. she tugged at mu yichen’s sleeve. she hesitated to speak. “ yichen, this ... ”

before they came, they had indeed prepared the evidence in case of an emergency.

however, if the luo family had not been so aggressive, they would not have shown the evidence.

this was because even though it would be a slap to the luo family’s face, it would also have an impact on the mu family’s reputation.

boxn ov el. c o m

in addition, luo chenxin was the little dumpling’s biological mother. in order to prevent anyone from gossiping about the little dumpling in the future, mu yichen and luo chenxi had planned to leave them some face in the beginning. they planned to settle the score with the reporters in private after they had left.

she did not expect that they would demand mu yichen to produce the evidence!

mu yichen shook his head and said in a low voice, “it’s okay, stupid woman. just listen to me.”

luo chenxi took a glance at the aggressive luo anguo and luo chenxin but did not try to dissuade them anymore.

since someone was rushing to die, she would definitely not stop him.

after all, she was not a saint.

when luo chenxin and luo anguo saw how calm mu yichen was, their hearts began to pound.

could it be that ... mu yichen was really capable of producing evidence?

however, only a few people knew about the substitution marriage. even if there was evidence, it could only be a witness. there was no physical evidence.

when the time came, they only had to insist that all the witnesses were bribed by the mu family and deny their claims. what could mu yichen do to them then?

at the thought of this, luo chenxin straightened her back again.

luo chenxi sneered in her heart when she saw their smug expressions, but she did not make a sound on her face.

a few minutes later, zhuo feng and his staff had set up a huge display screen at the entrance of the mu group.

mu yichen glanced at him. " let's begin. "

"yes, president!"

" okay, " zhuo feng replied. he turned on a laptop that was connected to the display and started to operate it.

soon, a piece of proof appeared on the display.

zhuo feng explained on the side, " please take a look at this document. it's the document from when miss luo chenxi was adopted by B city's welfare home twenty-three years ago. the handwriting on the paper is a little blurry due to the age. please make do with it. " at least we can see that our young madam was sent to an orphanage when she was young, and not abducted like luo anguo said."

"this set of materials is fake. it must be forged!"

luo anguo did not expect mu yichen to be well-prepared and go to B city to look up the files from that year!

he immediately retorted.

mu yichen did not even spare him a glance. he spoke without hesitation, " this is just a paper document. if anyone suspects that we've forged it, you can check on the welfare institute's official website. "

before the others could react, he gestured to zhuo feng.

zhuo feng quickly released the next piece of evidence.

" these are the records of young madam's adoptive mother, madam lu wenjun, at the famous yihe international hospital in T city. you can see that she was admitted three days before her wedding with our president. "

Chapter 938: this face ... is too familiar!

"he was admitted to the hospital because of a sudden heart attack. he was only saved after an entire day of surgery. after the operation, ms. lu has been in the hospital until she suddenly left three months ago. she didn't even finish the discharge procedures."

"ms. lu was kidnapped and left the hospital. this incident was even published in the social section of T city daily at that time. if you have a good memory, you might still remember it."

"similarly, these medical records can be found in the electronic system of harmony hospital. you are welcome to verify it."

zhuo feng didn't release much evidence, but every piece of evidence was accurate.

one of them proved that luo anguo was lying. he had indeed abandoned his younger daughter when she was young.

the other condition proved that the luo family had indeed forced luo chenxi to marry on her behalf.

the reporters present were all shocked and began to whisper.

it was obvious that zhuo feng's evidence had convinced them.

when everyone looked at the three members of the luo family, their eyes were filled with contempt.

boxn ov el. c o m

luo chenxin was anxious and shouted, "no, this can't be true! the evidence was all forged! they were all forged! you should all know that the mu family is so powerful and influential. what can't they do? bribing the welfare institute and the hospital is also an easy thing for the mu family!"

"i didn't do anything, i didn't do anything! the mu family is framing me!"

luo chenxin made up her mind that she would never admit that she had done these things no matter what.

upon seeing this, mu yichen sneered, "i'm framing you? alright, even if you're right, these records can be faked as long as you bribe the welfare institute and the hospital. as for the evidence ... i hope you can tell me how to fake it?"

luo chenxin felt uneasy when he glanced at her with his cold and sharp black eyes.

however, he still refused to admit defeat.

"it's all fake anyway. how ... how would i know how you're going to fake it? the mu clan is bullying us ..."

she suddenly stopped in the middle of her words.

with his eyes wide open, he stared at the huge display screen at the entrance of the mu group.

it wasn't just her. everyone present was staring at the display screen with their mouths agape, as if they had just been struck by lightning. they couldn't even speak.

"hmm ... hmph ... harder ... harder ...!"

an ambiguous voice came from the slightly.

this panting sound, each more seductive than the last, made people's bones go soft.

what was being shown on the screen was a reality show that was comparable to a japanese movie!

although the video was very blurry, one could still see that the man and woman were entangled in a dark room. the scene was very chaotic and simply unsightly.

many of the men present stared at the screen for a while. they all swallowed their saliva in unison and felt their bodies stiffen.

that was because the woman in the video was too alluring and her figure was too good.

one could not help but let their imagination run wild.

at this moment, the scene suddenly stopped.

zhuo feng pressed the pause button.

in this shot, the female lead in the video happened to turn around, revealing her delicate and beautiful face.

this face ... was too familiar!

mu yichen said coldly, "i got someone to download this video from a secret recording website overseas. the upload record on the website shows that the video was shot four months ago in a five-star hotel in country F. at that time, my wife and i were both in T city. it's obvious who the female lead in the video is, right?"

Chapter 939: black lotus, go to hell!

there was an uproar below the stage when they heard mu yichen's words.

the meaning of young master mu's words was very obvious. the woman in the video ... was luo chenxin!

four months ago, which was one month before luo chenxin returned to the country and requested luo chenxi to abdicate her position!

luo chenxin, who claimed that she loved mu yichen deeply and gave birth to a daughter for him because of love, had actually slept with another man in country F.

"you really can't judge a book by its cover! luo chenxin had pretended to be so pitiful, but she did not expect that she would be so wanton behind his back. how could she have the face to say how deep her feelings for young master mu were? no wonder young master mu looked like he was about to puke when she was crying."

"i'm about to vomit too! he had seen white lotuses before, but he had never seen such a disgusting black lotus! looking at how familiar she was, it couldn't be her first time cheating, right? it's a pity that young master mu has been engaged to her for four years. who knows how many times his fiancée has made him a cuckold!"

"that's so disgusting. i almost believed her earlier. i thought that luo chenxi was a mistress who seduced her brother-in-law. now, it seems that it's very normal for young master mu to like a younger sister and not an older sister!"

“my heart aches for my idol, young master mu. he’s actually been entangled with such a bitch for four years! fortunately, he has found his true love!”

“that’s right. luo chenxi has a face that looks like a black lotus, yet she managed to make young master mu fall in love with her. she must be an especially outstanding and adorable girl! our prince charming’s eyes are never wrong!”

boxn ov el. c o m

the direction of public opinion changed completely.

the video was too convincing.

luo chenxin’s act of being abandoned by a scumbag just now had become a joke at this time!

the media and passers-by who were deceived by luo chenxin were ashamed and hated luo chenxin to the core.

it was because of this woman’s lies that so many of them had become fools.

they wished they could dig a hole and hide in it when they thought of how they were speaking up for people like luo chenxin just now!

for a time, the scene became chaotic again.

many people who had been deceived started to curse.

“black lotus, go to hell!”

” the most shameless woman in history, luo chenxin! ”

“get out of the mu family! how could my idol be related to a woman like you!”

luo chenxin’s vision turned black as she listened to the endless curses. she fell limp to the ground and almost fainted on the spot.

the moment the video appeared on the big screen, she couldn’t believe her eyes!

where did mu yichen get his hands on this video?

why did he have such solid evidence?!

this ... this is impossible!

she did not remember taking such a private video with reese!

however, no matter how much she resisted, the truth was the truth.

the video perfectly restored the scene.

those soul-stirring cries were now like slaps ruthlessly slapping her face ...

mu yichen turned around. his cold and emotionless gaze fell on her face.

“what else do you want to say?”

luo chen's heart trembled. he opened his mouth but could not say anything.

hu manya rushed over and pounced on luo chenxin. she screamed, " chenxin, chenxin, what's wrong with you?! " pull yourself together and make it clear to young master mu! you were still a virgin when you were with young master mu! how could you mess around with someone else? someone must have edited a video to slander you!"

Chapter 940: did she think that they would not die fast enough?

luo chenxin had not fainted yet, but after hearing hu manya's words, her eyes rolled back and she fainted.

luo anguo quickly rushed forward, wanting to cover her mouth.

"shut up! don't say anymore!"

"what did i say wrong? our daughter would never do such a thing. she must have been wronged! young master mu, don't be fooled by that little vixen!" hu manya pointed at luo chenxi's nose and scolded, " little b * tch, you still dare to slander your sister! i'll tear your mouth apart!"

luo anguo was extremely anxious when he heard her still clamoring. he pulled at her desperately, trying to stop her from continuing.

things had already come to this point, and anyone with a little brain could see that young master mu had come prepared this time.

it was impossible to deny it in front of him.

now, even if they knelt down and begged for mercy, they might not be able to save their lives. this brainless woman actually dared to twist her words in front of young master mu?

did she think that they would not die fast enough?

boxn ov el. c o m

at this moment, he was extremely regretful for coveting hu manya's beauty and marrying such a foolish woman!

luo anguo tugged at hu manya a few times, but he couldn't stop her from speaking.

in a moment of desperation, he raised his hand and gave hu manya a tight slap.

this time, he didn't hold back at all. with one slap, hu manya's right cheek swelled up, and a trace of blood seeped out of the corner of her mouth.

"you ... you ... you hit me?" hu manya's eyes widened in disbelief.

luo anguo was so angry that his chest heaved up and down. " i'm beating you! if you hadn't taught your daughter well, luo chenxin wouldn't have done such a thing. she dared to make young master mu a cuckold and even did such a cruel thing to her own sister! tell me, did you know about this beforehand and collude with luo chenxin to do these dirty things behind my back?"

hu manya was dumbfounded when she heard this.

after a while, he finally reacted.

“you ... hubby, you ... what are you saying? i colluded with chenxin? yes, i do know a little, but aren't you also ...”

hu manya was halfway through her sentence when her face suddenly hurt again.

luo anguo gave her another tight slap. the other side of her face was now swollen.

at the same time, it also stopped her from finishing her sentence.

“well, you admit it too. you know all about what luo chenxin did! i really misjudged you and your mother! i really regret listening to your slanderous words and misunderstanding chenxi!”

luo anguo yelled at hu manya.

then, he turned around and looked at mu yichen.

the angry look on his face disappeared instantly and was replaced by a flattering smile.

“ young master mu, i ... i didn't know what luo chenxin did, but i was wrong. i was wrong to have been bewitched by hu manya! ” she and luo chenxin didn't have a good heart. they kept saying bad things about chenxi in front of me. i'm too soft-hearted to actually believe their slanderous words ... i ... i've let chenxi down ... ”

luo anguo tried his best to push the blame onto luo chenxin and hu manya, trying to clear his name.

at that moment, he suddenly thought of something.

no matter what, he was still luo chenxi's biological father!

if luo chenxi became the mu family's young mistress, could he not be young master mu's father-in-law as well?

it would be fine as long as he could prove that he had never harmed luo chenxi.
