

Sweetheart 941

Chapter 941: flattering luo chenxi like crazy

at the thought of this, luo anguo turned to look at luo chenxi.

the corners of his mouth twitched a few times, and he tried to put on a fatherly smile. however, the muscles on his face didn't seem to listen to him, and no matter how he smiled, it felt unnatural.

he laughed dryly. "ahem, chenxi, i'm sorry. i shouldn't have listened to hu manya and luo chenxin and let you suffer." "but, dad really loved you. it was hu manya who forced me to send you to the orphanage. but after you passed away, i missed you and was worried that you would be bullied in the orphanage ..."

"by the way, before you were adopted, i donated money to the welfare institute every year. after that, didn't i also pay for your adoptive mother's medical expenses?"

"it's for your own good that i let you marry into the mu family in luo chenxin's place. i hope that you can marry into a rich family and become a rich young lady. i'm thinking for you!"

luo anguo racked his brain and found a suitable reason for his actions.

however, luo chenxi remained expressionless and stared at him coldly even though he was almost drooling.

luo anguo started to panic. "chenxi, you ... you don't believe father, do you?" don't worry, i won't be fooled by anyone this time! i won't plead for luo chenxin and hu manya for what they've done. i'll let young master mu punish them! from now on, daddy will only care about you!"

"you ... dad, how could you say something like that! do you still have a conscience?"

boxn ov el. c o m

luo chenxin happened to wake up from her coma.

in the end, she heard luo anguo flattering luo chenxi as soon as she opened her eyes.

she was so angry that she could not breathe.

she had never expected that her father, who had always doted on her, would choose to abandon her and her mother within a few minutes after seeing that she had no way of turning things around.

not only did he not care about their lives, but he also stepped on them directly and poured all the dirty water on them.

then, he turned around to curry favor with luo chenxi!

"luo anguo, everything i've done is for the luo family! don't think you can get away with it! the matter of the substitute marriage was thought of by you alone! i was in a coma after the car accident. how could i have thought of such an idea? you still want to deny it?"

luo chenxin saw that luo anguo had already done such a thing, so she could not care less and began to push the responsibility to luo anguo.

“young master mu, i don’t know anything! it was luo anguo who had married luo chenxi to him! he’s the one who came up with all this!”

“pah!”

when luo anguo heard this, he also became anxious and quickly said, “it’s true that i’m the one who made the decision, but did i allow you to go back to china and steal your sister’s husband? did i ask you to hire an assassin? you still have the face to quibble?”

“don’t put gold on your face! didn’t you ask luo chenxi to marry into the mu group so that she could get a project for you? didn’t you also acquiesce to what i did? the kissing photo of young master mu and chen xiluo that was exposed today was obtained by someone you sent!”

“y-y-you ...”

the two of them had completely shed all pretenses of cordiality. one after another, they tried to push the blame onto the other party and reduce their own crimes.

however, it was also during the process of shifting the blame to each other that the charges that luo chenxi had accused them of earlier were confirmed by them one by one.

he wanted to deny it, but he couldn’t.

Chapter 942: hubby, i am tired

the reporters present were disgusted by the actions of the luo family.

he wanted to curse, but he didn’t know how to.

he had never seen such a shameless person before. furthermore, they were family!

an hour ago, the three members of the luo family were still acting like a loving father and a filial daughter, a model family.

luo anguo had been saying that he wanted to seek justice for his beloved daughter.

how long had it been?

the three of them shed all pretenses of cordiality and cursed at each other, wishing they could kill each other!

” what an eye-opening day ... ” finally, a reporter could not help but let out a long sigh.

his lamentations quickly attracted the agreement of the others.

boxn ov el. c o m

“i’ve really gained some knowledge! i’m especially sympathetic to the second miss of the luo family now. she’s really unlucky to have such a disgusting family! you’re so pitiful!”

“isn’t it? if it wasn’t for young master mu’s protection today, she would have been killed by her own father and sister!”

“can these people be any more shameless?”

the facts proved that the Luo family really dared to do so.

they already had no bottom line.

after Luo Anguo and Luo Chenxin cursed at each other, he realized that he could no longer clear his name, so he made up his mind and ignored Luo Chenxin.

he continued to please Luo Chenxi.

“Chenxi, you ... you speak up for dad! don’t worry, dad really knows his mistake this time! i definitely won’t do it again in the future.”

“weren’t you very happy when dad went to the Lu family to acknowledge you? didn’t she say that she wanted to get along well with her father? why did it change now? in the future, without those two eyesores, dad will definitely treat you like the pearl in his palm and love you well ...”

when Luo Anguo said these words, he still had some confidence.

this was because he could tell that Luo Chenxi was actually a person who valued family ties very much.

this might have something to do with the fact that she had no relatives since she was young.

that was why she was willing to do so many things for Lu Wenjun even though they were not related by blood. she was even willing to sacrifice her own happiness.

as a result, Luo Anguo was certain that Luo Chenxi would be moved by him as long as he kept a low profile.

after all, she yearned for fatherly love so much ...

however, Luo Anguo did not get a reply from Luo Chenxi even after he had spoken for a long time.

he shut his mouth subconsciously. he raised his head and saw Luo Chenxi’s impatient expression.

“honey, i’m tired. i want to go home and rest. why are these people so noisy? it’s so noisy that my head is hurting ...”

Luo Chenxi hugged Mu Yichen’s arm and leaned on his shoulder. she grumbled in a delicate manner.

Mu Yichen wrapped his arms around her waist so that she could lean against him comfortably. he even lowered his head and planted a kiss on her cheek. “ alright, we’ll be back soon. ”

he turned to Luo Anguo. his handsome face was filled with a biting cold.

“none of you will be able to escape responsibility for harming my wife! i won’t let any of you off! now, you can all get lost!”

he raised his chin and motioned for the bodyguards to take the man away.

the bodyguards understood and immediately came over to drag her away.

luo anguo and luo chen panicked when they saw that.

in the eyes of ordinary people, mu yichen was only trying to drive them out of the scene.

however, they were very clear about the power behind the mu family. they knew that if they were taken away now, they would definitely be finished!

from then on, he would definitely disappear without a trace.

luo anguo shouted desperately, " luo chenxi, you've married into a rich family. don't you care about your father's life anymore? "

luo chenxi darted him a look and pursed her lips coldly.

"dad? i'm sorry, but i don't have a father. i don't know who my father is since i was young."

Chapter 943: tang tang will have a mother

"you ... you ..."

luo anguo's face was filled with shock. he did not expect luo chenxi's attitude to be so resolute.

he had originally prepared a lot of words to show the deep father-daughter relationship in front of the media.

he did not expect that luo chenxi would not give him the chance at all.

he stood there in a daze. the bodyguard held his shoulder and dragged him out.

luo chenxi looked at luo anguo's figure that was gradually getting further and further away. there was a hint of loneliness that could not be avoided in her eyes.

of course, she really wanted a father, but he was definitely not someone like luo anguo.

true fatherly love should be like how mu yichen treated the little dumpling. no matter how mischievous his daughter was, his little princess would always be the cutest in young master mu's heart.

part of the reason why luo chenxi fell in love with mu yichen was also because she saw his caring and protective side toward the little dumpling.

boxn ov el. c o m

a man who was so good to a child was actually especially sexy, making people unable to take their eyes off him.

luo chenxi's mind was running wild when she was suddenly kissed on the cheek.

soon after, mu yichen's deep and magnetic voice rang in her ears, "stupid woman, don't let your imagination run wild. you don't need such unreliable relatives. in the future, you'll have me, tang tang, and everyone in the mu family. we're all your family. just forget about those scumbags."

luo chenxi was stunned for a moment. soon after, a sweet smile appeared on her face.

she looked at the man and nodded her head vigorously. " yes, i know! "

while the two of them were whispering to each other, the bodyguards were holding on tightly to the three members of the luo family and dragging them out.

in order to prevent them from making any noise and affecting young master mu and his wife on the steps, the bodyguards even covered their mouths.

luo anguo and hu manya had already given up hope. they were dragged away by the bodyguards in a daze.

however, luo chenxin had been struggling with all her might. in addition, she had learned some self-defense skills before, so the two bodyguards could not hold her down. after all, there were so many media personnel present, and it was impossible to use force in front of everyone.

liang bro had to do it himself.

however, luo chenxin suddenly opened her mouth and bit his hand hard.

she bit off a piece of flesh from brother liang's hand, and blood flowed out.

"f * ck!"

liang bro's hand that was covering his mouth loosened.

luo chenxin took the opportunity to shake off the hand and screamed loudly, " mu yichen! you ... you can't do this to me, you can't! have you forgotten that i am tang tang's mother? if you treat me like this now, when tang tang grows up and asks her where her mother is, you ... how are you going to explain it to your daughter?"

mu yichen's expression darkened immediately when he heard her mention the little dumpling. a cold glint flashed in his eyes.

'luo chenxin, you still have the nerve to mention tangtang? don't worry, tang tang will have a mother. besides, when she grows up, she will be glad to be able to break off her mother-daughter relationship with a woman like you!"

luo chenxin bit her tongue hard, and the sudden pain forced a few drops of tears out of her eyes.

she spoke with a trembling voice,"mu yichen, you ... you're simply a lunatic!" how could you snatch my tang tang away? 'luo chenxi, return tangtang to me!' you've already got mu yichen, so don't snatch tang tang away anymore.' in the future, when you have children, you will definitely not treat tang tang well. you should ... you should return her to me, her biological mother!"

she said it pitifully, her eyes red and tears rolling down from the corners of her eyes.

he seemed to really care about his daughter.

Chapter 944: the arrival of the little princess

however, she knew very well that she did not give birth to tang tang!

but now, using the little dumpling as an excuse was her only chance to save her life.

luo chenxin's eyes flashed with a hint of scheming.

that b * tch luo chenxi had caused her to become like this. she would never reveal the little dumpling's true identity. she would make luo chenxi regret it for the rest of her life!

when mu yichen heard luo chenxin's tearful complaints, there was nothing but disgust in his eyes.

he waved his hand impatiently and urged the bodyguard, " hurry up. why can't you even drag a woman away! " what's the point of hiring you?"

brother liang and the others all shuddered and rushed over to grab her, pulling her out by force.

"release me! i want to see my daughter!"

seeing this scene, the onlookers at the bottom of the steps sighed.

boxn ov el. c o m

even though luo chenxin had done so many atrocious things, it was reasonable for mu yichen to be so merciless.

however, when they thought that luo chenxin was still the mother of a child and that the mu family's little princess and biological mother would never see each other again in the future, many people could not help but sympathize with her.

"poor little princess of the mu family ..."

" after all, a stepmother can't be compared to a real mother ... "

" sigh, i can only pray that the second young lady of the luo family is magnanimous enough to treat the little princess well. "

everyone sighed.

at this moment, someone suddenly pointed at a sports car that was slowly approaching from the other end of the road and exclaimed in surprise, " look, that car ... it seems to be the mu family's, right? who's here?"

the reporters quickly turned their heads and looked in the direction the man was pointing.

a silver-white rolls-royce was parked in front of the company.

the car door opened, and tan yueru and mu yunfeng got out of the car.

"the head and madam of mu clan are here!"

" oh my god, i heard that since the mu family's head handed over the mu family to the eldest young master, he and his wife haven't appeared in public for several years. i didn't expect them to come here today! "

“are you here to support your son and daughter-in-law?”

“that’s not for sure, right? the luo family’s family background is not good to begin with. now that the luo corporation has completely collapsed, will the mu family really take a fancy to luo chenxi as their daughter-in-law?”

even though it was surprising that mu yichen liked luo chenxi, it was not incomprehensible. after all, luo chenxi was truly beautiful. which man would not look at her face?

however, the two elders of the mu family ... how could they possibly be interested in a daughter-in-law of such an ordinary background?

in the past, young master mu’s scandalous news were all about top daughters like the president’s niece!

the reporters smelled big news again. they picked up their equipment and squeezed in the direction of the rolls-royce.

however, before they could squeeze to the front, tan yueru, who was standing by the car door, suddenly turned around and bent over to pick up a white and tender little dumpling from the back seat.

as soon as the little dumpling in the pink princess dress appeared, the noisy scene suddenly became quiet.

everyone looked at her in a daze, and even their breathing became lighter.

he was afraid of disturbing this little angel who seemed to have descended from the sky.

the little dumpling hugged her grandma’s neck and looked around.

she had always been well-protected by her father. she had never been to so many places before, much less faced so many cameras.

however, as the mu family’s little princess, she had a strong aura. she didn’t have stage fright at all and remained calm.

she looked around for a while before her gaze fell on luo chenxi. her eyes lit up all of a sudden.

she kicked her short legs. ” grandma, i want to go down! ”

Chapter 945: of course, it’s because her mother is there!

seeing that the bodyguards had surrounded her, tan yueru heaved a sigh of relief and bent down to put the little dumpling on the ground.

as soon as the little furball landed on the ground, it shook off tan yueru and ran up the stairs.

” tang tang, don’t run so fast. be careful! ”

tan yueru was startled and hurried forward, trying to stop her.

however, the little furball had already run some distance away with its short legs.

her pink princess dress rose and fell as she ran, making her look as light as a fairy.

everyone's eyes fell on xiao tuanzi at the same time.

the mu family's little princess had actually come to the scene!

moreover, he ran up the stairs as soon as he got off the car!

boxn ov el. c o m

was there a need to ask why? of course, it was because her mother was there!

many people shook their heads and sighed when they saw this.

" the mu family's little princess is here. luo chenxin is so lucky! "

"that's right, the little princess is here. how could young master mu drive her mother away in front of her? i can't bear to see my daughter sad, so i can only bear with it. "

"sigh, luo chenxi is so pitiful! it was not easy for her to settle down with young master mu, and she was about to marry into a rich family. as a result, she had to be a stepmother as soon as she entered the family ... moreover, with the little princess around, she could not get rid of luo chenxin completely."

" i thought i'd be able to see the end of evil today. i didn't expect ... "

in everyone's eyes, it was human nature to have deep feelings for each other.

even if luo chenxin had made a thousand mistakes, she would not treat her daughter badly.

moreover, the mu family's little princess would definitely like luo chenxin more and would plead for her. she might even strongly object to young master mu finding her a stepmother.

in that case, it would be a little difficult for luo chenxi to join the mu family!

all at once, the crowd looked at luo chenxi with a sympathetic gaze.

luo chenxin also realized that this was her last chance.

she struggled desperately and shouted in the direction of the little dumpling, " tang tang, tang tang, look here, i'm your mother ... "

before she could finish her sentence, liang bro had already covered her mouth, so she could only make muffled sounds.

however, the sudden cry just now still attracted the little dumpling's attention.

the little furball slowed down and turned to look at luo chenxin with its head tilted.

seeing this, everyone held their breath and stared at her without blinking.

luo chen felt a glimmer of hope in his heart.

no one knew better than her how much the mu family doted on the little dumpling.

as long as the little dumpling was willing to put in a word for her, or even show the slightest hint of intimacy toward her, mu yichen would certainly let her off the hook ...

however, she didn't expect that after the little furball glanced at her, its gaze would sweep past her face. it was as if he did not know her at all.

soon after, the little dumpling strode forward with its short little legs again and charged toward luo chenxi.

luo chenxi was worried that she would trip when she noticed that she was running so quickly. she took a few nervous steps forward to welcome her.

the little dumpling ran into her arms.

"big sister! i miss you so much!"

luo chenxi bent down and picked her up.

the little dumpling immediately wrapped her arms around her neck. she smacked her lips and kissed luo chenxi on the left and right cheeks.

then, she pouted her little mouth and raised her little head to cast a sidelong glance at luo chenxi.

his meaning was obvious-he wanted her to kiss him back.

Chapter 946: isn't this family a little too loving?

luo chenxi's heart softened when she saw her pouting cheeks and her adorable, soft, and adorable appearance.

he immediately lowered his head and mimicked the little dumpling's actions, kissing her on both cheeks.

it was only then that the little dumpling was satisfied. it rubbed its tiny face against luo chenxi's neck and wriggled around in her arms as it tried its best to act coquettishly.

" big sister, you said that you would play with tang tang today. why did you run away with stinky daddy? liar! "

luo chenxi coaxed her in a friendly manner. " something came up between the elder sister and your father at the last minute. didn't grandmother tell you? " we didn't leave you behind on purpose. big sister will play with you again tonight, okay?"

the little dumpling pouted. " then you'll have to play chinese checkers with tang tang today and tell her five stories! "

as she spoke, she stretched out her chubby little hand and made a "five."

luo chenxi chuckled in her heart.

the little dumpling's sleeping time was very regular now. after lying in bed on time, she would usually fall asleep like a little pig after listening to two stories.

boxnovel.com

she had a big appetite for five stories, but she couldn't possibly finish listening to them, could she?

as she thought of this, she naturally went along with the little dumpling. "no problem!"

the little dumpling was elated. "he's too easy to mess with. let's sleep together at night and not stinky daddi!"

young master mu, who was standing on the side, saw the intimate look between the little dumpling and his little woman, and the corners of his mouth twitched.

he almost couldn't maintain his cold and emotionless image in front of others.

this daughter was really raised in vain!

ever since that little woman had married into the mu family, he had been thrown over the wall as a father.

not only did the little guy hog his wife, but he also kept calling her stinky daddy!

luo chenxi felt a slight chill on her back after she was done coaxing the little dumpling. she turned around to take a look and noticed that mu yichen's expression was ghastly pale. she could not help but laugh.

she tiptoed, turned her head to the side, and kissed mu yichen on the cheek.

young master mu's face turned gloomy.

the reporters at the bottom of the stairs were all stunned.

no one had expected that the little dumpling was not close to luo chenxin, her 'biological mother', at all. she even treated her as a complete stranger.

however, he relied on his 'stepmother', luo chenxi, in every possible way.

judging by her coquettish manner and the way luo chenxi coaxed her, even biological mother and daughter might not be as close as they were now.

moreover, looking at their natural movements and expressions, the light in their eyes would not lie. they were definitely not pretending, and had always been so close!

then, she looked at young master mu's unnatural expression. he seemed to be a little jealous ...

wasn't this family a little too loving?

the reporters finally reacted and began to press the shutter.

unfortunately, it was a little too late now. they had missed the scene of the little dumpling kissing luo chenxi and the moment when luo chenxi consoled mu yichen.

at this very moment, mu yichen's expression had already returned to normal.

he turned around and said to luo chenxi, "cover tang tang's ears, i have something to say."

luo chenxi was stunned for a moment, but she reacted to the situation very soon.

he pressed the little dumpling into his arms and covered her ears with his hands.

it was only then that mu yichen cleared his throat. his cold and indifferent gaze swept past luo chenxin, and a cold and stern look flashed past his eyes.

“everyone must be wondering why my daughter’s relationship with luo chenxin is so cold, but she’s so close to chenxi. that’s because luo chenxin is not a qualified mother at all!”

Chapter 947: chenxi is not only the woman i love the most, but also the one my little princess loves the most

luo chenxin immediately struggled in fear when she heard that.

however, this time, the bodyguards had learned their lesson and firmly suppressed her.

no matter how hard she tried, she could not make a sound.

mu yichen’s expression was cold as he continued to speak.

” more than three years ago, luo chenxin brought tang tang to the mu family to acknowledge her. in the beginning, i did not have any feelings for her because she was tang tang’s mother, but i still got engaged to her and let her live in the mu family’s villa with my daughter. “in the end, not long after, i realized that something was wrong.”

“as long as tang tang is with her, she’ll be so scared that she’ll cry, but she won’t make a sound. she’ll even tremble when she sees her. so, my parents specially installed a camera in the house to monitor luo chenxin’s every move. then, they found out that she would abuse tang tang when no one was around!”

mu yichen’s expression grew colder and gloomier as he spoke.

he glanced at luo chenxin again. he gritted his teeth and almost lost control of his emotions.

‘luo chenxin, you still have the face to call yourself tang tang’s mother! when you used needles to poke tang tang, when you used your nails to pinch tang tang, did you still remember that you were a mother? tang tang used to cry the moment she saw you. she’s so calm now because she has a ‘mother’ who truly loves her!’”

boxn ov el. c o m

” ever since my wife came to the mu family, she treated tang tang like her own daughter. tang tang stuck to her every day. even i, her father, had to stand aside. ”

“chenxi is not only the woman i love the most, but also my little princess’s most beloved. chenxi is her biological mother in my daughter’s heart!”

hearing these words, everyone was stunned.

no one had expected the truth to be like this.

luo chenxin, who claimed that she loved her daughter the most and considered everything for her daughter, actually had a dark history of abusing her daughter!

the so-called stepmother, luo chenxi, was the one who treated the mu family's little princess the best.

everything that had happened was too unexpected, but no one doubted the truth of mu yichen's words.

that was because the little furball's reaction had explained everything.

had it not been for luo chenxi's genuine kindness to her and her genuine love for luo chenxi, it would have been impossible for the two of them to be so intimate.

if they didn't know about the little dumpling's background, no one would doubt that they were a pair of mother and daughter who had an extremely good relationship just by seeing them together.

"oh my god, you really can't judge a book by its cover. luo chenxin clearly looks pure and innocent. how could she do so many heartless things?"

"he even abused his own daughter, he's worse than a pig or a dog! why didn't she just explode on the spot!"

"i've seen disgusting things, but i've never seen such a disgusting thing! luo chenxin is the most disgusting woman i've ever seen in my life!"

many people's impression of luo chenxi was getting better and better as they criticized her.

"luo chenxi must be an especially kind girl. children are the most sensitive. if she's not treating her sincerely but just putting on an act for young master mu to see, the little princess will certainly notice it. it's impossible for her to be so close to her."

"sigh, i thought she was annoying for snatching everyone's husband away, but i'll forgive her for the sake of such a cute little princess."

the noise from the surroundings was heard, but mu yichen's expression remained calm.

he stretched out his hand and clasped luo chenxi's shoulder. he pulled his little woman and the little dumpling who was struggling in luo chenxi's arms into his arms.

Chapter 948: announcing a piece of good news

his originally cold and indifferent eyes instantly melted like ice and snow, becoming extremely gentle.

mu yichen said softly, "chenxi, i've always owed you a word of thanks. thank you for letting me know that there's such a perfect woman like you in this world and letting me know what true love is." i also want to thank you for making tang tang a happy little princess with a mother's love."

upon hearing his words, luo chenxi blinked and blinked again.

her eyes were getting redder and redder, and she almost couldn't control her tears.

she did not expect such a proud and aloof man like mu yichen to confess his love in front of the media!

furthermore, he had said it so affectionately and with such genuine emotions ...

every sentence was directed at the softest corner of her heart.

luo chenxi pursed her lips. she was trying her best to calm her trembling voice. " i ... i want to thank you too ... "

she was grateful to this man for smoothing out all the hurt she had suffered in the past. she was grateful to him for looking arrogant and cold, but he was actually gentle, considerate, and tolerant, giving her the most perfect love.

boxn ov el. c o m

she also had to thank his family for sincerely accepting an ordinary girl like her, making her feel the love of a family.

luo chenxi had a thousand words to say, but they were just on the tip of her tongue.

however, before she could say anything, mu yichen stretched out a finger and covered her lips.

then, he held luo chenxi's small hand and removed it from the little dumpling's head.

the little dumpling's ears had been covered earlier, so she was already upset. she immediately raised her leg and gave mu yichen a kick.

"stinky daddi! bully tang tang!"

mu yichen's lips twitched when he was kicked in front of so many people.

she finally remembered that this was her biological daughter, so she barely suppressed her anger.

" tang tang, do you wish for big sister to be with us forever? "

the little dumpling blinked her big eyes, tilted her head, and looked at her father in confusion.

" kesu, big sister has already promised to accompany tang tang forever! " as she spoke, she suddenly thought of something. her eyes widened and she said excitedly, " that's right, big sister didn't agree to daddi! big sister doesn't want daddi, she only wants candy!"

the little dumpling wrapped her arms tightly around luo chenxi's neck with a smug look on her face.

mu yichen was at a loss for words.

was there a mistake?

why didn't his own daughter speak up for him, and even tried to ruin his reputation again and again?

in the end, he was still so smug!

mu yichen glared at the little dumpling subconsciously. luo chenxi hugged her tightly in a hurry.

she looked at the man warily. " why are you so fierce to your daughter? " tangtang's right!"

mu yichen took a deep breath.

he repeatedly told himself in his heart.

this was his wife, his wife ...

his daughter, his daughter ...

he had spoiled her too much ...

he only managed to calm down after a long period of mental preparation.

after giving the woman a warning look, he ignored her and turned to the media reporters at the bottom of the steps.

mu yichen cleared his throat and raised his voice.

“dear friends of the media, i’m really sorry for letting you see the mu family’s farce today. however, since everyone is already here, i’ll take this opportunity to announce a piece of good news.”

upon hearing this, the crowd started to stir again.

many people had already guessed what young master mu was going to say.

” luo chenxi and i ... have officially registered our marriage at the civil affairs bureau. the wedding will be held soon. ”

Chapter 949: we’re already a real married couple!

even though they had already expected this, the scene immediately turned chaotic after mu yichen announced his engagement to luo chenxi.

although the venue of today’s press conference was very simple, the content was full of climax and explosive points one after another.

however, all the explosive points added together were not as shocking as mu yichen’s announcement of his marriage!

the young master of T city’s richest family, the man all the women in china wanted to marry the most, the young master mu who was known as the nation’s husband ... was actually married!

moreover, she was willing ... or should i say, she couldn’t wait to walk into the hall of marriage.

even though mu yichen had confessed his love to luo chenxi on a few occasions, intentionally or otherwise, everyone on the scene understood that his love for luo chenxi was absolute.

however, in most people’s opinion, luo chenxi was already considered a winner among the winners in life for being able to date a man like young master mu seriously.

it was still too early to get married!

after all, marriage and love were different.

boxn ov el. c o m

the mu family was one of the most powerful families in the whole of china, and they played an important role in both the business and political world.

how could the marriage of the first heir of such a large family be so sloppy?

even if luo chenxi was capable enough to settle everyone in the mu family, marry into the mu family successfully, and have a happy ending with mu yichen, it would still take a few years, right?

everyone did not expect mu yichen to disclose that he had registered his marriage with luo chenxi!

this meant that ... in the legal sense, the two were already a real husband and wife!

regardless of whether they held a wedding or not, this fact could not be changed.

the reporters had already put luo chenxin's matter to the back of their minds. one by one, they raised their microphones and fought to squeeze forward, wanting to conduct a more in-depth interview about young master mu's marriage.

"young master mu, is what you just said true? did you really get a marriage certificate with the luo family's second miss? when did this happen? i thought you were still single at luo chenxin's new product launch?"

"young master mu, did you consider your marriage with the second miss of the luo family carefully? or was it an impulse? have you ever thought that you might have the need for a marriage alliance?"

" young master mu, have you discussed your marriage with the mu family's two elders? do they support your decision? "

"miss luo, can you talk about how you dealt with young master mu? he's in such a hurry to marry you. is it because you're pregnant?"

"miss luo, how will you treat the mu family's little princess after you have your own child?"

the reporters swarmed up and asked questions at once, afraid that they would miss important news.

countless questions were thrown at the two of them.

furthermore, each of these questions was more sensitive than the last.

when the little dumpling heard so many people talking around her, she couldn't stand the noise and her toot little face fell.

luo chenxi's heart ached for her when she saw that. she took a few steps back with the little dumpling in her arms.

the expression on his face suddenly became serious as he sternly said,"enough! if you have any questions, just ask them one by one. how are we supposed to answer them if you guys are like this? besides, don't you see that there are children here? tangtang was frightened by you guys!"

only then did the reporters restrain themselves a little. however, they only spoke in a softer voice. they still tried their best to squeeze in and threw out all kinds of questions.

Chapter 950: it was the mu family who begged luo chenxi to marry into the mu family!

mu yichen furrowed his brows.

he took the microphone from luo chenxi's hand. his expression turned gloomy as he spoke in an icy cold voice.

"didn't you hear what my wife said? everyone, quiet down. i'll answer your questions in unison."

seeing that young master mu was angry, the reporters didn't dare to act rashly. they took a few steps back and quieted down.

it was only then that mu yichen said, "i'm only going to explain this once! first, i really got a marriage certificate with chenxi this morning. second, i've carefully considered my marriage with chenxi. just now, chenxi also mentioned that i've proposed to her once before! after that, i proposed to her a second time, but she still rejected me. i only succeeded on the third time."

"third, the mu family didn't rely on nepotism to get to where they are today. they never had any arranged marriages in the past, and they don't need it in the future! as a man, i will become the support of my wife and daughter, and not use them."

" fourth, about my parents 'attitude towards chenxi ... "

at this point, mu yichen paused for a moment and turned to look at tan yueru. " i think it's better to let my parents answer this question personally. "

tan yueru and mu yunfeng had come over from the rolls-royce.

boxn ov el. c o m

at this moment, he was standing behind them.

tan yueru walked forward upon hearing her words. she held luo chenxi's hand and said with a smile, " chenxi, you just got your marriage certificate with my little brat today. i haven't had the time to congratulate you on your happy marriage!"

luo chenxi blushed a little. she lowered her head and said, " thank you, mom!"

tan yueru laughed, 'what are you thanking me for? i should be the one thanking you! i'm relieved that you're willing to marry my little brat. whether it's tang tang or yichen, they can't leave you. your father and i were so worried after you rejected the little brat's proposal!"

mu yunfeng walked over as well. he had a stern expression on his face, which was rather similar to mu yichen's.

he snorted coldly, 'running away from home is not something you should do! i can't do this again in the future. what did this brat do wrong? tell mom and dad, we'll help you teach him a lesson! do you know?"

luo chenxi looked ashamed. " i understand, father. i'll definitely not be willful anymore in the future ... "

it was only now that she realized that everyone in the mu family was worried about mu yichen when she was breaking up with him.

he really shouldn't have.

tan yueru pulled mu yunfeng. "that's enough. look at your stern face. don't scare my daughter-in-law. when the time comes, that brat will fight you to the death!"

"are you afraid of him? this little brat still dares to rebel?" mu yunfeng didn't think so.

however, he still listened to his wife and did not say anything.

at this moment, the surroundings were silent.

all the reporters and the public were dumbfounded and couldn't even speak.

if they still could not tell how much the mu family's two elders liked luo chenxi by now, they would be considered blind and foolish!

judging from tan yueru's words, she was afraid that luo chenxi would refuse to marry mu yichen and that the mu family was begging luo chenxi to marry mu yichen!

for a moment, everyone was in a daze.

what ... what was going on?

luo chenxi had actually made the two elders of the mu family accept her!

how did she do it?

being a winner in life wasn't enough to describe her. she was simply unscientific! did he transmigrate here?

tan yueru took the microphone from mu yichen's hand and cleared her throat.
