Chapter 951: your sister-in-law is a woman who likes men

tan yueru took the microphone from mu yichen's hand and cleared her throat.

"everyone, please don't make wild guesses about our family's affairs. yunfeng and i both like chenxi very much."

" just like what my son said, the mu family did not rely on nepotism to get to where they are today. we don't care if our daughter-in-law can bring any benefits to the mu family. "

" chenxi is a good child. ever since she came to the mu family, tang tang and yichen have been smiling more often. just based on this, she is the only candidate i, tan yueru, have acknowledged as my daughter-in-law! "

tan yueru's words were resolute and decisive. her tone was firm as she criticized those who doubted luo chenxi.

the crowd that had been discussing all fell silent.

no matter how hard it was for them to believe, the truth was the truth.

luo chenxi had truly received the acknowledgment of everyone in the mu family!

after tan yueru finished speaking, she tossed the microphone back to the staff. she ignored the reporters in the audience and turned to luo chenxi and mu yichen.

"alright, we've been out for so long, it's time to go home. i asked aunt chen to prepare a table full of dishes today, and i even asked weiwei and yiling to come home tonight, just to celebrate with you!"

luo chenxi felt a little embarrassed. " mother, we've only collected our marriage certificate. there's no need to make such a big fuss ... "

"what do you mean by just ... getting a marriage certificate?"

mu yichen glared at her upon hearing her words. " can't you tell the severity of the matter? alright, let's go back."

as he was saying that, he exerted force on the arm that was wrapped around luo chenxi's waist and pulled her forward.

luo chenxi was speechless.

this man ... his deep affection could only last a few minutes.

it's only been a short while, and she's already acting tsundere again ...

the five members of the mu family got into two luxury cars and left the scene under the gazes of many reporters and passers-by.

as soon as their figures disappeared, the scene immediately boiled over.

” quick, quick, quick, go back and publish the article. we must be the first to publish the front page headline before the other newspapers! ”

“today’s news is definitely explosive! everyone, go back and work overtime. we must print out the newspaper first!”

“have you taken the photos? let’s post it online first!”

it could be expected that tonight would be a long sleepless night for all the media in T city.

.....

on the other hand, luo chenxi and the rest had returned to the mu family’s villa.

just as tan yueru had said earlier, mu weiwei and mu yiling had arrived at the villa.

the family had a sumptuous dinner together as a celebration.

mu yunfeng even specially opened a few bottles of wine that he had collected for many years.

mu weiwei raised her wine glass. her cheeks were slightly red. ” sister-in-law, that ... i’ll toast you. ” on one hand, it’s to congratulate you on your wedding, and on the other hand ... it’s to apologize to you. i was too willful in the past and ... i even scolded you. i’m really sorry.”

“i know that you always help me on purpose, but i misunderstood you. i really shouldn’t have ...”

“sister-in-law, you won’t hold it against me, right? actually, i really like you. i’m really happy to be able to become a family with you ...”

before mu weiwei could finish her sentence, her eldest brother interrupted her.

” take a good look. your sister-in-law is a woman and likes men. it’s useless for you to like her. ”

mu weiwei was stunned for a moment.

the corners of luo chenxi’s lips were already twitching uncontrollably. ” mu yichen, you ... what nonsense are you spouting? wei wei didn’t mean it that way, okay?”

Chapter 952: tonight was his wedding night with his little woman ...

“what do you mean? isn’t she the one who says she wants to marry you every day?”

every time mu yichen recalled how mu weiwei used to address him as her prince charming, his wife, and how she had even collected his wife’s posters and put them up in the room, he would feel extremely upset.

only he, as her husband, had the right to put a photo of a woman on the wall!

anyone else who dared to do this was simply courting death!

mu weiwei shivered secretly when her elder brother's cold and sharp gaze swept across her.

at this moment, she suddenly realized how lucky she was for not being beaten to death by her big brother in the past ...

she quickly shrank to the side and didn't dare to speak again.

mu yiling quickly came out to smooth things over. " alright, alright, big brother. don't stoop to weiwei's level. isn't it normal for young people to be infatuated with an idol? she doesn't really love sister-in-law at all, she just thinks that sister-in-law is good-looking. then ... isn't it because you have good taste, big brother?"

mu yichen's expression softened quite a bit after mu yiling's nonsensical explanation.

boxn ov el. c o m

mu yiling raised his glass and continued, " " come, sister-in-law, big brother, i'll have a drink with you too. however, this glass of wine is not for you, but for me. "

"in the past, before you two got married, you were already showing off your love to each other every day. now that it's legal, i feel like i'll die from all your dog food sooner or later ... so, i'll have a drink first to calm down."

" cough cough, cough cough cough!! "

luo chenxi was drinking water when she heard his words. she choked on her water at once.

mu yichen furrowed his brows. " stupid woman, what's wrong with you? you'll even choke on water!"

even though his tone was disdainful, his expression was obviously nervous. he was patting luo chenxi's back gently with his large hand.

when mu yiling saw this, he immediately made a choked expression.

soon after, mu yichen's cold gaze swept toward her.

mu yiling's body stiffened instantly.

tan yueru glared at mu yiling. " you little brat, don't you have any manners? " how dare you make fun of your sister-in-law? this was outrageous! alright, hurry up and finish your meal, you can get the hell back!"

mu yiling choked at once.

he had never expected that even his own mother would dislike him so much.

he had been living outside for so long, and it was rare for him to come home. madam tan did not want him to stay at home and wanted to drive him back?

tan yueru sensed his gaze and said in a bad mood, "what are you looking at? if you have the ability, you should be like your brother and find me such a beautiful daughter-in-law! you only know how to hang around with dogs all day, you're really a useless brat!"

mu yiling wanted to cry but had no tears.

his big brother was really too unscientific.

from a young age, whether it was knowledge, ability, or appearance, he had crushed everyone. not only that, but now, even the wife he married was so outstanding that his parents were so satisfied.

wasn't this deliberately not letting him, the younger brother, continue living?

in order not to stay at home and be an eyesore, mu yiling quickly left after the meal.

mu weiwei also returned to her room in silence.

mu yichen looked at the petite woman by his side. his gaze gradually turned passionate.

tonight was his wedding night with his little woman ...

although they had already held a wedding banquet half a year ago, they could still be considered newlyweds.

however, at that time, the woman was using luo chenxin's identity. although he was attracted to her, he had to repeatedly remind himself that the woman in front of him was the one he hated the most.

Chapter 953: "mu yichen, where's your face? did you run away from home?"

he definitely couldn't be seduced by her, and he definitely couldn't be soft-hearted towards her.

as a result, even though he was clearly infatuated and addicted to the little woman in his arms during that night of making love, he had to forcefully restrain himself and keep a distance from her.

as a result, he had missed countless opportunities to come into contact with her.

but today ... he no longer had such concerns.

luo chenxi had already become his wife!

this meant that from now on, she had the duty to be by his side every day and satisfy all his needs.

including ... on the bed.

mu yichen stared at luo chenxi's neckline that was slightly open. he looked at her slender collarbones and the fair skin that was vaguely exposed on her chest.

she suddenly felt that the temperature in the dining room was a little too high ...

boxn ov el. c o m

he stood up from his seat and turned slightly to the side. he was just about to carry the little woman beside him.

however, at that moment ...

da da da da ...

a little ball dressed in a fluffy rabbit-eared pajamas suddenly ran toward them from the living room. she pounced into luo chenxi's arms at once and raised her too little face.

"big sister, are you done with your meal? you said you would play chinese checkers with tang tang!"

when they were having dinner just now, the adults in the family toasted each other and never stopped.

the little furball couldn't drink, so after it was full, it quickly became impatient and wanted to jump off the chair.

luo chenxi had no choice but to ask the maid to bring her to the side to play.

at present, the little dumpling knew that mu yiling and mu weiwei had finished eating when she saw them leaving. she quickly came over and hugged luo chenxi's thigh for fear that her eldest sister would be snatched away by the stinky daddi.

luo chenxi also recalled the promise she made to the little dumpling at the entrance of the mu corporation.

she picked up the little dumpling and kissed her on the cheek. "big sister didn't forget. let's go and play chinese checkers now."

"big sister is the best!"

luo chenxi turned around and was about to go upstairs with the little dumpling in her arms.

the man, who had been completely ignored by the two of them, had an extremely ugly expression.

especially when his parents were snickering behind him, he couldn't bear it.

mu yichen took a deep breath, "luo chenxi ...!"

luo chenxi stopped in her tracks and turned to look at him. "hubby, do you like chinese checkers too? then let's go together? chinese checkers can be played by three people."

the little dumpling was a little reluctant. she pouted her little mouth and thought for a while before nodding reluctantly.

"alright, let's play together, daddi ..."

mu yichen almost choked with anger when he saw their innocent expressions.

how did the mother and son know that he liked chinese checkers?

moreover, it seemed that she was quite reluctant to bring him along to play?

he couldn't help but get up and walk towards the two of them. he stretched out his strong arm and held his little woman firmly. without saying anything, he lowered his head and bit her ear.

“stupid woman, don’t tell me you forgot? today is our wedding night! let mom help take care of tang tang.”

luo chenxi’s ears turned warm. her palm-sized face blushed instantly.

as she was carrying the little dumpling with both hands, she could only use her butt to push the man away. ” what are you doing? don’t you see the candy ...”

she was halfway through her sentence when she suddenly froze.

this was because she could clearly sense that mu yichen’s body had already undergone an obvious change.

this time, her face turned even redder. she bit her lip and said, ” “mu yichen, y-y-you ... where’s your face? did he run away from home?”

Chapter 954: don’t you understand that you have to sleep together as a wife?

mu yichen was exposed by his wife. he thickened his skin and tightened his arms.

feeling the slender waist under his palm, his eyes grew deeper.

his voice also became a little hoarse. ” stupid woman, of course my face is still there. do you think it’s you? running away from home?”

luo chenxi could not help but turn around to glare at him.

this man ... not only did he act like a hooligan, but he also didn’t forget to take the opportunity to mock her!

was this still the model good man who had confessed to her at the entrance of the mu group?

did she get the wrong person?

“mu yichen, you ...”

luo chenxi was about to speak, but the moment she opened her mouth, mu yichen seized the opportunity to move closer to her. he seized the opportunity and blocked the pink tenderness that he had been longing for for a long time.

boxn ov el. c o m

“mm ...”

luo chenxi struggled for a moment or two as a gesture, but her body softened soon after.

facing such a handsome face, it was really impossible to refuse him with a firm will.

moreover, mu yichen was a few times more handsome than he usually was today!

anyway, the ‘national husband’ was now her exclusive husband. she would kiss him first, and it wouldn’t be a loss to kiss him!

however, he seemed to have forgotten something ...

the thought had just flashed across luo chenxi's muddled mind when she heard mu yichen grunt in the next second. his body stiffened.

then, the man let go of her.

mu yichen's face was ghastly pale. there was a tiny shoe print on his snow-white shirt.

the little dumpling retracted her short legs and hugged luo chenxi's neck tightly. she was looking at mu yichen with a guarded expression.

"stinky daddy, big bad wolf, let go of big sister! the big sister is sweet!"

mu yichen took a deep breath, and another deep breath ...

he reminded himself once again that this daughter was his biological daughter!

"tang tang, big sister is daddy's wife. wife, do you understand? we're meant to sleep together."

the little ball's eyes widened, and there was an obvious confusion in its eyes.

she tilted her head and thought for a while. then, she suddenly said, "big sister, don't be dad's wife anymore. be tang tang's wife! then i can sleep with tang tang every day!"

as the little dumpling spoke, it revealed a proud smile, feeling that it was very smart.

mu yichen almost could not catch his breath.

on the other hand, luo chenxi burst out laughing.

"stupid woman, stop laughing! i told you not to laugh, didn't you hear me?"

mu yichen glared at her a few times as a warning, but she still could not stop.

tan yueru also laughed so hard that she couldn't straighten her back. seeing that her son was about to go crazy, she walked over and reached out to the little dumpling, wanting to take her away.

"tang tang, let grandma play chinese checkers with you. your big sister is tired today, tell her to rest early."

"no, i don't want to. i can rest with you." the little dumpling was still clutching luo chenxi's clothes tightly without letting go.

tan yueru was also in a difficult position.

in the past, she could still lie to the little dumpling that her father and big sister were making younger brothers and sisters. this reason had been tried and tested.

however, the mu family no longer mentioned anything about having a younger brother or sister when they considered luo chenxi's situation.

if he were to mislead the little dumpling by any chance, it would cause unnecessary pressure to luo chenxi.

” alright, tang tang, i’ll accompany you to play chinese checkers. ”

luo chenxi suddenly spoke.

mu yichen’s face darkened. ” stupid woman, what did you say? can you repeat that?”

on the other hand, luo chenxi pretended that she did not hear him. she carried the little dumpling in her arms and jogged into the children’s room.

he even locked the door from the inside.

she suddenly recalled mu yichen’s words last night.

Chapter 955: thank you, tang tang

when mu yichen brought her back from the park yesterday, he had said that he would punish her for seven days and seven nights ...

up until this morning, mu yichen had even mentioned that he had woken her up to kidnap her to register their marriage.

he was going to continue punishing her after getting their marriage certificate.

‘if mu yichen recalled yesterday’s incident ...’

luo chenxi felt her legs go soft for no reason.

she quickly hugged the little amulet in her arms.

she accompanied the little dumpling to play chinese checkers for the entire night.

the little dumpling finished her shower at past nine o’clock sharp. she lay flat on the bed and pestered luo chenxi to tell her five stories.

” tangtang definitely won’t fall asleep. tangtang will definitely listen to the entire story! ” the little dumpling clutched the blanket and vowed.

boxn ov el. c o m

however, three minutes had passed and the little dumpling was already snoring softly before luo chenxi could even finish her story.

luo chenxi sat on the edge of the bed. the corners of her lips were raised. she lowered her head and kissed the little dumpling’s face.

“thank you, tang tang.”

she thanked mu yichen at the entrance of the mu group today.

in fact, in her heart, the person she wanted to thank was not only young master mu, but also xiao tuanzi.

she had once thought that the pain of losing that child four years ago would never be able to be made up for in this life.

but now, as she looked at the little dumpling's angel-like sleeping face, she felt that those painful and sleepless nights were far, far away from her ...

it was as if it had happened in her previous life.

luo chenxi removed her shoes and was about to climb onto the little dumpling's bed to sleep with her.

suddenly, he felt something tighten around his waist, and his body rose into the air.

"stupid woman, tang tang is already asleep. do you have time to accompany your husband now?"

"mu yichen! you ... when did you come in?"

luo chenxi was startled when her body fell backward. she quickly wrapped her arms around the neck of the man before her.

she was completely unaware that mu yichen had entered the room. she did not even hear the sound of him opening the door.

young master mu snorted coldly. "that's not important. what's important is ... you have to be punished twice as much for abandoning your husband today!"

luo chenxi shuddered subconsciously.

wuwuwu, her waist, her legs!

would she be able to get out of bed tomorrow?

.....

the next day, luo chenxi only woke up in the afternoon.

she heard a piece of good news when she reached the living room downstairs. mu yichen had rushed to the company to settle some matters at the last minute!

tan yueru deliberately explained, "it's my daughter-in-law. yichen didn't want to go at first, but the company called me several times." you know, when the photo of you and yichen was published in the magazine yesterday, the mu group's stock price immediately plummeted. "in the end, you announced your marriage right after that. when the market opened this morning, the stock price immediately rose to its limit again. it's a mess, and yichen is in a hurry to deal with it. "

"but don't worry, yichen has been thinking about you all this time. i'll come back as soon as i'm done with work. "

"i'm at ease, of course i'm at ease!!" luo chenxi was grinning from ear to ear. "mother, please help me tell my dear husband to work hard and not worry about his family. i'll give him my full support! "

mu yichen was not at home, so she finally did not have to fall in love with the big bed anymore!

she was free!

in the afternoon, luo chenxi taught the little dumpling how to draw for a while.

it was unknown who the little dumpling had inherited it from, but she had a high talent in art. although she was only three years old, she could draw well.

the little dumpling was drawing on her drawing board while luo chenxi took her phone.

as soon as he pressed the power button, a long series of " di di di " sounds suddenly came from the phone, and countless messages came in.

Chapter 956: capitalists are so brutal ...

luo chenxi was so startled that she almost threw her phone away.

even xiao tuanzi, who was sitting at the side, widened her eyes and looked at her in surprise.

"big sister?"

luo chenxi stretched out her hand and patted her little head. " the elder sister is fine. you can continue drawing. "

she picked up her phone again and took a look.

as expected, her wechat was exploding with messages.

all the people he knew in the past, regardless of whether they were familiar or unfamiliar, all appeared.

after all, most of them would never have dreamed that the great beauty luo chenxi, who had always kept a low profile, would marry the nation's husband without a word and become the young mistress of the richest family in T city!

many people had the idea of getting close to her and specially sent her wechat messages to congratulate her on her wedding.

boxn ov el. c o m

luo chenxi replied to all of them with a 'thank you' before she blocked all the messages.

and as long as she was in the group, she would be the subject of the heated discussion.

luo chenxi tapped into a few group chats and took a look. she felt so embarrassed that she was about to get cancer from the awkwardness. she quickly blocked them one by one.

however, when she opened the "SL corporation's design department exclusive group chat," she paused.

"the real star should be luo chenxi!" huang luan said.

Andy replied,"that's right. it's definitely her!" no wonder the level of luo chenxin's new product launch was so touching last time. i couldn't figure it out, but i understand it now!"

'yes, no wonder chief sheng exposed luo chenxin at the press conference last time!' i thought there was something wrong with chief sheng's brain. doesn't he like stars the most? why did he suddenly fall out with xingchen? so, this is the truth ..."

sheng yu: " ... who did you say had a stroke in the head?! "

"ahem, chief ... chief sheng, i said ... it's me!" huang liang coughed. my brain must be having a stroke! you're wise, brilliant, and have sharp eyes. you recognized the white lotus, luo chenxin, at a glance. she's my idol!"

sheng yu was speechless.

Andy: "@ xingchen , come out quickly. tell me if this is real!"

quite a number of designers in the group had tagged luo chenxi in an attempt to verify their identities with her.

luo chenxi sent a smiling emoji and typed in silence, ""your guesses are all true."

luo chenxi's sudden appearance immediately caused a stir in the group.

the speed of the comments became very fast, and everyone was sending her messages to congratulate her.

among all the "happy marriage, happy marriage for a hundred years," only sheng yu's news was unique.

"when are you coming back to work?" sheng yu asked.

seeing this, the designers in the group couldn't stand it anymore. they even ignored their boss's identity and started to complain.

" damn, chief sheng is really a workaholic. you don't forget to work at all times! "

"xingchen just got married, right? she hasn't even taken her marriage leave yet, and chief sheng already remembered to call her to work. capitalists are so cruel ..."

" by the way, xingchen has already married into a rich family. will she still come back to work? "

on the other hand, luo chenxi did not feel that anything was amiss.

ever since she entered SL holdings, she had been taking leave every now and then and had not worked for a few days.

she quarreled with mu yichen a while ago and she did not go to work for two weeks. it was reasonable for sheng yu to urge her to go back to work.

"i should be able to come back next week," luo chenxi replied after some thought.

sheng yu: " prepare well. the director yan i told you about last time has returned to china. i'll arrange for you to meet him next week. "

luo chenxi recalled that sheng yu had mentioned that he would recommend her to director yan's production team to design the costumes for the drama. she agreed to his request immediately.

the designers were speechless when they saw the two of them really start talking about work.

" no wonder chief sheng has always been single! "

Chapter 957: mrs. mu, please take good care of me from now on

there was actually someone who dared to laugh at sheng yu, the demon boss of the fashion industry!

luo chenxi took a closer look and realized that the sucker was huang liang. she silently prayed for him in her heart.

she exited wechat and opened weibo.

she had originally thought that she could read the gossip on weibo in peace, because the account she had logged in to was the "star's light" account that she had applied for during the chinese style competition.

logically speaking, there shouldn't be many people who knew that this was her.

in the end, as soon as she went online, she received a series of notifications.

this time, she was even more surprised than when the cameras had started rolling. she was truly shocked.

the phone fell to the ground.

fortunately, the little dumpling's room was covered with a thick carpet, and her phone was safe and sound.

boxn ov el. c o m

luo chenxi quickly bent over to pick up the phone.

her private messages were full, and there were 999+ messages. she clicked on one and saw that it was scolding her.

"that damned vixen, she actually snatched young master mu away! young master mu belongs to everyone. you, a b \* tch who came out of nowhere, don't deserve her at all!"

luo chenxi could not help frowning.

she had seen this kind of trolls many times, so she didn't feel angry.

however, how did the other party know that she was mu yichen's wife?

luo chenxi closed the private message and opened the trending searches.

she finally understood what had happened when she saw the post at the top of the trending searches.

[@ mu yichen: mrs. mu, please take care of me from now on.] @ starlight

below the post, there were three photos.

the first was the photo of their marriage certificate that mu yichen posted on his social media yesterday. the second was the wedding photo he took with luo chenxi at the civil affairs bureau.

the third photo was taken at the entrance of the mu corporation. luo chenxi was carrying the little dumpling while mu yichen wrapped his arm around her waist. he was protecting his wife and daughter in his arms.

no one knew which media reporter had taken this photo, but it had to be said that the capture was very accurate.

in the photo, mu yichen and luo chenxi's eyes were locked on each other. there was an undisguisable affection in each other's eyes.

on the other hand, the little dumpling was holding onto luo chenxi's collar with one hand and mu yichen's tie with the other. she nudged her head against the crook of luo chenxi's neck while her soft and adorable face was filled with a dependent expression.

no matter who saw this photo, they couldn't help but exclaim that this was a happy and complete family!

however, the corners of luo chenxi's eyebrows twitched uncontrollably when she looked at the photos.

when did mu yichen post these photos on his weibo?

why didn't she know anything about it?

moreover, if he had posted a photo, why did he tag her weibo number?

how was she going to scroll through weibo happily in the future?

luo chenxi felt depressed for a while before she continued scrolling down the weibo page.

as expected, the comments exploded. overnight, there were already more than a million comments and tens of millions of likes.

luo chenxi had a serious suspicion that the weibo server must have been disconnected once last night.

the comments below were all sorts of.

many of mu yichen's wife fans were very irrational. they could not accept the fact that mu yichen was married and had a daughter at all. they kept on shouting and scolding him.

" luo chenxi is just a woman who grew up in an orphanage. she's not worthy of young master mu. get out of the mu family now! "

" judging from luo chenxi's appearance, i can tell at one glance that she's not a decent woman. young master mu, wake up. you can't marry a woman like her! "

Chapter 958: sister-in-law V587!

there were also people who released all kinds of so-called black materials.

there was a post about 'comparison photos of luo chenxi before and after plastic surgery' and a diploma from a third-tier university.

in fact, the incident where luo chenxi was expelled from country Y's royal academy of fine arts was dug up by someone.

there were also people who analyzed the situation with conviction that luo chenxi's expulsion was definitely due to her improper relationships with men and women in school.

luo chenxi's expression darkened upon reading the comments.

although she knew that there were many keyboard warriors online, seeing these so-called scandals that slandered her would still affect her mood.

she was about to close her weibo when she swiped her finger across the screen and saw mu yichen's next post.

[@ mu yichen: no one knows better than i do what kind of woman my wife is.] the following people who spread rumors, i have already obtained your personal information. the mu group has already sent you a lawyer's letter, and will definitely pursue legal responsibility! i hope that the others will take this as a warning. i will pursue the matter to the end if anyone slanders my wife!

there were a few screenshots below, all of which he took from the comments.

boxn ov el. c o m

among the comments that criticized luo chenxi earlier, the dozens of comments with the highest number of likes were all listed out.

her idol had already made such a strong statement, so the style of the comment had completely changed.

the netizens expressed their support for young master mu one after another.

of course, more people were amazed by young master mu's strong act of protecting his wife.

"young master mu is so handsome, so handsome! although he just got married and he's already abused dogs so many times, i still think he's even more handsome!"

"that's right, where can i find a man who pampers his wife so much? young master mu is really a model husband! i knew it, he deserves to be called the nation's husband!"

"i'm so envious of luo chenxi. why is she so lucky? how did she get young master mu to dote on her so much? i hope she can write a book to teach everyone."

" young master mu has become even more handsome after he got married. i feel like i love him even more! "

luo chenxi felt sour in her heart as she watched the video.

what the hell?

why were there still so many girls who were secretly in love with mu yichen when he had already become her exclusive husband?

this didn't make sense!

luo chenxi was infuriated for a moment. she immediately replied to the comment that said 'i love young master mu more' earlier."it's a pity that he's already married. you guys don't have a chance!"

when she was commenting, she felt like she was just casually replying to a comment on the internet as usual.

after commenting, she felt better and wanted to quit.

however, the second after she finished commenting, countless new notifications popped up.

there were so many notifications that her phone had crashed for more than a minute.

luo chenxi's face was dark. she waited for a while before her phone finally returned to normal.

when she looked at it, her reply was also on the hot search list.

moreover, there were a few unexpected and magical replies below.

@ mu yiling: sister-in-law V587! big brother, this kind of man who attracts bees and butterflies everywhere, should be treated!

[@ bai shixun: tsk, tsk, yichen, this henpecked man, he'll probably kneel on durians when he gets back.] with such a fierce wife, why didn't he behave himself?

@ he jinsi: it's shameful to abuse dogs. stop showing off your love, or i'll send you knife blades!

luo chenxi gritted her teeth in anger when she read the few comments that were eager to see the world in chaos.

these three guys ... don't they usually have to go to work?

Chapter 959: close the door, let ... hubby go!

he could actually see her reply in such a short time and even write a comment!

especially bai shixun, he must have bullied her little qianqian again. it was too shameful!

moreover, after they said that, she seemed to have become a jealous bucket that tormented young master mu all day long.

only god knew how gentle and considerate she was. she was the model wife! (little wei xi's proud face)

the replies of the three young masters of the rich and powerful quickly received countless likes, and were pushed to the top of the hot comments.

quite a number of netizens followed the trend and started teasing luo chenxi.

luo chenxi squinted her eyes. she took a moment to calm herself down before the corners of her lips were curled into a cold smile.

she pressed the screenshot button swiftly and took a screenshot of the three people's comments. she then sent it to mu yichen on wechat.

"wuwuwu, hubby, someone is bullying me!# poor thing #poor thing"

after she sent the message, she closed her wechat without waiting for mu yichen's reply.

to let these three frivolous young masters laugh at her!

he watched as she closed the door and released ... her husband!

luo chenxi scrolled through her weibo for a while.

the sky was getting dark, and the little dumpling was sleepy. she was still holding the crayons in her hand, but her little head was already falling down bit by bit.

luo chenxi carried the little fellow to the bed and coaxed her to sleep.

she was just about to take a shower and relax.

suddenly, his phone rang.

"who would call at this time?"

luo chenxi raised her brows in puzzlement and pressed the answer button conveniently.

"little cutie ..."

luo chenxi was stunned for a moment when she heard sheng yu's voice coming out of the phone. "ah ... chief sheng! why are you calling me? it's about director yan's interview. is there anything else you want to say?"

on the other end of the phone, sheng yu was leaning on his office chair.

he had a cigarette in his right hand. the smoke slowly rose, covering his handsome and perfect side profile.

his eyes narrowed slightly as he looked out the window at the night view of T city with a deep expression.

the sweet voice from the phone was exactly the same as the first time she heard it over the phone half a year ago.

however, luo chenxi was just an ordinary new designer in his eyes at the time. now ...

sheng xiao pursed his lips and said in a low voice, "little cutie, do i call you just to talk about work?"

luo chenxi suddenly had a bad feeling when she sensed sheng yu's silence. she hastily put on a carefree act in an attempt to change the topic.

“then ... chief sheng, is there anything else you need from me? could it be that he wanted to wish me a happy wedding? by the way, everyone was giving me their blessings in the group just now, but you didn't say anything!”

sheng yu snorted coldly. “ don't worry. i'll definitely not give you a happy wedding! ”

“uh ...”

luo chenxi did not expect him to say that. she shut her mouth in embarrassment.

she then remembered that sheng yu had confessed to her before.

however, when they met again, sheng yu acted very normal and seemed to only treat her as an ordinary subordinate.

it was to the extent that she had overlooked this.

sheng yu's deep voice slowly came from the other end of the phone. “ luo chenxi, i'll ask you a question. you must answer me honestly. would you have considered me if it weren't for mu yichen?”

“ah? “this ...” luo chenxi was stunned.

come to think of it, if she had not become the substitute bride of the mu family, she might have agreed to date sheng yu.

after all, her ideal type in the past was to find a senior in the same industry ...

” of course i'll consider it, but ... ”

luo chenxi replied subconsciously.

but halfway through her words, a man's cold snort suddenly came from behind her. “ ” stupid woman, who are you talking to on the phone?! ”

Chapter 960: don't you smell ... a strong sour smell?

luo chenxi was taken aback.

before she could say anything, her phone was snatched away by the man behind her.

mu yichen took a glance at the screen. he frowned immediately when he saw the words 'chief sheng' displayed on the screen.

he raised the phone to his ear and lifted his thin lips slightly. “ sheng yu, it's hard on you to call me so late at night. it's so pitiful that a single dog can only worry about work at night. ” my wife and i are going to rest, please excuse us.”

“mu yichen, what are you doing? give me back my phone!”

it was only then that luo chenxi reacted to the situation. she turned around and stood on her tiptoes in an attempt to snatch her phone back.

however, mu yichen hung up the phone immediately after he finished speaking to sheng yu. he even tossed the phone on the sofa casually.

“mu yichen, you ... how can you be so overbearing! i’m making a call!” luo chenxi glared at him.

mu yichen stretched out his arm and took the opportunity to pull the petite woman who took the initiative to lean toward him because she had snatched the phone away into his arms.

her actions were gentle, but she snorted coldly, “ i’m really sorry. i came back at the wrong time. i’ve disturbed your call with sheng yu. ”

luo chenxi blinked her eyes. “ mu yichen, do you smell ... a strong sour smell? ” did our family knock over the bottle of vinegar?”

a wisp of embarrassment flashed past mu yichen’s face. he gritted his teeth and glared at the petite woman in his arms.

“stupid woman, who are you saying is jealous? aren’t you the one who’s jealous? who was the one who commented on my weibo today, saying that i’m already married and that other women have no chance?”

on the other hand, luo chenxi did not feel embarrassed at all. on the contrary, she puffed out her chest and said in a self-righteous manner, “ i’m telling the truth, i’m not wrong! you’re already my husband, what national husband? hurry up and let someone else be it!”

after she finished speaking, she remembered the comments from mu yiling and the others. she asked curiously, “ by the way, did you see the screenshot i sent you? how dare they laugh at me, you have to help me teach them a lesson ...”

before she could finish her sentence, she suddenly felt the ground beneath her feet empty. someone had lifted her up.

mu yichen’s hot breath brushed against her ear.

“compared to teaching them a lesson, i want to teach you a lesson more ... you actually told sheng yu that you’d consider it! what would you consider? would she consider dating him? hmm?”

luo chenxi’s heart skipped a beat.

we’re finished, we’re finished!

‘when did mu yichen come over? he even heard what i said?’

what else did he hear?

luo chenxi grabbed the front of his shirt and smiled sweetly. “ ahem, my dear, you ... you’ve misunderstood. i said i would consider it ... because of work! chief sheng has arranged a new job for me. i said that i had to stay at home with my husband, so i could only think about it and didn’t agree to it immediately.”

“is that so?” mu yichen raised his eyebrows.

even though his tone sounded doubtful, his grip on luo chenxi’s waist weakened subconsciously.

as soon as luo chenxi realized that she had a chance, she immediately leaned forward and kissed him on the cheek.

” of course. i told chief sheng that i have a husband now, and i have to put my family first. i can’t ignore my family. ”

“you’re smart!”

upon hearing that, mu yichen’s lips could not help curling up.

however, her tone was still full of pride.

luo chenxi knew that the crisis had been averted. she gave herself thirty-two likes in her heart!

she was really too smart, wasn’t she?

however, before she could even heave a sigh of relief, mu yichen lifted her up again ...
