

Sweetheart 961

Chapter 961: the legendary 'marriage partner'

moreover, he carried her and walked out of the door.

luo chenxi's expression changed at once. " mu yichen, you ... what are you doing?! " didn't i already explain it clearly just now?"

mu yichen lowered his head and took a glance at her, but he did not stop walking at all.

"yes, that's right. what you said just now was very good. in the future, if sheng yu looks for you again, you can continue to say that! in view of your good performance this time, as your husband, i have to reward you well. i know you love me the most and you're not interested in anything else, so i can only sacrifice myself to satisfy you ..."

mu yichen was expressionless as he spoke unwillingly.

luo chenxi stomped her feet in an attempt to kick him, but mu yichen was holding her knee so that she could not hit him no matter how hard she tried.

luo chenxi was exasperated. 'mu yichen, let go of me! i don't need you to sacrifice yourself, and i don't need your reward!"

"how can we do that? i'm a model husband. i can't let my wife suffer. besides, if a woman says she doesn't want it, then she does ..."

"want your head!"

boxn ov el. c o m

" that's right, i want my head. stupid woman, you've been exposed ... "

"!!!"

the door to the master bedroom closed, and the poor little white rabbit was once again thrown onto the bed by the drooling big bad wolf ...

.....

it was a busy night.

the next day, luo chenxi woke up a little late again.

the bed sheets by her side were already cold, which meant that mu yichen had been up for a long time.

"it's not fair, it's too unfair! it was obvious that mu yichen was the one who put in more effort in this matter, so why was his physical strength so good? you can even get up early every morning?"

luo chenxi grumbled to herself. she supported her aching waist and got off the bed before heading to the bathroom to wash up.

just as she finished brushing her teeth, someone knocked on her bedroom door.

luo chenxi opened the door to see a female servant at the door. the tray in the female servant's hands was filled with a sumptuous breakfast.

"young mistress, you're finally awake. the young master had specially instructed me to bring the breakfast up and check if you were awake. he said that if you wake up, please have breakfast before going downstairs. there are two distinguished guests downstairs and they may need you to meet them."

luo chenxi was rather surprised. " what? a guest? where did this guest come from?"

with the mu family's status in china, very few people were qualified to visit them.

those who could come to the mu family's villa were almost all close friends of the mu family. for example, second young master bai was very casual when he came to visit.

however, it was different this time. mu yichen had made it clear that he was an honored guest and had even specially asked her to come out and meet him ...

"young madam, eldest young master said that he's an important guest from the president's house ..."
the maid said.

luo chenxi came to a sudden realization.

so it was someone from the presidential palace. no wonder ...

the fu family and the mu family had been allies for many years, and their relationship was very close.

luo chenxi suddenly recalled the news she read some time ago.

a reporter had snapped a photo of mu yichen and the fu family's young miss appearing at the mu group's entrance together. the reporter even speculated that the mu and fu families might be going through a marriage alliance.

even though she had already registered her marriage with mu yichen and made their relationship public, so the unruly rumors and scandals had been dispelled on their own, luo chenxi still felt a little uncomfortable when she recalled the media's description of mu yichen and the fu family's young lady as a match of equal social status and a perfect match.

"could it be the legendary 'marriage partner'?"

luo chenxi mumbled. she was completely unaware of the strong sense of jealousy in her words.

Chapter 962: a man as cold and indifferent as mu yichen could actually turn into a casanova

luo chenxi felt a sense of crisis. she casually took two bites of her breakfast and stopped eating.

she turned around and went to the cloakroom. she deliberately chose a generous and elegant white dress. after dressing up, she prepared to go downstairs.

.....

at the same time, in the living room on the first floor of the villa.

mu yichen leaned back on the sofa in a relaxed manner.

a man and a woman were sitting opposite them. they were the president's young master, fu linchen, and his cousin, fu jiatong.

the two of them stayed in T city for two weeks, but they did not find out anything about fu linchen's younger sister. instead, they saw the overwhelming news about mu yichen's marriage on the internet.

with the friendship between the two families, it was reasonable to congratulate him in person.

therefore, fu linchen had brought his cousin to the house early in the morning.

boxn ov el. c o m

" yichen, i can't believe that you were still single when we first met. it's only been a short while, and you're already married. "

when fu linchen said this, there was a slight trace of regret in his tone.

a few days ago, he was still mulling over the marriage between the two families. he was even thinking of creating some opportunities for fu jiatong to get close to mu yichen so that the marriage would be successful.

who would have known that mu yichen would get married at lightning speed before he could even do anything?

this time, the marriage plan could only be aborted.

the only thing worth rejoicing over was that the wife mu yichen married did not have any background, and she was not the daughter of the fu family's enemy. this did not affect the alliance between the two families much, so it was still acceptable.

mu yichen was well aware of fu linchen's position.

he raised his eyebrows slightly. " young master fu, you're too polite. you even came to congratulate me. " my wife and i wanted to deal with it in a low-key manner, but we didn't expect that it would be known to everyone. "

fu linchen smiled and asked, " "young master mu, you're the nation's husband. how many women are heartbroken that you're married? it's definitely big news in china, and you still want to keep a low profile? how was that possible? however, i'm very curious about the woman who can move you. what does she look like? why didn't his sister-in-law come out? are you not at home today? "

the corners of mu yichen's lips curled up.

thinking of the little white rabbit that he had eaten several times last night for various reasons, his eyes instantly softened.

“she’s been ... a little tired these past two days, so i let her rest a little more. how about this, i’ll go upstairs and call her. please wait here for a moment. by the way, my parents have heard that you’ve come and are on their way back. please stay for dinner before you leave.”

mu yichen got up and went to the second floor after he finished speaking.

as soon as he left, fu linchen was deep in thought.

“i didn’t expect mu yichen to value his wife so much. it’s just like the rumors. it seems that we have to consider building a good relationship with this newly promoted mrs. mu.”

he did not expect such a cold and aloof man like mu yichen to turn into a casanova.

but now, the truth was right in front of him, and he had no choice but to believe it.

fu linchen was a very practical person. since the marriage was no longer possible, he was ready to change his way of thinking.

fu linchen had just finished speaking when fu jiatong’s cold snort came from beside him.

“brother ben, you ... you’re giving up on the marriage just like that? he even wanted to please that so-called mrs. mu? the way i see it, the two of them don’t match in social status. it’s just that big brother mu is interested in them for the time being, it’s impossible for them to last long!”

Chapter 963: the president’s heir

hearing this, fu linchen’s expression changed.

he turned his head and looked left and right. after confirming that there was no one else around, he heaved a sigh of relief.

she frowned and glared at her cousin. “ jiatong, is this something you should say? she didn’t look like the president’s daughter at all. what would the mu family think if they heard this? this will definitely affect the relationship between the two families!”

fu jiatong also realized that she had overreacted just now.

she pursed her lips and shut her mouth.

however, after a while, she couldn’t help but say, “ brother yang, i ... i didn’t say anything wrong. with young master mu’s family background, looks, and figure, he could totally match up to a better partner. no matter what, he was better than that woman surnamed lu. besides, that woman even came up with something like a substitute marriage!”

“although she said that she was forced to do so, who knows if she’s telling the truth? i think it’s most likely because the mu family is rich and powerful, and has long had the idea of marrying into a rich family. i wonder what’s wrong with big brother mu? to think that i’d be fooled by a woman like this ...”

fu linchen heard that her words were getting more and more outrageous, so he sternly stopped her. “ that’s enough, jiatong, stop talking! ”

in fact, when fu linchen heard that mu yichen had suddenly gotten married to a woman from a small family who had popped out of nowhere, his first reaction was that mu yichen was too irrational and had been deceived by a woman who was very cunning.

boxnovel.com

however, he would never say such words out loud.

the fu family was in urgent need of the mu family's support now. they had wanted a marriage alliance to ensure that the mu family would stand on their side.

now that the marriage was no longer a success, she was still pointing fingers at mu yichen's wife. was she not offending people?

although fu linchen was young, he was already a very shrewd politician. he had a place in the political scene and everyone agreed that he would be the heir to the president.

he would never make such a low-level mistake.

however, fu jiatong's vision was not as far as her cousin's.

hearing fu linchen's stern tone, she felt even more indignant.

"brother ben, why don't you allow me to tell you? 'you were the one who told me that you wanted to form a marriage alliance with the mu family last time. you even asked me about my feelings toward mu yichen. at that time, we released a statement on the internet, hinting at the marriage between the two families. big brother mu didn't come out to deny it, so it's obvious that he has already approved of the marriage."

"now, he went back on his word at the last minute. not only did he not admit to the marriage, but he also got married in a flash and found such a low-class woman! what would others think?"

"big brother chen, you don't surf the internet often, so you don't know that there's already gossip circulating online. they're saying that the fu family is forcing their daughter to marry mu yichen, but big brother mu would rather find a woman without any background than me, the top socialite!"

the more fu jiatong thought about it, the angrier she got, and she couldn't calm down.

initially, she was already unhappy enough when she saw the news on the internet.

when she arrived at the mu residence and saw mu yichen's handsome face that was even more perfect than she remembered, the level of annoyance in her heart increased exponentially.

some time ago, she had already repeatedly imagined the glorious scene after she became the nation's husband.

at that time, those daughters from wealthy families who were not convinced by her "top socialite" would definitely be extremely envious and jealous.

she had even secretly revealed her intentions, hinting to others that the marriage between the fu and mu families was about to succeed.

Chapter 964: unable to hide the surprise in her eyes

but now?

mu yichen's announcement of their marriage was a huge blow to her.

in the past few days, those socialites who were friendly with her on the surface but secretly compared themselves with her had all sent her messages.

she was intentionally mocking her.

this made fu jiatong more and more unhappy.

if mu yichen had married a princess from a foreign country or the female heir of some other elite family, she could still accept it reluctantly.

yet, she had lost to a woman like luo chenxi who had nothing but her looks!

fu linchen listened to fu jiatong's complaints and frowned.

he was usually focused on work and rarely came into contact with women, so he couldn't react in the beginning.

boxn ov el. c o m

now that fu jiatong had put it this way, he finally realized fu jiatong's true intentions.

"jiatong, what do you mean? 'could it be that you're really ... toward young master mu? alright, i know that mu yichen is indeed very charming. he's a very good candidate for a husband.' if he's not married and you want to be with him, i'll definitely support you with all my might. but he already has a wife now!"

fu jiatong didn't listen to him at all. "brother ben," she said unwillingly, "it's not like you didn't see it." with luo chenxi's background ... what right did she have to be the mu family's young mistress? when brother mu's novelty wore off, he would definitely regret marrying her! by then, he'll understand that marriage is a matter between the two families. if he wants to marry a wife, he has to be useful to the family."

fu linchen's face darkened.

"jiatong, stop talking! there's definitely no hope for a marriage alliance, so you'd better not let your imagination run wild. didn't you see that at the press conference yesterday, even the mu family's head and madam mu stood out to support their daughter-in-law? we're here to congratulate you today. you're not allowed to make trouble for me, do you hear me? otherwise, i'll immediately send you back to the capital!"

"i ... but ..."

fu jiatong wanted to say something more.

however, seeing fu linchen's cold eyes, it seemed that he was really angry, so she could only hold it in.

she had always been a little afraid of this cold and serious eldest cousin brother.

” okay, brother che. i will watch my words and actions. i will not embarrass the presidential palace. ”

fu linchen’s expression softened a little.

just as he was about to say something, he heard footsteps coming from the stairs.

then, a handsome couple appeared at the stairs.

luo chenxi had dressed up on purpose earlier. she was dressed in a white dress from the latest season of the sl series. it was paired with a black belt with a diamond buckle. she looked simple yet elegant.

with only light makeup on her delicate and pure little face, she looked very graceful and decent. there were no dead angles at all.

not to mention, her slender and tall figure had perfect proportions, no less inferior than the supermodels on the t-stage.

fu linchen and fu jiatong were stunned when they saw luo chenxi. they could not hide the surprise in their eyes.

they did not expect luo chenxi to be so outstanding when they met her in person. she was almost perfect in both her looks and temperament.

even though they had watched the video of the press conference the day before, luo chenxi was still dressed in a simple white shirt and jeans in the video. her hair was simply clipped to the back of her head with a clip.

her outfit was simply too ordinary and homely.

even though he did not appear to be cheap due to luo chenxi’s good looks, he was still a handsome man.

however, she gave people the feeling that she was just an ordinary and pure female student. there was a huge difference between her and the nation’s husband standing next to her.

Chapter 965: this is simply the most cliché and melodramatic way of hitting on people!

it was only until today when they saw luo chenxi in person that they realized the grave mistake they had made.

luo chenxi stood by mu yichen’s side. not only did she not appear to be inferior in any way, but she was also exuding a unique charm from head to toe.

the two of them really looked like a perfect match.

anyone who saw them would praise them for being a perfect match.

mu yichen placed his large hand on luo chenxi’s slim waist. he held her tightly in a possessive manner as they walked toward the fu siblings.

fu linchen stood up immediately, a smile on his handsome face.

“this should be mrs. mu. i’ve always been curious about the woman who’s able to conquer mu yichen who has his eyes on the top of his head. it’s just as i expected.”

he extended his hand to luo chenxi. ” i’m fu linchen. nice to meet you, mrs. mu. ”

luo chenxi blinked her eyes in surprise.

boxn ov el. c o m

she had thought that the people in the presidential palace would have a bad impression of her for ruining the marriage between the two families.

she did not expect fu linchen to be so friendly to her.

moreover, even though there was not much of a smile on fu linchen’s face, luo chenxi felt a different kind of intimacy toward him. she could not help but have a better impression of him.

she also reached out her hand. ” young master fu, i’ve heard a lot about you. ”

the two of them shook hands.

while luo chenxi was looking at fu linchen, he was also observing her.

he had no idea why, but he felt that luo chenxi’s appearance looked a little familiar. he could not help but take a few more glances at her.

he was still lost in his thoughts when he shook hands with luo chenxi. that was why he held her hand for a few more seconds.

mu yichen’s face immediately darkened as he watched the two of them from the side.

he didn’t care that the person in front of him was the president’s young master. he reached out and grabbed his woman’s wrist, pulling her hand back.

“alright, we’ve already shook hands, so we’re considered acquaintances.”

the two of them did not expect mu yichen to do that. they were stunned for a moment.

soon after, luo chenxi’s petite face stiffened. ” mu yichen, what are you doing? ”

it was just a handshake that lasted for two seconds. it could only be said that young master fu was too enthusiastic. look at this man’s petty face!

mu yichen scoffed coldly. he did not feel that he had done anything wrong at all.

if it weren’t for the fact that the fu family had been friends for generations, he wouldn’t have let fu linchen touch his little woman.

it was already good enough that they could shake hands, but that fu guy was still holding his wife’s hand and not letting go?

fu linchen didn’t mind and just smiled. ” i’m sorry, i was rude. ” it’s just that after i saw mrs. mu, i suddenly felt that she looked a little familiar, as if we’ve met before ...”

mu yichen's face darkened on the spot when he heard that.

what did he mean by 'seemed to have seen it'?

this was simply the most cliché and melodramatic way of striking a conversation!

how dare fu linchen talk to his wife like that in front of him?

furthermore, he had held the little woman's hand for such a long time just now! (total of three seconds)

luo chenxi was stunned for a moment too, but she immediately smiled. "it's my honor. however, i'm very sure that i've never seen you before. if i've seen the president's son before, i would definitely remember him."

fu linchen looked regretful. "i think so too. if i've seen such a beauty like mrs. mu before, i wouldn't have forgotten her ..."

"young master fu, i didn't expect you to have such a bad memory at such a young age." mu yichen scoffed coldly and interrupted them.

Chapter 966: isn't mu yichen, this big pig trotter, too good at attracting bees and butterflies?

at that very moment, he regretted letting luo chenxi come out to meet fu linchen.

it was said that the young master of the fu family rarely had scandals and was a rare gentleman in politics. today, it was true!

he had actually stared at someone else's wife for so long!

fu linchen raised his eyebrows when he heard mu yichen's words.

even though he had already guessed that mu yichen and his wife had a very good relationship, he did not expect that eldest young master mu's possessiveness would be so strong.

however, he didn't say anything. he just smiled and changed the topic.

"oh right, mrs. mu, this is my cousin fu jiatong. she just graduated this year and studied fashion design like you. maybe you'll get along well."

fu linchen said as he moved to the side.

he had already given up on the idea of a marriage alliance, but he still brought fu jiatong along because he felt that she was about the same age as luo chenxi and had the same profession as her. there was hope for them to become friends.

boxn ov el. c o m

it was just that he had never expected fu jiatong to be so repulsed by mu yichen's wife.

after fu linchen finished his introduction, fu jiatong was still standing in the same place, not moving.

luo chenxi took the initiative to walk over and extended her hand toward her. "miss fu, nice to meet you."

it was only then that fu jiatong reached out her hand unwillingly and touched it with luo chenxi's. she quickly retracted her hand.

"yes, hello, miss luo."

luo chenxi's attention was originally on fu linchen, so she did not pay much attention to fu jiatong. she had only greeted fu jiatong out of courtesy.

however, when she heard the words "miss luo", she was slightly stunned, and her eyes fell on fu jiatong again.

fu jiatong was also staring at her.

luo chenxi came to a realization the moment their eyes met.

he could not help but curse in his heart, 'isn't mu yichen, this big pig trotter, too good at attracting bees and butterflies? this ... had brought her another rival in love?

at the thought of this, she could not help but stretch out her hand. she pinched mu yichen's lower back hard under the cover of his clothes.

mu yichen winced in pain. he looked at the petite woman by his side with a frown.

in the end, luo chenxi glared at her without holding back.

just as mu yichen was feeling utterly confused and did not understand what was going on, luo chenxi suddenly leaned toward him and wrapped her arm around his. she pulled him along and sat down on the sofa.

"young master fu, miss fu, you should sit down too! just treat it as your own home, don't be polite! by the way, have some fruits. the fruits in our house are specially delivered by the mu family's farm. they're freshly picked and delivered every morning. they're fresh and sweet."

luo chenxi greeted the guests enthusiastically with a generous and decent smile on her face as if she was the hostess.

fu linchen nodded with a smile and took a piece of lotus mist to eat.

fu jiatong also picked up a bunch of grapes, but after eating one, she frowned and spat it out. "these grapes are so sour! why is it so sour?"

luo chenxi squinted her eyes. she knew that fu jiatong was picking a fight on purpose.

she had just bragged about how delicious her grapes were, and fu jiatong had jumped out to say that they were sour-she was trying to slap her in the face!

she turned around and saw fu jiatong's challenging gaze.

the corners of luo chenxi's lips curled up. she did not respond to her but leaned against the man beside her. at the same time, she stretched out her hand and tugged at his sleeve.

“honey ...”

mu yichen was talking to fu linchen about the political scene earlier, but when he heard the little woman’s soft and sweet voice, he immediately turned to look at her.

“what’s wrong?”

“miss fu said that our grapes are too sour and that shouldn’t be the case. peel one for me to try.”

Chapter 967: you’re jealous when you see the good stuff from other people’s houses?

mu yichen glanced at luo chenxi in suspicion.

he only had his wife in his eyes, and didn’t notice fu jiatong’s adoring eyes on him from time to time.

thus, he had no idea why luo chenxi would suddenly make such a request.

however, when he lowered his head and saw the petite woman’s big eyes blinking and her pleading expression, his heart moved and he immediately nodded.

he picked up a grape and peeled it carefully.

luo chenxi was sitting on the side with her hand on her cheek. she watched her husband’s slender fingers fiddling with the tiny grapes deftly.

even though it was just a daily action, it still looked so elegant and calm in the hands of this man.

soon, the crystal clear fruit was picked out.

“let’s eat,” mu yichen brought the fruit to her mouth.

boxn ov el. c o m

luo chenxi opened her mouth and swallowed it in one gulp.

she pursed her lips and carefully tried to distinguish the taste in her mouth. she then glanced at fu jiatong and said with a confused face, “that’s strange. the one i’m eating is quite sweet. why did miss fu eat so sourly? could it be that your taste is different? you’re jealous when you see the good stuff from other people’s houses?”

“you ...!”

fu jiatong was so angry that she almost stood up from her seat.

there was no way she could not tell that luo chenxi was actually mocking her for being jealous and feeling jealous when she saw other people living a happy life.

he did not expect luo chenxi, who came from a humble family, to be so eloquent!

moreover, she even made young master mu peel grapes for her and feed her!

did this woman know what kind of identity young master mu had and how much power he held in his hands? not only did she not serve young master mu well, but she also ordered him to do this and that?

and young master mu ... would actually listen to her manipulation!

luo chenxi curled her lips in disdain when she saw her envious and jealous expression.

she continued to tug at mu yichen's sleeve. "hubby, i want more."

mu yichen furrowed his brows ever so slightly. his gaze swept past her pink and tender little face. he snorted coldly and said, "don't you know how to peel grapes? you're so lazy!"

however, even though he spoke arrogantly, his hands did not stop at all.

he picked up a bunch of grapes and started to peel them.

he even asked the maid to bring a small bowl over to put the fruit he had peeled.

luo chenxi was sitting by the side with a fork in her hand. she was focused on eating like a little hamster.

the fu siblings looked at the two of them in shock.

although fu linchen did not have dark thoughts like fu jiatong, he would never have thought that mu yichen would do such a thing for his wife, especially in front of an outsider!

in any case, if he were to marry a wife in the future, he would definitely not be able to do it.

on the other hand, mu yichen's expression did not change at all. he was still discussing something with fu linchen as he moved his hands.

even though luo chenxi could not join in the conversation, she was gradually attracted by the conversation as she listened.

these two young masters from the wealthy families knew too many secrets!

any one of them would make the headlines.

luo chenxi was engrossed in listening when she suddenly felt her chin heating up as someone lifted it up.

immediately after, the man's handsome face came close to her, and his perfectly shaped thin lips came over.

luo chenxi felt her lips being bitten gently. before she could react, mu yichen had already retreated once again with a piece of fruit in his mouth.

Chapter 968: invisible dog abuse is the most fatal!

luo chenxi looked at him in a daze. she felt that the piece of fruit looked rather familiar ...

wasn't that the piece that she had just eaten?

mu yichen had actually snatched her food from her mouth right in front of the fu siblings?

this, this, this ...

luo chenxi was stunned by his shamelessness at once!

although she had made up her mind to show off their love in front of fu jiatong and make her back off, she had never planned to do it to this extent.

she did not expect mu yichen to take the initiative to do so.

he definitely didn't do it on purpose because he knew what fu jiatong was thinking, but it was a natural action.

luo chenxi covered her mouth and glanced at fu linchen and fu jiatong who were sitting opposite her subconsciously.

boxn ov el. c o m

fu jiatong couldn't even maintain her elegant demeanour anymore, and her face was twisted with jealousy as she glared at her.

luo chenxi glared back at him with a smile.

as the saying goes, invisible dog abuse is the most fatal!

her husband was really awesome ...

however, it would be boring to show off their love too much.

luo chenxi was prepared to find an excuse to leave when she realized that she had achieved her objective.

however, before she could speak, the door of the villa suddenly opened. the mu family's two elders and the little dumpling walked in.

they had brought the little dumpling out for a walk. they rushed back in a hurry after receiving mu yichen's call.

as soon as he entered the door, mu yunfeng walked over with a smile.

"lin chen, why did you suddenly come to our house? if you didn't give us a call in advance, your aunt and i wouldn't have gone out! the last time i saw you, you just came back from studying in the United States. in the blink of an eye, a few years have passed. you've really changed!"

fu linchen quickly stood up from his seat and nodded at the two elders.

"hello, uncle mu, aunt mu! you don't have to be so polite. i didn't inform you in advance because i didn't want to trouble you. i was planning to leave after giving you a congratulatory gift ..."

"how can that be? if your father finds out about this, he'll blame us for not treating you well." tan yueru immediately interrupted him, " don't say anything. since you're in our house, you have to have dinner before you leave! "

fu linchen couldn't resist her enthusiasm and could only touch his nose. " alright, then my sister and i will be thick-skinned and stay for the meal. "

"haha, lin chen, you've been like this since you were young. you're too polite. this won't do!" mu yunfeng patted his shoulder and smiled.

tan yueru then noticed the girl behind fu linchen and asked, "lin chen, who is this person beside you ..."
hearing this, fu linchen quickly pushed fu jiatong out.

"aunt mu, this is my cousin, fu jiatong. jiatong just came back from studying abroad, so you probably haven't seen her before."

when fu jiatong saw the two elders of the mu family, she no longer acted coy like she did when she was with luo chenxi earlier.

she immediately walked over with a smile on her face and greeted the two elders, "uncle mu, aunt mu."
"

tan yueru suddenly recalled that fu linchen's cousin was the one who had a scandal with mu yichen.

he couldn't help but take another look at her.

however, fu jiatong was still very good at acting in front of the elders, and she didn't show any abnormalities.

just then, the little dumpling in tan yueru's arms became a little impatient and wanted to get down with her short legs.

tan yueru quickly hugged her. "tang tang, say hello to uncle and aunt fu first."

Chapter 969: this uncle is a little like big sister, i like him!

the little dumpling wrapped her arms around her grandmother's neck and turned her head.

her gaze fell on fu linchen's face, and the little dumpling's big eyes suddenly lit up. a sweet smile appeared on her little face. "hello, uncle!"

this uncle is so good-looking!

and she even looked a little like her big sister. i like her!

as the little dumpling spoke, he leaned toward fu linchen and gave him a kiss on the cheek.

fu linchen was flattered. "is this tang tang?" she's really so obedient and cute!"

the last time fu linchen saw xiao tuanzi was on her first birthday.

at that time, the little furball was small and timid. if the noise outside was slightly louder, she would be so scared that she would tremble.

she was completely different from the little angel who was now soft, cute, and unafraid of strangers.

boxnovel.com

she didn't expect that the little dumpling would become so cute in just two years.

luo chenxi was also shocked by the little dumpling's reaction.

usually, xiao tuanzi only liked beautiful and kind aunties, such as fang ziqian, for her to kiss.

if it was an uncle, no matter how good-looking he was, the little dumpling would not take the initiative to kiss him.

she didn't expect that she would be so friendly to fu linchen this time!

mu yichen's group of childhood friends had the title of little dumpling's godfather. they had always doted on her, but they did not receive such treatment!

after the little dumpling finished kissing fu linchen, he felt that he had completed his task and kicked his short legs again.

" grandma, tang tang wants to go down. she wants to find big sister! "

tan yueru stopped her and said, "wait, there's still aunt fu!" tang tang, be good and say hello to auntie fu."

the little dumpling pouted and unhappily turned her head again, looking in fu jiatong's direction.

seeing this, fu jiatong immediately walked up to her with a big smile on her face.

" tang tang, hello. i'm your aunt fu. "

the little dumpling glanced at her and pouted without saying a word.

although this auntie was with the good-looking uncle, she still felt that this auntie was very ugly and had a fierce look on her face!

i don't like it!

seeing that the little dumpling didn't speak, tan yueru felt a little strange and urged, " "tang tang, call me auntie?"

the little dumpling mumbled unwillingly, " "auntie fu."

fu jiatong did not notice anything wrong with the little dumpling. she only thought that mu yichen's daughter was really beautiful.

she showed her most kind smile. " tang tang is so good! "

as fu jiatong spoke, she walked closer and stopped not far away from the little dumpling.

when she saw the little dumpling kissing fu linchen, fu jiatong had the wrong impression that the little dumpling's greeting routine was a kiss.

so, she deliberately turned her face to the side and leaned her face closer.

whoever knew that after the little dumpling called out to her, she turned her head and ignored her.

fu jiatong couldn't react in time, and she stood frozen on the spot for more than ten seconds before she realized that something was wrong.

the little dumpling didn't kiss her, but she still moved her face closer, as if she was sending her face over for someone to hit. this posture was really stupid!

the situation suddenly became extremely awkward.

fortunately, tan yueru had seen all kinds of situations and reacted quickly.

she coughed and said, " miss fu, please sit down for a while. it's tang tang's time to take a nap. she's tired, so she's always making a fuss. "

" oh, i see ... since tang tang is sleepy, let her take an afternoon nap. did we disturb her? "

fu jiatong finally found a way out.

Chapter 970: the rumors on the internet were actually true!

the little dumpling wanted to sleep, so she forgot to kiss her. of course, she couldn't be calculative with a child.

"that's right!"

fu jiatong took out a rabbit-shaped jade pendant from her small bag and handed it to the little dumpling.

" tang tang, this is auntie's gift for you. isn't it beautiful? "

she had come prepared this time.

she knew that mu yichen had a three-and-a-half-year-old daughter whose zodiac sign was a rabbit, so she spent a large sum of money to buy this jade pendant with a good source of water. she wanted to use this to please the little dumpling.

fu jiatong reached out, wanting to put the pendant on the little dumpling herself.

whoever knew that before he could touch her, the little dumpling suddenly turned around and waved his chubby little hand outward, smacking her hand away.

the jade pendant in fu jiatong's hand almost flew out.

even tan yueru was stunned. " tang tang, what's wrong with you? be polite and don't hit auntie."

their little dumpling had always been well-behaved and well-mannered. other than being rude to those who bullied luo chenxi, she was also very polite to the chauffeurs and maids at home.

why was he so rude to fu jiatong today?

the little dumpling pouted and struggled in tan yueru's arms. " tang tang wants a big sister! "

this stinky auntie was so talkative. she didn't want her to look for big sister. she was really too bad!

luo chenxi almost laughed out loud as she watched from the side.

it was only then that she got up and walked toward tan yueru, reaching out her hand to the little dumpling.

“tang tang, come, let big sister give you a hug.”

before she could finish her sentence, the little dumpling had already pounced into her arms.

tan yueru immediately heaved a sigh of relief and looked relieved. “ tang tang is all grown up now. i can’t control her anymore. she’s only obedient when she’s with you. ” i’ll be at ease if i leave it to you.”

the little furball pounced into the arms of the big sister and immediately kissed her face a few times.

” big sister, i miss you so much. did you miss me? ”

“i’ve been thinking about it, i’ve been thinking about it.” luo chenxi nodded continuously.

the little dumpling was elated. she hugged her neck and snuggled into her arms like a doll.

he didn’t look like he was willful and noisy just now at all.

fu jiatong managed to save the jade pendant with great difficulty. she turned around and saw the scene of the little dumpling kissing luo chenxi. she was so angry that she almost threw the pendant away again!

the rumors on the internet were true!

luo chenxi, this good-for-nothing woman, was actually so brilliant that she managed to get the mu family’s little princess under control!

seeing how close the little dumpling was to her, no one would doubt that they were biological mother and daughter.

fu jiatong wanted to please the little dumpling, but she couldn’t even give him a gift. her face suddenly became extremely stiff.

on the other hand, luo chenxi did not even spare her a glance. she carried the little dumpling and headed straight to the children’s room.

even though mu yichen was receiving the guests downstairs alone, she was not worried at all.

her husband wasn’t someone who could be easily seduced by a few flirtatious words!

luo chenxi coaxed the little dumpling into taking an afternoon nap and played with her for the entire afternoon.

soon, it was time for dinner.

when luo chenxi brought the little dumpling downstairs, she saw that mu yiling had already arrived. he was sitting on the sofa in the living room and chatting with fu linchen.

tan yueru looked up at the clock on the wall and frowned. “ why isn’t wei wei back yet? ”
