Chapter 3344: Facing the Enemy Together

“Hahaha, Heaven Fighting, Jade Heaven, what else are you capable of that can stop me?”

The Blood Slaughter Ruler’s confidence immediately swelled from how he repelled Jade Heaven and Heaven Fighting with a single attack. He laughed madly.

Shortly afterwards, he ignored Heaven Fighting and Jade Heaven. His sword erupted with light as he slashed out. A great wave of energy turned into a colossal strand of sword Qi that shot towards Jian Chen with lightning speed.

Jian Chen’s gaze was sharp. He was calm and composed. With a thought, the space there immediately rippled. The Blood Slaughter Ruler’s strand of sword Qi shot towards Jian Chen, but it seemed to be sliced at by the endless spatial power, such that its energy rapidly depleted.

At the same time, the distance between them seemed to be lengthened indefinitely, such that the sword Qi moved more and more slowly as it shot towards Jian Chen.

By the time the sword Qi reached Jian Chen, only sixty percent of its original power remained.

In the end, Jian Chen wielded his finger like a sword and the Laws of the Sword descended, slashing down with a strand of sword Qi he had condensed out of thin air.

Boom!

The two strands of sword Qi collided and erupted with a rumble. The sword Qi condensed on Jian Chen’s finger was obliterated, sending residual sword Qi flying everywhere and leaving behind great craters on the ground.

His figure was launched backwards through space too. His right sleeve was reduced to tatters, exposing his arm that was already covered in thin wounds. Blood flowed out.

Even a strike that only possessed sixty percent of its original strength was rather difficult for Jian Chen to receive directly.

“Jian Chen, you’re going nowhere today!” the Blood Slaughter Ruler bellowed out furiously. Energy surged from his body as he arrived before Jian Chen with a flash, slashing out as hard as he could.

Jian Chen was completely unfazed, not showing any fear. Despite losing the upper hand, he maintained his composure.

He used the Laws of Space to disturb the Blood Slaughter Ruler before bringing out his second strand of Profound Sword Qi.

Immediately, a powerful sword intent obliterated all the clouds in the sky.

“He actually has more!”

The Heaven Fighting Ruler and the Jade Heaven Ruler were alarmed at the same time. Their expressions changed rapidly as they stared straight at the Profound Sword Qi over Jian Chen’s head in disbelief.

The Blood Slaughter Ruler's expression changed drastically subconsciously. A sense of danger loomed over his heart, and he almost retreated instinctively.

However, he soon returned to his senses and the eight ancestral imprints immediately appeared.

Swish!

Suddenly, the Profound Sword Qi shot out with unbelievable speed, but it was blocked by the eight ancestral imprints over the Blood Slaughter Ruler.

The ancestral imprints emitted a hazy screen around the Blood Slaughter Ruler. The all-conquering Profound Sword Qi that Jian Chen viewed as a trump card was actually ineffective before the eight ancestral imprints.

The light from the ancestral imprints directly stopped the Profound Sword Qi. In the end, the Profound Sword Qi that was even immune to high quality god artifacts was actually powerless over this thin screen of light.

However, after blocking the Profound Sword Qi, the ancestral imprints visibly dimmed too.

Jian Chen's eyes narrowed slightly. He stared straight at the Blood Slaughter Ruler's ancestral imprints and thought, "The ancestral imprints contain a shred of mental energy. This mental energy can block the Profound Sword Qi. Unless my Profound Sword Qi completely destroys this mental energy, it can't threaten the Blood Slaughter Ruler at all."

After understanding that, Jian Chen frowned heavily. The ancestral imprints were only condensed from the presence of the sovereign god artifact, but it still was an undamaged sovereign god artifact. Even a single wisp of its presence could not be underestimated. It was truly indestructible to Chaotic Primes, very difficult to even damage.

After all, it was a product at the level of sovereigns. Anything that had to do with sovereigns would be more complicated than it seemed.

"I need four or even five strands of Profound Sword Qi at the same time if I want to instantly destroy the mental energy in the ancestral imprints." Jian Chen's eyes shone. Through the ancestral imprints, he seemed to discover a new function of the sovereign god artifact.

This new function was blocking soul attacks.

Even the imprints condensed from the sovereign god artifact's presence possessed such defence against soul attacks, so let alone the sovereign god artifact itself.

"Hahahaha, Jian Chen, even if you have more trump cards, they're useless against me." The Blood Slaughter Ruler laughed madly. He had completely stopped worrying now that the ancestral imprints had blocked the Profound Sword Qi twice.

Afterwards, he flew quickly towards Jian Chen and slashed out again and again. Powerful energy rocked the world, making the space shake and producing even more cracks.

The Blood Slaughter Ruler knew he was not as fast as Jian Chen with his Laws of Space, so when he launched his attacks, he intentionally allowed his energy to seep out, aiming to forcefully stir up the space there in an attempt to interfere with Jian Chen's Laws of Space.

However, Jian Chen had not achieved his Laws of Space simply through comprehension. Instead, he had merged with the beast soul of a Spatial Insect Emperor. He had gained it through stripping the Spatial Insect Emperor's powers.

That was exactly why Jian Chen's accomplishments with the Laws of Space seemed like it had come naturally to him. Both his usage and control completely surpassed experts who simply comprehended the laws.

Moreover, at his prime, just his comprehension of the Laws of Space alone had surpassed the Blood Slaughter Ruler's current cultivation. Even though his strength was now impeded, his usage and control over the Laws of Space was still beyond anything that a Third Heavenly Layer Chaotic Prime could match.

As a result, perhaps it would be somewhat effective to other experts when the Blood Slaughter Ruler tried to stir up space and interfere with the Laws of Space, but it was purely a waste of time with Jian Chen.

"How's this possible? I've already destroyed the space here to such a degree, yet Jian Chen's Laws of Space are completely unaffected?" Very soon, the Blood Slaughter Ruler noticed how useless his efforts were and was secretly surprised.

The Jade Heaven Ruler and the Heaven Fighting Ruler did not idle around either. Five ancestral imprints appeared over each of their heads as they faced the Blood Slaughter Ruler with their full strength.

However, the difference between them and the Blood Slaughter Ruler was far too great. The Jade Heaven Ruler was forced into a constant retreat.

The Heaven Fighting Ruler who was only a First Heavenly Chaotic Prime had already turned sheet-white by now with a trace of blood at the corner of his lips. He was already quite injured.

For a moment, even when Jian Chen worked with the two rulers, they struggled to achieve anything against the Blood Slaughter Ruler.

Realising the situation, Jian Chen frowned heavily. His face had darkened slightly. His strength had not recovered, so he could only rely on the Laws of Space for self-preservation right now. If he wanted to heavily injure the Blood Slaughter Ruler that possessed eight ancestral imprints and absolutely frightening regeneration, it would be an almost impossible feat.

"Jade Heaven, Heaven Fighting, prepare your God Tier Battle Skills and then unleash them at the same time on my signal." Jian Chen secretly communicated to the two rulers.

Heaven Fighting and Jade Heaven's eyes shone when they heard that. After a moment of hesitation, they immediately agreed.

“Do it!” Suddenly, Jian Chen bellowed out. As soon as he said that, a powerful pressure of the world descended and the Heaven Fighting Ruler and the Jade Heaven Ruler used their God Tier Battle Skills at the same time. The intense pressure immediately locked onto the Blood Slaughter Ruler.

A colossal column of green light appeared around the Heaven Fighting Ruler, while the figure of a sword took shape over the Jade Heaven Ruler’s head.

The two of them launched their God Tier Battle Skills at the Blood Slaughter Ruler at the same time.

It can be hard to make great work when its stolen from FreeWebNovel.Com.

“Hahahaha, do you think you can harm me with God Tier Battle Skills? I know God Tier Battle Skills too.” The Blood Slaughter Ruler laughed loudly. In the next moment, a third pressure of the world appeared. He also used a God Tier Battle Skill, and the figure of a colossal tree condensed over his head.

However, right when the Blood Slaughter Ruler unleashed his God Tier Battle Skill, Jian Chen used his ultimate will and condensed an invisible blade that instantly severed the Blood Slaughter Ruler’s connection with the battle skill.

Immediately, the Blood Slaughter Ruler’s God Tier Battle Skill deflated like a balloon. It lost all of its might, turning into a regular ball of energy.

The sudden occurrence made the Blood Slaughter Ruler widen his eyes. He was stunned.

“Shadowless Lifetaking Strike!”

At the same time, Jian Chen formed a sword with his fingers and slashed it at the Blood Slaughter Ruler from afar. The Laws of the Sword and the Laws of Space merged together, directly bypassing the Blood Slaughter Ruler’s defences. The powerful sword Qi directly erupted in his body. Spurt! Blood sprayed out from the Blood Slaughter Ruler’s mouth. His organs were torn to shreds by Jian Chen’s Shadowless Lifetaking Strike.

His eight ancestral imprints could block the Profound Sword Qi because it was a soul attack.

However, the Shadowless Lifetaking Strike did not target the soul, so his ancestral imprints were obviously useless.

Having sustained such heavy injuries while off-guard, the protective energy around the Blood Slaughter Ruler shook violently, close to directly collapsing. Even his presence declined as if he had lost half of his life at that moment.

The power of Jian Chen’s attack was simply too great. After all, he had been much stronger than right now in the past. Now that he used the Shadowless Lifetaking Strike against a mere Third Heavenly Layer Chaotic Prime, the damage was as clear as day.

If it were not for the fact that he had not recovered enough, the Shadowless Lifetaking Strike would have been enough to claim the life of a Third Heavenly Layer Chaotic Prime instantly!

Rumble!

At this moment, the terrifying pressure of the world neared. The Blood Slaughter Ruler had just been heavily injured by the Shadowless Lifetaking Strike. Before he could even return to his senses, the God Tier Battle Skills from the Heaven Fighting Ruler and the Jade Heaven Ruler followed closely, slamming against the Divine Armour of Heavenflight mercilessly.

The Divine Armour of Heavenflight was a high quality god artifact, so it obviously remained undamaged. However, the Blood Slaughter Ruler did not channel any energy into the armour, so none of its defences came into effect.

As a result, the Heaven Fighting Ruler and the Jade Heaven Ruler's God Tier Battle Skills seemed to land on the Divine Armour of Heavenflight, but all of their power passed through the armour as a great force, all ending up in the Blood Slaughter Ruler's body.

Immediately, the Blood Slaughter Ruler coughed up blood again and again. He was launched far away with a feeble presence, having sustained extremely heavy injuries.

On the surface, it seemed like he was protected by the Divine Armour of Heavenflight and remained unscathed, but in reality, his flesh covered by the Divine Armour of Heavenflight had been reduced to a pulp, while his body had completely shattered.

Under normal circumstances, the God Tier Battle Skills from Jade Heaven and Heaven Fighting would have never left the Blood Slaughter Ruler so injured.

However, his interior happened to be severely injured by the Shadowless Lifetaking Strike while he was unprepared, eliminating all of his countermeasures against Jade Heaven and Heaven Fighting, so he basically endured the two God Tier Battle Skills without any defences at all.

Obviously he would be severely injured from that.

The injuries were so severe that even the eight ancestral imprints could not keep up.

Chapter 3345: Desperate Flight

The Blood Slaughter Ruler's presence immediately became extremely feeble.

The Heaven Fighting Ruler and the Jade Heaven Ruler both blanked out in disbelief.

"W-what is this ability? It can actually prevent Blood Slaughter from using his God Tier Battle Skill?"

"Just our two God Tier Battle Skills alone definitely cannot leave the Blood Slaughter Ruler so heavily injured. He was suddenly heavily injured for some reason right when our God Tier Battle Skills were about to slam into the Blood Slaughter Ruler."

Neither the Jade Heaven Ruler nor the Heaven Fighting Ruler could remain calm as they watched the Blood Slaughter Ruler get launched far away with a feeble presence.

They subconsciously turned towards Jian Chen. At this moment, Jian Chen only became more mysterious in their eyes.

“This fellow Jian Chen really just produces countermeasures again and again. Has he obtained the legacy of some significant figure in the history of my race?” the Heaven Fighting Ruler thought. At that moment, he developed a deep sense of fear towards Jian Chen.

Jian Chen glanced at the Jade Heaven Ruler and Heaven Fighting Ruler and called out, “What are you waiting for? If you want to kill Blood Slaughter for good, attack him. The attack has heavily injured him, but he had eight ancestral imprints. Injuries like that are not enough to claim his life. If you give him any more time, he’ll return to his peak condition before long.”

“Yeah. As long as Blood Slaughter is alive, we won’t have it easy in the future. We definitely can’t let him catch his breath.”

The Heaven Fighting Ruler and the Jade Heaven Ruler jerked back to their senses. They no longer hesitated anymore, rushing towards the Blood Slaughter Ruler together. Their eyes shone coldly with killing intent.

However, Jian Chen moved even faster than them. As if he had teleported, he immediately crossed the distance and appeared before the Blood Slaughter Ruler, pressing down with his hand.

Immediately, the space around the Blood Slaughter Ruler collapsed. Countless spatial blades filled the region. They were extremely sharp and powerful, layering over the Blood Slaughter Ruler.

At a time like this, the Divine Armour of Heavenflight on the Blood Slaughter Ruler came into effect. It prevented him from being carved to pieces by the spatial blades due to its toughness.

However, that was all it could do without the supply of energy. When the spatial blades made contact with the Divine Armour of Heavenflight, the powerful force behind the spatial blades directly passed through the armour, impacting his body.

Immediately, the Blood Slaughter Ruler suffered heavy injuries once again, coughing up blood uncontrollably.

Shortly afterwards, the Heaven Fighting Ruler and the Jade Heaven Ruler arrived. Their swords erupted with surging energy, slashing at the Blood Slaughter Ruler mercilessly.

Bang!

An explosion erupted in the surroundings, launching the Blood Slaughter Ruler away like a cannonball. A bloody foam spurted out from his mouth.

That was no longer blood, but pieces of his organs.

The eight ancestral imprints shone brightly over his head. A powerful life force radiated out, nourishing his injuries. It preserved his life despite the severity of his wounds.

With a flash, Jian Chen arrived before the Blood Slaughter Ruler once again. His eyes were icy-cold, filled with undisguised killing intent. He slammed his hand against the top of the Blood Slaughter Ruler’s head with a powerful force.

When his hand made contact with the helmet of the Divine Armour of Heavenflight, he felt like he had struck something extremely sturdy, jolting his hand uncontrollably.

However, the great force within his hand directly passed through the Divine Armour of Heavenflight and slammed into the Blood Slaughter Ruler's head.

"Argh!" The Blood Slaughter Ruler let out a miserable cry. His head immediately became covered in cracks. The great force rocked him, such that his eyes even exploded from the terrifying force.

Immediately, his eyes turned into two large, bloody holes. Blood gurgled out uncontrollably. Even his soul was violently shaken.

This attack was not a soul attack, so the Blood Slaughter Ruler's ancestral imprints could not protect him.

The Jade Heaven Ruler and the Heaven Fighting Ruler appeared and struck at the same time. The two medium quality god artifact swords landed on the Blood Slaughter Ruler with enough force to tear open space.

Having fumbled momentarily, the battle immediately turned against the Blood Slaughter Ruler, putting him in a disadvantaged position. He was overwhelmed by the three of them.

Under these constant attacks, the Blood Slaughter Ruler's injuries became worse and worse. Now, he could no longer gather his strength for any resistance. He basically only sustained attacks passively, unable to fight back.

The Jade Heaven Ruler, the Heaven Fighting Ruler, and Jian Chen continued to attack the Blood Slaughter Ruler again and again. None of them held back, all using their full strength to beat the Blood Slaughter Ruler into the air and then back into the ground.

If it were not for the eight ancestral imprints, he probably never would have lasted until now with such heavy injuries.

The four Chaotic Primes fought devastatingly in the Peace region. The space there was destroyed again and again, shaking up the Wood Spirits World.

"Jian Chen, when I return, I'll grind you to dust!" Suddenly, the Blood Slaughter Ruler shrieked with endless hatred and resentment.

It can be hard to make great work when its stolen from FreeWebNovel.me.

In the next moment, his body began to burn. He had already used a secret technique at the cost of his wellbeing. His body turned into a streak of blood-red light and pierced through space, immediately vanishing from there.

With a thought, the entire space there began to twist violently as Jian Chen forcefully interfered with the Blood Slaughter Ruler's secret technique using the Laws of Space, but he failed to stop the Blood Slaughter Ruler.

Without any hesitation, his figure vanished as well. He shifted his body through space, pursuing the Blood Slaughter Ruler in the direction that he fled.

Just like that, the Blood Slaughter Ruler fled desperately with a secret technique that damaged his vitality as Jian Chen used the Laws of Space and pursued relentlessly.

The Blood Slaughter Ruler did not flee towards the Scarlet Blood Domain. His life force burned away furiously in exchange for speed beyond his cultivation. Very soon, he arrived over the endless ocean.

Shortly afterwards, the space there twisted slightly and Jian Chen suddenly appeared, levitating over the surroundings in a seated position.

The Blood Slaughter Ruler moved far too quickly. He could only barely keep up with the Laws of Space. As for the Jade Heaven Ruler and Heaven Fighting Ruler, they had been left in the dust.

“The damned Laws of Space. I can’t shake him off even like this.” The Blood Slaughter Ruler who fled desperately also sensed Jian Chen behind him and immediately ground his teeth furiously.

In the next moment, his vital energies began to burn as well, turning into a surging power that was all channelled into the Divine Armour of Heavenflight.

With that, the Divine Armour of Heavenflight’s unique functions as a high quality god artifact finally came into effect. It wrapped around the Blood Slaughter Ruler and vanished instantly.

It was as if he had left this world altogether, not only erasing all traces of him, but also removing all presence of him.

Five seconds later, Jian Chen arrived at where the Blood Slaughter Ruler had vanished. Gazing at the empty space there, he immediately snorted coldly and struck the space with a palm strike, reducing the space within a hundred thousand kilometres of him to darkness.

This was a terrifying sight. In the sky above the expansive ocean, the sun had been shining brilliantly just a moment earlier when all light suddenly vanished and the world became pitch-black.

Many sea beasts of varying strength immediately extended their heads out of the water. Some of them had even reached Infinite Prime.

All of the sea beasts stared at the sky. All they saw was a figure in white robes seated in the sky of endless darkness, giving off a terrifying presence that they all feared.

In the eyes of the sea beasts, he was the only existence in the world. He represented the only colour in the world.

The shattered space did not remain that way for much longer. All worlds were capable of repairing themselves. In just a few seconds, the space completely returned to its previous state.

However, Jian Chen had already vanished. He carried out a fine search in the surrounding space centred around the area, wanting to force out the Blood Slaughter Ruler from his hidden state.

He moved extremely quickly. In just a few seconds, he had destroyed the space within a million kilometres several times, but he failed to find the Blood Slaughter Ruler.

Jian Chen stopped the destruction. He levitated in the air with a rather sunken complexion. He was aware that the Blood Slaughter Ruler had already fled far away.

Only almost a minute later did the Jade Heaven Ruler and Heaven Fighting Ruler arrive. Looking around at the empty surroundings, their faces immediately turned ugly.

“We actually let him escape. The Wood Spirits World is so large, so if the Blood Slaughter Ruler just remains in hiding, it’ll be as difficult as finding a needle in a haystack if combined with the divine armour,” the Heaven Fighting Ruler said sternly.

Chapter 3346: Further Assistance

Compared to the Jade Heaven Ruler, the Heaven Fighting Ruler was without a doubt the one who was most worried, as he was the weakest out of all the rulers in the Wood Spirits World.

“We still ended up underestimating the Blood Slaughter Ruler too much.” The Jade Heaven Ruler said sternly, “He now has the divine armour that can conceal his presence. From today onwards, if he uses the armour to try and assassinate us, the two of us will struggle to avoid a horrible fate.”

The Heaven Fighting Ruler immediately felt a chill run down his spine when he heard that. It was like the Blood Slaughter Ruler was lurking by his side the entire time, giving him chills inside.

The Heaven Fighting Ruler turned towards Jian Chen and asked him like he was asking for help, “Fellow Jian Chen, you’re skilled with the Laws of Space. Are you able to find the Blood Slaughter Ruler?”

Jian Chen shook his head. “I’ve already lost track of him. The Wood Spirits isn’t particularly large, but it’s not particularly small either. It’s very difficult for me to find Blood Slaughter in such a large space.”

“T-then what do we do now?” The Heaven Fighting Ruler paced around anxiously and restlessly. Right now, he was only a First Heavenly Layer Chaotic Prime, while the Blood Slaughter Ruler was at the Third Heavenly Layer. Once the Blood Slaughter Ruler made an attempt on his life, it was extremely likely for him to be slain instantly when unprepared. It would be useless even if he possessed ancestral imprints.

“Heaven Fighting Ruler, if you’re worried, then go back and find a slightly stronger god artifact armour and wear it on you at all times,” Jian Chen told the Heaven Fighting Ruler.

The Heaven Fighting Ruler frowned and murmured, “That’s not a bad idea, but it’s only a temporary countermeasure.”

“Then here is another idea. Give me all of your resources so that I can farm Lifesoul Flowers. I require a tremendous quantity of Lifesoul Flowers to recover. Once I’m fully healed, leave Blood Slaughter to me.” Jian Chen looked at Jade Heaven and Heaven Fighting.

Jade Heaven and Heaven Fighting were both surprised by that. They both stared at Jian Chen with uncertainty. The Heaven Fighting Ruler asked with little confidence, “Fellow Jian Chen, are you really capable of killing Blood Slaughter alone if you recover?”

Jian Chen said slowly and calmly, “If I return to my peak condition, killing him is as easy as batting an eye. However, even if I don’t return to my peak condition, I can still kill him with ease as long as my soul recovers completely.”

His words were without a doubt a bombshell to Jade Heaven and Heaven Fighting. It left them stunned.

The Blood Slaughter Ruler with his battle prowess as a Third Heavenly Layer Chaotic Prime was already unstoppable in their eyes.

Yet right now, Jian Chen said he could actually kill Blood Slaughter as easily as batting an eye, so how could they not be shocked?

At that moment, the two rulers even began to believe that Jian Chen was boasting, trying to fool them with false claims.

However, as soon as they recalled Jian Chen's mysteriousness and his endless supply of countermeasures, the two of them became uncertain about that once again.

Perhaps Jian Chen really was that impressive?

"Jian Chen, who are you exactly? Where are you from?" The Jade Heaven Ruler stared straight at Jian Chen. She became a ruler in the Wood Spirits World many years ago. Perhaps she was not completely familiar with all the experts in the world, but she was not far off from that.

There were indeed a few reclusive Infinite Primes in the Wood Spirits World, with plenty of ancient existences at the Ninth Heavenly Layer.

As a result, if a new ruler suddenly appeared in the Wood Spirits World, it would be shocking but not completely unacceptable.

However, if this ruler was abnormally powerful, then that would be completely illogical.

The Heaven Fighting Ruler became fixed on Jian Chen as well with some wariness.

Jian Chen was unfazed. He said calmly, "Actually, who I am is not important. You only need to understand that I have no ill intentions towards you. Perhaps my arrival is an opportunity for you to change your fate too."

"An opportunity for us to change our fate? Jian Chen, what do you mean by that?" The Jade Heaven Ruler narrowed her eyes in confusion.

"You'll understand in the future. C'mon, let's head back first." With that, Jian Chen vanished, having left there with the Laws of Space already. However, his voice continued to linger in Jade Heaven and Heaven Fighting's ears.

"The Blood Slaughter Ruler can't kill me. To me, he's only an obstacle, not a threat. But that's not the case for the two of you."

"It's just like what I said before. I can kill Blood Slaughter and ensure you can rest easily. However, that is given that you provide me with a large number of Lifesoul Flowers so that I recover."

Heaven Fighting and Jade Heaven exchanged glances over the ocean. Their eyes shone with varying thoughts.

"Jade Heaven, what do you think about this?" the Heaven Fighting Ruler asked.

The Jade Heaven Ruler sighed gently. "Do we have any other choice given the current situation? Ever since his break through, we're no longer Blood Slaughter's opponent. We can only place our hopes on Jian Chen now."

“Since that’s the case, let’s wager everything on this. Once I get back, I’ll immediately gather the forces of the entire Grand Heaven Domain to grow Lifesoul Flowers.” The Heaven Fighting Ruler had no other choice either. He could only follow through with Jian Chen’s request.

The battle had come to a close, but the news of the battle continued to spread through the four regions at an unbelievable speed, shaking up the entire Wood Spirits World.

With that battle, the Blood Slaughter Ruler ended up fleeing in defeat, vanishing into the endless expanse of ocean. For a moment, the Scarlet Blood Domain was left without a leader.

All of the experts in the Divine Palace of Scarlet Blood were uneasy and restless, afraid that the Jade Centre Domain, Grand Heaven Domain, and Peace region would move against them together.

Without the Blood Slaughter Ruler’s presence, how was the Scarlet Blood Domain supposed to stand up to the three of them?

However, their worries were unnecessary. Right now, the issue of territory was the last thing that the Jade Heaven Ruler and the Heaven Fighting Ruler thought of. As long as the Blood Slaughter Ruler was still alive, he was like a sword that hung over their heads, placing them in constant danger. They were constantly tense too.

Under these circumstances, why would they still be in the mood to expand their territories? Instead, they immediately mobilised all of their forces to plant Lifesoul Flowers as soon as they returned.

Jian Chen did not care about the Scarlet Blood Domain either. Now that the Heaven Fighting Ruler and Jade Heaven Ruler were planting Lifesoul Flowers for him, the territory under his possession no longer meant anything to him.

Even if he did nothing right now, he did not have to worry about Lifesoul Flowers anymore.

“However, the Blood Slaughter Ruler is also aware that I’m in urgent need of Lifesoul Flowers, so I need to guard against any of his attempts at destruction,” Jian Chen thought after returning to the Peace region before contacting Xia Jianming, “Xia Jianming, move all of the planted Lifesoul Flowers into divine hall.”

Growing Lifesoul Flowers required special spiritual fields, so moving the Lifesoul Flowers was equivalent to moving the spiritual fields too. As such, it was a colossal feat to undertake.

However, Jian Chen was not bothered by any of it. Getting these Lifesoul Flowers to grow successfully was more important than anything else.

It can be hard to make great work when its stolen from FreeWebNovel.me.

After that, Jian Chen did not return to the Divine Palace of Peace, instead returning to the underground cave where the Blood Slaughter Ruler had tried to assassinate him.

When he returned there, the spatial teleportation passageway present earlier had already vanished.

“The spatial teleportation passageway can move anywhere, but whenever it appears, it won’t remain for too long. The teleportation passageway was probably destroyed the moment Blood Slaughter attacked me.”

Jian Chen studied the underground space, carefully sensing for any changes with the powerful senses of his soul. "Looks like I need to find a new spatial passageway, but I'm just not sure whether this spatial passageway only appears in the Peace region or if it includes anywhere in the Scarlet Blood Domain, Grand Heaven Domain, and Jade Centre Domain too."

Chapter 3347: Heaven Fighting in Trouble

"Though, I'm more curious about where this spatial passageway leads to. And what exactly is hidden in there?"

"Does the Blood Slaughter Ruler's three additional ancestral imprints have something to do with this spatial passageway as well?"

Jian Chen was extremely curious.

Afterwards, he began to search the entire Peace region for the spatial passageway that appeared anywhere.

The Wood Spirits Worlds returned to peace.

After discovering that the Heaven Fighting Ruler and the Jade Heaven Ruler did nothing at all, the people from the Scarlet Blood Domain worried about vengeance finally began to settle down as well.

At the same time, the Heaven Fighting Ruler and the Jade Heaven Ruler also invested basically all of their resources into growing Lifesoul Flowers for Jian Chen as quickly as they could, regardless of the costs.

As older and reputed rulers, the resources and wealth they had accumulated was far more than what the Peace region could ever rival.

As a result, under all of their efforts, the Lifesoul Flowers they planted grew much faster than the ones in the Peace region.

Of course, under ordinary circumstances, no one would use such a method to plant Lifesoul Flowers, as they all used certain special God Tier heavenly resources, pulverising them into powder and extracting the juice. All of this was done to nourish these low level Lifesoul Flowers.

The costs were far too great. At this rate, nurturing a Lifesoul Flower to God Tier would take over a hundred God Tier heavenly resources at the very least.

"These Lifesoul Flowers still grow too slowly."

The Heaven Fighting Ruler was still dissatisfied as he stared at over a thousand Lifesoul Flowers planted on a spiritual field within a medium quality god artifact divine hall.

"This is only the first batch of Lifesoul Flowers. Once this batch completely grows, it might not be enough for Jian Chen to make a full recovery. However, at least it'll make him slightly stronger, so it'll be slightly easier for him to face the Blood Slaughter Ruler."

“As a result, we have to grow this first batch of Lifesoul Flowers as quickly as possible.” Thinking up to there, the Heaven Fighting Ruler made up his mind and immediately took out over a dozen jade boxes from his Space Ring.

The jade boxes all stored mid grade God Tier heavenly resources, or even high grade God Tier heavenly resources.

Gazing at the God Tier heavenly resources in the jade boxes, the Heaven Fighting Ruler felt pained, but his gaze became determined very quickly. “So be it. Let’s try and survive. If I don’t even have my life anymore, what is the point of these items no matter how precious they are?”

“Here, use these heavenly resources as fertiliser to accelerate the growth of these Lifesoul Flowers.” With a wave of his hand, over a dozen jade boxes immediately flew out.

There were many Wood Spirits busying about in the spiritual fields for nurturing Lifesoul Flowers, tending to each flower carefully.

When the Heaven Fighting Ruler’s jade boxes flew out, a late Godking immediately rose up from the spiritual fields and caught the jade boxes carefully.

However, when they saw the heavenly resources in the jade boxes, they were immediately startled. They asked carefully, “Sir, isn’t this too much?”

“Just follow my instructions. You don’t have to worry about anything else.” The Heaven Fighting Ruler snorted coldly. He felt rather restless inside.

In a certain region within the ocean, the Blood Slaughter Ruler hid several hundred thousand metres below the surface, completely concealing his presence and pulses of energy, carefully hiding himself within the thick mud.

The eight ancestral imprints were hidden within his body, nourishing his wounds.

However, in order to prevent himself from being discovered, the Blood Slaughter Ruler intentionally slowed his recovery speed. He used less than a third of the ancestral imprints’ effects.

Despite that, he still healed extremely quickly.

“Jian Chen, Jade Heaven, Heavin Fighting, just you wait. Once I recover, I’ll make you pay a heavy price for this.” The Blood Slaughter Ruler trembled in fury within the thick mud, hiding his killing intent in his heart.

He was a mighty ruler, a paramount existence in the Wood Spirits World, yet he had been reduced to such a miserable state, forced to hide himself in the mud at the bottom of the ocean to survive.

That was simply unbearable for the Blood Slaughter Ruler as someone of lofty status, capable of determining the fate of almost everyone else.

This was definitely an unforgivable stain to his pride.

The Blood Slaughter Ruler remained hidden in the depths of the ocean and focused on healing. During this time, he remained tense, constantly aware of the situation around him. The Divine Armour of Heavenflight was always ready to be used as well, prepared to flee at any moment.

This time, as he had damaged his foundations and had ignited his vital energies afterwards, the Blood Slaughter Ruler used a very long time to recover, three whole years.

After three whole years, the Blood Slaughter Ruler finally returned to his prime under the effects of various God Tier pills and the eight ancestral imprints. All of his injuries had healed.

In the next moment, he vanished from the bottom of the ocean and appeared in the sky above. He gazed towards the distant land as killing intent permeated.

“Jian Chen possesses the Laws of Space, such that even with the concealment of the Divine Armour of Heavenflight, I failed to assassinate him successfully. Now that he’s aware of it, it’ll be even more difficult for me to succeed if I try something similar. The most troublesome part is if I fail to assassinate Jian Chen and let the three of them gather together, they’ll be trouble for me again.”

“So this time, I can’t go after Jian Chen directly. If I want to kill Jian Chen, I need to eliminate Jade Heaven and Heaven Fighting first. Once he loses Jade Heaven and Heaven Fighting’s assistance, Jian Chen will be done for too.” The Blood Slaughter Ruler’s eyes shone coldly. He recalled his failure last time and thought, “Jian Chen, I already know what you’re capable of. I won’t make the same mistake a second time.”

A quick look at .me will leave you more fulfilled.

“From today onwards, my word will be the law in the Wood Spirits World.”

The Blood Slaughter Ruler silently vanished.

“In three years’ time, one thousand and two hundred Lifesoul Flowers have already grown to the level of low grade Saint Tier. According to this speed, it’ll take a decade at most for all of them to evolve to mid grade Saint Tier.” In a medium quality god artifact divine hall in the Grand Heaven Domain, the Heaven Fighting Ruler stared at the flourishing Lifesoul Flowers and could not help but smile gently.

However, he soon thought of something else and became worried once again. “Once these Lifesoul Flowers reach mid grade Saint Tier, it won’t be easy for them to continue onwards to high grade Saint Tier.”

“I don’t know exactly how many Lifesoul Flowers Jian Chen needs to completely recover either.” The Heaven Fighting Ruler shook his head and exited the divine hall. Afterwards, with a wave of his hand, the medium quality divine artifact immediately shrank and landed in his hand before vanishing.

In the next moment, he appeared inside the Divine Palace of Grand Heaven and sat in the ruler’s throne. He dazed out as he stared at the empty hall.

But at this moment, something unexpected occurred. A sword extended out from thin air and immediately slashed down with a terrifying energy enough to shock the Heaven Fighting Ruler.

The sword moved far too quickly and the Heaven Fighting Ruler could not wield the Laws of Space like Jian Chen, so it was completely impossible for him to respond in time to this sudden attack.

“The Blood Slaughter Ruler!” The Heaven Fighting Ruler was startled. These days, he had been constantly guarding against the Blood Slaughter Ruler’s assassination attempts, but he had never thought that he would still struggle to escape when this day actually arrived.

Thunk!

The sword directly landed on the Heaven Fighting Ruler’s head. Even though the Heaven Fighting Ruler had a medium quality god artifact armour equipped, it still was not of much use before the Blood Slaughter Ruler’s medium quality god artifact sword due to the tremendous difference in their strength.

The Blood Slaughter Ruler’s sword directly pierced the Heaven Fighting Ruler’s armour. Its sharp tip immediately plunged into the Heaven Fighting Ruler’s head.

Faced with the Blood Slaughter Ruler’s assassination attempt that he had spent much time planning, the Heaven Fighting Ruler who was already feeble compared to him was immediately in great trouble. He basically could not offer up any resistance at all.

It was far too easy for a Third Heavenly Layer Chaotic Prime to assassinate a First Heavenly Layer Chaotic Prime.

However, right when the Heaven Fighting Ruler’s soul was about to be destroyed, his five ancestral imprints suddenly shone resplendently, blocking the sword that had already plunged into his head.

However, the Blood Slaughter Ruler’s attack was not a soul attack after all, so the protection from the ancestral imprints was extremely limited. It only bought the Heaven Fighting Ruler a little less than a second.

The Heaven Fighting Ruler used this gap to immediately exit his body with his soul, abandoning his body resolutely and fleeing from the divine palace.

Chapter 3348: Facing Blood Slaughter Again

“Heaven Fighting, you’ve been reduced to a soul, and you still think you can escape from me? You’re basically dreaming!” The Blood Slaughter Ruler sneered and chased after him with the medium quality god artifact sword.

He moved very quickly, rapidly closing the distance between them.

Seeing this, the Heaven Fighting Ruler fleeing at the front panicked. Without any hesitation, he immediately ignited his soul, turning into a streak of light and fleeing towards the Peace region with terrifying speed.

The Blood Slaughter Ruler also accelerated immediately, making use of every instant to completely kill off the Heaven Fighting Ruler before Jian Chen and the Jade Heaven Ruler arrived.

Both of them moved extremely quickly, crossing most of the Grand Heaven Domain in under a minute. Just as the Heaven Fighting Ruler’s soul was about to pass through the border between the Grand Heaven Domain and the Peace region, the Blood Slaughter Ruler suddenly accelerated, immediately overtaking the Heaven Fighting Ruler before turning around and slashing at his soul.

“From today onwards, the Wood Spirits World no longer has a Heaven Fighting Ruler!” The Blood Slaughter Ruler smiled viciously. His eyes shone with killing intent as he slashed through space, immediately sealing off all paths of retreat.

The Heaven Fighting Ruler’s expression changed drastically. His eyes were filled with despair. He had already been reduced to a soul now. He was extremely feeble. Let alone taking on a slash, even a wisp of sword Qi that seeped out from the sword might have been enough to claim his life.

Moreover, he had ignited his soul earlier, so his soul was even fainter than before. Faced with the Blood Slaughter Ruler’s sword that had shattered space, there was no longer anywhere for him to go.

However, right when the Blood Slaughter Ruler’s sword was about to destroy the Heaven Fighting Ruler’s soul, space suddenly froze like it was ice. Everything fell silent.

However, the frozen space clearly was not enough to completely stop the Blood Slaughter Ruler’s sword. The Blood Slaughter Ruler’s sword only halted for an instant before the space was completely slashed through by the sword’s power.

However, the delay meant the Blood Slaughter Ruler lost his optimal opportunity to kill the Heaven Fighting Ruler. Jian Chen silently appeared. He waved his hands about and the space immediately shook violently. The Heaven Fighting Ruler’s soul was immediately stowed away in his sleeves as well.

By the time the Blood Slaughter Ruler’s sword had arrived, the Heaven Fighting Ruler’s soul was already gone. The attack missed.

“Damn you, Jian Chen. You’ve actually gotten in my way again!” The Blood Slaughter Ruler’s killing intent immediately erupted as soon as he saw Jian Chen. His eyes were filled with deep hatred. In the next moment, the sword in his hand turned into a streak of resplendent red light as he slashed at Jian Chen as hard as he could.

Jian Chen extended a finger and the space suddenly changed. The sword that the Blood Slaughter Ruler had just thrust out immediately became slightly slower as if its distance from Jian Chen had been indefinitely lengthened.

Shortly afterwards, there were several spatial ripples that collided against the Blood Slaughter Ruler’s sword like spatial blades.

Bang! Bang! Bang!

Several alarming explosions immediately rang out, shaking up the entire space and leaving it extremely unstable.

Each spatial blade would wear down part of the power in the Blood Slaughter Ruler’s sword when they collided.

After several spatial blades, the Blood Slaughter Ruler’s attack was completely stopped.

“In just three short years, your strength has actually increased again. H-how is that possible?” The Blood Slaughter Ruler widened his eyes in disbelief.

After reaching Chaotic Prime, every increase came after tremendous difficulty, yet in the Blood Slaughter Ruler's eyes, Jian Chen's strength seemed to be increasing constantly without ever stopping.

"Is the reason why you're growing stronger because you're recovering?" With a single thought, the Blood Slaughter Ruler seemed to realise everything, and his face immediately darkened.

In the next moment, the tremendous might of the world descended suddenly. The Blood Slaughter Ruler used a God Tier Battle Skill without any hesitation.

However, before he could deliver the attack, the same thing as three years ago repeated itself. All of the might behind his God Tier Battle Skill immediately evaporated. As such, the attack that was supposed to be unrivalled in strength was reduced to a ball of regular energy.

"Sure enough, you're the one tampering with everything." The Blood Slaughter Ruler ground his teeth, but he was not surprised. He used a God Tier Battle Skill once again this time to clearly confirm this.

"Not only are you capable of disrupting my God Tier Battle Skills, doing so doesn't seem to take a particularly great toll on you either?" He stared straight at Jian Chen. He was a little stern.

Suddenly, he realised that Jian Chen was only becoming more and more troublesome to deal with.

At this moment, the Jade Heaven Ruler also arrived from afar, appearing before Jian Chen instantly. She stared at the Blood Slaughter Ruler sternly before turning to Jian Chen. "Where is Heaven Fighting?"

"Heaven Fighting's body got destroyed. I've already saved his soul," said Jian Chen.

The Jade Heaven Ruler's expression changed slightly in response to that. She stared at Jian Chen as her eyes flickered, but she said nothing.

Suddenly, the Blood Slaughter Ruler struck again. Energy poured out of his body like a tsunami. The sword in his hand erupted with blinding light, slashing towards the Jade Heaven Ruler.

"You handle the main offence. I'll assist you. Use your full strength. Don't resist my Laws of Space," Jian Chen called out. He formed a seal with his hand, and the Laws of Space appeared. Everywhere within a hundred thousand kilometres of them immediately twisted, blurring their vision. Even the senses of their souls were severely affected.

Not only did the Blood Slaughter Ruler feel like he was stuck in quicksand within the distorted space, where every single movement faced great resistance, but the chaotic space around him made him feel like his position was changing with every moment.

Swish!

The sword in his hand slashed towards the Jade Heaven Ruler along the same path as before, but he only struck an afterimage. The great power hidden within the sword also left behind a gash in Jian Chen's Laws of Space, revealing the true scenery there.

Search .me for the original.

But in the next moment, the gash immediately closed up.

“Dammit, I didn’t expect Jian Chen’s usage of the Laws of Space to improve to such a degree in just a few years.” The Blood Slaughter Ruler frowned.

At this moment, he felt an ill omen. A sword suddenly shot towards him from behind. Under the cover of the Laws of Space, the Jade Heaven Ruler had already arrived silently behind the Blood Slaughter Ruler.

The Blood Slaughter Ruler turned around and slashed out, but at this moment, the space around him changed once again. The Jade Heaven Ruler suddenly vanished, appearing above the Blood Slaughter Ruler with the same attack. However, the attack that originally targetted his heart now travelled straight towards his head.

Boom!

The Jade Heaven Ruler’s attack directly landed on the Divine Armour of Heavenflight. The tremendous power smashed the Blood Slaughter Ruler into the ground, shaking up his soul violently.

The Jade Heaven Ruler gave the Blood Slaughter Ruler no opportunity to catch his breath, striking once again. This time, she directly used a God Tier Battle Skill. An illusionary sword condensed out of nowhere and directly slashed at the Blood Slaughter Ruler with the might of the world.

At the same time, Jian Chen formed a sword with his fingers and also slashed towards the Blood Slaughter Ruler from afar, unleashing the Shadowless Lifetaking Strike. He bypassed all of the Blood Slaughter Ruler’s defences and directly attacked his interior.

Spurt!

The Blood Slaughter Ruler was completely incapable of defending himself against the Shadowless Lifetaking Strike. He was immediately heavily injured. His organs were cut to pieces.

At the same time, the Jade Heaven Ruler’s God Tier Battle Skill also landed on the Blood Slaughter Ruler. With a rumble, the Blood Slaughter Ruler was launched far away.

“Hahahaha, you think you can injure me in the same way again? You’re far too naive.” Shortly afterwards, the Blood Slaughter Ruler’s laughter rang out from afar. Six god artifact shields hovered around him, shining with dazzling light.

The Jade Heaven Ruler’s God Tier Battle Skill landed on these shields, failing to deal too much damage to the Blood Slaughter Ruler.

Inside him, the eight ancestral imprints shone with jade-green light. A tremendous life force seeped out endlessly, nourishing everything and rapidly healing his internal injuries.

Chapter 3349: The Secret of the Peace Region

Having learnt his lesson the first time, the Blood Slaughter Ruler clearly would not make the same mistake again, so he had already come up with a countermeasure beforehand.

He directly used god artifacts to stop Jade Heaven’s God Tier Battle Skill, defending passively without risking himself while he preserved his strength.

As for Jian's Shadowless Lifetaking Strike, he truly could not come up with any good way to stop it, but he could use the eight ancestral imprints to recover as quickly as possible.

However, it had to be mentioned that his countermeasure was immediately effective.

In the air, the Jade Heaven Ruler's heart sank. So far, her God Tier Battle Skill combined with Jian Chen's Shadowless Lifetaking Strike was the only way to heavily injure the Blood Slaughter Ruler, yet this method seemed to become ineffective too.

Their combined efforts had injured the Blood Slaughter Ruler, but before his ancestral imprints, these injuries were absolutely nothing.

"We're no longer capable of killing the Blood Slaughter Ruler. Do you have anything else you can try?" The Jade Heaven Ruler communicated with Jian Chen.

"We can't kill him, but he can't kill us either. We don't have to kill him here and now. Once I recover, he won't be able to stir up much trouble," Jian Chen replied indifferently.

He had still been stronger than the Blood Slaughter Ruler in the past after all. Even though he was injured now, he still had his ways if he really wanted to kill the Blood Slaughter Ruler. However, a mere Third Heavenly Layer Chaotic Prime was not enough for him to go to such lengths.

Afterwards, the three of them engaged in an intense battle in the air. The terrifying energy swept through the land, devastating the surroundings.

They were missing the Heaven Fighting Ruler, but the Blood Slaughter Ruler still struggled to gain any advantage against them, as Jian Chen's soul had further healed over these three years. His usage and grasp over the Laws of Space was even better now.

He used the Laws of Space to assist the Jade Heaven Ruler while disrupting and interfering with the Blood Slaughter Ruler. In the end, the Blood Slaughter Ruler's battle became extraordinarily difficult despite his crushing strength due to the circumstances.

His attacks would slow down and weaken due to the various obstructions from the Laws of Space regardless of who he targeted, giving the Jade Heaven Ruler sufficient time to respond.

On the other hand, whenever the Jade Heaven Ruler launched an attack, the space between them would shorten, so it would be extraordinarily fast. The location of the attack constantly changed as well. The attack would clearly come from the front, yet half of the sword would eerily appear behind him, which was impossible to guard against.

With this great battle, the Blood Slaughter Ruler ended up with the most injuries. Even though these injuries were merely scratches, nowhere near enough to threaten his life, it did leave him feeling extremely indignant and frustrated, like he had directed all of his strength towards cushion so it was all nullified.

"Dammit. If it weren't for Jian Chen's Laws of Space, it would be a piece of cake for me to kill Jade Heaven." The Blood Slaughter Ruler was utterly furious. Jian Chen's usage and grasp over the Laws of Space had already reached an unbelievable level, such that he actually felt rather powerless for a moment.

In the next moment, the Blood Slaughter Ruler surged with energy. He used the functions of the Divine Armour of Heavenflight and suddenly vanished.

Jian Chen narrowed his eyes. Right when he was about to control the space there and force out the Blood Slaughter Ruler, a sword had already appeared over the Jade Heaven Ruler's head silently, thrusting out with lightning speed.

Spurt!

The Jade Heaven Ruler's helmet was immediately pierced, but right when the sword was about to plunge into her soul, a strand of Laws of Space rapidly approached them, turning into a blade that deflected the sword.

In the end, the Blood Slaughter Ruler's sword scraped down along the Jade Heaven Ruler's cheek, leaving behind a bloody wound on her beautiful face.

At the same time, the Jade Heaven Ruler's sword rose into the air, slamming against the Blood Slaughter Ruler with a sky full of green light.

Boom!

With a grunt, the two of them were knocked away.

The Blood Slaughter Ruler's complexion was slightly pale. The high quality god artifact took far too great of a toll on him. Whenever he used it, it would take a tremendous amount of energy. It was completely impossible for him to maintain it given his current strength.

He immediately swallowed a few recovery God Tier pills and glanced at the Jade Heaven Ruler and Jian Chen viciously before leaving without looking back, vanishing into the horizon in the blink of an eye.

A quick look at .me will leave you more fulfilled.

Neither Jian Chen nor the Jade Heaven Ruler went after him. Neither side could do anything to the other, so there was no point in continuing the battle.

The Jade Heaven Ruler touched the gash on her cheek and said with lingering fear, "Blood Slaughter is becoming more and more terrifying with that armour. If it weren't for you this time, the consequences would have been unimaginable."

"With the concealment of the armour, we truly cannot guard against Blood Slaughter's assassination attempts. If you want to eliminate the issue of Blood Slaughter as soon as possible, then you better get me the Lifesoul Flowers faster," Jian Chen said to the Jade Heaven Ruler.

Afterwards, with a wave of his sleeves, the Heaven Fighting Ruler's soul appeared.

Jian Chen extended a finger and the space there immediately rippled. A spatial barrier appeared silently, enveloping the surroundings.

The Heaven Fighting Ruler who had been reduced to soul form immediately reacted violently when he sensed what Jian Chen did. He said fearfully, "Fellow Jian Chen, I've really been doing everything I can to

grow Lifesoul Flowers for you. I hope you can give me a chance at survival. If there's anything you require in the future, I will do everything I can to assist you."

The Jade Heaven Ruler hovered in the distance without approaching them. Her gaze moved between Jian Chen and the Heaven Fighting Ruler. A deep sense of worry was hidden in the depths of her eyes.

It was as if she was afraid that Jian Chen would directly erase the Heaven Fighting Ruler from existence.

After all, the Heaven Fighting Ruler was without a doubt at his weakest in his soul form. Killing him was virtually effortless.

It was not her fault for thinking like that either, as before the Peace region came into existence, the three rulers frequently had conflict with one another. They all had plans and thoughts of their own.

"You don't have to worry, Heaven Fighting Ruler. I have no ill intentions towards you. I only want to assist you in rebuilding your body. The Blood Slaughter Ruler moves around elusively. I've set down this spatial barrier to prevent him from suddenly barging in and landing a sneak attack." Jian Chen took out some materials from his Space Ring. These materials had all been handed up to him by the Peace region over the years. They could be used to rebuild bodies.

"This is all I have on me. Jade Heaven Ruler, let's pull together what we have and help Heaven Fighting recover quickly." Jian Chen looked towards the Jade Heaven Ruler.

The Jade Heaven Ruler let out a sigh of relief inside. Without any hesitation, she immediately produced a great pile of resources and tossed them over to the Heaven Fighting Ruler.

"Thank you, fellow Jian Chen. Thank you!" The Heaven Fighting Ruler was very grateful. Under Jian Chen and the Jade Heaven Ruler's watch, he immediately began to reconstruct his body.

As a Wood Spirit, it was much easier for the Heaven Fighting Ruler to reconstruct his body than Saints' World cultivators. He only needed a day before a new body was created.

Of course, this was only a body. In reality, all of his cultivation from before was gone. If he wanted to return to the same peak as before, he still required a period of cultivation and rehabilitation.

At this moment, a divine hall drifted out from the Heaven Fighting Ruler's soul.

"Fellow Jian Chen, these are the Lifesoul Flowers I've specially planted for you. The first batch of Lifesoul Flowers will all reach mid grade Saint Tier soon." The Heaven Fighting Ruler passed the divine hall over to Jian Chen like it was treasure, inviting him to take a look.

Jian Chen smiled gently and cupped his fist towards the Heaven Fighting Ruler. "I've troubled you."

He continued, "Heaven Fighting Ruler, given your current state, it's impossible for you to clash with Blood Slaughter anymore. If Blood Slaughter makes another attempt on your life, the consequences will be horrendous. If you don't mind, just stay in the divine hall and recuperate at ease for the next few days and let me hold onto the divine hall."

The Heaven Fighting Ruler chuckled. "That's exactly what I had in mind. Then I'll be under your protection for the next few days, fellow Jian Chen."

With that, the Heaven Fighting Ruler immediately dove into the divine hall for growing Lifesoul Flowers, and the divine hall also ended up in Jian Chen's hand.

"Jian Chen, have you really never considered killing Heaven Fighting and then claiming the Grand Heaven Domain for yourself?" At this moment, the Jade Heaven Ruler stared at Jian Chen with brimming interest.

Jian Chen shook his head. "What you care about is nothing in my eyes. I have no grievances with Heaven Fighting, so why would I go after his life?"

"Jade Heaven Ruler, you've probably realised from the previous battle that you would be pretty much done for if Blood Slaughter went after your life. As a result, for the sake of your safety, I think we should stick together."

The Jade Heaven Ruler frowned. After a moment of silence, she asked calmly, "Do I go to the Peace region with you? Or are you coming to the Jade Centre Domain with me?"

Jian Chen hesitated slightly before saying, "I discovered something in the Peace region. Don't resist my Laws of Space. I'll take you over."

Jian Chen swung his hand. As the Laws of Space pulsed, both of them vanished.

Jian Chen and the Jade Heaven Ruler silently appeared at the bottom of a colossal lake within the Peace region. An invisible force emanated out, pushing aside the water around them.

A region of space before them twisted constantly. It was something similar to a spatial gate, leading off to who knows where.

"What's this?" The Jade Heaven Ruler noticed the thing before her, and her pupils contracted slightly.

She was actually unable to sense the region of twisted space with her soul. Even when she stood right before it, she could only see it with her eyes.

If she shut her eyes, then there would be nothing. She would not be able to sense anything.

"This is a spatial teleportation passageway. It can appear anywhere. Whenever it appears, it doesn't remain for very long. It's very easy to destroy as well."

Jian Chen stared at the spatial passageway and said slowly, "In the past, I spent a decade searching through the Peace region before finally finding a spatial teleportation passageway, but the energy from the Blood Slaughter Ruler's sudden sneak attack last time destroyed it. Afterwards, I spent another three years before finding a second one."

"I visited this lake several times during those three years. I failed to detect any anomalies each time until I passed by here again recently. Only then did I find it."

"As a result, we both have to be extremely careful. We can't let any of our energy seep out. It's just too frail, too easy to destroy. Once it's destroyed, who knows when we'll be able to find another one."

The Jade Heaven Ruler stared straight at the spatial teleportation passageway. "Don't tell me this is the reason why the Blood Slaughter Ruler was so determined to make the Peace region his?"

The Jade Heaven Ruler hesitated. After all, who knew where this led off to. Who knew how many dangers it involved. She did not dare to set foot inside so easily.

But at this moment, the space before them twisted violently and the Blood Slaughter Ruler appeared with a flash. Equipped with the Divine Armour of Heavenflight, he vanished into the spatial teleportation passageway in the blink of an eye.

“Oh no, it’s Blood Slaughter! He’s already entered it!” The Jade Heaven Ruler’s expression changed.

Jian Chen was unfazed. He turned around and extended a finger. A crystal appeared behind him, and it was instantly sealed up by his Laws of Space.

In the next moment, the crystal exploded violently. The energy inside immediately seeped out, forming a storm. However, Jian Chen trapped it firmly with the Laws of Space, such that the energy from the explosion failed to reach the spatial teleportation passageway before them.

“Blood Slaughter is trying to destroy this spatial teleportation passageway. Clearly, he’s already entered it once. He understands the situation inside, which is why he’s dived in without any hesitation. Looks like we’re right. This is the secret that the Peace region is hiding,” Jian Chen murmured to himself.

Chapter 3350: Experts of the Saints’ World

“Then what are we still hesitating for? Let’s go in. Otherwise, if there’s really something good inside, Blood Slaughter will get to it first. He’s already powerful enough. If he grows any stronger, the consequences will be severe,” the Jade Heaven Ruler said sternly. The Blood Slaughter Ruler’s entry without any hesitation gave her a sense of urgency.

“Once we go in, we don’t know when we’ll emerge again.” Jian Chen frowned. Then he reached out and the space immediately twisted.

In the next moment, a medium quality god artifact divine hall immediately crossed a tremendous distance and appeared in Jian Chen’s hand, which he held onto firmly.

“What are your instructions, master?” Shortly afterwards, Xia Jianming flew out from the divine hall and clasped his fist towards Jian Chen.

“Just keep growing the Lifesoul Flowers. I’m taking this divine hall with me somewhere,” said Jian Chen.

“Yes, master!” Xia Jianming answered politely before returning to the divine hall.

The divine hall was where they grew Lifesoul Flowers in the Peace region. Jian Chen had poured all of the resources he had accumulated over the years as the lord of the Peace region into this divine hall.

Shortly afterwards, Jian Chen brought the divine hall with him and entered the spatial teleportation passageway with the Jade Heaven Ruler.

However, as soon as he entered the spatial teleportation passageway, Jian Chen’s expression changed as he called out, “Oh no, this is a spatial passageway that teleports the person arbitrarily.” Before he even finished what he was saying, Jian Chen suddenly extended his right hand. His entire hand was covered with the Laws of Space, grabbing the Jade Heaven Ruler’s shoulder before pulling her violently towards him.

The Jade Heaven Ruler's face darkened as she became furious, but when she heard what Jian Chen said, she blanked out and held back her anger slightly. She did not resist either, allowing Jian Chen to pull her over to him.

The teleportation occurred extremely quickly. In the blink of an eye, the teleporting force around them vanished, and Jian Chen and the Jade Heaven Ruler had already entered a foreign space.

This was a space where the surroundings all shone with jade-green light, but it seemed more like a colossal passageway. It was three hundred metres tall and three hundred metres wide. As for its depth, they could not see the end of it.

Jian Chen looked around and subconsciously tried to send out the senses of his soul, but to his surprise, it was completely suppressed, unable to leave his body.

"Oh no, I can't use the senses of my soul. What exactly is this place? It can actually suppress the senses of my soul?" The Jade Heaven Ruler's voice rang out. She looked around with uncertainty.

"This place is anything but ordinary. However, the presence of life is extremely heavy here, so it must have something to do with the Wood Spirits," Jian Chen said. He drifted over to the walls of the passageway and touched it gently, which gave off a cool sensation. The material that the passageway was built from was neither wood nor metal. It was a special material that Jian Chen had never seen before.

Shortly afterwards, Jian Chen condensed a strand of sword Qi and sent it towards the wall without any hesitation.

Boom!

A rumble echoed through the passageway, and Jian Chen immediately retreated, having been knocked back by the great force.

The place where the sword Qi landed was completely unharmed. There was not even a scratch.

"The toughness of this wall has reached the level of high quality god artifacts at the very least." Jian Chen narrowed his eyes before turning his gaze towards the end of the passageway. As the passageway was far too long, all he saw was darkness in the end. He was unable to see the end of the passageway.

It can be hard to make great work when its stolen from .me.

The Blood Slaughter Ruler was nowhere to be seen, as the spatial tunnel teleported people randomly. The places they had been sent to were clearly different.

"We have no way back. We can only continue onwards," said the Jade Heaven Ruler.

Jian Chen and the Jade Heaven Ruler continued along the passageway. During this time, Jian Chen levitated in the air in a seated position, relying on the Laws of Space to cover ground.

The Jade Heaven Ruler followed closely by his side with her feet off the ground, floating through the air.

The jade-green passageway was extremely long. With their speed, they covered several million kilometres very soon. The entire trip was very peaceful. Nothing out of the ordinary occurred.

After advancing several tens of thousand kilometres more, Jian Chen and the Jade Heaven Ruler stopped. A branch in the path appeared before them, forming three passageways that led off into the unknown.

“Which one do we take now?” The Jade Heaven Ruler frowned.

Jian Chen stared at the three passageways for a while and said slowly, “The Blood Slaughter Ruler is here too, so it’s best if we don’t separate. Just choose any one.”

After a period of hesitation, Jian Chen and the Jade Heaven Ruler ended up continuing down one of the passageways.

However, the smooth sailing did not last for long. Before they had advanced very far, another branch in their path appeared, and there were four different passageways this time.

Jian Chen and the Jade Heaven Ruler did the same thing as before. They casually chose to continue down one. Before long, they encountered another branch.

“We’ve entered a maze.” Jian Chen also began to frown. He was unable to use the senses of his soul in these sealed passageways, and the walls were extraordinarily tough too, so he could only run around blindly like a headless fly in here.

“There’s nothing we can do about this. We can only continue.” The Jade Heaven Ruler was solemn as well. Along the way, the surrounding scenery in the passageway had not changed at all nor did they discover anything. They had lost their sense of direction now as well, such that even the way back no longer seemed to exist.

The two of them entered another one of the branches.

However, right when they were about to enter the branch, the two of them paused and halted at the same time.

Five illusionary figures levitated three metres in the air while seated right before them. Their eyes were shut as if they were cultivating.

A ball of green light hovered between the five of them, radiating with a tremendous presence of life.

The ball of green light was an ancestral imprint!

“That’s an ancestral imprint without a master!” The Jade Heaven Ruler stared straight at the ancestral imprint with burning desire. She was very excited.

However, Jian Chen’s eyes were fixed on the five illusionary figures around the ancestral imprint. He furrowed his brows heavily.

He could tell with a single glance that the five illusionary figures were not souls. Instead, they were more like special existences condensed from lingering wills after experts had perished.

“They’re not Wood Spirits. They’re experts of the Saints’ World!” Suddenly, Jian Chen shuddered inside in disbelief.

At this moment, the five illusionary figures before them opened their eyes at the same time. They all turned towards Jian Chen and the Jade Heaven Ruler.

There were absolutely no emotions in their eyes. Only killing intent that resembled a wild beast's filled them.

The frenzied killing intent made them seem like they wanted to kill everything that was different from them.

Immediately, the five of them arrived before Jian Chen and the Jade Heaven Ruler, launching punches at the same time. The tremendous force engulfed Jian Chen and the Jade Heaven Ruler.

On top of that, their attacks all contained different powers of laws.

However, the power of laws had become extremely feeble as they had all bled away, nowhere close to their former peak.

With a wave of Jian Chen's hand, three powerful strands of sword Qi condensed from thin air. He engaged three of them in battle.

The Jade Heaven Ruler drew her medium quality god artifact sword and engaged the two others.

Boom! Boom! Boom!

With three rumbles, Jian Chen's sword Qi was obliterated by the three of them. Afterwards, the punches from the three illusionary figures condensed from lingering wills continued towards him without weakening at all.

Ripples appeared in the space around Jian Chen. He interfered with their attacks using the Laws of Space before immediately retreating to three hundred metres away.

However, their fists directly smashed through his Laws of Space. The punches sailed through the air and covered three hundred metres instantly, the lingering might landing on Jian Chen's chest with a thud.

Jian Chen was launched away. His organs were shaken up violently as his flesh and blood churned inside him.

On the other side, the Jade Heaven Ruler let out a grunt as well and spurted out blood. She was launched far away, slamming into the wall of the passageway in the end.

Shortly afterwards, five ancestral imprints appeared from her body, rapidly healing her wounds.

"Just their lingering wills after death are so powerful. Just how powerful were these people when they were still alive?" Jian Chen stared at the three incoming figures. He was astounded.
