

# Sir, You Don't Know Your Wife Chapter 1100

Summer and Sharon, who were among the guests, gaped at the scene with wide eyes.

Right after Mason said those words, they nearly screamed in shock but were stopped by Abby.

Janet is having an affair with Mason? Sharon blinked as she thought to herself, Could it be that Janet is really who I thought? Is she J'Adore? It might be because Janet is J'Adore herself, so Mason and J'Adore made such ambiguous statements. Right; this must be it!

As Sharon had been suspicious about this in the first place, it was not difficult for her to accept the facts. However, to a totally clueless Summer, this was earth-shattering news. Janet doesn't seem like a person who would come between other people's relationship, and she could not possibly enjoy having a polyamorous relationship. All in all, this matter just seems strange and peculiar.

Apart from them, the audience that were watching the live stream were also shocked by J'Adore, Mason, Henry, Lee and Old Madam Lowry's words, and those who had grabbed some snacks and prepared to watch the drama on the sidelines were so shocked that they dropped their snacks.

Everyone stared unblinkingly at the screen and the audiences' minds went blank.

As the most powerful man in Asia and one from the upper-class, Mason actually made such statements, yet J'Adore doesn't mind his actions? And Henry, who is as thick as thieves with Mason, seems to be used to it? Even the conservative Old Madam Lowry doesn't mind it. What kind of weirdos are they?

'What the heck? It turns out that J'Adore is aware of it!'

'Am I crazy or have the three of them lost it!'

'F\*ck! Nobles sure have messy relationships!'

'Mason is quite impressive. He has been single for 25 years and now, he manages to lay his hands on two girls at the same time.'

'F\*ck! What kind of worldview is this?'

'Although it was not right of Emily to record their conversation in secret, she at least gave us this truly bewildering show!'

'Since what Emily said was right, why did Mason deny that he cheated on J'Adore previously?'

'I agree! He is still considered to have cheated on J'Adore even if both J'Adore and Janet willingly accept his actions!'

At the engagement banquet, Emily looked at the two people on the stage with a cold gaze. There was not only hatred in her eyes but hints of disdain as well.

They are in it together. They are all the same—scums, the lot of them!

Although J'Adore did not mind, it was still an undeniable fact that Janet had come between their relationship.

If everyone pointed fingers at Janet, she definitely would not be able to escape public condemnation.

Emily mustered her courage and looked at Old Madam Lowry before coldly sneering, "Old Madam Lowry, aren't you clear about what kind of a person Janet is? She is unworthy to be part of the Lowry Family. If she gives birth to a child of the Lowry Family, I bet that the ancestors of the Lowry Family

would rise from their graves. Also, I'm pretty sure that the Lowry Family would lose their blue blood by this generation."

Old Madam Lowry was stunned for a few seconds before she curled up her lips and coldly refuted, "Since when does an outsider like you have the right to comment on our family matters? Do you really think that you are the young lady of the Jackson Family?"

Upon hearing that, Emily snarled in fury, "It is indeed none of my business, but I am afraid that from today onward, Janet would be shunned by everyone and Woodsbury University would expel her. After all, she is a mistress!"

J'Adore suddenly chuckled and drawled, "Janet is a mistress?"

"Am I wrong, though? J'Adore, you have no choice but to accept it, right? After all, no woman is able to tolerate her man having an intimate relationship with another woman. I'm sure you are forced to take a step back to keep Mason by your side! Or maybe you are infertile, so you have to agree with Mason and Janet's relationship! J'Adore, I really pity you. As a leader of the MX, you can't even keep your man by your side." As Emily was speaking, she suddenly laughed. This must be the only reason why J'Adore is willing to give in to this situation!
