

The Ancient Genes

Volume 3: Survival

Chapter 136 - Answers

Capital Orca, Mage Association.

‘ Arcane in shambles...‘

‘ Is it over for Arcane...‘

‘ Celestial Wolves strike...‘

‘ Is it the beginning of Beast Wars...‘

‘ More than a million dead...‘

‘ Over thousand are still missing...‘

‘ Is this going to be the repeat of Vina tragedy...‘

‘Bang!’

The screen showing different news reporting cracked.

‘ Stop them, don’t let them talk anymore....it is only going to strike fear in the minds of people. Let them slowly switch the attention to the All Academy Competition....if needed...let them do a live broadcast.’, the man on the chair threw the remote in anger and spoke with a grim look on his face.

The nameplate on his desk clearly revealed that he was the greatest authority in the Mage Association.

The Mage King.

‘ Sire, some of the family of the students might object to the broadcast...’, the secretary spoke calmly.
