

The Ancient Genes

Volume 1

Chapter 57 - Fate of Weak (4)

‘ Splash! ‘

Blood splattered on the pavement dying it red.

‘ Ahhhh!!! ‘

All the girls screamed seeing the brutal scene.

‘ Is this all you have? So disappointing. ‘, the man spoke as he lifted Max by his hair and threw him aside.

‘ Thud! ‘

Max’s body hit the floor and rolled twice before coming to a stop.

Lisa’s eyes started to water.

Max’s body was covered with blood as he was lying without any movement.

‘ Well, it’s over. Let’s go get the girls. We haven’t got the entire day. ‘
said the man as he gestured the man behind him to get the girls.

....

This scene took place as I lost consciousness.

I didn’t even know what had happened. I couldn’t even react when the man had made a move. It was only after the pain assaulted my

body and my vision started to blur, I noticed that blood had started to ooze out from several places on my body.

As the darkness slowly covered my vision, I could only feel the coldness envelop me.

It was all over.

I had tried my best. Even though, I was afraid all along. I gritted my teeth and continued to struggle.

Why?

First of all, it was for the little girl. I couldn't help but see Lily's, my little sister's reflection in her.

Then, it was for Axle. I didn't have many friends. I don't even need two hands to count them. How could I leave him in trouble?

But I had failed.

I could only apologize to everyone for dying.

Mom, Dad, Lily, Axle, Mia, and everyone.

I just wish....

Whom am I even trying to fool?

I can't even accept it myself. I don't want to die. I can't let it end like this.

But there was no one to hear me as usual, I was all alone.

No, it was different this time.

It was quite a lot considering my ordinary routine.

But would it be enough? After all, that man was a mid-level mage.

...

What am I doing?

It was not the time to think. Besides is there any reason for me to be afraid. I am already done for if things continue this way.

' System, put everything in the leveling bar.'
