

Triplet Alphas Gifted Luna By Samantha Doyle Chapter 18

Ch 18 Distractions

“You okay, babe?” Conri said at lunch. He twisted his peach in half, plucked out the pit, and started eating it. “Yeah.” “Did our dad say something to you? You’ve seemed distracted since you left his office,” Kai said. “He said a lot of things. Aren’t you guys kind of freaked out?” “No. We knew this was coming,” Kai said. “I didn’t,” Thea said. “My sweet, humble wolf,” Alaric said. She was sitting in his lap. He kissed her shoulder, up her neck. “Want us to take your mind off it?” She turned to face him. “Yes, »” She pulled him into a kiss. After a minute of making out that progressively got more heated, Alaric broke the kiss, stood up, and led Thea out of the cafeteria.

Conri and Kai trailed behind with huge grins on their faces. They ignored the whispers as they left. They ended up in an empty classroom. Conri locked the door as Alaric lifted Thea. Her legs wrapped around his waist, her arms around his neck. His hands went under her to hold her in place. She wasted no time kissing him, tongues playing back and forth. Kai started kissing her neck from behind. His hands slid under her shirt to her front. He pulled her bra down, releasing her breasts. Thea moaned and tilted her hips as Kai rolled her nipples between his fingers. “I think you may need to start wearing skirts so we can have access without having to undress you completely,” Kai said. “Mmm. I’ll wear whatever you want,” Thea said against Alaric’s lips.

Alaric pulled her hips flush against him, and she rubbed against him through their jeans. She raked her fingers in his hair and pulled his head to the side, kissing down his neck to his sensitive spot. He shivered when she found it. He groaned when she started sucking on it. She pulled his hair again and whispered in his ear. “What do you want, Ric?” He let out

a low growl and spun around, pulling Thea from Kai's grip. Alaric knelt and laid Thea on her back on the ground. He lowered himself on top of her, kissed her, and thrust against her core, her legs still wrapped around him. He could feel her warmth and wetness through her jeans. Alaric broke the kiss when they were close and put their foreheads together. He looked into her eyes as they came, shuddering together.

Thea looked up at him lovingly then kissed him again. A short, sweet kiss. He rolled off her to the side. She looked at Kai and Conri, both gripping themselves through their jeans while they stared down at her. She smiled. "Who's next?" Kai fell to his knees between her legs. He unbuttoned her jeans and slid his hand under her panties and into her slick core. "Goddess, darling, you're so wet," he said. She opened his jeans, reached under his boxers, and grabbed his erection. She pumped him up and down. His thumb held pressure on her clit while she tilted her hips back and forth, taking his finger in and out of her core. "That's it, darling, ride my finger," Kai said. "Kiss me, Kai," she said. He leaned down and took her lips with his. A while later, she broke the kiss and whispered in his ear.

"Come for me." A second later, he came. The feeling of his hot seed on her hand sent her into a long climax that had her crying out in a satisfied whine. They slowed down, and Kai sat back on his heels. He licked her juices off his hand, then wiped his cum off Thea's hand with his shirt. He gave her one more kiss, stood up, stepped to the side, and buttoned his jeans. Thea looked at Conri with hooded eyes.

He took a step toward her, and she sat up to a kneeling position. She pushed his jeans and his boxers down. Before he could think, she grabbed him with her hands and brought his hard length into her mouth. He bucked and gasped, then his fingers slid into her hair and held her gently. She looked up at him, and there was an expression of shock and awe on his face. It slowly morphed into a look of adoration. He started

tilting his hips back and forth ever so slightly, then he pulled back, but Thea didn't let go. "I'm going to come," Conri said. She took him deeper, and he bucked as he came at the back of her throat. She didn't expect to like it as much as she did, but she nearly came when she felt his hot seed on her tongue. Thea swallowed his cum then let him pull out of her mouth.

She licked her lips, and Conri pulled her up and kissed her. He buried his face in her hair, breathed in her scent, and hugged her tight. "You're so perfect, Thea," Conri said. "You're mine forever. You know you don't have to do that, right?" "I'm as surprised as you," Thea said. "I never wanted to touch someone before, much less do that, but I saw you standing there, and it was all I could think of. You taste really good." She bit her lip. "You liked it?" "Goddess, Con, it's like eating hot fudge while you eat me out. I almost came just from the feel and taste of your cum." "I was so shocked. I didn't know what to do. I didn't have the presence of mind to make you happy." "I'm happy, Con." Thea felt Alaric and Kai behind her. They each put a hand on her back. "Lunch is ending soon," Alaric said.

Thea pulled back from Conri, faced the three of them. Kai reached toward her and buttoned up her jeans. "Thanks," Thea said. She tucked her breasts back inside her bra. "We're all a mess. We should just get out of here." "Thea playing hooky? I'm shocked," Kai said. "I'm soaked through my jeans. It looks like I peed my pants," Thea said. "I can't stay here." "That's hot," Kai said. She smiled. "You're right. It is hot. You two have the same problem, and I like it, but I don't want anyone else to enjoy it. That's mine. I did that." "Yeah, you did," Kai said, smiling. "I like the possessive side of you," Alaric said. Thea smiled. "Let's go before we jump you again and someone walks in on us," Alaric said. The triplets and Thea left the school and hung out in the woods on their land for a few hours, relaxing and talking about shifting. "I can't wait to mind link," Thea said. The triplets nodded in agreement. "We'll finally be able

to join in pack activities that require communicating at a distance,” Conri said.

“We’ll be able to say dirty things to you in public,” Kai said. “Mmm. Yeah,” Thea said. “It’ll be weird to have our wolves in our heads, talking to us,” Alaric said. “They say you get used to it, and then it’s like having your best friend with you all the time,” Thea said. “I wonder what our wolves are going to look like,” Conri said. “Will we all look the same like we do now? Or will our wolves be different?” “They’ll be different,” Thea said. “How do you know?” “Because you have different personalities. You’re different people. Your wolves will reflect that.” They each gave her a quick kiss. “You’re the only one who can tell us apart,” Kai said. “I don’t know why. It’s obvious who’s who. You couldn’t be more different.” “Only our mate would think so,” Alaric said. She looked at him. “Even our mother confuses us.” “I can’t wait to be stronger. To finally have the strength of my wolf,” Thea said. She smiled, thinking about it. “Healing faster is going to be nice,” Kai said. “When have you ever needed healing?” Thea said. “You never get tagged in a fight.” “I can take more risks if I know I can heal,” Kai said. “I never got the impression you held yourself back,” Thea said. Kai shrugged. “Getting our canines, being able to mark you, that’s going to be amazing,” Conri said. “Hey, your dad was very clear about that. That can’t happen the moment you shift,” Thea said. “Yeah, yeah,” Conri said. “I still can’t wait. I need my scent on you and yours on me.” They were silent for a moment. “I wonder who’s wolf will be strongest,” Kai said. “Thea’s,” Alaric and Conri said together. “Why do you say that?” she said. “You’re always the strongest,” Conri said. “That’s not true. You guys have way more muscle than me.”
