

## **The Abandoned Husband Dominates**

1236 Randall's Gift!

Jordan finished the wine in his glass and stood up. "I'll go back to my room first."

He wasn't interested in what gift Randall gave Victoria and had no interest in guessing.

Park Sora knew that Jordan was feeling uncomfortable. She looked at Rong Bingshao and said, "Rong Bingshao, take a guess."

Rong Bingshao also took a sip of wine and said, "I'll go and have a look."

As he spoke, he used his godly speed and headed in the direction where Randall and Victoria left.

"Hey, you cheated!"

Park Sora shouted at Rong Bingshao.

Then, Park Sora also stood up. "Rong Bingshao is going. I want to take a look too!"

At that moment, Jordan ordered Park Sora, "Sora, go back to your room and rest. Rong Bingshao has Godly Speed, and he can follow behind them without anyone noticing. You cannot. If Randall and Victoria find you sneaking behind them, they'll think that I sent you to monitor them."

Jordan did not want either Randall or Victoria to misunderstand.

"Alright then."

Park Sora pouted and could only obey.

The sky was already dark. Randall and Victoria took a slow stroll after drinking. They walked out of the boundary of the Immortal Lake and came to a place with flat terrain and good road repairs.

The two of them were going to the hangar of Immortal Lake. As the plane needed a long distance to take off, they had specially renovated it.

The rest of the place remained primitive and natural. It was not that special.

Walking under the night sky, Randall and Victoria didn't notice that Rong Bingshao was following them.

"Randall, you don't have to give me a gift. I'm already very grateful that you saved my life today. I'll be embarrassed if you give me another gift. Sigh, fortunately, you appeared in time. Otherwise, I might have already left this beautiful world."

Randall smiled. "Haha, it's not easy to be the Chief, right? It's not easy to be the master of this immortal lake. You'll be targeted by many people. It's my fault for not reminding you before."

Randall understood Victoria's feelings, but she was just a purple mutant. Wanting to be the owner of the Immortal Lake was a little wishful thinking.

She had no idea that the one in power in this immortal lake was Randall's master, the golden mutant, Mike Baylor. Randall was only the one in power on the surface. He had to listen to his master.

Other than his master, there was also the powerful Moon Maiden.

Previously, the Moon Maiden had controlled the Immortal Lake. Now, it was Mike Baylor's turn.

Randall continued, "I definitely have to give you a gift. After all, I did lie to you. No woman can stand being lied to like this. I know. But, Victoria, I didn't mean to lie to you. The Moon Maiden handed the Mutant Tribe

and the Immortal Lake to me. If I didn't lie and say that I'm a golden mutant, I wouldn't be able to suppress Grachev and the others at all. The Mutant Tribe wouldn't follow me sincerely.

"Actually, I did think of telling you the truth after we got married. Unfortunately, after our wedding, you started to distance yourself from me and didn't want to be intimate with me, so I didn't have the chance to tell you."

Victoria awkwardly played with her hair and said, "Yes, I understand and believe that you're not lying to me on purpose. Plus, you do have a golden bloodline, so it's not a complete lie."

Randall smiled happily. "It's good that you think that way."

As the two of them spoke, they had already arrived beside a few planes.

A subordinate immediately walked forward and bowed respectfully to Randall and Victoria. "Good evening, Chief and Madam!"

Randall nodded and asked, "Is Irene awake?"

Irene?

Both Victoria and Rong Bingshao, who was hiding behind the plane, were stunned.

"Irene? Why does it sound like a girl's name? Randall couldn't be giving Victoria a woman, right?"

Rong Bingshao found it strange. A gift for a woman. If it was a person, it should be a man.

Victoria didn't know who Irene was.

His subordinate said, "She woke up half an hour ago. We prepared a sumptuous meal for her and are playing Tom and Jerry for her to watch."

Randall reprimanded, “Childish! Irene is so intelligent, why would she like to watch such a childish animation? Remember to change to Doraemon next time!”

His subordinate complied. “Yes!”

After that, Randall looked at Victoria. “Victoria, wait here for a moment. I will invite Irene down.”

Victoria was dumbfounded. “Oh, okay...”

Victoria wondered if Irene was a little girl.

After Randall boarded the plane, he saw the blue Devotion Bird Irene really sitting on the chair and watching Tom and Jerry very seriously.

Randall walked up to her. His tone was very gentle, as if he was coaxing a little girl. “Miss Irene, you must be bored on the plane. Do you want to go out for a breather?”

The Devotion Bird seemed to understand what Randall said. It immediately got up and chirped.

Then, Randall brought the Devotion Bird Irene down.

As soon as it got out of the plane, the bird immediately soared into the sky!

“Oh my God...”

Victoria was also shocked to see this blue bird!

The Devotion Bird Irene flew happily in the sky. After flying past her, there were blue sparkles in the sky. They were like stars, but much denser and brighter than stars.

Rong Bingshao was shocked when he saw the blue bird. He immediately took out his phone to take a photo and video called Jordan.

Victoria couldn't help but ask. "Randall, what kind of bird is this? Why haven't I seen it before? Heavens, it's too beautiful, how can there be such a beautiful bird in this world?"

Seeing how excited Victoria was, Randall thought that it wouldn't be a problem for him to seduce her again. "Hehe, she's the Devotion Bird Irene. I created her with the inspiration I got from the Classic of Mountains and Seas. Her status is even higher than the mutated tiger and gorilla you saw today. She is also the gift I want to give you!"

Victoria was extremely excited and smiled brightly. "Really? You want to give this bird to me?"

Randall nodded.

Victoria originally wanted to politely decline Randall's gift, but when she saw this bird, she excitedly said, "Thank you, Randall!"

At that moment, Jordan picked up the video call from Rong Bingshao. He had just returned to his room and sat down.

Rong Bingshao aimed the camera at the Devotion Bird in the sky. Jordan was shocked when he saw it.

"There's actually such a strange bird in the world? Is this also Randall's?"

Rong Bingshao whispered, "This is Randall's gift to Victoria. He said it's a bird called Irene, and he said he created it after being inspired by the Classic of Mountains and Seas. Victoria is already grinning from ear to ear. I advise you to come over and take a look. This Devotion Bird is even prettier than the Moon Maiden's fox!"

1237 My Choice Is Jordan!

Jordan could not help but feel jealous when he heard that Victoria was grinning from ear to ear because of Randall's gift.

Although Jordan did not want to intrude on Randall and Victoria's private date, he couldn't deny that he was very interested in the bird that was inspired by the Classic of Mountains and Seas, because he had been reading the Classic of Mountains and Seas recently.

Jordan said immediately, "Alright, Rong Bingshao, come and pick me up."

The location between Rong Bingshao and Jordan was not too far. He immediately used his Godly Speed to go to Jordan's room. Then, he grabbed him and brought him back.

At that moment, Jordan was hiding behind the plane. He was shocked when he saw the Devotion Bird flying freely in the sky. With its gorgeous and noble body, it blended with the beautiful stars in the night sky.

"Although this Devotion Bird is not exactly the same as the description in the Classic of Mountains and Seas, it is also a species that has never appeared in the world. It's truly beautiful."

Jordan loved it as a man. When he looked at Victoria again, her eyes were filled with infatuation. She was completely mesmerized by the bird.

Randall called Irene back after letting her fly around for a while.

"Irene, come here. Let me introduce you to someone."

When Irene heard Randall's call, she flew down obediently and came to his side.

Randall smiled and said, "Irene, let me introduce you. This is your new master, Victoria. She'll be your 'Mom' from now on."

Victoria looked at the bird up close and excitedly greeted her. "Irene, baby, are you willing to follow me? I will definitely take care of you like my own daughter!"

Victoria touched Irene's wing.

The Devotion Bird Irene let out a cry, seemingly not rejecting Victoria's touch.

Randall smiled. "Victoria, it seems Irene likes you very much. A purple mutant is indeed different. Irene wouldn't even be willing to get close to my subordinates, let alone allow them to touch it."

boxn ov el. c o m

Victoria became happy again. "Really? That's great! Irene, Mommy likes you too!"

Victoria started playing with the bird Irene.

After letting them play for a while, Randall suddenly grabbed her hand and said, "Victoria, let's get back together."

"Ah?" Victoria's smile froze.

Jordan paused as well. He wondered if Victoria would agree to be with Randall again.

"I know that you despise me for being a black mutant and that I'm not worthy of you, but this is only temporary. Let me tell you a secret. Actually, my ex-girlfriend, Moon Maiden, is about to die. Before she dies, she will transmit all of her golden bloodline to me. At that time, I will be a golden mutant."

Victoria was startled. "What did you say? The Moon Maiden... is dying?"

Behind the plane, Rong Bingshao clenched his fists. "Damn Randall, how dare you curse the Moon Maiden! You're the one who's about to die!"

Randall said, "That's right. Actually, the Moon Maiden isn't young anymore. She's already 60 years old. She's much older than me, and she is not from the same era as me. She just dressed up very young and used some beauty treatments. Her children died in an accident. She was also very passive and tried to commit suicide several times. Sigh.

“Victoria, once I become a golden mutant, I’ll also pass on the golden bloodline to you. You’re a purple mutant, and you’re not much different from a golden mutant. It’s easier for you to absorb the golden bloodline. Don’t you want to become a golden mutant?”

Randall knew very well what Victoria needed and yearned for now. For women over 30, love was no longer what they valued the most. They were realistic and did not depend on other people’s status.

After Victoria heard this, she thought of a scene when she became a golden mutant and ruled the world.

Jordan knew very well that Randall was fooling Victoria at that moment, ‘Why would someone with a golden bloodline be willing to pass on their abilities to others? Victoria, don’t be stupid!’

Victoria hesitated. “Randall, can you give me some time to consider?”

However, Randall didn’t want to give her time to think about it because his master had a limited time to give the bird to him. It only had three months and had to be taken back when the time was up.

If Victoria were to think about it for three months and lose all her bird, how would he be able to get her back?

Randall said, “No, Victoria, I love you so much that I’m going crazy. I don’t want to wait a second longer! Today, no... You have to give me an answer now! I’ll give you two choices. The first is to become my woman again. You’ll still be the wife of the Mutant Tribe’s Chief. In the future, after the Moon Maiden dies, I’ll pass on the golden bloodline in her body to you to help you become a golden mutant. At that time, I’ll completely hand over the Mutant Tribe and the Immortal Lake to you. I’ll be your assistant!

“If you’re unwilling, leave the Mutant Tribe and get back together with Jordan!”

Randall gave Victoria two choices, forcing her to choose between him and Jordan!

Victoria didn't expect Randall to be so resolute. "You... you want to expel me from the Mutant Tribe?"

Randall said, "If you're not willing to be my woman, I can't keep you here. You know how much I like you. In the past, I could see you every day, but I couldn't sleep with you. That feeling was terrible!"

Randall's words were very straightforward. Victoria knew that no matter how powerful a man was, he would still have instinctive desires.

At that moment, Rong Bingshao and Jordan started discussing softly.

"Jordan, who do you think Victoria will choose? Why don't you make a prediction?"

Jordan shook his head. "I hate predictions more and more now."

In reality, no matter who Victoria chose, Jordan would not feel comfortable.

Jordan would not feel good if she chose Randall. However, if she chose him, Jordan did not know how to face Victoria's request to reconcile. He wished he could postpone this matter, so why would he predict it in advance?

Randall saw that Victoria was hesitating. "I'll only give you three minutes to consider."

As time passed, Victoria was at a loss. She kept tossing up between Randall and Jordan in her mind.

Finally, after a minute, Victoria slowly spoke. "Randall, I really like Irene and yearn for the golden bloodline, but I can't be so cruel as to take your ex-girlfriend's blood. Furthermore, I'm really touched by Jordan today. He stood up for me when I was in danger. He would rather die to protect me. So I am sorry. My choice is... Jordan!"

1238 Victoria and Randall Get Back Together!

Victoria chose Jordan!

At that moment, Jordan felt extremely happy when he heard the decision. He was inexplicably happy!

Before this, Jordan was in a dilemma because even if Victoria chose him, he did not know how to face her. However, Jordan was very happy after hearing the result. Victoria chose him when faced with the temptation of the golden bloodline!

It was just like how Victoria had many billionaires chasing after her back then and chose to be with a pauper like Jordan.

In reality, the reason why Victoria did not choose Randall was partly because she was indeed touched by Jordan. On the other hand, Randall's promise was too vague.

Victoria had never seen the golden mutant called the Moon Maiden before. She didn't know if she was really about to die and would pass her golden bloodline to Randall.

Even if it was true, would Randall be willing to pass it on to Victoria after obtaining the golden bloodline?

Randall had a history of lying and exaggerating. This was the same as cheating. If there was a first time, there would be a second time. He was not worth trusting. Instead of believing in something that might not be realized, it was better to pursue real love in front of her.

At the very least, it was true that Jordan stood out today and was willing to die for her.

Rong Bingshao said in a low voice, "Jordan, congratulations. Your ex-wife has returned. She's even a purple mutant. This time, our strength has increased again. Haha."

Jordan said, "Don't talk nonsense. Even if Victoria comes to look for me, I might not be with her again. However, I'm still very happy that she's willing to make this choice. I've decided to reveal my identity as a golden mutant and take over Randall's Mutant Tribe. Then I'll hand over the

Immortal Lake and the mutants to Victoria to manage. As for my personal relationship with Victoria, we'll see about that in the future."

Rong Bingshao smiled. Although Jordan denied it, he could tell that Jordan was very happy. There was a high chance that the two of them would get back together in the future.

After all, Lauren and Lorta were both ordinary women, while Victoria was a purple mutant. Now, in terms of status, Victoria was the one who was most worthy of Jordan.

When Jordan saw that Victoria was about to leave, he knew that she was going to his room to look for him because she had been expelled from the Mutant Tribe by Randall the moment she chose Jordan.

Jordan knew that Victoria liked this place. He could not let a woman abandon her ideal place just because she liked him. Therefore, he planned to subdue the Mutant Tribe and give it to her as a gift.

boxn ov el. c o m

When Victoria came to look for Jordan, she would receive surprise after surprise. She would not regret this choice!

Jordan said, "Victoria is going to look for me. Rong Bingshao, take me back."

Rong Bingshao said, "Okay!"

Just as Rong Bingshao was about to use his Godly Speed, Randall suddenly shouted, "Victoria!"

"Wait a minute."

Jordan extended his hand and asked Rong Bingshao to stop temporarily.

At that moment, Randall looked a little angry from embarrassment. He shouted at Victoria's back, "Victoria, you chose Jordan over me? Do you know that I can kill this brat at any time?! If it weren't for you, I would

have let the ferocious beast bite Jordan to death today! Also, do you really think Jordan will accept you again? Don't forget that you cheated on him in front of him! He clearly saw you in bed!"

When Randall got angry, he no longer spoke politely to Victoria and was even a little vulgar.

Victoria turned around and said, "Regarding that matter, I believe that Jordan has already gotten over it. Otherwise, he wouldn't have risked his life to save me today. What happened that time can't be considered an affair because that man is also Jordan. Let's just treat it as a role-play. It's no big deal. Jordan is not a petty man."

Randall continued angrily, "Heh, he might have forgiven you for this, but what if he finds out that the two of us once did it in the room next to his? Do you think he'll be angry?"

Boom!

Jordan's head pounded when he heard that. He did not expect to hear such explosive news when he came to eavesdrop on their conversation!

"Victoria and Uncle were in the room next to mine...?"

Jordan was stunned. He had no idea when this happened.

Victoria's expression also changed as she pointed at Randall. "Randall, how... how could you do this!"

Victoria was furious. She didn't expect Randall to be so despicable as to use this matter to threaten her.

Randall scoffed coldly. "Why can't I? You're no longer my woman or a member of our Mutant Tribe. Of course, I have to tell Jordan about this and let him know that the woman he loved the most was just a wall away from him. She and I..."

"Enough! Stop talking!"

Victoria shouted loudly to stop him from continuing.

Victoria's eyes were filled with tears as she helplessly fell to the ground. Irene saw this and flew over to accompany her.

"Irene ..."

Victoria hugged Irene and started crying.

Randall walked forward and handed Victoria a tissue. He comforted her, "Victoria, you and Jordan can't go back anymore. Let's move on. Me, Irene, and the golden bloodline. These are so many precious things. Can't they compare to Jordan?"

She cried for a while before wiping her tears and standing up again. She knew that she had made too many mistakes and could no longer get back together with Jordan.

Not only did she want to find a man to vent her emotions on when Jordan and Lauren got married, but she also had sex with Randall in the next room on the night they broke up.

In fact, after she married Randall, she even stood on his side and asked Jordan to kneel down and apologize to him.

Victoria held back her tears and looked at Randall. "Alright, I agree to reconcile with you."

Jordan was very unhappy when he heard that. If Victoria had chosen Randall from the beginning, Jordan would not have felt anything.

However, after hearing so much, Jordan's anger was already monstrous!

Randall laughed and hugged her. "Hahaha, Victoria, you made the right choice. I will make you the happiest and most honorable woman in the world!"

Randall then kissed Victoria.

Victoria tried to dodge, but Randall still kissed her.

After that, Randall seemed to want to make his next move but was pushed away by Victoria. “Randall, no.”

Randall said, “What’s wrong? Don’t tell me you still want to maintain your noble body and not let me touch you? Then what’s the point of our reconciliation?!”

Victoria bit her lip and lowered her head. “Can we talk about this after Jordan leaves? Jordan was about to die for me today. I can’t do this with you here.”

1239 Rong Bingshao Returns to the Past!

Victoria initially wanted to get back together with Jordan, but she was forced into a corner. In the end, she returned to Randall’s embrace.

She could not help but sigh. Her fate was full of misfortune. She was really not fated to be with Jordan.

She thought that Jordan would love her to death. She felt that Jordan would definitely cherish her when she returned to his side as a purple mutant.

Unfortunately, she had done too many things that could not be undone. Once Jordan found out about these things, the two of them would probably not last long.

Jordan was furious. He wanted to emerge from behind the plane immediately. He wanted to interrogate Randall and Victoria properly. When did the two of them do those dirty things behind his back?

He wanted to show his golden mutant ability. He wanted to stain the Immortal Lake with the blood of the mutants!

However, just as Jordan was about to attack, Rong Bingshao activated his Godly Speed and grabbed him before leaving.

Swoosh.

Soon, Rong Bingshao sent Jordan back to his room.

Jordan was furious. He kicked Rong Bingshao down and said angrily, “Bastard! Who asked you to bring me back?! Take me back immediately. I’m going to kill that bastard Randall!”

Rong Bingshao knew that Jordan was in a fit of anger and tried to coax Jordan.

“Jordan, calm down. Impulsiveness is bad. Sigh, it’s rare to see you so angry. I’ve never seen you so angry when I went against you before. We haven’t figured out Randall’s background yet. Who’s backing him up? Who gave him those two divine beasts and that Devotion Bird?”

“After listening to Randall’s words and recalling the conversation between me and the Moon Maiden, I have a growing feeling that other than the Moon Maiden, there is another golden mutant whose strength is not inferior to the Moon Maiden! Otherwise, the Immortal Lake would not have fallen into Randall’s hands. If you act rashly, you might alert the enemy!”

Jordan said angrily, “So what if we alert the enemy?! So what if they’re golden mutants?! Let them attack together. I, Jordan, am not afraid!!”

They were all golden mutants. Why would Jordan be afraid of them?

boxn ov el. c o m

Rong Bingshao was sure that Jordan was impulsive now. When they were drinking just now, Jordan had said that he had to be careful and keep a low profile.

Rong Bingshao had promised the Moon Maiden to protect Jordan, so he had to do it.

“When exactly did Victoria and Randall get together? Before you broke up with Victoria or after you broke up? If it’s after the breakup, I think you don’t have to be so angry.”

Jordan fell into deep thought as well. He was puzzled as well. When and why were Randall and Victoria having fun with him just one wall away?

“A wall away... In other words, Randall and Victoria stayed next to me...”

Jordan thought about it and suddenly remembered that on the night Jordan and Victoria broke up, Randall stayed in the room next to his!

That day, they destroyed Shaun and stayed there for the night. Then, Victoria broke up with Jordan. It was raining heavily outside, so Victoria ran out.

Could it be that Victoria went to Randall’s room after running out? She had just broken up with him, but she went to seek refuge with Randall? She even had sex with him?

Jordan could not believe that Victoria would do such a thing.

“It’s not before or after the breakup. It’s on the day of the breakup. It must be that day!”

Rong Bingshao said, “It’ll be easier if we know which day. We can go to Malta immediately and use the Time Gate to return to that day in the past. Won’t you know what’s going on when you see it for yourself?”

Rong Bingshao suggested that Jordan return to the past and see what Randall and Victoria had done behind his back.

However, how could Jordan leave this place so easily?

Randall had let Jordan down. After what he had done behind Jordan and Victoria’s backs, Jordan would not leave without venting his anger!

Moreover, Jordan had promised to leave tomorrow morning.

Jordan was even more afraid that Victoria would climb onto Randall’s bed the next second after he left!

Victoria had said earlier that Randall was rejected because Jordan was here.

Jordan looked at Rong Bingshao and said, “I can’t leave here. Rong Bingshao, fly to Malta immediately and travel to the past. Help me

investigate this matter. Remember, from the moment Victoria left my room that night, record all her actions and conversations with Randall and show them to me!”

Rong Bingshao said quickly, “Yes!”

Without further ado, Rong Bingshao set off at once.

It was a long way from Immortal Lake to Malta. Fortunately, it was not too late. Rong Bingshao could be there before morning.

Rong Bingshao flew at full speed to Malta as fast as he could. Then, he set the time and traveled to the night Jordan and Victoria broke up.

...

Beep, beep, beep.

On a rainy night, Rong Bingshao crossed over to Cloud Lake Town. He could already see Jordan drinking with Randall, Victoria, and the others from afar.

Today was the day Randall and Jordan reunited, so both of them drank a lot.

Rong Bingshao was hiding in the distance, watching them carefully.

Splash... Splash...

The rain became heavier and heavier. Victoria held up a red umbrella and leaned against Jordan. She held the umbrella for him, afraid that he would get drenched.

In fact, Victoria did not even care that her left shoulder was drenched by the rain. She wanted to completely shield Jordan from the wind and rain.

Rong Bingshao could not help but find it unbelievable when he saw that. “I can tell that Victoria still loves Jordan very much at this moment. Why would she have sex with Jordan’s uncle at night? It’s even more chaotic

than the relationships between men and women in Gossip Girl and Arrow.”

After a while, Victoria looked at Randall with admiration and a smile. “Uncle, I really can’t drink anymore. I drank too much today.”

At the side, Lota also said, “That’s right, that’s right. Let’s drink another day. It’s already so late. Everyone, go to sleep and rest!”

Rong Bingshao was excited. “We’re finally going back to our room!”

Seeing that they had left, Jordan and Victoria returned to their rooms. Rong Bingshao followed them immediately.

He quietly threw a recording device into the room. This was an invention of the Rong family. It had the ability to automatically capture human figures and would find the most suitable angle to shoot.

Naturally, there was also a recording function. Rong Bingshao could see and hear everything in real time outside the door.

Through the recording device, Rong Bingshao saw Victoria and Jordan. They kissed passionately as soon as they entered the room.

“Oh my god! I don’t believe it anymore! Victoria obviously loves Jordan more! How could she be with Randall in the next second? What happened?!”

1240 Jordan’s Fury!

At six o’clock the next morning, at the Immortal Lake in Mount Denali.

Jordan was still sitting on the small wooden chair in the room. He had not slept the entire night and was waiting for news from Rong Bingshao.

Beep!

Jordan’s phone suddenly rang. Rong Bingshao had sent a large video over.

Jordan knew that this was a video secretly recorded by Rong Bingshao when he returned to the past. He quickly clicked to watch it!

He wanted to know what Victoria and Randall did behind his back that night!

Pitter-patter...

It was night time in the video and the rain was heavy. Victoria ran out of Jordan's room while crying.

The sound of the rain was very loud, completely covering Victoria's cries. However, Jordan could feel how sad Victoria was at that moment.

Naturally, Jordan remembered what happened that night. That night, Victoria entered the room and wanted to be intimate with Jordan. However, Jordan recalled what happened between Victoria and "William". He could not continue with Victoria, so he rejected her.

Subsequently, Victoria broke up with Jordan. Jordan tacitly accepted it and allowed her to leave.

At that moment, Jordan had indeed broken Victoria's heart!

Suddenly, Jordan saw a man chasing after Victoria.

"It's Randall!"

Jordan recognized Randall at a glance.

boxn ov el. c o m

At that time, Jordan's room was next to Randall's room. The soundproofing there was not good either. Jordan and Victoria were arguing so loudly that Randall must have heard them.

Therefore, after Victoria left Jordan's room, Randall saw that Jordan did not chase after her, so he quickly chased after her.

"Victoria, it's raining so heavily. Why did you come out?"

Randall stood in front of Victoria.

Victoria said aggrievedly when she saw Randall, “Jordan doesn’t want me anymore...”

Victoria pushed him away, wanting to leave this place.

However, Randall grabbed her. “Victoria, actually, I’ve liked you for a long time...”

“Damn Randall!”

Jordan could not help but clench his fists when he heard that. Randall had indeed been eyeing Victoria!

Back when Jordan and Victoria were together, Randall had wanted her. Now that they had just broken up, he was taking advantage of her!

Randall used the Immortal Lake as a promise, saying that he could let Victoria obtain superpowers. As expected, her mood was comforted.

“At this time, Randall already knew that Victoria had a purple mutant ability, but he deliberately didn’t tell Victoria so that she would be grateful to him!”

Seeing Randall continuously comforting Victoria with words, the two became more and more intimate.

Then, Jordan saw Randall kissing Victoria!

The rain continued to fall, and the two of them kissed in the rain.

“Victoria!! Why didn’t you push him away!!”

Jordan was so angry that he threw his phone on the ground. Although Victoria had already broken up with Jordan at that time, she had just broken up and was already kissing another man.

It was normal for couples to quarrel and break up. If not for Randall’s intervention, they might have recovered in a few days. However, Randall

took advantage of the situation and did not give Victoria and Jordan a chance to get back together. He snatched Victoria away just like that!

A few minutes later, Randall brought her back to his room for fear of getting her sick.

At that moment, Jordan was in the room next to them.

“Victoria, do you have to take revenge on me like this? You want to sleep with William because I married Lauren? You wanted to sleep with my uncle next door because I broke up with you? Even if I really did something wrong, can’t you be considerate and take revenge on me in the same way?!”

Jordan continued to watch the video. He had a premonition of what they were going to do next.

Fortunately, Victoria did not deliberately take revenge on Jordan. When Randall was about to make out with Victoria, Victoria rejected him because she was worried that Jordan would hear her due to the bad soundproofing.

Later on, Randall took out a soundproof door and completely blocked the sound before Victoria compromised.

Seeing the intense scene between the two of them, Jordan was so angry that he smashed the table on the spot!

“Randall! How dare you do this to my wife? I’m going to kill you!”

Jordan stood up angrily. As a man, as a Deity and a golden mutant, he could not take it anymore!

He would no longer care about his uncle and nephew’s relationship, let alone who was behind Randall. He wanted to settle scores with Randall immediately!

Jordan walked to the door angrily. Just as he pushed the door open, he saw Linus of the Mutant Tribe appear at the door.

Linus smiled and said, "Oh, you're awake. I was just about to knock on the door to wake you up, hehe."

Jordan looked furious. When he saw Linus, he asked directly, "Where's Randall?!"

Linus said with a smile, "What a coincidence. It was our Chief who asked me to call you over and inform you not to leave immediately. Before we leave, we have a game to play."

Jordan said angrily, "Play a game? Do I still have the mood to play games with you?"

He wanted to kill someone at that moment. He was not in the mood to play games with Randall!

Linus smiled when he saw Jordan's expression. "Hehe, a Deity is indeed a Deity. It seems like you've predicted that our Chief won't just let you play games. It's useless for you to be agitated now. Who asked you to humiliate our Chief last time in the capital? If our Chief doesn't teach you a lesson today and lets you leave this place, it will be a very embarrassing thing.

"To be honest, Jordan, although I'm very grateful to you for exposing the fact that our Chief is a black mutant, you've offended our Chief. If you don't play this game today, don't even think about leaving!"

Jordan was shocked. He thought that Randall had really arranged a game. However, from what Linus said, it did not seem to be as simple as a game.

Jordan asked, "What game did Randall arrange for me?"

Linus was puzzled. "Didn't you already predict it? Alright, I'll say it again anyway."

"We're playing Red Light, Green Light. You've played this game before, right? If anyone moves, they'll be shot!"

Jordan scoffed when he heard that. "Shot? Randall wants to shoot me?"

Jordan was furious. Randall, that bastard, had snatched his woman and deliberately slept with her in the room next to his. He had spent the entire night with Victoria so that Victoria would never be able to turn back with Jordan.

Once Victoria wanted to turn back, Randall would use this matter to humiliate her. He really had ulterior motives!

"Alright! I'll play with him! Call him out immediately! I want to hit him myself!"
