

The Abandoned Husband Dominates

1256 Gathering of the Four Mutants!

Randall did not expect his master to not feel nervous or threatened after knowing that Jordan was a golden mutant. Instead, he was very excited as if he was very happy to see Jordan become a golden mutant.

So Randall asked in confusion, “Master, what big plan?”

All these years, although Randall had taken over the management of Immortal Lake on behalf of Mike Baylor. He helped him choose talented people from all over the world to become mutants. He thought that Mike Baylor was doing this to form a powerful Mutant Tribe. He had no idea what Mike Baylor’s grand plan was.

Mike Baylor said, “Randall, I’ve been waiting for the next golden mutant for so many years. I didn’t expect it to be your nephew. You really deserve to die. Why didn’t you test his talent early after being close to him? You made me wait for so long! I’m going to the Immortal Lake immediately to meet the Moon Maiden and your nephew. Oh, right, I also have to call that big-eared monk. Haha, very good. We haven’t gathered in a long time!”

Mike Baylor looked very excited.

When Randall heard that Mike Baylor wanted to meet the Moon Maiden and Jordan, he said immediately, “Um... I just tricked Jordan to go to Sapu Sacred Mountain. He’s with the Moon Maiden now.”

Mike Baylor said, “Oh? Really? That’s great. Then I’ll just tell the Moon Maiden.”

Once he had informed the Moon Maiden and Jiumo Kasyapa, Mike Baylor came to his “Tamed Beast Garden”.

After passing through a tall forest of trees, Mike Baylor arrived at a large clear lake.

The lake was not frozen. In the cold Antarctic, it seemed very warm.

Mike Baylor looked at the calm lake and called out, "Big baby, do you want to go out and play with me?"

A few seconds later, a huge creature suddenly emerged from the lake!

This was a creature that no one had ever seen before. Its size and appearance were very similar to the legendary "dragon" in China!

This was indeed a dragon. It was a horned dragon developed by Mike Baylor!

The horned dragon's entire body was golden in color, symbolizing the highest level of nobility. As soon as its head emerged from the water, it revealed a domineering face. When it completely emerged from the lake, its body was dozens of meters tall!

Not only could it swim in the water, but it could also fly in the sky!

Dragons could hide in deep water and soar above the nine heavens!

Mike Baylor had created an animal from ancient Chinese legends, and its characteristics and personality were very similar.

This was also Mike Baylor's proudest work in his life and the most powerful ferocious beast!

Mike Baylor happily stroked the Horned Dragon's head and said with a smile, "I haven't seen you for a month and you've become even more powerful, hehe. Big baby, your strength has already reached the level of a golden mutant. Even the Moon Maiden and that big-eared monk might not be your match. Hehe!"

Roar!

The horned dragon let out an earth-shattering roar, demonstrating its power.

Mike Baylor nodded. "Very well. You will accompany me on this trip to Immortal Lake. However, your presence is simply too powerful. If we just fly you through the sky or let you swim through the sea, it will definitely be world news. That old woman from the Moon Maiden has always told us to keep a low profile and not expose our golden abilities. I guess I'll have to give you some medicine. You'll have to sleep all the way. Once we arrive, I'll find you a better place to stay."

Roar!

Roar!

The horned dragon could understand Mike Baylor's words and expressed its dissatisfaction with the fact that it was about to fall asleep.

Still, it obeyed Mike Baylor.

...

Sapu Sacred Mountain, Sacred Lake.

Jordan was rather shocked when he found out that the golden mutant, Mike Baylor, was Randall's master. However, he immediately understood where Randall's confidence came from and why Randall had the golden bloodline.

"So the two ferocious beasts that Randall brought were borrowed from him. Is taming ferocious beasts Mike Baylor's golden ability?"

The Moon Maiden was about to answer when the white earring on her ear lit up.

"I need to take this call."

Moon Maiden tapped lightly on her earring and picked up the call.
"Mike."

“Yes!”

“Today?”

“When will you arrive?”

“Okay.”

After a few simple exchanges, the Moon Maiden ended the conversation.

Subsequently, the Moon Maiden said to Jordan, “Mike Baylor is coming. He wants to meet us at the Immortal Lake. He said that he has something very important to discuss with the four of us golden mutants.”

Jordan was slightly shocked. He did not expect that this guy would come to see him immediately after he found out about his existence.

This was probably all thanks to his uncle, Randall. It seemed like Jordan had indeed lured the snake out of its hole by letting Randall escape.

Randall must have told Mike Baylor that he was a golden mutant, which was why Mike Baylor couldn't wait to see him.

However, the meeting this time was different from what Jordan expected.

“I thought Randall was going to complain to Mike Baylor, and Mike Baylor was going to come after me. But if he was going to come after me, he probably wouldn't have called the Moon Maiden or the Indian monk. After all, the Moon Maiden should be on my side.”

If they were to fight right away, everything would be simple. The more they did this, the more Jordan did not know what the other party's intentions were. Was he a friend or foe?

“Alright, I'll be able to see three golden mutants in one go today. It's a huge gain!”

If the golden mutants wanted to hide, Jordan might not be able to find one even after ten and a half years.

If he could not find them, Jordan would have to live very carefully.

Now, he could see all the golden mutants that could threaten him in one go. He did not have to be afraid anymore.

Jordan nodded. "Sure, I'll treat them well at the Immortal Lake. Are we going to the Immortal Lake now?"

The Moon Maiden said, "There's no need to be in such a hurry. It'll be a few hours before they arrive. This is your first time on Sapu Sacred Mountain. Why don't we sit here and have a cup of tea and chat?"

Jordan said, "Sure. However, there doesn't seem to be any seats or tea here."

Jordan wondered if the Moon Maiden would call a maid over.

Unexpectedly, the Moon Maiden said, "With you around, doesn't that mean we can have it just like that?"

Good lord, the Moon Maiden wanted Jordan to take out the tables, chairs, and teacups. That indeed saved her the trouble!

Jordan smiled and did not mind. With a wave of his hand, he conjured a small wooden table, a tea set, and two chairs.

The Moon Maiden looked at the table, chairs, and tea set that Jordan had conjured and nodded in satisfaction. "Hmm, your taste is not bad. I do like this tea set."

The Moon Maiden then sat down unceremoniously.

Likewise, Jordan took a seat with a smile. "I made it according to the tea set at my wife, Lauren's grandfather's house. That old man is a tea master. Naturally, the things he uses are not bad."

"Okay."

The Moon Maiden picked up her teacup and seemed to be uninterested in chatting about mortals like Lauren's family. Instead, she asked, "Jordan, you're a golden mutant that I discovered. If you have anything to ask me, you can ask me. I'll tell you everything I know. You don't have to worry about me lying to you. After all, there is no reason for me to lie."

Jordan could feel the Moon Maiden's friendly message to him. Among the four golden mutants, only Jordan and the Moon Maiden were from the same country. Naturally, they had to join forces!

Therefore, Jordan looked at the Moon Maiden's beautiful figure and charming face. He could not help but ask, "Are you single? When was the last time you fell in love?"

1257 Mike Baylor's Story!

The Moon Maiden took a sip of tea and almost choked when she heard this question. She did not expect Jordan, who had just met her, to ask her such a private question!

The Moon Maiden asked in surprise and embarrassment, "Why... why are you asking such a thing?"

Naturally, Jordan was not an uncivilized pervert who would pry into her privacy when he saw that she was a beauty. He just felt that the Moon Maiden was too calm and composed, so he wanted to tease her.

Jordan said with a smile, "I'm just curious. Miss Moon Maiden, you're like a goddess. You live in the Sapu Sacred Mountain. You can fly and control the weather. You're also beautiful. You're simply the most perfect woman in the world. I'm very curious. Would a perfect woman like you still like a man? After all, according to the current standards of women, I'm afraid no one in the entire world is worthy of you."

Jordan took the opportunity to praise the Moon Maiden. He knew that a beautiful woman who had been praised many times would be happy to hear praise.

After being praised, indeed the Moon Maiden became very happy. “Well, I’m actually not that perfect...”

Being familiar with psychology, Jordan had experienced many women with different personalities. He knew that her words meant that in her heart, she was a perfect woman.

Jordan saw that the Moon Maiden finally revealed the shyness of a girl. He had achieved his goal, so he said, “I was just joking with you. Don’t mind me. I have serious questions for you. I saw that you can fly. Is your ability to fly part of your golden talent? Can other golden mutants fly too?”

This was what Jordan was more concerned about. In his opinion, the Moon Maiden’s superpower was to control the weather. It had something to do with flying, but flying was not particularly necessary.

The Moon Maiden returned to her previous “fairy” posture. “Flying is an ability that all golden mutants have. You can do it too. However, I think you have to wait for half a year?”

Jordan was excited, “Half a year?”

The Moon Maiden nodded. “Yes. After obtaining the golden talent, it will take at least half a year to a year for the golden talent to completely fuse into your body. After that, you can go to Immortal Lake again, jump into it, and obtain the ability to fly.”

Jordan was suddenly enlightened. It turned out that he still needed to enter the Immortal Lake a second time to obtain the ability to fly. Fortunately, Jordan had already taken over the Immortal Lake. He could enter at any time and did not have to cross time and space anymore.

He recalled that he had a group of low-level talent subordinates. He asked, “Can mutants below the golden level enter the Immortal Lake twice to obtain abilities?”

The Moon Maiden shook her head. “No, they attain their abilities in one go. No matter how many times they jump in, they won’t get new abilities.”

It seemed that this was a privilege exclusive to golden mutants.

In fact, when Jordan obtained the golden ability, he felt like he was about to fly when he jumped out of the Immortal Lake. He even wondered if he had awakened the ability to fly.

Jordan was not the only one. Victoria, the purple mutant, the black mutant, and even the green mutant had the amazing jumping ability when they came out of the Immortal Lake.

Seeing that the Moon Maiden was so friendly and had told Jordan such important information, Jordan toasted the Moon Maiden with tea.

Subsequently, Jordan continued to ask, “I also want to know about the other two golden mutants. Can you tell me about them? What kind of people are they?”

Jordan wanted to know more about Randall’s master as he was about to face him at the Golden Mutant gathering in the Immortal Lake.

The Moon Maiden slowly said, “I was the first golden mutant in the world. After I obtained the golden talent, I sealed the Immortal Lake and prevented others from knowing about this place. In that case, I would be the only person in the world with the highest ability, and I would still be a woman. However, gradually, I began to understand the calling of the Goddess of the Immortal Lake. Gradually, I realized that I needed to gather five golden mutants. As a result, I opened access to the Immortal Lake.

“At that time, I didn’t know that I could extract the Immortal Water from the Immortal Lake and bring it out for ordinary people to test with their fingers. I could only count on luck. After that, many people came to Immortal Lake by accident. Among them was Mike Baylor.”

“Mike Baylor seemed to have been smuggled to America in his early years. As he was strong, he became a boxer. He seemed to have a good relationship with the boxing champion, Ali. They were both teachers and friends. He was deeply influenced by Ali.

“You know, Ali has always worked hard to speak up for black people, and so has Mike Baylor. He has always wanted black people to be respected. After he became a golden mutant, he was very extreme at one point. He helped many black people achieve success and defeat white people in various fields.”

“However, after a while, he stopped doing that. I asked him why, and he said that it was useless. Even if black people were in leadership positions and they controlled the world’s economic lifeline and were the strongest force, the world would still not respect them. He wanted a way to change the world’s perception of black people from the source.

“I don’t know what exactly he thought of. I only know that he has an extremely strong ability to control the creatures of the world. All the animals in the world listen to him. However, he was not satisfied with the animals that already existed in the world. He felt that those animals were too weak. He started to make some mutated monsters or divine beasts that he had never seen before.

“God knows what kind of terrifying monster he created. Jordan, Mike Baylor is very powerful and ambitious. It’s best if you don’t provoke him,” the Moon Maiden advised Jordan kindly.

Jordan’s expression was serious. In his opinion, if he could allow Randall and the mutants to do so many evil things, this Mike Baylor was not a good person either. In fact, he might be even worse!

Jordan looked at the Moon Maiden and asked bluntly, “Do you think I can’t defeat his monsters? Randall brought two of his ferocious beasts over. He wanted to use them to deal with me, but I scared them away with a roar.”

The Moon Maiden smiled. “That’s because you’re a golden mutant and have a level suppression on them. Don’t tell me you think that after being

a golden mutant for so long, Mike Baylor only tamed those tigers and gorillas? Mike Baylor also has mythical beasts that can contend against golden mutants. Although I have never seen these mythical beasts, I know that they are very terrifying.

“Don’t underestimate Mike Baylor’s ability. You have to know that there are tens of thousands of tigers and lions, hundreds of millions of sharks, and countless flying animals in the world. If Mike Baylor gathers them together, it will be the strongest army. Even I can only manage to escape.”
