

# **The Abandoned Husband Dominates**

## **- Chapter 1291 - 1295**

1291 Victoria Transmigrated!

Victoria sat next to Mike Baylor. She had specially sprayed on a strong perfume today. She rarely used such a strong perfume because it would make people feel suffocated.

However, for a black foreigner, this strong perfume was just right.

As expected, Mike Baylor smelled Victoria's perfume and revealed a happy expression.

Victoria's expression gradually dimmed because she was about to talk about a sad past that she didn't want to look back on. However, even though this past was tragic for her, it had been mentioned many times so she didn't feel too emotional about it.

The reason why she paused for so long was more or less because she was acting.

Victoria was the first to ask. "Chief, do you know who Shaun is?"

As what they were about to talk about was related to Shaun, Victoria first asked Mike Baylor if he knew Shaun.

Mike Baylor nodded in surprise. "Yes, I know of him. This guy almost overthrew and ruled the eight families. He's very impressive and smart. If he's the fourth golden mutant, I believe he'll be very willing to cooperate with me."

Victoria ignored Mike Baylor's praise for Shaun and said with a sad expression, "Shaun has a grudge against Jordan. Jordan killed Shaun's mother and chased him out of the Schmid family. Shaun and his wife were very angry and wanted to take revenge on Jordan. Shaun's wife found me and controlled me. Do you know about their abilities?"

Mike Baylor said, “Yes, I know. She can control your body remotely.”

Victoria nodded. “Yes. After Shaun’s wife drugged me, she controlled my body. In order to take revenge on Jordan, she controlled my body and went to a hotel to make me have sex with an 18-year-old boy... This incident became the fuse for my suicide in the future. I felt sorry for Jordan, so I committed suicide. In order to save me, he traveled through time and pretended to be another person to approach me.

“The person he pretended to be loved me too much. Moreover, he’s very similar to Jordan. Naturally, I had a good impression of that person. Then, on the day Lauren and Jordan got married, I was angry and confused. I did something wrong with the person he was pretending to be.

“This incident became the catalyst for my breakup with Jordan in the future. Therefore, the matter of Shaun’s wife controlling me is the key to changing my relationship with Jordan. If not for this incident, there would not have been a series of chaos.”

Mike Baylor nodded and agreed with Victoria’s point of view. He lit a cigar and slowly said, “Actually, you were harassed because of the grudge between Jordan and Shaun, so you’re also a victim. Why did you want to commit suicide? I really don’t understand. I thought girls would be more open-minded. It’s actually not a big deal to have sex with an 18-year-old boy. Why did you commit suicide like in the feudal era? It seems that the feudal ideology of thousands of years is still deeply rooted in you, right?”

Victoria paused for a bit before answering. “I won’t end my life for something like this.”

Mike Baylor smiled and stood up. He patted Victoria’s shoulder and said, “Actually, my ultimate goal in life is to change the rotten, discriminatory, and wrong thinking inherent in humans. Don’t worry, one day in the future, I will help you get rid of this way of thinking and let you truly become independent, carefree, and even do whatever you want. Hehe.”

Mike Baylor thought about it and smiled evilly. Victoria didn't quite understand what Mike Baylor was talking about.

In the end, Mike Baylor did not explain much to Victoria. He only said, "I already know about you and Jordan. Since that matter is the most important to the two of you, let's go back and review it with our own eyes!"

Victoria didn't understand. "What do you mean? Go back?"

Mike Baylor smiled and said, "Don't you know that the Rong family has a hidden Time Gate? It's in Malta. We'll go there and then travel to the day you were raped. We'll personally review the entire process as spectators. Oh, don't misunderstand. I don't think you were lying just now. I'm not going over to verify what you just said. I'm going to see if there's anything I can do."

Victoria was startled and quickly stood up. "Go back in time? Why do you want to go back in time? Is there anything you can do? Don't tell me... you want to change history? No, Jordan said that history can't be changed!"

Although Victoria also wanted to erase this disgraceful history, she knew very well the consequences of changing history. Moreover, no one could do it.

Mike Baylor smiled scornfully. "That's funny. I know that Jordan was still drinking milk when the Rong family invented the Time Gate. Do I need you to remind me with his words?"

"Don't worry, I know the principle of going back in time very well. I also know what can be changed and what can't be changed. Don't worry, I won't do anything rash."

Victoria knew that Mike Baylor had a lot of experience and quickly apologized, "I'm sorry, I shouldn't have lectured you."

Mike Baylor said, "It's alright. You're the golden mutant I'm about to create. My tolerance for you is always higher than others. Let's go. Let's go take a look and find a way to persuade Jordan."

Mike Baylor didn't ask Victoria for help. Instead, he used a commanding tone.

As for Victoria, she had never tried the Time Gate before. She had always wanted to experience the wonders of returning to the past!

"Yes, Chief!"

Victoria immediately agreed.

Soon, Victoria and Mike Baylor boarded the plane together.

After getting on the plane, Victoria said, "Chief, are we going by plane? Malta is quite far from here. I'm afraid it will take some time to get there by plane. I think we can ask Master Jumo to take us there."

Ever since Victoria sat on Jumo Kasyapa's "Time Express" last time and felt the wonder of instantaneous teleportation, she had fallen in love with that feeling and wanted to try again.

Mike Baylor said, "I don't want that big-eared monk to know about our trip to the Time Gate."

Victoria nodded and didn't say anything.

Mike Baylor was not in a hurry. He and Victoria drank and chatted on the plane. After a ten-hour flight, the two of them arrived at Malta, where the Time Gate was.

Jordan's men were guarding this place. Mike Baylor did not do anything himself. Instead, he let Victoria use her mental control to paralyze them. Then, the two of them jumped into the lake.

This was the first time Victoria saw the Time Gate. She was shocked and felt that it was unbelievable. She didn't know it was possible to return to the past.

Mike Baylor reminded her, "Victoria, go choose the time. Once you've chosen the time, we can begin our time travel."

"Yes."

Victoria agreed and personally set the time. It was the day she was controlled by Shaun's wife, Clara.

After setting up the time, Mike Baylor immediately grabbed Victoria's hand and brought her to the past.

"Ah!"

The moment she transmigrated, Victoria couldn't help but scream. She even closed her eyes in fear and couldn't help but tightly hold Mike Baylor's large hand.

Even after becoming a purple mutant, Victoria was still a timid little girl at times. She was especially afraid that her face would collapse or an accident would happen when she transmigrated.

Fortunately, the time travel was very successful. She was just a little dizzy.

Mike Baylor let go of Victoria's hand. He had no intention of taking advantage of her. Seeing her shortness of breath, he frowned. "Although this is your first time transmigrating and your body needs to adapt, you are a purple mutant. I don't think I need to prepare an oxygen mask for you, right?"

Victoria squatted down and patted her chest. "I... I'll be fine after a while."

After calming down for a while, Victoria slowly straightened her body and said to Mike Baylor, "Chief, I'm ready."

Mike Baylor nodded and looked around. This was the capital a year ago. It was still mid-morning.

After a while, Clara would control Victoria.

Mike Baylor looked at Victoria and said, "You have to change your image. You are almost the same as you were a year ago. It will be troublesome if you bump into your old self or be seen by people who are familiar with you."

Victoria understood the severity of the matter and took it very seriously. "Okay, then how about I disguise myself as an old lady?"

Victoria recalled that Jordan had come to the past and disguised himself as an old man. She wanted to imitate him too.

Mike Baylor said, "That's not necessary. You have the ability to control minds, so you don't have to be too afraid. Just buy a windbreaker with a hat and wrap yourself up. Wear a mask, and no one should be able to recognize you."

Victoria asked. "Can I trouble you to buy me a windbreaker? I... don't dare to meet anyone."

At this time, Victoria was the CEO of a listed company. Many people in the capital knew her.

Shaking his head, Mike Baylor finally said. "Fine. Give me a minute."

After Mike Baylor left, Victoria cowered in a corner and looked at everything in front of her boldly.

"I've transmigrated! I've returned to the past! Oh my god, it's really magical. I thought that the first time I transmigrated would be when Jordan brought me here. I didn't expect it to be Mike Baylor... The first time I teleported was also because of Mike Baylor. Although I can never fall in love with this man, he did bring me many firsts.

"Jordan, I've finally walked the path you've taken in the past. Previously, you traveled through time and space for me and implanted thoughts in mind. This time, I've also come to the past. I wonder what I can do to you?"

1292 Returning to 2021!

Back in 2021, Victoria was different. At this time, she was still an ordinary female CEO living an ordinary life. Who would have thought that a year later, her life would change completely?

Although Victoria had turned into a purple mutant, she was still the happiest CEO at this time.

Mike Baylor quickly brought a black windbreaker for Victoria. After putting it on, due to her tall figure and noble temperament, many people glanced at her as she walked.

Seeing that she was wrapped up tightly, many people guessed that she was a female celebrity. In order not to be recognized, she was like this.

Victoria looked at the time and said, "I'll be going to the Capital's Heurich Building to work. Do you want to go there?"

But Mike Baylor shook his head. "No, honey, we're not going there. Didn't you say Jordan transmigrated once to save you? There's a chance he's in the parking lot of that building. Not only do we have to avoid contact with people we know from this time and space, but we also have to avoid people from the future like us."

Victoria saw how careful Mike Baylor was and agreed. "Mm, then where are we going now?"

Mike Baylor said, "Let's find a place to drink."

Mike Baylor took Victoria to a bar that seemed to be owned by someone he knew. It wasn't the time for the bar to be open yet, so the door was locked. Mike Baylor opened the door and hung up the sign saying that it was closed for business. He and Victoria drank leisurely.

To the two high-level mutants, wine was like water. They would not get drunk even if they drank it.

Victoria asked. "Chief, do you have a family? I mean, do you have a wife and children?"

Victoria suddenly wanted to know more about Mike Baylor.

As he sipped his tequila, Mike Baylor answered, “Well, I had a wife once, but she’s dead. I have a lot of kids, too. I lived with a lot of people with different skin colors. There are white women, black women, and Asian women.

“There was a time when my life was rotten and I slept with a lot of women, so I probably had a lot of kids, too, but I don’t know much about my kids. Maybe some of them became athletes. Maybe some of them are street beggars. Who knows.”

Victoria found this unbelievable. “You don’t even care about your own children? You are so rich and capable, why do you want your children to be beggars?”

Mike Baylor said, “I only have children with those women to continue my excellent black genes. As for whether these children can live well in the future, I don’t care. Even if I give them a lot of money, they might lose it anyway. Why should I waste my time serving these children?”

“My goal is far and wide, and my family is of no concern to me. Right now, I only want to summon the Goddess of the Immortal Lake and ask her to give me stronger abilities so that I can accomplish greater things.”

Hearing this, Victoria couldn’t help but feel that although Mike Baylor was powerful, he was a scumbag. He was an irresponsible man and father in his life.

‘I’ll never like such a man. He’s far inferior to Jordan,’ Victoria thought to herself.

As a woman, Victoria still liked a man like Jordan who was responsible and risked his life for his wife and children.

“Jordan, when I become a golden mutant, I’ll let you see that I’m on your side. I’ll help you. Please wake up and let me become a golden mutant.”

Victoria could not wait to become a golden mutant and prove herself to Jordan.

She knew that Mike Baylor treated her as a chess piece, but wasn't Victoria also using Mike Baylor?

Victoria held her wine glass and pretended to clink her glass with Mike Baylor respectfully. She didn't criticize Mike Baylor for being a scumbag. Instead, she praised him. "If only I could be as carefree as you."

In reality, she was saying in her heart, "You irresponsible piece of sh\*t. You don't even care about your own child. When I become a golden mutant, I will definitely stay away from you."

Mike Baylor clinked glasses with Victoria and smiled. "When you have a great goal, you will become as carefree as me."

Soon, night fell.

Mike Baylor and Victoria chatted for the entire afternoon, and they became more familiar with each other. Seeing that it was almost time, Mike Baylor said, "Victoria, do you still remember the hotel that Shaun's wife controlled you to go to later? Let's go now."

Victoria nodded. "Yes, it was The Waldorf."

Mike Baylor personally drove Victoria to The Waldorf Hotel in a Land Rover.

Victoria sat in the front passenger seat, her heart pounding and she couldn't deny that she felt a little excited. "I wonder if Mike Baylor can change my fate?"

Victoria knew that Clara would control her body to have sex with Shaun. This time, Mike Baylor had brought her here, and it was possible to change this situation!

After parking the car at the hotel, Victoria asked. "What should we do next?"

Mike Baylor unhurriedly opened the suitcase he had brought and took out an invisibility cloak.

“Let’s wear the Invisibility Cloak. This Invisibility Cloak is a product developed by the Schmid family in Switzerland. It can hide a person’s form. I modified it. After putting it on, even if we talk, outsiders won’t be able to hear us.”

Victoria nodded repeatedly. Only by wearing an invisibility cloak could she change history without anyone knowing!

She thought that the two of them would each wear one each, but she did not expect Mike Baylor to only take out one piece and ask the two of them to wear it together.

“Why? Are you unwilling?” Mike Baylor asked.

Victoria quickly replied. “Oh, no, how could that be? It is my honor to be so close to you.”

Victoria snuggled up next to Mike Baylor. The two of them pressed their bodies against each other and hid inside the Invisibility Cloak. Then, they quietly went to the hotel lobby.

After a while, a very sexy and beautiful woman walked in.

It was Victoria from 2021!

To be precise, Victoria was now under Clara’s control. She was now Clara’s puppet.

“She’s here!”

Upon seeing her past self, Victoria became excited.

When he saw “Victoria” who was wearing revealing clothes, Mike Baylor actually became very excited. “Wow, Victoria, you’re so charming at this time. You should dress like this. I have to say, Shaun’s wife has displayed all your strengths. This is very good. Also, why do I feel that you’re more voluptuous a year ago than you are now?”

Victoria was a bit embarrassed. “Hmm... I’m a bit heavier at this time, but I lost some weight after hearing about the attacks today.”

Mike Baylor smiled. “Tsk, tsk, tsk. What a pity. I still like you more at this time. This is the perfect woman’s figure in my heart.”

As the two of them chatted, a handsome boy led a young girl to the hotel lobby.

1293 Personally Saw It!

“It’s Rong Bingshao!”

When Victoria saw the young man, she was extremely emotional. She originally thought that he was just an ordinary high school graduate, but later on, she realized that this was a disguise by Rong Bingshao.

Mike Baylor glanced at Rong Bingshao and smiled. “Nice disguise.”

Then, the two of them saw Clara take the initiative to seduce Rong Bingshao. Rong Bingshao played along and pretended to be very innocent and obedient. Clara led him into the elevator and the two of them went to get a room.

“Alright, let’s follow them.”

Mike Baylor and Victoria quietly arrived at the room where Rong Bingshao and Clara were.

After the two of them entered, they remained invisible because they knew that Shaun was also here.

Victoria held her breath and nervously watched everything.

She kept looking at Mike Baylor, wondering what he’d do, but Mike Baylor kept grinning in an unreadable way, and Victoria couldn’t see through his plan.

“Ms... Ms. Clarke, what... should I do?”

Rong Bingshao pretended to be a little boy and asked Victoria, who was controlled by Clara, nervously.

The 2021 Victoria smiled charmingly and said, “Darling, you don’t have to do anything. Just let me take care of everything, hehe.”

As she spoke, Victoria from 2021 took the initiative to pounce on Rong Bingshao.

At this moment, she closed her eyes, not wanting to see this scene. However, Mike Baylor smiled and seemed to be very happy.

At this moment, a black cat suddenly appeared.

Victoria quickly opened her eyes. Both she and Mike Baylor knew that it was Shaun.

Rong Bingshao fainted instantly, and Clara became alert.

“The Handley family technique!”

However, when Clara saw her husband, Shaun, she did not recognize him at all because Shaun had already swapped minds with Rong Bailun.

Now he looked like Rong Bailun.

Clara questioned the other party, “Who are you?! How do you know the Handley family’s spells?!”

Shaun smiled. “Clara, do you still know that you’re the daughter-in-law of the Handley family? Then why did you sleep with this fresh meat behind your husband’s back? You have really let me down!”

“Are you... Shaun?”

“Who else could it be?”

After the two of them acknowledged each other, Clara immediately hugged Shaun.

One was occupying Rong Bailun' body while the other was occupying Victoria's body. They were both unfamiliar with each other's bodies and had their own thoughts.

Especially Shaun. Victoria was too attractive to him.

Seeing that this couple was about to do something inappropriate, Victoria became nervous. She looked at Mike Baylor and finally couldn't help but ask. "Chief... should we do something?"

Mike Baylor, on the other hand, was still watching the show. He smiled and said, "Don't be anxious. Let's wait a little longer."

She had no choice but to wait.

Then, the two of them heard Clara say, "Shaun, let me use Victoria's identity to serve you?"

Hearing this, Victoria became even more anxious. She knew what was about to happen. She quickly pulled Mike Baylor aside. "Chief, quickly think of a way to stop that bastard Shaun. I don't want my body to be violated by that bastard!"

Although Victoria knew the severity of changing history, she couldn't care less since her body was about to be violated. Thus, she made a very dangerous suggestion.

She knew that Mike Baylor was mature and steady. He would definitely think of a way to get the best of both worlds.

Not only would he not change history, but he would also protect Victoria from harm.

However, Mike Baylor still had no intention of taking action. He could only watch helplessly as Shaun assaulted Victoria.

Hearing the cheerful voice from her other self, Victoria's expression was extremely ugly. Not only did she see herself being humiliated, but she also saw it with Mike Baylor.

Moreover, the two of them were hiding in an invisibility cloak and were very close to each other.

At this moment, she was both embarrassed and furious at the same time. If it wasn't for the fear of changing history, Victoria would have left the Invisibility Cloak long ago.

Victoria knew that no one outside could hear them, so she couldn't help but rage. "Mike Baylor, what are you trying to do? Did you bring me here just to see such an unbearable scene? To let me see with my own eyes how my body was ruined by others? I thought you came to help me change the past. If I had known that you wouldn't do anything, I definitely wouldn't have come with you!"

This was the first time Victoria was angry at Mike Baylor, and she also called him by his name. She no longer had any respect for him.

Mike Baylor smiled. "Victoria, relax. I'm not that bored to time travel to watch you sleep with another man. I remember telling you this afternoon that what has happened can't be changed. The only thing we can change is what we haven't witnessed with our own eyes."

"Today, you are destined to be raped. This is an unchangeable fact."

Victoria angrily said, "If you can't change it, then why did you bring me here?"

Mike Baylor patted Victoria's shoulder and said, "Relax, my dear. You'll know what I'm going to do later. Believe me, the purpose of my visit this time is to turn you into a golden mutant."

Victoria knew that Mike Baylor wasn't a foolish person and wouldn't tease her like this, so she could only endure the awkwardness and stay in the room.

Soon, Victoria saw her other self fainting. As Clara's main body was dead, the two of them broke free from each other's control.

"Ah!!!!!!!"

When Shaun found out that Clara was dead, he started to feel pain.

“Serves her right! That b\*tch deserves to die a hundred or ten thousand times!”

Victoria witnessed the whole process with her own eyes. She was so angry at Clara that she wanted to kill Shaun immediately.

After crying for a while, Shaun instilled his thoughts into the unconscious Rong Bingshao, making him think that he had done everything just now.

Then, Shaun left.

After Shaun left, only Victoria and Mike Baylor were left in the room in 2022, as well as Victoria and Rong Bingshao in 2021.

As for the two in 2021, they both fainted.

At that moment, Mike Baylor opened his Invisibility Cloak and the two of them walked out.

Victoria had long wanted to get out of the cloak. The dozens of minutes just now had really tormented her. It was too awkward.

Victoria could not help but cry when she saw her other self lying unconscious on the bed. “I’m really a woman with a tough life. Why should I bear all this... Jordan, I’ve really suffered too much because of you...”

If Jordan had not offended Shaun, Victoria would not have been violated like this today.

Mike Baylor had just watched a good show and was in a good mood. He smiled at Victoria and said, “Alright, Victoria, what has already happened is not worth your sadness. Now, let’s get down to business!”

1294 Changing Jordan’s Memory?

Hearing that Mike Baylor wanted to do something serious, Victoria quickly wiped the tears off her face and looked at Mike Baylor in confusion.

“What else can we do now? The disaster has already happened, right?”

Mike Baylor said with a smile, “Victoria, we’re not changing things about you this time. We’re doing it to Jordan. We have to start planning a year ago. Right now. That way, after a year, Jordan will have a chance to change his mind and make you the fifth golden mutant.”

Victoria was still confused. “What should we do?”

Victoria did not know what Mike Baylor was doing now that could affect Jordan a year later.

This was extremely difficult because Jordan’s next year’s timeline had already been formed. In other words, whether Jordan was good or bad could no longer be changed. He had to affect Jordan without changing his past year.

Mike Baylor said, “When we were talking in the bar in the afternoon, I asked you in detail what happened after you were raped by Shaun. You told me that after that, Lauren sent someone to find you and lied that she found you in the cinema and brought you home. After she brought you home, you even took a shower with Jordan and made love once. After that, he said that he wanted to talk to Lauren in her room. Then, you fell asleep.

“The next day, Jordan praised you for cooking the pickled cabbage fish well. At first, you were a little confused. You thought that he wanted to eat your pickled cabbage fish, so you didn’t ask anything. You just said that if he liked it, you would cook it for him every day, right?”

Victoria nodded. The tears on her face had dried up, but her eyes were still filled with confusion.

What Mike Baylor had just said was what Victoria had told Mike Baylor in the afternoon. Mike Baylor had asked Victoria a lot of things. As he listened, he frowned and pondered. No one knew what he was planning.

Mike Baylor said directly, "You made that pickled fish."

Victoria's jaw dropped in confusion. "Ah? What do you mean?"

Mike Baylor said, "I said that Jordan will eat a fish with pickled vegetables tonight. You made this fish with pickled vegetables."

Victoria shook her head immediately. "No, I didn't. That day, I took a shower with Jordan and went back to my room. After we shared a room, I felt so tired after he went to look for Lauren, so I fell asleep. I didn't make Jordan pickled fish."

Mike Baylor said, "No, it's because you haven't made fish with pickled vegetables for Jordan. Tonight, I'm referring to you, who's talking to me, not the you who was just raped on the bed. You're going to sneak into the villa and secretly make fish with pickled vegetables for Jordan tonight.

"Therefore, I'm going to give you a mission now. When the Howards find you later, sneak into the Howards's team and go into the villa together. Then, make pickled fish at a specific time. After you fall asleep in 2021, write a note by your bed. Jordan will definitely recognize your handwriting. Then, he will obediently eat that pickled fish. After that, you can think of a way to retrieve or destroy that note. Then, you can come back and go back with me."

After Mike Baylor finished speaking, Victoria was stunned for a few seconds. She suddenly felt that her head was a little big and her intelligence was not enough.

Victoria calmed down and said, "I roughly understand what you want me to do. I thought it was a little strange that Jordan suddenly said that I made fish with pickled vegetables the next day. It turns out that he ate fish with pickled vegetables today and I made it for him a year later. But what can this pickled fish do?"

Victoria did not understand. Did the two of them make such a big fuss to cross over just to ask her to make a pickled fish for Jordan?

Mike Baylor smiled and said, "You don't seem to be very clear about my ability. I can control all the animals in the world. This kind of control is not only limited to me making them work hard for me, but I can also implant thoughts in them. Most importantly, after implanting thoughts and the animals are eaten by humans, these thoughts will invade the human brain's memories and slightly tamper with their original memories."

"Now, do you see why?"

Victoria couldn't believe that Mike Baylor had the ability to tamper with human memories!

This was too terrifying!

Victoria was surprised. "Chief, you... you can tamper with human memories at will?"

Mike Baylor smiled and said, "It's not as exaggerated as you think. Actually, the amount of tampering I can do is very limited. Otherwise, I wouldn't be looking forward to summoning the Goddess of the Immortal Lake so much. I can only do very weak tampering."

Victoria thought about it and suddenly became worried. "Do you want me to bring the fish you implanted into Jordan's mind tonight and cook a dish for him? Then, I'll let this fish affect Jordan's memory? Don't tell me you want to use this opportunity to harm Jordan? I definitely won't be used by you to hurt Jordan!"

Victoria was suddenly worried that Mike Baylor would use this opportunity to do something to Jordan. After all, the two of them were once lovers. Victoria would not do anything to hurt Jordan personally.

Mike Baylor was speechless. "You're really stupid. Why would I hurt Jordan? If I wanted to kill him, I could have let my golden horned dragon kill him when he fought me one-on-one. After he killed my two mutant subordinates, I would have an absolute excuse to attack him. Think

about it, he's an essential part of my plan. I'll definitely make sure he's safe and healthy. Put away your childish thoughts.

"Also, you don't have to waste your breath on this matter. What should have happened has already happened. Jordan will definitely eat your pickled fish tonight. This has already happened, understand?"

Thanks to Mike Baylor's words, Victoria gradually believed that Mike Baylor had no reason to hurt Jordan. This was because the facts had proven that Jordan would be very healthy after more than a year.

"Which of Jordan's memories do you want to change?"

Mike Baylor said, "First of all, I'll implant an image in him. It's the image of the Goddess of the Immortal Lake in my mind. I'll make him believe that the Goddess of the Immortal Lake really exists. That way, he'll be more interested in creating the fifth golden mutant. Of course, since I asked you to come with me, I have to help you. As far as I know, there are many purple mutants now. Other than you, Shirley, and Grachev, there are other purple mutants."

Hearing this, Victoria was shocked, "There are more purple mutants? Who are they?"

Victoria wanted to know who else could pose a threat to her.

Mike Baylor said, "I don't know either. I took over the Immortal Lake after the Moon Maiden. I guess that before that, a few of the Moon Maiden's subordinates must have become purple mutants."

Victoria nodded in agreement.

Mike Baylor continued, "So, whether you can become a golden mutant or not, Jordan's vote is also very important. After all, we're all begging him now. Why don't you think about how to change Jordan's memory so that he can accept you again and be willing to support you as a golden mutant?"

1295 Changing Jordan's Hatred For Victoria!

Victoria could not bear to think of how to change Jordan's memory.

However, Jordan had done the same thing to Victoria before. He had instilled thoughts into her without her knowing.

Hence, Victoria knew that this was something she had to do. It was also the only way to turn herself into a golden mutant.

That was because the last time Victoria went to look for Jordan, Jordan was still indifferent even when she knelt down to him. It meant that Jordan's heart was dead for Victoria and he no longer loved her.

If she wanted Jordan to support her, she had to reduce Jordan's hatred for her.

After thinking for some time, Victoria said, "To be honest, there's no need to change the fact that my body was tainted by that bastard Shaun just now. Jordan has never despised me or blamed me because of this. Instead, he feels that he implicated me because he feels guilty about this.

"What really made him stop loving me was the last two times. The first time was when I slept with him pretending to be William. The second time was when I slept with his uncle, Randall. So, I want to change the last two incidents!"

Victoria knew that if she could tamper with the memories of Jordan's two incidents, Victoria would still be a good woman in Jordan's heart. Even if the two of them had separated, Jordan would still treat Victoria well!

Mike Baylor reminded him, "Well, I'll remind you again that what I can do through animal tampering with human memories is very limited. It's not something I can tamper with however I want. It can't be tampered with too much or too outrageously. It's more about confusing memories.

"For example, the number 1314 can be remembered as 1315. Do you understand what I mean? The original events and the post-modification events must not change too much. They must all still make sense.

“Let me give you another example. Previously, I did something to change the lyrics of a Chinese song. I changed the 56 ethnic groups into 56 constellations. I only changed a few words. The melody, singer, and so on weren’t changed.”

Hearing these examples, Victoria realized that there was a limit to what Mike Baylor could do. Otherwise, he would have modified a lot of memories and made the Moon Maiden, Jordan, and Jiumo Kasyapa his subordinates.

Victoria nodded. “I understand, I won’t change too many details. Let’s talk about the time Jordan pretended to be William. That night in the hotel room, I thought that Jordan and Lauren must be on their wedding night and was extremely sad. In addition, I drank a lot, so I took the initiative to ask William to accompany me for the night.

“I don’t plan to change the fact that we slept together, but I want Jordan to think that he hugged me, kissed me, and slept with me when he saw me sad.”

When Mike Baylor heard this, he smiled and said, “You’re indeed a smart woman! The matter hasn’t changed at all. Just changing the initiative has completely changed the nature of this matter. At that time, the other Jordan was sleeping with another woman. He could not bear to see you sad and lonely, so he wanted to make it up to you. Therefore, it was very reasonable for him to take the initiative to hug you and comfort you.

“In addition, all of you drank alcohol. At that time, Jordan was not a golden mutant. It was easy for him to get drunk. Jordan would not find it strange if he did something impulsive under the influence of alcohol.”

Victoria nodded as well. She knew very well that the thing that Jordan could not get over was Victoria’s request. Even if Jordan did not agree, Victoria was ready to find another man.

If it was Jordan who took the initiative to comfort her, Jordan would have no reason to hate Victoria for this matter.

Mike Baylor said, "This change is fine. I approve of it. What about the other one? How do you plan to change the matter between you and Randall?"

Victoria said, "It's the same. I don't plan to change the fact that I slept with Randall. I just want to change the time and place. I just want him to know that Randall and I didn't sleep in the room next to his on the night we broke up."

Mike Baylor smiled and said, "Yes, sure. I can do that too. Are you sure Jordan will forgive you if you change these two points?"

Victoria nodded. "I know Jordan very well. Perhaps he still won't be with me, but he'll definitely be willing to make me a golden mutant."

After the two incidents changed, Victoria no longer owed Jordan anything.

Even if Victoria slept with Randall, it would be a long time after they broke up.

Moreover, Jordan knew that Randall was a swindler and that he used flowery words to trick Victoria's heart. He only felt pity and guilt towards Victoria.

Mike Baylor said, "Alright, good luck to us!"

Mike Baylor suddenly stretched out his right hand. A black fish suddenly jumped out of nowhere and landed on Mike Baylor's hand.

"Ah!"

Victoria was startled to see the fish.

Seeing Victoria's pale face, Mike Baylor couldn't help but laugh, "Victoria, you're quite cute. You're a purple mutant, but you're actually frightened by a fish. You're indeed a little girl."

Victoria was a little embarrassed. Although she was already a purple mutant with heaven-defying abilities, she was still afraid of bugs and slimy things.

Victoria asked. "Where did this fish come from?"

Mike Baylor said, "From the kitchen of this hotel. I'll implant this fish with Jordan's memories that you want to change. Later, take this fish to Jordan's house and use it to make pickled fish for Jordan to eat tonight."

Mike Baylor pressed down on the black fish's head, closed his eyes, and concentrated on inputting some thoughts.

After that, Mike Baylor threw the black fish to Victoria.

"Ah!"

Victoria touched the slippery and ugly fish and didn't dare to catch it.

She knew the importance of this fish, but she did not dare to throw it around for fear that Mike Baylor would be angry.

Victoria asked, "When will Jordan's altered memories take effect after eating this fish? Didn't you say that what should have happened has already happened? The timeline a year later has already been created. Before we came, we didn't see anything wrong with his memories."

Mike Baylor said, "Good question. Using a fish to tamper with memories is slow to begin with. I've set a time frame. His memories will only slowly change after a year and a half. If we transmigrate back, we'll probably see the results in a few days."

"Okay, I'll leave the rest to you. I'm going to the bar for a drink. Meet me at the bar when you're done."

With that, Mike Baylor took a step forward.

Victoria held the black fish with both hands and looked at her other self, who had fainted on the bed and had just been bullied. She gritted her teeth and said, "I must become a golden mutant. Only by becoming a

golden mutant can I not be bullied like this. Only then can I tear all the bad people who bullied me into pieces!”
