

# **The Abandoned Husband Dominates**

## **- Chapter 1311 - 1320**

1311 Turning From Enemy into Friend?

Salvatore looked down on this group of mutants very much. Although they were indeed a group of very strong subordinates, what were they useful for?

Turning to Jordan, Salvatore asked, "Mr. Jordan, what should we do with these mutant bastards?"

Jordan looked at the mutants who were kneeling in front of him and begging to be taken in. Although he despised them in his heart, he did not have much intention of dealing with them at the moment.

Jordan felt dizzy after being struck by the Moon Maiden's lightning attack. With his endurance, he should not have been hit like this.

Jordan said calmly, "Lock up those who committed crimes in various places first. The rest are to be determined."

"Yes!"

Upon receiving the order, Salvatore first grabbed Linus and cuffed him.

"Salvatore, I didn't do anything!"

Linus still wanted to quibble.

Slap!

Salvatore slapped him. "I'll catch you even if you didn't do anything. Who asked you to talk so much!"

After the group of mutants was brought down by Salvatore, Randall gulped nervously. Now that Jordan was in charge of Immortal Lake and the Mutant Tribe, he could not stay here anymore.

Randall stood behind Mike Baylor in a low voice and said, "Master, let's go too."

However, Mike Baylor had no intention of leaving. With the Moon Maiden present, it was impossible for him to avenge his golden-horned dragon.

Instead, he observed Jordan's condition carefully and suddenly sensed that something was wrong with him.

Mike Baylor looked at Victoria. Like him, Victoria was sizing up Jordan's condition.

Victoria and Mike Baylor looked at each other, and Mike gave Victoria a look.

"The Moon Maiden's attack just now might have helped me trigger the memories that Victoria and I tampered with on Jordan in advance."

Mike Baylor suddenly had this thought. He could tell that Victoria seemed to have noticed that something was wrong with Jordan.

After receiving Mike Baylor's gaze, Victoria immediately understood what he wanted her to do. Mike Baylor wanted her to test if Jordan's memory had been tampered with.

On the other hand, the experiment was very simple. He just had to see Jordan's attitude towards Victoria. If there was a change in attitude, like less hostility and disdain, it meant that the tampering was successful. If he was still as cold and heartless as before, it meant that his memories had not been tampered with.

Victoria paused and asked Jordan, "Jordan, I... Can I ask you for a favor?"

Jordan looked at Victoria, "Speak."

Victoria gently said, "You also know that ever since I became a purple mutant, I can't go to many places because my mental control is too strong. I can't live a normal life anymore. Now that I'm used to living

among the mutants, can I continue to stay in Immortal Lake and join the mutants as your subordinate?”

Victoria’s request was very sincere. Everyone, including Park Sora and Dragon, believed that she truly wanted to stay here.

However, the last time Victoria requested to stay in the Mutant Tribe and be Jordan’s subordinate, Jordan rejected her.

Therefore, Park Sora and Dragon still thought that Victoria was wasting her breath this time. Jordan would not agree.

However, Jordan replied, “Of course. I’m very happy that you’re willing to stay with the mutants I lead.”

Hearing this answer, Randall, Park Sora, Dragon, and the others were all shocked, while Mike Baylor smiled.

“Success!”

From this, Mike Baylor knew that his and Victoria’s tampering with Jordan’s memories had taken effect!

Victoria was also very happy. “Thank you, Jordan!”

Park Sora said in surprise, “Brother, you... you forgave her? You don’t blame her?”

Jordan said, “The past is just a series of disasters and accidents. There’s no forgiveness. She didn’t do anything wrong. Perhaps we’re not fated, but that doesn’t mean we can’t continue to be friends or colleagues.”

Park Sora was speechless for a moment. “Alright, you’re so magnanimous. Sigh, I have to find a boyfriend like you in the future.”

“Hahaha...”

At that moment, Mike Baylor burst into laughter, as if he had forgotten about the death of his golden-horned dragon. “Jordan, you’re indeed a

young hero. In such a short period of time, you actually developed a mysterious space and defeated my golden-horned dragon. Fortunately, I have more than one golden-horned dragon. I won't make the same mistake as today next time!

"However, I, Mike Baylor, admit defeat. I'll let you have Immortal Lake and the Mutant Tribe! It just so happens that the Moon Maiden and the monk are here today. It's also a good day for Jordan to take over as the owner of the Immortal Lake. Why don't the four of us mutants sit down and have a drink to celebrate him? Coincidentally, I was having a cocktail party at Immortal Lake before you came!"

Everyone looked at Mike Baylor. Mike Baylor's golden-horned dragon was dead. How could he still be in the mood to sit down and drink with Jordan to celebrate?

Even the Moon Maiden and Jiumo Kasyapa, the two old friends, couldn't figure out what Mike Baylor was up to.

Jiumo Kasyapa was stunned for a moment, but he quickly smiled and said, "That's great! Mr. Baylor and Deity Jordan, you are both the successors of Immortal Lake, so you should help each other and become friends. Don't let a fight ruin our harmony."

The Moon Maiden looked at Mike Baylor in admiration as well. "Looks like you still have quite a few golden-horned dragons in the South Pole. Your ferocious beast is dead, but you're still willing to celebrate for Jordan. I'm starting to look at you in a new light."

Mike Baylor laughed and said, "Moon Maiden, we're all old people. We're all people of Jordan's father's age. Why would I be calculative with a child? Jordan, what do you think?"

In response, Jordan said calmly, "Sure, let's go to Immortal Lake. I'll treat you all."

Jordan had always been warm and hospitable. Coupled with the fact that he had just become the owner of Immortal Lake, he wanted to show off his authority as the owner.

Therefore, everyone returned to Immortal Lake. Jordan built a high platform out of thin air and conjured four beautiful chairs and a high-tech luxurious square table with all kinds of liquor on it.

Jordan said, "I heard that Mr. Baylor likes to drink in high places. Let's gather here. It'll be quieter."

Mike Baylor selected a bottle of whiskey from the rows of dazzling liquor and poured himself a glass. The Moon Maiden chose a bottle of red wine, while Jiumo Kasyapa, who didn't consume alcohol, had tea.

After pouring the drinks, the four of them had a drink. Jordan said, "Mr. Baylor, I had no choice but to kill your golden-horned dragon. If you don't send ferocious beasts to disturb my country again, I think we can still be friends."

Mike Baylor smiled and said, "Of course I'm very happy to be friends with Deity Jordan. I promise you that from now on, I won't touch your country."

Jiumo Kasyapa held his teacup and frowned slightly.

1312 Jumping into Immortal Lake!

Just now, before the Moon Maiden arrived, Jordan had vowed to kill Mike Baylor. However, now, he was willing to be friends with Mike Baylor.

Jiumo Kasyapa looked at the Moon Maiden again, and felt that Jordan's attitude had changed after the Moon Maiden's lightning attack just now, and his fear of the Moon Maiden increased.

How powerful was the Moon Maiden's lightning power to make Jordan, who had always been fearless, so afraid?

Seeing that Jordan and Mike Baylor were willing to bury the hatchet, the Moon Maiden was also very happy. She said to Jordan, "By the way, Jordan, I have something to tell you. Rong Bingshao is here."

Jordan was not too surprised. He said, "Yes, I guessed it. Ever since Bingshao saw you for the first time, he's been charmed by you. He's even willing to follow me because he's at your disposal. Now that I've successfully advanced to a golden mutant, Rong Bingshao's mission has been completed. I have had much conflict with the Rong family in the past. If it were me, I wouldn't choose to stay here either."

In fact, ever since Jordan found out that Rong Bingshao had gone to look for the Moon Maiden, he knew that Rong Bingshao would not be returning.

The Moon Maiden nodded. "Yes, I'm glad you understand."

At this moment, Mike Baylor said, "This is no longer the era of the Eight Great Families. Bingshao might still be dreaming of becoming the emperor. Moon Maiden, you have to be careful of this kid. Be careful not to raise a tiger."

The Moon Maiden said indifferently with a slightly displeased expression, "I know what I'm doing."

After drinking a few more glasses, Mike Baylor suddenly asked Jordan, "Jordan, what do you think of our grand plan now? Are you willing to create the fifth golden mutant?"

As soon as Mike Baylor said this, the Moon Maiden and Jiumo Kasyapa immediately became worried. Last time, they were very unhappy because of this topic.

Jiumo Kasyapa said, "Mr. Baylor, let's just drink and talk casually today. Let's not talk about this, okay?"

The Moon Maiden also said, "Mike, you know Jordan's temper. Why did you mention this to anger him? He hasn't comprehended it yet. He'll only think that we're lying to him."

The Moon Maiden and Jiumo Kasyapa both felt that Mike Baylor was a little insensible. Jordan's attitude was already very obvious. He just did not agree or believe it.

If he kept bringing up this topic, it would make Jordan even more frustrated and resistant.

However, how could the Moon Maiden and Jiumo Kasyapa know what Mike Baylor was thinking? If he did not know that the memory tampering with Jordan had taken effect, why would Mike Baylor ask?

As expected, Jordan did not resist this time. “Honestly... I seem to have comprehended a little...”

The Moon Maiden and Jiumo Kasyapa were shocked on the spot. The Moon Maiden quickly asked, “You comprehended it? What did you comprehend? Can you describe it to us?”

Jordan frowned. “It’s very blurry, but there’s a very familiar feeling... I’m not sure if this scene is something I comprehended or something I predicted in the future.”

Jiumo Kasyapa had been with Jordan for the past few days and had never heard Jordan mention this matter. He asked immediately, “When did Deity Jordan predict such a scene?”

Jordan replied, “It seems to have just appeared. It also seems to have existed before. I’m not sure.”

Jiumo Kasyapa said, “Then it should have just happened.”

“Hahahaha...” Mike Baylor laughed loudly. “The Moon Maiden is indeed powerful. A lightning strike actually allowed our Deity Jordan to comprehend the scene of the Goddess of the Immortal Lake! If I had known that the Moon Maiden had such an ability, I would have let you attack earlier, haha.”

Mike Baylor took advantage of the situation and pushed the blame onto the Moon Maiden.

The Moon Maiden was very embarrassed. She had hit Jordan so hard just now and was a little embarrassed. “Jordan, are you... sure you’re not hurt by me?”

However, Jordan began to cling to that blurry image and did not answer the Moon Maiden.

“Excuse me!”

As soon as he finished speaking, Jordan stood up from his seat and jumped up from the high platform!

“Jordan, what are you doing?!”

The Moon Maiden immediately reached out, wanting to pull Jordan back.

Meanwhile, Mike Baylor reached out and grabbed Moon Maiden’s arm at the same time, preventing her from stopping Jordan.

Mike Baylor smiled. “Don’t panic, Moon Maiden. Let him go.”

Thump!

Jordan jumped from the high platform into Immortal Lake below.

At this moment, Salvatore had just returned. When he saw someone jumping into Immortal Lake, it shouted, “Who is so lawless to jump into Immortal Lake to bathe in broad daylight? Can anyone jump into the Immortal Lake? Are there no rules? Someone, fish him out for me!”

Salvatore only imprisoned a portion of the male mutants, and the women were still there.

A female mutant replied, “I think the chief jumped in.”

“What? Ahem... I didn’t say anything just now.”

Jordan’s sudden jump surprised many people. Only Mike Baylor had a smile on his face and looked very calm. He said to the Moon Maiden, who was standing and looking down, “Miss Moon Maiden, let’s continue drinking. We’ll wait while drinking. I guess Jordan might take a long time this time.”

After the Moon Maiden sat down again, she asked Mike Baylor, “Did you already know something?”

Mike Baylor smiled and said, “If I knew about Jordan long ago, would I have let my precious golden-horned dragon die at Jordan’s hands? However, this monk is quite calm today. If anyone knew about Jordan in advance, it should be him.”

Mike Baylor continued to shift the blame.

Jiumo Kasyapa quickly said, “Amitabha, I am a monk. Although I am shocked, I never show my emotions. Please don’t misunderstand.”

Naturally, the Moon Maiden believed in Jiumo Kasyapa. “Alright, then let’s sit down and wait. Let’s see how Jordan will change after coming up from Immortal Lake.”

On the high platform, the Moon Maiden, Mike Baylor, and Jiumo Kasyapa continued to drink. Below, Victoria, Park Sora, and others were also standing next to Immortal Lake with their eyes fixed on it.

“Jordan...”

Victoria stared at Immortal Lake nervously. She wanted to know what Jordan was thinking.

“Jordan must have comprehended the image of the Goddess of the Immortal Lake that Mike Baylor implanted in him. He jumped into the Immortal Lake to confirm its authenticity, right? I wonder if he can see through the tampered memories...”

Soon, half an hour passed. Jordan was still in Immortal Lake. There was no movement.

Victoria was a little worried. She walked to the platform and raised her head to ask, “Moon Maiden, Mr. Baylor and Master Jiumo, Jordan has jumped into Immortal Lake for half an hour. Will he be alright?”

Mike Baylor smiled and said, “Jordan can create something out of nothing. He won’t die even if he stays in Immortal Lake for a month. Don’t worry.”

Jiumo Kasyapa also said, “With Deity Jordan’s strength, you don’t have to worry about this.”

Subsequently, another hour passed. Even then, Jordan still did not come out of Immortal Lake.

1313 What Was He Thinking!

Jordan jumped into the lake without warning and did not explain to anyone. Moreover, he had been in the water for so long, causing everyone in the Immortal Lake to fall into an uneasy mood.

Soon, another hour passed.

Park Sora couldn’t hold it in anymore and said anxiously, “No, I have to go to the Immortal Lake to take a look. Brother hasn’t come out for so long. Something might have happened!”

However, before she could do anything, Victoria had already taken off her shoes and jumped into the lake like a mermaid.

“Hey!”

Park Sora was a bit jealous that Victoria beat her to it.

On the high platform, Mike Baylor and the others also looked down. They were all silent.

After a while, Victoria came out of the lake.

Victoria was already drenched. Salvatore quickly handed her a long towel. He knew that she jumped in because she was worried about Jordan’s safety. He asked, “Victoria, how’s Mr. Jordan? Is he alright?”

Victoria took the towel and wiped her face. She said, “Jordan is fine. He’s safe. He’s thinking about something. It’s best not to disturb him.”

“Hmph, I don’t believe a woman like you! Something must have happened to Jordan! I’m going down to take a look for myself!”

Park Sora did not believe what Victoria said at all. Without another word, she jumped into the Immortal Lake to look for Jordan.

However, not long after, Park Sora flew out of the lake with a scream.

“Ooff.”

Thump.

Park Sora flew out of the lake and fell to the ground.

Salvatore hurriedly ran forward. “Sora, what’s wrong?”

Park Sora said with an aggrieved expression, “Jordan, is a big baddie! I wanted to pull him out of the Immortal Lake just now, but he refused. He even kicked me out. I’m so angry!”

Salvatore felt awkward and couldn’t help but laugh. “Well, you’re really too much. Mr. Jordan jumped into the Immortal Lake. He must have something important to do. Why did you pull him out?”

Victoria chuckled and glanced at Park Sora. She could tell that this little girl liked Jordan a little too. However, how could a little girl like her know how to please Jordan?

Park Sora glared at Victoria unhappily as well. She felt very wronged. “Victoria did something to let Jordan down. Jordan didn’t even kick her out. Instead, he kicked me out. How unreasonable!”

After making sure that Jordan was fine, the two of them continued to wait. Everyone thought that Jordan would come out in a few hours.

However, they did not expect Jordan to still be in the Immortal Lake after waiting for a day and a night!

On the high platform, Jiumo Kasyapa couldn’t help but say, “Moon Maiden and Mr. Baylor, Deity Jordan has been in the Immortal Lake for a

long time. He just suffered a lightning strike from Moon Maiden. I feel that something is wrong with Deity Jordan. Should we go down and take a look?"

Mike Baylor said, "No need. He's a deity. We don't have to worry about him. He must be thinking about something very important. If we go down and disturb him, he'll blame us."

The Moon Maiden thought about it and said, "Yes, Jordan doesn't really trust the three of us. He's still wary. Let's not interrupt him rashly."

At this moment, Mike Baylor stood up. "I'm tired of sitting. Let's go down for a walk."

After flying down, Mike Baylor glanced at Victoria before walking towards an empty place.

Not long after, Victoria slowly followed.

"Mr. Baylor."

Victoria walked behind Mike Baylor and called out.

Mike Baylor turned to look at Victoria and nodded. "Yes, you are here."

Victoria said, "Now that Jordan has taken over the Mutant Tribe, I won't call you Chief anymore. However, in my heart, I'll always respect and thank you like before."

Mike Baylor walked forward with his hands behind his back. "I've never paid attention to these empty titles. You can call me anything you want."

Victoria followed quickly and said in a low voice, "Mr. Baylor, it seems like our tampering with Jordan's memory has taken effect. His attitude towards me has also changed significantly. He's even much friendlier to you. However, he suddenly jumped into the Immortal Lake and stayed there for a day. The Immortal Lake is a magical place. I'm worried that Jordan will know that we tampered with his memories inside."

The longer Jordan stayed in the Immortal Lake, the more uneasy Victoria and Mike Baylor became.

Mike Baylor's expression was solemn as well. "I have concerns about that too. However, based on my understanding of the Immortal Lake, the Immortal Lake probably doesn't have the ability to let Jordan distinguish whether his memories have been tampered with. Moreover, he doesn't know that his memories have been tampered with now. If he knows, he might figure it out in the Immortal Lake. If he doesn't know, why would he think of doing this?"

"However, we still have to plan for the worst. If Jordan has doubts about the past, Victoria, you must not admit it even if you're beaten to death. Just insist on saying the memory version you modified and insist that you didn't do anything wrong."

However, Victoria was still worried. "However, the people around Jordan also know about our past. I'm afraid they'll..."

Mike Baylor asked in confusion, "The people around Jordan? How would they know? You took the initiative to sleep with the person Jordan disguised as William. Do his subordinates know?"

Victoria shook her head. "They don't know about this, but there's something else. Randall and I slept together after I broke up with Jordan on the same night. I suspect that Rong Bingshao went back in time and saw all of this."

Victoria recalled that night. Initially, Rong Bingshao was there that night. Moreover, Jordan did not hate Victoria that night. However, the next morning, Rong Bingshao disappeared. Meanwhile, Jordan's face was filled with anger when he saw Victoria.

Therefore, Victoria guessed that Rong Bingshao had secretly returned to the past and saw what happened between Randall and Victoria. He told Jordan about it, which was why Jordan was so angry.

Mike Baylor said, "Oh, Bingshao. He's no longer Jordan's subordinate. He's with the Moon Maiden now. You don't have to worry that he'll expose you."

Victoria was surprised. "What? Bingshao and the Moon Maiden?"

Mike Baylor smiled and said, "That's right. The Moon Maiden has never accepted anyone casually. Bingshao is just a black mutant. I guess this old woman might have taken Bingshao in. Hehe. Victoria, shouldn't you be happy too? You've joined Jordan now. If Bingshao is still with Jordan, won't you feel awkward seeing him?"

"Although Bingshao tried to take advantage of you that day in the elevator, after Shaun's incident, did he continue to do anything to you? Hehe, you stayed there, so you know better."

Thinking of this, Victoria clenched her fists and was very angry. She remembered how she was humiliated by a child who had just come of age.

Victoria said angrily, "I won't be embarrassed. I'm only angry at that bastard, Bingshao. Although he was drugged by Shaun and didn't really violate me, in my heart, he's no different from that bastard Shaun!"

1314 Jordan: I Agree!

In her eyes, there was no difference between attempted rape and rape.

If it weren't for Shaun, Rong Bingshao would have raped Victoria. Therefore, Victoria's hatred for Rong Bingshao was no less than Shaun's. In fact, it was even more than Shaun's!

Mike Baylor could tell that Victoria was angry, so he smiled and said, "It seems that after I let you see the story between you and Bingshao with your own eyes, you hate that kid even more. However, this kid now belongs to the Moon Maiden. The Moon Maiden is someone that even I don't dare to provoke, so you should give up."

Victoria bit her lips. Although she was unwilling, she knew very well that provoking the Moon maiden was not a wise choice.

At the same time, Dragon received a call from Lauren.

“What’s the matter?” Dragon asked.

Lauren asked, “Where’s Jordan? He hasn’t contacted me for a day. I’m very worried about him. Is he okay?”

Dragon replied, “Don’t worry. Mr. Jordan is fine. He’s doing something very important now, so he doesn’t have time to contact you.”

Lauren said, “Then ask him to call me as soon as he’s done, okay? I... I’ll feel very uneasy if I don’t hear Jordan’s voice for a day.”

Dragon smiled and said, “You don’t have to worry so much. Many of us are protecting Mr. Jordan. Moreover, he’s a golden mutant. Not many people in the world can touch him.”

Lauren still looked very uneasy. “I know, but I... might be feeling uneasy because I’m about to give birth.”

Dragon said, “I heard Mr. Jordan mention it before, but didn’t Mr. Jordan predict the future for you?”

Lauren said, “Yes, I know. Dragon, don’t tell Jordan. Although he predicted the future for me, I’ve been very uneasy recently. I didn’t want Jordan to worry about me, so I didn’t tell him. Anyway, tell him to call me when he’s done. I’ll feel better when I hear his voice.”

Dragon replied. “Yes.”

After hanging up the phone, Dragon looked at the peaceful Immortal Lake and muttered to himself, “Ever since Lauren got pregnant, so many things have happened. Especially when Lauren was about to give birth. Several golden mutants appeared one after another. Mr. Jordan couldn’t stay by Lauren’s side every day even if he wanted to.”

Soon, another day passed.

On the morning of the third day, everyone at the Immortal Lake was sitting on the ground. Many people were so sleepy that they could not open their eyes.

Suddenly, a figure burst out of the Immortal Lake!

Swoosh!

It was Jordan!

“Jordan is out!”

“The Chief has arrived!”

“Brother!”

Jordan stayed in the Immortal Lake for three whole days. The aura he charged out with was very strong. He burst out with a strong splash that hit many people’s faces.

After Jordan rushed out, he flew straight into the sky. What was even more amazing was that he stopped moving in the sky!

Flying in the air!

“Oh my god! Mr. Jordan knows how to fly! He knows how to fly! He didn’t use any armor this time. He didn’t use anything. He can fly in the air!”

“Ah! Brother is so awesome! Brother can take me flying in the future! I want to fly with Brother!”

“Jordan...”

Even the three golden mutants on the high platform stood up in shock.

The Moon Maiden had been pretending to be calm for the past three days, but at this moment, she couldn’t help but exclaim. “How is this possible?! All of us only obtained the ability to fly after half a year. How did he obtain it so quickly?”

Jiumo Kasyapa looked impressed. "Amitabha. Jordan is indeed different from the others. His talent is probably above the three of us!"

Mike Baylor was also extremely surprised. "This kid... His luck is really good."

Jordan flew in the air with a serious expression. He waved his right hand and was about to write in the air.

After waving his right hand, a golden word appeared in the sky.

Jordan's handwriting was very big and could be clearly left in the air for everyone to see. It was unknown if he had used the technique of making something out of nothing.

Even the Moon Maiden and Mike Baylor could not help but look at each other. They did not know what Jordan was doing.

Jordan kept flying in the sky and wrote in the air elegantly. Soon, he wrote a line of words.

"When autumn comes on September 8th, I'll kill all the flowers when they bloom!"

The mutants looked up at this domineering line of words and could not help but praise him.

However, after Jordan finished writing this line of words, he actually made it spin and dance around his body.

Subsequently, Jordan suddenly exerted strength. With a bang, a violent explosion sounded. The line of words disappeared into thin air.

**BOOM!**

With this explosion, the platform where the three mutants were located instantly shattered, and the Moon Maiden and the other two fell to the ground.

“F\*ck! What a domineering entrance! Our Mr. Jordan has evolved again! He’s developed a new move!”

Salvatore became happy.

The Moon Maiden and the other two also looked at each other in disbelief.

Jiumo Kasyapa was the first to walk forward. “Congratulations, Jordan! I didn’t expect that not only did Jordan obtain the talent to fly in advance, but his strength has also become much stronger!”

“Just now, Deity Jordan used words as a weapon. It can be said that his words are powerful. It’s really an eye-opener for me!”

Mike Baylor also walked forward. “I was wondering why you were in there for so long. So you were studying a new move. That move just now was not bad. Teach me when you have time.”

The Moon Maiden also maintained a very cautious attitude toward Jordan. “Jordan, you’re the only one among us who has awakened your flying ability in half a year. Your achievements in the future will definitely be above all of us. Furthermore, I saw that you stayed in the Immortal Lake for three days. I feel that your entire temperament and spirit have changed.”

At this moment, Park Sora hurriedly ran over and interrupted, “Yes, yes! I think Brother is younger than before! He has also become more handsome!”

Jordan smiled and said, “After I came out, I felt that my eyes were bright too. It was as if I had come to a new world. I’m sorry, I accidentally broke the platform I set up for you just now.”

Mike Baylor said, “Jordan, we won’t care about such trivial matters. What we want to know more is what you’ve been doing and thinking about in Immortal Lake for the past three days.”

Jordan paused for a moment and replied, “I’ve comprehended it.”

“You’ve comprehended it? What have you comprehended?” the Moon Maiden asked.

Jordan said, “I’ve comprehended the Goddess of the Immortal Lake that you mentioned. That’s right. I should have known long ago that such a magical Immortal Lake that can give people different superpowers could not have appeared out of thin air. Someone must have created it.”

Mike Baylor was excited after hearing this. “Hahahaha, you’re right! Since she can create Immortal Lake and give us different abilities, it means that her abilities far exceed our imagination. As long as we summon her, we can obtain stronger talents!”

The Moon Maiden was also very surprised. She did not expect Jordan to awaken his flying ability earlier than them and comprehend the Goddess of the Immortal Lake earlier than them.

Mike Baylor reached out and patted Jordan’s shoulder, saying, “Jordan, now you know that the three of us didn’t lie to you, right? Summoning the Goddess of the Immortal Lake is also very beneficial to you. Since you’ve also comprehended the existence of the Goddess of the Immortal Lake, I have to ask you this question solemnly.”

“Do you agree to summon the Goddess of Immortal Lake with us?”

Everyone looked at Jordan, waiting for his answer.

Jordan said slowly, “I agree!”

1315 I Recommend Victoria!

Jordan’s answer shocked everyone in the Immortal Lake!

He still remembered that the last time Jordan discussed this topic with them, he firmly thought that Mike Baylor and the other two were liars. They were fooling him to obtain his golden bloodline.

However, after coming out of the Immortal Lake, Jordan chose to believe them and agreed to their grand plan!

Victoria smiled happily. Previously, she could not persuade Jordan no matter what. Now, Jordan had finally relented!

However, Salvatore and the others were very worried about Jordan's safety. They walked forward and reminded him, "Mr. Jordan, do you want to reconsider?"

Park Sora was also extremely anxious. "Brother, you can't agree with them. They're lying to you. I don't believe that there's a Goddess of the Immortal Lake. These are all made up by the three of them!"

Swoosh!

A sudden gust of wind blew them away.

The only person who could control the weather so skillfully was naturally the Moon Maiden.

The Moon Maiden smiled and said, "Jordan, you've finally comprehended it. Congratulations. I knew it was only a matter of time before you agreed. In fact, your comprehension is still very shallow. The longer you become a golden mutant, the stronger your desire to summon the Goddess of the Immortal Lake.

"For the current me, other than summoning the Goddess of the Immortal Lake, I'm not interested in doing anything else. The golden energy in my body seems to be urging me to do this every day. If I don't do it, I'll feel very uncomfortable."

Mike Baylor nodded in agreement. "That's right, I feel the same! Especially in the past two years, this urge has become stronger and stronger. It's like if I don't do this, the golden ability I have will disappear."

Jiumo Kasyapa also said, "I entered the golden mutant state later than the two of you, but I have been feeling the same recently."

Jordan said slowly, "In this world, God has already set the price for anything you obtain. If you take something, you have to do something.

Water can carry a boat, but it can also overturn a boat. It's impossible for us to obtain a golden mutant ability for nothing."

Upon hearing Jordan's words, Mike Baylor praised, "Look, look, Jordan said it so well! That's the truth! We wanted to express this truth before! If I had known earlier, I would have told you this last time. Unfortunately, our literary talent is not good, so we didn't convey this meaning."

"Monk, it's all your fault. The Moon Maiden and I haven't studied much. We don't know how to speak eloquently. You've been reading scriptures all day and have a lot of principles. Why didn't you say Jordan's opinion just now?"

Jiumo Kasyapa bowed and said, "Jordan's divine prose is outstanding. I am indeed inferior. In the future, I will definitely learn more from Deity Jordan."

"Hahaha..."

Mike Baylor laughed out loud. "Jordan, since you've agreed to our grand plan, we can talk about the next problem now. Summoning the Goddess requires the energy of five golden mutants. We only have four now. We're still short of one."

"Previously, I suggested that we use the bloodlines of the four golden mutants to help a purple mutant advance to the golden level. What do you think?"

"Of course, if you can find someone with golden talent, he can directly become a golden mutant. That would be even better. It would save us ten percent of our golden bloodline."

Jordan said, "All these years, you should have tested those who have the chance to become golden mutants. I only want my wife, Lauren, to become a golden mutant. Unfortunately, I tested her. She's not a mutant. The probability of becoming a golden mutant is very low. Perhaps not even one in ten years. If there's a quick solution, that's naturally good."

“I agree. Let’s work together to create a golden mutant from a purple mutant!”

Hearing this, Victoria trembled with excitement!

“He agreed, he agreed...”

Victoria was extremely excited. Jordan had finally agreed to create the fifth golden mutant. Moreover, he had to choose a purple mutant!

However, she was still uncertain if Jordan would choose her because Victoria was not the only purple mutant!

At this time, the purple mutant Grachev and the other low-level mutants also rushed over after hearing the news.

When Salvatore saw this, he hurriedly walked over. “Hey, who asked you to come out? I told you to lock yourselves up and reflect on yourselves. You’re all disobedient, right?”

These were all mutants of a higher level than Salvatore. How could they be locked up?

As soon as he heard that the four golden mutants were going to upgrade one of the purple mutants to a golden mutant, the purple mutant Grachev could not sit still anymore and rushed over.

Linus also smiled and said, “Salvatore, you can be fierce to us, but I hope you can show some respect to Grachev. You heard it too. The chief and the others want to choose one of the purple mutants to upgrade to a golden mutant. Grachev might be the next golden mutant!”

“Hmph!”

Grachev snorted coldly, looking very arrogant.

After becoming a golden mutant, he would be on equal footing with Jordan!

How could Salvatore be qualified to control him?

Salvatore didn't like the arrogant look in Grachev's eyes. "What are you snorting for? Did he say that he wanted to choose you? What's your identity? Why would Mr. Jordan choose you instead of Victoria?"

At that moment, Victoria could not hold back anymore. She walked forward slowly and arrived beside Jordan. Instantly, tears flowed uncontrollably.

Victoria looked at Jordan very sincerely, "Jordan, I know it's not good for me to go over. I've made you unhappy and embarrassed you. If I can start over, I'll definitely commit suicide before Shaun's wife can control me and be the perfect wife in your heart. Now, I only hope that you can agree to let me become a golden mutant. I really want to fight side by side with you. I won't disappoint you again. Please..."

Previously, when Victoria went to Jordan's house to look for him and knelt down to beg, Jordan did not agree.

Generally speaking, when a man was ruthless, it was useless even if you begged him a few times. However, this time, when Victoria asked Jordan to make her a golden mutant again, Jordan's attitude became much gentler.

When Jordan saw Victoria crying sadly, he took out a tissue out of thin air and held it in his hand personally to wipe Victoria's tears. His actions were ambiguous and intimate, just like when they were in love in the past. Park Sora was dumbfounded.

Jordan wiped Victoria's tears and said, "Victoria, you didn't do anything wrong. You were controlled because of me. It was Shaun's wife who caused trouble and wanted to take revenge on me. I'm sorry.

"When I pretended to be William, it was also because I felt that my other self was accompanying Lauren and I couldn't accompany you. I felt that I owed you, so I took the initiative to make it up to you. After that, I disliked you because you didn't refuse and I actually felt happy. It was indeed a little inappropriate."

Jordan personally wiped away the tears on Victoria's face. Subsequently, he took the initiative to put his arm around Victoria's shoulder and brought her to the other three golden mutants.

"Everyone, I would like to recommend the purple mutant Victoria to be our fifth golden mutant. I wonder if anyone has any objections?"

1316 Moon Maiden Doesn't Agree!

Not only did Jordan agree to Victoria's request, he even personally suggested that Victoria be the fifth golden mutant candidate to seek the opinions of the other golden mutants!

Victoria was moved to tears. The tears that had just been wiped away couldn't help but flow out again!

Jordan finally agreed!

The memory tampering was successful! It meant he no longer hated her like before!

When Salvatore and Dragon saw this scene, they remained silent. Although they knew about the emotional entanglement between Jordan and Victoria in the past, if they really had to choose a purple mutant to become a golden mutant, Victoria was really the best choice for them.

After all, Victoria and Jordan were in love. They would not become enemies in the future. After Victoria became a golden mutant, she would definitely stand on Jordan's side.

On the other hand, the purple mutants, such as Grachev, were outsiders. Secondly, they had no emotional foundation with Jordan. Now, they were forced to submit because of Jordan's powerful strength. They would probably fight Jordan when their strength was equal in the future!

Therefore, Salvatore and Dragon agreed with Jordan's choice.

However, Park Sora was very emotional when she heard that. She was so angry that she cried.

“What right does Victoria have? It’s all my fault for not being a purple mutant. If I was a purple mutant, Brother would have chosen me instead of her!”

Jiumo Kasyapa looked at Jordan and Victoria in surprise, but he did not say anything. After all, how could an outsider like him know how their relationship was like in the past?

Lovers were always on and off. Perhaps they would love each other more and more.

On the other hand, Mike Baylor said with a smile, “Jordan, you brat, you scared my golden horned dragon to death just now. I shouldn’t agree with you. However, I don’t want to argue with you about this anymore. Victoria is quite obedient. Alright, I agree to having Victoria as our fifth golden mutant!”

Victoria had long known that Mike Baylor would agree. After all, Jordan had changed today because Victoria had returned to the past with him and manipulated Jordan.

Mike Baylor was only keeping his promise that day.

However, Victoria still felt lucky because she heard from Randall that Mike Baylor might go back on his word and ask her to sleep with him a few times to be his woman.

From the looks of it now, Mike Baylor was a very magnanimous person. He didn’t care about Victoria’s body at all or use it as a threat.

Randall had been Mike Baylor’s disciple for many years, so it was impossible for him not to know what kind of person his master was.

The reason why he said this to Victoria earlier was very likely because he wanted her to continue being depraved and lose her bottom line in order to obtain benefits.

Randall was once Victoria's man. However, ever since Victoria became a golden mutant candidate, Randall was no longer worthy of her. It was impossible for him to be with her anymore.

Therefore, since he could no longer have this woman, he only wanted to make her worse off.

Fortunately, Victoria didn't listen to him and didn't continue to sink deeper!

Victoria smiled at Mike Baylor and bowed gratefully, "Thank you, Mr. Mike Baylor!"

Mike Baylor nodded in response.

Currently, two out of the four mutants had already agreed to Victoria being the fifth golden mutant. As long as there was one more, there would be a decisive vote.

Therefore, Jordan first looked at Jiumo Kasyapa, who had a good personal relationship with him, and asked, "Master Jiumo, what do you think?"

However, although Jiumo Kasyapa had a good relationship with Jordan recently, he lowered his head and did not dare to look Jordan in the eye. He said humbly, "I dare not have any objections. I'll listen to Moon Maiden and the two of you."

It seemed that Jiumo Kasyapa didn't dare to voice his opinion before the Moon Maiden did.

Initially, Jordan wanted to confirm Victoria's status with a 3:1 victory. Now, he had no choice but to look at the Moon Maiden and ask, "Moon Maiden, what do you think?"

Unexpectedly, the Moon Maiden said coldly, "I don't agree!"

The Moon Maiden's words shocked everyone present again. Jordan was also curious. Moon Maiden, didn't you want to summon the Goddess the most?

It was not easy for Jordan to agree to their plan. Why did she stop him?

The Moon Maiden didn't give her any face and directly said, "I don't agree to let her become a golden mutant and join our grand plan. I happened to learn a little more about Victoria these past two days. This woman lost her parents when she was young and has been living with a lack of love and resentment. After that, she was involved in the mess between Jordan and Shaun and became a sacrifice.

"Her attitude toward relationships is also very unstable and immature. She once used her ability recklessly in Nags Head after breaking up with Jordan. She controlled an entire district without knowing it. She is someone with anger and resentment in her heart. She is also prone to extreme actions. Once she becomes a golden mutant, with her terrifying mental control ability, I'm afraid we might not be able to control her. I don't want the fifth golden mutant to become a hidden danger to us."

The Moon Maiden stated her reason for rejecting Victoria.

Victoria would never have thought that after persuading the three golden mutants and forming a good relationship with them, she would be rejected by the strongest Moon Maiden.

She thought that since they were both women, they would help each other. She didn't expect that the Moon Maiden didn't like her.

She had been a vice president for many years and had long experienced this. It was enough for a company to have one beautiful and capable female executive like her. The rest should be men. If there was another female CEO like her, it would be an absolute bad thing for the first female CEO.

Thus, Victoria quickly went forward and begged the Moon Maiden. "Moon Maiden, I really admire and respect you. I feel that you are a role model for all of us women. I will work hard to improve myself so that I

can be like you. I promise that as long as you agree to let me become a golden mutant, I will definitely be your sister and stand by your side in the future!”

However, the Moon Maiden was a golden mutant and had lived for so long. Since she had already said that she would reject Victoria, how could she change her mind just because of her plea?

Jordan could see that the Moon Maiden’s attitude was very firm. It was not something that could be shaken just because Victoria begged her.

Jordan said, “Moon Maiden, may I ask if you rejected Victoria because you have another purple mutant candidate?”

Jordan knew that the Moon Maiden had been in charge of the Immortal Lake for the longest time. Under Mike Baylor’s rule, three purple mutants had appeared. There must have been purple mutants when the Moon Maiden was still alive.

The Moon Maiden slowly said, “I do have other candidates more suitable than Victoria.”

1317 Fair Competition

The Moon Maiden’s words caused everyone to start discussing again.

There were indeed purple mutants under the Moon Maiden!

Including Jordan, Mike Baylor, and Jiumo Kasyapa, the three golden mutants had all guessed that since the Moon Maiden had taken over the Immortal Lake first, it was impossible that no purple mutants had been discovered.

Now, some of her hidden strength was finally about to surface.

Jiumo Kasyapa quickly asked, “May I know the name of this purple mutant that the Moon Maiden mentioned? Where is he from? Have we met him before?”

Everyone wanted to know this person’s identity.

The Moon Maiden said, “You haven’t seen him before, and I haven’t seen him for many years. When he became a purple mutant, Mike Baylor hadn’t even come to Immortal Lake yet. He was one of the first batch of high-level mutants.

“However, he did not have any ambitions and did not want to use his superpower to do anything earth-shattering. Hence, he bought more than ten islands in Europe and became the king of his small world. He lived a stable life.”

Mike Baylor said in surprise, “He became a mutant earlier than me? Then this kid is not young anymore. For so many years, I’ve never heard of any mutants in Europe. It seems that he’s a person who wants to enjoy life. All these years, he has relied on his supernatural power to obtain enough wealth and status to enjoy life every day, right? Compared to Victoria, Moon Maiden, your purple mutant seems to be not ambitious at all.”

Not to mention purple mutants, even black mutants or green mutants could easily make a fortune by using their special abilities. It was also very easy to buy some small countries and islands in Europe and ensure his own safety.

However, a purple mutant could clearly do something even greater, but this person was greedy for pleasure. He was clearly not as promising as a woman like Victoria.

The Moon Maiden didn’t refute. “That’s right. He doesn’t have any ambitions, nor does he have any foresight. However, this kind of personality is exactly what we need. We only need him to help us summon the goddess, and we don’t need him to fight. His personality reassures me. Victoria, on the other hand, is an ambitious woman, which makes me worry.”

The Moon Maiden directly pointed out the reason why she did not want the candidate to be Victoria. As a woman, she could see Victoria’s desire to become a golden mutant, as well as the impulse and ruthlessness in her heart.

Mike Baylor nodded. "Yes, it sounds like that kid is indeed more reassuring. Unfortunately, my disciple is only at the black level. Otherwise, I would also get him to fight for this spot. Jordan, why don't we use the 'king' that the Moon Maiden discovered?"

Victoria saw that Mike Baylor didn't support her anyone and chose someone else instead. She quickly became agitated. "Mr. Baylor, how could you..."

Just as she was about to complain, Jordan suddenly said, "No, I don't agree. It has to be Victoria!"

Victoria covered her mouth and looked at Jordan in disbelief. In the past, Jordan was the first person to reject Victoria becoming a golden mutant. Now, he had become the person who supported Victoria the most!

"Jordan..."

Victoria was touched.

On the side, many people from the Mutant Tribe could also analyze Jordan's persistence at this moment.

"The Chief and Victoria are old lovers. After Victoria becomes a golden mutant, she will definitely stand on the Chief's side. At that time, the two of them will have a chance of winning against the Moon Maiden!"

"That's right. Chief must have been scared by the Moon Maiden. He can't even defeat the Moon Maiden. If the king raised by the Moon Maiden becomes a golden mutant, the two golden mutants, plus Mike Baylor and Jiumo Kasyapa, will not be on good terms with Jordan. Jordan will have to face the four golden mutants alone. The pressure is too great. Even if he has the ability of a Deity, he won't be able to deal with them."

Jordan and the Moon Maiden had a dispute. Both of them hoped to assist the people around them to become the next golden mutant.

In that case, it would be more beneficial for them if something happened in the future.

At this moment, Grachev broke the awkwardness and rushed forward excitedly. “Moon Maiden and Deity Jordan, I’m a purple-colored mutant, Grachev! I believe that the Goddess of the Immortal Lake created this Immortal Lake in order to equitably let talented people obtain the abilities they deserve!

“If you want to create a golden mutant, you should not be biased and recommend the people around you. This is against the will of the Goddess of the Immortal Lake!

“According to the rules of the Mutant Tribe, whoever is stronger is the big brother. The candidate for the golden mutant should also be chosen by a purple mutant fight! Whoever defeats the other party will be qualified to advance to a golden mutant!”

After Grachev finished speaking, the group of mutants behind him also waved their flags and shouted for him.

“Grachev is right! Reject all connections! Let the purple mutants fight one-on-one! Whoever wins will be the fifth golden mutant!”

“Chief, when you first took over the Immortal Lake, you told us three things. Justice, justice, or justice! Grachev is also a brother of our Mutant Tribe. Now, you only recommend your lover and not us brothers. Is this justice? Is this fair?”

Seeing that someone was questioning Jordan, Salvatore went forward angrily, “Oh my, I haven’t settled the score with you for running out on your own. How dare you question the chief? Do you want to die?”

“Salvatore.”

Jordan called Salvatore. Jordan had indeed been telling the mutants that he was a person who valued justice. If he played favorites now, what was the difference between him and these mutants who had made mistakes?

When Jordan saw that the Moon Maiden would not agree to let Victoria become a golden mutant, he said, "Since everyone has their own candidates, let them fight. Whoever wins will advance."

Jiumo Kasyapa quickly praised, "That's right. It's a fair competition. The losers won't have any complaints if their skills are inferior. I think this method is good, so we don't have to hurt the harmony between us."

Mike Baylor also nodded repeatedly. "Sure, let them fight. We can also watch a good show."

Seeing the three of them say this, the Moon Maiden felt that if she refused, it would seem like she had no confidence in the person she had recommended.

The Moon Maiden said, "Alright, then let all the purple mutants fight and see who will win. When my king became a purple mutant, Victoria was still a child. I don't believe that a new mutant like Victoria can defeat him."

Victoria felt a lot of pressure after hearing this, so she didn't dare to retort.

On the side, Grachev was excited. "Thank you, Moon Maiden! Thank you, Chief! Thank you, Mr. Baylor and Master Jiumo!"

Victoria tugged at the corner of Jordan's shirt and whispered into his ear, "Jordan, I can't fight. I can't even defeat Grachev. I'll definitely lose."

1318 Moon Maiden's Killing Intent!

Victoria had fought with Grachev before. Once he entered a berserk state, she wouldn't be able to control him with her mind. If she couldn't control him, she would be beaten up by him.

Thus, she didn't want to have this so-called fair competition.

Jordan patted Victoria's hand and comforted her, "This is the only way. Don't be discouraged. You might not lose."

Seeing that everyone had agreed to the competition to decide the next golden mutant, Mike Baylor said, "Alright, let's start in three days. All the purple mutants will compete in Immortal Lake. The winner will be qualified to obtain the golden bloodline of the four golden mutants and become the most respected golden mutant in the world!"

"Yes!"

Grachev clenched his fists in excitement and smirked at Victoria. He knew very well that Victoria wasn't his match in the arena!

Victoria bit her lip. She was indignant. She had done so much to become a golden mutant. In order for Jordan to agree to summon the goddess, she did not hesitate to cross time and space.

But what had Grachev done?

Victoria had done so much, so why should someone else get the benefits in the end?

Victoria was unwilling!

The Moon Maiden said, "Alright, then I'll see you in three days."

"Jiumo, take me somewhere."

Jiumo Kasyapa replied. "Yes!"

In a flash, Jiumo Kasyapa brought the Moon Maiden to a small town in Switzerland in Europe.

After arriving at the small town, Jiumo Kasyapa said, "I'm really sorry, Moon Maiden. I haven't been to the place called Liechtenstein, so I can't teleport you there directly."

The Moon Maiden said, "It's fine. It's not far from here. I'll fly there. He also has a castle in Switzerland. Perhaps he's in Switzerland now."

Jiumo Kasyapa said, "If there is nothing else, I will go first."

“Wait a minute!”

The Moon Maiden suddenly stopped Jiumo Kasyapa.

Jiumo Kasyapa quickly bowed respectfully again. “Does the Moon Maiden have any other instructions?”

The Moon Maiden suddenly sighed and took two steps forward. She said, “I didn’t expect Jordan to suddenly change his mind. He agreed to summon the goddess with us and even agreed to create a fifth golden mutant. It was really too sudden. I wasn’t prepared at all.”

Jiumo Kasyapa followed him and said, “Didn’t the Moon Maiden always hope that Deity Jordan would comprehend it sooner? Now that Deity Jordan has comprehended it in advance and greatly shortened the time we have to wait, shouldn’t the Moon Maiden be happy?”

The Moon Maiden turned around and shook her head. “Of course, I hope we can summon the Goddess of the Immortal Lake as soon as possible. However, don’t you think Jordan’s sudden change is a little strange?”

Jiumo Kasyapa also frowned and nodded. “Yes, I also think that since Jordan was attacked by you, he seems to have become a different person. He has completely changed, especially after staying in the Immortal Lake for three days and three nights. No one knows what he has comprehended.”

The Moon Maiden said, “Jordan has always been scheming. I suspect that he really comprehended it or he’s just bluffing us. Perhaps he’s just pretending to comprehend it so that we can turn Victoria into a golden mutant. When Victoria becomes a golden mutant, he’ll turn his back on us and refuse to summon the goddess with us. That’ll be troublesome.”

Jiumo Kasyapa also thought about this possibility and replied, “I think Deity Jordan is quite honest. He won’t use us like this. Moreover, we saw with our own eyes that he awakened his flying ability half a year in advance. In terms of comprehension, it is reasonable for him to be ahead of us.”

“Compared to Deity Jordan, I think Mr. Baylor’s attitude today is even more strange. He lost the golden-horned dragon, but he’s still willing to sit down and drink with Jordan. Moreover, he seems to have known that Jordan would agree to the big plan.”

The Moon Maiden nodded. “Yes, you are quite observant. I can also see that there is something wrong with Mike Baylor. He and Victoria are both problematic, especially Victoria. She makes me very uneasy. Jordan might be trustworthy, but Victoria must not be the fifth golden mutant.”

Jiumo Kasyapa asked, “Are you afraid that after Victoria becomes a golden mutant, she will join hands with Jordan to deal with you?”

The Moon Maiden said, “That’s not the only reason. We will work together to create the fifth golden mutant. She wasn’t given to us by the Immortal Lake, so we don’t know if she can comprehend it. If she can’t comprehend the existence of the Goddess of the Immortal Lake, then she might not join our grand plan. Therefore, the fifth candidate must be someone reliable and easy to manage. Victoria’s personality is too strong and she’s too beautiful. I don’t like her.”

Jiumo Kasyapa smiled. “In terms of beauty, how can Victoria compare to the Moon Maiden? However, two tigers can’t live on one mountain. I completely understand the Moon Maiden’s feelings.”

The Moon Maiden stretched out her slender hand and patted Jiumo Kasyapa’s shoulder. “Jiumo, it’s good that you understand me. I have something to ask of you.”

Jiumo Kasyapa quickly said, “Moon Maiden, please tell me what you need.”

The Moon Maiden coldly said, “Tonight, after Victoria falls asleep, you must go and kill her!”

Jiumo Kasyapa was shocked when he heard that. He did not expect the Moon Maiden to ask him to kill Jordan’s old lover, Victoria!

Jiumo Kasyapa froze. “Moon Maiden... this... Miss Victoria is Deity Jordan’s woman and Mr. Baylor’s former subordinate. I don’t dare to do anything! If Deity Jordan finds out, I will die!”

The Moon Maiden replied. “You have the ability to teleport, so you can kill her without anyone knowing. Victoria’s mental control is too strong. I’m afraid that I am not her match. If we compete, it’s very likely that I’ll lose to her.

“I’ve heard about that woman, Victoria. A woman like her can only become a purple mutant because she had cultivated in her previous life. She doesn’t have the qualifications to become the most honorable golden mutant. Jiumo, killing Victoria will bring great benefits to you and me. If anything happens in the future, I will help you. Do as I say and I won’t mistreat you.

“Alright, I’m leaving.”

With that, the Moon Maiden rose and flew away.

“Moon Maiden!”

Jiumo Kasyapa still wanted to stop the Moon Maiden and continue to plead and refuse. He really didn’t want to be a bad person.

“Sigh.”

Jiumo Kasyapa sighed awkwardly and instantly disappeared from the town.

The Moon Maiden first flew to a castle in Switzerland and searched for the person she was looking for. Then, she flew to a small country called Liechtenstein.

1319 Harry!

Liechtenstein was a very small country in Europe. It was also a country that did not have a presence. It did not even have a presence in war.

There was once a battle where this small country only sent out 80 soldiers. In the end, not only did none of them die, but 81 people returned. They were completely useless.

However, in such a place, as long as one had money, they could buy everything here. This was also a country that could be rented out.

The person the Moon Maiden was looking for was here.

The Moon Maiden flew to the palace, Vaduz Castle, which was halfway up the mountain. When she saw the luxurious and peaceful atmosphere, she looked very disappointed.

When she saw many children playing in the castle, she thought to herself, "Don't tell me he gave birth to these children?"

Puzzled, Moon Maiden flew directly into the castle to the king's bedchamber.

At this moment, a fair and chubby man in luxurious pajamas was lying on a comfortable and luxurious dragon chair. Beside him were two 16 or 17-year-old girls fanning him.

Seeing the Moon Maiden suddenly appear, the two girls immediately screamed in fear.

"Ah!"

"Get lost!"

The Moon Maiden did not stand on ceremony. With a wave of her sleeve, a gust of wind immediately swept over and slapped the two girls away, causing them to faint.

"What is it?"

The fat man suddenly woke up and stood up in panic. He was tall and had very fair skin. His fair and chubby appearance gave off an amiable and unthreatening feeling.

When the fat man saw the Moon Maiden, his flustered expression immediately relaxed and he smiled. "Aunt Snowy! Aunt Snowy, you're here! I haven't seen you for several years!"

The one called Aunt Snowy was naturally the Moon Maiden.

Not many people knew what the Moon Maiden's original name was, and this fatty was one of them.

"Aunt Snowy, please take a seat."

The fat man quickly asked Moon Maiden to sit down and then ordered, "Lisa and Lucy, quickly make a pot of tea!"

The Moon Maiden hurriedly said, "There's no need to trouble yourself. I have something to tell you. It's not convenient for outsiders to be present."

The fat man nodded and shouted outside, "Don't come in."

Then, the fat man looked at the Moon Maiden happily. "Aunt Snowy, how have you been recently? You look young and beautiful again."

The Moon Maiden looked at the fatty with disappointment. "Harry, I haven't seen you for a few years. Why have you gained weight? Look at how fat you are now. You don't look like a mutant at all."

The fatty called Harry scratched the back of his head. Although he was already middle-aged, he looked silly, like a child who had done something wrong.

The Moon Maiden asked, "Harry, have you been training your superpower recently?"

Harry shook his head. "I haven't used it in years. When I first came to Europe, I encountered some local forces who wanted to cause trouble for me. I used it a few times, but later on, they knew how powerful I was and didn't dare to provoke me, so I didn't use it anymore."

Hearing this, the Moon Maiden sighed. Originally, Harry, the purple mutant, had a time advantage over Victoria.

However, over the years, Harry had been neglecting his abilities and had no advantage over Victoria.

The Moon Maiden scolded, “Those children outside are all your children, right? How many children have you given birth to? All these years, what else have you done besides giving birth? You’ve wasted such a powerful ability as a purple mutant! Do you know how many people want to have your ability?”

Harry lowered his head and said, “Aunt Snowy, you know that I don’t have any ambitions. I just want to share the joy of family with a group of wives and children and live the life of an ancient emperor. Besides, after I became a purple mutant, didn’t you tell me not to use my superpower recklessly and not to cause social chaos?”

The Moon Maiden said sternly, “I told you not to use it recklessly, but I didn’t tell you not to use it forever! You definitely have to practice diligently in private!”

Seeing the Moon Maiden so nervous, Harry asked, “Aunt Snowy, are you in trouble?”

The Moon Maiden said, “I never expected to ask you to help me. If I’m in trouble, you won’t be able to help me. It’s like this. We have four golden mutants now. We’re preparing to work together to turn a purple mutant into a golden mutant through bloodline transmission. Harry, I plan to turn you into a golden mutant!”

If it were Victoria and Grachev, they would be very excited to hear this. However, Harry’s expression didn’t change at all. On the contrary, he seemed to be in a difficult position.

Harry said, “I don’t think there’s much difference between gold and purple. Even if I turn gold, I’ll still be in the castle with my wife and children. My current ability is enough for me to get what I want. Why don’t you choose someone else?”

“B\*stard!”

The Moon Maiden slammed the table and flew into a rage. “You good-for-nothing! Do you know how many purple mutants have fought over this spot? To think that you actually don’t want it!”

Seeing that she was angry, Harry said timidly, “Then I’ll promise you. When will you pass on the bloodline? Why don’t we do it now? Tomorrow is my twelfth daughter’s birthday. I have to rush back to spend it with her.”

The Moon Maiden said, “Don’t think it’s that simple. If you want to obtain this spot, you have to fight with the other purple mutants. Only by winning will you have the qualifications. The competition will be in three days. During these three days, you’re not allowed to do anything. Practice every day. I’ll stay here to supervise you!”

When Harry heard that there was still a competition, he was a little flustered. “Ah? You want me to compete and fight with the purple mutants? Hey, this won’t do. Ever since I obtained my ability, I’ve only bullied ordinary people. I’ve never fought with a purple mutant before. It must be very dangerous. I have so many children waiting for me to raise. I can’t die. It’s better for me to give up.”

Slap!

This time, the Moon Maiden slapped Harry in the face. “If you give up, I’ll kill you! Useless fellow, why did my daughter like you back then!”

Harry was slapped and did not dare to say a word. The Moon Maiden in front of him was actually his former mother-in-law. She had single-handedly turned him from an ordinary person into a noble purple mutant.

Unfortunately, after Harry obtained his superpower, he only wanted to live a peaceful life and did not want to use his superpower to compete with anyone.

Harry said, "I miss Melissa too. If Melissa was still around, I wouldn't want another wife. I would only be with her and accompany her and our children every day."

The Moon Maiden said, "From now on, forget about your children. If you don't meet my requirements, I won't let you see them. Follow me!"

...

Immortal Lake.

After the Moon Maiden and Jiumo Kasyapa left, Mike Baylor and Randall also left.

After everyone dispersed, Victoria grabbed Jordan anxiously and said, "Jordan, what should I do for the competition in three days?"

1320 Dealing with the Enemy!

At that moment, Dragon rushed forward and said to Jordan, "Mr. Jordan, Lauren called just now. She's very worried about you. She said that you should call her back as soon as you're done here."

Jordan was worried that Lauren's emotions would be unstable, so he said to Victoria, "Wait for me. I'll call Lauren back first and talk to you later."

Victoria nodded appropriately. "Okay."

However, she did not look happy and felt a little jealous.

In the past, Victoria and Lauren were equivalent in Jordan's heart. In fact, Jordan cared more about Victoria. Now, Victoria was ranked behind Lauren in everything she did.

Jordan called Lauren back. "Lauren, how are you? Are you okay?"

Lauren, who was in the capital, calmed down when she heard Jordan's voice. "Jordan, I'm fine. I just haven't heard your voice for a day and was

a little worried about you. Are you alright? Did anything happen at Immortal Lake?”

Jordan told Lauren the truth, “I fought with the Moon Maiden, but we stopped when we had to. Neither of us was injured.”

Lauren was shocked. “What? You fought with the Moon Maiden? Hasn’t she always been good to you?”

Jordan said, “The Moon Maiden only attacked after I defeated Mike Baylor. If she didn’t, I would’ve killed Mike Baylor. Fortunately, she stopped me. If Mike Baylor died, we wouldn’t be able to start the grand plan. By the way, Lauren, I have something more important to tell you. I’ve agreed to their grand plan, and I’ve decided to make Victoria the fifth golden mutant. What do you think?”

Lauren did not expect Jordan to change his mind in such a short period of time. However, Lauren did not ask further about Jordan’s change. What she cared about the most was Jordan’s safety.

Lauren said, “I think it’s very good. No matter what, Victoria is still one of us. If Victoria becomes a golden mutant, the two of you won’t be afraid of the three of them.”

Jordan said, “Yes, that’s what I think too. However, the Moon Maiden doesn’t agree. She said that there will be a purple mutant competition in three days. Whoever wins will be qualified. Victoria has been a purple mutant for the shortest time among these purple mutants. I’m afraid it won’t be easy for her to win the competition.”

Lauren was also worried. “Huh? Is it that difficult? Hubby, you have to help Victoria think of a way. By the way, Hubby, why did you suddenly agree to their plan? Aren’t you afraid that they’ll lie to you?”

Jordan replied, “They’re not lying to me. I’ve also sensed that scene. It’s a... very familiar feeling. My intuition tells me that I’ll definitely summon that goddess with them.

“Since it’s going to have to be done sooner or later, I want this done in the shortest time possible, because you’re about to give birth. I want to get this over with before you have a baby and then concentrate on being with you. Otherwise, you won’t feel at ease having a baby with this mess around us all the time.”

Part of the reason why Jordan was willing to carry out the big plan with them so quickly was because of Lauren.

Jordan chatted with Lauren for a while more. He told her that he would look for her in the capital soon and hung up.

Subsequently, Jordan came to Victoria’s side.

Victoria asked with concern. “Is Lauren alright?”

Jordan smiled. “It’s fine. Thank you for your concern. Victoria, I know what you’re worried about now. Grachev is immune to your mental control, so you’re afraid of losing to him one-on-one. Actually, in my opinion, your ability is not inferior to Grachev’s at all. Grachev’s ability is a single-target attack, and yours is group control. You can only control one person, but it can’t let you unleash your full ability. Group control is the most powerful manifestation of your superpower.”

Victoria did not quite understand what Jordan meant. She said, “I can’t even control him alone. How can I control more people?”

Jordan said softly, “Victoria, during the purple mutant’s competition that day, all the mutants will be watching the battle. Although the competition is one-on-one and the other mutants won’t help, there’s a difference between actively attacking and passively attacking. If you use mental control to control the other low-level mutants to attack, it’s not against the rules.”

Victoria immediately understood. “Oh, I understand now. You want me to control those mutants below the purple grade and get them to help me fight Grachev?”

Jordan nodded. "That's right. There are dozens of mutants below purple-grade. You can control them in groups and let them break Grachev's berserk state. Then, you can win."

Victoria thought for a moment. If that was the case, then the odds of winning were indeed high. However, she was still a little worried. "Those low-level mutants won't do. Salvatore, Dragon, and the others have all fought with Grachev before and were all killed in an instant. I'm afraid that even if dozens of them join forces, they might not be able to win. Is there a way to win against Grachev and the others?"

Jordan smiled and said, "Victoria, battles are always uncertain. If we can determine who will lose and who will win before we fight, then there's no need to start a battle. In the past, when countless battles started, I didn't know if I could win. In fact, many times, I won with a low probability. This is the meaning of a battle.

"I know you're a woman and shouldn't expect the same, but since you're determined to become the strongest golden mutant, you should have the determination to fight a tough battle."

"I know, but..."

Jordan said, "I'm going to the capital to accompany Lauren. Think about how to use the abilities of these dozens of mutants in the next two days. The talents of these dozens of mutants are different. You have dozens of different abilities at your disposal in an instant. If I were you, I would have an 80% confidence in defeating Grachev. I believe you can do it too. Call me if you need anything."

After saying that, Jordan turned around and left.

Victoria looked at Jordan's back sadly. Initially, when Jordan finally called her "Victoria", she thought that the two of them could return to the past.

However, now, she understood that although Jordan no longer hated her and did not think that she was a bad woman who slept with anyone, Jordan had never thought of getting back together with her.

“Jordan.”

Victoria suddenly called out to Jordan.

Jordan turned around and looked at the serious Victoria. “What’s the matter?”

Victoria asked. “I want to ask you a question. If in three days I lose to either Grachev or the Moon Maiden, will you accept this result and pass your golden bloodline to them? Or does it have to be me?”
