

# **The Abandoned Husband Dominates**

## **- Chapter 1321 – 1330**

1321 Assassination of Victoria!

Women were always different from men.

If it was Jordan who was fighting the purple mutant battle, he would accept the outcome of defeat and would not ask such a question.

Jordan replied truthfully, “You know that I’ve always been a man of my word. The first rule I set is justice. If you really lose, I can only accept this outcome.”

Even though Jordan had already made it so clear, Victoria continued to ask, “So you’ll pass your golden bloodline to someone else, right? You’ll let someone else be the fifth golden mutant, right?”

Jordan answered affirmatively, “Yes.”

Although Jordan did not want to promote Grachev or anyone else, when it came to that, Jordan had to admit defeat and not go back on his word.

Victoria felt a little wronged, but she did not say anything else. She could only watch Jordan leave.

At night, the mutants had another gathering.

During this gathering, almost all the mutants surrounded Grachev, leaving out Victoria who was also a purple mutant. Grachev and a group of low-level mutants gathered around a stove. They ate meat and drank wine at the same time.

“Brother, you will definitely win the competition in three days. Among the purple mutants, I firmly believe that you are the strongest!”

“That’s right! In the last battle, the result was already very clear. Victoria couldn’t control Grachev in his berserk state at all. As for the one under

the Moon Maiden, although he has been a purple mutant for a long time, he doesn't sound very ambitious. He should be no match for Grachev."

"That's right, that's right. Grachev, when you become a golden mutant in the future, don't forget about us! Remember to protect us!"

These low-level mutants were all trying to curry favor with Grachev, hoping that he would protect them when he became a golden mutant in the future.

This was because they knew that Grachev was the same as them and had done many dirty things.

On the other hand, Jordan was too righteous. He was not on the same side as them. Grachev could give them more security.

Grachev was also very happy. He took a big gulp of wine and said heroically, "We're all brothers. When I become a golden mutant, we'll still be brothers! Don't worry, we'll drink together when there's wine, eat meat, and flirt with girls in the future!"

"Yes!"

Everyone was very happy to hear that. They clinked glasses with Grachev. Compared to the cold and aloof Victoria, they naturally hoped that Grachev would become a golden mutant.

Many men in this group liked sleeping around. If Victoria became a golden mutant, they might not be allowed to do so.

In the distance, the lonely Victoria watched the lively scene and felt quite upset.

"Everyone thinks that Grachev can defeat me. In their hearts, I've already lost this competition."

Victoria was very sad but she didn't leave and returned to her room to rest.

The soundproofing in the room was average, and she could still hear the sounds of them drinking outside. This sound lasted until two in the morning.

By this time, all the mutants had returned to their rooms to rest, including Grachev. He had drunk to his heart's content and was fast asleep.

The lights in her room were still turned off.

At three in the morning, a figure suddenly appeared in Immortal Lake. This person was Jiumo Kasyapa!

Jiumo Kasyapa had always come and gone without a trace, but now he was wearing black clothes and a mask, looking very cautious.

This was because he had come under the Moon Maiden's orders to kill Victoria!

Jiumo Kasyapa didn't want to kill Victoria, but he had no choice.

"Unfortunately, Jordan is not the Moon Maiden's match yet."

Jiumo Kasyapa shook his head. If Jordan was the strongest among the four golden mutants, Jiumo Kasyapa would not have helped the Moon Maiden kill Victoria.

Jiumo Kasyapa looked at a dark room, which was where Victoria lived. He had already scouted this place.

In the next second, Jiumo Kasyapa's black figure instantly disappeared and came to the room where Victoria was. She was lying on her side with one long leg exposed. Although she was already in her thirties, her leg was like a young woman's.

Jiumo Kasyapa couldn't help but sigh. Such a young life and such a beautiful woman would die just like that.

A laser weapon appeared in Jiumo Kasyapa's hand. As long as he gently touched Victoria's fair neck, even if she was a purple mutant, she would still bleed profusely and soon die.

Jiumo Kasyapa quietly approached Victoria's bed.

Just as Jiumo Kasyapa came to Victoria's bed and was about to make a move, Victoria suddenly turned over.

Swoosh.

Jiumo Kasyapa instantly returned to the outside of the room. He was also frightened.

Victoria suddenly woke up and sat up.

Jiumo Kasyapa noticed the situation outside and couldn't help but be surprised. "Why did Victoria suddenly wake up? Did she notice me?"

Jiumo Kasyapa didn't push the door open. Instead, he used spatial teleportation to enter Victoria's room. Logically speaking, there should be no sound, and Victoria shouldn't be able to sense him.

"Maybe it's just a coincidence. She should go back to sleep soon."

Jiumo Kasyapa hid outside the room, waiting for Victoria to fall asleep before taking action.

However, he didn't expect that before she could fall asleep, she would come out of her room!

"Strange, why is she out so late?"

Jiumo Kasyapa was very curious!

Victoria didn't turn on the lights and her steps were light and slow, not disturbing anyone. She slowly walked towards Grachev's room.

"This room is..."

Jiumo Kasyapa secretly followed behind, not knowing who Victoria was looking for.

Victoria looked around to make sure no one was around before gently pushing open the door. It was Grachev sleeping inside!

Grachev was snoring very loudly and was already in a deep sleep.

“Grachev? That Russian purple mutant? Why is Victoria looking for him? Could it be...”

When Jiumo Kasyapa saw Grachev, he became even more curious about Victoria’s purpose.

Victoria looked at the sleeping Grachev and clenched her right fist.

“Grachev, I almost died at your hands. You should have died long ago! Why did you still come out to snatch the golden mutant chance from me! Do you know that in order to become a golden mutant, I didn’t hesitate to transmigrate and change Jordan’s memories just so that he would agree to create a fifth golden mutant! What have you done? If it weren’t for me, you wouldn’t have been qualified to compete for this spot!”

Not far away, Jiumo Kasyapa heard Victoria talking to herself, and his face was filled with horror!

1322 Assassination of Grachev!

“Victoria actually returned to the past and changed Jordan’s memories? No wonder Jordan suddenly changed so much!”

Jiumo Kasyapa had long noticed that Jordan’s change in attitude was a little abrupt. Now, he finally knew the truth. He also knew very well that it was impossible for Victoria to do it alone. Changing other people’s memories was Mike Baylor’s forte.

In other words, Victoria had returned to the past with Mike Baylor and changed Jordan’s memories!

In the room, Victoria was still agitated. She believed that it was all thanks to her that the four mutants had reached a consensus and agreed to create the fifth golden mutant together.

However, Grachev did not do anything and wanted to snatch the fruits of her victory. She was indignant!

Three days later, Victoria would have no chance of winning against Grachev. Although she was the strongest among women and had learned Taekwondo since she was young, she knew very well that women were no match for men at the same level.

Grachev was also a member of the combat force. With his powerful single-target attack, Victoria's weak body couldn't withstand much of his attacks.

Thus, Victoria decided to kill Grachev before the competition!

"Grachev, don't blame me. You can only blame yourself for being too greedy and snatching something that doesn't belong to you!"

Victoria's killing intent had already risen. She was going to attack Grachev now!

"She really is going to kill Grachev!"

In the distance, Jiumo Kasyapa had already guessed Victoria's thoughts.

After Grachev entered a berserk state, Victoria couldn't control him. However, when he wasn't in a berserk state, she could control him!

Victoria immediately activated her mind control on the sleeping Grachev. Grachev began to move in a daze.

Grachev's right hand instantly emitted flames. Flame attacks were his talent, but this time, he did not fire the flames. Instead, he threw them at himself.

The flames continued to burn Grachev's body. Grachev could not help but cry out.

"Shut up! Don't make a sound!"

Victoria continued to control Grachev's mind. Not only did she make him burn himself, but she also made him hold it in. No matter how painful it was, he was not allowed to scream.

Grachev was in more and more pain and seemed to be on the verge of resisting. However, he was completely under Victoria's control and could no longer do anything.

Just like that, after an unknown period of time, Grachev burned himself to death, and his corpse turned to ashes.

"Amitabha."

Jiumo Kasyapa saw all of this with his own eyes and couldn't help but sigh.

Victoria actually killed him in such a cruel way.

"What a ruthless woman!"

Jiumo Kasyapa couldn't help but sigh. At first, he thought that Victoria was just a weak woman who valued relationships, but now it seemed that she was already a little scary!

"She killed her competitor, Grachev. If I kill her now, her death can be attributed to Grachev. I believe Jordan will believe that they died fighting each other."

Jiumo Kasyapa suddenly thought of a good excuse.

Therefore, Jiumo Kasyapa was prepared to directly attack Victoria and send her to Heaven. In this way, the Moon Maiden's subordinate would successfully become a golden mutant.

At this time, Victoria finished destroying the evidence and cleaned up Grachev's room. She then closed the door and came out with a flustered expression.

Jiumo Kasyapa was waiting in Victoria's room. As soon as Victoria came in, Jiumo Kasyapa would take action.

However, she didn't return to her room. Instead, she made a phone call.

"That's odd. Who's she calling at this time of night?"

Jiumo Kasyapa was curious and immediately went out of the room to eavesdrop not far away.

"Jordan, are you asleep?"

Victoria spoke.

"She actually called Jordan! Could it be that killing Grachev was their plan?"

Jiumo Kasyapa secretly guessed.

Jordan said, "I was asleep. Why? Are you still awake because of the competition?"

Victoria said, "I'm sorry to disturb your rest. I called you to ask for Master Jiumo Kasyapa's contact information."

Jiumo Kasyapa, who was hiding in the dark, suddenly panicked. "Why does she want my contact information! Does she know..."

Jordan was also curious, "Why do you want Jiumo Kasyapa's contact information?"

Victoria said, "Master Jiumo sent the Moon Maiden off to find the purple mutant. He must know where the purple mutant lives. I want to ask him about it."

Jiumo Kasyapa frowned and thought in his heart, It's not enough for her to kill Grachev. Is Victoria planning to kill the purple mutant the Moon Maiden recommended before the competition? She must be really want to become a golden mutant!

Jordan did not think that Victoria would want to kill the purple mutant. He said, "You want to understand your opponent in advance and know what

his ability is, right? Know yourself and your enemy, and you'll win every battle. I support you in doing this."

However, Victoria replied. "No, I want to beg him. The Moon Maiden said before that he doesn't have any ambitions. After obtaining the purple talent, he became a stable king and shouldn't be so passionate about other desires. This time, I plan to go over and beg him to give up this spot and give me this opportunity... Jordan, do you think I'm embarrassing myself by doing this?"

Jordan was silent for a while and did not answer. He said, "I'll send you Jiumo Kasyapa's number immediately."

After saying that, he hung up the phone.

Soon, Victoria received a message from Jordan.

Victoria sighed after reading the message. "Jordan, if you don't help me, then I can only help myself. In order to become a golden mutant, I can only rely on myself."

Then, Victoria sent a message to Jiumo Kasyapa.

Jiumo Kasyapa knew that Victoria wanted to contact him, so he quickly left the Immortal Lake and instantly returned to India.

Ding.

Jiumo Kasyapa saw the message from Victoria, "Master Jiumo, I am Victoria. When are you free? Please let me know. I want to talk to you. Thank you."

Jiumo Kasyapa was at a loss. He originally planned to assassinate Victoria late at night, but he didn't expect Victoria to take the initiative to find him. Moreover, she had obtained his contact information from Jordan!

Next, if Victoria died, Jordan would definitely link her death to Jiumo Kasyapa!

“Looks like Victoria’s life isn’t over yet.”

Jiumo Kasyapa quickly replied to Victoria’s message, “I have just expiated the sins of a deceased benefactor and haven’t rested yet. I am happy to talk to you!”

1323 Let Her Know!

Ding.

After sending the message, Victoria was ready to leave the Immortal Lake. She thought that Jiumo Kasyapa would at least reply to her in the morning, but she didn’t expect to receive Jiumo Kasyapa’s reply so soon.

With Jiumo Kasyapa’s permission, Victoria immediately called him.

“Master Jiumo, I’m sorry to disturb you so late at night.”

Victoria immediately apologized.

Jiumo Kasyapa said, “Miss Victoria, you are too polite. I have been chanting scriptures to expiate an old man’s sins who has just passed away in India. Now that the expiation has been completed, there is no need to feel bad about disturbing me. I wonder what Miss Victoria wants to talk to me about?”

Victoria was also very direct. “Master Jiumo, I am calling you because I have something to ask of you.”

Jiumo Kasyapa asked, “Oh? If there is anything I can do for you, please let me know.”

Victoria said, “I remember that you sent the Moon Maiden to look for the purple mutant she knows. You must know where the purple mutant lives, right?”

Jiumo Kasyapa said, “I have never been to that place. I only sent the Moon Maiden to a nearby area. However, the Moon Maiden did tell me the name of the location.”

“Then can you tell me where the purple mutant lives?”

Although Jiumo Kasyapa already knew the purpose of Victoria’s call, he still pretended to be surprised and embarrassed. “Miss Victoria, what is your purpose in asking about the purple mutant’s residence?”

Victoria replied. “I just want to know more about my opponent, no other purpose.”

Jiumo Kasyapa was very troubled. “This... I’m in a difficult position. Miss Victoria’s mental control ability is amazing, and she has absolute power to make the first move. There is no opponent on the same level. If I tell you where that purple mutant lives and you find him to get rid of him in advance, the Moon Maiden will definitely blame me when she finds out.”

Victoria quickly said, “Master Jiumo, you misunderstand. I won’t kill him, I won’t harass him, and I won’t meet him. I just want to see him from afar and know what kind of person he is. I won’t do anything that will implicate you.”

In Jiumo Kasyapa’s eyes, Victoria’s promise was not credible.

After all, Jiumo Kasyapa had just witnessed Victoria kill Grachev, another competitor, in order to win.

Earlier, Victoria told Jordan on the phone that she was going to find the purple mutant and kneel down to beg him for mercy.

When she came to Jiumo Kasyapa, she said she didn’t want to meet him and only wanted to observe him from afar.

Jiumo Kasyapa knew very well that Victoria’s words might be fake, and he couldn’t believe any of them. He was certain that Victoria was going to find the purple mutant and get rid of him in advance!

Victoria continued to plead, “Master Jiumo, ever since I met you for the first time and saw your spatial teleportation ability, I have admired you very much. In fact, my sister and I have been influenced by our parents since we were young. We also believe in Buddhism, even now.

“I plan to go to India with my sister to take you as my master and learn Buddhism. If we can become your disciples, we will definitely listen to your instructions in the future, especially my sister, Emily. She’s very obedient. In the future, if I become a golden mutant, I will definitely form an alliance with Master Jiumo. If someone bullies you, I will not sit and wait for death. I will stand up for you.”

Victoria knew that Jiumo Kasyapa’s ability was somewhat useless in battle. The Moon Maiden and Mike Baylor, these two golden mutants, also looked down on him. He needed help from other golden mutants so she wanted to establish good relations with Jiumo Kasyapa.

Jiumo Kasyapa said, “Miss Victoria’s status is noble, so how can I be qualified to be your master? But if you are really interested in Buddhism, I will welcome you at any time. Miss Victoria, actually, I hit it off with you at first sight and admire you very much. How about this? Can you give me some time to think about it?”

Seeing that Jiumo Kasyapa didn’t completely refuse, Victoria quickly said, “Yes, of course, I will wait for your news!”

After hanging up the phone, Jiumo Kasyapa immediately called the Moon Maiden for instructions. At this time, the Moon Maiden was still in Europe, training Harry alone.

Harry was sweating profusely, and his expression was ferocious. The Moon Maiden was using the power of lightning to train his mental endurance.

“No, I can’t hold on any longer...”

Harry was about to surrender.

The Moon Maiden sternly criticized him, “Hold on a bit longer! If you can’t even withstand this level of power, how are you going to resist Victoria’s mental control? Your attacks are enough to defeat her. As long as you can resist her mental control, it won’t take too long. Ten seconds is enough for you to defeat her!”

“Ah!”

Harry shouted and fell to the ground, giving up.

After a while, Harry got up and panted. “Aunt Snowy, didn’t you already send someone to kill Victoria? Why do I have to work so hard to withstand your golden power? Isn’t this suffering for no reason?”

The Moon Maiden said, “I did send Jiumo Kasyapa to kill Victoria. However, that monk is usually quiet. Although he has always been obedient to me, who knows if he will really dare to kill Victoria. After all, killing Victoria now is equivalent to offending Jordan. So, we have to be prepared. If Jiumo Kasyapa doesn’t dare to make a move, you will have to rely on yourself.

“Besides, other than Victoria, there are other purple mutants. You won’t be able to escape from these three days of training.”

Just then, the Moon Maiden received a call from Jiumo Kasyapa.

“Oh?”

The Moon Maiden knew that it must be something important for him to call in the middle of the night.

The Moon Maiden smiled. “Harry, you might not need to face Victoria anymore.”

After that, the Moon Maiden answered Jiumo Kasyapa’s call. “Did you succeed? Did you get discovered?”

The Moon Maiden thought that Jiumo Kasyapa had already killed Victoria and reported the good news to her.

Jiumo Kasyapa said, “No, I was about to make a move just now, but I found that Victoria actually went to kill Grachev in advance. Moreover, she immediately asked Jordan for my contact number and asked me for the address of your purple mutant.”

The Moon Maiden was stunned. “What? Victoria wants to kill her opponent before the competition! I didn’t expect this woman to be so ruthless. She actually wants to kill my purple mutant in advance. Did you tell her the address?”

Jiumo Kasyapa replied, “Without your permission, I wouldn’t dare to reveal it.”

The Moon Maiden thought for a moment and said, “Just tell her Harry’s location!”

1324 Purple Mutant Competition!

The Moon Maiden already understood the reason behind Jiumo Kasyapa’s call. It was no longer easy for him to find an opportunity to attack, but he could use Victoria’s killing intent, wait here and kill her.

If Victoria took the initiative to kill Harry and the Moon Maiden secretly made a move to create the illusion that she was killed by Harry instead, Jordan would not be able to say anything even if he knew.

Moon Maiden said, “Since Victoria is so arrogant and dares to kill my people, I will make sure she never returns! Jiumo, just tell her the location. If she dares to step into Liechtenstein, I will bury her here!”

Jiumo Kasyapa also breathed a sigh of relief. “Yes!”

Assassinating Victoria was something Jiumo Kasyapa didn’t want to do at all. Now that he didn’t have to be the bad guy, Jiumo Kasyapa was relieved.

Therefore, Jiumo Kasyapa waited until morning before calling Victoria.

Victoria didn’t sleep the entire night and was very excited after receiving the call. “Good morning, Master.”

Jiumo Kasyapa said, “Good morning, Miss Victoria. I have been thinking about it all night, and I have also been struggling all night. If I tell Miss

Victoria the residence of the purple mutant, and the Moon Maiden finds out, I will definitely have to bear the consequences.

“But if I don’t tell you, I also feel very guilty towards Miss Victoria. It wasn’t easy for Miss Victoria to go from an orphan to where she is today. She’s about to become the most honorable golden mutant. I also hope that Miss Victoria can fulfill her dream. In addition, I’ve also established a good friendship with Jordan. Alright, that place is Liechtenstein!”

After Victoria heard this, she quickly thanked him, “Thank you, Master Jumo! If I can really become a golden mutant, I will definitely thank you sincerely!”

Jumo Kasyapa said, “Amitabha, lives are according to fate, and a journey is like a dream. I wish Miss Victoria good luck there.”

After hanging up the phone, Jumo Kasyapa informed the Moon Maiden that Victoria already knew Harry’s residence and could sneak in at any time.

“I wonder if I’ll have the chance to see that beautiful Victoria again.”

...

Liechtenstein, in the castle.

As she knew that Victoria could come here to kill Harry at any time, the Moon Maiden hid in the dark and did not continue training Harry.

Coincidentally, it was Harry’s twelfth daughter’s birthday today, so she let him spend the birthday with his daughter while she hid at the side.

However, Harry still pulled his twelfth daughter to the Moon Maiden’s side.

The little girl was about five or six years old. She was fair and chubby, and she was a mixed-blood. She looked very cute.

The younger daughter asked, “Daddy, who is this beautiful auntie?”

Harry smiled and said, "This is Dad's teacher. Baby, quickly sing a song for her."

The youngest daughter was very obedient and immediately started singing, "The black sky is lowered, and the bright stars follow."

"Flying insect. Flying insect. Who are you missing?"

Seeing the little girl singing this beautiful song nervously, the usually cold Moon Maiden could not help but reveal a doting smile.

Once upon a time, she had such a cute, singing daughter.

"Flying Insect" was a song that Moon Maiden's dead daughter often sang. She did not expect Harry to teach it to his daughter.

After the little girl finished singing nervously, the Moon Maiden smiled and caressed her little face. She praised, "You sang really well. Happy birthday."

"Thank you, Teacher."

The little girl quickly walked to the side to play, leaving only the Moon Maiden and Harry.

Harry asked. "Will Victoria really come to kill me? You have to stop her as soon as she arrives. I have so many children, don't let her hurt them."

The Moon Maiden comforted him. "Don't worry about this. Victoria isn't a woman who willfully slaughters the innocent. She wants to kill you because you are blocking her path. This woman is very cautious and will probably take action at night. Be prepared."

Just like that, the Moon Maiden continued to stay here until the next morning.

That night, the Moon Maiden was waiting in the dark, but she didn't see Victoria.

“Perhaps she wanted to wait until the night before the competition began. She’s indeed a patient woman.”

Just like that, the Moon Maiden waited for another two days.

Soon, the day of the purple mutant competition arrived. However, Victoria still did not appear!

At this time, the Moon Maiden finally became anxious and called Jiumo Kasyapa directly, “Jiumo, what happened? Why didn’t Victoria come? Did you tell her the location?”

Jiumo Kasyapa was also very surprised. “What? Miss Victoria hasn’t appeared yet? That’s impossible. Today is the arranged competition day. If Miss Victoria doesn’t finish off her opponent in advance, once she fights him one-on-one in public, I’m afraid she won’t have any chance of winning!”

The Moon Maiden was also very puzzled. “It seems that we have underestimated this woman, Victoria. Hmph, I want to see how she will defeat Harry later if she doesn’t finish him off in advance! Alright, it’s getting late, let’s go to the Immortal Lake!”

Jiumo Kasyapa replied. “Yes!”

...

Immortal Lake.

Knowing that today was the day of the purple mutant competition, all the members of the Mutant Tribe gathered early in the morning to watch the battle today.

“I wonder who will be the final winner of today’s competition? If one wins, they will be promoted to a golden mutant. I think they will do their best to win no matter what. Sigh, it’s a pity that we mutants below purple level can only be envious!”

“It must be Grachev. Why haven’t Grachev and Victoria appeared yet? Where is Grachev?”

“He finished drinking with us two days ago. The next day, he left a note saying that he went to Russia to prepare for war. Victoria hasn’t been in Immortal Lake for the past three days. She probably went to look for Chief Jordan to train.”

“She’s here, she’s here!”

As everyone was talking, they saw Victoria arrive at the Immortal Lake first!

No one knew where Victoria had gone in the past few days. Jordan did not know, Jiumo Kasyapa did not know, and neither did the Moon Maiden!

Victoria had a strong aura and a confident smile on her face. She had to win this battle!

“Victoria!”

“Victoria is so beautiful today!”

Even though most people supported Grachev, they were still very polite to her.

Soon, Jordan arrived at the Immortal Lake.

“Chief!”

Everyone bowed when they saw Jordan.

As a member of the Mutant Tribe, Victoria bowed when she saw Jordan. Jordan walked straight to Victoria and held her hand to stop her.

“Victoria, there’s no need to be so polite between us. How’s your training these two days? Are you confident in beating Grachev, and the purple mutant under the Moon Maiden?”

1325 Where Did Victoria Go?

Victoria was still not as confident as before. She shook her head. “As long as I can’t control the other party, I won’t be able to win. I really don’t know what the outcome will be. Jordan, can you help me predict the outcome?”

Jordan replied awkwardly, “Uh, I’ve been accompanying Lauren and Chloe for the past two days. I forgot to predict the future for you. I’ll predict the future now. The closer we are to the time, the more I can predict the future.”

“No.”

However, Victoria stopped Jordan. She did not want Jordan to predict the outcome for her.

Victoria replied. “Don’t make predictions, I can read some of your expressions. If you predict that I won’t be the one to win in the end, I don’t want to know in advance. If that’s the case, I won’t have any fighting spirit left.”

Jordan patted Victoria to comfort her. In fact, Jordan had a deep understanding of predicting the outcome of the battle. It was really not what outsiders thought. It was as if it was very useful for you to be able to predict the outcome of the battle.

This was because the predicted outcome could not be changed. If he predicted that she would win, she would not be able to enjoy the intense process of the next battle.

On the contrary, if he predicted that she would lose, it would be even worse. She would have to endure psychological pressure before she could even fight.

At this time, Jiumo Kasyapa suddenly appeared behind them.

“Amitabha.”

When Jordan heard Jiumo Kasyapa’s voice, he quickly turned around, “Master Jiumo, you really came and went without a trace.”

Jiumo Kasyapa smiled and said, "You flatter me, Deity Jordan."

Victoria also greeted Jiumo Kasyapa very kindly, "Master Jiumo, you look very well today."

Jiumo Kasyapa also walked towards Victoria and said, "Thank you for your praise, Miss Victoria. How is Miss Victoria's preparation going? In the past three days, Miss Victoria should have been training at Deity Jordan's place, right? You must have made a shocking breakthrough!"

Jordan explained, "No, I've been accompanying my family in the capital for the past three days. I didn't train Victoria."

Jiumo Kasyapa suddenly found it strange. "Oh? Miss Victoria hasn't been with you for the past few days? Then was Miss Victoria training at the Immortal Lake?"

At this moment, Linus of the Mutant Tribe said, "No, Victoria hasn't been in the Immortal Lake for the past three days. We didn't see her or Grachev."

Hearing this, Jiumo Kasyapa became even more curious.

"You were not at Jordan's place, training in the Immortal Lake, nor at Liechtenstein to look for Harry. Where have you been for the past two days?"

In fact, in the past two days, Victoria had not appeared in Liechtenstein at all. Jiumo Kasyapa had also used spatial teleportation to go to many places to see if he could find Victoria. However, he could not find her. Therefore, he guessed that Victoria was with Jordan.

This was because Jiumo Kasyapa did not dare to go to Jordan's place casually.

Jiumo Kasyapa looked at Victoria. For the first time, he felt that Victoria was not a simple woman. She was a little unfathomable!

At this moment, the Moon Maiden flew over with Harry.

“Greetings, Moon Maiden!”

Although the members of the Mutant Tribe were now under Jordan’s jurisdiction, they were even more respectful than Jordan, the chief, when they saw the Moon Maiden.

This was because the Moon Maiden was currently the strongest among the golden mutants. Even Jordan was not her match!

However, everyone had met the Moon Maiden a few times, so they were more interested in Harry, the strange man with her.

“This fatty is the mysterious purple mutant? He looks fat and chubby. He doesn’t look like a mutant.”

“Damn, why do I feel like I’ve seen him before? One time, I went skiing in Europe and met a fatty with a beautiful wife. I wanted to snatch that woman away. Fortunately, I didn’t do anything at that time. Otherwise, I would be dead!”

“This fatty really doesn’t look like a mutant. He looks too friendly. Not to mention you, even I might be able to provoke him. Looks like I can’t judge people by their appearance in the future!”

“Moon Maiden.”

Jiumo Kasyapa, Jordan, and Victoria also greeted the Moon Maiden.

The Moon Maiden also nodded in response. She brought Harry forward and said, “Harry, let me introduce you. This is the golden mutant, Jordan. He is also a second-generation Deity. This is another golden mutant, the Indian monk, Jiumo Kasyapa.”

Harry bowed to Jordan and Jiumo Kasyapa very respectfully. “Greetings, Deity Jordan. Greetings, Master Jiumo. I’ve always admired the elegance of my two seniors. I’m very happy to see you. I hope to be taken care of by you in the future. I’m eternally grateful!”

After all, Harry was under the Moon Maiden. The Moon Maiden was so cold and aloof, but Harry was actually so servile. It was a little surprising.

The Moon Maiden coughed and felt a little embarrassed. She continued, "This is your opponent today, the purple mutant Victoria."

After seeing Harry, Victoria took the initiative to step forward and extended her jade-like hand. "Mr. Harry, it is a pleasure to meet you."

Harry also clasped his hands together. "Hello, Miss Victoria. Oh, Miss Victoria is so beautiful. As a purple mutant, you maintain your figure so well. I'm really ashamed of my inferiority. Although we're opponents, I still value harmony. Let's not hurt each other."

Before the battle, Harry was already begging for mercy.

Victoria smiled and said, "I only know how to control minds. I don't have the ability to attack. Only Mr. Harry can injure me. I don't have the ability to injure Mr. Harry. I hope that Mr. Harry can show me mercy later."

Harry said, "Don't worry, I won't hurt you. It's just for a spot. There's no need to fight to the death, right? Hehe."

Harry's words puzzled the mutants. Just a spot?

This was an admission ticket to be a golden mutant!

Moon Maiden didn't want Harry to talk anymore, so she quickly changed the topic. "Is Mike Baylor not here yet? Why is he so slow? Jiumo, call him and ask him where he is. Just bring him here."

The Moon Maiden was not someone who would wait patiently.

However, at this moment, a familiar voice came from the distant sky.

"Who said I'm slow! Open your eyes wide and see what speed is!"

Swoosh!

In the distance, the clouds kept changing, becoming more and more blurry. No one could see Mike Baylor clearly.

“You’re deliberately mystifying things!”

The Moon Maiden waved her right hand, and the blurry clouds immediately became clear. In an instant, everyone saw Mike Baylor riding on a huge turtle and rushing over.

Speaking of which, this turtle was indeed quite fast. Just as they saw his figure in the distance, in the blink of an eye, Mike Baylor was above their heads.

“F\*ck! What a huge turtle! Its shell is golden!”

“This must be Mr. Baylor’s divine beast again! Perhaps it’s as powerful as the golden horned dragon from before!”

Everyone was shocked when they saw this huge turtle that was the size of a house. Mike Baylor indeed had many high-level ferocious beasts in the South Pole!

1326 Victoria Is Suspected!

In the previous battle, Mike Baylor had lost his golden-horned dragon, causing him to lose a lot of face. Now that he had returned, he had brought out another golden giant tortoise.

When Mike Baylor heard someone call his mythical beast a “turtle”, he immediately scolded, “Bastard, who called it a turtle? This is my other mythical beast with the strength of a golden mutant, named the Dragon Turtle!”

After hearing what Mike Baylor said, the head of this divine beast did indeed look like a dragon. However, because the horned dragon from before really resembled a dragon. This one only had a dragon head, but its body was covered in a turtle shell, making it impossible to associate it with a dragon.

After all, in everyone's opinion, dragons had to soar above the nine heavens.

When the Moon Maiden saw this, she smiled and said, "Mike Baylor, you're really something. You really have a high-level ferocious beast. This golden Dragon Turtle's turtle shell looks very sturdy."

Mike Baylor smiled and said, "Moon Maiden, you have good eyesight! I, Mike Baylor, have always pursued a balance between offense and defense. The golden horned dragon from before mainly attacked, while this golden dragon turtle is a defensive divine beast. I'm afraid even the Moon Maiden's lightning power can't hurt my golden dragon turtle!"

The Moon Maiden's lightning power almost represented the ultimate manifestation of a golden mutant's offensive power. If even the Moon Maiden could not break this turtle shell, then everyone thought that Jordan and Jumo Kasyapa could not do it.

The Moon Maiden raised her eyebrows. "Oh?"

However, in the face of Mike Baylor's provocation, the Moon Maiden did not use the power of lightning on the spot to try. If she really could not break through it, wouldn't that mean that the most powerful person now was Mike Baylor?

Seeing this, Jumo Kasyapa quickly helped Moon Maiden out of the predicament. "Mr. Baylor's arrival on the dragon turtle today has really broadened our horizons! However, today is a competition between purple mutants. We golden mutants should be spectators and judges."

Mike Baylor jumped down from the Dragon Turtle and looked around arrogantly. When he saw Harry, a stranger, he asked, "Are you the purple mutant who arrived earlier than me?"

Seeing that Mike Baylor was not to be trifled with, Harry hurriedly said, "Hello, Mr. Mike Baylor. It's our first time meeting. My name is Harry. I admire your divine turtle very much. It's too domineering and cute. My daughters will definitely like it very much! Can I take a photo of it?"

“Take a photo?”

Mike Baylor was also stunned. What was going on with this Harry? As a mutant who had more experience than Mike Baylor, he was actually so humble.

Your backer is the Moon Maiden, what are you afraid of!

“Uh, sure. Take it. Just don’t spread it.”

Mike Baylor looked at the Moon Maiden and said, “Moon Maiden, if your subordinate has such a personality, I’m very worried about whether he can win the competition.”

The Moon Maiden stubbornly said, “In the face of powerful strength, personality isn’t important.”

Mike Baylor snorted. “Your man is here, and so is Victoria. Let’s get started.”

“Wait a minute! Grachev isn’t here yet!”

Linus and the others suddenly shouted.

“Grachev? All of us golden mutants have arrived. As a candidate and a participant, he actually didn’t arrive early. This proves that he doesn’t care about this competition. Then what are we waiting for him for? Let’s start directly!”

Mike Baylor was not a man who liked to wait.

Suddenly, a mutant said, “Grachev values this competition very much. He can’t be late! I suspect that Grachev might have been killed!”

“What? Killed?”

As soon as these words came out, the scene was also in an uproar. Victoria’s expression also became slightly nervous.

The mutant said, "That's right. Three days ago, we drank with Grachev until midnight. He originally planned to train in the Immortal Lake, but the next day, he left a note saying that he was going back to Russia. Until today, there has been no news. I suspect that some people were afraid that they would not be able to defeat Grachev during the official competition, so they killed him in advance!"

As the mutant spoke, he shifted his gaze to Victoria!

It was clear that he was suspecting Victoria!

Everyone also looked at Victoria!

Victoria quickly retorted. "You said that I killed Grachev, do you have any proof?"

The mutant harrumphed coldly, "You high-level mutants would naturally not leave behind any evidence when you kill someone. However, you have the motive to commit the crime! Furthermore, you did not leave the Immortal Lake that night!"

Victoria angrily said, "Bastard, what nonsense! If all of Grachev's competitors have motives, then I am not the biggest suspect at all. Even without Grachev, I would not be able to win against others. I was originally at the bottom among the purple mutants!"

Everyone turned to look at the Moon Maiden and Harry.

The Moon Maiden was very angry. "Victoria, what do you mean? Are you saying that Harry assassinated Grachev in advance? Harry could easily defeat Grachev in an official competition. Why would he do that?"

The Moon Maiden clearly knew that Victoria was the one who killed Grachev, so she was very displeased when she saw Victoria bringing the attention to her.

Victoria didn't hold back and replied. "Now that Grachev is gone, you say he can easily win, but who can prove it? I even said that Grachev has a higher chance of winning."

“You...”

The Moon Maiden was furious. As a golden mutant, for decades, no woman had dared to talk back to her like this!

Just as the Moon Maiden was infuriated, a figure suddenly jumped out of the crowd.

“How dare you!”

Rong Bingshao suddenly appeared beside the Moon Maiden. He intimately grabbed the Moon Maiden’s arm and shouted at Victoria.

“Victoria, you b\*tch, how dare you be so rude to the Moon Maiden! You are just a little purple mutant, how dare you talk back to a golden mutant? You are simply courting death! Hurry up and kneel down and apologize, or else the Moon Maiden will strike you to death with a bolt of lightning, and we won’t have to watch you compete anymore!”

“Rong Bingshao?”

Everyone was surprised to see Rong Bingshao. Victoria clenched her right fist and thought about how she was once molested by this little brat. The anger in her heart also rose.

At this moment, Salvatore also walked forward. “F\*ck, how is it you, Rong Bingshao? Why did you betray us for the Moon Maiden? Are you playing Infernal Affairs?”

When Rong Bingshao saw Jordan again, he was a little embarrassed. However, he still said to Jordan confidently, “Jordan, when I joined you back then, it was also the Moon Maiden’s idea. You’re now the leader of the mutants. You have so many mutants under you. You shouldn’t need me, right?”

Jordan nodded. “I’ve talked to the Moon Maiden about this. I respect your decision. I never ask anyone who wants to leave me to stay. However, you don’t have the right to make Victoria kneel and apologize to your Master!”

1327 Victoria vs Harry!

Rong Bingshao was stunned. He did not expect Jordan to call Victoria affectionately and even stand up for her.

The reason why he had brazenly called Victoria a slut earlier was partly because he had the Moon Maiden's support and partly because he knew that Jordan had long hated Victoria to the core.

Not only should Jordan not be angry when Rong Bingshao scolded Victoria, but he should also be happy.

One had to know that the video of Randall and Victoria having an affair that night was sent to Jordan by Rong Bingshao.

He was ordered by Jordan to return to the past to find evidence of Randall and Victoria's shameless acts. Therefore, after witnessing that incident, Rong Bingshao looked down on Victoria even more. He felt that Victoria would not be protected by Jordan anymore.

Rong Bingshao looked at Jordan in surprise, "You're actually willing to help that woman? Hehe, a Deity is indeed a Deity. You're really broad-minded."

Victoria was afraid that Rong Bingshao would reveal the truth, so she quickly interrupted, "Rong Bingshao! Shut up! Don't mock and ridicule here. Today is a competition between us purple mutants, and it is decided by the four golden mutants. I don't want anyone to disturb this competition!"

"Moon Maiden, can the competition begin quickly? Your new disciple, Rong Bingshao, violated me before. I feel very uncomfortable just looking at this man! I don't want to continue being tortured here!"

"Mr. Harry has been a purple mutant for more than twenty years. His strength must be far above mine. I hope to lose as soon as possible and give up!"

Victoria began to urge the competition to start as soon as possible. She knew that the Moon Maiden would also want to determine the next golden mutant as soon as possible.

The Moon Maiden said, "Alright, Victoria, if you can't control Harry with your mind, then Harry will only need ten seconds to defeat or even kill you! As for that Grachev? I'm not waiting anymore. I announce that the purple mutant competition has officially begun!"

However, at this moment, the few mutants who had agreed to share wealth with Grachev stepped forward one after another.

"That's not fair! Grachev isn't here yet. The competition can't start!"

"We should find out who killed Grachev first! If we find out who the murderer is, he will be disqualified from participating in the competition!"

BOOM!

The Moon Maiden waved her hand, and a bolt of lightning descended, blasting the two of them into the air and causing them to scream.

The Moon Maiden said arrogantly, "Who do you think you are? How dare you set the rules for me? Let the competition begin. Anyone who says another word will be killed without mercy!"

The Moon Maiden let everyone see how terrifying she was. She was completely different from the fairy they had first met. Only then did everyone know that although she was beautiful and looked like a gentle fairy, her temper was actually very bad. She could not be provoked!

"Go for it."

Jordan patted Victoria's shoulder and cheered her on.

Victoria nodded at Jordan.

After that, everyone dispersed, leaving the area for Victoria and Harry to fight.

As they did not know what Harry's superpower was, most of the low-level mutants hid far away, afraid of being attacked by his superpower.

"That's enough. Why are you retreating so far? You won't be able to see clearly if you go any further!"

Park Sora complained to Salvatore.

Salvatore said, "Sora, it's better to maintain a safe distance. That Harry is a purple mutant. If he gives you a blow and with your level, you won't be able to withstand it."

Park Sora crossed her arms in front of her chest and looked very unconvinced. "Tsk, you're the one who can't take it, right? The black level isn't much different from the purple level, okay? However, you're all afraid of Harry and think that Harry can win. Why do I feel that Victoria has a better chance of winning?"

Salvatore was puzzled. "Didn't you dislike Victoria? Why are you supporting her?"

Park Sora said, "Of course I don't want her to turn golden, but look at how calm she is when facing Harry. It's as if victory is in her hands..."

Salvatore deliberately coughed twice and did not reply. Park Sora looked at Salvatore suspiciously. "Salvatore, do you know something?"

Salvatore quickly said, "No... no."

Park Sora stretched out her right hand, which instantly froze Salvatore until his collarbone.

"Ah, so cold. Sora, spare my life!"

Salvatore hurriedly begged for mercy.

Park Sora said, "It's useless. You know something, right? Tell me quickly!"

Salvatore whispered, "I can't tell you. If I tell you, you'll run away. Mr. Jordan won't let me leak it."

Park Sora was even more curious when she heard that Jordan was the one who instructed him to do this. What would make Park Sora run away if she told him?

While the two of them were fooling around in the distance, Harry was already preparing to make his move on the arena next to the Immortal Lake.

Harry cupped his hands. "I still have to go home and accompany my children. Miss Victoria, I'll make a move first!"

Harry knew that Victoria didn't have the ability to attack. As long as his attack could land on her, he would be able to win. Thus, he wanted to directly seal the victory.

However, Victoria immediately launched a mental attack at Harry!

"Mind Control! Victoria has already activated Mind Control on Harry! I wonder if it will succeed!"

"Actually, there's nothing interesting about this match. As long as Victoria can control Harry, the match will end!"

"Grachev and Shirley both have ways to be immune to Victoria's control. I don't believe that the purple mutant under the Moon Maiden is so useless."

Everyone paid close attention to Harry's condition.

Just as Harry was about to attack, he felt a powerful mental attack attacking his brain. His expression immediately became ferocious.

Harry stabilized his stance and shouted, wanting to use his willpower to resist Victoria's mental control!

"Ah, this Harry seems to want to take Victoria's mental attack head-on. He doesn't have any special method to resist mental control."

“Hmph, he can still win even if he takes it head-on. Randall can resist Victoria for a while with just a black level talent. During this period of time, with Harry’s purple attacks, he can completely kill her in an instant!”

“That’s right. Unless Victoria can completely control Harry in a short period of time, Harry can still attack in this state.”

“Ha!”

Victoria also shouted, clearly intensifying her mental attack in order to completely subdue Harry.

Harry’s face turned red, and his round figure looked like it was about to explode.

After more than ten seconds, Harry still managed to withstand Victoria’s mental attack and was not completely under her control.

“Don’t just defend and not attack! Attack! She can’t control you in a short period of time!” The Moon Maiden reminded Harry.

In the next second, countless vines and tree trunks suddenly appeared on Harry’s body. It was as if a tree had been planted on his body!

Ha!

Harry stretched out his right hand and the vine quickly attacked Victoria.

Swoosh swoosh swoosh.

Victoria was instantly pulled to Harry’s side by the vines. In just a few seconds, her exquisite figure was tightly bound by the vines, and even her breathing became difficult!

1328 Victoria’s Countermeasure!

Harry’s attack method was actually such a strange vine attack! These vines looked like vines, but their power was clearly not something ordinary vines could compare to!

Jordan could not help but sigh when he saw that. “Fortunately, Harry is a guy without much ambition. Otherwise, I wonder how many people will be harmed by his abilities.”

Harry’s vine attack was very difficult to deal with. After being bound by his vine, his opponent had almost no strength to resist. These vines were like a ferocious beast with many tentacles. Moreover, they were dark and terrifying.

“It’s over, it’s over. Victoria is tied up and she has already lost. If she doesn’t admit defeat, she will be strangled to death by Harry!”

“As expected, the Moon Maiden’s subordinate is more powerful! However, why is our Chief still so calm?”

“Our Chief has the ability to predict the future. Does Victoria have a way to counterattack?”

“What are you thinking about? It’s precisely because the Chief has a way of predicting things that Victoria will lose, so of course he wouldn’t be as surprised as us!”

No one was optimistic about Victoria anymore.

On the other hand, Rong Bingshao smiled smugly. He looked at Victoria who was tied up by vines and thought to himself, “That b\*tch, Victoria, has a good figure indeed. I’ve seen her naked too many times. Now that she’s wearing clothes and the vines outline her curvaceous curves, it’s a different kind of charm! Hehe! No wonder Jordan was willing to forgive Victoria after what she did. Hehe.”

Before the Moon Maiden appeared, Victoria was a goddess of the Mutant Tribe. She was beautiful, had a good figure, and had a high level mutant power. She was the object of most mutants’ desire.

Other than Rong Bingshao, the other low-level mutants had never had the chance to have any intimate contact with Victoria.

Rong Bingshao also gradually felt his violation of the purple mutant Victoria was something to be proud of.

“Unfortunately, I didn’t succeed at that time. Hehe, when Victoria loses to Harry and is crippled by him, won’t she be someone I can easily manipulate?”

Although Victoria was now a purple mutant, Rong Bingshao was now with the strongest golden mutant, the Moon Maiden, while Victoria had chosen the wrong person to support.

Given time, it was not impossible for Rong Bingshao to order Victoria around.

However, Harry was a kind person and didn’t use vines to harm her. In fact, Harry’s expression was troubled. “Miss Victoria, if you admit defeat now, I’ll let you go. We agreed that I wouldn’t hurt you! Quickly admit defeat!”

Victoria was hung in front of Harry by the vines. She could do nothing but speak.

The Moon Maiden also arrogantly stared at Victoria, and determined that this match was over.

On the side, Mike Baylor also congratulated the Moon Maiden. “Congratulations, Moon Maiden. Your subordinate is about to win.”

The Moon Maiden arrogantly glanced at Mike Baylor. She knew that Mike Baylor wanted Victoria to win because he had helped her before.

The Moon Maiden said, “There’s no suspense at all. By the way, did your Dragon Turtle fart? Why is it so smelly?”

Mike Baylor glanced at the ground and smiled. “No, my dragon turtle didn’t fart.”

“F\*ck! This Dragon Turtle is pooping! It’s turd is so big!”

“It’s too f\*cking smelly! It’s quite cute, but why is its poop so smelly!”

The Moon Maiden quickly pinched her nose. “You’re not going to use such a disgusting method to interfere with this competition, are you?”

Mike Baylor looked innocent. “You’re wronging me. I can control animals, but I only control them to attack. Pooping is not my problem!”

The two of them talked about the stench of the poop, but Jiumo Kasyapa did not find it funny. He still looked serious.

Jiumo Kasyapa glanced at the calm Jordan and thought to himself, “No, no, Harry won’t win so easily. Where did Victoria go in the past two days? Since she asked me for Harry’s position, why didn’t she look for him? Victoria, what are you thinking?”

The stench that assaulted their noses clearly did not affect the two people who were fighting. This was a contest between purple mutants, and even a contest of life and death!

Victoria’s face was pale as she looked at Harry. She slowly opened her mouth but didn’t admit defeat. Instead, she shouted.

“Daddy...”

Daddy!

Victoria called Harry, her enemy, and her opponent daddy!

“Hahahaha... Victoria, this woman really has no bottom line. Haha, she’s actually so shameless. She’s calling him Daddy to beg for mercy!”

When Rong Bingshao heard this, he could not help but laugh mockingly.

“F\*ck, did I hear wrongly? Victoria called Harry her dad?”

“Sigh, Victoria used to be a high and mighty goddess. Now that she’s begging her opponent for mercy like this, how can Harry give up his position to her just because she calls him her daddy?”

“That’s right. This is the qualification of a golden mutant! You can’t even call him grandpa. It’s useless even if you call him your ancestor! She

was even a vice president who has been in the business world for several years. Doesn't she know this? She's nothing!"

Everyone else was mocking her. The Moon Maiden, who had always looked down on Victoria, had a change in expression after hearing her call him "Daddy"!

"Oh no!"

The Moon Maiden immediately had a bad feeling!

Others might not understand Harry, but how could the Moon Maiden not understand him?

In the past few years, Harry had been enjoying his family life. He had given birth to many children. As he liked girls, more than ten of his children were daughters. He could be said to be a complete slave to his daughters!

Sure enough, after being called daddy by Victoria, Harry immediately felt pity for her!

The Moon Maiden looked at Victoria's voluptuous figure and suddenly felt relieved. She thought to herself. "Victoria is still a woman in her thirties. Even if she looks like she's in her twenties, Harry wouldn't treat her like a child with her tall and voluptuous figure."

However, at this time, Victoria suddenly began to sing a song.

[The dark sky hangs low.]

[The bright stars follow.]

[Flying insect. Flying insect. Who are you missing?]

It was "Flying Insect"! It was "Flying Insect" that even Harry's daughter could sing!

Harry's exposed skin instantly broke out in goosebumps!

In an instant, he thought of his adorable daughters!

“How does she know this song!”

The Moon Maiden had just calmed down when she immediately panicked again! She only found out two days ago what this song meant to Harry!

This song meant too much to Harry. It contained his love and regret for the Moon Maiden’s dead daughter, as well as his love for all his daughters!

Jiumo Kasyapa also instantly understood. “I understand! Victoria did go to Liechtenstein to find Harry! However, she did not go to the current Liechtenstein. She used the Time Gate to go to Liechtenstein in the past!”

“What a smart woman! Harry is probably going to lose!”

1329 Shirley Appears!

Jiumo Kasyapa finally understood why he couldn’t see Victoria anywhere in the past two days. It turned out that Victoria was not in this timeline at all!

The Moon Maiden was also a smart woman. She had been guarding Harry for the past two days and knew if a fly had come to that small country. If Victoria stepped in, she would definitely know.

However, the Moon Maiden didn’t find any trace of Victoria. Now, it seemed that she knew Harry like the back of her hand. This could only mean that she had gone to the timeline of the past and infiltrated Harry’s castle to learn about his feelings for his daughters.

[Insects fly, flowers sleep.]

[Couples are beautiful.]

Victoria continued to sing in a low voice. Her voice was deliberately imitating a child’s voice, just like Harry’s daughter’s innocent singing.

At this moment, Harry was completely affected by the song. At this moment, his willpower was at its weakest. The Moon Maiden knew that Victoria would definitely use this opportunity to counterattack Harry!

“Harry, don’t be affected. You have to focus!” The Moon Maiden reminded Harry.

However, it was already too late.

Victoria was, after all, a purple mutant. Controlling a low-level mutant was a piece of cake for her. Although mutants of the same level had stronger resistance, they wouldn’t be able to hold on for long.

In particular, people like Harry did not have the ability to be immune to mental control like Grachev and Shirley.

It was this fleeting opportunity that Victoria immediately used Mental Control on Harry!

In the next second, Harry’s gaze changed slightly! Then, he saw Victoria, who was tied up in the air by the vines, slowly falling down. The vines on her body were also gradually released.

“What’s going on? Harry actually let go of Victoria?”

“No, Harry was controlled by Victoria! She was the one who controlled him!”

Whoosh! Whoosh! Whoosh!

In the next second, the tables continued to turn!

Harry’s vines quickly wrapped around Harry’s neck and attacked. They were so tight that he could not breathe.

On the side, Victoria waved her hands and used all her strength to control Harry.

Harry tried his best to retaliate, but how could he withstand Victoria’s mental power?

Not long after, Harry was completely controlled by Victoria and had no ability to fight back.

“Heavens, the outcome is set! Victoria won!”

“I didn’t expect Victoria to use a children’s song to turn defeat into victory!”

“This Harry is really a piece of trash. His attention is so scattered. He’s not even as good as us green mutants. He’s really not worthy of being a purple mutant!”

“That’s right. If I had Harry’s abilities, Victoria wouldn’t have a chance to win!”

At this time, Victoria was sweating profusely while controlling Harry, not giving him the slightest chance to break free.

“Moon Maiden, Harry has been completely controlled by me. He can’t admit defeat to me. I’m asking for your opinion now. Do you want him to admit defeat? If you don’t admit defeat on his behalf, I can only strangle him to death.”

Moon Maiden’s expression was ugly. She knew that Harry had no chance of turning the tables. In order to become a golden mutant, Victoria did not hesitate to assassinate Grachev. It was not impossible for her to kill Harry now.

**BOOM!**

The Moon Maiden waved her sleeve and instantly separated Victoria and Harry.

“Ahem...”

Harry’s control was also lifted, and he kept coughing.

Harry knew that he had lost. He walked towards the Moon Maiden guiltily. “Aunt Snowy...”

Slap!

The Moon Maiden slapped Harry's face and said angrily, "Trash! Since you like being with your daughters so much, stay in your broken castle for the rest of your life and never come out! Get lost!"

Harry was very ashamed. He bowed deeply to the Moon Maiden and quickly left.

Victoria was also sweating profusely. She excitedly looked at the Moon Maiden and waited for her to announce the result.

The Moon Maiden looked at Victoria and slowly said, "Victoria, you win."

"Yes!"

Victoria finally heaved a sigh of relief. She was so excited that she wanted to jump in joy!

At this time, the members of the Mutant Tribe also came over to flatter Victoria.

"Victoria is really brave and resourceful. She actually thought of such a way to disintegrate the enemy's willpower. Victoria is really worthy of becoming a golden mutant!"

"Victoria was originally a perfect goddess. Now, she has become the ceiling of mutants. We don't even have the right to massage Victoria's feet in the future!"

"Victoria, if you need anything from us in the future, just let us know!"

Since Victoria won this competition, according to the previous agreement, she would become the next golden mutant.

The golden mutants were the most respected mutants. All mutants had to bow down to them.

Even Salvatore and Dragon came over to congratulate Victoria.

“Victoria, congratulations. Emily will be very proud to know that she has a golden mutant sister. With you around, no one will dare to bully her anymore. Hehe,” Salvatore said with a smile.

Victoria smiled. “Thank you, Salvatore.”

Park Sora also walked over and said, “Victoria, after you become a golden mutant in the future, you have to stand on our side. Don’t go against us!”

Victoria glanced at Park Sora and chuckled. “Of course.”

Victoria looked at Jordan and realized that he was smiling at her too. She realized that Jordan did not look very excited. His expression was very calm, as if he had expected this outcome.

Actually, when the two of them met just now, Jordan said that he did not have the time to predict the outcome of this competition. He was lying to Victoria.

At that time, he had already predicted that Victoria would use this method to defeat Harry.

However, Jordan did not want to tell Victoria in advance. He was afraid that she would think too much.

At this moment, Mike Baylor also smiled and said, “Alright, the purple mutant competition is over. That kid, Grachev, probably won’t be able to come. Victoria will be the fifth golden mutant we’ll create...”

“Wait a minute! The purple mutant match is not over yet!”

Just as everyone thought that the purple mutant match had ended, a figure that they had not seen for a long time suddenly appeared!

Everyone turned around and saw that it was the purple mutant, Shirley!

Previously, Shirley had been expelled from the Mutant Tribe by Jordan because of some immoral actions and because she did not realize her mistake. She had never appeared again.

He did not expect that she would actually come to participate in the purple mutant competition!

“It’s Shirley! Haha, I knew someone would inform her about this!”

“Shirley is also a purple mutant. She is definitely qualified to participate in this purple mutant competition! Moreover, she is immune to Victoria’s mental control! That means Victoria is going to lose!”

1330 Victoria Wins!

Just as the purple mutant competition was about to end, Shirley, who had disappeared for a long time, suddenly appeared and returned to the Immortal Lake!

Shirley had been in contact with Grachev and the other mutants. Perhaps she had already known about the purple mutant competition. Coincidentally, she appeared after Victoria defeated Harry. It was hard to suspect that she had not specially chosen this opportunity to reap the fruits of her victory.

While Shirley’s mirror form might not be Harry’s match, but she could restrain Victoria!

Shirley’s appearance also caused Victoria’s heart to immediately become flustered.

Jordan was the only one who looked calm. He must have known that Shirley would appear.

Shirley smirked and walked towards Victoria. She had absolute confidence in winning the next match against Victoria!

“Miss Victoria, it’s been a long time... Hehe, Grachev told me about the purple mutant competition very early on. How could it be your chance so easily? Hahahaha, I have to thank you for helping me settle Harry. Now, it’s my turn to...”

Shirley said with a smug smile as she walked forward.

However, before he could finish speaking, Rong Bingshao suddenly exerted his divine speed and hugged the thin Shirley from behind. With a whoosh, he carried her and rushed forward.

As his speed was too fast, only two figures could be seen flying towards Salvatore and Dragon.

“Ah!”

Hearing Shirley’s sharp scream, everyone looked over and realized that Park Sora had used her superpower at some point to create a sharp icicle. Rong Bingshao actually carried Shirley and rushed towards the icicle.

Shirley’s fair neck was directly aimed at the icicle. Due to the super fast speed of his Godly Speed, Shirley immediately bled and collapsed to the ground.

Although she was not dead, she was already on the verge of death!

“Oh my god! What happened?!”

“Ah! Shirley is so injured that she can’t even move. I’m afraid she won’t be able to transform into her mirror form!”

“It’s actually Rong Bingshao and Park Sora, the black mutants? They joined forces to kill Shirley?”

Everyone was extremely puzzled by what had happened.

It was understandable that Park Sora would help. Why would Rong Bingshao help Victoria kill Shirley?

In the next second, Park Sora suddenly came back to her senses. When she saw the blood-stained icicle in her hand, she was shocked. “Ah, when did I use my superpower?”

“Shirley? My God, how did she get hurt like that!”

Rong Bingshao suddenly looked around and said in confusion, "Strange, why did I suddenly come here?"

Then, he looked at Shirley, who was lying on the ground on her last breath, and immediately understood what was going on.

Rong Bingshao pointed at Victoria and cursed. "Victoria, you bitch, you borrowed my skill to kill Shirley!"

Victoria's expression remained calm. "What are you talking about? I don't understand."

The more light-hearted Victoria was, the angrier Rong Bingshao became. "You used your mind to control me just now, didn't you? That's why I suddenly grabbed Shirley and rushed here!"

"It's not just me. Park Sora was also controlled by you! If Shirley hadn't transformed just now, she would have been controlled by you too!"

"Victoria, you didn't dare to fight Shirley one-on-one openly because you were afraid that you wouldn't be able to defeat her once she entered her transformation state, so you used our skills in advance to help you get rid of this obstacle. What kind of hero are you?"

Hearing Rong Bingshao's accusation, the mutants started to discuss.

"I was wondering why Rong Bingshao suddenly attacked Shirley. It turns out that he was controlled by Victoria!"

"I was wondering why Rong Bingshao suddenly attacked Shirley. It turns out that he was controlled by Victoria!"

When the Moon Maiden saw that, she looked at Jordan and said, "As expected of a Deity's woman. She's indeed extraordinary. I've learned my lesson. I'll choose her."

Victoria used different methods to defeat the three mutants, Grachev, Harry, and Shirley. As a woman, the Moon Maiden also admired her.

Although the method she used was not honorable, when had a woman ever thought of being a hero?

No one cared if a woman was honest or not.

Jordan could hear the sarcasm in the Moon Maiden's words. He said, "Thank you, Moon Maiden. Among the five golden mutants, it's suitable to have three men and two women."

The Moon Maiden coldly snorted. "I'll only give her an hour to rest. After an hour, transfer the golden bloodline to her and let her prepare!"

With that, the Moon Maiden flew out coldly.

"Master!"

Rong Bingshao quickly followed.

Mike Baylor also flew onto the Golden Dragon Turtle and said, "See you in an hour. I'll go find some food for my Dragon Turtle."

Jiumo Kasyapa put his hands together. "Congratulations, Miss Victoria. Your wish is finally fulfilled. The quote from before was a little abrupt. Next, Miss Victoria will receive the bloodlines of the four golden mutants at the same time. I'm afraid that it will be a test of Miss Victoria's physical endurance. I hope Miss Victoria can rest well and make some mental preparations."

Victoria smiled and bowed. "Thank you for your reminder, Master."

Jiumo Kasyapa looked at Jordan, "Deity Jordan, we'll meet again in an hour."

Jordan smiled lightly, "Alright, take care, Master."

After Jiumo Kasyapa left, the mutants all rushed to Victoria to congratulate her. Shirley, who had collapsed on the ground, was ignored.

Jordan did not leave her in the lurch. He asked Salvatore to bring Shirley away for treatment.

Subsequently, Jordan asked the other mutants to disperse. He and Victoria sat down beside Immortal Lake to rest alone.

Victoria's smile was bright and her mood was quite relaxed. "Jordan, you predicted that I would win, right? You're so bad. You didn't tell me at the beginning."

Jordan smiled and said, "Yes, not only did I predict that you would win the purple mutant competition, but I also predicted that we would transmit the golden bloodline to you in an hour. Do you want to know the outcome in an hour?"

Victoria grabbed Jordan's hand excitedly, "Yes! I want to know! Tell me now! I will successfully advance to a golden mutant, right? I must have successfully become a golden mutant, right?"

Victoria stared at Jordan without blinking. She could not wait to get an answer from him.

Jordan did not keep him in suspense and nodded. "Yes, you will successfully become a golden mutant."

"YES!!! YES!!! YES!!!"

Victoria jumped up excitedly and hugged Jordan tightly. She was extremely excited, "Jordan, thank you. I'm so happy. I've finally succeeded. I've finally become a golden mutant of the highest level like you!!!"

However, Jordan did not look too excited. He patted Victoria's shoulder gently and continued with a serious expression, "Other than you turning into a golden mutant, I've predicted something else."
