

The Abandoned Husband Dominates

- Chapter 1331 – 1335

1331 Transferring Bloodline!

Victoria let go of Jordan and put away her excited expression. She looked at Jordan and said, “What else did you predict? Is it because that Moon Maiden can’t stand me after I became a golden mutant and wants to deal with me?”

“Hmph, the two of us don’t have to be afraid of her!”

Jordan said, “No, the Moon Maiden didn’t attack you. You suddenly went back on your word after you successfully turned into a golden mutant. You weren’t willing to summon the goddess with us and flew away alone.”

Victoria paused for a moment before feeling a bit guilty.

Jordan’s words were exactly what Victoria was thinking!

In fact, Victoria had no interest in the so-called “grand plan” of gathering five golden mutants to summon the goddess.

After all, her biggest goal was to become a golden mutant. A golden mutant was already the highest level in the world. Why would she still take the risk to pursue these unknown things?

The Moon Maiden wanted to summon the goddess, but Victoria didn’t!

If there was a Prince Charming in the Immortal Lake, she might consider it, but the Goddess of the Immortal Lake was definitely out of the question!

The Goddess of the Immortal Lake was definitely stronger than Victoria. Once summoned, she wouldn’t be the most powerful woman in this world.

Victoria didn't need more power from the goddess. What she wanted was world status and repute.

Without the existence of the Goddess of the Immortal Lake, she and the Moon Maiden would be the goddesses of this world. If they could get rid of the Moon Maiden, Victoria would be the only golden goddess.

However, Victoria knew that the Moon Maiden and the others, including the current Jordan, firmly believed in her. They were eager to summon the goddess.

Hence, Victoria denied immediately, "Huh? I didn't agree to the big plan and flew away? How could that be? Jordan, did you predict wrongly? I'm willing to cooperate with you."

However, Jordan did not blame Victoria for this. Instead, he said to her softly, "I won't tell them about this. What I want to tell you is that after you fly away later, go straight to Queenstown. We'll meet there."

Victoria did not expect Jordan to be willing to lie to the Moon Maiden and the other two with her. It seemed like he really hoped to help Victoria become a golden mutant.

Victoria immediately nodded. "Yes!"

...

An hour later.

Moon Maiden, Mike Baylor, and Jiumo Kasyapa returned to Immortal Lake.

The three of them also changed their clothes and dressed up. It seemed like they took the upcoming ceremony very seriously.

"Today is destined to be an extraordinary day! Listen to me, guys. Today will be recorded in the history books of Earth! We are going to successfully create a golden mutant and successfully summon the

Goddess of Immortal Lake. I can't describe how excited I am with words!"

Mike Baylor was dressed in a suit and bow tie, as if he were going to a dinner party. He sat on his golden dragon turtle and sighed. Although his dragon turtle was powerful, if he could summon that powerful goddess, a dragon turtle of this level was as weak as a puppy.

Mike Baylor could not wait to see a wider world and stronger combat power!

The Moon Maiden, who had also stayed in this world and at this level for 20 years, felt the same!

The Moon Maiden walked toward Jordan and Victoria and asked, "Jordan, have you predicted it? Will we succeed next? Will there be any changes?"

Jordan smiled and said, "I predicted it. It's very successful. Everything went smoothly."

Mike Baylor laughed loudly. "Hahaha, it's good to have a deity in the team. It hasn't even started, but we already know in advance that we will succeed! I think we should open champagne to celebrate now!"

The Moon Maiden was still cautious. "It won't be too late to open the champagne after this is done."

After that, the four golden mutants and Victoria, a purple mutant, stayed beside Immortal Lake. The other mutants were driven hundreds of meters away.

The Moon Maiden said, "I hope today will be a brand new start. Mike, you've had experience transmitting bloodlines before, so you should organize everyone."

Mike Baylor jumped down from the Golden Dragon Turtle. "No problem. Victoria, Come here."

“Yes.”

Victoria obediently walked over.

Mike Baylor pointed at the Immortal Lake in front of him. “Take off your clothes and jump into the Immortal Lake.”

Victoria guessed that she would enter the Immortal Lake because only by entering the lake would she be able to determine if she had become a golden mutant or not.

The purple mutant could only turn the Immortal Lake purple. Only Victoria’s ability to turn the Immortal Lake golden would prove that she had successfully advanced to become a golden mutant.

However, Victoria didn’t expect Mike Baylor to make her take off her clothes.

Victoria was surprised. “Take off my clothes? I... If I take off my dress, only my underwear will be left.”

Mike Baylor said, “Oh, dear beauty, you misunderstand me. I’m not asking you to just take off your dress. I’m asking you to take it all off and jump into Immortal Lake.”

Before Victoria could speak again, Jordan was a little angry. “Mike Baylor, what do you mean?”

Mike Baylor said, “Jordan, don’t be angry. I’m just deducing from the past experience of transmitting bloodlines to your uncle. After she accepts the bloodlines of the four golden mutants, she’ll definitely be hot. Therefore, asking her to take off her clothes is also to reduce her burden.”

Jordan said, “We’ll talk about it when the time comes. Victoria, just jump in wearing a dress.”

Victoria nodded. “Okay.”

Victoria jumped into the lake barefooted. The lake quickly turned purple and she swam to the side, revealing her head and upper body. Her lower body was still in the water.

Mike Baylor continued, "Victoria, extend your hands. We'll transfer the bloodline to you through your fingertips. We can split into two groups. Two people can pass the bloodline to Victoria at the same time. Who wants to be in the same group as me?"

Jiumo Kasyapa said, "I am willing to be the first to transmit my bloodline to Miss Victoria."

Usually, it was the underlings in the team who took the lead. Jiumo Kasyapa knew his limits.

However, Mike Baylor rejected him. "You? You're too ugly. No."

Jiumo Kasyapa stood there awkwardly. What did transmitting blood have to do with being ugly or handsome?

Mike Baylor teased her and asked. "Victoria, can you handle two men at the same time? Why don't we do it one by one?"

Victoria's face turned red. How could an adult not understand the meaning behind Mike Baylor's words? For a moment, she recalled the awkward moments between the two of them in the past.

Jordan said angrily, "Mike Baylor, what's the point of talking dirty at this time? You didn't seem to have such an interest in the past!"

Mike Baylor laughed and said, "Hahaha, isn't the big plan about to succeed? I'm too excited. You're right. I haven't been so happy in a long time. It's so boring. Hahaha. Alright, Jordan. In that case, let's transfer the golden bloodline to Victoria at the same time. I believe the three of us will definitely work together happily. Hehe!"

1332 It's Gold!

The big plan was about to come true, and Mike Baylor was unprecedentedly excited.

Now was the critical moment for Victoria to advance to a golden mutant. Jordan did not argue with Mike Baylor and came to Victoria's side with him.

Mike Baylor said, "Jordan, watch my posture. Just do it like me. Of course, you can also play some new tricks. You just have to pass our precious blood to Victoria."

He then grabbed Victoria's hand with his left hand and began to transmit blood through his fingertips.

Likewise, Jordan grabbed Victoria's right hand and followed his actions.

"Ah."

Victoria couldn't help but close her eyes and let out a soft cry. She felt two powerful energies surging towards her body.

Mike Baylor looked at Victoria's charming expression as he said to Jordan beside him, "If I stop, you stop. Of course, if you want to give Victoria more blood, I won't stop you."

Jordan knew that Mike Baylor's control over his golden bloodline was very precise. Therefore, Jordan stopped transmitting his blood the second after Mike Baylor stopped.

"Ah."

Victoria's expression was unsightly as she struggled to lie down by the lake.

Jordan crouched down immediately and asked, "Victoria, how are you feeling?"

"I... I feel so hot and dizzy."

Seeing Victoria's uncomfortable expression, Jordan turned to look at the Moon Maiden. "Why don't you let her rest for a while before you guys continue?"

The Moon Maiden stepped forward, "I don't have time to wait for her to rest. Jiumo, we'll start now!"

Jiumo Kasyapa replied. "Yes!"

As the two of them spoke, they tyrannically lifted Victoria's arm and directly transmitted their bloodlines.

Victoria weakly said, "Moon Maiden..."

The Moon Maiden snorted coldly. "Cut the crap! You're lucky to be able to get any golden bloodline transmitted to you. You don't get this opportunity as you please."

Victoria gritted her teeth and forcefully persisted.

Just like that, the Moon Maiden and Jiumo Kasyapa also transmitted their golden bloodlines to Victoria.

After they finished transmitting their blood, Victoria's body was steaming hot!

"Ah!"

Victoria jumped into the lake and let out a heaven-shaking roar.

Receiving the bloodlines of four golden mutants at the same time, Victoria, as a purple mutant, could not withstand it at all.

BANG!

Some tatters of clothing flew out of the Immortal Lake. It was her red dress and underwear.

Looking at the torn clothes, Mike Baylor said, "Look, I'm not lying to you, right? If I tell you, she'll be hot. It's useless to wear clothes."

Jordan looked terrible. Victoria's clothes were all torn, which meant that she was naked in the Immortal Lake. It would be inconvenient for her to come up later.

After all, in addition to the Moon Maiden, there were also two men, Mike Baylor and Jiumo Kasyapa.

Therefore, Jordan instantly conjured a red dress that was exactly the same as before. When Victoria came out, he would ask her to put it on.

Jordan took the dress and shouted at Victoria who was in the lake, "Victoria, tell me before you come out. I've prepared clothes for you."

Mike Baylor looked at Jordan's dress and felt disdain in his heart. "How petty. It's as if I've never seen her naked before."

In fact, with Mike Baylor and Jiumo Kasyapa's current status, they would not covet a woman's body.

At that moment, Victoria did not hear what Jordan said at all. Even if she did, she would not remember it.

The golden bloodline kept surging in her body, attacking her original purple bloodline.

To complete the upgrade, it was like a caterpillar transforming into a butterfly. It required an extremely difficult process.

The Moon Maiden and the others looked at the boiling purple lake water and said, "As long as the lake water turns completely golden, it means that we've succeeded. I wonder how long it will take."

The Moon Maiden looked at Jordan.

Jordan shook his head. "I only predicted the outcome. I didn't see the process."

Jiumo Kasyapa said, "Amitabha. Although Deity Jordan has already told us the result, I can't help but feel a little nervous."

Mike Baylor smiled and said, "I'm the same as you, big monk. I don't think this is called nervousness, but excitement. I can't go anywhere else to rest or drink and wait. I just have to stand beside Immortal Lake and witness this moment with my own eyes!"

The Moon Maiden and the other two looked very excited. In fact, Jordan was the most excited!

Jordan only pretended to be calm on the surface. He pretended that he knew everything about the development of the matter like the back of his hand. He gave people the feeling that victory was in their grasp.

However, in reality, Jordan could hardly contain himself!

"Victoria... is about to become a golden mutant... She has finally achieved her dream. I'm afraid no one will be able to stop her in the future. I really don't know what she will turn this world into..."

Jordan wished Victoria well and looked forward to it. He was excited but also a little worried.

Victoria's ability was too strong, and it was group control. She could now control the people in an area. After becoming a golden mutant, she might be able to control an entire city!

Neither Jordan nor the Moon Maiden could achieve such an ability.

At this moment, the low-level mutants in the distance were also discussing.

"Do you guys think Victoria can successfully advance to a golden mutant?"

"I don't think it's likely. How could a golden mutant forcefully be created from a purple mutant? This doesn't conform to logic!"

"Chief, the Moon Maiden and the others aren't fools. If they can't succeed, they won't take the risk to spread the golden bloodline. Let's make a bet. They will definitely succeed!"

“I think so too, but I’m curious if Victoria’s ability is still mind control after she becomes a golden mutant? Will she obtain the abilities of the other four golden mutants at the same time?”

“F*ck, stop fooling around. Spiritual control, weather manipulation, divine beast taming, and spatial teleportation all fused into one? Then we, including the chief, Moon Maiden, and the others, should just kneel down and lick Victoria’s toes. No one can defeat her!”

Hearing everyone’s analysis, Park Sora also felt jealous and asked Salvatore, “Salvatore, will Victoria really have all kinds of abilities? If she’s so powerful, Earth can be changed to Victoria’s planet!”

Salvatore smiled and said, “How is that possible? You’re listening to their nonsense. Victoria will raise the level of her bloodline, not change her innate ability. Her ability is still only mental control. However, after turning golden, her ability alone will become more impressive.”

“Before coming here, Mr. Jordan called Lionel and seemed to have said something. Anyway, don’t talk back to Victoria in the future. In the future, Victoria will definitely be an existence that can fight 10,000 people alone. I’m thinking that Emily can also benefit from Victoria and become the City Lord or something.”

Suddenly, beside the Immortal Lake, Mike Baylor said excitedly, “The lake water has turned golden!”

1333 Earth Goddess Victoria!?

The area in the middle of the purple immortal lake suddenly turned golden!

The color of the Immortal Lake was a symbolic evaluation of the talent level of the mutants. Only by turning the entire Immortal Lake golden could that person be qualified to be called a golden mutant.

The Moon Maiden became excited as well. “But this is not enough. Victoria must dye the entire lake golden.”

In the Immortal Lake, the purple color was visibly fading, replaced by a sparkling golden color that was expanding at a very fast speed.

“Miss Victoria is really going to become a golden mutant!” Jiumo Kasyapa couldn’t help but exclaim.

However, the process was not as fast as he had imagined. After an hour, the entire Immortal Lake turned completely golden.

In the next second, a beautiful figure burst out of the immortal lake!

It was Victoria, who had transformed into a golden mutant!

Victoria came out of the lake and soared to a very high altitude.

“Victoria came out of the Immortal Lake! She succeeded!”

“Oh my god, Victoria is naked! I didn’t expect low-level mutants like us to have the chance to see the body of a golden mutant with our own eyes. Hahaha.”

Originally, these low-level mutants could not see the situation here. However, Victoria flew too high this time, so they could see her from afar.

Of course, they didn’t dare to look at her teasingly or take photos. The current Victoria was already a golden mutant, so they didn’t dare to do so.

“Amitabha.”

When Jiumo Kasyapa saw this scene, he was very embarrassed. He quickly turned around and stopped looking at Victoria.

Mike Baylor looked up with admiration. “Not bad, this woman didn’t disappoint me!”

Jordan was very dissatisfied. He threw the red dress to Victoria, who was soaring into the sky. “Victoria, clothes!”

Victoria took it and put them on in the air. However, she didn't fall down.

"What? How could Victoria stay in the air for so long? She can fly too?"

"Impressive. Victoria awakened her flying ability when she became a golden mutant. She's even more powerful than Chief Jordan!"

"I just want to know how strong she is now! Is she the new leader of the five golden mutants?"

The Moon Maiden and the other two were also surprised to see Victoria awaken her flying ability. However, she didn't let her stay in the sky.

"Alright, I know you can fly. Come down."

Victoria didn't listen to her at all. Not only did she not come down, she even flew back and forth around the lake.

When Victoria flew to the low-level mutants in the distance, these mutants immediately knelt down to her.

"Congratulations to Victoria for becoming a golden mutant!"

"Victoria is the goddess of Earth! We are willing to pledge our loyalty to her!"

Victoria couldn't help but laugh after hearing this.

"Hahahaha... Hahahaha..."

Victoria laughed out loud. As she had just come out of the Immortal Lake, her hair was wet and the makeup on her face had long disappeared.

With her bare face, messy hair, and her laughter, she looked a little crazy.

When Jordan saw Victoria at this moment, he suddenly felt that the "tyrannical female CEO" Victoria had completely disappeared.

In its place was a "queen" with a real desire to rule.

After a few minutes, Victoria smiled and flew in front of the Moon Maiden and the others.

The Moon Maiden was very displeased and teased, "Have you flown enough? Is it fun? You're already in your thirties, yet you're still acting like a child!"

Jiumo Kasyapa smiled and helped her out. "After all, Miss Victoria has just stepped into the level of a golden mutant. It is inevitable for her to be excited. It is human nature."

Mike Baylor looked at Victoria. "Victoria, I suddenly feel that you've become more charming. You shouldn't have forgotten how you became a golden mutant, right?"

Mike Baylor was reminding Victoria that if it wasn't for him, Mike Baylor, helping her, she wouldn't be where she was today.

Victoria smiled and ignored the three of them. Instead, she walked to Jordan barefooted.

"Jordan."

Victoria called Jordan.

Jordan looked at Victoria with a smile and said calmly, "Congratulations, Victoria."

Victoria dragged her long dress and looked at Jordan with a faint smile. She said gently, "Jordan, do you remember what you said to me here when you chased me out of the Mutant Tribe? You said that I'm just a purple mutant and you're a golden mutant. I'm not worthy to be your woman. I'm a golden mutant now. I want to ask you, am I worthy now?"

Jordan looked embarrassed. He did not expect Victoria to say that to him.

Previously, Jordan had suddenly displayed the strength of a golden mutant, humiliating Victoria.

Sure enough, she still remembered the humiliation from that day.

At this moment, the other mutants from afar had already run over.

After Park Sora heard that, she ignored Victoria's identity and shouted angrily, "Victoria! I knew that you would turn hostile after you became a golden mutant! After using Jordan, you're going to dig up old scores and go against him, right? You're a bad woman!"

"The group of male mutants saw your naked body just now. Instead of killing them, you actually smiled at them. Didn't you want to be the goddess of Earth? Where's your dignity! Kill all the men who have ill intentions towards you!"

Linus and the others immediately became nervous.

"Park Sora! Don't spout nonsense! We were so far away just now and didn't see anything at all! It's even more impossible for us to have any improper thoughts about Goddess Victoria!"

"That's right. Goddess Victoria is already a golden mutant. How dare you, a black level mutant, speak to the Goddess like this? You're courting death!"

Slap!

Suddenly, Park Sora slapped herself.

Everyone looked at her and knew that it was Victoria's doing.

Victoria looked at Park Sora contemptuously and said, "Jordan is my lover. He went through so much trouble to turn me into a golden mutant. Of course, I can't go against Jordan. Don't you think so?"

Victoria smiled charmingly and caressed Jordan's cheek with her right hand.

In the past, Victoria would never have done such an intimate action with Jordan in public.

This was because she cared too much about what others thought of her.

But now, in Victoria's eyes, everyone was one level lower than her. No one in the world was more honorable than her. She could do whatever she wanted without caring about anyone's feelings!

Victoria looked at Jordan tenderly. Subsequently, she walked to the middle of the five golden mutants. She bent down slightly and said, "I can become a golden mutant today because of you. Thank you, everyone."

"I'm a little tired today. I'll take my leave first. Remember to call me when the golden mutants gather."

With that, she flew into the sky again.

1334 Complete Fallout!

Seeing that Victoria was about to leave, Mike Baylor and the Moon Maiden became nervous.

Mike Baylor no longer looked excited. He said with a terrified expression, "Victoria, where are you going?!"

"Victoria, we turned you into a golden mutant. We're not here to have a golden mutant gathering with you, but to summon the goddess! Don't forget that your mission is to summon the goddess with us. Without my orders, you're not allowed to leave the Immortal Lake!"

Jiumo Kasyapa also saw Victoria's intention to leave and said, "Miss Victoria has just become a golden mutant and has fused with our golden bloodline. Her body may not be able to take it and needs to rest. Miss Victoria has no intention of going back on her word."

Victoria floated in the air and coldly said, "Master Jiumo, you don't have to put in a good word for me. I don't want to summon the goddess of the Immortal Lake. I am the goddess!"

Her temperament and tone were completely different from before because she knew very well that she had nothing to fear in this world.

If they did not summon the goddess, she would be the strongest and had the highest status. Why would she summon a woman stronger and more beautiful than her to suppress her?

Hearing this, the Moon Maiden was furious and was about to attack. "You're courting death! You took our golden bloodline and dare not work for us? Do you really think you have the right to resist?"

After speaking, the Moon Maiden directly attacked Victoria, causing a bolt of lightning to shoot towards her.

Victoria also reacted quickly. She dodged in the air and flew to another direction, successfully dodging the Moon Maiden's attack.

When the people at the side saw this, they were also very impressed.

"Goddess Victoria's reaction speed and speed have both improved. When Goddess Victoria was still a purple mutant, the Moon Maiden could instantly kill Goddess Victoria. But now, it's impossible to defeat her in a short period of time."

"That's right. The Moon Maiden even treats her as a low-level mutant. Isn't she too casual?"

The Moon Maiden looked down on this low-level woman. After failing to hit her, she became even angrier and flew up, wanting to pounce on her and capture her.

However, just as the Moon Maiden was about to fly towards Victoria, her direction suddenly changed. Instead of flying forward, she suddenly flew backward, and the distance between her and Victoria became greater and greater!

Looking again, it turned out that Victoria had used Mental Control on the Moon Maiden!

“What?”

The Moon Maiden instantly reacted, not daring to believe what she was seeing.

“Heavens, the Moon Maiden has been controlled by Goddess Victoria! She can’t catch up at all!”

“Goddess Victoria... can actually control a golden mutant now? Doesn’t that mean she’s invincible!”

“Among the purple mutants, Grachev and Shirley’s transformation states have the special effect of immunity to mental control, but none of the golden mutants have this ability! None of them are immune to the mental control of Goddess Victoria! They can only rely on their willpower!”

Evidently, the Moon Maiden’s willpower wasn’t enough. She didn’t even think that Victoria would dare to control her.

Victoria watched as the Moon Maiden was sent flying by her own mental control. She coldly snorted and said to the crowd, “I am no longer that low-level purple mutant Victoria, but a golden mutant of the same level as you. Don’t provoke me casually, and don’t blame me for being merciless!”

With that, she quickly flew into the distance.

Mike Baylor wanted to chase after her, but after hesitating for a moment, he still didn’t get up. He vented his anger at Jiumo Kasyapa, “Jiumo, get that bitch Victoria back!”

Jiumo Kasyapa looked troubled. “Miss Victoria can control me at any time. It’s useless even if I catch up with her. Mr. Baylor can try to catch up with her with the dragon turtle.”

Mike Baylor also lost his confidence. “What’s the use of a Dragon Turtle? He’s an idiot that can only be beaten up!”

The Moon Maiden walked over from afar and charged at Jordan angrily. She vented her anger on Jordan, "Jordan, you knew that Victoria would go back on her word and not cooperate with us to summon the Goddess of the Immortal Lake. Why didn't you say so earlier?!"

Mike Baylor accused Jordan as well, "That's right. Didn't you say that everything went smoothly just now? How dare you lie to us? What are you planning?!"

Jordan said calmly, "I don't know. I only predicted that Victoria would successfully become a golden mutant. I didn't predict what would happen next."

Mike Baylor said, "Do you think we'll believe you just because you say that? You're so calm now. You must have known long ago!"

Jordan smiled. "I'm a Deity. Of course, I won't shout like you guys."

At that moment, the Moon Maiden no longer had the demeanor of an aloof goddess. She snorted coldly and said, "Alright, Jordan. You have the confidence to face us now, don't you? Now that you have a golden helper, Victoria, do you think the two of you can fight the three of us?"

"Let me tell you, we're not fools. Since we dare to turn your old lover into a golden mutant, we're not afraid that we won't be able to deal with you!"

"You better not be helping her. Otherwise, you're playing with fire. Not summoning the Goddess of the Immortal Lake is going against us. You're destined to suffer the wrath of the heavens."

"Victoria is now a golden mutant. I allow her to roam outside for three days. In these three days, she can do whatever she wants. Even if she pokes a hole in the sky, I will pretend not to see it."

"But three days later, if she is still unwilling to cooperate with us, the three of us will kill her and create a new golden mutant."

"If you insist on standing on her side, we don't mind killing you. At most, we'll wait another twenty years for the next golden mutant!"

After the Moon Maiden finished speaking, Mike Baylor said with a serious expression, “The Moon Maiden’s words are what I want to say. Jordan, don’t think that you’re smart. Our decades of foundation is definitely not something the two of you, who have just entered the sect, can compare to.”

Jiumo Kasyapa put his hands together. “Amitabha.”

Although he didn’t say it explicitly, Jiumo Kasyapa obviously agreed with the Moon Maiden.

The Moon Maiden coldly snorted. “Let’s go!”

Then, the Moon Maiden, Jiumo Kasyapa, and Mike Baylor left one after another.

At this time, Park Sora and the others walked up and asked. “Brother, what is going on? Did you know that Victoria will go back on her word? Is this your intention?”

The other mutants also stepped forward. Linus said, “Chief, Victoria has already become a golden mutant. She is the most respected golden goddess in the world. I think that the Chief should reconcile with Victoria. With the combined strength of the two of you, I believe that you can definitely contend with the Moon Maiden and the other two!”

“That’s right. Marry Goddess Victoria! Mental control is invincible! We will definitely stand on the Chief’s side!”

Jordan ignored the crowd and looked at Salvatore. He said, “Call Lionel again and ask him to strengthen his defenses and transport the weapons near Queenstown. I’m going somewhere now.”

1335 Victoria Proposes To Jordan!

Queenstown.

Jordan did not take a plane and flew directly to Queenstown. This was because this place was located in the remote northwest. There were not many people here.

However, this city was relatively developed and had many people.

Jordan stopped when he arrived near Queenstown Airport. He also created a sandstorm behind him to confuse the crowd and disappear from their sight. He had just asked for Victoria's location through Whatsapp and she had already sent him her location.

There were more people ahead, so Jordan planned to take a taxi there.

Jordan walked to a taxi parked by the roadside. The glass window of the driver's seat was rolled down halfway. The driver was singing happily.

He walked closer and realized that the song "The Street of Wedding Tickets" was playing in the car.

This song was a song that Victoria had sung at the Capital Bar previously. It was a song specially sung for Jordan.

Moreover, that night, before they sang, Victoria even said that if Jordan was at the same level as her, the two of them would be the most compatible couple in the world.

Jordan recalled a few scenes from that night when he heard the familiar melody. However, he did not think too much about it. After all, this song was a popular song on the radio. Many people liked to listen to it.

Opening the backseat door, Jordan got in. He said to the driver, "Let's go to the Mountain River Ranch."

However, the driver did not seem to hear him and continued to hum along with the music in the car.

At that moment, Jordan suddenly noticed that the driver's pronunciation of the song was very accurate.

"Good voice."

This was the Great Northwest. Generally speaking, even if people liked to sing certain songs, it was impossible for them to sing them very well. Of course, he could not rule out the possibility that he was from the south.

Jordan did not continue to let him sing. He easily reduced the music in the car to the minimum in the backseat. However, the strange thing was that the driver continued to sing. He was not surprised by Jordan's action at all.

At that moment, Jordan sensed that something was wrong. He immediately rolled down the window and looked to the right. He saw that the drivers of the cars on his right were singing the same song as the driver!

"They are controlled by Victoria. She's controlling this area!"

Jordan immediately understood what was going on. How could an ordinary driver from a northwestern city sing this song? Moreover, how could it be such a coincidence that they were all singing the song "The Street of Wedding Tickets"?

Jordan knew that there was no point in talking to the driver. He got out of the car and pulled the driver out of the driver's seat. He drove to the Mountain River Ranch where Victoria was.

Along the way, the journey was very quiet. He did not hear the sound of a car horn. After driving to a bridge, Jordan realized that all the cars opposite him had rear-ended. A car was stuck to a car.

But miraculously, none of the owners got out of the car or called the police to deal with it.

"Sigh."

Jordan shook his head. He knew that something would happen if she used her ability in such a city.

Jordan drove quickly and soon arrived at the main city area.

Previously, Victoria's ability could only control one area. Jordan thought that he would be fine now that he was here.

As expected, when he arrived outside a shopping mall in the main city area, Jordan realized that the people here had stopped singing. They were all doing their jobs and seemed very busy.

"Fortunately, she only controlled one district."

Just as Jordan was rejoicing, he suddenly heard the security guard at the entrance of the mall in the distance shout, "Be careful! Don't ruin the photo of our Earth Goddess!"

"The Earth Goddess?"

Jordan could not help but look over curiously.

They saw five or six people carrying a huge photo at the same time. The beauty on it was Victoria!

"What?"

Jordan could not help but get out of the car when he saw that. He walked to the entrance of the mall and realized that the ordinary pedestrians were not ordinary at all!

The group of children squatting on the ground were drawing portraits of Victoria!

There were even people who looked like preachers telling others about the origins of the Earth Goddess!

"Crazy! Is Victoria crazy?!"

Jordan was speechless. Victoria had more than one district under her control. She probably had the entire city under her control!

Not only that, but she also made everyone treat her as the goddess of Earth!

“After she advanced to a golden mutant, she could indeed control the people of a city. What a terrifying ability!”

Even Jordan could not help but sigh. Although he could create something out of nothing, he could not make the entire city listen to his commands like Victoria.

Seeing that everyone was being controlled, Jordan left the car and flew.

Victoria’s ranch was located in a village in the countryside. There were relatively few people and more cows. The air was fresh, the grass was green, and the lake was clear.

However, Jordan realized that the people here were different from those in other places.

All of them were cutting the word “happiness”!

Not only that, there were rose petals everywhere Jordan went. When he arrived at the ranch, the ground was covered in red cloth. It was filled with a festive atmosphere.

“Who’s getting married today? It can’t be Victoria, right? Who is she marrying?”

Jordan could not help but be curious. He sped up and flew straight to the ranch to find Victoria.

Victoria was still wearing the red dress that Jordan had made for her. There was a pink flower by her ear. She turned around and smiled charmingly when she saw Jordan. “Jordan, you’re here.”

Jordan walked toward Victoria and asked in confusion, “What... is going on?”

The green grass was covered with red cloth and rose petals. Victoria was dressed like a bride while everyone outside was posting the word ‘happiness’.

Victoria gently said, "Do you like my arrangements? I'll have everyone in the city help prepare for our wedding. Hurry up and change. Our wedding today must be the most grand and romantic!"

Jordan was stunned when he heard that. "What did you say? Our... wedding?"

At first, Jordan thought that Victoria was going to marry someone else.

Victoria smiled and said, "Yes, our wedding. Right now, you are a golden mutant, and I am also a golden mutant. We are the most compatible couple in the world. Previously, you wanted to hold a wedding for me. I was so stupid to reject you and even commit suicide to make you worry.

"This time, I'll make it up to you. I'll organize the wedding. Now, I can control the entire city. I'll let everyone in Queenstown send their blessings to our wedding.

"Jordan, are you willing to marry me?"

Victoria walked toward Jordan slowly. She reached out her slightly cold hand and held onto Jordan.
