

The Abandoned Husband Dominates Chapter 521

Chapter 521 Finally Meeting Jamie!

Jordan knew Jamie very well. He loved to scheme.

With Dragon by Jordan's side, Jamie would not be stupid enough to fight him head-on. Therefore, Jordan guessed that Jamie would resort to trickery!

As expected, when Jordan rushed back from the mountain, he realized that Jamie's men had already taken out the guards whom Jordan had left behind. Jamie's men had taken over Zephyr Three.

"Damn it!"

Exasperated, Jordan charged over at full speed.

Jamie saw Jordan and the rest rushing back. He specially opened the window of the plane and greeted Jordan with a smile.

"Hello, Jordan. Long time no see. You came especially to look for me? I have something urgent to attend to, so let's talk next time. Haha."

Jordan was in no mood to joke around with him. He was here on an official family mission to capture him! Snatching Salvatore's gun, Jordan aimed it at Jamie, who was wearing sunglasses and sported his usual cool hairstyle. "Jamie! I order you to immediately get off my Zephyr Three and return to the family castle with me! Otherwise, I'll shoot you!"

However, Jamie remained unmoved. He smiled. "Good little brother, we've played together since we were young children. If I still don't know your personality, then I'm a failure. Grandpa has always groomed you to be the most upright and benevolent successor. Hailey cheated on you, but you didn't kill her. I treated you so well and introduced two wives to you, gave you a villa in New York, as well as the most expensive jewelry in the world as your wedding gift.

"So how could you bear to shoot me?"

Jamie had indeed seen through Jordan!

Only then did Jordan know that the expensive jewelry in the safe in Jamie's small house in the suburbs of the capital was a wedding gift he had specially prepared for Jordan!

He already knew that Jordan would marry Lauren!

No wonder the password to the safe was Jordan's birthday.

Bang!

Jordan aimed his gun at Jamie, but the bullet hit the window.

Jordan said, "Get off my plane immediately. I won't miss every shot."

However, Jamie made no move to evade. Instead, he shook his head and continued to smile. "My dear brother, we were taught shooting by the same teacher. How could I not know your marksmanship skills? Haha."

Jamie knew that Jordan had deliberately missed. With Jordan's marksmanship skills, he could hit the middle of Jamie's nose if he wanted to.

"Damn it!"

Jamie was Jordan's second brother. Jordan really could not shoot him. Jordan threw the gun on the beach angrily and snatched Emily's phone from her.

He then threw her phone at Jamie's head!

"Jordan, why did you take my phone?"

Before Emily could stop Jordan, he had already thrown the phone.

This time, Jordan did not hold back. He was aiming for Jamie's head.

Jordan's attacking speed was extremely fast. If it was an ordinary person, they would definitely be knocked out. They would not be able to dodge in time.

However, Jamie easily grabbed the phone with two fingers!

"Yo, it's Emily's phone. I do wish to see her private photo gallery. I remember that Emily's phone password is 696969, right?".

Jamie smiled and kept Emily's phone.

Emily's expression instantly changed. Jamie, you... you... return my phone to me! You're not allowed to look at my photos!!"

Emily ran towards Zephyr Three.

Jordan also charged over with his men.

However, Jamie ordered his men to start the plane. It instantly took off and flew into the air.

Emily and the rest could only stare after it.

Jordan was furious. "Jamie, you bastard. You have your own Zephyr Two. Why did you steal my plane?!"

Jamie said from high above, "A b*tch broke a part of my plane. It's in the forest on Deadman's Island. Lend me your plane for now. Oh, and please also help me repair mine."

Jordan shouted, "Come back here. Where are you going? I have a lot to ask you!"

Jamie said, "Let's talk when we have time. I'm in a hurry to go meet an underage girl now. She's hot as hell! I'll send you the photos later. Oh, right. I left your Victoria in the villa at the top of the mountain. Go find her. Ciao."

With that, Jamie closed the window and the plane quickly flew away. "Damn!"

Jordan was furious. He knew that Jamie was definitely up to no good.

He was going to fool around with an underage girl? In the end, Jordan would be the one to clear up Jamie's mess!

The Zephyr planes were the best jets in the world. Who was able to sabotage Jamie's plane? The b*tch Jamie was talking about probably had a formidable background.

"What should we do, Mr. Jordan? Tim is still on the plane. Will he be alright?" Salvatore asked worriedly.

After knowing Tim for so long, Salvatore and Tim had a certain level of friendship.

Throwing a glance at the 10 guards he had left behind, Jordan saw that they had been knocked unconscious, but were not dead.

Jordan replied, "Jamie usually wouldn't kill my subordinates in cold blood. Tim is smart, so he'll be fine."

If Jordan was not wrong, Tim was already sucking up to Jamie right now.

However, Emily was tugging at Jordan's clothes while crying. "Jordan, you're so mean. Why did you throw my phone at Jamie? You could have used your own phone or a rock. I have many private selfies on my phone. I wonder how Jamie knew my password. I'm doomed. He's going to see all my photos. I'm going to die of embarrassment!"

Jordan looked exasperated. He knew that Emily liked to take selfies. Just like Elle, she would feel terrible if she did not take them every day.

Girls with good figures were too narcissistic.

When Jordan and Emily went abroad to find the truth about Norman's death, Jordan accidentally saw one of Emily's selfies on her phone. It was a selfie of herself sitting on the toilet...

It was inevitable that she must have photos on her phone that were more revealing than that. Salvatore explained on behalf of Jordan. "Ms. Emily, don't blame Mr. Jordan. He didn't throw your phone at Jamie for no reason. He did it on purpose!"

If anything, Emily was even angrier when she heard that. She tugged at Jordan even harder. "Alright, Jordan. You know that I have many private photos on my phone, but you still threw it at your brother. He's a pervert. You know that! I'm also your woman now. How dare you let another man see your woman's private photos? Hmph, I'm going to tell my sister, you big baddie!"

The Abandoned Husband Dominates Chapter 522

Chapter 522 Finally Meeting Victoria!!

As Emily spoke, she started to head toward the mountain peak.

Grabbing Emily's slender arm, Jordan cursed at Salvatore. "Don't say things halfway!"

Jordan explained to Emily. "Emily, you've misunderstood. I did give your phone to Jamie on purpose."

Emily's expression turned strange as she was horrified. "You... you're so perverted. I have to tell my sister, I can't let her marry you. Otherwise, she'll be in trouble if she sees her own photos on some dodgy website one day!"

"No."

Jordan was thinking that Emily was just spouting nonsense. He grabbed her tightly and said,

"The reason why I threw your phone to Jamie is that there's a tracker in your phone! With the phone in his hand, I can know his location at any time!"

"Tracker?"

Emily's exquisite and cute face was filled with question marks.

Jordan said, "Do you still remember when you were asked to sing with Ji Chang-wook at his concert? After you sang with him, did a female interpreter want to exchange contacts with you? She even took your phone?"

Only then did realization dawned upon Emily. "Oh, no wonder you could save me in time. So you planted a tracker in my phone! Hehe, I know you aren't a pervert." Emily held Jordan's arm with both hands.

Jordan was speechless. He pushed Emily away immediately. Victoria was at the top of the mountain. There might be hidden cameras here. He would be doomed if Victoria saw them.

Jordan said, "Emily, stop taking those explicit photos in the future. You're a girl. It'll be too easy for others to snatch your phone."

Emily pouted. "But I want to. How about this? I'll send all such photos to you in the future. You help me save them, okay?"

Jordan scratched his head in exasperation and changed the topic. "Why is your password 696969?"

"Ahem... Mr. Jordan, how can you ask such a question? Ms. Emily will be too embarrassed to answer." Salvatore smiled mischievously.

Emily said innocently, "What's there to be embarrassed about? I remember that Jordan has a phone with the password 969696. I just used the reverse."

Jordan, Salvatore and Dragon all felt rather awkward. Emily, the innocent girl, was the only one who did not understand the implication.

Soon, Jordan and his men arrived at the top of the mountain. There was indeed a mobile villa there!

The outside of the villa was indeed filled with greenery. There was grass, flowers and trees. The villa was in a beautiful European style. It was made of wood and looked very sturdy. One could only wonder how Jamie had managed to transport this villa here.

"What a beautiful place... this is the kind of environment which Victoria likes."

Jordan heard the chirping of birds and saw cute little rabbits hopping across the lawn. They jumped onto his feet. He suddenly remembered the villa he and Victoria had bought in New York.

Victoria had bought it with her own money. At that time, Victoria paid for everything and Jordan was like her toy boy.

No woman had ever treated Jordan as well as Victoria did...

"Dad."

Emily was leading the way and called out to a middle-aged man who was drawing water outside the villa.

The middle-aged man was Norman, who had disappeared for more than ten years!

Norman was dressed in refined clothes and looked very cultured.

Jordan walked forward and greeted respectfully, "Hello, Uncle Norman. I'm Jordan Steele."

Norman looked at Jordan in admiration and nodded. "Hello."

Jordan felt guilty facing Norman because the Steele family had taken him away back then, keeping him away from his two daughters.

Norman seemed to have read Jordan's mind. "You're here for Victoria, right? She's inside. Go see her."

At that moment, Victoria was the person whom Jordan wanted to see the most!

"Thank you."

Jordan did not say anything else. He climbed the yellow wooden stairs into the villa.

Pushing open the door of the villa, he saw a clean and simple interior. Jordan found his eyes drawn to a woman in casual clothes.

It was Victoria!

Victoria was wearing very ordinary clothes at this moment. She no longer had the imposing manner of a domineering female president. Instead, she looked like a demure and gentle woman.

Finally seeing her beautiful face again after such a long time, Jordan felt as if he was seeing the light at the end of an extremely long tunnel!

Victoria had a new hairstyle and looked even younger! "Victoria!"

Jordan could not hold it in anymore. He ran over and hugged her tightly!

He had encountered a fake Victoria before, but he knew that this person before him was definitely real. The regal aura of a female president and the loving way she looked at Jordan was not something that other women could imitate!

Tears streamed down Victoria's face when she saw Jordan. She looked even more charming with her eyes sparkling.

Jordan had a lot to ask her, but at that moment, he did not want to do anything but kiss her!

Victoria seemed to be surprised as well. She could not resist the man she loved deeply, but she still pushed Jordan away two minutes later.

"Jordan, don't be like this. You already have a wife. Lauren will be very sad if she finds out."

Victoria wiped her tears and tidied her clothes and hair.

Even so, Jordan continued to kiss Victoria for a while longer. Only then was his deep longing for her finally tamed down.

He asked her, "Victoria, why did you suddenly leave me? In the beginning, I thought you were kidnapped. I was so worried about you and went around asking about your whereabouts. But later on, I saw you at Martin's birthday banquet. I knew then that you could contact me all along. So why haven't you contacted me?"

Victoria said, "I never thought of leaving you. Perhaps this is the will of the heavens. At that time, Jamie came to my place and found me. He said that he could bring me to see my father, so I left with him. Later on, I did meet my father, but Jamie said that if I wanted to be with him, I had to leave you."

Jordan was furious. "Jamie, that bastard. Why is he so cruel?!"

Victoria said immediately, "Jordan, don't blame Jamie. Actually, Jamie did this for your own

good."

"For my own good?" Jordan was confused.

Victoria explained. "Jamie said that Jesse wants to monopolize the Steele family's assets. But your grandfather has his eye on you as the successor. He was worried that Jesse would harm you one day, so he wanted you to marry someone from the Howard family. After all, the Howard family is very powerful. Under the protection of the Howard family, Jesse won't be able to touch you no matter how capable he is."

Jordan was shocked.

'Jesse wants to kill me?'

The Abandoned Husband Dominates Chapter 523

Chapter 523 I'm Willing To Be Sisters With Lauren!

The three brothers trained in different places over the years and rarely met up. Now that they had reunited, they had unexpectedly become enemies!

Jamie had inexplicably stuffed the powerful eldest daughter of the Howard family into Jordan's hands. This led to Jordan offending the Howard family and he almost died at their hands.

But now, he was accusing Jesse of being a bad person.

On the surface, it really looked like Jesse cared about Jordan. He fulfilled all his responsibilities as an elder brother and was even willing to give up his assets to Jordan.

However, he was plotting against Jordan behind his back.

Jordan would not trust either of them.

Even if Jesse was really as Jamie claimed, that he was not as magnanimous as he appeared and he wanted to monopolize the Steele family's assets.

Did Jamie not hanker after the Steele family's assets as well?

Although Jordan did not know what the Steele family's secret was, he guessed that it must be something even more precious than money!

Jordan took Victoria's hand. Her hand felt even smoother than before.

Jordan said, "Victoria, you were worried that Jesse will harm me. You're afraid that I won't be able to defeat him. You wanted me to have a powerful backer, so that's why you left. Did you want me to marry Lauren?"

The last time Victoria was held by Jordan like this, it felt like something from the previous century. She could hardly believe his warmth was real.

Victoria nodded. "I'm just a girl from an ordinary family, not like Lauren. Her family is powerful and can protect you. I'll only be a burden to you if Jesse tries to harm you. I won't be able to help you at all. But it's different if you marry Lauren. Mr. Howard Sr. is so powerful, he can ensure your safety."

Jordan was very touched. Victoria cared for him so deeply.

Previously, Victoria had helped Jordan when he pretended to be broke. It was the same now.

Where else could he find a woman who was so devoted to him?!

In the past, Jordan always liked to compare Hailey to her. But Hailey was not worthy to be compared to Victoria!

Jordan was touched as he caressed her cheek. He said gently, "Victoria, why are you so silly? Sacrificing yourself for me... Moreover, on the day I married Lauren, you had someone send me those diamond earrings and your blessings..."

au

Victoria had sent a note with the words: "I wish you happiness!"

When he saw those earrings, he had to choke back a sob!

Jordan took out an exquisite box from his pocket. Inside were the world's most expensive diamond earrings.

Victoria was surprised. "Why... why did you bring the gift I gave you and Lauren?"

Jordan said, "Do you remember? You were engaged to Russell back then. I went to Houston to look for you with these earrings. I gave you these earrings. I told you that only you can wear them."

Victoria shook her head. "No, I'm not your wife. Lauren is your wife. Such expensive earrings should be worn by someone like Lauren. Lauren will definitely be unhappy if she finds out that you brought it to me. Keep them. Return the earrings to her when you go back."

Victoria was actually worried that Jordan and Lauren would fight.

Jordan said, "Lauren knows that I brought these earrings to see you. She agreed to let me give them to you."

Victoria was stunned. "What did you say? She... she knows? Isn't she angry?"

Jordan shook his head. "Lauren is a good girl. She understands me and knows that I can't forget you. Victoria, are you... Willing to be sisters with Lauren?"

Victoria understood what he meant. He wanted both Victoria and Lauren to be his women!

If it was before, Victoria would have slapped a man for saying such things to her. However, she knew very well that this man before her was not looking for more women for his own pleasure.

Jordan could not forget Victoria, but he could not let Lauren down again.

And it was the same for Victoria.

How could she bear to be apart from Jordan?

Ever since she had left Jordan, she had been crying a lot. She felt sad whenever she thought of Jordan and Lauren's sweet life. In fact, to comfort her, Jamie had found many handsome men for her. However, she had no interest in other men at all!

Jordan said, "I know I'm being a jerk by saying this, but I don't want to let either of you down. I swear that I will love both of you as much as the other. I won't be biased in any way."

Victoria was stunned for a moment before asking. "Lauren, is... is she willing to accept me?"

Jordan smiled and nodded. "She also said that she's willing to let you be the first wife."

Victoria couldn't believe it. The daughter of the Howard family was willing to share her man with another woman.

Lauren was a young and beautiful goddess with a high status. Even so, she was willing to share.

How could Victoria refuse?

Victoria blushed and nodded. "... I'm willing too."

Jordan hugged her happily. "Thank you, baby. I can finally have you again!"

Jordan's heart ached at the thought of the crazy times they had at the New York villa!

A 30-year-old charming woman like Victoria was really too unforgettable for a man!

Lauren was also very good, but she was still inexperienced in certain things!

Unexpectedly, a few minutes later...

Knock-knock.

At this inopportune time, Emily knocked on the door and walked in.

Emily coughed and looked at the couple. "Sister, Jordan, why are the two of you so... why are you on the floor? Isn't it better if you go to the room?"

Jordan was embarrassed. "Why did you come in?"

Jordan was worried that Emily would complain to her sister about what happened between them. He had finally managed to persuade Victoria to share him with Lauren. If Victoria found out about what happened with Emily, she might refuse to reconcile with Jordan!

Of course, Jordan had no intention of hiding it from her. He had promised her that he would not hide anything from her when they first started dating. He would find a suitable opportunity in the future to confess to her.

Victoria was a reasonable woman. He believed that she would forgive him after knowing the truth. She would understand that he had no choice...

Emily scoffed and stared at Jordan begrudgingly before she threw a small box at Jordan's abs. Then she pouted in a cute manner.

"My father asked me to come over and give you this. Hmph! I'm leaving. I won't disturb you guys anymore!"

The Abandoned Husband Dominates Chapter 524

Chapter 524 Jordan Bullied Me!

Jordan took the box from her and read the words on it.

Durex...

Jordan was embarrassed. Did his future father-in-law, Norman, send this over? The old man seemed to be quite capable. He knew what to do the moment Jordan arrived...

Meanwhile, it was clear that Emily looked jealous...

Moreover, she had deliberately thrown it at Jordan's abs. This reminded Jordan of her infatuation with his abs in the backseat of the Buick GL8.

This little girl had done it on purpose!

Victoria was also very embarrassed and her cheeks flushed pink. “Jordan, why don’t we talk later tonight... I’ll sneak into your room tonight.”

How could Jordan bear to wait until nighttime? He picked her up directly. “You’re not a little girl anymore. Besides, your father has agreed. I won’t let you off!”

“You... you are so hateful.”

Victoria kept smacking Jordan, but Jordan knew that she was not rejecting him at all. She was just too shy. After all, although Victoria was already 30 years old, she was still a little girl when she lost her father.

Now that her father had returned, Victoria had reverted to that obedient girl from more than ten years ago.

Meanwhile, Jordan liked this current state of hers. This was because he did not know the Victoria from when she was just a young girl over a decade ago.

Two hours later.

Norman cooked and served out some dishes to Jordan, Salvatore and Dragon in the villa.

Although they were on a remote island, the cutlery and food in the villa were all very high-end and exquisite. It was no different from eating at a five-star hotel.

Of course, there was also all sorts of premium alcohol available.

Picking up his wine glass, Jordan said to Norman, “Uncle Norman, I’m sorry. I haven’t had the chance to know you, even though your daughter and I go back a long way. Victoria and I are truly in love. We’ve been together for a long time. I swear that I’ll definitely treat her well. I hope Uncle Norman will allow us to be together. Let me give you a toast.”

With that, Jordan downed his glass of wine.

A gratified smile appeared on Norman’s face. “Alright. I know Victoria likes you a lot. If the two of you can really be together, that would be for the best.”

Norman appeared to know about Jordan and Victoria, so he very much approved of the two of them being together. However, Emily rapped her knuckles on the table and said to Jordan, “Hey, hey, Jordan, aren’t you going too far? Not only did you snatch my sister away the moment he entered the house, you even occupied my sister for two hours. Did you forget that you also brought over Dragon, Salvatore and 200 men? My father and I are just an old man and a weak little girl. We can’t stop you from touching my sister. Aren’t you just bullying our family?”

Emily spoke as if Jordan was a hooligan. He had snatched Victoria away with force the moment he arrived!

Jordan was embarrassed and explained to Norman, "No, I don't mean to disrespect you. It's just that I haven't seen Victoria in a long time. It's just that..."

Emily snorted. "Dad, Jordan is a bad man. Not only did he bully my sister, but he also bullied me!"

Jordan broke out in cold sweat. What was Emily trying to do? Was she going to expose him in front of his future father-in-law and Victoria?

'Hey, hey, hey. You were the one who initiated that incident in the car!'

Norman asked, "Oh? How did Jordan bully you?"

Jordan was so nervous that he did not know what to do!

Emily answered, "He threw my phone at Jamie! Don't you think he's bullying me?! Dad, help me scold him and hit him! He's so mean!"

Jordan heaved a sigh of relief. Emily was too good at scaring people. She had scared him for nothing.

Jordan immediately clarified. "Uncle Norman, it's like this. I installed a tracker on Emily's phone, and Jamie had just stolen my Zephyr Three plane. That's why I threw her phone at him. My goal was to track Jamie."

Jamie looked at Dragon. "Where's Jamie now? Has he stopped somewhere?"

Dragon looked at the location on his phone app and said, "No, the plane is still flying at a very fast speed towards Asia."

Jordan was troubled. Jamie said that he was going to fool around with a sweet underage girl.

Normally, Jordan couldn't care less what Jamie did.

But this time, they were flying his plane!

Jamie asked Norman, "Uncle Norman, do you know where Jamie went?"

Norman shook his head. "I'm not sure. Jamie only told us that he was leaving, and I didn't

ask."

Jordan nodded. "Did he save you from my grandfather?"

Norman nodded. "Yes, he brought me out. However, it can't be considered a rescue."

Jordan was very curious. "Uncle Norman, where have you been hiding all these years? What were you doing? Why did you stay in hiding and not contact Victoria and Emily?"

Norman looked conflicted. Instead, he asked, "Mr. Jordan, have you completed all the training tasks in the family?"

Jordan shook his head. "No. Capturing Jamie is my final training mission. It's a pity that he escaped."

Norman said, "I'm sorry, but this matter concerns your family's secret. I can't tell you for the time being. In the future, after you complete the family's training missions and your grandfather tells you the family's secret, you will naturally understand without me having to explain."

Jordan nodded. He understood the reason why Norman could not tell him.

However, Emily couldn't stand it. She hurriedly shook Norman's arm and whined.

"Oh, Dad, tell me. What kind of secret does Jordan's family have? Are they time travelers or from outer space? Could it be that they're not humans but morphed from cats and dogs? Tell us."

Jordan was speechless. Emily had such a rich imagination!

If I were a dog, then wouldn't you have...

Jordan said, "Emily, don't make things difficult for your father. He's doing this for our own good. Although I don't know what the family secret is, I'm sure that you guys better not know about it. It won't be good for you guys if you know. Instead, it'll be dangerous."

Emily recalled how she was kidnapped during the concert and immediately let go. "I don't think I should know anything then. Jordan, when you complete the mission and know the family's secret, don't tell me, or I'll be kidnapped by some hooligan again."

Norman and Victoria were shocked. "Emily, you were kidnapped? Are you alright? Did they do anything to you? Are you still a virgin?"

The Abandoned Husband Dominates Chapter 525

Chapter 525 Emily: I Love You!

Of course, Emily was no longer a virgin. She had taken the initiative and given her first time to Jordan. However, she had promised Jordan that she would never tell her sister about this, lest it affected Jordan and Victoria's relationship.

"I'm fine. Fortunately, Jordan, Salvatore and Dragon arrived in time. Otherwise, I would have been tainted by those bastards. Thank you, Jordan. You were so brave in Houston..."

As Emily spoke, she held Jordan's hand to express her gratitude.

Jordan was very embarrassed. This little girl seemed to be implying a double meaning. Victoria and Norman might not understand, but he did!

Victoria always doted on her younger sister. After their parents left, she cared for her younger sister as if she was her own daughter. She was even willing to be Russell's mistress for her younger sister!

When she heard Emily's words, Victoria's eyes were immediately filled with killing intent. She returned to being the domineering president of Orlando.

"There were people who wished to hurt you like this? Who were they? Did you call the police to arrest them?! I will make sure they stay in jail for the rest of their lives!"

Emily replied, "Sis, they're all dead."

Victoria was taken aback. "Dead... dead?"

Victoria could be considered a rather ruthless woman, but even she had never thought of killing anyone.

Emily explained. "Salvatore killed one of the b*stards while the others seemed to have committed suicide."

Norman frowned and asked, "Do you know who they were?"

Jordan paused. He did not say his brother's name.

Firstly, Jordan was not sure if Jesse was really behind it. Secondly, if they were Jesse's men, they couldn't let Norman and his family know because he had no chance against Jesse.

So Jordan only said, "I'm still investigating. Don't worry, Uncle. Emily was kidnapped mainly because they wanted to get your whereabouts from her. I promise that this won't happen again in the future."

Norman nodded. "Mr. Jordan..."

Jordan felt awkward hearing him address him so politely. Perhaps in terms of status, Norman was indeed one level lower than Jordan. If Jordan was not mistaken, Norman was of the working class while Jordan belonged to the elite boss level.

However, Norman was Victoria's father after all. He didn't want his father-in-law to call him that.

Jordan said, "Uncle Norman, please just call me Jordan."

Norman smiled. "Alright. Jordan, what are your plans now? How long do you plan to stay on Deadman's Island?"

Emily took a bite of her chicken thigh and said, "Stay for a month. I still want you to teach me how to swim!"

Salvatore became excited at the thought of Emily wearing a swimming costume. "Sure, sure. Mr. Jordan's swimming skills are top-notch!"

However, Norman said, "Jordan, you're different from the usual rich second-generation heirs. Your family has tremendous resources and power that outsiders don't. You're not young anymore. I think you should focus on completing the mission as soon as possible. It's time that you know your family's true strength and foundation instead of wasting your energy and time on love. I wonder if you agree with me?"

Jordan replied in all seriousness, "Uncle Norman, I don't intend to stay on Deadman's Island for too long either. The moment Jamie reaches his destination and lands, I'll go and capture him immediately. Victoria, I hope you can go to the capital and find Lauren and establish a relationship with her. What do you think?"

Victoria nodded. "Alright, I want to get to know Lauren too."

When Emily heard that Jordan was leaving soon, she snorted. "Hmph, fine. Go, all of you. Otherwise, you guys will keep eating our food."

Victoria smiled. Seeing that her younger sister was angry, she said to Jordan, "Jordan, Emily has always wanted to learn the backstroke. You've received professional swimming training since you were young. Teach her before you leave." Jordan nodded. "Sure. I'll teach her after dinner."

Emily immediately ran over and grabbed Jordan. "I'm done with dinner. Let's go. Teach me now."

Jordan looked helpless. "But I'm not done yet!"

...

Ten minutes later, the two of them arrived at the swimming pool in the villa.

It was truly rare to be able to enjoy such a luxurious swimming pool at the peak of a mountain on Deadman's Island. Jamie was indeed serious about his luxuries!

Now dressed in a yellow bikini, Emily's figure was heart-stopping. However, although her figure was impressive, Emily still exuded the innocence of a young girl.

Emily held Jordan's hand without hesitation and said, "Jordan, teach me how to swim. I want to learn backstroke!"

Jordan and Emily went into the water together. Jordan instructed, "You can practice floating on your back first. It can be difficult to float on your back if your body is too tense. Therefore, if you want to learn backstroke, you have to be able to float easily on your back first."

"Okay, okay. Teach me. Teach me!"

Jordan taught Emily one step at a time. Unfortunately, the little girl's figure was too good. She was floating on her back and Jordan couldn't resist sneaking looks at her curves.

Fortunately, he had spent two hours with Victoria earlier and was utterly drained. Otherwise, how could Jordan endure this?!

Emily did not mind. Even now she did not avoid Jordan at all. After learning from him for a while, she held his arm in the pool and asked, "Jordan, are you really going to find Jesse? Can't you stay on Deadman's Island for a few more days?"

Jordan flicked her forehead with his finger. "I don't have time. I have business to do. Be good and don't be unhappy."

Emily pouted. "Then, the next time we meet, that means you'll already know your family's secret?"

Jordan smiled when he heard that. "Yes, definitely! I'll definitely complete the training mission and learn my family's secret!"

Knowing his family secret was the only thing Jordan wanted now!

Emily continued to probe. "Then, after you know that your family is especially powerful and that you're not an ordinary rich second-generation heir, that you might be even more powerful than you imagine, will you no longer like ordinary people like us? Will you not like me and my sister anymore?"

From those words, Jordan could tell that Emily might have fallen for him because of what happened in the car!

It was also possible that what happened in the car caused her to misunderstand Jordan.

Jordan said, "Emily, I have to tell you clearly that I'll always like your sister. However, it's impossible between us. Forget what happened previously. You should find a man who only has eyes for you. If you follow me, you'll always be behind Lauren and your sister."

Eyes fluttering as tears welled up in her eyes, Emily nodded. "Alright, I'll find a man who only has eyes for me."

Jordan nodded in satisfaction. However, Emily suddenly stood on tip-toe and kissed him.

"I love you."

The Abandoned Husband Dominates Chapter 526

Chapter 526 Meeting Elle by Chance!

On route from the Atlantic Ocean to the Pacific Ocean.

On Jordan's Zephyr Three.

Tim stared at Jamie's face in admiration and couldn't stop praising him.

"Too handsome! Too handsome! How can there be such a handsome and dashing man like Mr. Jamie in this world?! Mr. Jordan always told us that you are the most handsome person in the Steele family! I didn't believe it back then. Mr. Jordan is already very handsome. How can there be anyone more handsome than him?"

"Seeing you today, it's indeed true! Mr. Jamie, I am deeply charmed by your handsomeness. Please allow me to be your most loyal fan!"

Jordan was right. With Tim's character, he would definitely try his best to suck up to Jamie.

Tim was very nervous. When he first arrived at Deadman's Island and saw so many corpses on the ground, he was so frightened that he didn't dare to get off the plane. He thought that it would be safer to hide in the plane. Who would have thought that Jamie would create a diversion and snatch the plane?

As one who was not good at physical combat, Tim was surrounded by a hundred people, including Phoenix. He was so frightened that he almost lost his mind!

Jamie smiled. Actually, he had no intention of hurting Jordan's men. Even for those 10 guards, he only had them knocked unconscious.

Moreover, Tim was Jordan's trusted aide. Jamie would never hurt him.

Jamie said, "Brat, you have good taste and an eloquent tongue. But you're a little ugly. What's your name?"

"My name is Tim."

Jamie was unimpressed. "Tim? Not only are you ugly, you also have such a boring name! Sigh, Jordan has such lousy taste in subordinates! In the future, not only do I have to introduce him to beautiful women, I also have to send him better looking subordinates."

Tim looked very pitiful. "My grandfather gave me this name. It isn't the worst one in my family. My brother's name is Tom! Even more boring than mine!"

"Hahahahaha... Tim and Tom? Your grandpa's naming skills are amazing!"

Jamie couldn't help laughing.

Seeing this, Tim continued entertaining Jamie. "Not only that, my father's name is Jim. Guess what my father's older brother's name is?"

Jamie shook his head. He really couldn't guess.

Tim revealed. "Joe."

"Pfft... your family's names are truly amazing, hahaha."

Jamie gradually understood why Jordan had chosen Tim as his subordinate. Although he wasn't very capable and didn't have much combat strength, he was very quick-witted and very interesting.

"Tim, you are quite humorous. It's just that you are too ugly and your name too dull. Otherwise, I would really want to recruit

you.”

Tim hurriedly said, “I can change my name. If you don’t like my looks, I can have plastic surgery! I’ve always admired Mr. Jamie, please allow me to serve you!”

Tim knew that Jordan’s current mission was to capture Jamie.

Of course, he wouldn’t really betray Jordan. However, Jamie was a very cunning person. Jordan might not be able to capture him on his own. Therefore, Tim wanted to stay by Jamie’s side as a spy. When the time was ripe, he would work with Jordan to capture him!

Jamie was surprised. “Oh? You’re willing to undergo plastic surgery for me? Alright, when we arrive in South Korea, go find a plastic surgery hospital. If you succeed in improving your looks, come and see me and I’ll hire you. If not, then get lost. Don’t come looking for me. I hate seeing ugly monsters the most, especially those monsters who failed in plastic surgery!” Tim was shocked. “Mr. Jamie, you’re going to South Korea? Where exactly?”

Jamie replied, “The Blue House.”

The Blue House!

Tim was completely dumbstruck. After keeping silent for a long time, he asked in a trembling voice, “Blue... House?”

Jamie nodded.

Tim swallowed. That place was not somewhere ordinary people could go. It was the residence for the highest authorities!

Tim asked again, “I heard from you that you are looking for a woman?”

Jamie said lightly, “That’s right. Are you interested in playing with underaged girls?”

Legs almost collapsing under him, Tim’s legs went soft as he knelt down in fright. “No, no, I’m absolutely not interested. Mr. Jamie, please don’t count me in! I want to live!”

Tim thought to himself, ‘F*ck, Mr. Jamie is really fierce! He’s so wild and takes such big risks. He dares to offend anyone!’ If anything, Tim felt glad that he was under Jordan. If he was under Jamie, he might end up dying within six months and not even know how he died.

A few hours later, Zephyr Three stopped at a barren land outside Seoul. Coincidentally, this was where Jordan landed when he previously came to South Korea.

It seemed like the two brothers, Jamie and Jordan, were similar in many ways. After all, they had received the same training since they were a young age.

As soon as they landed, Tim asked, "Mr. Jamie, aren't you going to Zephyr Three to the Blue House? How do you plan to get there? When are you going?" Jamie didn't answer him. Instead, he called a handsome subordinate over and said, "Jae, you're from South Korea. Bring Tim to the best plastic surgery hospital here. Bring him back to see me if the surgery succeeds. Otherwise, throw him aside."

Jae said seriously, "Yes!"

With that, he grabbed Tim's arm and brought him down the plane.

Tim only knew how to talk big. The plastic surgery idea was just a stalling measure to stay by Jamie's side.

How could Tim really dare to undergo plastic surgery?! He was even afraid of getting a tattoo!

"Mr. Jamie, I can go by myself for plastic surgery later. Let me follow you to the Blue House first!"

Jamie smiled. "You're so ugly. If my pretty little companion sees you, she'll feel disgusted. I wish you success with your plastic surgery. When Jordan sees you have become more handsome, he would definitely be grateful to me."

Tim kept shouting, but this cold subordinate named Jae shoved him into a red Ferrari and to Seoul.

Tim sat in the car and begged Jae not to bring him for plastic surgery.

However, Jae was unmoved.

Tim knew that all the subordinates of the Steele family underwent long, hard training. After their master had issued a mission, they would complete it no matter what.

"Sigh, I have to bid farewell to my face now. I might end up becoming an internet celebrity!"

Tim looked into the mirror and sighed.

However, on second thought, it wouldn't be a bad thing if plastic surgery could make him handsome, and he didn't even have to spend his own money on it. Especially if it resulted in more beautiful women liking him.

“Jae, do all of Mr. Jamie’s subordinates have a Ferrari? How cool! Mr. Jamie is really good at putting forth a good image. Every subordinate is at the level of a male god! I’ve thought it through. I won’t resist anymore. If my plastic surgery is successful, will you guys give me a Ferrari?”

Jae gave a faint smile. “Sure.”

Tim was very happy. Soon, the two of them arrived at a hospital called TL plastic surgery hospital.

The moment they entered, Tim saw someone in the hall. This woman’s figure was simply too good! Most importantly, Tim felt that he had seen this woman before!

“Eh? Isn’t that the cousin of Mr. Jordan’s ex-wife?”

The Abandoned Husband Dominates Chapter 527

Chapter 527 Elle Is In Trouble!

The woman in front of him was wearing a tight white top, a pair of jeans, a cap and a mask.

It was a very low-key outfit. If it was an ordinary woman, Tim wouldn’t have noticed her.

However, the woman in front of him had such a good figure. The same outfit on an ordinary and a woman with a good figure was like two different worlds!

The form-fitting clothes accentuated her proud figure. In addition, this woman’s eyes were very seductive. Even after just one glance, Tim could not forget her.

He immediately remembered that Elle had attended Jordan and Lauren’s wedding.

And this woman before him was definitely Elle!

Tim immediately went over to greet her. He tapped her shoulder and asked, “Hello beauty.”

The woman looked at Tim.

Tim continued. “You are Elle, right? Hailey’s younger cousin?”

Elle was very surprised. She thought that Tim was just a fan. After all, she had become very popular after participating in the Idol Creation Camp talent show. Just the number of fans on her official instagram account was in the millions!

Only then did Elle take off her mask, revealing her perfect face. “You are...” Tim smiled, “I’m Mr. Jordan’s most trusted aide, Tim! Don’t you remember? We met at Mr. Jordan’s wedding. Haha.”

Only then did Elle remember. She said happily, “Hello, Tim. Why are you in South Korea? Where’s Jordan? Is he in South Korea too?”

Since they had last met, Elle managed to make a successful debut in the entertainment industry and become a popular celebrity. It was all thanks to Jordan. In addition, ever since Jordan’s identity was exposed, she had started to like him and wanted to pursue him. Therefore, she really wanted to know his whereabouts.

“Mr. Jordan isn’t here. I’m here for plastic surgery. What are you here for?” replied Tim.

Elle was a little disappointed when she heard that Jordan was not here. “Oh, I’m here to do some regular maintenance.”

Previously, Elle had specially come to this plastic surgery hospital to do plastic surgery. Generally speaking, one had to do regular follow-up maintenance work after undergoing plastic surgery. Therefore, she was wearing a mask and a cap because she didn’t want to be recognized by the fans.

Tim suddenly remembered Salvatore saying that Elle had a good figure but her face was not that beautiful.

She used to be very ordinary-looking. She was so beautiful now only because she had undergone plastic surgery.

Tim hurriedly said, “Ms. Elle, you did plastic surgery in this hospital?”

Elle looked around carefully. Fortunately, they were in South Korea and most people didn’t understand English. She nodded. “Yes, but don’t tell anyone. My fans don’t know that I’ve had plastic surgery. If they do, they’ll stop being my fans!”

It was undeniable that Elle’s plastic surgery looked very natural. Apart from those who knew her from before, no one could tell that she had undergone surgery at all.

Tim nodded repeatedly. “Don’t worry, you’re the cousin of Mr. Jordan’s ex-wife. How would I dare to spread rumors about you? I see that your plastic surgery is very good. Can you introduce me to your plastic surgeon?”

Elle nodded. “Okay, come with me.”

With that said, Elle brought him and Jae to an office and introduced them. “Tim, let me introduce you. This is Doctor Cheol, who performed plastic surgery for me. He’s very experienced in this field. You can let him do your surgery without any worries.”

Tim quickly went forward to shake Doctor Cheol's hand. "Hello, hello. I want to become handsome. Please take a look at me."

Doctor Cheol carefully sized up Tim's face and said, "We can give you double eyelids and raise your nose bridge to make it more three-dimensional. We can also give you a more pronounced chin and elongate your facial lines, so that your side profile looks more defined. In addition, your lips are a little thick. I suggest you thin them."

Doctor Cheol's English was not very good but there was an interpreter beside him.

After Tim heard this, he asked, "What will happen to me after I finish everything?"

Doctor Cheol took a photo of Tim and edited it on a tablet.

It had to be said that South Korea's technology was top-notch in the world. This hospital could instantly simulate what Tim would look like after the surgery.

After Doctor Cheol was done, he showed it to Tim. "Sir, look. This is what you will look like after plastic surgery."

When he saw the photo, Tim stood up excitedly. "F*ck! Is that me? This is too cool! F*ck, even if the pain kills me, I will still do it! After I become so handsome, I can have as many women as I want!"

Tim said happily to Jae, "Jae, you don't have to worry about me escaping. I'll definitely do the plastic surgery! Go and make the payment!"

Jae smirked before turning toward Doctor Cheol. "Make arrangements for him to undergo the surgery immediately. We are in a hurry."

Doctor Cheol smiled. "This surgery will cost a lot. It will cost USD 400,000.

This hospital usually didn't charge so much for local South Koreans. But they would quote exorbitant prices for foreigners.

Jae said coldly, "I'll give you USD 500,000. Arrange for his surgery immediately!"

Doctor Cheol hurriedly bowed and said as if he was praying to the god of fortune, "Alright, I'll make the arrangements immediately!"

Jae walked out of the office and went to the front desk to pay.

Just then, a few young men with dyed hair walked into the hospital.

Bang!

A man slammed his fist onto the front desk and took out a photo. He asked the receptionist, "Hey, where is this woman?"

Jae glanced at the photo. It was Elle!

Jae's eyes darted around, but did not do anything. The receptionist cowered and said, "She's... she's in Doctor Cheol's office."

The men rushed into Doctor Cheol's office. When they saw Elle, they immediately grabbed her.

"Ah, let go of me. Who are you?!"

Elle tried her best to break free, but one of the men grabbed her wrist and she couldn't move.

When Tim saw this, he immediately stood up. "Hey, who are you? Let go!"

However, the men were South Koreans and they could not understand Tim.

At this moment, Tim saw Jae returning and he immediately called out. "Jae, you're from South Korea. This is your territory. Take care of these hooligans."

Jae frowned at those young gangsters, not knowing if he should interfere in this matter. If he didn't interfere, Elle would probably be sexually assaulted by these men.

But what did Elle's troubles have to do with him?

The Abandoned Husband Dominates Chapter 528

Chapter 528 My Master Is Jordan Steele!

Jae belonged to Jamie. He was a top-notch fighter and killer that Phoenix Bird had discovered in South Korea and groomed. He was cold and professional, like all the men under Dragon and Chimera.

When carrying out a mission, he would only perform his master's orders and not poke his nose into other people's business.

His current mission was to make sure Tim did his plastic surgery. If the surgery was a success, he would bring Tim back to see Jamie. If not, he couldn't care less.

As for Elle's troubles, it had nothing to do with him.

Tim was very anxious because he liked Elle very much. Any man would drool at the sight of her figure. In addition, Elle could be considered a celebrity.

Reaching out, Tim tugged at Jae's clothes and pleaded, "Jae, please help us. These hooligans are nothing to you. You can probably get rid of them with a single word."

Jae noted that those men were indeed very average. They could be dealt with in less than a minute.

He asked, "Why do you guys want to capture her?"

The leader, a boy with dyed yellow hair, glanced at Jae and said, "Kid, don't poke your nose into other people's business. Pretend you didn't see anything. Do you hear me?"

With that, he grabbed Elle's fair wrist and was about to leave.

A sneer crossed Jae's face. These hooligans were probably still in diapers when he was running the streets of Seoul!

Jae shoved the yellow-haired boy. "Kid? Don't you know how to respect your elders? I'm asking you a question. Why do you want to capture this woman?!"

Seniority and respect were very important to South Koreans. Therefore, Jae was very bothered by this hooligan's choice of words.

The yellow-haired boy fell to the ground from Jae's push. He knew that Jae was not an ordinary person. As he was scrambling to his feet, his gang shouted. "Let's kill him!"

But the yellow-haired boy held out his hand, not wanting any trouble.

The yellow-haired boy said, "We're not hooligans. We're not here to kidnap her. Don't misunderstand. We know her. We're bringing her to see her godfather."

Jae translated the yellow-haired boy's words to Tim.

Tim looked confused and asked Elle, "Elle, they said that your godfather sent them. Who is your godfather?"

Elle instantly panicked!

She did have a "godfather". In fact, she acknowledged him as her "godfather" at Jordan and Lauren's wedding! At that time, she had specially gone to Lauren's wedding to network with the big shots in the capital so that she could break into the film industry.

However, right after she managed to get Mr. Adler to be her "godfather", Jordan found her out.

Jordan did not want Elle to sleep around with powerful men, like what many girls in the entertainment industry had to do.

Therefore, Jordan helped Elle with her debut.

However, this meant that Elle had to brush Mr. Adler aside.

Mr. Adler didn't accept Elle as his "god-daughter" because he cared for her like a daughter. He just wanted to sleep with her. It was no surprise that Mr. Adler was furious at Elle for ignoring him now.

Elle said, "Tim, that man is a big shot in the capital. He's not my godfather or anything. I didn't ask him for anything. We don't have anything to do with each other. He constantly sends people to harass me. I didn't expect him to come for me in South Korea. Tim, you have to save me.

"If I get captured, Mr. Adler would definitely force me to sleep with him. I want to save my first time for Jordan. I will never let that old man tarnish me!"

After Tim heard that, he was determined to save Elle. Otherwise, Jordan would blame him if he found out about this incident.

Grabbing Elle from the hooligan, Tim said angrily, "You don't know English but I am sure you know the word f*ck! F*ck off!"

The yellow-haired boy was furious. "Rascal, you want to do things the hard way? Alright! Guys, attack!"

The hooligans rushed forward!

Tim was so frightened that he grabbed Elle and hid behind Jae.

"Jae, we're counting on you!"

Jae looked exasperated. "You sure know how to cause trouble."

Initially, Jae didn't want to poke his nose into other people's business, but Tim was involved now. He couldn't ignore this.

Bang!

Bang!

Bang! Jae punched each of them until they couldn't get up. Within seconds, the yellow-haired boy had his ribs broken.

After the fight ended, Tim stood up and kicked those boys repeatedly.

“Go back and tell your boss that Elle is my master’s woman. How dare he snatch my master’s woman? Is he stupid or what!”

Tim turned to Jae. “Jae, please translate it for me.”

Jae rolled his eyes at him and ignored him. He had already fought those hooligans for Tim, and now he still wanted him to act as an interpreter?

Fortunately, there was an interpreter in Doctor Cheol’s office. Tim grabbed the frightened interpreter and said, “Lady, please translate what I just said to them.”

The female interpreter nervously translated his words.

The yellow-haired boy held his side in pain and asked, “Who is your master?”

The female interpreter translated and Tim replied, “Listen carefully, my master’s name is Jordan Steele!

The female interpreter repeated. “Jordan Steele!”

The yellow-haired boy said, “Jordan Steele. Alright, I’ll remember this. Just you wait. You dare to go against our boss, I’ll let you all die in South Korea!”

With that, the hooligans limped out of the hospital.

Tim didn’t understand the boy’s parting words. He asked the female interpreter, “What did he say just now?”

The interpreter said nervously, “He said... that you and Jordan Steele will die in South Korea.”

“F*ck!” Tim was furious. “F*ck, I should have kicked him a few more times. How dare he be so arrogant! A big shot? In front of Mr. Jordan, he’s just a fart!”

Ten minutes later, the hooligans arrived at the building of the Bank of Korea. A handsome man in his 30s and wearing a suit was talking to Mr. Adler over the phone. “Mr. Adler, don’t worry. I’ve already sent someone to capture your goddaughter. You can fly over now. Should I place your goddaughter in a hotel?”

This man was the president of the Bank of Korea, Lee Min-joon.

Not only was Mr. Adler a big customer of the Bank of Korea, but the two of them also had several other close business ties.

After learning that Elle had gone to South Korea, Mr. Adler requested for Lee Min-joon to use his local connections to capture her.

He would then teach this goddaughter a good lesson.

On the other end of the line, Mr. Adler said, "Thank you. After this is done, I will definitely convince my friends to help you finance that ship investment!"

Lee Min-joon replied, "Thank you, Mr. Adler! I'll wait for you to come over then!"

After hanging up the phone, Lee Min-joon smiled.

However, when he saw that the yellow-haired boy and his gang had returned injured, Lee Min-joon immediately stood up and questioned.

"What happened? Why are you all injured? Where's Jenny?" Even now Lee Min-joon still referred to Elle by her stage name "Jenny".

The Abandoned Husband Dominates Chapter 529

Chapter 529 Elle Got Caught!

The yellow-haired boy and his gang knelt on the ground.

"Sorry, President! We couldn't bring Jenny back! We encountered two foreign men who stopped us and beat us up!"

"What?"

Lee Min-joon was furious. "Bastard! This is South Korea! How dare a couple of foreigners beat up my subordinates and go against me? They are courting death! What are their names?"

The yellow-haired boy replied, "We don't know their names, but one of them said that his master's name is Jordan Steele. He also said that Jenny is Jordan's woman and she is saving her first time for him. No other man is worthy of her."

Lee Min-joon thought for a moment. "Jordan Steele?"

He was from South Korea but he spoke fluent English and knew many big shots from all around the world.

"I've never heard of him at all! I think Jordan Steele must be some small fry compared to Mr. Adler! Hmph, how dare he snatch Mr. Adler's woman. He overstepped himself!"

Lee Min-joon adjusted his suit and said, "Listen, Mr. Adler is a long-time VIP customer of our bank. Since he asked us to get this woman, we have to get her."

The yellow-haired boy said, "But the guy is very skilled. Perhaps even ten men can't defeat him."

Lee Min-joon sneered. "What's the point of being good at physical combat? Can fists be faster than bullets? Gather your men and bring your weapons. I'll personally oversee this mission!"

The hooligans replied in unison, "Yes! President!"

Ten minutes later, a black off-road vehicle arrived at the entrance of TL plastic surgery hospital. Lee Min-joon was still in a suit as he led the way. Behind him were over a dozen men brimming with murderous intent.

"Sir, do you have an appointment?"

The receptionist felt that something was wrong and hurriedly went forward to stop him. However, she was kicked down by Lee Min-joon.

Lee Min-joon and his men then rushed to Elle's room.

At that moment, Elle was lying there doing facial maintenance.

Lee Min-joon was stunned by the sight of Elle's curvy figure while lying on the bed.

Elle's figure was superb!

Elle heard the commotion and sat up in shock and panic. "Who are you?"

Lee Min-joon sized up Elle and gave an inward sigh. 'She is indeed premium quality! No wonder Mr. Adler is willing to pay any price to get this woman. This woman's figure is one of the best I've ever seen in my life!'

Lee Min-joon had always believed that South Korean women were the most beautiful and had the best figures. However, after seeing Elle today, he realized that the celebrities he had slept with could not compare to her at all!

Elle was better than any female celebrity in South Korea!

Lee Min-joon did not behave fiercely. He smiled. "You're Ms. Jenny, right?"

Elle covered her chest with a blanket and nodded nervously.

Although Lee Min-joon was in a suit and looked very refined, she felt that this man was not a good person.

Lee Min-joon continued smiling. "I'm Lee Min-joon, the president of the Bank of Korea. I'm good friends with your godfather, Mr. Adler. I'm here to bring you to meet him. Please come with me."

When Elle heard that Mr. Adler had sent him, she immediately said, "I'm not going! Please leave! Tim!"

Tim was currently undergoing surgery in the next room and was not with Elle. As Jae was also with Tim, he had no idea that Elle was in trouble now.

Lee Min-joon gestured and two of his subordinates immediately rushed towards Elle. They grabbed her arms and Elle, who was just a weak woman, could not break free from their restraints.

"President, should we bring this woman to Mr. Adler's hotel?" One of the subordinates asked.

Lee Min-joon couldn't resist reaching out to lift Elle's chin. He examined her figure from top to bottom and clicked his tongue in admiration.

"Her figure looks so good even in such ordinary clothes. She would be even more stunning in a tight cheongsam!"

Lee Min-joon had taken a liking to Elle.

"Send her to my place. Get the housekeeper to clean her up and then tie her naked to my bed. I'll enjoy myself with her first!"

The subordinate was shocked. "President, isn't this the woman whom Mr. Adler wants? If you enjoy yourself with her, won't Mr. Adler be angry?"

Lee Min-joon said, "Doesn't she have a boyfriend called Jordan Steele? When the time comes, just tell Mr. Adler that this b*tch is no longer a virgin. Jordan Steele already took her first time. If he is angry, he can settle it with him!"

The subordinate smiled sinisterly. "President, you're brilliant! You want to play with Jordan Steele's woman and then make him take the blame."

Lee Min-joon snorted in disdain. "An ordinary man doesn't deserve such a top-notch woman!"

With that, Elle was dragged out by two burly men.

“No, help! Tim, Jae, save me!”

Elle kept shouting, but the room was soundproof. Tim and Jae could not hear her.

After Elle was taken away, Lee Min-joon’s sinister smile suddenly turned serious!

“There are two other men here. One is called Tim and the other Jae. They should be the ones who injured my subordinates earlier. Find them immediately!”

Lee Min-joon was furious and took out his gun!

Bang!

Bang!

Lee Min-joon and his men kicked open the doors one by one. Soon, they found the room where Tim and Jae were in.

By this point, Tim had just settled down, ready to undergo surgery. Doctor Cheol, who was performing surgery, said, “Who are you? We’re about to begin an operation. Please leave. Don’t disturb our distinguished guests!”

When the yellow-haired boy saw Jae and Tim, he immediately shouted, “President, it’s them!”

Tim immediately sat up. When he saw Lee Min-joon and his men, he said, “You yellow-haired brat, we gave you a thrashing earlier and now you have returned with reinforcements. Oh no, where’s Elle? Did you do anything to her?”

Lee Min-joon said, “Do you mean Jenny? She is being sent to my mansion where she will be tied naked to my bed, all ready for me to pay her a visit.”

Tim was furious. “B*stard! How dare you touch Mr. Jordan’s woman!”

Lee Min-joon said in disdain, “Mr. Jordan? Jordan Steele? Haha, is he Jenny’s boyfriend? Tell him that I will help him take his woman’s first time. Afterwards, I’ll also help him tell Jenny’s godfather that it was him who took her first time. I’m such a helpful person, aren’t I? But he doesn’t have to thank me. Hahaha.”

The Abandoned Husband Dominates Chapter 530

Chapter 530 Tim Was Beaten Up!

Tim was furious. This guy wanted to rape Jordan’s woman and then dared to frame him for it? If Salvatore and Dragon heard this, Lee Min-joon would probably be dead by now!

Fists clenched, Tim hated himself for not knowing how to fight. His master had been humiliated, and he couldn't even take revenge for him!

Tim pointed at Lee Min-joon. "You're courting death! Do you know the price for offending Mr. Jordan?!"

Lee Min-joon said angrily, "Arrogant bastard! How dare you talk to me like this in my territory? Do you know who I am? Do you know my power in Seoul?! Even Mr. Adler will not dare to go against me in this city!"

Tim cursed, "What a braggart! Jae, teach him a lesson for me!"

Jae examined this group of people seriously, especially Lee Min-joon. He looked very scary.

Lee Min-joon smiled at Jae. "You're the one who injured my subordinates, right? I heard that your fist is very powerful. I wonder if your fist can block my bullets?"

With that, Lee Min-joon suddenly took out his pistol and fired at Jae!

Bang!

Fortunately, Jae was prepared and dodged quickly.

The door of the operating theater was blocked by Lee Min-joon's subordinates. There was no way out. Wasting no time, Jae rolled to the ground and ran towards the window.

Bang!

Bang!

Lee Min-joon continued firing. He missed Jae, but one of the bullets hit Doctor Cheol!

Doctor Cheol fell to the ground.

"F*ck! He has a gun!"

Tim was frightened and hid in a corner.

Jae was good but he was not a top-notch expert like Dragon, Chimera or Phoenix. Against more than a dozen men with guns, he had no chance of victory.

Therefore, Jae had no choice but to escape quickly. He could not rescue Tim.

"Damn it, he escaped."

Lee Min-joon didn't expect this fellow to dodge his bullets and escape successfully. It seemed like he was not an ordinary person.

However, Tim was left behind and hiding in a corner.

Lee Min-joon completely disregarded the dead Doctor Cheol. He pointed at the trembling Tim and said to his subordinates.

"Look at this cowardly man hiding in the corner. Doesn't he look like a dog? Hahaha..."

"Hahahahah..."

"Exactly like a cowardly dog, he doesn't even dare to resist, haha."

Everyone started mocking him.

Lee Min-joon said, "Capture this brat!"

"Yes!"

Tim was brought to Lee Min-joon who pointed the gun at him. "Who did you call a braggart earlier? Huh?"

Tim realized that the man in front of him dared to kill a doctor in a public hospital in South Korea. This meant that he was definitely not an ordinary person!

"Mr. President, I was talking about me. You're so wise and mighty, how could you be

Now that Jae had fled, Tim knew he would probably die if he continued being stubborn with Lee Min-joon. As long as there was life, there was hope. He decided to suck up to Lee Min-joon first.

However, Lee Min-joon did not buy it.

Lee Min-joon said in disdain, "You're sucking up to me now? You admit defeat now? Weren't you acting all high and mighty when you beat up my subordinates just now?!"

Bang!

Lee Min-joon punched Tim in the face.

The man had a violent tendency and loved beating people up. Sometimes, when there was no one to beat up, he would even beat up his subordinates. Therefore, he would usually personally take action in such situations.

Lee Min-joon stood up and glanced at Tim's medical report which listed all his plastic surgery procedures. He smiled.

"You ugly foreigners love coming to South Korea for plastic surgery. F*ck! Don't you have plastic surgery hospitals in your own country? Why do you have to come here?! You're polluting the South Korean air! You want to have plastic surgery, right? I'll help you!"

Lee Min-joon aimed a heavy punch at Tim's nose!

Tim's nose instantly bled.

However, Lee Min-joon didn't seem to be satisfied yet. "I need to adjust your nose a few more times. Your eyes too."

Bang! Bang!

Lee Min-joon punched and kicked Tim, who did not dare to resist. He had never been beaten so badly in his life. He couldn't help crying

Lee Min-joon smiled. "Hahaha, what a cowardly fool. To think you're cowering there crying from a beating. I wanted to shoot you, but a coward like you isn't worthy of my bullet."

"Remember, don't come to South Korea again. Otherwise, I'll hit you every time I see you!"

With that, Lee Min-joon left arrogantly with his subordinates.

Tim's tears and blood mixed together as he struggled to get up from the ground.

"B*stard, if I don't kill you, I swear I'll never call myself a man again!"

Tim picked up his phone and called Jordan!

"Hello."

Jordan was on a jet-propelled plane shaped like a dolphin when he picked up Tim's call.

This plane was currently one of the fastest jets in the world, and Jordan had named it Dolphin One. It was even faster than Zephyr Three. But it couldn't carry as many people as Zephyr Three and its interior was not as luxurious.

At that moment, Jordan had already left Deadman's Island and was heading to South Korea to capture Jamie.

Jordan also arranged for Victoria to be sent to the capital.

In addition, Jordan had called Lauren to tell her to return to the capital as soon as possible.

“Mr. Jordan...”

Tim’s sobbing could be heard on the other end of the line.

Jordan frowned. He knew that something had happened to Tim. “What’s wrong, Tim? Did Jamie’s men bully you?”

Tim replied, “No, Mr. Jamie treats me very well. He didn’t beat me up. He even let me go for plastic surgery. I came to the hospital and saw Hailey’s younger cousin.”

Jordan asked, “Are you talking about Elle?”

“Yes, Elle acknowledged a godfather and he has been pursuing her to sleep with her. He even colluded with the president of the Bank of Korea and abducted her,” said Tim.

“Godfather?”

Jordan thought for a moment and suddenly recalled that Elle had acknowledged an old man as her godfather at their wedding.

At that time, Jordan was very angry. He did not want Elle to sleep with the old man for the sake of her career. Therefore, he took the initiative to help her. Elle should have already cut ties with Mr. Adler.

Was Mr. Adler doing this because he was angry at being subsequently rejected by Elle?

Jordan scoffed. “Mr. Adler uses the excuse of taking in goddaughters so that he can sleep with them. I hate these types of dirty old men. Don’t worry. Mr. Howard Sr. knows Mr. Adler. I’ll speak with Mr. Howard Sr. and Mr. Adler won’t dare to touch Elle again.”

Tim said anxiously, “Mr. Jordan, it’s not only Mr. Adler who wants to sleep with Elle. President Lee from the Bank of Korea also wants to sleep with her! And he has already brought her to his house! He also said...”

Jordan asked, “What did he say?”

“He said that after raping Elle, he’ll frame you for the act!”
