

The Abandoned Husband Dominates –

Chapter 762 – 793

Victoria Is Pregnant? -

Chapter 762: Victoria Is Pregnant?

How could Jordan's mother not know Lota's feelings towards Jordan? She grabbed Lota's arm and begged. "Ms. Schmid, I beg you, help Jordan. He's stupid and doesn't know how to sweet-talk girls. Actually, he likes you. My greatest wish is to see the two of you together and give birth to a few grandchildren for me. Ms. Schmid, you have to help Jordan!"

Jordan's mother knew that Jordan already had two wives. However, Lauren and Victoria were from ordinary families and neither of them could help Jordan now.

Lota was the only person who could speak up for Jordan now.

Lota was naturally happy to receive Jordan's mother's recognition. Her dream was to marry Jordan, and she comforted Jordan's mother. "Auntie, don't worry. I'm also very concerned about Jordan. But don't worry, Jordan will definitely be fine. He won't lose!"

When Lota said this, Miyamoto Masaki, who had been meditating with his eyes closed, suddenly opened his eyes and stood up. He asked Lota,

"Lota, you said that Jordan won't lose. In other words, you are saying I will lose?"

Lota was not afraid of Miyamoto Masaki. Moreover, she hated his aggressive manner. She replied, "Mr. Masaki won't lose if he chooses to give up this fight!"

Miyamoto Masaki was very angry. "Lota, I don't know why you are so stupid as to believe that Jordan will defeat me! We fought half a month ago. He is no longer my match! He can't even take a punch from me! Lota, since you believe that Jordan can win, do you dare to make a bet with me? If you lose, I want you to be my wife! Coincidentally, I've just divorced my previous wife!"

Lota knew that Jordan had already successfully developed the Mirakuru serum and was invincible in a one-on-one fight. She couldn't stand it when others looked down on the man she liked. She immediately replied, "Alright, the bet is on! Jordan will defeat you!"

"Hahaha... alright, it's a deal! The people from the seven great families are all here as witnesses. You can't go back on your word. Hahaha..." Miyamoto Masaki laughed happily.

Park Sang-cheol quickly congratulated him. "Congratulations, Masaki. Not only are you able to kill your enemy today, but you can also marry Lota and take over the Schmid family. This is truly a joyous occasion for all the great families!"

Park Sang-cheol looked thrilled on the surface, but his heart was extremely bitter.

Lota was a top-notch beauty and she was a descendant of a secret family. Her status was extremely noble. If Park Chan-young was still alive, Lota might have married him. Park Sang-cheol had even thought about replacing his younger brother to marry Lota, but he was afraid that she would not be willing.

"Congratulations."

Everyone congratulated Miyamoto Masaki and Lota in advance. It was as if Miyamoto Masaki had already won.

...

At this moment, Jordan had already arrived in Japan. He was 20 kilometers away from the martial arts dojo and was gathered with his subordinates.

Apart from Pablo, Professor Liam and the others, there were also Dragon and all the men under him, as well as Zephyr Three! On top of that, Salvatore and Victoria had also rushed over.

"Greetings, Deity!"

Salvatore had recruited many new men during this period of time, an additional 200.

Salvatore got on his knees and all his men knelt down as well.

Jordan said to Salvatore, "Please continue to call me Mr. Jordan. Deity sounds too pretentious."

Victoria walked over and held Jordan's hand. "Hubby."

Jordan caressed Victoria's pretty face. He was very happy to see her again. She was still the same as when he first liked her.

Victoria asked, "Hubby, Salvatore said that you are a Deity now. What happened?"

Jordan said very sweetly, "No matter what I am, I will always love you the most. This will never change."

Victoria was delighted. "I am so lucky to have married you. But will you really be fine during your duel with Miyamoto Masaki?"

Salvatore smiled. "Ms. Victoria, don't worry. Mr. Jordan has already been injected with the Mirakuru serum and is now a superhuman. Do you see Mount Fuji over there? Mr. Jordan can make the volcano erupt with one punch!"

Jordan felt a little embarrassed by Salvatore's bragging. "You weren't there when I had the serum injected. How do you know the details?"

Salvatore chuckled and said, "I heard it from Pablo."

Pablo hurriedly said, "I didn't make such exaggerated claims to Salvatore. Salvatore, don't talk nonsense and don't drag me into this!"

Jordan smiled. "It's a little exaggerated, but I'm indeed the number one person in the world now. Dragon, you're no longer my match."

Dragon smiled and lowered his head. "It's only right that Master beats me."

Jordan patted Dragon's shoulder and said, "There's not enough serum now, so I can't give it to you yet. When we have produced more, you will be the first one to receive it. By then, you'll become the top fighter in the world again."

Dragon knelt down. "Thank you, Master!"

Salvatore cried out. "Me too! Mr. Jordan, I want the serum too!"

Tim also came over to join in the fun. "I heard that after being injected with the serum, even your sexual prowess will be enhanced. I want it too!"

Pablo reprimanded them. "You two scum, isn't it a waste to inject the serum into you? Stop fooling around. It's almost seven o'clock. Mr. Jordan has something important to announce. Listen up!"

Everyone became serious. Jordan looked at the time and instructed, "I'm going to have a deathmatch with Miyamoto Masaki soon. If nothing goes wrong, Miyamoto Masaki will be killed by me."

"Alright!" Salvatore cut in.

Seeing that the atmosphere was not quite right, he quickly shut his mouth.

Jordan continued, "After Miyamoto Masaki's death, the Miyamoto family will definitely not let me off. The Park family, who has always wanted to avenge Park Chan-young, will join forces with the Miyamotos to hunt me down. All of you, stand guard outside."

Once the subordinates of the Park or Miyamoto families make any moves, you will be in charge of intercepting them.”

Salvatore hurriedly said, “All of us are to stand guard outside? Mr. Jordan, don’t you need protection?”

Jordan shook his head. “No need. In my current state, no one can hurt me at close range. But you have to be careful of them using heavy weapons.”

Dragon said, “Yes, Master! You can focus on the fight. Leave the outside to us!”

Jordan nodded. “It’s getting late. I should go.”

“Hubby!”

Just as Jordan was about to leave, Victoria suddenly grabbed his hand. Her eyes were filled with tears as she was reluctant to part with him.

...

Jordan grabbed Victoria’s slender hand with one hand and wiped the tears off her face with the other. He smiled. “Silly wife, don’t worry. I’ll be fine. I haven’t gotten you pregnant yet. How can I bear to die before I have you give birth to five or six babies for me?”

Victoria was amused by Jordan and said earnestly, “How do you know I’m not already pregnant with your child?”

Jordan was shocked. “Are you... pregnant?”

Chapter 763: Killing His Wife!

Victoria smiled. “No, I’m not pregnant. I also want to get pregnant with your baby as soon as possible.”

Her words had frightened Jordan. He thought that Victoria was pregnant. Jordan said, “We’ll have a child after I settle the matter here.”

“Okay, all the best, Hubby!”

Victoria watched Jordan leave.

...

Soon, it was seven in the evening.

At 7 pm sharp, Miyamoto Masaki was so anxious that he wanted to kill someone because Jordan had yet to appear.

“Don’t tell me that kid doesn’t dare to come?”

Just as everyone was having this thought, Jordan walked into the huge martial arts hall.

He looked extremely domineering!

“Jordan!”

“Jordan is here!”

Everyone in the hall stood up in shock the moment they saw Jordan!

One had to know that the people here were not ordinary spectators. They were all from the eight great families!

Even if Michael Jackson or Bruce Lee had arrived, they probably wouldn’t cause such a huge commotion.

Recently, after so many eventful incidents, Jordan had become a legendary figure among the eight great families!

Even Chairman Rong, who had the highest status, smiled when he saw Jordan.

“Jordan, you’ve done so many things, but you’re still alive. I want to see how you can avoid today’s calamity!”

Lota swooned at the sight of her beloved man. “Jordan is too handsome!”

Seeing Jordan again and looking so robust and dignified, Park Sang-jun and Park Sang-cheol were very unhappy.

When Miyamoto Masaki saw Jordan, he shouted at him, “Jordan, are you finally willing to face death?! Today is the day you die! I’m going to break your body off piece by piece in front of the eight great families!”

Jordan ignored Miyamoto Masaki’s posturing. In his eyes, Miyamoto Masaki was already a dead man.

Was there a need to argue with someone who was about to die?

He walked past Miyamoto Masaki to his parents because he saw his mother crying!

“Son, son, don’t fight. Go and apologize to Miyamoto Masaki. I don’t want to see you die.” Jordan’s mother held his hand worriedly.

Jordan assured her. “Mom, Miyamoto Masaki can’t beat me.”

“Enough!” Jesse shouted at Jordan. “Jordan, kowtow to the Miyamoto family and apologize! Do you want your parents to suffer the loss of a son? You’re so insensible even at this stage!”

Jordan looked at Jesse. “I’ll say it again. Miyamoto Masaki can’t beat me!”

And yet, Jesse continued to lecture him like a big brother. “So what if you manage to win? Look at the current situation! Nearly all the other families are on the Miyamotos’ side. Even if you win, you won’t be able to escape death today! Jordan, when will you grow up?!”

Jordan stared at Jesse in contempt and scoffed. “If growing up means giving up your dignity and being a dog, then I would rather never grow up. Also, Jesse, don’t think that you’re doing well just because you’re compromising now. That’s a sign of your cowardice and incompetence! If you hand over your life to the six families, they might not kill you today, but you might be killed at any time when they are in a bad mood!

“Jamie and I chose a different path from you. Neither of us has succeeded yet but you have no right to lecture me!”

“You…” Jesse began.

Jordan’s father, Rowan, was not as agitated as Jordan’s mother. He looked at Jordan calmly, as if he had already had no regard for his own life. He said, “Jordan, I believe that since you dare to choose this difficult path, you have the ability to continue. Don’t care about our lives. Be bold and do what you want.”

Jordan looked at Rowan. “Thank you, Dad. Don’t worry. With me around, no one can touch you!”

With that, Jordan walked towards Miyamoto Masaki with a murderous aura.

As Jordan approached, Miyamoto Masaki panicked because he realized that Jordan was now a head taller than him.

‘Damn it, he’s grown taller.’

The other members of the secret families also realized this.

“Jordan looks taller and stronger than before.”

“Really? Why do I feel that he hasn’t changed much? Lota, has Jordan’s body changed?”

“Lota has never slept with Jordan before. How would she know?”

“Who says I don’t know! Yes, Jordan is taller than before!”

Miyamoto Masaki laughed in disdain. “Hahaha, Jordan, do you think you can scare me just because you’ve become taller and stronger? Our Miyamoto family already perfected techniques to make our bodies taller years ago. It’s just that I don’t bother to use them! Let me tell you, appearances alone are not a measure of true strength. I can’t believe you are still pursuing such superficial things. You’re definitely going to lose this competition!”

Miyamoto Masaki was right. In fact, Jordan and Miyamoto Masaki looked like ordinary men. At the most, they just looked a little more muscular than most men.

However, their strength was something that even top athletes could not compare to. It was impossible to tell from their appearance.

Jordan said coldly to Miyamoto Masaki, “Cut the crap. Let’s begin!”

However, Miyamoto Masaki had no intention of fighting immediately. He smiled. “What’s the hurry? Before our match begins, I have something to do first!”

“What is it?” Jordan was curious.

“Someone, bring that b*tch out!” Miyamoto Masaki ordered.

...

Soon, a Japanese woman with messy hair and wearing a kimono was brought out. She was all tied up. Although this woman looked disheveled now, it was obvious she was a very beautiful woman.

“Eh? Isn’t that Miyamoto Masaki’s wife? What is he doing?”

Park Sang-cheol recognized this woman at a glance. She was Miyamoto Masaki’s wife and was once known as the number one beauty in Japan!

“I heard that Miyamoto Masaki’s wife committed adultery with Jordan’s subordinate and cheated on him. It was Jordan who told him!”

“Tsk, tsk, tsk. I didn’t expect a domineering man like Miyamoto Masaki to not even be able to control a common woman. A dignified member of a secret family actually got cuckolded.”

“Did Miyamoto Masaki already divorce this woman? Why did he still bring her out?”

Everyone began to discuss the current situation.

When Jordan realized that this woman was Miyamoto Masaki’s wife, he was a little surprised. He did not know what Miyamoto Masaki was up to.

Miyamoto Masaki suddenly took out a katana and aimed it at his wife’s head. He slashed at her!

“Ah!”

All the ladies, including Madam Geng, Lota and the others, covered their eyes in fear.

Miyamoto Masaki executed his ex-wife in public!

Chapter 764: Beating Up Miyamoto Masaki!

No one expected Miyamoto Masaki to execute his ex-wife in public right before his deathmatch with Jordan!

And he even used such a cruel method!

Miyamoto Masaki’s beautiful wife’s head rolled to Jordan’s feet. Seeing the dead expression on her beautiful face, Jordan felt an indescribable pain in his heart!

It was apparent that Miyamoto Masaki did not feel any heartache for killing his wife. Instead, he said fiercely, “This is what happens to women who betray me! Jordan, I’m not as useless as you. Hailey betrayed you, but you didn’t kill her! You’re not a man!”

Jordan looked at Miyamoto Masaki, who was laughing maniacally, but there was no joy in his laughter. Jordan commented. “Miyamoto Masaki, you’re really a pitiful man!”

“B*stard! What did you say!” Miyamoto Masaki shouted angrily.

Jordan said, “Even the most ordinary men in this world can kill women, let alone powerful men like you and I. I didn’t kill Hailey, but that doesn’t mean I’m soft-hearted or incompetent. It’s because I did love her once! How can you be so ruthless to a woman you once loved?!”

“Besides, I heard that your wife’s ancestor saved your family. He’s your family’s savior. How can you be so ungrateful? Miyamoto Masaki, you are the one who deserves to die!”

Miyamoto Masaki glared at Jordan. "Cut the crap! In short, anyone who offends me must die! Whether it's a man or a woman, whether she once loved me or an ancestor saved me! Jordan, I can't wait to kill you. Hurry up and sign this deathmatch contract!"

Jordan returned, "Very well. I can't wait either."

Miyamoto Masaki and Jordan both signed the deathmatch contract and pressed their thumbprints.

The two of them faced each other. Jordan said, "Before long, you will wish you had died in the tsunami like Park Chan-young."

Miyamoto Masaki was furious. "You're still putting up an act even when you're about to die! Die!"

Miyamoto Masaki rushed forward and pounced on Jordan, pushing him to the ground!

"What speed!"

Chairman Rong couldn't help exclaiming. There was a sizable distance between Miyamoto Masaki and Jordan. However, Miyamoto Masaki was like a cheetah. With a whoosh, he pounced on Jordan, giving him no time to react.

Miyamoto Masaki used his domineering strength to press Jordan under him.

"Hahaha, Jordan, I'm going to smash your head until it goes through this floor!"

Miyamoto Masaki raised his right fist to punch Jordan's head.

Miyamoto Chujiro, Park Sang-jun and Park Sang-cheol all smiled.

But Jordan's mother shouted in panic, "No!"

Lota also held her breath. She was very nervous, but she believed that Jordan would not lose to Miyamoto Masaki.

"Is this guy going to die?"

Geng Weilun crossed his legs as he watched the fight with interest.

"Go to hell!"

Boom!

Miyamoto Masaki threw a powerful punch at Jordan's face.

"Ah!"

The ladies covered their faces again, afraid that they would see a bloody scene like earlier.

However, no blood flowed out this time.

Bang!

Jordan extended his right hand and caught Miyamoto Masaki's fist with his right palm.

Everyone was shocked, including Miyamoto Masaki himself.

"How is that possible? How did he withstand my punch?"

Miyamoto Masaki knew very well that he had used all his strength in this punch. Its power was terrifying. Blocking it with one hand was like an ant trying to stop a charging chariot!

However, Jordan did so and caught his punch.

"You immoral b*stard. You launched a sneak attack!"

This b*stard had pounced on Jordan when the match had not officially started yet.

Bang!

Jordan kicked Miyamoto Masaki away.

Bang!

Miyamoto Masaki flew to the spectator area and crashed into several seats.

"Jordan is so handsome!"

Lota cried out in joy. Jordan's parents finally smiled in relief.

"Interesting. I knew this kid wouldn't die so easily." Chairman Rong smiled.

Park Sang-jun grew very anxious. "Masaki, beat him! Don't give him a chance to breathe. Kill him immediately!"

Growing increasingly embarrassed, Miyamoto Masaki immediately rushed towards Jordan!

“I’m going to smash your stomach in!”

...

Miyamoto Masaki kept punching Jordan’s upper body.

Bang bang bang bang bang...

Jordan did not dodge and allowed Miyamoto Masaki to punch him more than ten times.

Miyamoto Masaki was dumbfounded: ‘How is that possible? How can you withstand it?!’

Miyamoto Masaki’s strength was extremely domineering. Ordinary people could not withstand even a single punch from him. However, Jordan barely flinched!

Actually, Jordan did feel pain. After all, Miyamoto Masaki had taken an upgraded version of the strength-enhancing medicine and was very powerful.

“I have allowed you to punch me 11 times. It’s my turn now.”

Bang!

Jordan’s first punch made Miyamoto Masaki take a step back. He then quickly threw a couple more punches!

“Argh! It hurts! What domineering power!”

Miyamoto Masaki realized that Jordan’s strength surpassed his!

“Impossible. My strength-enhancing medicine is already at its peak level. Unless he’s using the Mirakuru serum, he can’t possibly defeat me!”

Miyamoto Masaki tried to block Jordan, but the fourth punch still came.

Jordan skillfully lowered his own body and punched out a fifth time!

“Pfft!”

At the fifth punch, Miyamoto Masaki couldn’t bear it anymore and vomited blood!

“Oh sh*t, Miyamoto Masaki’s defense is broken! Every punch he receives from now on will be several times more lethal!” Park Sang-cheol was becoming worried for Miyamoto Masaki.

Actually, Miyamoto Masaki’s defense was already very powerful. For an ordinary man, Jordan could have killed him with a single punch!

Miyamoto Masaki did not die even after taking five to six punches from him.

Seeing that his son was bleeding, Miyamoto Chujiro's heart ached. He stood up and said, "Son, there's no need to bother about rules with trash like Jordan. Just kill him with a knife!"

Miyamoto Chujiro could tell that Jordan had used some unknown method to surpass his son in strength and defense. If this continued, his son would lose.

This was the Miyamoto family's territory. He had to do something to tip things in their favor.

Hearing this, Lota was the first to stand up and protest. "We agreed on a fair duel. How can you let your son use a weapon? I object!"

Miyamoto Chujiro snorted. "I don't care that you might be my future daughter-in-law, nor do I care about your current status. No one is allowed to hurt my son in this battle! Son, kill him with a knife!"

Miyamoto Masaki had already been handed a samurai sword!

Chapter 765: The Six Great Families Were Shocked!

Lota saw that Miyamoto Masaki was holding a knife while Jordan was bare-handed. She did not have any weapons to give Jordan, so she became very anxious.

"That's not fair! I demand a pause to this match!" Lota looked at Chairman Rong.

Madam Geng also spoke up for Jordan. She said to Chairman Rong, "I think we should at least give Jordan a weapon. Only then will it be considered a fair fight."

"No need!"

The person who said this was none other than Jordan himself!

Madam Geng and the others were stunned. They wondered if they had heard wrongly.

Why did Jordan decline such a thing?

Jordan said domineeringly, "Give him a weapon and let him slash me! I don't need a weapon to defeat him!"

Jordan's dominance and confidence shocked everyone from the secret families.

"What a bold kid!"

Even Chairman Rong felt more reverence for Jordan. In his eyes, although the Steeles were not a powerful family, Jordan was really bold and courageous.

Miyamoto Masaki was furious. "Arrogant brat! I'll use the sword which I killed my ex-wife with to kill you! I'll send you to hell!"

"Ah!"

Miyamoto Masaki slashed at Jordan.

Slash!

Slash!

Slash!

Miyamoto Masaki kept slashing his sword at Jordan's shoulders, arms, and legs. Jordan's parents and Lota were worried.

However, they realized that Jordan remained unscathed! Miyamoto Masaki's slashes did not cause much damage to Jordan at all.

"Impossible..."

Dumbstruck, Miyamoto Masaki stood there still clutching his sword.

His samurai sword was extremely sharp. It had directly chopped off his ex-wife's head just now. Coupled with Miyamoto Masaki's domineering strength, an ordinary person would definitely die from his attacks!

Even if Jordan had taken the Miyamoto family's strength-enhancing medicine, he would definitely be injured. It was impossible for him to remain unharmed!

Actually, Jordan was not completely uninjured. There was some blood on his body, but it was merely superficial marks and almost as if he had accidentally scratched himself. It was not fatal at all.

At this moment, everyone from the secret families stood up.

Chairman Rong shouted in surprise, "Jordan's body is no longer that of an ordinary person! Swords can't kill him anymore!"

Madam Geng couldn't believe it. "Oh my god, how did he do that? Does the Steele family really have some powerful invention that we don't know about?"

The members of the secret families looked at Jesse.

Jesse hurriedly said, "I definitely didn't hide anything from you. I don't know what medicine my brother took, I swear!"

Miyamoto Masaki had also stopped his pursuit. He knew it would be meaningless to continue.

It was only at this moment that Miyamoto Masaki finally felt fear. He asked Jordan in a trembling voice, "What... what medicine did you take?! Why did your defense become so strong?!"

Jordan asked Miyamoto Masaki, "Shouldn't you be very familiar with this level of defense? Isn't this what you've always dreamed of?"

The Miyamoto family knew very well how formidable the defense and strength of a person injected with the Mirakuru serum could be. They had already tested their own version of the serum on human subjects and should be very familiar with the power that Jordan currently possessed.

The foundation of the Mirakuru serum was developed by the Miyamoto family. What Jordan had done in the past month was just to remove the side effects so that humans would not die after being injected. That was all.

Miyamoto Masaki broke out in cold sweat. Of course, he was familiar with this! He had personally tested many human subjects, all of whom had died after being injected with the Mirakuru serum!

As part of the tests, he had also slashed them with swords. And the result was exactly like with Jordan now. He couldn't cause serious damage to them at all!

"Don't... tell me... that you..." Miyamoto Masaki muttered to himself, unwilling to speak aloud his revelation.

Jordan smiled. "Miyamoto Masaki, you've already guessed it. Why don't you speak louder?"

Miyamoto Masaki shouted, "Asshole! Impossible! Our great Miyamoto family still needs more than 10 years to perfectly develop the Mirakuru serum. How could you have done it before us?! You can't possibly be injected with the Mirakuru serum!"

"Jordan was injected with the Mirakuru serum?"

The other secret family members started to discuss amongst themselves.

It should be pointed out that Jordan had earlier claimed that the Steeles had developed the Mirakuru serum. In fact, the Miyamoto family had believed his claim then. But in the end, they realized that Jordan was just deceiving them.

Could it be that Jordan was speaking the truth all along?

Jordan said, "Miyamoto Masaki, you're about to die, but you still don't admit that your Miyamoto family can't compare to the Steeles! To tell you the truth, I have been injected with the Mirakuru serum, and it's perfect without any side effects. You will definitely die in this battle!"

"I don't believe it! I don't believe it!"

Miyamoto Masaki was in a state of madness. He kept slashing his sword at Jordan.

How could Jordan let Miyamoto Masaki continue to attack him like this?

Jordan caught the blade with one bare hand. Even though his hand started bleeding, he did not care because his body's self-healing ability was very strong.

...

With his other hand, he punched Miyamoto Masaki and snatched his sword away!

After snatching away the sword, it was now Jordan's turn to slash Miyamoto Masaki!

Whoosh!

Pfft!

Jordan slashed Miyamoto Masaki's arm.

Whoosh!

Pfft!

Jordan slashed Miyamoto Masaki's leg.

Jordan slashed Miyamoto Masaki several times!

Miyamoto Masaki tried his best to resist. He was already in a very wretched state. Although he was not dead yet, he was severely injured and completely unable to resist.

Jordan had no intention of letting Miyamoto Masaki off at all. If he was the weaker party today, Miyamoto Masaki would undoubtedly kill him!

Just as Jordan was about to deal Miyamoto Masaki the final fatal blow, Miyamoto Chujiro took out his gun and aimed it at Jordan. "Put down your weapon! I want you to put down your weapon immediately!"

Miyamoto Masaki and Jordan had agreed to a deathmatch. Unexpectedly, at the most critical moment, Miyamoto Chujiro chose to interfere in this competition.

Madam Geng was very unhappy. "Both of them have signed a contract agreeing to a deathmatch. We should accept the outcome. Miyamoto Chujiro, what do you mean by intervening at this point?!"

The other families also felt that Miyamoto Chujiro had broken the rules. However, Miyamoto Chujiro did not care about that at all. All he cared about now was his son's life!

Miyamoto Chujiro continued to command Jordan. "I'll say it one last time. If you don't put down your sword, I'll shoot you to death!"

Jordan ignored Miyamoto Chujiro's threat.

Did he need to be afraid of bullets now?

Jordan looked at Miyamoto Masaki and said coldly, "Go and see your wife!"

Whoosh!

Jordan slashed down at Miyamoto Masaki's head!

Chapter 766: The Six Great Families Beg Jordan!

"B*stard! B*stard!"

As a father, how could Miyamoto Chujiro stand by and watch his son get hacked to death?

He no longer hesitated and did not care if he had broken the rules. He fired at Jordan!

Bang!

Bang!

Bang!

Miyamoto Chujiro's first shot hit Jordan's heart. However, Jordan did not collapse. He only took a step back.

Miyamoto Chujiro's second shot hit Jordan's knee. He wanted the b*stard to kneel on the ground. Unfortunately for him, Jordan did not kneel either. He only bent his knee.

Miyamoto Chujiro aimed his third shot at Jordan's head!

Jordan's body had been enhanced by the Mirakuru serum, but not every part of his body was invincible. His face was a weak point.

Therefore, Jordan covered his face with one hand and caught Miyamoto Chujiro's bullet with his bare hand!

Everyone was dumbfounded! Jordan was invincible!

Miyamoto Chujiro's shots did not stop Jordan at all. Jordan raised his hand and slashed down at Miyamoto Masaki!

Slash!

Jordan killed Miyamoto Masaki with a single slash!

Miyamoto Masaki died in the same way as his ex-wife. Jordan had deliberately killed Miyamoto Masaki with this method. It could be considered a form of consolation for his ex-wife.

After all, if Jordan had not sent Dragon to be a spy, Dragon would not have colluded with her in order to obtain the Miyamoto family's strength-enhancing medicine. She would not have died.

In this world, every successful person had to step on countless corpses and sacrifices on his path to success.

Jordan was no exception.

"Arghhhhhh!"

Miyamoto Chujiro threw his head back and let out a roar of anguish when he saw that his son was dead. Everyone was shocked. They never expected Jordan to be the winner of this battle. What was even more unexpected was that he really dared to kill Miyamoto Masaki!

Actually, Jordan could have spared Miyamoto Masaki's life to make peace with the Miyamoto family, but he did not do so.

Jordan was a Deity. Anyone who crossed him had to die. There was no other way!

“Men! Blast this b*stard Jordan to death! I don’t care if you use guns or cannons, kill this b*stard!”

At Miyamoto Masaki Chujiro’s command, a large group of men holding weapons emerged. With so many people attacking Jordan at the same time, he would definitely die even if he had the Mirakuru serum!

At this moment, Madam Geng stood up. “Miyamoto, we agreed that it would be a one-on-one deathmatch between those two boys. You already broke the rules by trying to help your son with a gun just now. Now that your son has lost, you should abide by the contract and let Jordan and his parents go!”

Miyamoto Chujiro had just experienced the pain of losing his son. At this moment, he was in the depths of sorrow. He ignored his usual respect for Madam Geng and shouted, “Idiot! This b*stard killed my son in front of me. How can I not avenge my son?!”

Lota stood up and shouted, “Why don’t you put yourself in Jordan’s shoes? If your son killed Jordan and his parents wanted to kill your son to avenge him, would you agree?”

Miyamoto Chujiro said angrily, “Shut your mouth, little girl! You have no right to lecture me! Now, no one can stop me from taking revenge for my son! Men, kill that b*stard Jordan immediately!”

“Wait a minute!”

At this moment, Chairman Rong, who had the highest status among the eight great families, stood up.

Chairman Rong said, “Mr. Miyamoto, I understand your pain of losing your son. However, those two boys agreed to a deathmatch. No one should have any objections if either party dies.

“Jordan, I didn’t expect you to succeed in developing the Mirakuru serum. Today, I witnessed the power of the Mirakuru serum. It fills me with shock! This is a great invention for the enhancement of the human body! How about this? I know that the Miyamoto family has always wanted to perfect the serum. I’ll be the middleman today and mediate the conflict between you and the Miyamoto family.

“Jordan, as long as you hand over the Mirakuru serum and allow me and the Miyamoto family to use it, I can let Mr. Miyamoto not pursue the matter of you killing Miyamoto Masaki. How about that?”

At first, Jordan was puzzled as to why Chairman Rong would speak up for him. It turned out that he wanted to obtain the Mirakuru serum!

Madam Geng also said, "Chairman Rong, how can only you and the Miyamoto family enjoy the benefits? I want the Mirakuru serum too."

The other families also stood up and expressed their desire to obtain Jordan's Mirakuru serum!

Park Sang-jun said, "Jordan, although a mere Mirakuru serum can't compensate for your murder of Chan-young, consider it as the price for making my silly girl plead for you! Hand over the Mirakuru serum now, or you will definitely die!"

Jordan laughed loudly at the six families. "Hahaha, you all are truly insufferably arrogant. Haven't you always looked down on the Steeles? Haven't you always thought that the Steeles are useless? You have trampled upon the Steele family and treated us as slaves! Why are you all begging me now?"

Miyamoto Chujiro said angrily, "Cut the crap. Hand over the Mirakuru serum first and I'll let you live a little longer!"

Jordan snorted. "You want the Steele family's Mirakuru serum? You're not worthy!"

Jordan rejected this deal!

Chairman Rong was very unhappy. "Jordan! You don't know what's good for you. If you promise to hand over the Mirakuru serum, I promise you that Miyamoto Chujiro will not kill you! But if you're stubborn and Miyamoto Chujiro kills you and your parents, I won't care anymore!"

Jordan snorted. "I have never depended on others. I don't need to trouble you!"

"Well, since you're so stubborn, Mr. Miyamoto, please avenge your son!" Chairman Rong said.

"Kill them!" Miyamoto Chujiro ordered.

However, just as Miyamoto Chujiro issued the order, Jordan suddenly put on the Invisibility Cloak and instantly disappeared!

"Oh no! It's the Schmid family's Invisibility Cloak!" Miyamoto Chujiro was in a fluster. Within moments, the Miyamoto family's subordinates had lost their target.

...

"Everyone, be careful. It's very likely that Jordan will try to get near us! He's going to assassinate us!" Park Sang-cheol warned everyone.

At this moment, everyone from the major families became cautious, especially Miyamoto Chujiro. He was surrounded and protected by his subordinates.

Naturally, Lota didn't have to worry. She was at ease where she was. So was Madam Geng.

Surprisingly, Chairman Rong, who had just argued with Jordan, did not call for any bodyguards to protect him. He sat quietly and drank his tea.

Madam Geng was very curious. "Chairman Rong, you just allowed Miyamoto to kill Jordan. Aren't you afraid that Jordan will try to assassinate you? He has been injected with the Mirakuru serum. He's very powerful."

Chairman Rong smiled calmly. "Haha, it's true that he's superman now, but I'm not weak either, Madam Geng."

Chapter 767: Zara Is Injected With The Serum!

From Chairman Rong's calm expression, it could be deduced that the Rong family was indeed the head of the eight great families. Even in the face of such a terrifying situation, Chairman Rong was still not afraid of a sneak attack by Jordan. He must have a powerful trump card.

'What an unfathomable fellow!'

Madam Geng thought to herself. Although both families were from the same country and had a good relationship, Madam Geng had never been able to figure out the true strength of the Rong family.

Of course, the Rong family did not know about the Geng family's secret research either.

At this moment, Jordan was not thinking about attacking anyone. Instead, he wanted to save his parents!

Everyone was afraid of Jordan and was focused on protecting themselves. Jordan put on the Invisibility Cloak and quietly came to his parents' side. Then, with a whoosh, he covered his parents with the cloak and quickly carried them away.

"Oh sh*t, Jordan's parents are gone too!" Park Sang-cheol shouted.

"Jordan must have taken him away. Where is he? Where is that b*stard?!"

Rat-a-tat-tat...

Miyamoto Chujiro fired a machine gun. However, it was still impossible to flush out Jordan in this manner.

Chairman Rong said, "With Jordan's current speed and strength, I believe he can leave this dojo in less than three seconds."

"Ah!"

Just as Chairman Rong finished speaking, he heard the guards at the entrance of the martial arts school fall to the ground.

"Damn it, he escaped! How can I let you escape safely after you killed my son! You saved your parents, but your brother is still here!"

Miyamoto Chujiro aimed his gun at Jesse's head!

Jesse was stunned. He didn't expect to be implicated by Jordan.

He hurriedly knelt down and begged, "Master Miyamoto! Don't kill me. Jordan was the one who did all of this. It has nothing to do with me!"

Lota smiled. "Miyamoto Chujiro, you should know that Jesse and Jordan don't get along. If Jordan cared about Jesse, with his current strength, taking three people away is not a problem."

Madam Geng also disagreed with Miyamoto Chujiro's decision to kill Jesse. "Miyamoto, do you want to kill Jesse because you want Jordan to become the next head of the Steele family?"

Miyamoto Chujiro did not want Jordan to become the head of the Steele family. Moreover, Jesse had always been obedient to Miyamoto Chujiro.

As a result, Miyamoto Chujiro could only vent his anger by smacking Jesse's face with the butt of the gun!

Bang!

Bang!

"Ah!"

Jesse cried out in pain, his face bleeding.

Miyamoto Chujiro grabbed Jesse's collar. "You'd better make your brother commit suicide as an apology. Otherwise, if I catch him, your brother and your parents will all die! Men, lock down all the nearby areas and investigate every vehicle and plane!" Miyamoto Chujiro ordered.

The others felt that it was time to leave.

“Dad, let’s leave this place quickly,” Park Sang-cheol said to Park Sang-jun.

Park Sang-jun nodded. “Yes, Jordan is really lucky. I thought he would die at Miyamoto Masaki’s hands today, but I didn’t expect...”

Park Sang-cheol said, “Don’t worry, Dad. I’ll find an opportunity to assassinate him in the future. He won’t be able to escape.”

...

The moment Jordan emerged from the dojo with his parents, it was already raining bullets outside. It was utter chaos.

Jordan’s subordinates, Dragon, Pablo, Salvatore and the others, had already started fighting with the Miyamoto family subordinates.

Corpses were strewn across the streets and the sound of gunfire could be heard. The nearby Japanese citizens were so frightened that they all hid.

This incident quickly spread and became the trending topic on the internet. News stations all over the world reported on this incident. Amidst the chaos outside, Jordan brought his parents to Zephyr Three.

Jordan’s mother was very worried about Jesse. She asked Jordan, “Jordan, you didn’t bring your brother out. Will he be alright?”

Jordan replied, “Don’t worry. Jesse always sucks up to the six families. They won’t kill him.”

Rowan also assured her. “The six families need a puppet, and Jesse is the most suitable candidate. They won’t kill him. I’m more worried about Jamie now. This kid has constantly gone against the six families. There’s still no news of him. I wonder if anything happened.”

Jordan said, “I’ve been sending people to look for him. He and Phoenix know how to stay hidden. I believe it won’t be easy for the six families to find them.”

Rowan nodded. “Mmm. Jordan, what are your next plans?”

Jordan responded. “I’ll take you back to the US first. The Miyamoto and Park families won’t dare to mess around there. You’ll be safer there. Also, it’s time for me to settle the score with Park Sang-cheol.”

...

Two days later, at the factory in Orlando.

Late at night, a long-legged woman with messy hair and sweat all over her body swaggered toward Jordan. This woman looked like a ghost, but she also looked like a war goddess.

Thud!

The woman knelt on the ground before Jordan. "Master!"

The woman was none other than Zara.

At this moment, Zara was no longer that fragile little girl who could be manipulated by anyone. Instead, she was a "superwoman" who had been injected with the Mirakuru serum!

...

After being injected with the Mirakuru serum, Zara had also grown a little taller and her legs had become even longer than before. Now, her figure had become even more charming!

Jordan ordered Zara, "I'm ordering you to go to South Korea to assassinate Park Sang-cheol. You're the only person in this world who has a chance to get close to him. Don't forget that you once had the intention to harm me. The only reason you're still alive now is because you can kill Park Sang-cheol.

"Professor Liam injected a poison into your body. If you don't complete your mission in time, you will die. If you do die, I hope that you will tell your grandmother that I gave you a chance."

Zara's gaze was firm. After Pablo's training, she had become a completely different person. "Master, don't worry. I will definitely retrieve Park Sang-cheol's head for you!"

"Okay, go. Remember, when you reach South Korea, don't expose your abilities and continue to play the role of a weak woman. Park Sang-cheol has many spies. He will definitely realize your presence and summon you over.

"Pablo should have already trained you well in undercover work. Kill him when you manage to get close to him! With the Park family's defense abilities, you will never have a second chance otherwise!"

Chapter 768: Helping Shaun!

Zara knew very well that if she couldn't assassinate Park Sang-cheol, she wouldn't be able to survive. Whether it was for self-preservation or revenge, she had to do this!

“Yes, Master!”

With that, Zara left and embarked on her journey to South Korea.

Jordan picked up the phone and called Shaun.

“Hehe, Deity Jordan, long time no see. I heard that you were victorious at the martial arts dojo in Japan. Not only did you kill Miyamoto Masaki, but you also escaped with your parents. You are indeed the new Deity. The six families can’t do anything to you, hehe.”

Shaun smiled.

Jordan’s expression was serious. “Shaun, my wife is still with you. I know you want me to help you complete the mind-transplant procedure. Let’s arrange a time to meet. I can help you now!”

Jordan was most worried about Lauren now. Every night, he would worry and miss her. He wondered if Shaun would bully her... Therefore, Jordan had to fulfill Shaun’s wish and save Lauren!

Shaun was still smiling. “I’ve been waiting for you for a long time. Deity Jordan, I’ll send you an address. Come over. Hehe, but I have to remind you not to have any tricks up your sleeves. You’re only allowed to come alone.”

Jordan said, “I don’t have to bring subordinates like Dragon, but I have to bring researchers, right? Although I can predict the future, I still need those scientists to complete the real technology.”

Shaun chuckled. “I have plenty of mind-transplant researchers here. My team has been established for decades and is much stronger than your useless scientists. I asked you to come alone so you will come alone. If you dare to play any tricks, hehe, you know what I will do to your wife. Lauren wears thrift store clothes now, but she’s still unbelievably beautiful. I feel very tempted every day.”

Jordan said angrily, “Enough! You b*stard! I’ll go alone. I’ll agree to all your demands. I only have one request. You’re not allowed to hurt Lauren! You’re not allowed to touch a single strand of her hair! If you dare to, not only will you not succeed in the mind-transplant technique, but I’ll also break your body bit by bit! You should know that I’ve already successfully developed the Mirakuru serum!”

“No problem. I’ll be waiting for you, hehehe.”

...

Meanwhile, on the top floor of a bustling building in South Korea.

The building was called Hera Palace and was where the Park family lived. The interior was extremely luxurious and decadent. It was the most opulent residential building in the whole of Asia.

Of course, it didn't look that splendid from the outside. Moreover, outsiders were forbidden from entering. Even drones couldn't fly near it.

At this moment, in the bustling living room on the top floor, two men were sitting on the sofa in front of the fireplace, drinking the most expensive red wine in the world and smoking the Park family's special beauty cigarettes.

These two men were Park Sang-cheol and Geng Weilun.

After they left Japan, the Park family specially invited Geng Weilun and his mother to visit the Park family. They knew that Madam Geng liked beauty treatments so Park Sang-jun promised her that he would give her a special treatment that would make her another two years younger. Madam Geng was enticed to visit.

Bang! Bang! Bang!

Fireworks were set off outside. They were extremely dazzling. Ordinary citizens did not know that these fireworks were set off to welcome Geng Weilun and his mother.

Park Sang-cheol held his wine glass and looked at the gorgeous fireworks through the floor-to-ceiling glass window. He smiled at Geng Weilun. "What a joke. Our families joined forces to kill a brat from a single lousy family, but we failed time and time again. We even let him develop the Mirakuru serum. It will be even harder to kill him in the future."

"Mr. Geng, how do you think he got his Mirakuru serum? Even the Miyamoto family, who has been studying it for decades, will take at least another 10 years to develop it successfully. How did he manage to succeed so fast?"

Geng Weilun took a sip of red wine and sneered. "Hmph, how would I know? Among the eight great families, only the Rong family and my family can surpass the Miyamoto family in terms of technology. Could it be that Chairman Rong made it for Jordan? But then again, he wouldn't have so shamelessly asked Jordan for it!"

Park Sang-cheol frowned. He could not understand how Jordan had obtained such advanced technology.

Park Sang-cheol said, "In short, Jordan is becoming more and more of a threat. We must get rid of this person as soon as possible. Otherwise, there will be endless trouble in the future! I remember that some time ago when Jordan and Hailey got married, You,

my brother and Miyamoto Masaki went to the wedding to watch him make a fool of himself.”

“Now, two of the three are dead. Aren’t you worried that you will be next?”

Park Sang-cheol hoped that Geng Weilun would feel threatened so that he could rope him in to get rid of Jordan together.

As the Geng family was very powerful, it would be much easier to kill Jordan with his help.

Unexpectedly, Geng Weilun laughed out loud. “Haha, Jordan wants to kill me? Would he dare?!”

Geng Weilun did not believe that Jordan would dare to kill him.

Actually, Park Sang-cheol also knew that there was a high chance that Jordan would not kill Geng Weilun. The latter did not provoke Jordan as much as Miyamoto Masaki and Park Chan-young did.

Geng Weilun did not try to mess around with Hailey, nor did he actively try to kill Jordan. In addition, Geng Weilun’s mother had always spoken up for Jordan. It was impossible for Jordan to kill her son.

Park Sang-cheol was unhappy. But he suddenly laughed and said, “Hahaha, that’s true. Your mother is so close to Jordan. With Madam Geng’s relationship with Jordan, he probably won’t attack you.”

Splash!

Hearing this, Geng Weilun suddenly threw the wine glass in his hand to the ground. He glared at Park Sang-cheol. “Park Sang-cheol! Don’t think that I won’t dare to touch you just because this is your territory! If you dare to insult my mother again, I will never let you off!”

Compared to Park Chan-young, Park Sang-cheol was more bold. Moreover, in the current situation, if they did not drag Geng Weilun into this, the Park family and the Miyamoto family alone would probably not be able to deal with Jordan!

Park Sang-cheol did not panic and continued to provoke the other party. “Madam Geng is so respected. I have always respected her. Why would I insult her? Weilun, do you really not know that Madam Geng Weilun and Jordan had an affair? They shared a kiss in the virtual world! It’s only a matter of time before they get into bed together in real life!

“Jordan likes older women the most. His wife, Victoria, and my younger sister, Park Anya, are much older than him. Madam Geng is still charming and completely suits Jordan’s taste.”

Bang!

“B*stard, I’m going to kill you!”

In a crazed frenzy, Geng Weilun beat up Park Sang-cheol.

Chapter 769: Who Do You Want to Swap Minds With?

Bang! Bang!

After a few punches from Geng Weilun, Park Sang-cheol started to bleed from the corner of his mouth. He shouted angrily, “Park Sang-cheol, who do you think you are? How dare you provoke my family!”

Park Sang-cheol didn’t resist. He lay on the floor and continued to instigate him. “Heh, Geng Weilun, I’m telling the truth. You just don’t dare to accept the truth! In the virtual world game, more than one person saw your mother and Jordan kissing! Many people in the eight families already know! Even if you kill me, you can’t stop that fact! Face it, Geng Weilun!!”

Geng Weilun grabbed Park Sang-cheol’s collar, his veins bulging. Park Sang-cheol’s words pierced his pride deeply.

However, what Park Sang-cheol said was the truth. He had also sensed that his mother’s relationship with Jordan was not ordinary. He just did not want to believe it.

“Argh!”

Geng Weilun let go of Park Sang-cheol and shouted, “Jordan! You little b*stard, how dare you seduce my mother and want to be my stepfather! I won’t let you off!”

Park Sang-cheol smiled evilly and wiped the blood from the corner of his mouth. He then stood up and patted Geng Weilun’s shoulder. “Weilun, Jordan humiliated you. If you don’t give him a taste of his own medicine, you’re not a man!”

Geng Weilun turned to look at Park Sang-cheol. “What do you mean?”

Park Sang-cheol said, “You already know that Jordan has a wife called Hailey. This woman is fickle and vain. Moreover, she cheated on Jordan before. Everyone knows that if you present yourself to her, with your status, looks and abilities, I believe that even without you doing anything, that b*tch will throw herself at you. Jordans’ wife

throwing herself in your arms. Don't you think that's a great way to vent your anger? Hahaha."

Park Sang-cheol was inciting Geng Weilun to seduce Hailey, to humiliate Jordan!

Actually, Geng Weilun did not fancy Hailey. Although Miyamoto Masaki and Park Chan-young recognized her as a goddess-level beauty, Hailey was not his type. However, now that Geng Weilun was furious with Jordan and wanted to take revenge on him, he no longer cared if that woman was his type.

"Alright, Jordan, you b*stard. You dared to kiss my mother so I'll sleep with your wife!" Geng Weilun made up his mind.

Park Sang-cheol smiled evilly. He had finally dragged Geng Weilun into the fray with him. With Geng Weilun, the scales of victory would tilt in their favor.

...

In a small, remote US town.

Early in the morning, it was misty and cold. A big yellow dog had frozen to death at the entrance of the village.

Jordan walked on the uneven dirt road to a house.

A gloomy and terrifying man had been waiting for a long time.

That man was Shaun!

A rooster crowed, breaking the silence of the village.

Shaun smiled when he saw Jordan. "Deity Jordan, long time no see. I didn't expect to see you again. You've become taller and stronger. It seems that the development of the Mirakuru serum is very successful. The Miyamoto would need at least another decade to complete their research, but you did it in less than a month. As expected of my favorite Deity Jordan. Haha!"

Jordan felt the urge to beat Shaun to death. He said angrily, "Shaun, you know that I'm a Deity. So how dare you kidnap my wife? Aren't you afraid of death?!"

Shaun smiled. "It's precisely because I know you're a Deity that I have to kidnap Lauren. Otherwise, how could you, a dignified Deity, be willing to work for me? Also, Jordan, don't get angry at me. If anyone should get angry, it should be me. At least your wife is safe and sound. My wife died in your hands! You killed her yourself!"

Jordan snorted. "She brought it upon herself! If your wife hadn't possessed my wife, Victoria, she wouldn't have died! Do you know what she did to Victoria? After she possessed Victoria, she killed innocent people. My wife almost became a murderer!"

Shaun said indifferently, "She just killed a few people. What's there to make a fuss about? As a member of a secret family, how can you bother about such a small thing? At least she didn't use Victoria's body to sleep with another man. Do you have to complain to me like this?"

"What nonsense are you spouting?!" Jordan was furious.

Shaun reached out. "Alright, Deity Jordan, I don't want to talk about the past anymore. Now, I just want to talk about the mind-transplant procedure."

Jordan said, "Screw your mind-transplant procedure. I want to see Lauren first!"

How could Jordan not be impatient? He had not seen Lauren for a long time and missed her very much. He could not wait to walk into the house.

However, Shaun stopped him. "Jordan! You'd better not go in. I've set up a facial recognition system at the door. If you dare to barge in, the entire house will explode. Don't blame me if Lauren dies!"

Jordan clenched his fists in anger. "Shaun! You're courting death!"

Shaun said, "I'm just protecting myself. As long as you help me with the mind-transplant procedure, I will naturally reunite you with your wife."

Knock-knock.

At this moment, Lauren, who was in the house, rapped on the window and called out to Jordan, "Hubby!"

Through the blurry glass, Jordan could vaguely see Lauren's face. His heart ached at the sight. His wife was locked in such a desolate place, but he could not save her. This feeling was too unbearable!

"Lauren!"

"Lauren, wait for me. I'll save you!" Jordan shouted back.

With tears in her eyes, Lauren nodded repeatedly. She was very emotional at the sight of Jordan.

Shaun said, "Deity Jordan, let's go and meet my research team. The faster you help me complete the mind-transplant procedure, the faster you can be reunited with your wife. Don't worry, I promise I won't let anything happen to your wife."

Jordan was very passive now. He already had a vision that he would not be able to go against Shaun. He had no choice but to obediently help him first.

Therefore, Jordan followed Shaun up the mountain. His research team was located there. They were camped out in an abandoned building hidden within the mountain. This was where Jordan met Shaun's research team.

"Greetings, Master!"

When everyone saw Shaun, they all knelt down and greeted him.

Shaun placed his hands behind his back and nodded. "Yes, let's pay our respects to our Deity Jordan."

"Greetings, Deity Jordan!"

Everyone bowed toward Jordan.

The two of them entered and sat down. Soon, a pretty maid with a good figure came and poured tea for them. She also set out some snacks.

...

"Show Deity Jordan all the relevant information on the mind-transplant procedure," Shaun instructed.

"Yes!"

A subordinate placed all the information in front of Jordan. However, Jordan was not in a hurry to study the documents.

Jordan asked Shaun, "Before I start, I want to know who you want to swap minds with!"

Chapter 770: Stop Hailey!

For many years, Shaun had been obsessed with mind-transplant technology. He wanted to occupy other people's bodies. Jordan believed that Shaun already had a target in mind. He wanted to know who this person was and if he knew the person.

Shaun took a sip of tea and smiled. "Why? Are you worried that I am going to swap minds with you?"

Jordan also took a sip of tea. He knew that this tea was not poisoned, and it was of good quality.

Jordan smiled calmly. "I'm a Deity and can predict the future. What are your chances of successfully attacking me?"

"Hahaha." Shaun chuckled. "That's true. I'm not interested in you, even though your body is now the strongest in the world. I don't have high expectations for physique. I'm more interested in the person's status. I can tell you that my target is a very powerful man and is not linked to you. Are you more assured now?"

Jordan thought for a moment and asked, "Is it Chairman Rong?"

Shaun nodded with a smile. "You are indeed the Deity. You guessed it right away. That's right, it's Rong Bailun! The Rong family is the head of the eight great families. Their research is the top in the world. I wonder how strong they are! As long as I replace him, I'll be number one in the world!

"Jordan, as long as we work together and you help me complete the mind-transplant technology, we can deal with Rong Bailun and the world will belong to us! The Rong family has always looked down on your family and me. You don't have to feel sorry for him!"

For a moment, Jordan recalled everything that had happened, from the Park family wanting to expel the Steeles at the great meeting to his grandfather's death, to Chairman Rong threatening Jordan's life for the Mirakuru serum.

If anything, Jordan also had a grudge against the Rong family!

Jordan nodded. "Alright, I can accept it if it's him."

If Shaun had chosen Madam Geng, Jordan would not have agreed. After all, Madam Geng had helped him several times.

...

For the next few days, Jordan stayed on the mountain with the researchers to study the mind-transplant technology.

One day, Shaun received a call.

"What's the matter?" Shaun glanced at the caller ID and realized that it was his subordinate in Orlando.

The subordinate said, "Master, Geng Weilun came to Orlando after leaving South Korea."

Shaun immediately became nervous. "Why did he go to Orlando? Does he want to harm Jordan's son?"

Shaun had information about all kinds of things. He knew that Jordan's wife and child were in Orlando. Now that Jordan was helping Shaun with the mind-transplant technology, he could not let anything happen to Jordan's family. Otherwise, it would only serve to distract Jordan!

The subordinate replied, "No, he didn't do anything to anyone. However, he has been getting close to Jordan's wife, Hailey, for the past few days. He has been meeting her every day for a few days now. I felt that something was wrong, so I am reporting it."

Shaun frowned and thought to himself: 'Why is Geng Weilun seeking out Hailey? Could it be that... he wants to make use of Hailey to humiliate Jordan?'

Shaun knew that Hailey couldn't resist temptation. She had been easily seduced by a rich second-generation heir with only a few million in assets. With a top-notch prince like Geng Weilun, she definitely couldn't hold back!

Shaun said, "No, we can't let this Geng Weilun succeed. Jordan is working so hard at my place. If he finds out that his wife is sleeping with another man, he will definitely be furious. He will definitely want to settle the score with Geng Weilun and my progress will be delayed. Listen to me. Send a few men to assassinate Geng Weilun!"

His subordinate panicked. "Assassinate Geng Weilun? Do we really have to do that? Master?"

Shaun said angrily, "What's there to be surprised about? I'm going to be the ruler of the world soon. Madam Geng has more than one son. It's fine if I kill this b*stard who is interfering with my important matters!"

His subordinate complied. "Yes!"

A few hours later, his subordinate called again, crying. "Bad news, Master! Geng Weilun killed all the men I sent to assassinate him! Master, his guards are too good. Moreover, they possess many advanced technologies that we've never seen before. They're really difficult to deal with!"

Shaun gritted his teeth. They were indeed the second most powerful family after the Rongs. They were quite powerful.

"Looks like I have to take action myself. Ordinary men won't be able to take Geng Weilun's life."

Shaun's evil spells were not taught to outsiders. His subordinates had only learned the basics and were no match for Geng Weilun. If Shaun stepped in personally, he could guarantee the removal of Geng Weilun. However, Shaun was worried that Jordan would notice if he left.

What if Jordan thought of a way to save Lauren while Shaun was away?

"No, Jordan is too strong. There's nothing he can't do. I can't leave. I have to stay here and watch over him! But if we don't settle the matter in Orlando, what if Hailey cheats again?"

As he thought about it, Shaun suddenly thought of a solution.

"Hehe, I got it!"

Shaun felt that this method would definitely help Jordan resolve this predicament. Therefore, Shaun left the mountain and returned to Lauren's house.

Lauren saw Shaun and hurried over to ask, "How's my husband? Is he alright?"

Shaun said, "Look at how nervous you are. Why are you so concerned about your husband? Don't worry, he's very good. He is helping me so why would I mistreat him?"

Lauren was relieved. She pleaded with Shaun. "Mr. Handley, I beg you. Let me go and meet my husband. I really miss him. Besides, I'm dying from boredom here!"

Shaun asked, "Oh? Are you very bored?"

Lauren said angrily, "Of course I'm bored. I'm all alone. You don't even allow me to use my phone. There's no one to talk to!"

Shaun smiled. "If you want to get some fresh air and talk to someone, I can fulfill your wish. How about a date with the handsome young master of the Geng family, Geng Weilun?"

Lauren took a step back nervously. "What... what are you doing? Are you going to offer me to Geng Weilun? Shaun, you b*stard. If you dare to do this, I... I won't let you off even if I become a ghost!"

Chapter 771: Jordan Has Forgiven Hailey?

Shaun said helplessly, "Why do you always have such a low opinion of me? I've never touched Lota in the past 10 years. If I was really a demon, why would I wait until she was 18 before having her? Lauren, I have no intention of letting you leave this house. As for whether you want to offer yourself to Geng Weilun, hehe, that's your own business. I don't care."

Lauren asked, "What do you mean by that?"

Shaun smiled. "Alright, I won't keep you in suspense anymore. I just received news that Geng Weilun is in Orlando now. He's seducing your husband's new beautiful wife Hailey. I know your husband doesn't like Hailey anymore, but she's still Jordan's wife in name. If Hailey sleeps with Geng Weilun, Jordan will lose face, right?"

Lauren clenched her jade-like hands tightly and anxiously. She was very disappointed in Hailey and was worried that she would do something to humiliate Jordan like before.

"What do you want me to do?" Lauren asked.

Shaun said, "Last time, I asked you to possess Park Anya. Didn't you say that you liked the feeling of controlling people? Do you want to try again? Do you want to try controlling Hailey?"

Lauren was shocked. She never expected Shaun to suggest this.

"Why? Are you unwilling? Do you disdain being in her body?" Shaun asked.

Lauren said, "You want me to control Hailey to reject Geng Weilun, right?"

Shaun nodded. "Of course, if you want to kill Hailey, you can also control her to commit suicide by jumping off a building. That way, everyone will be at ease."

Lauren was speechless. Although she was annoyed with Hailey, she was not someone who would kill innocent people. Besides, Hailey had given birth to a son for Jordan.

After thinking for a moment, Lauren replied, "Alright!"

...

Once he had convinced Lauren, Shaun sent his subordinates to make the necessary arrangements. Then, he went up the mountain to continue supervising the situation.

However, as soon as he reached the mountain, a researcher rushed over and said, "Master, bad news. Deity Jordan has left!"

Shaun panicked. "What did you say? He left? Where did he go?!"

The researcher said, "He just received a call. It sounded like someone told him that his wife was seeing someone else. He was very angry and left."

"Damn!"

Shaun smashed a vase in anger. "He must have received the news as well. Geng Weilun, that b*stard, really knows how to cause trouble for me! His mother is so close to Jordan, so why is he doing this?!"

Shaun hurriedly called Jordan, but all he heard was: "Sorry, the number you have called cannot be reached. Please try again later."

"Damn it!"

...

At this moment, Jordan had already left the small town. He ran all the way to the city before taking a car to the airport. With his current speed, it was almost the same as driving. If not for the fact that there were many people in the city and he was afraid of being seen, he would continue running.

As Shaun did not allow him to bring anyone with him to the small town, he did not take Zephyr Three with him. Therefore, he bought a commercial airplane ticket.

After getting on the plane, Jordan was still angry. He thought to himself: 'Hailey, I don't care if you want to see other men! Anyway, I don't love you anymore. I find you dirty! However, you have to divorce me first!'

Jordan was going to Orlando to settle the divorce procedures with Hailey. After the divorce, she could do whatever she wanted.

He wished that she would stop pestering him. Rather than having her cling to him and telling him how much she loved him, Jordan hoped that she would find another man as soon as possible. Out of sight, out of mind.

"Sir, what would you like to drink?" The stewardess pushed the cart over.

Jordan composed himself and replied calmly, "Coffee, thank you."

A middle-aged woman beside Jordan advised him. "Young man, don't drink too much coffee at such a young age. It's not good for your health!"

Jordan smiled politely but did not comment. Soon, he closed his eyes. He wanted to predict if the trip to Orlando would go smoothly and if he would encounter any accidents.

However, he had just come out of Shaun's research lab. Over the past few days, he had been using his mental strength to predict things for the mind-transplant technology. His mental strength was drained.

It took a long time for Jordan to finally get some visions.

In one of the visions, Jordan and Hailey were kissing!

Not only that, Jordan even said to Hailey in an affectionate tone, "Honey, I love you."

"Damn!"

Jordan cried out and opened his eyes in anger, knocking over the coffee cup in front of him.

"Ah, young man, what's wrong? Did you have a nightmare?" The middle-aged lady beside him asked.

Jordan covered his face with his hands. He was speechless with frustration at himself! He had actually kissed Hailey again. Moreover, he seemed to have forgiven her and even spoke such sweet words to her!

Smack!

Jordan slapped himself.

"Yo, young man, what's wrong with you? Why are you hitting yourself?" The middle-aged woman was startled.

Jordan replied, "I look down on myself!"

Jordan felt disgusted when he thought about how he would be forgiving Hailey and telling her that he loved her! This b*tch, Hailey, had cheated on him several times. This time, it would probably be the same with Geng Weilun!

But Jordan actually kissed her!

He even said that he loved her!

How cheap could he get?!

The middle-aged woman hurriedly grabbed Jordan's hand. "Don't think like that. Aiya, young people are under too much pressure nowadays. Did you dream of something bad?"

...

Jordan needed to find someone to vent to, so he started chatting with this stranger. "I dreamed that I kissed my wife and told her that I loved her."

The middle-aged woman was puzzled. "That's a good thing. This means that you love your wife. Why would you slap yourself?"

Jordan said, "She doesn't deserve my love!"

The middle-aged woman patted Jordan's back and comforted him. "Young man, you quarreled with your wife, right? Young people nowadays are too hot-tempered. They get divorced at the slightest disagreement. But at least you got a wife. I have a son who graduated from Stanford University and his salary is quite high now. He has enough money to buy a diamond engagement ring but he refuses to. As a result, he hasn't managed to get a wife."

Jordan asked, "Aren't expensive diamond engagement rings losing popularity with youngsters nowadays?"

The middle-aged woman said, "There are still many women who expect it. Poor stupid son of mine. Previously while on a luxurious yacht, another man brainwashed him into believing that the tradition of giving expensive diamond engagement rings is sick. My son has completely adopted this viewpoint and says that the world shouldn't be like this..."

"Don't you think he's stupid? That man on the luxurious yacht is a multi-millionaire and can do and say anything he wants. But ordinary men like my son won't be able to find a wife without an expensive diamond engagement ring."

Chapter 772: Hailey's Date!

Two hours later, New City residential estate in Orlando.

"The summer wind... I'll always remember it... when you first told me that you love me..."

At this moment, Hailey was wearing a low-cut dress and sitting at her dressing table. She was putting on makeup and lipstick in front of the mirror. As she did, she was cheerfully humming a song as she put on makeup. She seemed to be in a good mood.

Hailey had dressed up very beautifully. It was obvious that she was going on a date. But Jordan was not in Orlando so she was clearly not going on a date with her husband.

But with Geng Weilun!

These days, she met up with Geng Weilun almost every day.

After applying her lipstick, Hailey looked at herself in the mirror and narcissistically admired her face and figure.

"Hehe, I'm so beautiful. No wonder even foreign men fall for me. Jordan, if you knew that I've been going out with Geng Weilun for the past few days, you would definitely think that I would cheat on you again. Hmph, you petty man!"

“Since I’ve promised not to betray you again, I’ll keep my promise! I know that Geng Weilun is interested in me, but how can a big shot like him marry me? At most, he’ll just play around. I won’t fall for his tricks. I want to take the opportunity to get him to be my godbrother and build a good relationship with him. Then, I’ll let him help you! Jordan, I am doing so much for you. When you and the Geng family become allies, you won’t have to suffer under the other families anymore. Hubby, you’ll definitely thank me, hehe.”

It turned out that Hailey knew her limits. She knew that she wasn’t worthy of Geng Weilun, so she didn’t have any fantasies.

Hailey had learned from her past mistakes. Previously, she had made such a mistake with Tyler and Cayden. She actually believed that Cayden was sincere in marrying her.

The Huxleys were a multi-billionaire family in New York and Cayden was a tall, rich and handsome man who had never been married. The two of them were not compatible at all, yet Hailey actually believed that she was worthy!

Many women were under such a delusion. They believed that as long as they were pretty and knew how to groom themselves well, they would be worthy of being with a tall, rich and handsome man!

Actually, pretty women usually felt inferior and always obsessed over the tiniest flaws in their appearance. Of course, Hailey was an exception. She was indeed a peerless beauty.

After dressing up, Hailey took a taxi to a top-notch restaurant in Orlando. Geng Weilun had already booked the entire place and it was filled with his people.

“Ms. Hailey, please come in. Mr. Geng is already waiting.” The waiter led Hailey in.

“Thank you.” Hailey had crossed her arms over her chest. Her great figure was not for a mere waiter to enjoy!

Arriving in front of Geng Weilun, Hailey immediately dropped her arms and walked over. “Weilun.”

“Hey, Ms. Hailey. Wow, you’re really beautiful today.”

Geng Weilun got up from his seat and hugged Hailey. After that, he even pulled out a chair for her like a gentleman and let her sit opposite him.

Geng Weilun was too proud. He would never force himself on Hailey like Miyamoto Masaki or Park Chan-young. This was too lowly. With his qualities and charm, Geng

Weilun believed that Hailey would definitely throw herself into his arms. This way, when Jordan found out about it in the future, he could be absolved of blame.

'Your wife threw herself at me. It's not my fault!'

Geng Weilun had already thought of how to mock Jordan.

"What would you like to eat?" Geng Weilun asked with a smile as he sat down.

Hailey replied, "You can decide."

Geng Weilun nodded and snapped his fingers to summon the waiter. He ordered a few Western dishes. Thereafter, Geng Weilun surveyed Hailey's good figure and felt somewhat tempted.

They had gone out the past few days. Initially, Geng Weilun didn't think that Hailey was that beautiful, but gradually, he began to appreciate the uniqueness of Caucasian beauties.

Caucasian women had a certain flair that most Asian beauties did not possess.

Geng Weilun suddenly reached out and held her hand. "Ms. Hailey, come to my room tonight."

Hailey was shocked. She was about to answer when the waiter interrupted. "Mr. Geng, the wine is ready."

Geng Weilun nodded. "Yes, pour for the lady first."

He was still holding Hailey's hand, not letting go.

The waiter poured wine for Hailey. She looked troubled and said, "Weilun, I... oh!"

Hailey suddenly exclaimed. The red wine glass was overturned and wine spilled all over her expensive, custom-made dress.

"Ah, I'm sorry, I'm sorry, Ms. Hailey. I was careless! Please forgive me!" The waiter knelt on the ground and begged for forgiveness.

Geng Weilun frowned. They were at a critical moment. This waiter really knew how to cause trouble. However, for the past few days, Geng Weilun had been putting on a gentlemanly act. He could not expose his cruel side in front of Hailey now. So he only gave the waiter a simple reprimand and did not get angry.

Hailey said, "I'm going to the washroom to clean up. Excuse me for a moment."

Geng Weilun nodded. "Okay, no hurry. Take your time."

After Hailey left, Geng Weilun ordered his subordinates to buy a new dress for her. He would give her a surprise later.

Arriving at the washroom, it was empty as the entire restaurant had been booked. As Hailey wiped her dress with a tissue, she muttered to herself, "Sigh, Weilun is making a move now. What should I do? Hailey, you have to resist the temptation this time. You can't make another mistake! But Jordan, that asshole, hasn't even touched my hand after marrying me. He can't make me a celibate for the rest of my life. I am a normal woman with normal needs!"

At this moment, another woman walked in. Hailey nodded at her with a polite smile, completely unguarded.

The woman walked toward Hailey with a red handkerchief in her hand.

Hailey asked, "Your handkerchief is so beautiful and fragrant. Can I smell it?"

The woman was momentarily taken aback before happily handing the handkerchief to Hailey. Hailey took the handkerchief and sniffed it. Within seconds, she fell to the ground and fainted.

"That easy? Goodness, this is probably the easiest mission I've ever had."

With that, the woman immediately changed all the accessories on Hailey's body into tribal-style ones. She then picked up the phone and called Shaun. "Master, I have prepared Hailey. We can control her at any time!"

...

Chapter 773: Jordan Is Here!

It turned out that this woman was Shaun's subordinate, and she wasn't the only one. The waiter who "accidentally" knocked over the wine glass at the dining table and spilled wine on Hailey's dress was also Shaun's subordinate.

Shaun liked to use trickery and deception. He had infiltrated all the secret families and his people were everywhere. However, his subordinates could only infiltrate to the level of waiters and thugs. None of them managed to garner core positions so they did not know the secrets of the families.

At this moment, Lauren was controlling remotely again. This time, she was already familiar with the process.

Before long, Hailey, who had fallen to the ground, slowly got up. Her manner had become much more refined and elegant.

“Hailey, don’t blame me. I just don’t wish you to do anything wrong again. I’m doing this for your own good.” “Hailey” muttered to herself in the mirror.

At this moment, Lauren had taken over “Hailey”.

Soon after, Lauren walked out of the washroom and returned to the dining table. Her expression was cold and did not match her revealing outfit.

Seeing that “Hailey” had returned, Geng Weilun reached out and placed his hand on hers again. “We were just talking about tonight...”

Lauren suddenly quickly retracted her hand with a disgusted expression. She said to Geng Weilun seriously, “Mr. Geng, please show some respect! I have a husband!”

Geng Weilun was stunned. What was going on?!

Hadn’t she been very friendly toward him earlier and addressed him by his first name?? Why did she suddenly become so cold?

Geng Weilun still wanted to maintain his gentlemanly image. He smiled. “Okay, okay, I’m sorry for offending you. You know, I’m a cultured person. Otherwise, I wouldn’t have waited until today to touch your hand.

“However, I’m not someone who can spend all my time on women. You know, among the eight great families, the Geng family is second only to the Rong family. The other families can’t compare to us. Therefore, becoming my woman is something to be proud of for the rest of your life! And you have this honor today! Hailey, come to my room to find me tonight!”

Geng Weilun stated arrogantly. He was certain that Hailey would never reject him. She was a woman who was even willing to sleep with a common rich man. She will never reject a big shot like him who could easily spend a billion dollars as pocket change!

‘Hehe, Jordan, I’m going to humiliate you tonight!’

Splash!

Unexpectedly, “Hailey” picked up her wine glass and splashed red wine directly onto Geng Weilun’s face!

Geng Weilun’s jaw dropped. He couldn’t believe that Hailey had done this!

Lauren snapped angrily, “Geng Weilun, you clearly know that I just married Jordan. You even attended our wedding! But you are trying to seduce a married woman. Have you ever considered Jordan’s feelings?”

Geng Weilun was also furious. “Damn it! Did you get up on the wrong side of the bed?! Of course I’ve considered Jordan’s feelings. It’s because I know Jordan will be very angry that I did this!”

Lauren was even angrier now. “You’re all members of the eight great families. The progress of the world is in your hands. Why can’t you get along? What’s the point of fighting among yourselves like this? Besides, there’s no grudge between your two families.”

“How dare you! Since when does an unfaithful woman from a third-rate family have the right to lecture me? Hailey, how dare you offend me like this? Alright, I won’t be polite to you anymore!”

With Geng Weilun’s high status, how could he tolerate being lectured by Hailey?

Geng Weilun picked up the bottle and poured it all over Hailey.

“Ah!”

Lauren ducked.

Geng Weilun smiled. “Looks like you didn’t spill enough wine just now. I’ll spill more for you!”

With that, Geng Weilun poured all of the expensive red wine onto “Hailey”.

But this was not enough. He ordered his subordinate, “Someone, bring a basin of water!”

His subordinate immediately returned with a basin of water from the washroom.

Geng Weilun picked up the basin and splashed it on Hailey.

Lauren didn’t know how to defend herself at all. She was wearing high heels and couldn’t dodge in time, so she was drenched.

“Hahahaha…”

Completely drenched, Hailey’s figure looked even more alluring. Geng Weilun couldn’t resist going over to hold onto her.

“B*tch, the fact that I fancy you only brings honor to your ancestors. How dare you refuse me? You don’t know what’s good for you! I won’t waste any more time. If you want to blame someone, blame yourself for being Jordan’s wife!”

Geng Weilun was about to forcefully tear off Hailey’s clothes.

Bang! Bang! Bang!

Ahhhhh.

Screams and gunshots echoed through the air.

“Someone’s coming!” Geng Weilun was shocked.

In the next second, he saw Jordan appear in front of him.

“Let go of Hailey!” Jordan shouted at Geng Weilun.

He thought that when he came here, he would see Hailey happily in Geng Weilun’s arms. He didn’t even dare to think about his vision again, afraid that he would be even angrier at the sight of Hailey cheating.

He did not expect to see Hailey being assaulted by Geng Weilun like this. It looked like Geng Weilun was trying to force himself on Hailey and she was resisting.

Lauren took advantage of Geng Weilun’s surprise to bite his hand around her neck.

“Argh! It hurts!”

Geng Weilun didn’t expect “Hailey” to bite him.

After biting Geng Weilun, Lauren took the opportunity to escape from his grasp. She ran towards Jordan.

...

Lauren was very happy to see Jordan again. After Jordan arrived in the small town, Shaun did not allow them to meet. They could only catch glimpses of each other through the window. This was too cruel for a pair of lovers.

Therefore, Lauren was delighted to see Jordan now.

She hugged Jordan excitedly. “Hubby, why are you here?”

Jordan did not know that the current Hailey was actually Lauren. He pushed her away and said coldly, “Why? Shouldn’t I be here? Did I disturb your date with your lover?”

Lauren hurriedly explained. "It's not like that. I didn't do anything to let you down. Geng Weilun wanted me but I rejected him. So, he flew into a humiliated rage and splashed water on me. Fortunately, you came in time. Otherwise, I really wouldn't know what to do."

When Geng Weilun was strangling "Hailey" earlier, Lauren was really afraid. She was even prepared to "disconnect" at any time!

Chapter 774: Who Said I Go After Old Women?!

The so-called "disconnect" was to cut off her control over Hailey's body.

Due to her control, Lauren could empathize with Hailey. Lauren, who was far away in a small US town, could feel the pain when Hailey was attacked. Of course, it wasn't "real pain", but it still felt realistic.

So the moment Geng Weilun tried to force himself on Hailey, Lauren would have no choice but to "disconnect".

Otherwise, Geng Weilun would be killing two birds with one stone. He would be raping both Hailey and Lauren at the same time. Lauren would never allow such a thing to happen, especially when she thought about Victoria's previous situation...

However, with Jordan's timely appearance, Lauren no longer had to worry about that!

Now that Jordan had been injected with the Mirakuru serum, he was invulnerable. Fighting off 10 people by himself was a breeze!

Jordan was furious. He glared at Geng Weilun. "Geng Weilun, you deliberately harassed my wife when I was not around. You must give me an explanation today!"

In return, Geng Weilun was the picture of calm and only smiled. "What do you mean by harassing your wife? I didn't force her to meet me. She has legs and walked over on her own. How is it my fault? Besides, it's normal for members of the secret families to get to know each other. Your family is now under our control. Is there anything strange about me meeting your wife?"

Jordan pointed at "Hailey's" wet clothes and demanded. "Why is she drenched then? Did you splash water on her?! Hailey is my wife. You know that even though I don't love her, I won't allow anyone to touch her!"

Geng Weilun was also angered. "It was your stupid wife who splashed red wine on me first! Despicable woman, how dare you be so disrespectful to me! Jordan, did you tell her about my family's status among the eight great families?!"

Jordan was surprised when he heard that Hailey had splashed wine on Geng Weilun. He asked "Hailey", "Is that true? You... splashed wine on him?"

In his impression, Hailey only bullied the weak and feared the strong. She wouldn't do such a thing.

Lauren replied, "Yes, Hubby. Geng Weilun was rude to me. He knows that I am your wife, but he still touched me. He even asked me to go to his room tonight. I couldn't help splashing wine on his face."

"Hahaha..." Jordan laughed out loud. "Hailey, oh Hailey. After knowing you for so many years, you've finally done something good."

Lauren: "..."

Jordan was too happy. A woman from a third-rate family actually splashed red wine on the high and mighty Geng Weilun. This was even more humiliating than beating him up.

No wonder Geng Weilun was so angry.

Jordan looked at Geng Weilun. "Weilun, I thought you were different from Miyamoto Masaki and Park Chan-young. I didn't expect you to behave the same way today! Previously, Miyamoto Masaki and Park Chan-young also had designs on my wife. You know very well what happened to them! Do you wish the same for yourself?"

A killing intent surfaced on Jordan's face!

Geng Weilun's subordinates immediately surrounded him, afraid that Jordan would attack him.

Geng Weilun stated conceitedly. "Jordan, don't think that you're invincible just because you've been injected with the Mirakuru serum! Let me tell you, improving your physical body is just a low-level method. There are many ways to become stronger. My family and the Rongs don't care about the serum at all!

"Also, do you think you can remain safe and sound after killing Park Chan-young and Miyamoto Masaki? I might as well tell you that I had a good chat with Park Sang-cheol some time ago. He insisted on avenging his brother, and I agreed to help him!"

So Park Sang-cheol and Geng Weilun had formed an alliance. They were going against Jordan!

But Jordan was not afraid at all. He laughed loudly. "Hahaha, Geng Weilun, you are really good at finding allies. Whoever you ally with will die. You're a jinx. Stay away from your mother in the future."

"B*stard! What nonsense are you spouting!" Geng Weilun said angrily.

Jordan explained, "Did I say anything wrong? You allied with Miyamoto Masaki and Park Chan-young previously. The two of them ended up dead. Now, you're hanging out with Park Sang-cheol. Let me tell you the bad news. He's about to die too."

Geng Weilun was shocked. "What did you say? Park Sang-cheol is going to die? Killed by you? Hmph, Jordan, don't overestimate yourself! Let me tell you, a few days ago, Mom and I were invited to the Park family residence. We have experienced the Park family's strong defenses! Park Sang-cheol will be immediately alerted the moment you are 10 kilometers away from the Park family residence. You have no chance of killing him!"

Jordan had already sent Zara to kill Park Sang-cheol. He believed that she would be able to complete the mission successfully.

Jordan said, "Just wait and see. But now, you should worry about yourself!"

With that, Jordan clenched his fists, wanting to teach this kid a lesson.

"Don't mess around! Protect Master!"

Geng Weilun's men all aimed their guns at Jordan and Hailey.

Jordan was a little hesitant. He was invulnerable now, but Hailey was still a weak mortal. She would probably die if she was shot.

Unless he used the Invisibility Cloak to bring her out first.

When Lauren saw that Jordan was about to have a confrontation with Geng Weilun, she hurriedly grabbed Jordan's arm and advised. "Hubby, don't. Forget it. He failed to take advantage of me anyway. Don't ruin the harmony between the two families."

Jordan thought for a moment. Madam Geng had helped him many times. It would indeed be unreasonable if he killed her son.

Jordan said, "Geng Weilun, I'll let you off today on your mother's account! However, I'm warning you. Don't provoke me again or have any more designs on my wife! Otherwise, I'll definitely kill you myself. It will be useless even if Madam Geng herself comes to plead for mercy! Let's go."

Jordan grabbed Hailey's wrist and prepared to leave.

Crash!

Geng Weilun smashed the red wine bottle on the ground angrily and shouted, "Jordan! You damn fellow! Don't you dare mention my mother! What right do you have to mention my mother! You lowly b*stard, you're only in your 20s, but you go after old women. You disgust me! I don't care if you go after other old ladies! But if you dare to have designs on my mother, I will never let you off!"

Jordan and Lauren were shocked. They didn't understand why Geng Weilun was so angry. What was going on with him?

Jordan was also very angry. Who said that he went after old women?!

He did admire women who were still charming even in their 30s or 40s, but he didn't go after them!

He didn't discriminate against age. How was that the equivalent of pursuing old women?!

Chapter 775: Hailey: I'm Lauren!

Jordan was very angry at Geng Weilun for creating unfounded rumors about his relationship with Madam Geng.

"You b*stard, I respect Madam Geng and have never done anything offensive toward her! It's impossible for me to have designs on your mother. Be careful with your words!"

Geng Weilun couldn't hold it in anymore. He wanted to vent all his suppressed rage.

Geng Weilun cursed Jordan. "F*ck you! If you didn't have any designs on my mother, why did you kiss her in the virtual game! You beast, everyone else saw it in the game!"

"When did I..."

Jordan was about to retort that he had never kissed Geng Weilun's mother before when he paused. On second thought, Jordan had indeed kissed an unfamiliar woman in that virtual game, that only people from the secret families could access!

Swoosh!

Jordan instantly recalled that scene back then.

Jordan asked in surprise, "Marilyn Monroe is Madam Geng?"

Jordan had kissed “Marilyn Monroe” in the game. However, he remembered that she said that she was about the same age as him. He never expected her to be Madam Geng, whose son was even older than him!

This was too much. Jordan was the victim here!

Geng Weilun snorted. “You know the answer to that! Jordan, stop pretending! You deliberately approached my mother. Do you think I don’t know what you’re thinking? You know that your family is doomed, so you wanted to find a strong backer! You might even be planning to marry into the Geng family. Anyway, you’ve been a dependent husband before! Let me tell you, you’re delusional!”

Jordan couldn’t help chortling. “Hahahaha, what did you say? Marry into the Geng family? You mean I’ll be your stepfather? Hahaha, not bad. Your suggestion is very good. Weilun, I’ll consider it seriously. Hahaha.”

Jordan was really amused by Geng Weilun. How could Jordan like an old woman like Madam Geng? All of Jordan’s wives were as beautiful as a blooming flower. In terms of looks alone, Madam Geng didn’t meet his standards.

Moreover, Jordan was a Deity. How could he be interested in the status and power of the Geng family? It wouldn’t be long before Jordan surpassed them!

“You...” Geng Weilun was furious.

Jordan said, “Don’t worry about your mother and me. It’s not your place to worry about us adults. Go and play by the side!”

With that, he left with “Hailey”.

“Ah!! Damn it! This damn b*stard!”

Geng Weilun was furious and kept smashing the wine bottles and glasses on the dining table.

A subordinate piped up. “Master, that brat Jordan is too arrogant. He dared to humiliate you. Why didn’t you let me shoot him just now?”

Geng Weilun said angrily, “I would have done it myself long ago if I could. I wouldn’t need you!”

Jordan was now an impregnable fortress. If he did not plan carefully, he would not be able to kill him. Now, Jordan could go anywhere he wanted and swagger in and out. The others could not do anything about it.

Walking out of the restaurant, Lauren was very curious about what had just happened. She asked, "Hubby, why did you kiss Madam Geng? Did you and her have a relationship?"

Jordan didn't know that Lauren was controlling Hailey now. He retorted. "Hailey, I don't need to explain to you whatever happened or did not happen between me and another woman! Don't think that just because I married you again, you're really my wife and have the right to control me! Take care of yourself first!"

"Your performance today wasn't bad. You splashed wine in that kid's face. You did well. However, you shouldn't have gone out with him in the first place! You're even wearing a low-cut dress! Go home immediately. I'll burn all the revealing clothes in your closet!"

Lauren was a little annoyed at Jordan's chauvinistic manner. She said in a gentle voice, "Hubby, this is not good. You're so strict with your wife, but you have so many women outside. As your wife, I can't even ask you about them."

Jordan replied coldly, "I'll say it again. You are not my wife! Only Lauren and Victoria are my wives!"

Lauren was very happy and finally revealed her true identity. "Haha, Hubby, I'm Lauren."

Coincidentally, the elevator door opened. Jordan pushed "Hailey" in. As he was very strong, Hailey slammed into the wall inside the elevator.

"Ouch." Lauren cried out.

Jordan said, "Why don't you claim that you're Cayden? His spirit possessed you to take revenge on me. I'll believe that more."

Jordan pressed the first-floor button.

Lauren said in exasperation, "Hubby, it's really me. I'm Lauren!"

Jordan crossed his arms. "Alright, prove to me that you are Lauren."

Lauren said directly, "You slept with Park Anya. I possessed her at that time."

Jordan was so startled that his legs went weak. He almost knelt in front of Lauren. 'Dear wife, why are you everywhere? Why is it that you keep catching me red-handed about matters regarding other women!'

Previously, it was Park Anya. Now, it was Madam Geng!

Jordan hurriedly withdrew his arrogant attitude and grabbed “Hailey’s” slender arm pitifully. “Honey, are you jealous? Let me explain. There’s really nothing between me and Madam Geng.”

Lauren snorted. “Hubby, tell me what to do. Every time I possess someone and meet you, I’ll find out some secret about you and other women. How many women are you hiding behind my back?”

Jordan did not know what to do. Although he was a Deity, he was helpless in front of the woman he loved.

Moreover, he was truly in the wrong now!

Jordan crouched down and hugged “Hailey’s” thigh. “It was Madam Geng who kissed me in the game. I swear that I’ve never even touched her hand in reality.”

How could Lauren not believe Jordan? With his status as one of the members of the eight great families, he could have hundreds or thousands of wives should he choose to. However, Jordan even rejected the noble Lota. He only wanted Lauren and Victoria, two women with common backgrounds.

Lauren pulled Jordan up. “Alright, let’s not talk about this anymore. Hubby, I miss you so much. That detestable Shaun doesn’t let us meet. I can only meet you this way.”

Jordan hugged her. “Honey, I miss you too. Wait for me. After I successfully develop the mind-transplant procedure for Shaun, we can meet again!”

...

Chapter 776: Hailey Wants To Commit Suicide?

Jordan did not let Lauren “disconnect”. The two of them returned to Hailey’s house. When they arrived at the bedroom, the two of them sat on the bed. Jordan looked at “Hailey” and said, “Honey, I love you.”

After saying that, he recalled that he had predicted this scene on the plane and couldn’t help laughing.

“What’s so funny?” Lauren asked in confusion.

Jordan smiled. “Before I came, I predicted what would happen when I came here. Guess which scene I predicted?”

Lauren shook her head.

Jordan continued. "It's the scene of me looking at you affectionately and telling you that I love you. But at that time, I didn't know that you had possessed Hailey. When I saw this scene, I nearly went crazy. I even slapped myself. I really didn't understand why I told Hailey I loved her. Now, I realize that the person I am professing my love for is you, Lauren."

Lauren touched Jordan's face tenderly. "Silly husband, why did you hit yourself? You're a Deity. You have to cherish yourself more."

Jordan smiled. "Don't worry about me, darling. Even bullets can't kill me now. A single smack is nothing. As for you, you have to be more careful over there. After all, I killed Shaun's wife. Who knows, this fellow might go crazy one day and hurt you."

Lauren nodded. "I'm fine. Shaun is still quite polite to me. It's just that he doesn't want me to go out. I'm going crazy from being cooped up in the house alone. Hubby, can you accompany me here? I want to stay with you for a while longer."

"Yes, I won't leave. I'll always be with you." Jordan also felt that Lauren was very pitiful now. It was because of him that she was suffering now.

The two of them held hands and chatted. However, Jordan still felt a little weird as he was looking at Hailey's face.

Actually, Hailey looked very similar to Lauren. The two of them were the kind of beauties who were outstanding in their own right, but there were always many similarities between beauties.

However, because Hailey had done too many disgusting things, Jordan was reluctant to say affectionate words while looking at her face.

He suggested. "Lauren, why don't you close the curtains? Let's talk in the dark, okay?"

Lauren was taken aback. Why did Jordan want to turn their "video chat" into a "voice chat"?

Although Lauren had possessed Hailey, her perspective was still her own. She saw Jordan as she always saw him. Therefore, she did not understand Jordan's feelings. Even so, she agreed.

"Sure."

Jordan drew the curtains. The door was closed, and the entire room fell into darkness.

Jordan and "Hailey" took off their shoes and lay on the bed, chatting leisurely.

Jordan knew that Lauren had been alone during this period of time. She didn't have anyone to talk to at all. Therefore, he kept talking to her to make up for the emptiness she had felt during this period.

The two of them chatted for more than an hour. In the darkness, Jordan could not see the other party's face, so he now treated Hailey as the real Lauren!

The two of them were so in love. After experiencing life and death and reuniting, they naturally couldn't help being intimate.

At some point, the two of them started to hug and kiss...

...

Five hours later.

"Lauren" laid in Jordan's arms and said, "Hubby, Shaun is urging me to disconnect. He also wants you to hurry back and help him with his research. What should I do?"

Jordan said, "Ignore him. Let's continue staying here."

"Ah!" Lauren suddenly shouted.

Jordan asked anxiously, "What's wrong, Lauren? Did something happen over there?"

Lauren said, "Shaun is kicking at the door. He said that he will barge in if I don't open it. Hubby, I think we better listen to him."

"That damned Shaun!" Jordan was furious. However, Lauren was currently in Shaun's hands, so there was nothing he could do.

"Alright then, take care of yourself over there. When you're bored, play games, read books and watch movies. By the way, Director Nolan has been asking me to watch his new movie 'Creed'. I haven't had time to watch it yet. Why don't you help me watch it first?" Jordan asked.

"Okay, goodbye, Hubby."

Lauren kissed Jordan and cut off the connection.

"Hailey" instantly fell asleep.

Jordan turned on the lights in the room.

Looking at Hailey lying on the bed, Jordan held his forehead. "Damn it, I can't let Hailey know that I slept with her again. Sigh, I have sinned. I thought I would never touch this b*tch again in my life, but who knew..."

"She's just a tool. A tool. Forget about her!"

Jordan dressed her and quickly booked a flight back to the small US town.

An hour later, Hailey slowly opened her eyes.

"Ah, why am I at home? When did I come back?"

Hailey rubbed her eyes and couldn't remember how she ended up at home in bed.

"That's not right. I was just dining with Geng Weilun. I think I was drugged while in the washroom!"

"Ah!"

Hailey quickly hugged herself. "Oh my god, oh my god, what happened after I fainted? Could I have been... Sobs... that must be it. I'm so beautiful. Geng Weilun must have taken advantage of me."

Hailey cried bitterly. She looked at herself in the mirror and realized that there were really signs that she had been touched by a man.

"I'm doomed. This time, Jordan will definitely not want me anymore. Sobs..."

Hailey crouched on the ground and cried for a long time. The more she cried, the more desperate she felt. In the end, she even called Brad.

...

"Hello." Brad answered the call.

Hailey cried, "Brad, I don't want to live anymore. Take good care of our daughter in the future. I can't watch her grow up. Sob..."

Brad was speechless. "What's wrong with you now?"

Hailey stammered, "I... I was... by a man..."

Brad exclaimed. "F*ck, are you serious? Again? What's Jordan's status now? When I saw him, I didn't even dare to breathe loudly. I was afraid that he would settle his score with me. How dare you provoke him now?"

Hailey cried. "I didn't know at all. I was drugged and unconscious. I was unaware of everything! Boohoo... Brad, I'm prepared to commit suicide. I want to prove that my love for Jordan is sacred and inviolable! Do you have anything to say to me before I die?"

Brad said, "Forget it. Die. I'm afraid that if I say this to you, you won't want to die anymore."

Hailey was shocked. "What do you mean? What do you mean I won't want to die anymore? Tell me!"

Chapter 777: Zara Approaches Park Sang-cheol!

Seoul, South Korea.

Park Sang-cheol's subordinate suddenly ran to his office in a panic and said anxiously, "Master, I saw Zara at KBS TV station just now!"

Park Sang-cheol's subordinate was watching television earlier when he noticed that the person being interviewed was actually Zara.

Jordan had arranged this on purpose. He had to let Park Sang-cheol's people know that Zara had come to South Korea. Only then they would send people to capture her. They had to do things in this way. If Zara took the initiative to approach Park Sang-cheol, he would definitely be on guard and feel that she was up to no good.

Park Sang-cheol was puzzled. "Zara? That ordinary-looking relative of Jordan's who was in Orlando?"

Park Sang-cheol's subordinate affirmed. "Yes, Master. It's that woman."

Park Sang-cheol suddenly gritted his teeth and clenched his right hand. "This jinx failed miserably and spoiled everything. She caused me to nearly fall into Jordan's hands. Follow her for two days and see what she's up to in South Korea. If there's no danger, capture her over."

"Yes!"

Three days later.

During an internal singing audition at an entertainment agency.

"Hello, I'm Zara Blaine from the US. I want to be your company's trainee."

Zara was wearing a cute short skirt and introduced herself politely. At this moment, her combat strength was already astonishing. She was extremely strong and could be described as terrifying.

However, she still looked like a weak and delicate little girl.

Suddenly, someone kicked the door open and entered.

“Hahaha, Zara, you’re really bold. You dare to come to our country to be an artiste trainee? You want to be an artiste? Why don’t you take a look in the mirror? Does our country accept trash?”

It was Park Sang-cheol’s subordinate who had liaised with her the most in Orlando.

Zara recognized this person. She remembered his voice and recalled how he had threatened her in Orlando. She wished she could kill him immediately.

However, she couldn’t do that. If she killed him now, she wouldn’t be able to get close to Park Sang-cheol.

The Park residence was heavily guarded. She would never be able to get in if she tried to force her way in. Therefore, Zara pretended to be afraid and hid in the corner.

“Don’t... don’t come over. I beg you to let me live.”

Park Sang-cheol’s subordinate snorted. “Let you live? You caused me and my master to nearly die in the US! You jinx! Come, come with me to see Master!”

Zara shook her head vigorously. “No, I don’t want to see him. Please, don’t let me see him again. I’m afraid.”

Smack!

Park Sang-cheol’s subordinate slapped Zara. “If you don’t want me to hit you again, behave yourself!”

Park Sang-cheol’s subordinates grabbed Zara and dragged her off. However, he realized that Zara was a little heavier than them.

Park Sang-cheol’s subordinate sized up Zara and realized that her legs were longer than before. He was overjoyed and patted her legs, taking advantage of her. “Not bad, Zara. Why do I feel that your figure is better than before?”

Zara endured the humiliation. She couldn’t resist now. She could only let this damn subordinate take advantage of her. However, she secretly swore that she would personally kill this b*stard later!

Along the way, Park Sang-cheol's subordinate kept teasing and taking advantage of Zara. If Zara had not put up some resistance, this subordinate might have raped her in the car before bringing her up.

"You little b*tch, how dare you bite me? Damn, it hurts. If Master decides to kill you later, I will play you to death!" Park Sang-cheol's subordinates shouted angrily as he dragged Zara toward Park Sang-cheol's room.

Just as they reached the door, the subordinate made Zara stop. Park Sang-cheol was in the innermost part of the room.

'No, I am still not close enough.'

Given the distance between Zara and Park Sang-cheol, the bodyguards in the room, and the fact that there might be other security equipment in the room, Zara could not act rashly.

Jordan already reminded her that she only had one chance to attack. This time, she had to kill Park Sang-cheol.

Otherwise, she would never have another chance.

Even someone as strong as Jordan failed to kill Park Sang-cheol last time and let him escape.

"Master, I have brought Zara over," Park Sang-cheol's subordinate reported.

Park Sang-cheol did not respond. He seemed to be busy with something very important. After a few minutes, Park Sang-cheol got up from his seat and walked over.

"Zara, you're really bold to come to South Korea. I'm very curious. Why didn't Jordan kill you? He knows that you drugged him."

Park Sang-cheol felt that Jordan would have already executed a small fry like Zara.

At least, if it were Park Sang-cheol, he would have done so.

Zara looked pitiful and weak. She cried. "Jordan is very angry. I begged him for a long time to have mercy on me on account of Hailey and my grandma. Only then did he let me go. However, he told me to disappear from his sight, so I came to South Korea. Please let me go."

"Tsk, tsk, tsk." Park Sang-cheol kept shaking his head. "Jordan is too soft-hearted. He's too kind to women. He didn't even kill that b*tch Hailey when she cheated on him. And now, they seem to be back together!"

“It looks like he’s very infatuated with this woman. Zara, you should be glad that you have such a good relationship with the Camden family. Otherwise, you wouldn’t have the chance to appear in front of me alive today.”

Zara nodded repeatedly. “Yes, yes. Jordan values Hailey’s family very much. My grandmother also saved his life before, that’s why he let me go.”

Park Sang-cheol said, “Since Jordan is so soft-hearted, you still have a chance to get close to him. I order you to infiltrate his team and find a chance to kill him!”

When Zara heard this, she hurriedly refused. “No, Master, don’t make me do such things again. I beg you.”

Smack!

Park Sang-cheol’s subordinate slapped Zara. “Do you have the right to refuse? If you don’t do it, I’ll kill you!”

...

“I’ll do it, I’ll do it! Don’t kill me, please! I’ll do anything you want me to. I will even be your woman,” Zara hurriedly said.

Park Sang-cheol and his subordinate laughed out loud.

“Hahaha, you lowly woman. How dare you dream of being Master’s woman? You’re not even worthy of me!” Park Sang-cheol’s subordinate shouted.

Park Sang-cheol sized up Zara and realized that she looked even more charming than before, especially with her long legs. Zara’s legs had always been her best feature. And after being injected with the serum, her legs became even longer and sexier.

“This woman... is actually not bad.” Park Sang-cheol revealed an evil smile.

Chapter 778: Park Sang-cheol Was Killed!

Actually, someone of Park Sang-cheol’s level was used to seeing all kinds of beauties since he was young. He was already tired of them.

As a result, he found Zara a refreshing change. She was ordinary-looking but had a certain X-factor.

Just like how the husbands of many female celebrities would cheat on them, even though their wives were so beautiful and were goddesses in the hearts of countless people.

On top of that, their mistresses often looked ordinary and could not compare to their wives.

It was a common phenomenon.

Park Sang-cheol smiled mischievously. "I'm tired of playing with top beauties. It might be fun to play with such lowly and ordinary women. Since this woman wants to be my slave so much, fine. I'll give her this chance. Let her stay."

"Yes!"

Park Sang-cheol's subordinate immediately searched Zara's entire body again to confirm that she wasn't hiding any weapons.

Park Sang-cheol was a little impatient. "Alright, stop searching. She's just a weak woman. Even if she has a weapon, how can she hurt me with her delicate body? You underestimate me!"

His subordinate immediately bowed and apologized. "Sorry, Master. we'll all go now."

All of Park Sang-cheol's subordinates left the room.

Park Sang-cheol walked up to Zara and reached out to hook her chin. He said arrogantly, "Lowly woman, what are you waiting for? Hurry up and kneel to the ruler of the world, the greatest Park family."

Zara and Park Sang-cheol were inches away from each other. At this distance, Zara could easily kill Park Sang-cheol!

A strange smile appeared on Zara's face.

Park Sang-cheol suddenly got a bad feeling when he saw this smile. Logically speaking, a weak common woman shouldn't have such a wicked smile.

But by the time he realized the danger he was in, it was already too late.

Zara suddenly reached out and grabbed Park Sang-cheol's neck!

"Ah... you... damn it..."

Park Sang-cheol wanted to resist, but he realized that he was not as strong as this weak girl!

He wanted to scream for help, but he couldn't!

Zara looked at Park Sang-cheol's pale and pained expression. "Park Sang-cheol, Jordan asked me to tell you something. From the moment you provoked him, you were destined to die at his hands today. I was sent by Jordan to take your wretched life!"

"Urgh... urgh..."

Park Sang-cheol tried his best to resist, but it was useless!

Zara had been injected with the Mirakuru serum. She was currently the strongest woman in the world. Park Sang-cheol could not resist her at all!

In the end, Zara strangled Park Sang-cheol to death!

After Park Sang-cheol died, Zara followed Jordan's instructions and injected him with a drug to accelerate his death so that the Park family couldn't save him.

Accomplishing that, Zara did not leave yet because she still wanted to kill another person!

The subordinate who took advantage of her just now!

A month ago, Zara was still a weak woman who would sob for a long time if she saw puppies and kittens die. Now, she had unwittingly become Jordan's War Goddess!

Opening the door, Zara said to the subordinate guarding outside, "Sir, Master wants you to come in for a while."

Hearing that Park Sang-cheol was asking for him, his subordinate immediately walked in respectfully.

After walking in, he found Park Sang-cheol sitting in his seat. He didn't realize that Park Sang-cheol was already dead. He bowed respectfully and asked, "Master, you were looking for me?"

"I'm the one looking for you."

Zara suddenly said coldly from behind.

She grabbed the subordinate and jumped down from the 10th floor!

"Arghhh!"

Park Sang-cheol's subordinate fell from the building and died on the spot.

As for Zara, her body had already been enhanced to the upper limits and she was fine. She immediately left.

...

Half an hour later.

Park Sang-jun was currently working with the research team to study a “face cream” that could change a person’s face. After applying this face cream, it could transform the appearance of the user into another person.

Suddenly, Park Sang-jun’s most capable assistant cried and knelt in front of him.
“Master, bad news. Young Master Park Sang-cheol... is dead!”

Park Sang-jun seemed to have been completely drained.

He had just lost a son, and now, another one had died!

“No, impossible, this is impossible! Who did it, who did it!!”

...

A week later, at the Park family’s funeral for Park Sang-cheol.

“Ms. Anya, you can’t go in. Master has already expelled you from the family. Please leave.”

...

Park Anya appeared at the funeral in a black “funeral suit”. However, she was stopped outside.

Dressed from head to toe in black, Park Anya also had a veil on her head. She looked noble and melancholy. “Let me in. The person who died is my biological brother!”

“But...”

“Let her in.”

Park Sang-jun, who was inside, heard Park Anya’s voice and spoke up.

Only then was Park Anya allowed in. She kowtowed three times to Park Sang-cheol’s photo. She then placed her right hand on Park Sang-jun’s arm and comforted him.

“Dad, my condolences.”

She could tell that although there were no tears on Park Sang-jun’s face, he was in extreme grief at this moment and had already become more haggard.

Park Sang-jun said in a mild voice, “Anya, come with me.”

Park Sang-jun brought Park Anya to a small room and closed the door.

Park Anya knew that her father must be in despair at this moment. “Dad, so many unfortunate things have happened recently. You have to hang on. Our family relies on you to retain our foothold in the secret families. If you collapse, our family will be finished.”

Park Anya was a driven woman. She didn’t want her family to fall behind the other families.

Park Sang-jun said coldly, “Do you know how your brother died?”

Park Anya replied, “I heard that he was killed by an American woman.”

Park Chan-young suddenly raised his voice. “It’s Jordan! It’s that b*stard Jordan! He killed Chan-young and now Sang-cheol! He’s a demon. He wants me to have no male descendants! Damn it, if I don’t tear him in half, my name is not Park Sang-jun!!”

Hearing his anguish, Park Anya looked very troubled. She had long advised her father not to go against the Steeles. If the Park family had not targeted them at the beginning, Park Sang-cheol and Park Chan-young would not have died.

Park Sang-jun looked at Park Anya. “Now that both your brothers are dead, you’re the only one left among my children. You’re the only one who can inherit the Park family business.”

Park Anya was excited. Her dream was to obtain the approval of her family and be in charge of the family business. She had always had this ambition!

“Anya, I know you’ve always been ambitious. If you want to take over our Park family, I can hand over the family business to you!”

Park Anya said excitedly, “Really? Dad? I swear, I will lead the family well and not embarrass you!”

Park Sang-jun continued. “However, I have one condition!”

“What condition?” Park Anya asked.

Park Sang-jun said, “You must personally kill Jordan Steele!”

Chapter 779: Something Happened to Jordan’s Son!

Park Anya’s expression changed drastically. She had to personally kill Jordan?

Jordan was one of the only two men who had ever moved Park Anya’s heart!

And some time ago, they had even had sex...

Park Anya was naturally unwilling. "Daddy, stop fighting with Jordan, okay? Why must you fight him to the death?"

Smack!

Park Sang-jun slapped Park Anya's face. "Your brothers were killed by Jordan. How can I let him off?! Park Anya, if you want to inherit the Park family's business, you will bring Jordan's head to me! Otherwise, I will bear another son and hand the Park family's business to him! Anya, Jordan likes you. You have the best chance to kill him. I hope you won't disappoint me!"

With that, Park Sang-jun left.

Park Anya was in a huge dilemma. How could she be willing to kill the man she loved? However, if she didn't do that, all her efforts across her entire life would be in vain.

"Jordan, why does it have to be you..."

...

The next day, Park Sang-jun flew to Japan to meet Miyamoto Chujiro.

Both of them had experienced the pain of losing their sons. Moreover, Jordan was the murderer of all of them.

Therefore, at this moment, they were on the same wavelength. The two of them sat on cushions before a Japanese-style low table. The fragrance of tea filled the air.

Park Sang-jun said, "Mr, Miyamoto, Jordan killed both of our sons. Your son, Miyamoto Masaki, was also murdered by Jordan. We must take revenge!"

Miyamoto Chujiro clenched his fists. "Ever since my son died, revenge has been constantly on my mind. However, Jordan has already been injected with the Mirakuru serum. It won't be easy to kill him!"

Park Sang-jun said, "He killed the people closest to us and caused us to live in pain every day. Although we can't kill him for the time being, we can let him experience the pain of losing his loved ones!"

Miyamoto Chujiro picked up his teacup and asked, "You mean to kill his family? His parents were in my hands, but Jordan saved them. I don't know where his two wives

are. As for his siblings, I'm afraid killing them won't be enough to make Jordan feel deep sorrow."

Park Sang-jun said, "Jordan has more than two wives. He just married another one. The one in Orlando is called Hailey."

"Didn't that woman have an affair before? Jordan probably doesn't care about her. If we kill her, Jordan will probably clap and cheer, right?" Miyamoto Chujiro also knew about Hailey.

Park Sang-jun shook his head. "Mr. Miyamoto has underestimated Jordans' feelings for that b*tch Hailey. From what I know, he loves her very deeply. A few days ago, Geng Weilun tried to get close to Hailey. Jordan was thousands of miles away and especially rushed over to stop him.

"I've seen the surveillance video of Jordan and Hailey in the elevator. In the video, Jordan took the initiative to hug and kiss Hailey. He looked like he loved her very much!"

Miyamoto Chujiro let out a disdainful sound. "Hmph, Jordan, this piece of trash. He pretended to be a hero in front of us, but he still fell for a woman who cheated on him repeatedly. He actually forgave her! Mr. Park, do you mean that if we kill Hailey, Jordan will feel the same pain as us?"

Park Sang-jun nodded. "That's right. Moreover, Hailey isn't the only one in Orlando. There's also their son. Even if he doesn't feel sorry for Hailey, if we kill his son, Jordan will definitely be even more heartbroken than us!"

Bang!

Miyamoto Chujiro smacked the table and stood up angrily. "That's right! He killed our sons, so we have to kill his wife and child too! Mr. Park, what are we waiting for? Make a plan immediately. Go to Orlando to kill Hailey!"

Park Sang-jun said, "Hmmm, Hailey is under the protection of Jordan's men. We can't underestimate them. We have to be careful."

Miyamoto Chujiro snorted. "Don't worry. Our Miyamoto family has recently developed a poisonous gas. To kill Hailey and their son, I don't mind killing off everyone in the whole of Orlando at the same time!"

...

Two days later, at Orlando TV Station, a reporter wearing a mask stood at the entrance of the New City residential estate. He held a microphone and faced the camera.

“Early this morning, 10 residents in the New City residential estate behind me were found to have been poisoned by an unknown gas. They were sent to the hospital but could not be saved. At the moment, the police and the hospital have yet to explain the source of the gas. They are reminding everyone to wear masks when outside.”

Hailey was in her room. She was so nervous that her forehead was covered in sweat. She kept calling Jordan and leaving voice messages.

“Hubby, I’m so scared. More than 10 people died in our neighborhood overnight. Fortunately, I closed the windows when sleeping at night. Otherwise, something might have happened to me and the baby! Now, I don’t dare to open the windows or even go out. A few of the men you sent to protect me have also been poisoned!

“What should we do, Hubby? I’m so scared. Come and save me and our son...”

A small, remote town in the US.

Shaun suddenly received a call from his subordinate. “Bad news, Master. An unknown poisonous gas suddenly appeared in the New City residential estate. Many people have died. Jordan’s wife and child are still fine, but the poisonous gas around them hasn’t dissipated. Moreover, the source of the poisonous gas has not been found. Their situation is not optimistic! Damn it! Who the hell did this!”

Shaun felt like he was going crazy when he heard this. It hadn’t been easy for him to make Jordan settle down in this town and help him with his mind-transplant technology. And now, something had happened to Jordan’s family!

If Jordan knew, wouldn’t he have to go back again?

Shaun immediately found Jordan and realized that he had already heard the news and was preparing to rush to Orlando.

“Jordan, don’t leave. If you leave, our research cannot move on.” Shaun stopped Jordan.

Jordan pushed Shaun away. “Get lost! Something happened to my son. If anything happens to him, can you take responsibility?!”

Shaun assured him. “I already know about this. Leave it to me. I’ll personally go to Orlando to help you send Hailey and your son to a safe place. You can stay here and continue the research. How about that?”

How could Jordan leave his wife and child to a demon like Shaun?

Jordan said, “Let you go there and help me? Let you go there to kidnap them as hostages to further blackmail me? Get lost!”

Without another word, Jordan stormed out.

Shaun knew that Jordan would not trust him. After all, he was already holding Lauren as a hostage.

“Deity Jordan, wait for me. I’ll go with you!”

...

Chapter 780: Rescuing Hailey and Son!

In order to help Jordan resolve this matter quickly, Shaun had no choice but to go to Orlando with him. Shaun arranged for Jordan to take his private plane and rush to Orlando.

Not long after the plane took off, Jordan received another voice message from Hailey.

“Hubby, our bulletproof glass was shattered. The gas has come into our house and our baby has fainted. Sobs... I’m feeling dizzy too. Hubby, save us, save us...”

Jordan immediately shouted. “Speed up! Speed up! Hurry to Orlando as fast as possible!”

Jordan felt very anxious when he heard that his son had fainted. That was his flesh and blood! He was still so young, but he was already infected with poisonous gas. How could such a tiny, weak physique withstand it?!

“Hailey, that idiot! Can’t she put a gas mask on a child at a time like this?! Ah, what should we do?!”

Jordan was burning with anxiety. It would take at least half an hour to fly to Orlando. By the time Jordan arrived, the child would probably be dead!

Shaun had also heard the voice message and knew that Hailey and her son had been poisoned and were in danger.

“Jordan, even if we rush over as quickly as possible, it will probably be too late. This is not an ordinary poisonous gas. It must be a gas secretly developed by one of the great families. Without the top doctors from a secret family, no one would be able to save them.”

Jordan retorted, “I know! I don’t need you to tell me all that!” He was furious with Shaun. If he hadn’t been dragged to do some research, he might have been able to resolve this matter immediately in Orlando.

Shaun said, "Jordan, you don't have to be too anxious. My men have been protecting your family in Orlando. I can send someone to release a special gas now. This gas can instantly offset any poisonous gas."

"Gas? What kind of special gas?" Jordan asked.

Shaun thought for a moment before saying, "Have you been to Switzerland? The romantic room I specially designed for Lota?"

Jordan said, "That room? I've been there before. The gas inside is an aphrodisiac. No matter how frigid a man or woman is, they will still have relations while in there! You devil, you designed such a shameless room because you wanted to bring Lota in there with you when she turned 18!"

Shaun shrugged. "Now is not the time to scold me. Deity Jordan, I especially developed the gas in that room. This gas can offset any toxicity. As long as I order someone to release this gas in your neighborhood, I guarantee that your wife and child will be fine."

"Are you sure?" Jordan did not expect such a despicable gas to have such an effect.

Shaun replied, "You're a Deity. You can predict if what I said is true."

Jordan said, "Of course I will, I won't play around when it comes to my son's life!"

Jordan closed his eyes and waited for a vision. All sorts of R-rated noises instantly sounded in his ears.

The entire New City residential estate seemed to have become a brothel. Even the dogs by the roadside were in heat. Of course, Jordan also saw that his son was safe and sound.

Therefore, Jordan said to Shaun, "Call your men."

Shaun smiled and immediately made a call to instruct his subordinates to release the gas in the New City residential estate.

After the call, Shaun stood up and urged the pilot, "Speed up, speed up! Ms. Hailey will also be affected by the gas. If we're late and a bad man approaches her, the consequences will be unimaginable, do you know that?!"

Jordan could tell that there was a hidden insult in Shaun's words. He was making a jibe at Hailey's character. As a result, Jordan was rather annoyed. 'Damn this Shaun.'

When Shaun saw Jordan frowning at him, he hurriedly brought a cup of tea over. "Hahaha, I was just joking. Don't be angry, Deity Jordan. Come, have some tea."

Smash!

Jordan threw the teacup to the ground.

Half an hour later, the plane arrived above the New City residential estate.

Jordan jumped off the plane.

"F*ck, you're so arrogant after injecting the Mirakuru serum. You're jumping down from such a high height. Hurry up and land. If we lose sight of Deity Jordan, you can forget about living!"

Jordan had just landed on a grass patch in the district when a poodle scampered over and started humping his shoes.

"Good lord..."

Jordan kicked the poodle to the side and leaped up onto the floor of the house where Hailey's room was.

"Hubby! Hubby, you're finally here! Sobs... I thought I would never see you again."

Hailey immediately rushed over when she saw Jordan.

But Jordan did not give her a chance to hug him. He rushed to his son and checked on his baby.

"Hehe."

The baby was lying in the crib. Not only was he fine, but he also revealed a cute smile as he chortled.

Hailey also came over and said, "Our son really fainted just now. I'm not lying to you, but for some reason, there was suddenly a different gas in the air. The baby and I are much better now."

"Hubby, I'm..."

Jordan was relieved to see that the baby was fine. He said to Hailey, "I know your current situation. There's no need to say anything. I won't touch you."

Hailey was very unhappy. "Is it because I've been touched by another man?"

Jordan carried the baby and said, "It's good that you know the reason. No need to say it out loud."

Hailey snorted. "Hubby, I have something important to tell you."

Bang! Bang! Bang!

At this moment, Jordan heard the sounds of fighting outside the house. He also heard someone calling his name. When he looked down, Jordan looked down and realized that Shaun's men were fighting with his own subordinates.

"Jordan, come down and control your subordinates. If they dare to stop me again, I'll kill them all!"

Shaun was very impatient. He was about to go upstairs to look for Jordan when he unexpectedly encountered Jordan's guards. The two sides immediately started fighting.

...

Jordan frowned and returned the baby to Hailey. "Look after the child. I'll send someone to take you out of here."

With that, he jumped down from the building.

Hailey called after him. "Hubby, don't go. I still have something to tell you. It's about Victoria!"

At this moment, Jordan had already landed downstairs and did not hear what Hailey said.

Chapter 781: Madam: I Want To Be Your Wife!

Jordan was like a god descending to the mortal world as he leaped down from the sky. Fortunately, the men and women in the neighborhood were all absorbed in their amorous activities, so no one noticed this shocking scene.

The moment Jordan landed, the two sides immediately stopped moving.

Jordan looked at Shaun domineeringly. "Shaun, you're quite bold. You dare to kill my people in Orlando?"

Shaun smiled. "Would I dare to touch Deity's men? I was just trying to give you an incentive to come down. Now that your wife and son are safe, we can send them to a secure and secret place. Then, let's go back. Don't waste any more time."

Jordan said angrily, "My time is not for you to dictate!"

Shaun crossed his arms. "Of course, it's up to you. I have no problem with how long you want to delay. I'm just afraid that Ms. Lauren will feel increasingly bored and frustrated."

"You..."

Jordan wished he could beat Shaun to death.

"Mr. Jordan! Mr. Jordan!"

Wearing a gas mask, Salvatore ran toward Jordan.

"What's wrong? Why are you so flustered?" Jordan asked.

Salvatore pointed to the back and said, "There's a woman behind that row of buildings who has been affected by the aphrodisiacal gas. She looks very uncomfortable now. Do you want to go over and take a look?"

Jordan frowned. "Have you taken a fancy toward her? Don't mess around with a good woman. You're so rich now, can't you find a woman who's willing to accompany you?"

Salvatore said, "No, that woman... she is... she is Madam Park Anya!"

"What?"

Jordan was stunned. Why had Park Anya come to Orlando?

Jordan hurried over.

"Damn it!" Shaun cursed. He was very unhappy because he knew that Park Anya's appearance would definitely cause further delay to Jordan and his mind-transplant research.

Shaun followed Jordan.

"You're not allowed to follow Mr. Jordan!" Salvatore reached out and stopped Shaun.

Shaun ignored Salvatore and continued walking forward. Suddenly, a black cat appeared. Shaun reached out and plucked a strand of fur from the side of its mouth.

"Ah!"

Salvatore was in extreme pain. A section of his beard suddenly went missing, and it was extremely painful. He was even bleeding.

Shaun was already showing mercy to Shaun. If not for the fact that Shaun was Jordan's subordinate, Shaun would have killed him instantly.

1

Jordan jogged to the row of buildings and soon saw Park Anya, who was dressed in a black dress and had a noble and elegant aura. She was sitting weakly on the lawn.

In front of her stood a homeless man in tattered clothes. He seemed to be a beggar and was smiling wickedly at Park Anya.

"Hehehehe, beautiful, are you feeling terrible? I feel terrible too. Let's have fun together, hahaha."

With that, the beggar was about to pounce on Park Anya. Park Anya was a woman with extremely high standards. It would be ridiculous if she had sex with a beggar, who was at the bottom of the food chain.

Park Anya had been Jordan's goddess for many years. He would not allow any man to be disrespectful to her.

Bang!

Jordan kicked the beggar away. The man fell to the ground and fainted.

"Madam, why are you here?" Jordan asked Park Anya.

When Park Anya saw Jordan, she immediately got up from the ground and threw herself into his arms, taking the initiative to kiss him.

Jordan: "..."

Jordan felt a little awkward and was at a loss at what to do.

Park Anya was indeed the woman Jordan liked. She was the woman he had always wanted, and he had her once before. However, now that Jordan knew about her past relationship with his father, he no longer had any improper thoughts about Park Anya.

Jordan gently pushed Park Anya away. "Madam, don't be like this. You know that given what has happened between you and my father... this isn't appropriate. I know you're just affected by the gas. Don't be afraid. Shaun is here. I'll get him to give you the antidote."

Shaun had already quietly arrived behind Jordan and saw the two of them in an embrace.

However, before Jordan could speak, Shaun gave a wicked smile. "The antidote? Oh no, I don't think I brought it with me. Since Ms. Park Anya specially came to find you, you should help her."

The more Jordan did not want to do something, the more Shaun wanted him to do it.

"You a**hole..."

Jordan had no choice but to take out a pill from his medicine box and hand it to Park Anya. "Why don't you take a nap first? You'll be fine when you wake up."

Park Anya shook her head. "No, Jordan. Even without this gas, I would have done the same thing the moment I saw you. I've already been expelled by my family. There's no place for me in this world anymore. Jordan, from now on, can I be your wife?"

Jordan was dumbstruck. Park Anya was proposing to him?

Once upon a time, Jordan had desperately longed to hear Park Anya say that she wanted to be his woman!

Had this moment finally arrived?

But Shaun was frowning. His intuition told him that a career-oriented woman like Park Anya would not resign herself to just being a man's companion.

"Anya... But, you and my father..." Jordan was conflicted. Park Anya used to be his father's woman!

...

If she married Jordan, what would happen?!

How should Park Sora address Jordan in the future?

Should he call him Daddy or Brother?

Park Anya said, "Jordan, you and I are not ordinary people. Why should we be bound by mortal rules? I was once your father's woman. So what? That only means that I once liked him. In my eyes, your father is your father and you are you. The two of you have nothing to do with each other.

"You're the only one I like now. If you don't like me, if you think I'm old, ugly and not as outstanding as your two wives, I'll return to South Korea and live the rest of my days alone."

With that, Park Anya turned around and left.

Park Anya's cool decisiveness tempted Jordan. He grabbed her wrist. "Anya, how can I despise you? You're the first woman in this world to make my heart beat faster."

Park Anya smiled like a flower and threw herself into Jordan's arms again. She said gently, "Hubby... can you bring me to the hotel first? Last time, someone controlled me. This time, I don't want anyone to control me. I want to really be your woman."

Jordan was intoxicated by Park Anya's tenderness. All reasons to reject her flew out of his mind.

"Okay..."

But Shaun suddenly stopped him. "Wait!"

Jordan glared at Shaun. "What do you mean by this? Earlier on, you were the one who asked me to help her. But now, you are trying to stop us. Don't think that just because Lauren is in your hands, you can toy with me as you please!"

Chapter 782: She's Here To Kill Me!

Shaun said, "Jordan, don't misunderstand. I'm not teasing you. I'm just reminding you. Don't forget, if it weren't for me, you would have returned only to see the corpses of your wife and children, not living, breathing folks. We're on the same side now. I'll only want to ensure your safety and not harm you. Don't you think it's suspicious that Park Anya would come looking for you for no reason?"

When Shaun saw that Jordan was going to bring Park Anya to have some alone time, he instinctively felt that this would be very dangerous.

This was because in Shaun's impression, this woman was even more powerful than Park Sang-cheol and Park Chan-young.

Jordan said, "The last time we met, I invited her to follow me. Now that she has been expelled from the family, what's so suspicious about her coming to find me?"

Shaun said, "The last time Park Anya met you was when Lauren possessed her, and Park Sang-cheol was still alive. She decided not to follow you then. Now that Park Sang-cheol is dead and she's the only descendant left in the Park family, she is the only future heir to the Park family. Why would she choose to follow you at this time?"

Park Anya was shocked by Shaun's words. She looked a little flustered and she hurriedly explained, "My father will never pass the position of family heir to me. He said that he would find another woman to give birth to a son, but he would never choose me. He even said that I like you even though you are his enemy, and I deserve to die. He couldn't wait to kill me."

Jordan's heart ached at Park Anya's words. He knew that she must have suffered a lot in the family because he had killed Park Chan-young and Park Sang-cheol.

Especially when Lauren had possessed Park Anya to plead for mercy for Jordan, causing her to be expelled from the family. Jordan had always felt very guilty about that.

"What? The person who possessed me at that time was your wife? I thought it was Shaun." Park Anya quickly changed the topic.

Jordan was a little embarrassed and explained. "I'm sorry, Anya. I lied to you previously because I was afraid that you would blame Lauren. After all, she caused you to be expelled from the family."

Park Anya smiled. "No, I'm very happy that it was her and not that disgusting Shaun. Lauren possessed me and had sex with you. This means that she recognizes me as your woman. Lauren is your only official wife. If she acknowledges me, we can be together openly. I'm so happy!"

With that, Park Anya leaned her head against Jordan like a little bird.

Jordan hugged Park Anya and enjoyed this blissful feeling that he had imagined for many years. He had never thought that one day, Park Anya would no longer be so cold to him but cling to him like a little girl.

Shaun stared at Park Anya as if she was a vixen. As the saying went, only objective bystanders could see the game clearly. Jordan had too many feelings for Park Anya. Even if he had a pair of divine eyes, he was temporarily blind to her true motives.

Meanwhile, Shaun was a cunning old fox. He could tell at a glance that this woman was not simply seeking refuge with Jordan.

Even if Park Anya was telling the truth, that she was really expelled from the family and Park Sang-jun really planned to have another son as his heir. Park Anya would not come looking for Jordan at a time like this.

Her brother, Park Sang-cheol, had only died a few days ago!

Shaun reminded Jordan again. "Jordan, it's better to be safe than sorry. How many heroes have fallen at the hands of a woman? Since you have the ability, why don't you use it before deciding if you want to take her in?"

As Shaun didn't want Park Anya to know that Jordan was a Deity, he referred to Jordan's ability in a vague way. Nevertheless, with Jordan's intelligence, he would definitely understand.

Jordan understood what Shaun meant. He wanted him to use his Deity ability to predict what would happen between him and Park Anya.

In this way, he could know in advance if Park Anya was sincere in being with him.

To be honest, Jordan was unwilling to do this because this would mean he did not trust the woman he liked.

It would be like a couple secretly checking each other's phones after the other party fell asleep.

Shaun suddenly walked forward and grabbed Park Anya's smooth arm. He smiled. "Ms. Park Anya, do you remember that we danced together before?"

Park Anya hurriedly shouted, "Let go of me! You're a demon!"

Park Anya was really afraid of Shaun. He had been in control of Tom Schmid's body when they danced. She felt that this person was too terrifying.

When Salvatore saw this, he shouted angrily, "B*stard, how dare you touch Mr. Jordan's woman! Men, protect Madam!"

"Protect Master Shaun!"

Jordan's people started fighting with Shaun's people again.

In the ensuing chaos, Jordan closed his eyes and began to use his Deity power to peer into the future.

Everything was so beautiful. The two of them hugged and kissed. They listened to the Korean song they had heard four years ago and enjoyed their alone time.

The beautiful Park Anya whispered into Jordan's ear. "Jordan, my soldier, you are the man I love the most in my life."

Jordan was very happy to see this scene. However, in the next second...

Park Anya quietly took out a pistol disguised as lipstick and aimed it at Jordan's head!

"What?!"

Jordan broke out in cold sweat and crouched on the ground.

"Park Anya... isn't here to be my wife. She's here to... kill me?"

Although Jordan had been injected with the Mirakuru serum and would be fine if he was shot, it was still possible for him to die if he was shot directly in the head!

“Why? Why did this happen?”

Jordan could not believe this. Park Anya was the woman he had liked for many years! She was Jordan’s first love!

His heart ached. At this moment, his heart ached a hundred times, a thousand times, ten thousand times more than when Zara wanted to harm him!

Zara was not important to Jordan. He could do whatever he wanted with her. He would not feel any heartache killing her.

But Park Anya...

On the side, Shaun saw Jordan’s current state and thought to himself: ‘Jordan, looks like you’ve already seen this woman’s true goal. Hehe.’

Shaun had grabbed Park Anya earlier to give Jordan the chance to use his powers and see the future. Now that his goal had been achieved, he let go of Park Anya’s arm.

Park Anya immediately ran to Jordan and threw herself into his arms again. She looked very afraid. “Darling, I don’t want to see Shaun. Can you take me away? I only want to be with you now. I don’t want to see anyone else!”

...

Chapter 783: The Last Happiness!!

Park Anya took the initiative to hold Jordan’s hand, but he stood rooted to the ground, motionless and expressionless. He looked completely different from before.

Shaun knew what had happened to Jordan but Park Anya didn’t. She definitely wouldn’t expect Jordan to have such a drastic change in attitude within just 10 seconds.

“Bring you where?” Jordan asked coldly.

At this moment, Jordan no longer knew how to face the woman he liked. The thought of her killing him made his heart turn cold and ache! If it were any other woman, Jordan would have already killed her by now!

Park Anya did not notice Jordan’s abnormality and said gently, “I’m willing to go anywhere as long as I’m with you.”

Jordan's mind was filled with thoughts. He knew that from the moment he predicted that Park Anya would kill him, the two of them would never have a chance in their lives.

Placing his right hand on Park Anya's back, Jordan caressed her long, elegant hair. Her hair was extremely soft.

The sunset was endless, just approaching dusk.

Jordan did not expect that the first time he experienced such sweetness with Park Anya would also be the last time.

"Madam, let's go to Syria then," Jordan said in a mild tone.

Park Anya was taken aback. She looked up at Jordan. She did not expect him to choose that place. The battlefield in Syria was the place where the two of them first met. Did Jordan have a hidden reason for choosing that place?

After a pause, Park Anya smiled. "Mmm, you decide. From now on, I'll do whatever you say."

"Okay." Jordan kissed Park Anya's forehead gently and shouted at Salvatore. "Prepare the plane and set off for Syria!"

Jordan's voice was very loud. He seemed to be venting all his anger in that command.

"Yes!"

Jordan quickly walked hand in hand with Park Anya towards Zephyr Three.

However, Shaun frowned: 'What is Jordan doing? Why is he going to Syria? He should have already seen that Park Anya's motive is not so simple.'

"Men, prepare the plane and set off for Syria!"

Shaun had become Jordan's follower and bodyguard. He was afraid that something would happen to Jordan, so he followed him to Syria.

When the plane took off, Jordan looked through the window and realized that this prosperous district of the city was in a mess. An unknown gas was spreading and it was clearly not the one by Shaun.

"Damn it, they failed to poison my wife and child, so they are venting their frustration on the ordinary citizens of Orlando. Those b*stards!"

Jordan's heart ached very much because once these ordinary people came into contact with this poisonous gas, which was created by a secret family, they would definitely die.

"Salvatore, get Dragon to send 10,000 gas masks to Orlando immediately," Jordan instructed.

"Yes!"

Only the gas mask developed by the Steeles' medical department could ensure that the citizens would not be harmed.

Jordan had lived in Orlando for several years and had deep feelings for this place. This was the only thing he could do.

As Park Anya glanced out of the window, she placed her hand on Jordan's shoulder. "It was probably the Miyamoto family who did this. They are the best at using poisonous gas. I heard my father mention it before."

"Miyamoto Chujiro! You killed so many ordinary people in Orlando. I won't let you off!"

Jordan clenched his fists angrily.

Park Anya reached out and pried open his fist bit by bit. She smiled. "Darling, you've already done everything you can. Let me help you relax."

Jordan looked at Park Anya. He had to admit that Park Anya really knew how to manipulate him to make him happy. In this aspect, she was far more capable than Lauren and Victoria. Hailey could not compare to her at all.

Before Jordan could speak, Park Anya had already kissed him...

This flight might become an unforgettable memory for Jordan. The last time he had Park Anya, she had been controlled and was not a willing party.

But this time, she was.

For some reason, Park Anya did not choose to attack Jordan now. Perhaps she wanted to wait for Jordan to get used to her and not be on guard before taking action. Or perhaps she wanted to enjoy the feeling of being Jordan's woman for a little while.

Soon, the plane flew to Syria and stopped at the bottom of the valley that they had hidden in back then.

After getting off the plane, Jordan instructed Salvatore, "Fly the plane far away. Without my orders, don't approach."

“Yes!”

After the plane departed, only Jordan and Park Anya were left. The two of them held hands as they revisited their old place. Park Anya couldn't help laughing.

She smiled. “Back then, you led me to escape from enemy pursuit and we had no choice but to hide in this valley. At that time, I really thought that we were going to die here together.”

Jordan looked at Park Anya expressionlessly and asked, “Shall we go to the bottom of the valley again?”

Park Anya smiled again. “Alright, let's reminisce about the scene from back then. But this time, I won't take the initiative to kiss you. I want you to kiss me.”

Jordan nodded. “Okay.”

Park Anya took off her high heels and Jordan led her down to the bottom of the valley.

This was the place with the best scenery within a hundred miles.

“This place is still so romantic. It would be good if we could die here, right?” Park Anya asked jokingly.

At this moment, Park Anya had already decided that she would take out the lipstick pistol and shoot Jordan when she was intimate with him later.

What she didn't know was that Jordan already knew.

...

Jordan didn't say anything. Instead, he took out his phone and played the Korean song.

Hearing the song, Park Anya smiled. “This is the song we listened to back then in this place. You still remember it.”

Jordan nodded vigorously. “Yes, I remember everything about you.”

Tears welled up in Jordan's eyes as he said that.

“Silly.”

Park Anya stroked Jordan's face with her right hand. Then, she took the initiative to kiss him.

Just like four years ago.

The difference was that four years ago, Park Anya said that Jordan was not qualified to be her man, so she only kissed him and did not go further.

This time, Park Anya had already submitted to Jordan.

When the song came to an end, Park Anya whispered in Jordan's ear, "Jordan, my soldier, you are the man I love the most in my life."

Park Anya took out the lipstick pistol with her right hand and aimed it at Jordan's head.

Tears were already flowing down Jordan's cheeks.

10 seconds later.

Bang!

Bang!

Chapter 784: I Killed The Woman I Love!

Just as Park Anya took out her "lipstick pistol", a sparkling snowflake suddenly landed on the back of her fair hand.

"Snow?"

It was snowing in Syria?

What surprised her even more was that a large palm suddenly grabbed Park Anya's hand.

It was Jordan's hand.

Park Anya widened her eyes. She couldn't believe that Jordan could actually sense that she wanted to harm him at a time like this.

Jordan did not look at her. He continued to hug her and said with tears in his eyes, "I'm sorry. I'm a Deity."

It was only then that Park Anya seemed to understand everything at that moment.

She finally understood why Jordan could develop the Mirakuru serum and kill Miyamoto Masaki.

She finally understood why her eldest brother and third brother had died in his hands after going against Jordan.

She also understood why Jordan managed to stop her from killing him at this time.

Park Anya was not afraid that Jordan had seen through her. She became very relaxed, as if all this was a relief.

All the pressure and ambition she had been enduring her whole life were gone.

Jordan hugged Park Anya tightly and fired two shots into her back with her lipstick pistol.

Bang!

Bang!

Just like that, Park Anya died in Jordan's arms.

Jordan's tears kept falling on Park Anya's face, which still held a radiant smile. Ever since Jordan brought Park Anya here, he had already decided to do this. He had no choice.

Shaun realized that something was wrong and immediately ran over. He only relaxed when he saw that it was Park Anya who was dead and not Jordan.

The snow fell harder and harder on Jordan and the body of Park Anya.

"Argh!"

Jordan shouted while hugging Park Anya's corpse.

He had killed the first woman he had ever loved in his life!

Half an hour later, he carried Park Anya out of the valley.

Shaun noticed a piece of paper falling from Park Anya's body. He picked it up and handed it to Jordan. He knew that Jordan was in a bad mood, so he did not dare to say anything.

Jordan took the paper and realized that it was a letter written by Park Anya. It was addressed to Jordan.

"Jordan, if you see this letter, I would have already died by you or your subordinates' hands. I know that it won't be easy to take your life. My brothers died because they tried to kill you. But I had no choice. My father said that he would only be willing to hand the

Park family over to me if I killed you myself. You know, that's what I've been pursuing all my life.

"Don't be sad about my death. I should have died in the valley of the Syrian battlefield four years ago. You saved me. If I could start over, I would definitely choose to be with you then. Please take good care of my daughter, Sora. Thank you.

"I hope we can fall in love sooner in our next life.

"Park Anya."

Jordan cried again after reading this letter!

This time, he was crying with pain and hatred!

"Ah! It's Park Sang-jun's fault! It's Park Sang-jun, that b*stard, who forced Anya to kill me! Park Sang-jun killed his daughter! Why? You know that I like your daughter. You can become family with me, but you insist on persecuting the Steeles! Why?!"

Jordan roared, "Men! Men!"

Salvatore immediately flew the Zephyr Three over when he heard Jordan's summons.

"I am here! What can I do for you, Mr. Jordan?"

Jordan said, "We are going to South Korea. I want to annihilate that old b*stard Park Sang-jun. I want to avenge Park Anya!"

Shaun hurriedly pulled Jordan back. "Jordan, don't be rash. If you fight against the Park family like this, you might not be Park Sang-jun's match. Moreover, you have already killed the three descendants of the Park family. If you kill Park Sang-jun, the Park family will be wiped out!"

Jordan said resentfully, "I want the entire Park family destroyed! Get lost. If you dare to stop me again, I'll kill you too!"

Carrying Park Anya's body, Jordan walked towards Zephyr Three, not allowing anyone to stop him.

"Damn it, wait for me. I'll go to South Korea to help you too!"

Shaun had no choice but to follow.

Jordan flew to Seoul at the fastest speed.

However, Jordan did not know where Park Sang-jun lived, so he stopped in the air.

Salvatore said, "Mr. Jordan, we don't know where Park Sang-jun's residence is. Should we find a place to rest first? I'll send someone to investigate carefully."

Jordan had just personally killed the woman he liked because of Park Sang-jun. He wished he could bite Park Sang-jun to death right now. How could he still be in the mood to rest?!

"He must be living in one of the luxurious skyscrapers in this city. Blast every skyscraper!"

Salvatore gulped. Jordan wasn't just going to just kill Park Sang-jun. He was going to start a war with the entire South Korea!

...

"Yes!"

Salvatore was not afraid. Since Jordan had given the order, he would obey.

"Three, two, one, launch!"

Boom!

A skyscraper was instantly bombarded by Zephyr Three 3's weapons and turned into a sea of fire!

"F*ck! What is Jordan doing!"

Shaun, who was following behind Jordan, couldn't help worrying when he saw this scene. "Jordan is indeed a devoted man. It's the same for Hailey and Lauren, and now Park Anya. But if he messes around and becomes a global enemy, it will affect my research!"

Shaun immediately called Jordan. "Jordan, stop. I know where Park Sang-jun is!"

Still in mid-air, Jordan leaped into Shaun's plane. He grabbed Shaun and asked, "You know where Park Sang-jun is?"

Shaun replied, "There was a period of time when I was close to Park Sang-jun. I can roughly deduce his whereabouts, but I still need to use a spell to confirm his exact location."

"A spell?"

"Come with me."

Jordan followed Shaun and realized that his plane was filled with creepy things like vintage papers, parchment maps and ancient accessories.

When they arrived at a small private room on the plane, Shaun took out a parchment map. The map was very small, showing only the area of Seoul.

Shaun sat on the ground and began to cast a spell, muttering something. He then took out a strand of white hair, lit it with a candle, and placed it on the map.

Poof.

The hair hopped to a spot and turned into a small black dot.

Shaun smiled and pointed at the black dot. "Park Sang-jun lives here. TP Building, top floor."

Jordan stared at Shaun. This fellow was terrifying!

Chapter 785: Kill Park Sang-jun!

Just a strand of Park Sang-jun's hair was enough to find his location. This method could not be explained by science at all. It was like an immortal technique.

Jordan couldn't help asking, "Shaun, where did you learn these methods?"

Shaun smiled. "These were passed down from my ancestors. I can only say that my ancestors also had a fortuitous encounter. Don't covet my ability. Your own ability is much stronger than mine. Let's go to the top floor of the TP Building and find Park Sang-jun."

Shaun brought Jordan to the cockpit and instructed the pilot, "Land on the top floor of the TP building."

But Jordan said, "No, we'll crash the plane into the top floor of the TP building."

Shaun was terrified. "What? Jordan, don't mess around just because this isn't your plane. We will be blasted to bits if we fly into the building! Do you think the Park family's defense system is just for show?"

Jordan said indifferently, "Whatever. Anyway, a tiny blast can't kill me. I just want to get rid of Park Sang-jun as soon as possible. I don't want to wait a second longer!"

"F*ck you..." Shaun was really unhappy now. "Don't listen to him."

However, Jordan did not need to heed Shaun at all. He just shoved the pilot away. He knew how to fly a plane himself.

“Ah, damn it! Jordan, you can’t do this! I only have this one decent-standard plane. I don’t have any more if it’s destroyed!”

Shaun was burning with anxiety. It seemed like he cherished this plane very much.

But Jordan ignored Shaun. It’s not like Shaun sought out Jordan’s opinion when he decided to kidnap Lauren.

Jordan flew the plane towards the top floor of the TP building as fast as he could.

Beep beep beep beep...

As Jordan’s plane approached, the Park family’s defense system automatically issued an alarm.

“What’s happening?”

Park Sang-jun hurriedly got up from his seat and asked his subordinate when he heard the alarm.

The subordinate hurriedly replied, “There’s an unknown plane speeding towards the top floor. Master, for safety reasons, please go downstairs and hide for the time being!”

“Damn it! It must be Jordan!”

Park Sang-jun walked towards the elevator as he instructed his subordinates, “Blast him hard! Kill him with your maximum firepower!”

“Yes!”

Crash!

A missile shot towards Shaun’s plane. Although the plane dodged, the missile had an automatic tracking system. It circled around and landed at the back of the plane.

Boom!

The entire plane shook.

Shaun was also swaying left and right, his heart aching. “Ah, Jordan, you’re trying to kill me. What did I do in my previous life to offend you so much?”

Shaun couldn’t stop Jordan even though the latter was acting recklessly. He couldn’t fight him physically even if he wanted to. He wouldn’t be able to hurt him at all.

If he used evil spells to deal with him, he was afraid that he would end up hurting Jordan too badly and he wouldn't be able to help him with the mind-transplant technology anymore.

Therefore, he could only watch helplessly as Jordan did this.

Rat-a-tat-tat...

Many planes suddenly appeared nearby and kept shooting at Shaun's plane.

They were planes belonging to a secret family and had very strong defenses. They could not be shot down easily.

Crash!

With a loud crash, Jordan crashed the plane into the wide glass windows of the top floor.

Clunk.

Sizzle...

The plane finally came to a stop after crashing into the top floor.

"My plane..." Shaun's heart ached so much that he was about to cry.

Ignoring Shaun, Jordan was the first to get off the plane. He shouted, "Park Sang-jun, come out. Didn't you want to kill me? I'm here now. Kill me!"

Clang! Clang! Clang!

As Jordan shouted, dozens of metal rods descended from the ceiling. Like prison bars, they surrounded Jordan and the rest.

"Damn it."

Would Jordan be trapped by this "cage"?

He reached out, wanting to break those metal rods with his bare hands. However, he realized that no matter how hard he tried, the rods did not budge!

"What?"

Jordan never expected that he could not break these ordinarily-looking rods with his current strength.

Suddenly, a familiar voice sounded in Jordan's ear. "Hahahaha, Jordan, my rods are made of the rarest vibranium in the world. They are extremely hard. No matter how strong you are, you won't be able to break them!"

At this moment, Shaun walked over and carefully observed the rods. He couldn't help feeling troubled.

...

Park Sang-jun, who was downstairs, saw Shaun and asked, "Shaun? Why are you with Jordan?"

Shaun smiled. "Mr. Park, yes, it's me. I came with Jordan to visit you."

Park Sang-jun snorted. "Visit? You guys crashed your plane right into my building. How is this a visit? Shaun, I didn't expect a person with such superb methods like you to associate with a piece of trash like Jordan. I really misjudged you!"

Shaun smiled again. "Why don't we meet face to face? I'll tell you everything. I have a big plan, and need to work with Mr. Park on it."

Park Sang-jun said, "Mr. Handley, please wait a moment. We can discuss it slowly after I kill this b*stard Jordan!"

With that, Park Sang-jun immediately pressed a button. An attack was aimed straight at Jordan!

Sizzle sizzle sizzle...

An electric current shot toward Jordan! It was as if a bolt of lightning had suddenly appeared in the sky and struck him.

Jordan's reaction was very fast and he dodged the first attack.

However, the space within the rods was really limited. He was struck by the second wave of electric current.

"Ah!"

The electric current was very strong. Even though Jordan had been injected with the serum, he still felt the negative effects of being electrocuted. It was difficult for him to even walk.

"Hahahaha." Park Sang-jun laughed loudly at Jordan's uncomfortable expression. "Jordan, you arrogant brat. You used some despicable methods to kill my two sons. Do

you think you're invincible? How dare you barge into my territory to take my life? You completely disregard the Park family's strength!

"Hehe, I know that you've been injected with the Mirakuru serum and are invulnerable. This electric current won't kill you immediately. But it doesn't matter. I have plenty of time. If you don't die within a minute, I'll electrocute you for an hour. If you don't die in an hour, I'll electrocute you for 10 hours! If you don't die in 10 hours, I'll electrocute you for 10 days and 10 nights. I don't believe that I can't electrocute you to death!"

Shaun looked panicked. He was very worried when he saw Jordan being attacked by the electric current.

"This damned Park Sang-jun dares to attack my people!"

Without Jordan, Shaun would never be able to develop mind-transplant technology. He had to save Jordan!

Chapter 786: The Haus Family Secret!

Seeing this, Shaun hurriedly raised his head and said, "Mr. Park, please stop! Jordan must not die!"

He knew that Park Sang-jun could see everything happening to Jordan and him now. However, the cameras of the secret families were usually very small and hidden. Therefore, he did not know which direction to face when talking to Park Sang-jun.

Nevertheless, Park Sang-jun ignored Shaun's pleas and continued to increase the electricity to torture Jordan.

Shaun was getting more and more anxious. It would be fine if it was just Jordan's body being electrocuted. But if the electricity affected Jordan's brain cells and something happened, it would be troublesome.

"Damn it, I didn't expect the Park family to be so difficult to deal with!"

Shaun had no choice but to say loudly, "Mr. Park, let Jordan go. I'm willing to tell you a huge secret in exchange!"

Park Sang-jun said, "Oh? What big secret? Tell me first."

Park Sang-jun wanted to gain something for nothing. He would definitely not let Jordan go. It was not easy for Jordan to fall into his hands. How could he not take revenge for the death of his two sons?

However, he knew that Shaun had unfathomable depths. He had been hiding in the dark for decades. He definitely knew more than Park Sang-jun.

Shaun said, "I can tell you what the Haus family secret is!"

Park Sang-jun was shocked. "The Haus family from Germany?"

Among the eight great families, every family had a secret that none of the other families knew about. Only the Deity back then knew every family's secrets because they needed her help.

Every family developed in a different direction, so their secrets were also different.

For example, the Steeles focused on traditional medicine. The Park family developed technology for medical aesthetics, while the Miyamoto family researched the Mirakuru serum.

The Schmid family had developed the Invisibility Cloak. As the Schmid family was later on controlled by Shaun, his mind-transplant technology could also be counted as under the Schmid's.

As for the secrets of the other families, they had no way of knowing.

Park Sang-jun really wanted to know what the Haus family secret was!

"The Haus family has always kept a low profile and does things quietly. They would never dare to steal the limelight from the Rong and Geng families. However, they will also reveal their strength from time to time to warn the other families that they are not to be trifled with. I do want to know what the Haus family secret research is about!"

Park Sang-jun was very curious. He believed that Shaun had the ability to know the Haus family secret.

One had to know that Shaun had controlled the Schmid family for more than 10 years!

"The Haus family secret research is spyware!"

"Spyware? How?" Park Sang-jun was taken aback.

Shaun continued. "You have a lot of green plants here, right?"

Shaun could see that there was a potted Nippon lily plant sitting in the corner.

Park Sang-jun said, "What's so strange about that? Which rich family doesn't have some plants around the house? Green plants can purify the air. There are many benefits. Of course, I have a lot of green plants here!"

Shaun smiled. "The Haus family uses green plants to spy on others. Now, all the leaves of all the green plants in the world are their listening devices. They can easily eavesdrop on everything about you, including our current conversation!"

Park Sang-jun was stunned. "What? The Haus family is researching green plants? They can even use the leaves as listening devices? Damn it, I knew this family was sneaky. It seems that they already know about our family's movements and secrets!"

Shaun continued. "Not only that, these green plants are controlled by the Haus family. They not only release oxygen, but also a special gas. If one inhales this gas over a prolonged period of time, they will develop an incurable disease. Mr. Park, I want to ask you, how long have you had the green plants around you?"

Park Sang-jun immediately became nervous. "For the past few decades!"

Shaun shook his head. "That's troublesome. Your condition must be already very serious. If you don't have the antidote, I'm afraid you won't live to 60 years old."

"What?" Park Sang-jun became very anxious. "Mr. Handley, please save me!"

Shaun pointed at Jordan, who was being electrocuted, and said, "Jordan is the only person in the world who can save you."

Park Sang-jun was confused. "Why?"

Shaun said, "I can tell you this secret, but you have to throw out all the green plants in your building first. I don't want the Haus family to overhear this secret for nothing."

Without hesitation, Park Sang-jun immediately followed Shaun's instructions and threw out all the green plants in the building. He also got his researchers to examine them carefully to see if the leaves really had the ability to eavesdrop.

After a while, Park Sang-jun said, "Mr. Handley, I've already thrown all the green plants. You can speak now."

Shaun didn't waste any more time and said frankly, "Jordan is the new Deity! Only he has the ability to develop an antidote to save you!"

Park Sang-jun felt as if he had been dealt a heavy blow. "What did you say? Jordan is the new Deity?"

Shaun said, "Otherwise, why do you think I would be with Jordan?! He killed my mother and wife. If he wasn't a Deity, I would have killed him long ago! Also, if he's not a Deity, how could he have developed the Mirakuru serum ahead of the Miyamoto family?"

Park Sang-jun recalled what had happened recently and felt that what Shaun said made sense.

“Mr. Park, if you kill Jordan, no one in this world will develop an antidote for you! Why don’t you keep him alive and let him be our puppet?” Shaun said.

Park Sang-jun thought for a moment before replying, “What you said makes sense! With the new Deity in our hands, we can use him to fight against the Rong family and control the world!”

Shaun laughed loudly. “Hahaha, that’s right. This is the big plan I want to discuss with Mr. Park!”

Park Sang-jun was thrilled. “Alright, I’ll listen to you. Mr. Handley, please wait for me. I’ll go upstairs and meet you!”

Park Sang-jun stopped his electric attack on Jordan, who had become very weak. Without Shaun, he might have died at Park Sang-jun’s hands.

Now that Park Sang-jun knew Jordan’s identity, it meant that Park Sang-jun had to die!

Otherwise, Jordan would become his puppet!

...

Chapter 787: The Extermination Of The Park Family!

When Park Sang-jun found out that he had been poisoned by the Haus family, he was very worried about his health and hurriedly walked to the top floor.

Once Shaun saw Park Sang-jun, he called out. “Mr. Park, please let us out!”

However, Park Sang-jun was not in a hurry. He said, “Mr. Handley, please wait a little longer. I think Jordan is only slightly injured and is still very aggressive. I want to electrocute him for another half an hour. After he passes out from the shock, I’ll let you out. At that time, I’ll inject Jordan with the poison developed by our Park family. In the future, he will be our puppet. He will have to do whatever we ask him to do. Isn’t that good?”

Shaun cursed Park Sang-jun in his heart: ‘You despicable old man! You want to electrocute my Deity? I won’t let you off if he suffers any damage! You want to control him with me and dominate the world? Hehe, are you worthy?’

However, Shaun just smiled and said, “Mr. Park is right. Please continue.”

Park Sang-jun nodded and immediately instructed his subordinates, "Continue to electrocute that brat Jordan until he faints! Be careful not to hurt Mr. Handley!"

However, just as Park Sang-jun was instructing his subordinates, Shaun suddenly revealed an evil smile. A black cat suddenly ran out of the "cage" and ran towards Park Sang-jun.

"What is this?!"

Park Sang-jun suddenly saw a black cat flying toward him. Man and cat looked at each other and Park Sang-jun took a step back in panic.

In the next second, a dagger appeared in Shaun's hand. With a whoosh, the dagger flew out.

"Master, be careful!"

A vigilant subordinate of the Park family immediately stood in front of Park Sang-jun. He thought that Shaun was aiming his dagger at Park Sang-jun.

However, the dagger was not aimed at Park Sang-jun, but the cat.

Whoosh!

The dagger pierced the cat's neck, and it fell to the ground, dead.

The same thing happened to Park Sang-jun.

There was an inexplicable wound in the middle of Park Sang-jun's neck, and blood was flowing out.

Park Sang-jun couldn't breathe. He pointed at Shaun in surprise. "You..."

Park Sang-jun fell to the ground.

Shaun had killed Park Sang-jun!

Jordan was shocked. Shaun's combat ability was indeed powerful. His range of attack far exceeded Jordan's!

For example, in this situation, if Jordan could not get out of the "cage", he would not be able to kill Park Sang-jun.

However, Shaun could kill Park Sang-jun from afar. This ability was too terrifying.

“Master!”

Seeing Park Sang-jun fall to the ground, all the Park family’s subordinates immediately took action, wanting to shoot Shaun.

However, Shaun was a cunning old fox. How could he give them this chance?

Suddenly, countless black cats rushed out!

Shaun looked at Jordan. “Can you still hold on? If you still have the strength, help me kill the black cats.”

With Jordan’s strength, he did not need a dagger at all. Even a small coin was enough to kill a cat.

Whoosh! Whoosh! Whoosh!

Shaun and Jordan attacked the black cats together. The Park family’s subordinates all collapsed.

Shaun deliberately left one subordinate alive. He grabbed the black cat that was linked to the subordinate and said, “If you don’t want to die, remove these bars immediately and let us out!”

This subordinate was afraid of death. He did as Shaun instructed and let them out. However, in the next second, he still died at Shaun’s feet.

“Hmph, how can I let you live now that you know Jordan is a Deity?”

“Men, kill everyone in this building!”

Shaun was handed over the situation to his subordinates. He and Jordan returned to the plane first and left. If they delayed any longer, he was worried that the police or the other secret families would come over.

The plane returned to the air and entered stealth mode. Shaun and Jordan heaved a sigh of relief and sat in their seats.

Shaun took a sip of water and said, “Jordan, you said that you wanted to kill Park Sang-jun and wipe out the Park family. I’ve helped you fulfill your wish! Now, there’s basically no one left in the Park family. They’re completely finished among the eight great families. They’re in a worse state than the Steeles now. Can you come back with me to help with my research?”

In the end, Shaun only helped Jordan to help himself.

Jordan looked at Shaun. "You're really terrifying. If I were to fight you one-on-one, I would also be killed by you, right?"

Jordan originally felt that he was invincible after being injected with the Mirakuru serum. No one could defeat him in a one-on-one battle. However, when he saw how easily Shaun killed Park Sang-jun, he couldn't help but sigh at how powerful Shaun was.

Shaun smiled. "You're too humble. You're a Deity. How can I win against a Deity?"

Jordan continued to ask, "Is what you said to Park Sang-jun just now true? The Haus family secret."

With this trip to South Korea, Jordan accidentally learned the Haus family secret. It was an unexpected gain.

Shaun said, "The Haus family secret research does focus on using green plants as spyware to eavesdrop on the world. This is a secret I discovered a long time ago. However, the fact that the green plants can release poisonous gas and harm people's bodies is just a lie. I was just trying to prevent him from killing you."

Jordan nodded. Shaun had mixed the truth with lies. It was indeed not easy to distinguish fact from fiction.

"Where are we heading now?" Jordan asked.

Shaun said, "Back to our little town in the US, of course."

...

Jordan said, "Turn around and go to Japan. I want to kill Miyamoto Chujiro and destroy the Miyamoto family!"

Shaun stood up in shock. "Are you crazy?! Not only did you want to destroy the Park family, but you also want to destroy the Miyamoto family? Do you know that none of the eight secret families are easy to deal with? You almost lost your life trying to kill Park Sang-jun just now!

"Do you think you can kill Miyamoto Chujiro? Let me tell you, now that Park Sang-jun is dead, Miyamoto Chujiro must have already implemented the strictest defense. Your plane will be attacked as soon as it enters Japan! You won't even have the chance to stand face to face with Miyamoto Chujiro!"

Jordan said, "I won't rest until Miyamoto Chujiro is dead. Moreover, he killed so many innocent citizens in Orlando. I have to avenge them! As for it being difficult, I'm not worried. I have you, right?"

Shaun was taken aback. "What... what do you mean?"

Jordan said, "I've decided to send you to kill Miyamoto Chujiro."

Smack!

Shaun slammed the table angrily. "You little b*stard! What do you take me for? Do you think I am your personal assassin?"

Chapter 788: Shaun And Jordan: Strongest Combination!

Shaun never expected Jordan would want to send him to kill Miyamoto Chujiro instead of doing it himself.

As such, he rejected it vehemently. "I'm not your subordinate! Don't try to order me around like I'm your subordinate."

Jordan responded calmly and firmly. "If you don't kill Miyamoto Chujiro, I won't go back and help you."

"You..." Shaun pointed at Jordan angrily. "Don't forget, Lauren is still in my hands! If you don't go back, I'll kill your wife!"

Jordan remained calm in his seat. "Don't forget that I'm a Deity. I've predicted that you won't kill her."

"Argh!"

Shaun was so angry that he was about to go crazy. He spun around on the spot and smashed all sorts of things, including cups and bowls.

"Did I cross you in my previous life? Did I dig up your ancestral grave? I have never suffered such humiliation since I was a young boy! Arghhh!"

Shaun wished he could kill Jordan, but he couldn't even bear to punch him.

Likewise, Jordan relied on his value to Shaun in order to use him to kill Miyamoto Chujiro! Now that Jordan had personally killed his beloved Park Anya. There was no one Jordan could not kill!

All those who tried to provoke and anger Jordan, he would make them leave this world immediately!

Shaun raged for a long time. "Jordan, you're too much. I'm the future overlord of the world. How can I let you control me like this?!"

"If you insist that I kill Miyamoto Chujiro, then I have one condition."

Jordan looked at Shaun. "Tell me."

As long as his condition was not too excessive, Jordan would agree to it. Right now, Jordan just wanted Miyamoto Chujiro to die, to avenge the hundreds of citizens in Orlando and let them rest in peace.

Shaun pointed at Jordan. "I want to possess you!"

"What did you say?" Jordan was surprised. He did not expect Shaun to make such a request.

Shaun wanted to possess Jordan and control him, just like how he had controlled Lota's father previously.

Shaun gave an evil smile. "You are the one who wanted to kill Miyamoto Chujiro, not me. How can I do it personally? You have to kill him yourself. However, considering that you only have the ability to kill at close range and can't attack from afar, plus you are a little stupid and incapable of accomplishing matters, the best way is for me to control your body to kill Miyamoto Chujiro.

"Combined, we will have the ability to kill with both close and long-range attacks. Have you played video games before? It's like the combination of a mage and a warrior. It is the strongest combination in the world!"

Shaun's eyes were filled with excitement as he spoke.

But Jordan was worried. "Are you planning to possess me and be a Deity yourself?"

Shaun said, "You're worrying too much. After possession, your mind will enter a dormant state. I'm using my own mind. Even if I occupy your body, I can't use your Deity ability, so you're absolutely safe. Besides, you don't have to worry that I'll hurt your body after possessing you. If I had the intention to harm you, you would have died long ago. I wouldn't have saved you when Park Sang-jun electrocuted you just now."

Jordan thought about it carefully. Although he was unwilling to admit it, Shaun had indeed saved his life just now.

Moreover, Jordan was useful to Shaun. He would never hurt him.

As Shaun said, Miyamoto Chujiro's defenses had most likely been raised to the highest levels. The moment Jordan's plane was discovered, a high-altitude battle between their aircraft and long-range weapons would ensue. It would not develop into a one-on-one combat fight at all.

If he wanted to kill Miyamoto Chujiro, he would have to sneak into the Miyamoto residence alone.

Previously, Dragon had infiltrated the Miyamoto family, so Jordan knew where Miyamoto Chujiro lived.

After some thought, Jordan assented. "Alright! I'll work with you!"

Shaun laughed. "The strongest combination in the world has appeared. Deity Jordan and me! It would be a piece of cake for us to kill a mere Miyamoto Chujiro!"

...

Meanwhile, the Rong, Geng, Addington and Haus families, as well as Lota and Miyamoto Chujiro were on a video call.

"The building where the Park family resided was attacked by a plane. According to reports, the head of the Park family, Mr. Park Sang-jun, is dead!" Chairman Rong said very seriously.

The others were dumbstruck.

Miyamoto Chujiro shouted, "It must be Jordan who killed Park Sang-jun!"

The other families exclaimed.

"Jordan is too terrifying. The Steeles have already fallen under our complete control, but Jordan managed to destroy the entire Park family by himself. The entire Park family was wiped out by him! This kid is quite terrifying. I don't dare to provoke him anymore!"

Chairman Rong said, "I'm rushing to South Korea to see how to deal with the Park family's situation. If you guys have nothing else on, please go over too."

"Yes!"

After Miyamoto Chujiro hung up the video call, he sighed repeatedly. "Jordan is too terrifying. He killed Park Sang-jun in the Parks' own territory. He simply has extraordinary abilities! Forget it, forget it. I'll avenge my son's death in the future. I can't provoke him for the time being.

"Men, prepare my clothes. I'm leaving for South Korea in an hour."

As Japan was close to South Korea, Miyamoto Chujiro did not need to leave immediately. He finally understood how powerful Jordan was and regretted provoking him.

However, it was already too late for regrets. At this moment, Jordan, no, Shaun, was approaching the Miyamoto family's mansion.

At one of the gates of the Miyamoto residence.

A truck was parked at the entrance. It was being searched.

The truck driver said, "This is the custom-made samurai sword that Lord Miyamoto has ordered. He orders one every year. It was just completed and I am delivering it."

The guards in charge of the search were meticulous as they carried out a thorough investigation. "I know, but this concerns Lord Miyamoto's safety. We must be cautious."

After searching through everything and confirming that there was only the sword and no one hiding in the truck, the guard let the vehicle in. "Okay, enter."

...

A few black cats suddenly flashed past.

At the same time, a cloud of dust blew past, momentarily obstructing the guards' view.

During this short window, "Jordan", controlled by Shaun, used his incredible speed to race past the guards into the Miyamotos' courtyard!

Chapter 789: Miyamoto Chujiro: I Was Wrong!

In just a second, Shaun rushed into the courtyard of the Miyamoto family's mansion and hid under a tree.

"Hahaha... Jordan's as fast as lightning! I really enjoy having such a body!"

Shaun was in high spirits. At this moment, he was in control of Jordan's body. It was like a video game player changing his game character and gaining the high-level abilities of the new character. This feeling was too satisfying.

Shaun smiled wickedly. "With Jordan's body, if he gets himself a woman, she will probably never forget him. Hahaha, after I kill Miyamoto Chujiro later, I'll see if there are any beauties inside. I want to play with them!"

Now that he had control over Jordan's body, Shaun didn't care about anything else. He could use Jordan's body however he wanted as long as he didn't injure it. He would let Jordan leave a "good" impression on the ladies here!

Shaun found an opportunity to approach the mansion.

After entering the mansion, Shaun killed all the guards at the door before sneaking in. Instead of taking the elevator, he took the stairs. But after reaching the fifth floor, the door to the stairs was locked.

And the elevators on this floor required facial recognition.

"Damn it. The Miyamoto family's elevator requires facial recognition to access. These guys are indeed very careful."

Shaun had no choice but to release a cat and use it to control a person who had just walked out of the elevator.

"Who is it!"

A muscular Japanese man with a beard spotted Jordan.

"It's you!"

The man was about to scream when Shaun stopped him. He then forced him to access the elevator and go to the floor where Miyamoto Chujiro was.

After using the man, Shaun twisted his neck and killed him. The burly man, who weighed more than 200kg, was so easily killed with his bare hands. Shaun was very pleased.

"Just a casual twist of his neck and he died. F*ck, Jordan's strength is really domineering!"

Shaun was envious of Jordan, especially since he had just visited the toilet before coming over. Now, he suddenly felt that switching brains with Chairman Rong was not as good!

"Jordan, oh Jordan, when I think of a way to deal with your prediction ability, hehe, your body, your Deity ability, and your two beautiful wives will all be mine!"

Shaun gave an evil smile. He pulled the brim of his hat lower and slowly walked in.

Coincidentally, Miyamoto Chujiro was walking in the direction of Shaun. When he saw him, he instructed, "You, go and get my suit."

Shaun grinned. "I'm afraid it's not appropriate for me to help you get your clothes, Mr. Miyamoto."

Miyamoto Chujiro was shocked to hear the man reply in English, rather than Japanese. Shaun took off his hat and Miyamoto Chujiro saw Jordan's face. Miyamoto Chujiro was so terrified that his legs trembled!

"Jor... Jordan!"

Miyamoto Chujiro went weak with fear and sat on the ground!

One had to know that Jordan had just gone to the Park family's territory and killed Park Sang-jun alone. He was famous among the eight great families. Even Chairman Rong would probably break out in cold sweat if he saw him now.

"Men, come here now!"

Realizing the danger, Miyamoto Chujiro immediately ordered his subordinates to attack Jordan.

However, it was already too late.

With Jordan's physical ability and Shaun's long-range killing skills, Miyamoto Chujiro was already a dead man.

Shaun did not kill Miyamoto Chujiro from afar. Instead, he used Jordan's speed to charge toward Miyamoto Chujiro. He grabbed him.

Bang! Bang! Bang!

A series of bullets hit Jordan.

However, now that Miyamoto Chujiro was in Shaun's hands, his subordinates did not dare to shoot randomly.

Miyamoto Chujiro knew that he was doomed. He knelt down to Jordan on the spot. "Jordan, I was wrong. I shouldn't have offended you and ruined the relationship between our families. It's all that old man Park Sang-jun's fault. He always incited me to go against your family. Please let me live. In the future, I'm willing to cooperate with you. I'll listen to everything you say!"

Shaun shook his head helplessly. "Miyamoto Chujiro, what's the use of regretting now? Didn't you previously believe that the Steeles had developed the Mirakuru serum and

tried to get close to them? If you had maintained that friendly relationship with Jordan, would things have ended up like this?”

When Miyamoto Chujiro heard “Jordan” mention the name “Jordan”, he looked at his captor again. Jordan’s expression was not his usual one. He looked like a different person.

In the past, although Jordan and Miyamoto Chujiro were always at odds with each other, the former always exuded a courageous and righteous aura.

However, the current Jordan gave off a cowering and sneaky vibe. Especially when he smiled, it was obvious that he was not a good person.

“You... you’re not Jordan?” Miyamoto Chujiro was shocked.

Shaun did not intend to hide his identity. After all, Miyamoto Chujiro was about to die. What did it matter if he knew who he was?

“Hehe, that’s right. I’m Shaun!” Shaun revealed his identity.

Miyamoto Chujiro was shocked. “Shaun? The one who controlled Lota’s parents? Ah! Mr. Handley, we have no grudge against each other. Please show mercy! Let me go. I can give you whatever you want!”

Upon hearing that it was not really Jordan in front of him, Miyamoto Chujiro immediately felt that he could be saved!

But Shaun shook his head. “There’s indeed no grudge between us, but that brat Jordan wants me to kill you. So you must die, understand?”

Miyamoto Chujiro hugged Shaun’s thigh and begged. “Mr. Handley, let me go. Please let me go. I’m willing to pay any price!”

Shaun grabbed Miyamoto Chujiro and said, “Don’t worry, I won’t kill you yet. Since I’m here, I have to see the inventions of the great Miyamoto family. Other than the Mirakuru serum, what other creations does your Miyamoto family have? Show them to me!”

In order to survive, Miyamoto Chujiro was very cooperative. “Sure! Men, go to the laboratory and bring everything that has been successfully developed for Mr. Handley to see!”

Soon, his subordinates brought over a large pile of things, including food, beverages and music devices.

...

Shaun was not interested in these things.

“Do you have any combat weapons?” Shaun asked.

Miyamoto Chujiro answered, “Yes, a QR code!”

“A QR code?”

In this modern age, everyone was very familiar with QR codes. However, no one expected the Miyamoto family to make QR codes into weapons.

Miyamoto Chujiro was subdued by Shaun and did not dare to move. He instructed his subordinates, “Hurry up and introduce Mr. Handley to the use of the ‘explosive QR code!’”

Chapter 790: Killing Miyamoto Chujiro!

“Hi!”

A Japanese researcher in a white coat began to explain Shaun.

“This QR code has both sides. The front is black and the back is red. When isolated, the QR code is of not much use.”

The researcher took out something that looked like a magnifying glass.

“If we scan it with this QR code scanner, the corresponding response will occur. If we scan the black side, the particles adhering to the QR code will immediately explode. If we scan the red side, the particles will be sucked over from the QR code.”

Shaun nodded. “One is for murder, and the other is for rescue. You Japanese are indeed innovative. You actually made a weapon out of it.”

“Alright, let me test it out.”

Shaun did not test it on an object. Instead, he pasted the QR code onto a person.

That person knelt on the ground, trembling in fear.

Shaun picked up the scanner and aimed it at the QR code. It was like aiming with a sniper rifle.

With a bang, the person was sent flying through the air!

“Hahaha... interesting. This thing is not bad. You can paste a QR code on a person and kill him without anyone noticing. Why didn't you take this out earlier to kill Jordan?” Shaun asked.

Miyamoto Chujiro shook his head regretfully. “At first, I felt that Jordan wasn't worth us exposing our new weapons. I was afraid that the other families would find out. Now, Jordan's body is invulnerable. The damage that this QR code can cause is limited. I can't kill him.”

Shaun smiled. “I quite like this thing. It's just that this QR code scanner is too inconvenient to carry around. Moreover, it takes a long time to scan it. It looks like it still needs to be improved.”

Miyamoto Chujiro said, “Yes, Mr. Handley. Give me a year. After a year, I promise to improve it until you're satisfied.”

Shaun smiled but didn't say anything. He continued to look at other things.

The Miyamoto family did have some useful inventions. Shaun collected them all and kept them in his pocket.

“Is that all?” Shaun asked.

Miyamoto Chujiro said, “That's all. Mr. Handley, I've shown you all the secret research of our Miyamoto family!”

Shaun said coldly, “Oh, then you can die now.”

Ignoring Miyamoto Chujiro's pleas, he snapped his neck, killing him.

After Park Sang-jun's death, another leader of a secret family passed away. Moreover, in the eyes of outsiders, it would all be Jordan's doing.

After Miyamoto Chujiro died, a few loyal subordinates began to attack Shaun crazily.

But how could they be a match for Shaun?

If Shaun or Jordan were alone here, it would indeed be very difficult for them to escape unscathed from the Miyamoto family.

But the combined Shaun and Jordan duo was simply invincible!

Smash!

Smash!

Smash!

Miyamoto Chujiro's subordinates fell to the ground one after another. Witnessing Shaun's cruel methods, the others were scared witless.

Shaun said, "Is there anyone who doesn't want to die? Step out. I won't kill you if you work for me."

The remaining subordinates exchanged looks. Now that Miyamoto Chujiro was dead and the Miyamoto family destroyed, they might end up like the Steeles and be divided and controlled by the other major families.

Several men stepped forward and knelt before Shaun.

Shaun was very smug. "Hahaha, that's right. Every family should have some traitors who are afraid of death. I order you to find some beautiful women for me. I want to enjoy myself here before leaving!"

"Yes!"

Shaun made himself comfortable in Miyamoto Chujiro's territory, leisurely eating some fruits.

Soon, the subordinates brought in a group of beauties.

Shaun carefully sized up these women and couldn't help shaking his head. "Tsk, tsk, tsk. You call these beauties? They're far inferior to Jordan's wives, Lauren, Victoria and Hailey. I'm Deity Jordan now. If I sleep with ugly women, Jordan will be unhappy. Hahaha."

Before Shaun took control of Jordan, he had promised him that he would not do anything rash. But now, he seemed to be going back on his word.

Shaun's phone suddenly rang.

"What is it?" Shaun asked.

The subordinate reported. "Master, bad news. The five families have issued a Level One Pursuit Order on Jordan!"

Shaun immediately panicked. "What? A Level One Pursuit Order? Damn it, a Level One Pursuit Order from a secret family is no small matter. They control the world to begin with. If they go after Jordan, the entire US will be in danger!"

The five families knew that Jordan would be in the US. If they wanted to kill him, they would arrange for a large number of troops to be dispatched to the country.

No place in the US would be safe, including the small town, where Shaun was.

“No, it will take at least a few months for the mind-transplant technology to be completed. I have to let Jordan do the research in a stable environment. I have to stop the five families.

“Among the five families, Lota is definitely on Jordan’s side. I need to rope in Madam Geng again. I know the Haus family secret, so I can blackmail them with that. Three against two, that b*stard Rong Bailun will have to cancel the Level One Pursuit Order.”

Shaun knew that the Rong family and the others had already rushed to South Korea. After knowing that Miyamoto Chujiro was also dead, they would definitely come here too.

...

Therefore, Shaun did not bother playing with the Japanese beauties anymore. Instead, he hid and waited for the arrival of the other families.

...

A few hours later, the people from the five families arrived together.

Everyone was shocked to see Miyamoto Chujiro’s corpse.

Rong Bailun said angrily, “Jordan is simply lawless! He killed two of our secret family heads in a row! Is he trying to kill everyone and rule the world himself?!”

When the 40-year-old Dieter Haus saw Miyamoto Chujiro’s corpse, he was also terrified. “Jordan is too cruel. We can’t let such a person live in this world. Otherwise, we will all die in his hands!”

This time, Madam Geng did not speak up for Jordan. After all, he had just killed two secret family leaders. It was too scary.

Chapter 791: Level One Pursuit Order!

Among the five families, only Lota remained on Jordan’s side.

Lota said, “Why are you so sure that Jordan did this? He was injected with the Mirakuru serum, but this doesn’t mean that he is invincible. How could he have gone to the Park and Miyamoto family territories and killed their leaders? How could he leave unscathed? Aren’t you overestimating Jordan’s strength?”

Everyone had actually discussed this point when they just arrived.

The Park and Miyamoto families were heavily guarded. No matter how strong Jordan's body was, it was impossible for him to kill them easily.

Rong Bailun snorted. "This can only mean that Jordan still has hidden abilities that we don't know about. Therefore, when we go after Jordan, we should try our best to capture him alive. I want to know what other secrets he has. Now, I announce that the Miyamoto family, like the Park family, will officially be taken over by the rest of the secret families. Everyone, let's take inventory of the Miyamoto family's possessions."

Everyone was overjoyed. The deaths of Park Sang-jun and Miyamoto Chujiro did not affect the other families much. Instead, they could use this opportunity to increase the strength of their own families.

They all sat down and listened carefully to the report on the Miyamoto family's situation and research over the years.

Dieter drank a glass of water and went to the bathroom.

Just as he was about to go back, he suddenly realized that there was a figure in front of him.

Dieter was so frightened that he almost urinated in his pants. "Jo... Jordan!"

Jordan, controlled by Shaun, appeared in front of Dieter. He had an evil smile on his face that made one shiver.

Dieter was about to shout when Shaun immediately stopped him. "If you don't want others to know the secrets of your family, be obedient!"

Dieter was shocked. "What did you say?"

Shaun smiled. "Dieter, your family is really sinister. You actually used green plants to spy on the entire world. I remember at a great meeting a few years ago, you gave out newly cultivated green plants to all the families."

"Do you think Chairman Rong and Madam Geng will spare you if they find out you've been spying on them?"

Dieter was trembling with shock. "How... how did you know!"

Although there was a possibility that the conversation between Shaun and Park Sang-jun had been monitored, it would still take some time before the Haus subordinates analyzed the recording and relayed the details to Dieter.

After all, they were monitoring too many things.

Therefore, Dieter still did not know that Jordan was being controlled by Shaun, nor did he know that they knew the Haus family secret.

Shaun said, "You don't need to know how I found out. You just need to know that I have no intention of killing you. If I did, you would already be dead."

Dieter's nervousness gradually disappeared. Indeed, Jordan's physique was extremely domineering now. It was too easy for him to kill an ordinary middle-aged man like Dieter.

Dieter asked, "Tell me what you want!"

Shaun said, "I want you to help me. Now that your five families have issued a Level One Pursuit Order on me, it will be very difficult for me to stay hidden for long. Moreover, your families are extremely cruel. In order to kill me, they will definitely stoop to any means and hurt many innocent citizens. This is something I don't want to see!"

Shaun began to imitate the real Jordan, putting on Jordan's patriotic and noble attitude.

Dieter said, "You want me to tell Chairman Rong to cancel the Level One Pursuit Order?"

Shaun said, "You don't have to be the one to raise it. Call Madam Geng over later. She and Jor... she has always had a good relationship with me. It's better for her to bring it up. When the time comes, you just have to vote accordingly."

Dieter hesitated. He wondered what the other families would think of him if he voted against the Level One Pursuit Order.

Shaun snorted, having guessed what Dieter was thinking. He said, "You old fool, you've been playing safe and boring for the past few years. You just follow the majority vote every time. Now, it's time to show some character. Besides, you have no choice now!"

What choice did he have? Dieter said hatefully, "Alright, if Madam Geng makes the suggestion later, I'll follow her and vote against the Level One Pursuit Order. Will that do?"

Shaun nodded. Seeing that Dieter was about to leave, he grabbed his arm and smiled sinisterly. "Mr. Haus, I have another question for you."

“What is it?” Dieter asked impatiently.

Shaun continued smiling. “You’ve been monitoring our families for so many years. I believe you already know the secrets of all the families. You’re just pretending to be oblivious. Do you know Rong Bailun’s secret? What exactly does his family research?”

If anything, Shaun was quite curious about the Rong family as they were the strongest. They were the top dogs in any domain.

Therefore, Shaun wanted to know what the Rong family’s main research direction was. He believed that the answer would definitely be breathtaking.

“I have nothing to say!” Dieter shook off Shaun and walked away. “I’ll go and get Madam Geng for you!”

After returning, Dieter deliberately shot Madam Geng meaningful glances from time to time as he drank his tea.

When Madam Geng realized this, she looked disgusted.

‘Damn it, what is this Dieter trying to do? Is he trying to flirt with me? Please, I only like fresh meat. Why would I like an old fellow like him?’

Madam Geng ignored him.

Left with no choice, Dieter sent one of his men to deliver a message to her: ‘Someone is waiting for you in the washroom.’

When she received the message, Madam Geng was curious. Who was that person? How did he get Dieter to deliver the message for him?

“I’m going to the washroom.”

Madam Geng thought for a moment before getting up and walking towards the washroom. When she reached the toilet, Madam Geng looked inside. It was empty. She said, “Come out. Who is it?”

At this moment, Shaun was sitting on a ledge behind the door. He smiled and leaped off the ledge.

“Ah! It’s you! Jordan!”

Madam Geng turned around and was shocked to see Jordan.

Of course, she did not shout. Instead, she deliberately lowered her voice. She believed that Jordan knew she never had any ill intentions toward him. Instead, she had always spoken up for him.

When Shaun saw Madam Geng, he threw himself into her arms like a weak little boy. "Auntie Geng, I'm so scared..."

...

Chapter 792: I'm Willing To Submit To The Geng Family!

If other people saw this scene, they would definitely be shocked by how shamelessly Jordan was behaving. He was acting like a weak "damsel" in distress.

Many girls behaved like this in front of the boys they liked. They would pretend to be afraid and say things like "save me, you're so brave and awesome" to gain their favor.

Madam Geng did not mind Jordan hugging her, but she found it difficult to accept how he addressed her.

"Darling, you don't have to be afraid. Come and tell me what happened. Did you really kill Park Sang-jun and Miyamoto Chujiro? Also, can you change the way you address me? Thanks to you giving me the Park family medicine, I'm now 10 years younger, remember? Do we still look that far apart in age?" Madam Geng asked.

Shaun pulled away from Madam Geng's embrace and smiled. "No, no, Madam Geng. You look like you're my age. You exude a youthful charm that makes me feel at ease..."

Madam Geng was very happy to hear such praise from "Jordan".

Madam Geng asked again, "Tell me what happened so I can help you?"

Shaun nodded. "I didn't kill Park Sang-jun and Miyamoto Chujiro! Park Sang-jun sent his daughter Park Anya to kill me and she ended up dying in my hands. You know, Park Anya is the woman I like. My heart ached so badly! I was indeed very angry at that time. I immediately went to South Korea to settle my score with Park Sang-jun. However, after finding Park Sang-jun, I was trapped!

"Park Sang-jun is a scheming old scoundrel. His residence has many traps. He used an indestructible material to lock me up and even used electricity to torture me!"

Shaun was speaking the truth, so Madam Geng didn't feel anything amiss.

“The Parks are a secret family so of course you can’t just barge into their territory alone. Since you were trapped, how did you escape in the end?” Madam Geng asked.

From this point, Shaun started to fabricate a lie. “Park Sang-jun, that old fellow, wanted to kill me, but Miyamoto Chujiro suddenly appeared! Miyamoto Chujiro had always wanted the Mirakuru serum, so he told Park Sang-jun not to kill me.

“I came up with an idea. I told Miyamoto Chujiro that if he could save me, I would give him the Mirakuru serum! Then Park Sang-jun and Miyamoto Chujiro fought over me. The battle was very intense. In the end, the two of them killed each other! Madam Geng, their deaths have nothing to do with me!”

Madam Geng smiled. “Oh, I see. Honey, do you think I’ll believe you?”

Shaun was stunned. He had underestimated Madam Geng. He didn’t expect his lie to fail to fool her.

Madam Geng said, “Jordan, you’re really not good at lying. Your tone changes when you are lying. Also, you weren’t so weak and timid in front of me in the past. You killed Park Sang-jun and Miyamoto Chujiro, right?”

Shaun now knew that his imitation of Jordan was not on point. After all, Jordan was a Deity, and his every move was domineering.

Meanwhile, Shaun was synonymous with the term “wretched”. How could he master Jordan’s charm in such a short time?

Shaun didn’t hide it anymore. He smiled. “Haha, Madam Geng is indeed formidable. That’s right. Park Sang-jun and Miyamoto Chujiro died at my hands. However, as you know, they both have an irreconcilable feud with me. Even if I don’t kill them, they will kill me sooner or later.

“As for me being able to kill them, it was indeed a fluke. If not for my good luck, I would have died at their hands. I wouldn’t be able to stand in front of you now.”

Madam Geng said, “Jordan, you’re powerful and lucky to be able to kill the heads of the Park and Miyamoto families on your own... Chairman Rong is now very wary of your ability. We have already issued a Level One Pursuit Order on you. Do you know that?”

Shaun said, “I sought you out because of this. Madam Geng, I need your help. Please suggest the cancellation of the Level One Pursuit Order to the other families.”

Madam Geng looked troubled. “Jordan, I’m afraid that I...”

Madam Geng was about to refuse when Shaun suddenly took the initiative to kiss her.

Madam Geng was stunned for a moment before she smiled. "Wow, what are you..."

This kiss was too unexpected.

Although the two of them had kissed before in the virtual game, it was just a game. Moreover, Madam Geng's avatar in the game was Marilyn Monroe. She could do whatever she wanted.

However, in real life, it was impossible for her to take the initiative to kiss a handsome boy like Jordan because her status did not allow her to be so promiscuous.

Shaun knew that Madam Geng had taken a liking to Jordan, so he used this method to appease her first.

Taking Madam Geng's hand, Shaun said, "Darling, I know you're interested in me. I've always admired you. You're the most charming woman I've ever seen. If you agree to help me, I'm willing to be your man from now on. Your subordinate, your undercover agent, your thug, your guardian, your lover..."

Madam Geng was delighted by those words.

Jordan had the ability to kill Park Sang-jun and Miyamoto Chujiro on his own. If Madam Geng could make Jordan hers and hers alone, it would be extremely beneficial to the Geng family!

However, Madam Geng knew that Jordan had always been proud and aloof. He did not take the other six families seriously at all. He would not submit to any family like his brother.

Madam Geng asked, "Jordan, are you really willing to follow my family?"

Shaun knelt down on the spot. "I'm willing! From now on, I am Madam Geng's dog! Please order me around! Please use me!"

Shaun was thinking to himself: 'I can promise you anything, anyway, I'm not really Jordan, hahaha!'

When Madam Geng saw this, she could feel Jordan's sincerity. "Oh my god! Jordan, I really didn't expect a proud man like you to be willing to follow me. Alright, I promise you that I'll get Chairman Rong to cancel the Level One Pursuit Order on you. Now that you're mine, I'll definitely ensure your safety!"

"Thank you, Master!" Shaun continued to behave humbly and called her Master.

Madam Geng was overjoyed. She patted Jordan's head and looked down at him. "Since you call me Master, does that mean I can order you to do anything?"

Shaun could tell that Madam Geng was very eager for something more. He said, "Jordan is willing to satisfy any of your needs!"

With that, Shaun took the initiative to kiss Madam Geng once more...

Chapter 793: Jordan Is My Servant?

Half an hour later.

The Rongs and a few other major families were still going through the inventions and research of the Miyamoto family.

Rong Bailun suddenly realized that the seat beside him had been empty for a long time. He asked in confusion, "Why is Madam Geng taking so long in the toilet? It must have been half an hour, right?"

Dieter, who knew the truth, smiled. "Women and men have different physiological structures. Chairman Rong, we should be more understanding."

Geng Weilun also felt that something was wrong. Just as he was about to get up to call his mother, Madam Geng Weilun suddenly walked over with a bright smile.

Madam Geng's face was flushed and she couldn't hide her smile. Her footsteps were slow as if she was exhausted.

Seeing her countenance, Dieter couldn't help teasing her. "Look, our most charming Madam Geng is back. Madam Geng, are you okay? You look like you just came back from your honeymoon."

Dieter knew very well that Madam Geng had been with Jordan for the past half an hour. Although there was a slight age difference between the two of them, they were a man and a woman and had been alone for so long. They must have done something shameful just now!

When Dieter noticed Madam Geng's blissful state, he couldn't help teasing her. This was definitely thanks to Jordan!

In response, Madam Geng rolled her eyes at Dieter and returned to her seat.

"Is everything okay?" Rong Bailun asked with concern.

Madam Geng replied, "I'm fine, thank you for your concern. I must have eaten something off. However, in the washroom just now, I realized something.

"I find the deaths of Park Sang-jun and Miyamoto Chujiro rather strange. We can't blame just blame everything on Jordan. Even if we find out that it was Jordan who did it, we shouldn't just issue a Level One Pursuit Order. This will only deepen his hatred for us. There will be hidden dangers to our safety. Therefore, I suggest canceling the Level One Pursuit Order on Jordan!"

Rong Bailun immediately retorted, "No! Jordan is too dangerous. We can either capture him alive or kill him directly. We can't be soft-hearted anymore. Otherwise, when he becomes stronger, we will be in danger then!"

Madam Geng said, "He's alone. At most, he has a small team. What threat can he pose? Which one of our major families hasn't undergone decades of development? Moreover, we had the help of a Deity previously. Jordan is just an ordinary man. What's there to be afraid of?"

Rong Bailun said, "At the very least, Jordan has exceeded my expectations several times. He's a very terrifying person. He cannot go on unrestrained!"

At this moment, Lota spoke up for Jordan. "Chairman, you're too much. How can you force everyone to follow you just because you hate Jordan? I support Madam Geng to cancel the Level One Pursuit Order on Jordan!"

Rong Bailun glanced at the little girl disdainfully. "I'm sorry, my dear. It's useless for just the two of you to rescind the order. Three against two, we have to obey the majority rule!"

At this moment, Dieter suddenly said, "I agree with Madam Geng's suggestion. Cancel the Level One Pursuit Order on Jordan!"

"What?"

Rong Bailun looked at Dieter in horror. He never expected the Haus family, who had always followed him, would stand on Madam Geng's side this time!

Madam Geng smiled. "Chairman Rong, as you said earlier, we obey the majority rule. Now, three of our five families have agreed to cancel the Level One Pursuit Order on Jordan. You should accept this fact."

The remaining Addington family, who had kept silent, looked helplessly at Rong Bailun. It was useless now.

Rong Bailun narrowed his eyes and thought to himself: 'Jordan is really impressive. Not only can he kill the heads of the Park and Miyamoto families, but he also made the

Geng and Haus families stand on his side. What a terrifying fellow. This person must be eliminated as soon as possible. Otherwise, there will be endless trouble in the future!

For the first time in decades, Rong Bailun felt that his position as the overlord of the world was being threatened by another person!

Rong Bailun said in exasperation, "Alright, since you all think that Jordan doesn't deserve to die, let's cancel the Level One Pursuit Order for now. Madam Geng, you've protected Jordan so many times. It seems that your relationship is definitely not ordinary. No wonder Jordan is unwilling to marry Lota. He already found a better backer. But I don't know if Geng Weilun is prepared to acknowledge a stepfather. Hehe!"

With that, Rong Bailun rose and left first.

Rong Bailun was indeed a ruthless person. His words infuriated Lota, Geng Weilun and Madam Geng.

Especially Geng Weilun.

After the others also left, Geng Weilun finally couldn't hold it in anymore and threw things around in a rage!

"Argh! Why?! Why?! Mom, why are you still protecting that brat Jordan?! What's your relationship with him? Have you already slept with him? Are you going to make him my stepfather?!"

Geng Weilun was furious.

Smack!

Madam Geng slapped him across the face, showing no mercy to her son. "You have no right to interfere with who I sleep with! You're not the one leading the Geng family!"

When Geng Weilun heard this, it was clear to him that his mother had just admitted to sleeping with Jordan!

Geng Weilun was dismayed. "Alright then, expel me from the family! Anyway, Jordan is younger than me. He was also injected with the serum, so he will die much later than me. Just pass the family business down to your lover!"

With that, Geng Weilun was about to leave in a fit of anger.

Madam Geng grabbed him. "Son, why are you so impulsive? I'm indeed close to Jordan, but that doesn't mean that I want to be with him. It's even more impossible for me to pass the family to an outsider! Son, to tell you the truth, Jordan has

acknowledged me as his Master. He can be considered a subordinate of our Geng family. In the future, he will also be under you!”

Geng Weilun was shocked. “What? Mom, you said that Jordan acknowledged you as his Master? He’s a servant of our family? Does that mean I’m his Master too?”

Madam Geng smiled. “That’s right. That’s it. So you don’t have to hate Jordan. He will only help you in the future. Your status is far above his.”

Geng Weilun laughed out loud. “Hahahaha, to think that the arrogant Jordan has become our family’s dog. Hahaha! Jordan, the next time we meet, I want you to kneel down and clean my shoes!”
