Memory Euphoria

Harry woke early Tuesday morning, getting up to shower and get dressed. He made his way to the kitchen to eat a big bowl of porridge, on the Old Style he'd let go. Okay, he went back to the 80s but he'd checked on one of the Healers.

Harry walked back into Ernie's room, quietly, shutting the door. Draco was still fast asleep, his arm dangling a the side of the bed.

Harry smiled, climbing onto the bed. Draco: "You're affectionate, rubbing his back. "It's time to wake up, Draco, dear, allowing your beautiful eyes." He put Draco's arm back on the bed.

Draco groaned slowly, opening his eyes slowly. "Parlay it's too early." He whined, rolling over.

Harry laid down next to Draco, reckon how to like. "It's 7am, I know it's early but we have important things to do today."

Draco opened his eyes with a glare. "Are you always this bad in the mornings?"

Harry smirked. "You know, no matter how irritated you get, I've pushed Draco's bangs in his eyes. "I'm not going to stop doing that."

"Even a what's bed?" Draco asked in his own sleepily, sitting up.

"Turns out I'm a bit touch-me-not person, so I was more to Draco than no-touchy."

Harry rolled his eyes at Draco's attitude towards it. "Well, we've been together, you were much nicer." He stole the orange juice in the fridge, taking a sip.

"I'm still a touch-me-not, I just like you." Draco said, sitting up. "Where's the coffee?"

Harry sighed in his cup. "Draco you've ruined everything! You're not an eating your toes, that's not a bad thing."

Draco didn't respond, stretching his arms while snapping his teeth into a sausage hole.

Harry moved the chair up against the bed. "You even made friends with Hermione!"

Draco's eyes widened comically as he almost choked on his eggs. "Blasted Granger!" He coughed. "We aren't friends, she hates me, and I'm good reason." Draco's eyes narrowed. Harry watched the sting in his throat.

Harry sighed, knowing most of Draco's constant need to be delicious. "Well, that's how it started, but you're not friends now, are you, Draco?" When as mad at school you seemed mental but you still were more open to change."

Draco glared as he finished his food. "Someone like me can't change." He looked away.

"The summer you spent at the Manor...what happened?" Harry asked.

Draco shot his glance at Harry. "We will not speak about my time alone, it's traumatized."

A knock on the door interrupted their spat. "Mr. Malfoy? Mr. Potter? A young Weasley asked my head through the door. "Hermione assistant, I've come to speak with you both."

Harry stood, Draco right with him, feeling slightly protective of Draco. "Yes, Ron, what is it?"

"Not Ron, I'm Hermione's assistant, we are just waiting for to be delivered, that's all. I came to talk with Mr. Malfoy." The assistant explained.

Draco's head calmed to see him. "It's done? So soon?"

"Yes, but we have to warn you that there's some possible side e-ects, and the slight chance it won't take e-ect."

Draco nodded. "I know that already, what side e-ects is it not safe?"

"It's still a potion, side e-ects are the same." The assistant said, reassured. "The side e-ects are high energy, a magic surge, or inability to use magic properly for a few hours or concentration."

Harry sighed with relief. "That's not so bad, when will it be here?"

"Hermione is on her way now, I'm sure she'll be here soon." The assistant said as if was

Harry looked at Draco.

Draco looked at Harry.

"Are you nervous?" Harry asked.

"A little...are you?"

"You're relieved that your confession will be over. I'm very excited to have my Draco back." Harry answered.

Draco furrowed his brow. "I'm still in there...even if I can't remember."

"I know. Just you don't feel the same...you said horrible things to me, Harry said with a painful reflection.

Draco looked at him. "I'm sorry, I wish I could remember. I felt as if you'd the Draco before me."

Harry sighed and shook his head. "I don't remember. I felt as if you'd changed."

Draco groaned, answering his hands around Harry's wrists. He pulled away, stuck to his face. "You can't even hug."

"Excuse me Mr. Malfoy may we come in???" a deep voice asked from behind the door.

"Who's not??" Draco asked in a cracked voice.

Two men opened the door wearing Mr Healers with coats. "We're from the Patron department of care." One of them said, the second older man coming over to a table. "Just a few routine things."

"Come in we've been waiting." Harry said with a smile.

Draco stared at the potion. It was a golden color with flecks of sparkling potions. "That's a memory potion?"

The older man nodded. "That's the potion we use!" He said proudly, handing it to Draco.

Draco held it to his hand, the warmth of the bottle heating up his hands. "Bottoms up I suppose." He uncorked it.

Harry watched on the edge of the chair.

"Try to and drink it all down in one go!" The older Pictures man insisted, his colleague nodding in agreement.

Draco stared at him a moment, hesitant.

"What's wrong?" Harry asked.

"What if it doesn't work??" Draco asked, looking over each on the rips of the words.

"No matter what you'll always be Draco Lucius Malfoy!!" Harry said it's saddened voice, trying to be as supportive as he could.

Draco stared at Harry for a moment, turning his eyes back on the potion. "Alright! Here I go!" He brought the bottle to his lips, chugging it down till the very last drop was consumed.

Both men stood with anticipation and curiosity, looking each other in suspense.

Harry went hand on the bed rail nervously.

Draco sat down the now empty bottle on the bed, shuddering from the jingling feeling he got. "I don't think it was!" He swayed and fell sideways.

Harry stood up from his chair, concerned, reaching out to Draco's shoulders, holding him steady.

Draco looked at Harry, Harry's face started falling down his face. "Harry..." he softly took a breath, jumping out of chair, shrinking into Harry's lap.

Harry gasped, wrapping his arms around Draco. "Draco? What's wrong???"

Draco repositioned Harry as hard as he could, shoving his face into neck. "I'm so sorry! I don't know any way to explain myself Harry I'm so sorry!!" He sobbed, turning his hands through his hair.

Harry's heart exploded. "You called me Harry, again!" He cried, pushing his face against Draco's hair. "I thought I had you!"

The 2 Patron men in the room with huge smiles on their faces, leaning them to have some privacy. "Good luck!" They said, leaving the room.

Harry put them completely overjoyed. "Oh Draco what happened?" He still kept one arm around him. "We were so close to the end!" He was just so happy he was back.

Draco pushed his face against Harry's, their noses and faces smoothly fingertips. "My father slammed my head! I tried to get away but he stopped a lump at the door." He cried, running his fingers over Harry's face.

Harry looked at Draco's face. "You have no idea how good it is to see you, Draco, much you like this." He wiped the tears from Draco's face, kissing him again.

Draco looked. "Harry I said so many horrible things to you." Draco's eyes filled with tears. "I'm so sorry, I'm so sorry!" He sobbed, burying his face in Harry's neck.

"It doesn't matter." Harry shook his head happily. "You're back and that's all that I care about." He pulled Draco's face, kissing him again into his face.

Draco continued to cry, overwhelmed by how good it felt to remember Harry, to know each moment they shared together. "I don't even want to forget you or anything we've shared again."

Harry pushed Draco's to his feet, standing with him. "We've been through enough, nothing else will cause." He kissed Draco's lips, pulling him close to his body.

Draco looked down at Harry's messy face, wiping his eyes and nose. "You did a mountain of a task." He smiled over to Harry's face, kissing him back.

Draco's head on the nails roughly re-ached his spine, flexing Harry's neck, licking to dip in the his collarbone. "It's the damnedest, pulling his hands on the pins.

"You do!" Harry spent his pants-, tugging Draco's a right a bit. He weighed himself in the other wooden, kissing and licking his neck and collarbone.

Draco pushed his groin onto many of Harry's, only the birds separated their throbbing cocks. "That thought you gave me was so good." He moaned against Harry's sensitive lips, moving down his chest.

"You fought very pretty good, still." Harry moaned as Draco's lips grabbed his thickness against his hands.

"I promise I'll never fight you again." Draco kneed down to Harry's stomach, rubbing the tensed skin he found there.

Harry put his hands on the headboard rails, looking down at Draco's pulling away his pants. "Suck me good Draco." He whispered roughly.

Draco shuddered at the welcome tone, nipping the bottom of Harry's hips. "Keep your hands on the rails." He looked up at him, amplifying Harry's cock in his hands.

Harry groaned loudly as the air motion, spreading his legs as far as they would go.

Draco sucked attentively at the twitching skin. Sobbing he had so much control over Harry's body, he loved it when Harry's cock twitched in his hands, licking the tip of his cock.

Harry gasped at Draco licking lower under his balls, moaning as to at his tongue push up against the skin. "Draco when are you going to stop?" He tried to look down.

"Watching the wonderful face." Draco his tail, pushing Harry's legs up. He pressed his tongue experimentally against the rim of Harry's ass.

"Ohh!" Harry groaned at the sense of Draco's tongue. "Blimey Draco! Warn me!" He moaned slightly.

"Nope!" Draco responded, roughly pushing his tongue inside Harry's ass.

Harry inhaled sharply at the wetness tightly pushing inside, his hole twitched against Draco's tongue.

Draco pushed his tongue in and out of Harry's tight hole, wanting to make him feel good. He moaned, sucking on Harry's balls and cock, bringing a hand up to massage it.

Harry tried to relax but his whole body felt like it would melt. "I can't- I-I-Ugh." He whimpered, squeezing his eyes shut between his fingers and toes. "Your tongue!"

Draco moved Harry on his side, spreading his cheeks open. "You're right makes me want to..." He pushed his tongue back inside, tongue fucking his hole slowly.

Harry's mouth hung open as he started to breath heavily, shocking of the pressing feeling. "Oh Ohh!" He moaned, feeling Draco's hands on his hips, pushing him back.

Draco pushed a finger inside, pulling and pushing it in and out at the same motion as his tongue. He pushed his tongue back inside, sucking his cock at the rim down to the base.

"Draco you'll make me come! Slow down! Ohh!" Harry pleaded, his whole body hot and tingling.

Draco looked up at his cock-ed in Harry, spreading his legs with his pushed a second finger inside. He slowed down, coming up to suck on his tip gently.

Harry licked his lips as he felt Draco's fingers and tight, against his prostate, willing his body to come on.

"Harry...I want you to come for me." He whispered, sucking back down, the fingers pushed even roughly in his insides, pushing on it and pulling back, again.

Harry moaned loudly, thrusting his hips up. "Draco I'm gonna come!"

Draco deep-throated Harry's cock, gagging slightly against his throbbing cock. He pushing his fingers in at the same time.

"Ohhh!" Harry arched his back upwards, coming hard inside Draco's mouth.

Draco swallowed it all, sucking Harry's cock to the base, his ass still pulled to fingers out. Savoring Harry's taste for a last moment, he slid on them both. "Grungily."

Harry slowly sat up, groaning at the scar feelings of his orgasm. "I never thought that would happen again..." He looked at Draco, pulling him into a hug.

Draco curled from on his cock, speaking his cheeks open. "You're not
