# The Scars That Remind Us

Draco raised up to the 5th floor, he lost track of time with homework and studying, 30 minutes late. He changed into his dark green worn trunks and a black V neck T shirt under his robes. Harry had gotten to the Potions Master/Professor's workings, wasting time to himself.

Draco untucked the door. "Alohomora." He whispered, slipping in.

The bathroom was pristine clean, shiny lit. The smell of lavender and sandalwood filled the air.

Draco followed the smell to see Harry sitting on the edge of the bath. "Potter?"

Harry turned around, p.o. smile on his face. "I knew you'd be late."

"I lost track of time..." Draco admitted, taking his robes. "I... *Where's here*" he took his shoes and socks o...discarding his wet robes in to the side.

Harry pointed to the faucets going o- as the bubbles started to flo up. "Started the bath as it's hot."

Draco cautiously sat down next to Harry a few feet away. "So what did you want to talk to me about?" He asked, dipping his legs up to his knees in the water.

"Lots of sha...of things we should have talked about a long time ago...some recent things love." Harry started.

Draco sighed, pretty sure he knew a few of the things that would be mentioned. "Love Potter..."

"Let me go first." Harry interrupted. "There's so many things I've wanted to say to you all these years...its been 7 1/2 years..."

Draco knew what was coming...but he still wasn't ready for it.

"You've called my friends horrible names, you've been on the wrong side the whole time...you broke my rose and all the scars and the scent of its scars from all its bandages."

Draco shakily moved his arm towards Harry. "Please..." his wand in his fingers.

Harry had never heard Draco so unsure, he knew it was bad. "Why are you so afraid? Are you going to jinx me with that? Go on hit me."

Draco scrunched, despite, he had many right where he always had had, within striking distance. But all he could do was freeze.

Harry took the wand out of Draco's fingers. "I didn't think so." He placed the wand down on the tile next to the edge on the other side of him.

Draco flinched at Harry's fingers wrapping around his wrist, pulling his arm closer. He tried to pull away, but Harry only gripped tighter. "Ahh!" He hissed.

"Hmmm...you scarred up! Draco are still it was done enough. "Don't move." He unhooked the metal clasp holding the bandages together.

Draco's heart was in his throat. "Don't" He pleaded once more.

Harry ignores the complaint, slowly starting to unwrap the dark green eye bandage. He stopped when he started to see a tint of blood.

Draco met Harry's gaze, knowing his biggest secret, the deformation was killed when about to be revealed. "I just couldn't deal with it anymore..."

Harry looked back at the bandage, removing the last of it. He gasped as the bandages fell out of his fingers. "Malfoy...what have you done?"

Under the bandage had been a large scar in the exact shape of Draco's dark mark, covered in long slash marks and lined scars at old wounds.

Draco shook in sadness, refusing to say anything. He looked at Harry with hardened eyes.

"How long have you been doing this?" Harry asked, touching the mark.

Draco freaked, pulling his arm frantically trying to get away.

Both Harry and Draco got thrown into the water, threating about for oblivion

Harry finally regained control despite his smaller stature, holding Draco's lifty both wrists. "Now stop it! Why are you running from?! There's nobody in here but me!!" He yelled loudly, his lungs dripping water down his face.

"EVERYBODY! Draco screamed. "I am a death eater!!! I am marked!! It will never go away!!" Tears mixed with bath water dripped down his furious face.

Harry's eyes widened, feeling a rush of sadness overcome him. "Malfoy you aren't a death eater anymore Voldemort was killed! His followers all went to Azkaban or surrendered!" he read looking at the rightly agonist Draco's strength. "Stop fighting me!!"

"Potter!!!" Draco sobbed. "You were the hero! I was the bad guy! My father was a supporter of the Dark Wizard who killed your parents and so many of your friends!!!"

"But all of that wasn't your fault! You didn't have anyone to save you! You had no way out! I heard Dumbledore give you a second chance! you couldn't take it!" Harry forced Draco's hands down. "I am right here! Stop resisting!"

Draco's hands went limp, his tears falling as he lowered his head. "Then all dead!!! I could have stopped it! I could have done something!"

Harry finally let go.

Draco sunk half in the water, covering his face in his hands. "So many lives gone!!!"

Harry sunk to Draco level, pulling his hands n his face. "It's not your fault." he repeated.

Draco refused to meet Harry's eyes, not a or he knew what he had done, all the crying and screaming.

Harry turned his head to meet Draco's face. "I'm not leaving you, you can scream and cry all you want, you've been through alot ...so have I."

Draco locked eyes with Harry, looking at the piercing green irises that stared into his own sadness. "Potter...what do you want from me?"

Harry extended Draco's hr arm, looking at all the scars and freshly made cuts. "I want you to never hurt yourself again." He put his hand over the mark.

Draco breathed, trying to move away.

Draco breathed, trying to move away.

"Don't! Let me!" Harry finally squeezed Draco's wrist. Harry looked down at the mark, every detail of the snake was still evident. It was dark and angry from all the bleeding and scars.

Draco resisted Harry didn't look so closely. He gripped when he felt his touch. "Potter!"

"Relax..." Harry looked at the mark with his hand, down to the tops of the snake. "It's not that bad, if you stop cutting the scar will lighten."

Draco let out a shaky breath, swallowing hard. "Potter you...you need to stop."

Harry looked up at Draco, seeing him di exactly than he had before. "Why?"

"Please." Draco pleaded.

Harry let go, taking the bandages out of the water, handing them to Draco. "There's more things we need to discuss."

"You want me to apologize?!? Want me to tell you I was a asshole to your friends?!? What do you want?!" Draco wrapped the soaked bandage around his mark, wincing at the pain.

"Malfoy don't act this way..." Harry pleaded.

"I am not yours you don't get to be my knight in shining armor who swoops in and fixes everything!" He growled, pulling himself out of the bath. Water rushed down his legs, dripping from all sides.

"Malfoy!" Harry called, floating the wet he watched Draco spit on the tub open and slam the door on his way out. "Bloody bullocks!!!" Harry yelled, smacking the water.

---

The next morning came bringing the second day of classes, Draco had turned Blaze out of his bed and slept in it. Harry woke to blaze next to him instead of Draco, signaling that he was still ashamed of last night's discovery.

Harry got showered and dressed in his clean and pressed Slytherin uniform and robes. He liked them, knowing one day he'd enjoy the house he was put into. He walked through the dungeons and the smell of bread had entered the Draco's bedroom to wake.

Draco was sitting at the Slytherin table already, eating Eggs Benedict and a large cup of pumpkin juice. He forced himself to eat and drink so that it was enough for the day.

Pansy slid over to Draco, bumping into him. "Good morning!!!" She yelled.

Draco wiped the spilled juice o the table. "Morning..." he greeted suspiciously.

"There's a rumor going around about you and the Golden boy!" Pansy came out with it.

Draco glared as he sipped his drink. "Morning..." he greeted suspiciously.

"And what exactly did you have?" Draco asked, getting rather aggravated.

"That your whole fault was a fake!" Pansy whispered, plucking a bacon strip from the side of Draco's plate.

Draco slammed his now empty cup on the table. "You are wrong!" Pansy listen to me very carefully. You are no longer my friend! You will never speak of me or any of my business again." He stormy stepped off, leaving the table with his plate.

Pansy sighed a hurtful whine, watching Draco leave. "What happened to you?" She asked not loud.

Draco sat on the steps outside the great hall, scarfing down the rest of his big meal. He abandoned the tray, robes, sweating scratchy uniform. Harry was in the library in the spells and potions section, finishing his homework from last night he didn't do. He didn't feel like eating when they couldn't even speak to him.

Draco was about to go to his first free period when an announcement came from the Great Hall. He was close enough to hear it.

"All classes and events for today have been cancelled! An important meeting has come up for Hogwarts staff members! The ministry has called for the cancelation of classes! Enjoy your day-a- and don't leave school grounds!"

Draco sighed in relief at the announcement. He decided to go back to the dormitory to catch up on some schoolwork.

Harry studied and did homework for his first free period at breakfast time he ended, walking to the Great Hall. He saw Draco standing around and hanging out. "What's going on?" he asked a first years.

"Classes are cancelled for today!" The little boy answered.

Harry felt relieved that he had some down time, he walked back into the dungeons. The lights were o with a few dimly lit wall lights. Everyone from Slytherin was probably out somewhere else.

Draco had taken a long hot shower with the whole house to himself. He blow-dried his hair and sprayed cologne. He hadn't had this much time to get clean and dressed since the Manor.

Harry walked into the dormitories from hall, turning right to walk up the stairs to the boys dorm door.

Draco had shaven every inch of himself, lotion and all, wearing a so black designer T shirt with dark green sweatpants that clung to his hips lovely. He was alone and comfortable, two things he never took for granted.

Harry slowly opened the door in case someone was sleeping, sneaking through until he realized it was empty. I guess everyone is gone for the day..he thought to himself, dropping his book bag by the sectional.

Draco stopped in his tracks at the loud thud, hiding behind blaze's bed he had stolen the night before. He heard footsteps coming and he hid in the walk in sheets and linen closet.

Harry went upstairs, dropping his robes on the trunk at the foot of his bed.

Draco silently opened the wooden blinds of the door, seeing Harry sitting on his bed against the wall. He was about to open the door when Harry started undressing.

Harry took the tie o , tossing it in his personal hamper. He pulled the black jumper o , over his head, the white shirt going right on it.

Draco eyes widened as he saw how toned Harry's chest was, he had never seen because Harry always changed in the walk in the bathroom. I shouldn't be hiding why am I hiding?We asked himself, picking his hand on the latch.

Harry turned his head at the slight metal sound, but he didn't see anything. He pulled the school belt out of the loops of his pants, unzipping his black uniformed slacks. I wish they let us wear whatever we wanted he thought to himself, kicking away the pants that fell down his legs.

Draco couldn't look away, every inch of Harry was toned with just the right amount of fur in it. Wait what am I thinking?! I don't like Potter! I'm not gay!He scolded himself, covering his blush open mouth.

Harry stood down face first on his bed, pushing against the six sheets, he moved on his back, pulling the boxers over himself.

Draco gasped. Don't fall asleep! I'm in here I don't want to be trapped in here all night!He panicked internally, he was about to burst through the door but he saw movement under the blanket. No no no...he's not...

Harry was touching himself under his Slytherin Mascot comforter, rubbing himself over his dark green boxers, his other hand cupped his mouth, chest, pumping his nipple.

Draco had never seen something like this...he looked down at himself realizing he was hard. Bloody hell this wasn't supposed to happen! I'm straight as Hades, I can't be the hands but he knew what Harry was doing.

Harry paced his face as he was had into his bride, clutching his cock in his fingers. "Ahh" He let out a quiet whimper as his hand started to pump himself.

Draco couldn't believe this was happening. This wasn't fair, he shouldn't be seeing this...he couldn't help himself he grabbed his erection through his pants, squeezing lightly.

Harry pushed the comforter down, exposing his chest and stomach. He pumped attentively at his cock, smearing the drips of pre-come over the tip. "Oh shit." he groaned, making his hand go faster.

Draco pulled his cock out through the slit in his sweatpants, pumping himself. Fuck! She gave up, unable to look away.

Harry started to moan each time his hand went from the base to the tip, dripping from how good he felt.

Draco was sitting on the bench with his other hand for support, pumping faster. "She." he let to slip, never feeling so turned on in his life.

Harry stuck his fingers in his mouth, feeling himself get close, closing his eyes tightly. "Ahh ahhhhh" He pushed his hips up, pumping furiously.

Draco was now pumping as fast as Harry, grabbing balls sack on the back as his hand moved up as he started to sweat, breathing heavily.
