Chapter 15: Heaven Will Bring Justice Upon Those Who Lie (1)

Shi Yao recalled the voice she'd heard earlier. "Are you still playing or not? If not—"

So, did that very, very, very pleasant voice belong to [111111]?

Who would have thought that Mister Numbers, the person ranked second on the server's leaderboard, would not only be skilled at playing games but possess such a beautiful voice as well? Shi Yao couldn't help but wonder what he looked like... If he was handsome on top of all that, he would probably be a dream come true for the ladies...

However, before Mister Numbers spoke, [Expert of the Monkeys] said that he'd messaged back a girl and even asked about his relationship with that girl...

If he usually didn't respond to girls, could it mean that... the girl was the person he liked?

While Shi Yao was daydreaming, her other three teammates had arrived by her side.

Similar to yesterday's session, [Expert of the Monkeys] and [Juice] remained by her side throughout the entire round, giving her all of the good equipment and hiding her whenever an enemy was around.

On the other hand, [111111] played as if Shi Yao and the other two didn't exist. He eyed his surroundings for targets to shoot down as if he was playing solo.

The three of them together were indeed a formidable force. Under their lead, even though they couldn't obtain a chicken dinner every single round, their victory rate was still at an astonishing 70%.

Time flew quickly in the game. In the blink of an eye, it was already eleven o'clock.

Shi Yao still had lessons tomorrow, so after starting another round, she informed them that she would be turning in for the night afterward.

Other than the single sentence [111111] had spoken before joining the game, he hadn't said anything else throughout the course of their gaming session.

Shi Yao assumed that she wouldn't get to listen to his voice again that night, but to her surprise, he actually spoke in the last game they played.

This was how it went——

Shi Yao and her teammates jumped into Ferry Pier, and after gearing up, they began to run towards the safe zone.

[Expert of the Monkeys] and [Juice] were still as playful as ever, bickering endlessly with one another along the way.

Occasionally, when Shi Yao heard something hilarious from their interactions, she would chip in a word or two.

When they were just about to enter the safe zone, [Expert of the Monkeys] suddenly asked, "Do you all feel that Sister Yao's voice seems to be getting more and more beautiful?"

[Juice] swiftly replied, "I do!"

Shi Yao was embarrassed by the abrupt compliment, so she remained silent.

[Expert of the Monkeys] continued asking, "Boss, what about you?"

Shi Yao thought that [111111] would remain silent as always, but to her surprise, he actually replied, "What?"

His response was leisurely, but his crisp and soothing intonation made Shi Yao subconsciously turn to him, who was standing not too far away.

He was scanning the surroundings with a 98K in hand.

[Expert of the Monkeys] repeated the previous question, "Boss, I asked if you feel that Sis Yao's voice is getting more and more beautiful."

Shi Yao wasn't sure if she had seen it wrong, but the moment [Expert of the Monkeys] said those words, [111111] seemed to cast a glance towards the bushes she was concealed in.

However, it was just for a brief instant—he continued turning leftward and replied amidst a series of gunshots, “It's so-so.”

Shortly after he said those words, a notification popped up on the screen:

[111111] knocked down [Homework Let's Break Up] by headshot with 98K.
