Chapter 1168: I Don't Want to Live Alone Anymore

Di Qianmo continued, "We're about to enter the Seven Stars Continent. Since you can't leave here, you can only go to the Seven Stars Continent. Moreover, you can only survive by going to the Seven Stars Continent because Dad has been looking for you for nineteen years. He has never believed that you're already dead. He even specially built a princess castle for you in the Di Palace. As long as you reach the Di Palace, you can be the little princess of the Seven Stars Continent in peace."

Feng Qing frowned and said, "Di Qianmo, you plan to make me your second mother, right? You want me to be imprisoned in the Seven Stars Continent forever like Mom and in the Di Palace. Why don't you kill me and free me like you killed Mom?"

As she spoke, she stuffed a gun into Di Qianmo's hand. Di Qianmo was so scared that he immediately threw away the gun and quickly distanced himself from Feng Qing. Seeing him like this, Feng Qing sneered and said, "Why? You just ordered to shoot me. Why are you afraid now?"

Feng Qing asked in confusion, "Why do you have to go back to the Seven Stars Continent? So what if you're exiled? Since you all say that that person is a lunatic, why do you still have to go back? Isn't it good to stay outside and live a carefree life?"

Di Qianmo sneered. "I don't want to live alone anymore. That kind of loneliness..."

The next second, Feng Qing pounced on Di Qianmo. Caught off guard, the man was stunned by her collision. He subconsciously wanted to push Feng Qing away, but a soft and warm fragrance entered his nostrils. Feeling the warmth of Feng Qing's body, Di Qianmo's hands subconsciously wrapped around her back.

Feng Qing said, "Di Qianmo, I know you feel wronged and indignant. You wanted to cry very much, right? It's really been difficult for you to hold it in for so many years. Why don't you cry? You can tell me everything that happened in the past. Moreover, I'm very willing to be an audience member."

Di Qianmo said, "Cry? My tears have long dried up..."

Feng Qing turned around and realized that two streams of tears were flowing down his face that were identical to her. She raised her soft and warm palm and rubbed Di Qianmo's face fiercely, as if she was rubbing a ball of cotton.

Feng Qing said, "When Mom was alive, she told me to let others rub my face and head when I feel sad. When I feel loved by others, I'll feel much better. How do you feel now?"

Di Qianmo's palm, which was twice as wide as Feng Qing's, covered the back of her hand. "Qingqing, rub it again. Your hand is so warm."

...

Seven Stars Continent Navy Headquarters.

Just as Di Qianmo had expected, when the news of the Sixth Princess on the Divine's Light returned to the Seven Stars Continent, it instantly shocked the entire navy headquarters. It wasn't that they didn't know that Di Tianxing had been searching for the Sixth Princess for 19 years, so they immediately reported this news to the Di Palace. Moreover, they also knew whose cruise ship the Divine's Light was. Although the Di Palace had long ordered that they could attack the Divine's Light that had entered the territorial sea, it wasn't up to the navy headquarters to decide whether to fight or not. They still had to wait for the final order from the Di Palace.

...

In the Di Palace of the Seven Stars Continent.

At this moment, the old butler came to the underground like an icehouse again. He knelt at the door and said respectfully, "Prime Minister, there's news from the naval headquarters that the Divine's Light has entered the territorial sea."

After dozens of seconds of silence, a voice colder than ice sounded. "I think I gave an order before. Do you need me to repeat it?"

The old butler's Adam's apple moved. "Fourth Young Master sent a message that Seventh Young Master is also on the Divine's Light."

Di Tianxing was still cold and heartless. "Let the navy sink the Divine's Light and let the two brothers go on their way together. This way, it won't be too boring on the road to hell."

The old butler : "..."

Just as the old butler was about to stand up and give the order, his phone vibrated a few times, so he took it out and took a look. "Chief Butler, after repeatedly confirming with the Divine's Light, the Sixth Princess is also on it."

The old butler was stunned at first, then he mumbled to himself, "How... how is this possible?"

It wasn't that he didn't believe it, but this news was too sudden. The Di Palace had been looking for the Sixth Princess for a total of nineteen years, but there had always been no news. Why did she suddenly appear today? Therefore, his first reaction was that the news was wrong. Perhaps someone was pretending to be the Sixth Princess. Such a person had appeared before, but she was later chopped into meat paste by Di Tianxing and fed to the watchdog of the Di Palace.

The old butler said, "Prime Minister, the people below reported that the Sixth Princess is also on the Divine's Light. I think it's very likely a lie. I'll give the order now."

#### Chapter 1169: Smuggling into the Seven Stars Continent

For the first time, Di Tianxing sat up on the bed. He looked at the old butler and said, "Pass down my orders. Allow the Divine's Light to dock at the Seven Stars Continent's port and send someone to verify the Sixth Princess's identity. If it's not the Sixth Princess, kill everyone on the Divine's Light on the spot!"

The old butler nodded. "Yes, Prime Minister."

Just as the old butler left and returned to the office to give the order, in a room in the Di Palace, Feng Jianing had just finished bathing and walked out of the bathroom. Her stomach was getting sharper and sharper. Two maids helped her put on her clothes and hat. "Miss Feng, please speed up a little. The Prime Minister wants to see you."

Feng Jianing looked at her stomach and had a helpless expression on her face. This stomach was really too troublesome. That day, after she was chased out of the Capital, she and Fu Anlan were like two down and out beggars. They slept under bridges and in holes together and went to the streets to beg. The Cao family came to look for them at most to see if the child in her stomach was still alive. Other than that, they didn't want to have anything to do with them. However, the heavens wouldn't starve them to death. She unintentionally met a person who was specialized in smuggling into the Seven Stars Continent, but she didn't have the money to pay the smuggling fee, so she could only sell her body in exchange for a chance to smuggle. This was also the first time that person had sex with a pregnant woman. He felt that he had opened the door to a new world and was quite satisfied with Feng Jianing in his heart. Therefore, he brought her when he was smuggling and sent her into the Seven Stars Continent by water for free. However, she was still discovered by the strict Seven Stars Continent customs. Later on, this matter somehow reached the Di Palace. Although Feng Jianing wasn't Feng Yiru's biological niece, Di Tianxing thought that she had at least lived with the woman he loved before, so he planned to bring her from prison to the Di Palace.

Even if she was beaten to death, Feng Jianing wouldn't have expected that she would actually be lucky enough to be summoned by the Prime Minister of the Seven Stars

Continent after sneaking into the Seven Stars Continent. She was still in jail just now, but now, she had become the Prime Minister's guest. Even the big reversal movie today didn't dare to film like this.

—

In the huge study room of the Di Palace.

Feng Jianing walked into the study room and asked, "Where's the Prime Minister?"

At this moment, in the study room, there was only a man who looked to be in his early twenties sitting on the sofa and reading the newspaper. She suspected that this man was the Prime Minister's son or some butler from the Di Palace. Seeing the two maids who brought her down, Feng Jianing looked at the young man without fear and asked, "Hey, are you the Prime Minister's son?"

Di Tianxing sneered. "Do you think the Prime Minister will have a son my age?"

Feng Qing was stunned. "Are you his grandson?"

Di Tianxing smiled, revealing a smile that was like the spring wind brushing against his face. For a moment, Feng Jianing was a little infatuated. This man was too good-looking. She had seen so many handsome men in the entertainment industry, but none of them were better-looking than this man. When a woman admires a man, it is equivalent to a man admiring beauty. No woman didn't like handsome men.

Di Tianxing asked, "How long have you lived with Feng Yiru?"

Feng Jianing was stunned. Why was it Feng Yiru again? Previously, the Xian family looked for her because of Feng Yiru, and the man in front of her, who was very likely the son of the Prime Minister, asked Feng Yiru the moment he opened his mouth.

Feng Jianing replied, "Aunt Yiru has watched me grow up. She doesn't always stay in the Feng family. Every time she leaves, she only comes back after a long time. However, our relationship is very harmonious and intimate. She always likes to treat me as her daughter."

Upon hearing this, Di Tianxing murmured, "She can even leave your child behind when she's here. How can she treat you, a person who is not related to her by blood, as her biological daughter?"

Feng Jianing couldn't hear clearly. "What did you say?"

Di Tianxing said, "It's nothing. Why don't you tell me about Feng Yiru being in the Feng family? Oh, you haven't eaten yet, right? I've already gotten someone to prepare lunch in the dining room. You can tell me while eating."

—

Divine's Light.

"D\*mn, what is this damned Ziwei Star trying to do?"

"It's over, it's over. I'm a desperado. I ran out because I committed a crime in the Seven Stars Continent. Now that we've already entered the territorial waters of the Seven Stars Continent, isn't this asking me to walk into a trap?"

"Where's Ziwei Star? He f\*cking killed me. I want to fight him to the death!"

Looking at the familiar coastline of the Seven Stars Continent, the guests collectively panicked. Everyone was afraid of death. Even if they were not bombed, many people did not dare to return to the Seven Stars Continent.

Suddenly, someone shouted, "Everyone, look! Those warships from the Seven Stars Continent don't seem to have any intention of attacking us!"

Chapter 1170: Send You to See God

At this moment, two men wanted to deal with Di Qianmo fiercely in their hearts. One was Di Minghao, who had his stuffed toy torn apart, and the other was Xie Jiuhan, who had just found the mechanism.

However, when Xie Jiuhan opened the door of the secret room and walked in, his expression instantly darkened. Feng Qing was sitting on the floor with her back against the floor-to-ceiling glass window. Di Qianmo was also sitting on the ground. He buried his head in Feng Qing's arms. Feng Qing hugged Di Qianmo's head with one hand and his body with the other. The two of them maintained this hugging position.

Xie Jiuhan: "???"

Seeing that Xie Jiuhan was here, Feng Qing looked at him calmly. Di Qianmo also saw him come in, but he still maintained his position of hugging Feng Qing, looking like he didn't want to care about the man at all. Sensing the man's terrifying aura like a volcano eruption, Feng Qing stared intently at him, as if she was stopping the man with her eyes.

Xie Jiuhan's voice was as cold as ice. "I'll give you three seconds to let go of Qingqing. Otherwise, I'll shoot you to see God!"

Before he could finish his sentence, the man raised his gun and said, "Time's up!"

Feng Qing : "..."

Feng Qing whispered, "Little Jiu Jiu, don't shoot!"

Xie Jiuhan looked at Di Qianmo intently and said, "Don't think that I'll be soft-hearted just because you have the same appearance as Qingqing."

However, Di Qianmo said impatiently, "Why are you disturbing us?"

Xie Jiuhan's expression turned cold. He arrived in front of Di Qianmo like a ghost. The next second, the black gun was pressed against Di Qianmo's head. Xie Jiuhan's eyes widened as he said, "F\*ck, there's no 'us'! Stop being disgusting here. Let me tell you, the Divine's Light is about to dock. Your plan to bury everyone with you has failed."

Di Qianmo said impatiently, "Of course the naval headquarters won't fire on the Divine's Light. They already know that the Sixth Princess, whom the Prime Minister has been thinking about for nineteen years, is here. No one dares to take such a huge risk."

Xie Jiuhan was furious. "You mean you want to send Qingqing to the Di Palace? Use Feng Qing to exchange for the Seven Stars Continent to lift your exilement?"

Di Qianmo did not comment. "Of course. Otherwise, why do you think I dare to come back here so ostentatiously?"

Xie Jiuhan's eyes spewed fire as he smashed the butt of his gun into Di Qianmo's face. "You bastard!"

Blood flowed out instantly. However, Di Qianmo did not wipe it. Instead, he raised his head and looked straight at Xie Jiuhan. The man questioned coldly, "How dare you hug Qingqing? You're a f\*cking cold and heartless beast. You actually treat Qingqing as a bargaining chip. You know better than anyone what that pervert Di Tianxing is like!"

Di Qianmo sneered. "I know very well that that man can destroy Qingqing, so I've changed my mind now and don't intend to hand Qingqing over to him. After the Divine's Light reaches the shore, the two of you will secretly slip away. It doesn't matter even if you're discovered. With both of your skills, you can completely escape the Seven Stars Continent."

Upon hearing this, Feng Qing asked, "What about you? Aren't you leaving?"

Di Qianmo pushed Feng Qing away and smiled bleakly. "I can continue to pretend to be you. Although I'll definitely be discovered, it's enough to give the two of you time to escape."

Di Qianmo started to take off his clothes. It was too easy for him to pretend to be a girl because he had done this since he was young, let alone pretend to be his sister.

Xie Jiuhan pulled Feng Qing into his arms and covered her eyes. Feng Qing asked, "Will Di Tianxing kill you?"

Di Qianmo said, "Five years ago, I was already killed by him once. There's nothing to be afraid of. Actually, I've already lived long enough. People have to have obsessions to live. Otherwise, they don't know why they're living. This time, take it that I'm paying with my life for Mom."

Feng Qing broke free and wanted to rush forward to stop Di Qianmo from changing his clothes, but she heard Di Qianmo shout, "Xie Jiuhan, control her!"

However, when Feng Qing broke free from the man's grip again, Di Qianmo had already disappeared. A layer of mist surged in Feng Qing's eyes. Xie Jiuhan's heart ached when he saw her expression at this moment. He couldn't help but clench his fists tightly. Then, he turned around and walked out of the room.

Feng Qing said, "Little Jiu Jiu, I can't let Fourth Brother die like this!"

Xie Jiuhan said coldly, "That has nothing to do with me. I'm only responsible for your safety. I won't allow you to fall into danger again."

Feng Qing said, "No, I want to see Di Tianxing."

Xie Jiuhan : "..."

Feng Qing caught up to the man and grabbed his hand. "Little Jiu Jiu?"

Xie Jiuhan: "Mm?"
