

The Boss Behind The Game Chapter 715

Ao Jian immediately shook his head to refuse the question.

He had more important things to do.

“That was to ask Mo Lanlan and her son to forgive him. This time, he had come because he had heard that the Sea King was in a life-and-death crisis, so he had rushed over with his nomological sword intent.”

“After all, he had been in contact with the Sea King before, and they had even drunk together. They could be considered friends.”

“This time, he had saved the Shadow Warriors because he knew that the shadow race had already pledged their allegiance to the sea King and was considered a force in the hands of sea chives.”

“This secret might not be known to the outside world, but it was a well-known fact among players.”

“Facing the powerful venerable tree, ao Jian knew that he had no chance of winning, so he was a little nervous.”

“As if sensing ao Jian’s nervousness, venerable tree squeezed out a smile on his wrinkled face and waved his hand to wipe away his tears.””

“””Can you tell me how you obtained the sword venerable’s inheritance?””

“Ao Jian pondered for a while before answering the venerable tree’s question,””

“””Actually, I have already forgotten the details. I only vaguely remember that I had entered a certain illusionary realm and experienced many things. I have forgotten all the details.””

“Hearing this, venerable tree nodded, and he more or less understood.”

“Even though he had never cultivated the way of the sword, he understood a mu very well. With just a few words, he understood how ao Jian had obtained his inheritance.”

“However, he was very confused as to why this memory would disappear.”

“””But since it has disappeared, so be it,”” the tree sighed. It was in line with his wishes when he was alive.”

“He knew that a ‘MU’s greatest regret when he was alive was that his sword intent did not match his own attributes. Although he did not regret his choice, he did not let any of his disciples walk their own path when he taught them later.”

“This was because he knew that he had started it wrong. The road ahead was full of obstacles, but there was an end to it.”

“In the past, a mu was the strongest symbol in a certain sea era, but even so, he eventually reached the end and was surpassed by himself, who caught up later. ”

“Therefore, in venerable tree’s opinion, ao Jian’s memory loss must have been caused by a ‘mu. ”

“This could be seen from the sword intent of laws that ao Jian had obtained. It no longer had the shadow of the sea god’s sword intent, and had transformed into the most fundamental power of sword intent and laws. Wasn’t it because a ‘mu didn’t want anyone to walk their own path? ”

“The venerable tree did not continue to ask ao Jian to not follow him back to the central ocean. Instead, he said kindly, ”” ”

“””What’s your relationship with the shadow Clan?”” As he spoke, the tree pointed at the Shadow Warriors who were imprisoned by the fist intent not far away. ”

“””They’re my friend’s subordinates!”” ”

“””You want to protect them even if you have to pay with your life?”” ”

“””Yes!”” Ao Jian replied without any hesitation. ”

“””I understand.”” Venerable tree nodded indifferently, then turned to the gods of the netherworld Chamber of Commerce and said, ”” ”

“””You guys can go back!”” ”

“Upon hearing this, the gods of the netherworld Chamber of Commerce were surprised. The female Messenger who had been following venerable tree said in surprise, ”” ”

“””Venerable tree, I’m afraid ... This is not appropriate!”” ”

“””Perhaps the shadow Clan was a huge threat to the Chamber of Commerce in the past, but the current Shadow Clan is nothing to be afraid of. Therefore, there’s no need to exterminate them. Let’s leave some leeway!”” ”

“Upon hearing this, the gods of the netherworld Chamber of Commerce fell silent. ”

“In the depths of their hearts, they were more willing to exterminate and not leave any future trouble. ”

“However, they did not dare to disobey the order of the venerable tree. ”

“Venerable tree was a very special existence in the netherworld Chamber of Commerce. Unlike other experts, he usually did things his own way and did not follow the orders of the Chamber of Commerce. ”

“In the eyes of the members of the netherworld Chamber of Commerce, he was an expert who respected and cherished his life. If it weren’t for the fact that venerable sword was still in the Chamber of Commerce, he would have chosen to leave. ”

But cherishing his life didn't mean he was afraid of fighting.

"In several battles, the venerable tree had proven himself with his fists. The legend of invincibility was created by his hands."

"Moreover, the venerable tree had an unpredictable personality."

He didn't kill experts!

"He would not kill any expert he defeated, even the ancient gods that the netherworld Chamber of Commerce regarded as a great threat."

"And every time he defeated his opponent, he would leave a message."

""Life is precious, and it's even more precious to be able to cultivate to this realm. Live on!"" "

"He was such a strange expert, who had always illustrated the value of life in this world where life was like grass."

It was also because of this that the venerable tree had a special status in the entire central Sea area.

"Even though some forces regarded the netherworld Chamber of Commerce as their mortal enemy, they still treated venerable tree with respect."

"At this moment, although the gods of the netherworld Chamber of Commerce could see that venerable tree wanted to let the shadow race go, they didn't dare to disobey. They immediately followed the order of venerable tree and tore open the space to leave."

"After the gods left, venerable tree looked at ao Jian."

"At this moment, in the eyes of the tree, ao Jian was a 'MU's heir and his junior."

"If he wanted to protect the shadow Clan, then he would not kill them."

"As for the higher-ups of the netherworld Chamber of Commerce, he would just ignore them!"

""Do you know what happened to the sword Saint before he died? can you tell me in detail?"" "

"Hearing this, ao Jian revealed a strange expression."" "

""You really want to know?"" "

"The tree nodded."" "

""I really want to know!"" "

""Then don't hit me when I tell you, even though it has nothing to do with me!"" "

“Venerable tree was puzzled, but he still said,”” ”

“””Just say it.”” ”

“Ao Jian decided to tell the truth about the venerable tree, who had helped him protect the Shadow Tribe. For some reason, he felt that the venerable tree gave him a very familiar feeling, as if he was a family member, even though they had never met before. ”

“Then, ao Jian told him in detail about the appearance of the netherworld Swordmaster in Beiqi and the disappearance of venerable devil ape. ”

“During this time, venerable tree listened quietly, his face neither happy nor sad. ”

“A few hours had passed by the time ao Jian finished speaking. As the sun set on the horizon, the afterglow shone on the wrinkled face of the venerable tree. Ao Jian suddenly felt the sorrow in the venerable tree’s heart. ”

“””I knew that if he continued down this path, this day would come. But I always thought that I could protect him.”” A touch of sadness appeared on venerable tree’s face, and tears welled up in his eyes as he shook his head. ”

“They had accompanied each other for a lifetime. They had encountered many hardships on this journey, but they had all supported each other and overcome them. ”

“However, he wasn’t by his old friend’s side during this calamity, and he didn’t even see him for the last time. ”

“The tree felt guilty, remorseful, and reluctant to leave. ”

“From now on, you will no longer be by my side ... ”

“””I didn’t expect you to be a member of the player family. But since a ‘mu didn’t die in your hands, there is no enmity between us. You are a’ MU’s heir, which means you are my junior. I won’t hurt you.”” Venerable tree smiled faintly and patted ao Jian’s shoulder. At that moment, a stream of vitality was injected into ao Jian’s body. ”

[Game hint: you have obtained the elements of life ... Which can be converted into 9 million health points. You can consume them in battle and help you heal all injuries in an instant until the elements of life are exhausted or you suffer a fatal injury.]

“Hearing the game notification, ao Jian was stunned. ”

“F * ck, isn’t this life element the “”HP recovery potion”” in the store? ”

“However, in ao Jian’s opinion, the life elements were much more powerful than the potions from the merchant shop. With these 9000000 health points stored in his body, he felt like he was practically immortal! ”

“Looking at ao Jian’s shocked face, the venerable tree did not say anything more. He turned around and opened a space crack. ”

“”Where are you going?”” Ao Jian asked subconsciously. ”

“”I’ll find that devil ape venerable and teach him a lesson!”” With that, the tree smiled and stepped into the space crack. ”

Ao Jian was still in shock when the spatial tear closed up.

“He had thought that it would be a tough battle. He had prepared the “soul praying wine” and was ready to kill him. Even if he couldn’t win, he would have to spend money to make his opponent cry. He didn’t expect it to end like this. ”

“Moreover, the player Army was already on their way. He had only arrived earlier by relying on his nomological sword intent. ”

“Thinking of venerable tree going to find venerable monster ape, ao Jian suddenly realized that a great battle was about to take place. ”

“After a moment of silence, ao Jian shared his encounter here in the regional voice channel. ”

“At this moment, the players who heard this news were just as dumbfounded as ao Jian. ”

“”Um ... Big Boss ao Jian, didn’t you go to die?(forgive me for being a bit direct), how did you settle it?”” ”

“”I’m now seriously suspecting that Big Boss aojian is a spy planted by the netherworld Chamber of Commerce in my family. I have evidence!”” ”

“”You can make the gods of the netherworld Chamber of Commerce leave just by showing your face? If I f * cking believe you, I’ll have wasted three years of fighting. Ao Jian is definitely a spy without a doubt (funny)”” ”

“”Face ... Face? I’m suspecting that ao Jian is going through a hidden plot that subverts a player’s family. Tell us the truth, ao Jian, you’ve been targeted by us, so please cooperate with our investigation!”” ”

“”Is there such a possibility? didn’t ao Jian obtain the netherworld Swordmaster’s inheritance? perhaps the hidden plot ‘the destruction of the player clan’ was activated at that time. I’m smart enough to see the truth!”” ”

.....

Ao Jian’s face was filled with black lines as he opened the chat box and looked at the idiotic players ‘replies.

How could this group of sand sculptures be so whimsical? how infuriating!

“After closing the chat window, ao Jian’s eyes began to scan his surroundings. This was because until now, he had not seen the most important person, ‘sea chives’.”

“At this moment, ao Jian suddenly thought of a possibility.”

“The sea leaks wouldn’t be cut, would they?”

“Thinking of this, he couldn’t help but shiver and quickly sent this guess to the chat box.”

“At this moment, the players ‘minds exploded ...”

.....

“At this time, the Sea King naturally did not know that the players ‘mentality had exploded because of him. At this moment, he was cursed and felt weak all over.”

“As the power of the curse spread through his body, it constantly destroyed his body’s functions.”

“The Sea King tried to control the power of death to resist it, but the curse of the female divine messenger was not afraid of the power of death at all. It wreaked havoc in his body, destroying everything along the way.”

“In the face of life and death, the Sea King did not give up. It gritted its teeth and persevered.”

“However, as time passed, he became weaker and his body became a mess. His consciousness was also becoming blurry.”

“After persevering for a while, the Sea King finally chose to give up, because it knew that it would die without a doubt. Any further struggle would be in vain.”

“As death approached, the Sea King suddenly found that its heart had become very calm.”

“In the depths of the quiet ocean, his body was still sinking. At this moment, the Sea King’s mind replayed his life.”

From the time the boy from the kingdom of the mutt sea who was jealous of mu Zhiguang’s excellence ran away from home ... Establishing the ocean King Army ... Dominating the sea of vanity ... Meeting a player clan ... Obtaining the power of the Lord of Death ...

“This life had been very exciting, but the Sea King felt that it had not lived enough.”

“If I keep going, how far can I go? can I overturn the netherworld Chamber of Commerce and replace it?”

“The Sea King’s consciousness was already fuzzy as it dived deeper and deeper into the sea, until there was no trace of light in its surroundings.”

“However, just as the Sea King’s consciousness was about to fall into chaos, he suddenly felt a force pulling him up.”

“A moment later, light appeared in front of him.”

“The Sea King opened its eyes with difficulty and found that everything was white. At the same time, it also found that a dog’s head was looking at it with a disdainful expression.”

“”Little brother, have some milk. I think you’re quite sick!”” ”
