

At The Bottom Chapter 4

The girl was beautiful, a white lace bottom, a large triangular slouchy black top with a camel coloured scarf and a narrow skirt that draped beautifully, looking very literary.

“Buddy, come here, let me introduce, this is my recently made girlfriend, He Min, also from our school, an art major.”

At this time, Chen Feng walked out from the bathroom.

Chen Feng was also quite handsome, one meter eight, with rather long bangs, and looked to have a mysterious and feminine feel to him.

“Minmin, this is my good buddies from the dorm, Lu Yuan, Zhang Hui and Song Chun.”

“Hello guys.”

He Min did not look very enthusiastic, but did greet Lu Yuan and the others, with a moderate attitude, not cold or hot.

“By the way, Lu Yuan, I heard that you and Li Mengyao broke up?” Chen Feng sighed, suddenly smiled again, patted Lu Yuan, “but old Lu you do not feel sad, I came with Minmin today, has agreed, later we dormitory brothers, and Minmin her dormitory girls, get together, we do a joint dormitory, tell you, Minmin dormitory girls, are very beautiful, later, you play well play ah, ha ha! I’m not going to tell you.”

“Wow, really!”

At once, Zhang Hui and Song Chun both couldn’t contain their inner ecstasy.

He Min was from the art department, so the girls in her dorm room must be of a particularly high quality.

However, when they calmed down, Zhang Hui and Song Chun muttered in their hearts that they were both very passable, not handsome, and their families had no money, so they couldn’t even chase after ordinary girls, so how could they pick up a girl from the art department.

“Well, I’ve already booked the place, Dongli Little Bar, then let’s get ready and go over there, Minmin, have the beauties in your dorm room moved on?” Chen Feng said.

He Min nodded, “Just now Jiu’er sent me a WeChat, they’ve all arrived.”

Saying that, He Min looked at Lu Yuan and the others again, “Right, you three should change your clothes too, change into your best clothes, Chen Feng and I will wait for you outside.”

“Guys, hurry up!”

Chen Feng squeezed his eyes and took He Min out with him.

The two of them waited right at the front door of the dormitory building.

He Min frowned: “Chen Feng, these three boys in your dormitory, they are too ordinary, they all seem to hate ordinary boys, except for that Lu Yuan who looks a little bit tasteful, but the clothes are too inferior, and the other two are just popular faces, our dormitory sisters definitely can’t see them, and I saw the supplies on their tables, they are also very ordinary, no money and no taste. I’ve seen the supplies on their table, they are also very ordinary, no money and no taste, thanks to you praising them in front of me how good they are.”

“These buddies are all very nice, especially Lu Yuan, you don’t know how good he is to that Li Mengyao, for Li Mengyao, he worked outside for more than a month and earned more than three thousand yuan to buy Li Mengyao a new mobile phone.” Chen Feng said.

“How silly, still not dumped by someone?”

He Min skimmed her lips.

Then she added, “So what, Jiu’er her set of cosmetics is more than three thousand, and Jiu’er, this person, has a particularly poisonous mouth, if she looks down on the people in your dormitory, when the time comes, I’m afraid they won’t be able to step down, and the people in your dormitory, and my sisters, don’t even feel like the same way.”

“Then what?” Being said by his girlfriend, Chen Feng also felt a bit reasonable.

Although he had worried and worried about the dormitory brothers’ love life day and night, but if the brothers were despised, this was not what Chen Feng wished to see, “It’s just that now that it’s all said and done, it’s impossible to just let it go, they will definitely think more about it too.”

“Sigh, let’s just do it this time.” He Min said helplessly.

As they were talking, Zhang Hui Lu Yuan and the others had already come out.

Zhang Hui and Song Chun had both changed into their best clothes, and Song Chun was wearing a pair of Li Ning shoes that she could not afford to wear.

Lu Yuan was the only one who still looked the same.

“Lu Yuan, why haven’t you changed?” He Min said.

“What I’m wearing is already my best.”

With one word, He Min had nothing to say, and sighed in his heart, hoping that Jiu’er would be kinder then and not catch this guy.

At this moment, in the Dongli small bar.

A few girls were sitting around a table, chattering away.

These girls, all very attractive to the eye, tall not to mention, also know how to dress, look white and beautiful.

Especially the one in the middle, her eyes were curved as if they had spiritual autumn water, a smile was enough to make people drunk, and her long thin legs made people linger to look at her.

“Jiu’er, you were a bit upset after you came back this morning, what’s going on, tell me?”

The girl next to her, asked the one in the middle.

“At first I was unhappy, but now I look back on it and I just want to laugh.” Qin Jiu’er said.

“What, Jiu’er you tell us quickly.”

“Yeah, yeah, tell us quickly.”

The girls were really quite fond of gossiping and were all instantly piqued with curiosity.

“Actually, it’s quite simple, I was eating in the Texaco in the morning, and there was a boy sitting next to me, who had been reading and studying, and although he was dressed in rags, he was very serious, and at first I admired him. Only, then I went to the bathroom for a bit and when I came back guess what?”

“What?” The girls’ eyes got even wider.

“That boy actually sat in my place, took my leftover food and ate it up, drank my leftover drink, ate like a wolf, at that time really stunned me!” Qin Jiu’er said here, patting her chest again, as if she was still scared.

“No way, there are still such people?”

“I know, that boy must have had no money for food and thought Jiu’er had gone off to eat leftovers!”

“Wow, there are still boys like that these days, it’s so humiliating!”

“Anyway, if it was me, I don’t have the face for it.”

“This kind of boy is so hangry.”

“Forget it, let’s not talk about that, let’s talk about something happy.” Qin Jiu’er spread a smile, “I just messaged Minmin that we’ve arrived, and the three boys from Chen Feng’s dorm are coming along, hehehe.”

“I heard that they are from the management school, wow, a boy studying management, he must be quite handsome.”

“Studying management, wouldn’t that make him the president in the future, wow gah, must catch one.”

“I’ve heard that those who study management are all rich, ah, I wonder if I’m wearing too much make-up.”

The girls pulled out small mirrors and squeezed their eyebrows at them, trying to achieve perfection.

At this time, Lu Yuan and his group also came in.

“Let’s go, let’s go over.” Chen Feng said with a smile.

The two guys, Zhang Hui and Song Chun, had excited and nervous faces.

“Jiu’er, Nana, Man Man, we’re here!” He Min greeted his sisters and came to the front.

“Minmin, Chen Feng!”

Only, after Qin Jiu’er and the others saw the two of them, Zhang Hui and Song Chun, their originally enthusiastic and excited moods suddenly went cold.

These two boys were very ordinary.

They had no interest at all.

“What were you guys talking about just now, I could see you laughing from a long way away.”

He Min said.

She and Chen Feng were the introducers for both sides, they were the only ones who were familiar with both sides, and she knew that the atmosphere mainly depended on herself and Chen Feng to move things around.

Seeing that Qin Jiu'er and the others' moods were starting to drop, she could only come and lift the atmosphere.

"What are you happy about, say something, let's all be happy together." He Min continued.

"Nothing more, it's about Jiu'er meeting a boy in the Texaco, Jiu'er, Min Min hasn't heard of it yet, so tell us about it." Gu Na said.

Qin Jiu'er also told the story about a boy stealing her food.

Everyone listened and laughed for a while.

"Sit down all, Zhang Hui, you sit next to Chen Man, Song Chun, you sit next to Gu Na."

He Min said.

This was how she had deliberately arranged it.

Because inside the sisters, Qin Jiu'er was the prettiest and the most demanding.

And inside Chen Feng's dormitory, although they all wore ordinary clothes, Lu Yuan was the most okay-looking.

So He Min secretly arranged Lu Yuan next to Qin Jiu'er, naturally to control Qin Jiu'er's emotions.

After all, if Song Chun or Zhang Hui had been placed next to Qin Jiu'er, Qin Jiu'er might have been even more depressed.

Of course, He Min also knew very well that even if Lu Yuan was placed next to Qin Jiu'er, it would be useless, Qin Jiu'er would definitely not be able to see Lu Yuan, after all, Lu Yuan's outfit was too drab.

The only thing is, the short man is a general, and He Min can't turn out a rich and handsome man.

"How come there are only two boys here?"

Qin Jiu'er said.

“Oh, Lu Yuan, he went to the washroom, he’ll be here soon.” Chen Feng said, “Let’s order some food first, you guys chat, feel free to chat, haha, we’re all young.”

So, Chen Man and Zhang Hui, Song Chun and Gu Na, also chatted with each other.

Chen Man and Gu Na, didn’t really want to chat, but they had to give face to Chen Feng and He Min, and they couldn’t pretend too much.

Zhang Hui and Song Chun, on the other hand, are also chatterboxes in private, and they are usually good at gags, but when they meet a pretty girl, they get tongue-tied and have brain cramps, and they can’t even speak properly.

Anyway, they just stumbled around chatting.

Qin Jiu’er had no interest at all in Zhang Hui and Song Chun, and was not interested in chatting at all at this point.

Her heart was always on the body of Lu Yuan, who hadn’t come yet.

The sight of Zhang Hui and Song Chun had already chilled her expectant mood.

At this moment, she only hoped that Lu Yuan was a management school bully and a high-flyer, a real rich second generation who had come to study management in order to inherit the family business.

“Jiu’er, what are you doing, why are you always looking in the direction of the bathroom?”

Gu Na said with a smile.

“Needless to say, I must be looking at Lu Yuan.” Chen Man also said with a smile.

These two were honestly quite excited about Lu Yuan.

Although Lu Yuan wasn’t sitting next to them, but again, Zhang Hui and Song Chun had let them down, so they only hoped that Lu Yuan was a rich and handsome guy.

“Hey, Lu Yuan!”

It was at this moment that Lu Yuan came out and Chen Feng hurriedly beckoned him over.
