

THE ELITE ASSASSIN BECOMES A FLAT AND UGLY NERD!

Chapter 12

Incident On The Bus

The auntie's voice was sharp and loud. Under her fake comical tone, the surrounding people laughed out loud and turned their gazes to the fat Shan Yue, preparing to watch the show. She could also hear the sound of thin, whispering voices mixed with the words "fat pig," "so fat," and "so ugly."

Shan Chen's face turned red. He had always been thin-skinned. Being placed in front of everyone like this made him want to find a hole to hide in.

However, what worried him more was his sister, Shan Yue. Although he had not been close to her in the past, he knew her personality. She was timid and weak. She often hid in her room alone and cried. She never spoke back when she was scolded.

And how helpless and afraid must a girl be to be talked about in public and mocked by so many people?

Shan Chen thought that Shan Yue might be so uncomfortable that she was about to cry. He could not bear to see her like this, so he gained some courage out of thin air. He took a step forward and tried to block Shan Yue's huge body. Just as he was about to open his mouth to retaliate, his body was suddenly pushed gently.

The Host might have a weak personality, but she, Shan Yue, was definitely not someone who was willing to endure anger. Shan Yue quietly pushed away Shan Chen, who was trying to cover her embarrassment, in front of her. She raised her chin slightly and puffed out her chest, looking confident and disdainful. "So what if I'm fat? Did I eat your rice? On the other hand, you old

fellow, you're full of shit in public. Those who don't know might think that this is a toilet!"

"You, how can you say that? Do you have any upbringing?" The auntie was agitated and pointed at Shan Yue.

"Do I have an upbringing? Is it up to you, someone who casually attacks others' appearances, to say anything? It's really hard on you to be so old and still have such a vicious mouth. You've really lived in vain for the past few decades!" Shan Yue was fearless as she stared straight at the auntie and retorted.

Feeling that it was not enough, Shan Yue continued, "You attack others all day long. Why don't you look at yourself? Even if you don't have a mirror, you still have to pee, right? Look at your wrinkled skin, it's like a thousand-year-old tree has become a spirit. Look at your teeth, they're even more disgusting than a toilet that hasn't been cleaned for decades. And your face, it's so bitter. It's as if everyone owes you millions. No wonder you do things like cursing when you get on the bus!"

Shan Yue's intense output stunned Shan Chen, who was still worried. He watched in a daze as Shan Yue educated the auntie until she was speechless. For a moment, he felt very confused.

So his sister was actually so fierce and powerful when she scolded people? Previously, when Sun Ling and Shan Xing insulted Shan Yue, Shan Yue did not retort. Was it because she tolerated them on account that they were family?

In an instant, Shan Yue's image in Shan Chen's heart became much greater.

The auntie's mouth trembled from the scolding. She stuttered for a long time before gritting her teeth and howling, "You dared to scold me, I'll scratch you to death!"

However, Shan Yue, who looked as thick as a city wall, was very agile. She pulled Shan Chen to the side and quickly dodged. The auntie missed and there were many people on the bus. She actually bumped into someone.

“Aiyo, are you crazy!” Someone cursed unhappily after being bumped by the auntie.

“That’s right! If you’re so uncultured, don’t take the bus! You scold and scratch!” someone echoed.

“This old lady is really annoying!” The other onlookers chimed in.

In just a few minutes, the direction of the wind in the bus changed to reprimand the auntie. Compared to the fat, ugly, but not troublesome Shan Yue, the auntie who scolded and bumped into people naturally looked even more detestable.

Knowing that she was in the wrong and could not beat Shan Yue in scolding, the auntie’s face was ashen. As soon as the bus arrived at the station, she quickly got off.

Shan Chen immediately pulled Shan Yue to an empty seat. His eyes were sparkling as he approached Shan Yue and asked, “Sister, why are you so domineering today?”

“Is this called domineering? I think it’s very ordinary.” Shan Yue shook her head and said calmly.

It was only because it was inconvenient for her to make a move now that she scolded that auntie so much. As long as she recovered a quarter of her former strength, she could directly lift the auntie up and throw her out of the bus!

After the bus incident, Shan Yue and Shan Chen rushed to school ten minutes before class started. However, as soon as the two of them stepped into the school building, they bumped into a familiar face.
