

THE ELITE ASSASSIN BECOMES A FLAT AND UGLY NERD!

Chapter 13

Teach a Cheeky Person a Lesson

The person in front of her was very familiar. There was no other reason. It was because this person was the male lead who was filled with all the memories of the Host's crush—Yu Hao.

Objectively speaking, Yu Hao was quite good-looking. He had a high nose bridge, black and neat eyebrows, and short hair. He was indeed the type many high school girls liked.

However, he was not within the range of Shan Yue's aesthetics. Shan Yue only felt that he was as thin as a chick. He was gloomy and weak and did not look manly. She glanced at him hurriedly and continued walking.

Due to the disability of his right leg, Shan Chen usually walked with a slight limp. This was also the source of his inferiority complex. This time, because he was walking beside Shan Yue, he was actually noticed first.

"Hahaha, Yu Hao, look. Why is this cripple walking with the fat girl who's chasing you? It looks so funny." A dark-skinned boy beside Yu Hao, named Zhao Rui, laughed heartily.

The unnatural state of his disabled leg and walking had always been a point that Shan Chen was very concerned about. When he was suddenly called a cripple, Shan Chen's body stiffened. He immediately felt that ten thousand gazes were looking at him.

Shan Yue had already walked a few meters away when she suddenly heard this deliberately provocative voice. She stopped in her tracks and turned around with a frown.

Yu Hao did not say anything. He only glanced at the siblings Shan Chen and Shan Yue with disdain. To him, who had always been arrogant, it was a humiliation to be liked by someone as ugly as Shan Yue.

A few days ago, when he heard that Shan Yue was waiting for him by the lake and fell into the water, he was very happy. He thought that he finally didn't have to be pestered by this ugly woman. But Shan Yue appeared again. Why wasn't she drowned?

"Aiyo, the fat girl heard this. I have a question. Why do all freaks like to gather together? Look at this combination of a cripple and a fatty..." Zhao Rui wanted to continue, but before he could finish, he was hit by a huge force and smashed into the wall.

She used her weight advantage to hit the other party directly. This was an attack method that Shan Yue had developed when she was training at home. It was very useful and saved her energy. She pushed Zhao Rui against the wall and lifted his collar. She said impatiently, "Do you like to be cheap?"

It was fine to humiliate her. The Host had been in this school for two years and had always been the target of bullying. Shan Yue was already prepared, but this guy had also found trouble with Shan Chen in passing. This was something she could not tolerate.

Shan Yue hit Zhao Rui's head against the wall again. Zhao Rui cried out in pain and shouted, "It hurts! Are you sick? Let go!"

Not only did she not let go, but Shan Yue even exerted more force. She shouted coldly, "Apologize to Shan Chen and I'll let you down!"

Seeing the students coming and going, Shan Chen looked troubled. He tugged at Shan Yue's clothes and whispered, "Sister, I'm fine. Don't provoke them..."

In this school, there were many people who did nothing and liked to have fun. Zhao Rui was such a hooligan student. Shan Chen was worried that Shan Yue would suffer greater malice because of him, so he stopped her.

However, Shan Yue's philosophy was that if others did not offend her, she would not offend them. If others offended her, she would definitely return the favor a hundredfold. If she blindly retreated, it would make these people even more unscrupulous.

Therefore, Shan Yue raised her fist and pretended to punch Zhao Rui in the face.

Seeing Shan Yue's sandbag-sized fist, Zhao Rui was scared out of his wits. He said anxiously, "I was just joking with you. Why are you so serious?"

"Joking? Then I'll joke with you now!" Shan Yue was unmoved.

Seeing that the fist was about to land on his face, Zhao Rui shouted in a hurry, "Yu Hao, Yu Hao! Doesn't she like you? Tell her to stop!"

At this point, no matter how much Yu Hao did not want to get involved with Shan Yue, he had no choice but to step in. He frowned and stood beside Shan Yue. "Shan Yue, quickly let go of Zhao Rui and apologize to him."

In Yu Hao's opinion, this fat girl who had a crush on him for several years and was even willing to jump into the lake for him would definitely listen to his orders. She might even be shy for a while.

As for the matter of him being disgusted by the fat girl, he would settle it with Zhao Rui later.

However, when Shan Yue heard this, she looked as if she had eaten a fly and said disdainfully, "Yu Hao, is there something wrong with your head?"
