

THE ELITE ASSASSIN BECOMES A FLAT AND UGLY NERD!

Chapter 17

A Bunch of Little Gangsters

Swallowing her resentment, Li Xiao took a few deep breaths before coming back to her senses. She tried her best not to look at Shan Yue, who was sitting in the corner, and pretended that nothing had happened.

The morning passed quickly. After the commotion in mathematics class, no one dared to provoke her for a while, so Shan Yue slept comfortably for two lessons.

When school ended at noon, the students who were in a hurry to go to the cafeteria to eat quickly left one after another. Shan Yue also packed her bag and prepared to eat with Shan Chen. She still remembered that when they parted in the morning, Shan Chen had told her solemnly that he would have lunch with her in the future.

This cheap brother of hers looked cold and indifferent, but he was actually still very clingy!

However, instead of Shan Chen, a few uninvited guests arrived.

Bang! The wooden door of the classroom was kicked open and a few gorgeously dressed girls strode in. As they walked, they scanned the classroom and quickly fixed their eyes on Shan Yue.

The girl in the lead was called Chen Min. She was extremely beautiful and had an arrogant personality. In the past, she often bullied Shan Yue with her followers.

Chen Min's gaze locked onto Shan Yue, who was carrying her school bag in the corner and was about to leave. She screamed aggressively, "Shan Yue, stop right there!"

She had always liked Yu Hao and had been pursuing him fiercely during this period of time. Unfortunately, Yu Hao had never responded directly, which made her very vexed. Chen Min, who could not court anyone, decided to vent her anger on the fat pig girl. Why should a poor and ugly fat pig girl like the same man as her? It was really disgusting!

When she heard that the fat pig girl, Shan Yue, not only hit Yu Hao's friend this morning, but also mocked Yu Hao in public, she was about to explode with anger. How dare this b*tch, Shan Yue, treat Yu Hao like this?

Hence, she brought a bunch of followers and blocked Shan Yue's path after school. This time, she was going to teach Shan Yue a lesson and teach this fat girl a lesson.

Chen Min's stance frightened the remaining students in the class. They did not want to cause trouble. The people in the classroom quickly left, leaving only Shan Yue and Chen Min.

Shan Yue narrowed her eyes. Was the cry that sounded like a chicken coming from this girl in front of her?

After carefully sizing up Chen Min's appearance, Shan Yue's gaze turned cold. This Chen Min was an acquaintance! In the Host's last memory, wasn't Chen Min the person who pushed her into the water and caused her main soul to fly away?

"You're quite self-aware. I didn't even look for you, but you came looking for me." Shan Yue's lips curled up, and her eyes were dangerous. Since this guy dared to appear in front of her, she would avenge the Host!

“You b*tch, you’re really unscrupulous in order to seduce Yu Hao. Sisters, hit her!” When Chen Min saw Shan Yue like this, she felt even more disgusted and wanted to vomit. With a wave of her hand, she instructed her lackeys behind her to beat up Shan Yue first.

The lackeys who followed Chen Min were all hooligans who were used to fighting. They were used to following Chen Min and committing all kinds of crimes. In any case, they did not have to bear the responsibility if anything happened. After all, Chen Min’s father was an important councilor in the city. He might become the mayor in the future!

Taking out the baseball bat that they had prepared earlier, the hooligans rushed towards Shan Yue. According to tradition, Shan Yue should immediately cover her head with her hands and hide in a corner to cry.

However, to their surprise, Shan Yue’s expression was calm. When they were in front of her, she suddenly raised her leg and kicked them one by one.

Shan Yue’s legs were full of fat. This kick seemed to weigh a thousand pounds. The hooligans in front fell back and hit the hooligans in the back. In the end, they all fell in a mess on the side of the desk, smashing it to pieces.

But it wasn’t over yet. Shan Yue aimed at Chen Min, who was behind her. She gathered her strength and turned her body sideways, using her shoulder as the impact point, and slammed into her.

“Kill her—” Before Chen Min could finish gritting her teeth and shouting, she was suddenly interrupted by Shan Yue. She could only watch as she felt a huge force and pain. Then, her body suddenly fell to the ground, and Shan Yue quickly rode on her.

“Ah!” Chen Min saw Shan Yue’s big face covered in flesh appear in front of her, her eyes revealed a fierce glint. She was immediately frightened out of her wits, and her throat was about to burst from shouting.
