

The Good 1071

Chapter 1071: Mummy, There's a Crowd of Perverts Here! (3)

It could be seen that the forces of Sun Never Sets were extremely top-heavy, so there should not be many who could compete in this group battle.

However...

Elder Wen remembered Qi Xia who appeared with Shen Yanxiao that day. Even though he did not know Qi Xia's identity, he knew that Qi Xia possessed a mythical beast.

That young man had not appeared in the previous battles. Perhaps Shen Yanxiao had arranged for him to participate in the group battle?

That was good as well. Shen Yanxiao could only rely on that young man. With a mythical beast on her side, he believed Group Blizzard City would not have an easy time winning. It would be beneficial for Twilight City if they were to consume each other's strength.

Elder Wen instantly felt happy by this.

The powerful lineup of Blizzard City shocked everyone. However, when the Phantom members appeared with Nangong Mengmeng, everyone in the stadium was stunned.

"Seriously? Sun Never Sets only sent six people? And all of them are underage youths? F*ck! There's even a woman! What is Shen Yanxiao thinking!" No one could understand Shen Yanxiao's thoughts.

Logically, city lords would squeeze in as many people as possible in such a battle. The more people they had, the more fighting power they had. However, there were only six participants on the side of Sun Never Sets.

That did not make sense.

Furthermore...

Those six participants did not look old. They looked to be around 16 to 17 years old. What was even more disgusting was that there was a girl with a delicate voice and soft body that looked easy to push down!

Even though the six of them were handsome and pretty, this was a fight!

It was a fight of strength, not appearance!

Did Shen Yanxiao intend to use the honey trap?

Is it alright for you to mess around like this?

Everyone was speechless.

She looked at the ten iron-blooded men in Blizzard City.

She then looked at the five handsome and elegant young masters and the delicate young lady on her side. No matter how she looked at it, it did not seem like the scene that should have appeared on the same scene.

The visual difference was too huge!

However, when Qi Xia and the others stepped onto the stage, Wu Run's expression darkened.

"Brother Wu Run, long time no see." Qi Xia greeted Wu Run with a smile.

Wu Run's lips twitched as he looked at Qi Xia and stiffly said, "Third Young Master Qi, I trust you have been well..."

Qin Qiong looked at Wu Run strangely. When Long Fei went to Sun Never Sets to seek help from Shen Yanxiao, Qin Qiong did not go. It was Wu Run who followed him. It was not strange that Wu Run knew people in Sun Never Sets, but...

Why was his expression so twisted?

"What's wrong?" Qin Qiong softly asked.

With a darkened expression, Wu Run said to Qin Qiong, "What do you think of the strength of the young man that just spoke to me?"

Qin Qiong looked at Qi Xia and realized that he could not see through his strength. There were only two explanations for this situation.

First explanation: Qi Xia was an ordinary person without possessing any magic or battle aura.

Second explanation: Qi Xia's strength was far above his.

Qin Qiong was already the strongest existence beneath the second class promotion. If he was stronger than him, wouldn't that mean...

"Don't tell me that this Third Young Master Qi is also a Second-Class Expert..."

Wu Run nodded in grief and indignation.

Qin Qiong suddenly had the urge to die!

Could the people of Sun Never Sets not be so abnormal? It was not enough for them to have a crazy City Lord who trained in both magic and battle aura at the age of 14 and had broken through to the second class promotion. Right now, they had even brought him a young man who had broken through to the second class promotion at the age of 16 or 17. How could they live!?

Chapter 1072: Impressive-looking But Useless (1)

"Take a look at those around him." Wu Run was on the verge of crying.

Qin Qiong looked at Tang Nazhi, Li Xiaowei, Yan Yu, Yang Xi and Nangong Mengmeng one by one. With the exception of Nangong Mengmeng who was an Advanced-level Professional, he could not identify the strength of the other four.

What did that mean?

Qin Qiong no longer wished to think about it.

No wonder Shen Yanxiao had only sent six participants to the stage. Five of the six were Second-Class Experts alright!

Qin Qiong nearly vomited blood. There were not many Second-Class Experts in the entire continent. For example, other than the five heads of the God Wind Alliance, the number of people who could break through to the second class promotion could be counted with one hand.

How savage was Sun Never Sets? Not only was the City Lord a Second-Class Expert, but she also had five Second-Class Experts under her command. That was simply too heaven-defying.

“This... how are we supposed to fight?” Qin Qiong wanted to cry but had no tears as he looked at Wu Run. The strength of a Second-Class Expert was too terrifying. Advanced-level Professionals like them were experts in the eyes of ordinary people, but in front of a Second-Class Expert, they were like defenseless babies!

“Isn’t it too late to forfeit now? How about we put up a desperate run? If we can’t win, we should at least let the magical beasts exchange blows.” Wu Run swallowed his saliva. That was the only method he could think of.

Unfortunately, their magical beasts were high-level magical beasts. Even if they had a mythical beast, they still had some confidence in their high-level beast.

Before the match started, Wu Run and Qin Qiong were already whispering to each other about how to not lose too badly.

As for the onlookers who did not know the truth, they were not close enough to detect the real strength of Qi Xia and the rest. Even if they were close enough, no one would believe that a group of Second-Class Experts would appear in Sun Never Sets.

Shen Yanxiao was only a member of the Vermilion Bird Family, not a relative of the royal family nor was she the Emperor’s son. Unless the Emperor of the Longxuan Empire had a screw loose, he would not assign so many experts under Shen Yanxiao.

Compared to the tense atmosphere on the Blizzard City’s side, the Five Beasts were much more relaxed. The Five Beasts who had been itching to start the fight had already gathered together and started to whisper.

“Should we call out White Tiger and the rest?” Yan Yu looked at the other four with hesitation.

“What the f*ck! We won’t call them out! If we call them out, we won’t have the chance to play.” Tang Nazi spoke with unusual decisiveness. It was a rare opportunity for him to show off, so how could he let Black Tortoise and the rest take the opportunity?

Qi Xia nodded in agreement. “I also think it’s more appropriate not to call them. After all, Sun Never Sets and Blizzard City still have a good relationship.”

It was not appropriate to let out their mythical beasts to scare them.

“Let’s not call them out then.” Yang Xi nodded in agreement.

“Good, it’s a set decision!” Li Xiaowei chuckled.

Nangong Mengmeng, who had been forgotten by the Five Beasts, blinked her eyes and silently decided to follow in their footsteps.

It was better to put their magical beasts aside for the time being!

Both parties had their own thoughts, and the competition was about to begin.

Everyone in the stands eagerly looked forward to the fight. A large portion of the spectators with twisted minds could not wait to see those young masters of Sun Never Sets getting tortured by the mighty men of Blizzard City.

Can being handsome be eaten like rice?

What was the use of being weak?

They were fighting those who were handsome!

Chapter 1073: Impressive-looking But Useless (2)

The moment the fight started, the ten participants from Blizzard City immediately summoned their magical beasts. All of them were elites selected from the Blizzard Mercenary Group, and their magical beasts were all high-level magical beasts.

With ten Advanced-level Professionals and ten high-level magical beasts, it was a spectacular lineup.

Even though mythical beasts were powerful, they were not cabbages that could be found everywhere. High-level magical beasts were already considered pretty good.

Blizzard City was ready, but the six people from Sun Never Sets were not doing anything.

The five handsome youths stood rooted on the spot with smiles on their faces. They did not even have the slightest intention to summon their magical beast.

“What are they doing?” Many people did not guess their intentions.

Qi Xia and the others did not summon their magical beasts. Qin Qiong and Wu Run already had the mentality of ‘don’t lose too badly’. They were also vexed that they could not wait for their opponents to summon their magical beasts.

“Erm, Third Young Master Qi? Aren’t you going to summon your magical beast?” Wu Run looked at Qi Xia politely and kindly reminded them to summon their magical beasts.

If they did not summon their magical beasts, wouldn’t their plan be ruined? They did not believe that their high-level magical beasts would be their opponents.

At the very least, you should release two of your magical beasts to go through the motions. Don’t let us get beaten up too badly!

Wu Run was roaring internally, but there was a friendly smile on his face.

“No need, this will do.” Qi Xia smiled and spread out his hands.

“...” The participants from Blizzard City were speechless.

The six of them did not intend to summon their magical beasts!

“This isn’t appropriate, right? We are allowed to summon magical beasts in this fight. Why don’t you summon at least two?” To the spectators, Wu Run was putting on an expression that said, “I’m doing this for your own good, so you better hurry up and submit.” He was eagerly waiting for his magical beast to start a friendly fight with the magical beasts in Sun Never Sets.

Unfortunately...

The Five Beasts did not have such intentions.

“There’s no need for that, Deputy Head Wu. Let’s begin.” The Five Beasts had made up their minds. They would never allow their magical beasts to snatch their fun.

Since Qi Xia had already said that, Wu Run and the rest could only brace themselves.

Even though they knew that the opponent’s strength had exceeded their limits, Wu Run and Qin Qiong had no choice but to attack Qi Xia and the rest with their high-level magical beasts!

Outside the stage, everyone was surprised by the six youth’s actions. They did not summon their magical beasts in such a battle? They wondered if they were too arrogant or ignorant.

“The heavens are fair. They gave them looks but not brains. A group of embroidered pillows, only good looking but useless! I’d like to see if they can withstand the rampage of ten high-level magical beasts.” A busybody snorted with disdain. He wished he could see Qi Xia and the rest getting beaten up to the extent they were looking for their teeth.

However, only Wu Run and the rest who stood on the stage knew that the six of them would not have any problems facing their magical beast.

Ten high-level magical beasts roared and pounced towards the six youths. They were as aggressive as wild beasts as if they would tear their targets into pieces the very next second.

At this moment, Yan Yu curled his lips and closed his palms together while chanting an obscure incantation. The next second, his palms intersected with each other and a silver light radiated where his palms passed. A small totem the length of an arm suddenly floated in the air.

Chapter 1074: Impressive-looking But Useless (3)

A totem was a weapon used by priests after they underwent their second class promotion. A totem of different attributes could bring about entirely different effects and when combined together, it could release unimaginable power.

When Yan Yu summoned his totem, everyone was stunned.

“What the f*ck! That kid is a Second-Class Priest!!” Screams of disbelief sounded from the crowd.

Priests were the weakest among the six professions. However, after a priest successfully broke through to the second class promotion, they would change from an auxiliary profession to an auxiliary profession that could assist in attacking. While the totem used by priests was used to protect themselves and their teammates, it could also attack the enemy. The effect would not be inferior to the magic arrays set up by a magus.

“How is that possible? It has been hundreds of years since a Second-Class Priest appeared in the Brilliance Continent. How could he be a Second-Class Priest?!” Everyone could not believe their eyes. The weakness of a priest’s profession was their weak offensive strength, and this was something that had also caused many priests to advance at a slow pace. Furthermore, a priest’s second class promotion was equivalent to usurping the weakness of a priest’s profession. From a support class to an offensive class, the difficulty could be imagined.

Priest was the slowest to break through to the second class promotion among the six professions. Even in the Brilliance Continent, it had been a long time since a priest had reached that level.

But right now, there was a living Second-Class Priest standing in front of them. What was even more disgusting was that the priest was not even that old..

Among the crowd, those who were a priest wished they could knock themselves to death after Yan Yu revealed his true strength.

They had painstakingly trained for dozens of years, but they were inferior to a young man. They simply had no face to face their parents!

Yan YU quickly placed the totem in front of them, and a translucent blue protective barrier immediately appeared on the stage.

Compared to a priest’s light barrier, the protective barrier created by the totem could not only block attacks, but it could also severely injure enemies who attempted to break the protective barrier.

Just as the ten high-level magical beasts reached the protective barrier, they were immediately struck by lightning. The acute pain forced them to retreat.

Everyone was speechless. Who could break the barrier laid down by a Second-Class Priest?

“Mengmeng, you stay here. Let’s go and exercise.” The Five Beasts were eager to try. The barrier Yan Yu had laid was not to protect them, but to protect Shen Yanxiao’s little student, Nangong Mengmeng.

“Ah? But...” Nangong Mengmeng wanted to protest, but she could only look on helplessly as the Five Beasts dashed out of the barrier.

For a moment, lightning flashed and thunder roared. The Five Beasts attacked those ten magical beasts at the same time.

At that moment, the entire venue was in an uproar. When the spectators noticed the Five Beasts attacking, they finally realized their foolishness.

“Holy Strike! F*ck, that young man is a Second-Class Saint Knight!”

“The f*ck, a Second-Class Archer that can use the Magic Piercing Arrow at the age of 16 or 171!”

“Quick, look! Magic Missile! The magic of a Second-Class Magus!”

“Who’s going to pinch me? This isn’t real! That kid actually used the destruction slash of a Second-Class Expert!”

After Yan Yu’s strength was exposed, Yang Xi, Qi Xia, Li Xiaowei and Tang Nazhi revealed their true abilities one after another. The five experts of the second class profession instantly quelled everyone’s doubts of their strength.

Chapter 1075: Impressive-looking But Useless (4)

The fight was definitely a feast for the eyes. The dazzling attacks of the second class experts radiated a resplendent light in the center of the venue.

In the face of five Second-Class experts, the ten high-level magical beasts were like harmless rabbits.

What was even more terrifying was that the five of them had reached an extreme level of tacit understanding with each other. No one could find any opportunity to take advantage of them. Even the well-trained members of the Blizzard Mercenary Group could not help but admire their perfect teamwork.

There was no need to say anything. With just a single glance, they could understand each other’s intentions. They would cooperate perfectly at the most accurate time and launch a gorgeous attack.

From the moment the Five Beasts started their offense to the end of the battle, only three minutes went by.

Ten high-level magical beasts had been pushed out of the stage by their combined strength.

At that moment, no one dared to speak a single word against them. All of them shrunk their necks and stared at those incredulous youths with fear.

Five 16 to 17-year-old Second-Class Experts?

That was simply the most unbelievable thing, and all these super geniuses belonged to Sun Never Sets! They belonged to Shen Yanxiao, that genius!

Ten high-level magical beasts were instantly eliminated and Qin Qiong and the rest who stood on the other end of the stage subconsciously swallowed their saliva.

Savage! Too savage!

They had pushed out ten high-level magical beasts in three minutes. How were they supposed to fight?

“Haha... Third Young Master Qi and these friends here are indeed powerful. We concede the fight. You have won this round.” Qin Qiong decisively admitted defeat, not giving the Five Beasts a chance to fight.

Stop with the jokes. Even a powerful magical beast could not withstand the attacks of these five abnormal people, not to mention us ‘fragile’ Advanced-level Professionals.

Therefore, Qin Qiong neatly admitted defeat!

“...”

Now, it was their turn to be depressed.

They had just started their fun. They did not even have the chance to warm up before they were... finished?

“The green hills will never change, and the water will always flow. We will return another day!!!” Qin Qiong saw the disappointment in the Five Beasts’ eyes and immediately called for the other nine participants from Blizzard City to jump down from the stage without stopping. The expressions of those five perverts were so terrifying. If they were a little late, they might have been reduced to a joke like their magical beasts.

A wise man submits to circumstances!

Blizzard City’s swift surrender caused a moment of silence in the venue.

Many people secretly despised Qin Qiong and his men for being too timid. If they were to admit defeat just like that, they should at least fight them!

However, no one was stupid enough to believe that ten Advanced-level Professionals could contend against five Second-Class Experts.

“Were we... too heavy-handed?” Li Xiaowei’s lips twitched as he looked at the departing silhouettes of the ten participants from Blizzard City. It was as if someone was chasing them from behind.

Tang Nazhi felt wronged.

“I didn’t hit them hard. I didn’t even manage to hit their magical beasts with the two Shatter Cut earlier on. I merely chopped them up and pushed them away with my sword aura.” Blizzard City and Sun Never Sets had a good relationship. He would not abuse his allies’ magical beasts in a tournament. He was a friendly person.

“Same goes for me.” Yang Xi touched his nose. He only raised his shield and knocked against the magical beasts twice; he did not even use his sword.

“Then why did they...” Yan Yu pointed to the departing participants, who were about to disappear, and was speechless.

Chapter 1076: Impressive-looking But Useless (5)

Brother, don’t run so fast. We don’t have any bad intentions. We just want to have a friendly match with you. Don’t run!

“Forget it, don’t we still have Group Twilight City in the next round?” Qi Xia shrugged his shoulders. They had restrained themselves when dealing with Group Blizzard City, but as for Group Twilight City...

“Hehe, I promise I will cut them all.” Tang Nazhi laughed evilly.

“You have to be kind and honest. It won’t be any fun if you beat them to death,” Qi Xia ‘kindly’ reminded.

“You’re right!” Tang Nazhi nodded.

The five beasts who had just scared off Group Blizzard City had already started to think about how to abuse Group Twilight City.

Elder Wen felt a chill run down his spine as he sat in the stands. He thought that it was already terrifying for a pervert like Shen Yanxiao to be in Sun Never Sets. However, he did not expect that there were five more powerful youths hidden around Shen Yanxiao.

What made Elder Wen even more afraid was that he had seen one of the five youths possessing a mythical beast.

Five Second-Class Experts and a mythical beast. Such a heaven-defying combination...

Elder Wen felt despair. Group Blizzard City's defeat meant that the group of perverts from Sun Never Sets was about to fight against Group Twilight City.

However...

In the face of such powerful opponents, even if Elder Wen had arranged for the most elite ten representatives to participate in the tournament, they would not fare any better than Group Blizzard City.

Elder Wen's heart instantly sank to the bottom.

They won without much effort, and the five of them still looked unsatisfied. However, Nangong Mengmeng was even more unsatisfied than them.

The five of them had at least performed one or two moves, but what about her?!

She was protected in the back, without any chance to even move a finger!

Nangong Mengmeng wanted to cry. She also wanted to test her strength as a Warlock in actual combat. Could they please give her a chance?

The six of them returned in glory, but their expressions were dark.

As the result of the match was decided too soon, those who came from Sun Never Sets to spectate the tournament did not feel any excitement at all. Instead, they felt that everything that happened was a given.

After all, their strength was an open secret in Sun Never Sets.

However, the dominance Group Sun Never Sets had shown had indeed made those from Sun Never Sets feel great. They were practically laughing their heads off as they turned their heads to look the spectators from other cities.

The Five Beast had only revealed their strength as Second-Class Experts. If they knew that each of them possessed a mythical beast that was not inferior to Vermilion Bird, would they go crazy?

After they were done with Group Blizzard City, Shen Yanxiao led the people of Sun Never Sets to eat and drink as they waited to beat up Group Twilight City the next day.

However, at that very moment, Elder Wen sent someone to deliver a piece of funny news.

Due to the fact that Twilight City was the organizer of this tournament, they ought to have a certain degree of magnanimity. Thus, Twilight City had decided to opt out from participating in the tournament any longer. With that, Sun Never Sets had become the champions of this tournament with two won battles. And three days later, they would invite the City Lord of Sun Never Sets, Shen Yanxiao, to the City Lord's Mansion to discuss their prize with the other City Lords.

Chapter 1077: Despicable Plan (1)

Even a fool would realize that Elder Wen's sudden show of magnaminty was not due to his role as the organizer. The real reason was probably because the Five Beasts had displayed such terrifying strength when they fought against Group Blizzard City that Elder Wen had no choice but to run away in fear.

As long as Elder Wen was not an idiot, he would understand that winning against five Second-Class Experts was harder than climbing to heaven.

At the news, the Five Beasts were depressed because they did not have the chance to stretch their limbs anymore.

Elder Wen was also depressed. He felt as if he had eaten a fly when he personally gifted victory to Shen Yanxiao, whom he hated the most.

However, he also knew that even if they were to fight, it would only make Twilight City lose more face.

Even though the Five Beasts had displayed powerful strength during the tournament, their methods of dealing with Group Blizzard City were extremely gentle and friendly. They did not even attack the ten high-level magical beasts after they were swept off the stage. It was all to express goodwill.

However, if their opponent was Group Twilight City, the treatment would not be as good.

Elder Wen was well aware that Blizzard City and Sun Never Sets had a close relationship. Sadly, the relationship between Twilight City and Sun Never Sets had become extremely bad due to his actions.

Even though he dearly wished to win, he was not stupid enough to use his subordinates' lives to gamble.

Elder Wen had already made up his mind, but he was still unable to swallow his anger. With a gloomy expression, he sat in the City Lord's Mansion with Luo Fan beside him.

Luo Fan did not appear in front of everyone for several days. Except for a few people in Twilight City, no one knew where he was.

"Elder Wen, you don't have to care about this loss much. We should prioritize the overall picture." Luo Fan comforted while looking at the furious Elder Wen.

Elder Wen coldly snorted and said, "Naturally, this old man will not bicker with a little kid who does not know etiquette. However, it is honestly despicable of me to surrender the victory to that little thief."

Duan Hen remained silent on one side, but a sneer flashed across his eyes.

Who could not understand the root of his anger? He had no choice but to hand over the victory to someone he could not do anything about.

This old man must be having a lot of fun deceiving himself. He was so hypocritical that spitting on him would not suffice.

Duan Hen secretly despised him, but his expression remained indifferent.

Luo Fan smiled and said, "Elder Wen, with your magnanimity, you don't have to argue with a shameless brat like Shen Yanxiao. Moreover, so what if you give her victory? If all the elites under her command die in Twilight City, wouldn't you be able to easily deal with Shen Yanxiao in the future?"

Luo Fan paused for a moment before he continued, "If she no longer has the strength to suppress the other three parties, the prize of the tournament is merely an agreement on a sheet of paper."

Elder Wen's expression eased a little. He looked at Luo Fan and said, "You make it sound so simple. Even though I am willing to assist you in the past, there are at least two mythical beasts and six Second-Class Experts in Sun Never Sets. In the face of these forces, I'm afraid it won't be easy to deal with even if all the elites of our Twilight City and Fantasy Devil City were to gather together, right? Moreover, even if we were to attack them, we cannot let anyone know that we are the culprits. Tell me, how do you plan to deal with the people of Sun Never Sets?"

Chapter 1078: Despicable Plan (2)

Once their army was involved, it was basically impossible for them to conceal that they were the culprits. Targeting Shen Yanxiao was a small matter, but if they were to violate the agreement between the four countries and trigger a war, the losses would far outweigh the gain.

Luo Fan smiled and said, "Elder Wen, you worry too much. Since I asked you to postpone the discussion of the reward to three days later, I naturally have my methods to deal with Sun Never Sets. Rest assured that I will not give myself away."

"Oh? Why do you say that?" Elder Wen did not believe him easily.

"The forces of Sun Never Sets are indeed powerful, but it is only when compared to the other three cities. Even though Shen Yanxiao is a genius, she is still young and has little experience. Her knowledge is also very shallow. With her arrogant personality, how could she possibly offend you and me so simply?" Luo Fan pointed out.

Elder Wen seemed to have understood Luo Fan's intentions.

"You want to borrow someone else's hand? But ordinary people are not Shen Yanxiao's opponent."

Six Second-Class Experts and two mythical beasts. With such a powerful lineup, they could practically look down on the masses in most parts of the Brilliance Continent. As long as they did not provoke public indignation and did not confront the armies of various countries, this six-person team would absolutely be an invincible existence.

Luo Fan smiled and said, "But what if the one she offended is not an ordinary person but an organization that is more powerful than her?"

"A powerful organization?" Elder Wen narrowed his eyes. On the Brilliance Continent, the four countries stood tall, but there were also some mysterious and powerful forces outside the four countries. For

example, the God Realm. The Sage in the God Realm was powerful enough to make the rulers of the four countries kneel and welcome him.

However, the God Realm's attitude had always been gentle, and they rarely had bad relations with others. Additionally, they rarely interfered with the affairs between people in the Brilliance Continent. Even if there were savage and evil people out and about, the God Realm had never taken action.

For the God Realm to take action, the matter must be related to demons, demon beasts and magical beasts.

However, other than the God Realm, Elder Wen also knew of another mysterious and powerful organization. Compared to the God Realm, this organization's reputation was slightly weaker, and it did not have as many rules as the God Realm. Furthermore, their strength was also outrageously powerful.

Elder Wen's eyes brightened. He looked at Luo Fan thoughtfully and carefully asked, "Are you referring to... the Broken Star Palace?"

Luo Fan nodded. "The Broken Star Palace was established by the most powerful humans who survived the war between the gods and devils. It has thousands of years of history. I'm afraid no one can be sure how powerful the Broken Star Palace is. However, the only thing we can be sure of is that only the God Realm can compete with the Broken Star Palace in the Brilliance Continent."

Elder Wen gulped. He had naturally heard of the Broken Star Palace, but he did not expect Shen Yanxiao to have provoked them.

"There is a grudge between the Broken Star Palace and Shen Yanxiao?" There was a trace of excitement in Elder Wen's tone.

Luo Fan smiled and said, "That's why Shen Yanxiao is so reckless to provoke the Broken Star Palace. In our opinion, Second-Class Experts are very powerful, but Elder Wen, do you know that everyone in the Broken Star Palace is a Second-Class Expert? Second-Class Experts are as numerous as cats and dogs there."

Elder Wen gasped.

There were as many Second-Class Experts as there were cats and dogs...

Those insulting words were telling the world a truth.

The Broken Star Palace never lacked second class experts!

Chapter 1079: Despicable Plan (3)

"Are you sure you can contact the Broken Star Palace? Will they really take action?" Elder Wen could no longer contain his excitement. If the Broken Star Palace were to deal with Shen Yanxiao, even if she were to die thousands of times over, it wouldn't be enough.

Luo Fan confidently curled his lips.

“Of course. That is also the reason why I am staying behind in Twilight City. At that time, as long as Elder Wen makes it convenient for me to let them into the city, Twilight City will not have to worry about anything.”

“Of course! How honorable are the experts of the Broken Star Palace? My Twilight City will certainly treat them with respect. But... if that’s the case, then wouldn’t I not have contributed much? Our previous agreement...” After hearing the name of the Broken Star Palace, the arrogance on Elder Wen’s face disappeared. He started to worry that if Twilight City did not contribute much, would Luo Fan’s promise to help him nurture a group of experts still stand?

“Elder Wen, don’t worry. Since there is already an agreement between you and I, there won’t be any variables. As long as we get rid of those people by Shen Yanxiao’s side, I will do as we say.” Luo Fan said.

Elder Wen immediately relaxed when he heard that.

“Then I shall wait for the arrival of the experts from the Broken Star Palace.”

“Elder Wen, just you wait and see.” Luo Fan answered with a smile, but a trace of sinister intent flashed past his eyes.

Duan Hen heard their conversation, and there was a trace of worry hidden in his eyes.

When night fell, everyone in Twilight City went to sleep early. Duan Hen found Shen Yanxiao at the very first instance and told her everything Elder Wen and Luo Fan had discussed earlier.

“The Broken Star Palace? I didn’t expect Luo Fan to be able to contact them.” Shen Yanxiao narrowed her eyes. She did not expect Luo Fan to be connected to the Broken Star Palace. The reason why she was so eager to increase the strength of Sun Never Sets was because she was worried about the Broken Star Palace’s retaliation.

Unfortunately, the enemies on both sides had joined hands.

“During these three days, Elder Wen has ordered everyone to increase their vigilance and not let anyone out of the city. City Lord Shen, it’s better to make plans beforehand.” Duan Hen was worried for Shen Yanxiao. She was the ally he had just found, and he did not wish for her to fall into the hands of the Broken Star Palace.

“I have my ways. Thank you, City Lord Duan, for the information. I, Shen Yanxiao, will remember this favor and I will repay it in the future.” Shen Yanxiao chuckled. Duan Hen’s information was very important to her and if not for him, she would probably be kept in the dark. Being passive at this moment would be dangerous for her.

“It’s good that City Lord Shen has a solution, but I can’t stay any longer. I’ll be taking my leave now.” After Duan Hen delivered the news, he stood up and left. However, he already had a plan in mind. His collaboration with Shen Yanxiao had just begun, and they had yet to reach the stage where they would live and die together. It would be great if Shen Yanxiao could survive this calamity, but he would not help if she could not.

After Duan Hen left, Shen Yanxiao immediately gathered all the members of Sun Never Sets and told everyone about it.

With the exception of the five great aristocratic families and Nangong Mengmeng, no one else had heard of the Broken Star Palace, so they were confused about this matter.

It was not until Shen Yanxiao told of the Broken Star Palace's terrifying strength to the public that they realized how terrifying the entity they were about to face was.

"What should we do? Should we leave now?" Du Lang frowned. The strength of the Broken Star Palace was too terrifying. To make the matter worse, they had no idea how many people the Broken Star Palace would send out—just that was already too risky for them to continue staying here.

Chapter 1080: Counter Soldiers with Arms (1)

Shen Yanxiao shook her head. According to Duan Hen, it was too late for us to leave even if we wanted to."

"We'll deal with whatever comes our way. We'll just have to make preparations."

During these three days, the people of Sun Never Sets rarely left their accommodation. Members of the Cave Wolves Mercenary Group tried their best to recover their strength while the Phantom members had been training behind closed doors.

Three days later, Elder Wen invited Shen Yanxiao and Long Fei for a banquet to discuss about the winner's prize.

Shen Yanxiao only brought Lan Fengli with her to the City Lord's Mansion. Vermilion Bird had returned to her body and the other five members of Phantom remained in their accommodation to prevent any accidents from happening.

For this banquet, Elder Wen did not deliberately make things difficult for Shen Yanxiao.

Long Fei brought Long Xueyao with him and coincidentally met Shen Yanxiao and Lan Fengli at the entrance of the mansion. Since they had arrived together, the four of them decided to enter together.

Within the City Lord's Mansion, Duan Hen sat at the main seat with Elder Wen sitting by his side. Other than the two of them, Luo Fan was also present.

Shen Yanxiao raised her eyebrows when she saw Luo Fan.

Luo Fan sneered in her presence.

"Shen Yanxiao, long time no see."

Shen Yanxiao nodded and said, "I didn't expect to see you again."

Luo Fan chuckled, his eyes were filled with viciousness.

"There are many things in this world that you can't imagine."

"Is that so?" Shen Yanxiao chuckled and ignored Luo Fan.

Elder Wen coldly looked at the confrontation between Shen Yanxiao and Luo Fan and said, "Both of you are guests, so why are you ruining the atmosphere? Luo Fan is only here on behalf of the Fantasy Devil City to discuss the matter of the prize. City Lord Shen, it's not a bad thing to be friendly."

Shen Yanxiao smiled and said nothing else. She took Lan Fengli and sat down.

The representatives of the four forces took their seats and the discussion began.

Each side had prepared a suitable detailed report that Shen Yanxiao could choose from.

Blizzard City and Sun Never Sets had collaborated prior to this. But, Shen Yanxiao still chose the prize from their side to be medicinal materials, expanding their previous collaboration. TO this, Long Fei had no objections.

When she was discussing with Luo Fan and Elder Wen, the two of them were unexpectedly easy to talk to and did not have much objections. Even when Shen Yanxiao made an exorbitant demand, the two of them quietly nodded in agreement.

Shen Yanxiao sneered in her heart. The both of them were aware that if she were to fall into the hands of the Broken Star Palace, this contract would become empty talk.

However...

Since they were so cooperative, there was no need for her to be polite.

Shen Yanxiao directly asked for precious metal mines from the west and Magic Stones mines from the south of the Forsaken Land in great quantities.

Elder Wen looked at the number Shen Yanxiao proposed and his lips twitched, but Luo Fan gave Elder Wen a look to calm down.

Elder Wen took a deep breath. "City Lord Shen, you have good eyesight. The places you choose are all lucrative places." The metal mine Shen Yanxiao chose took up a large area in the western region. Such a large mine was quite rare, and their output was equally astonishing. With one look, he knew that Shen Yanxiao had studied a lot beforehand.

"You're too kind. I merely randomly picked some." Shen Yanxiao smiled innocently without the slightest guilty conscience.

If you want to plot against me, sure. I'll scrape a huge chunk of flesh off you two first.

Thinking that there was no chance that Shen Yanxiao could survive through the night, Elder Wen braced himself and agreed. The contract was signed by Duan Hen, and the contract for the Fantasy Devil City was signed by Luo Fan and stamped with Geng Di's seal.
