Chapter 1081: Counter Soldiers with Arms (2)

The fruit of their tournament win had fallen into her pocket, and Shen Yanxiao smiled jubilantly.

For a banquet, there was naturally no lack of food and drink.

Shen Yanxiao was in a good mood so her appetite was now larger. On the other hand, Elder Wen did not have much appetite. Even though he pretended to be calm on the surface, his gaze would shift towards the door from time to time.

Luo Fan's expression was calm, but there was a trace of sinister intent in his eyes.

"Sister," Lan Fengli suddenly frowned and whispered to Shen Yanxiao.

"Hmm?" Shen Yanxiao raised her eyebrows.

"A group of experts has come," Lan Fengli narrowed his eyes and said.

Lan Fengli's strength had far exceeded that of a mythical beast, making his perception equal to that of Xiu. That was the reason why Shen Yanxiao wanted to bring him here.

"How many people?" Shen Yanxiao asked without batting an eyelid as she ate.

Lan Fengli paused for a moment before he said, "Ten."

"What's their strength?" To be deemed as experts by Lan Fengli, they must be at least in their second class promotion. The Broken Star Palace was really generous. They had dispatched ten Second-Class Experts in one go. It seemed like they really wanted to take her down.

Lan Fengli closed his eyes and took a deep breath. He expanded his perception and carefully checked the strength of those uninvited guests.

"Nine of them are comparable to Yan Yu, and the last one... is comparable to Qi Xia."

Standing shoulder to shoulder with Qi Xia? Shen Yanxiao was surprised. When she was still a junior professional, Qi Xia's strength had already broken through to the second class promotion. Moreover, during the Inter-academy Tournament, Qi Xia had become an Archmagi. Previously, when Yan Yu and the rest broke through, Qi Xia's strength had also increased by one rank and was now a Great Archmagi.

Did that mean that the Broken Star Palace had sent a Great Archmagi to deal with her?

Shen Yanxiao sneered in her heart.

"They sure think highly of me." She had only just broken through to the second class promotion and only had the help of one mythical beast. But, the opponent had already dispatched a Second-Class Great Professional and nine Second-Class Professionals experts to deal with her. Did they really intend to take her down in one blow?

"Sister, do you want me to take care of them?" Lan Fengli looked at Shen Yanxiao's side profile and volunteered.

Shen Yanxiao hesitated.

Lan Fengli was very powerful, but she did not know how powerful he was. She only knew that with the exception of Xiu, everyone around her, including the six mythical beasts and the most powerful Qi Xia, was not his opponent.

However, could Lan Fengli really fight against nine Second-Class experts and one Great Second-Class Expert?

“Are you confident?” Shen Yanxiao did not want Lan Fengli to take the risk.

Lan Fengli pondered for a moment, seeming to be calculating his chances of winning. Soon after, he nodded with determination.

“I can take them down.”

Shen Yanxiao was somewhat surprised. The strength of those ten people from the Broken Star Palace was indeed amazing. Just that Great Second-Class Expert alone was a huge threat to Shen Yanxiao. However, she did not expect Lan Fengli to be able to determine the strength of the enemy in such a short time and was even confident to be able to triumph against them.

How powerful was Lan Fengli?

Shen Yanxiao could not help but fall into deep thought.

“Sister?” Lan Fengli could not help but call out to Shen Yanxiao after waiting for a long time.

Shen Yanxiao came back to her senses. Looking at Lan Fengli’s clear eyes, she smiled.

Chapter 1082: Counter Soldiers with Arms (3)

“Xiao Feng, do you want to watch a good show where a group of idiots are courting death?” Shen Yanxiao’s eyes flickered with an extremely evil glint.

Lan Fengli was confused.

“Don’t worry about them for the time being. I’ll call you if I need to,” Shen Yanxiao said with a smile. She then picked up a piece of pork rib and stuffed it into Lan Fengli’s mouth.

Lan Fengli blinked and nodded obediently.

Even though he did not know what his sister meant, as long as it was something she wanted to do, he would listen to her arrangements without any doubts.

Elder Wen’s expression was fleeting. At that moment, at the entrance of the hall, a guard rushed in in panic.

“Reporting... reporting to Elder Wen...” The guard’s face was pale and cold sweat continuously dripped down.

A trace of pleasant surprise flashed past Elder Wen’s eyes and he immediately slammed the table and stood up. With a ‘displeased’ expression, he said, “What’s the matter? Why are you in such a panic? Don’t you know we have distinguished guests tonight! If there’s anything, just tell me at once!”

Elder Wen's words seemed as if he was criticizing the guard for breaking the rules. In reality, whether it was the smile that was flickering in his eyes or his unconcealed cheerful tone, everyone felt that his acting was very fake.

Shen Yanxiao glanced at him. She wondered if she should call Elder Wen a fool or an idiot for acting like that.

Both of them were acting, but Shen Yanxiao's acting skills were definitely on the level of a movie star.

The guard hastily said, "There are... there are ten people outside the mansion..."

Before the guard could finish his sentence, a loud bang was heard and the locked door of the hall was blasted open. For a moment, dust and smoke were flying everywhere.

Several figures slowly walked out from the dust cloud.

For a moment, the entire hall was silent.

Shen Yanxiao glanced at Elder Wen with a sneer.

Elder Wen looked shocked, but his eyes were obviously filled with ecstasy.

"Who are you?" Elder Wen pretended to be ignorant as he stood up and asked. However, his tone was completely different from his usual arrogant tone. Even though he was questioning, he did not dare to be disrespectful.

The smoke dissipated and ten silhouettes suddenly appeared in the hall.

Those ten intruders did not look too old, but their deep gazes revealed their true age. They must have undergone the tempering of time. Even though their faces were young, their eyes were aged.

Among the ten intruders, a handsome man stood at the front with a raised chin as he looked at the people in the hall with contempt.

When his gaze landed on Shen Yanxiao, there was a trace of hostility.

"You are Shen Yanxiao?" The leader directly ignored Elder Wen's question and stared at Shen Yanxiao.

Shen Yanxiao sat on the chair and propped her chin with one hand as she lazily looked at the ten intruders who came with ill intentions.

"That's right," Shen Yanxiao answered unhurriedly.

"Hmph, ignorant kid." The leader snorted.

"Did you kill Ruan Yingzhe?"

Shen Yanxiao shrugged her shoulders.

"You can interpret it that way." Xiu attacking was no different from her attacking.

"Very well. At least you still have some courage. However, you are too ignorant to have dared to touch someone from our Broken Star Palace. Shen Yanxiao, do you know that your crimes are unforgivable?" The leader sneered. As he looked at the disrespectful Shen Yanxiao, his eyes were filled with contempt.

Broken Star Palace!

When Long Fei heard those three words, his face immediately revealed a trace of shock.

“Father, what is the Broken Star Palace?” Long Xueyao looked at Shen Yanxiao nervously. She had sensed that they were here for Shen Yanxiao.

Chapter 1083: Counter Soldiers with Arms (4)

Long Fei’s expression was somewhat ugly. Never in his wildest dreams did he expect Shen Yanxiao to offend someone from the Broken Star Palace. Moreover, from what that person said, Shen Yanxiao had killed someone from the Broken Star Palace. What should he do?

“The status of the Broken Star Palace is the same as the God Realm. Xiaoxiao has really provoked someone she should not have provoked this time,” Long Fei explained to Long Xueyao in a soft voice and secretly clenched his fist.

He had more or less heard some rumors about the Broken Star Palace. Furthermore, with his keen eyesight, he could tell that at least nine out of the ten people here were of equal strength to him. To make matters worse, he could not even identify the strength of the leader.

Evidently, he had surpassed Long Fei’s cultivation.

The Broken Star Palace had not appeared for many years, and Long Fei had only heard of it from his seniors. He truly did not expect that the other party was here for Shen Yanxiao.

“Guilty? What crime have I committed?” Shen Yanxiao chuckled, not paying any attention to the people from the Broken Star Palace.

“Since you’ve already admitted to killing Ruan Yingzhe, are you still going to deny it?!” The leader raged.

Shen Yanxiao smiled and said, “So, it’s because of that person who colluded with the thieves to cause trouble for my Vermilion Bird Family? The Broken Star Palace is merely so-so. They have a reputation that is spread around the world, but they do all these shady businesses. It’s really amazing.” Shen Yanxiao criticized the Broken Star Palace without any hesitation—her expression was still as bright as a flower.

The leader’s expression immediately darkened. The Broken Star Palace was established by the ancestors who participated in the war between gods and devils. The Broken Star Palace was built to absorb powerful humans and research martial arts. Hence, it was worshipped by everyone in the Brilliance Continent. Even though the Broken Star Palace rarely interfered in worldly affairs, everyone who had heard of the name of the Broken Star Palace felt that it was like thunder striking their ears. When they saw the people from the Broken Star Palace, they were even more respectful and cautious.

When had he ever heard someone insult the Broken Star Palace like that?

“How dare you! You’ve committed such atrocities and even dared to utter such arrogant words. Shen Yanxiao, don’t assume that a junior Second-Class Expert like you can run wild in the Brilliance Continent.” The leader had a gloomy expression as he scolded Shen Yanxiao for being reckless.

“How dare I? Haha...” As if she had heard a joke, Shen Yanxiao suddenly laughed out loud. While shaking her head, she looked at the leader and said, “I honestly didn’t know that getting rid of a person who wanted to kill my grandfather and helped the Vermilion Bird Family’s traitor to seize the family business was something that would harm the good of the world. My dear friend, your words make me feel disgusted.”

The leader turned pale from Shen Yanxiao’s words. There was no reason for Ruan Yingzhe to help Shen Duan.

“Even if Ruan Yingzhe is in the wrong, you are not allowed to punish him. Naturally, the Broken Star Palace has its rules. If you kill Ruan Yingzhe without permission, you will not be able to escape from the Broken Star Palace no matter the reason!”

Shen Yanxiao sneered and looked at the unreasonable man. If that was the case, wouldn’t that mean that even if the Broken Star Palace committed a heinous crime outside, the world could not harm him in the slightest? If they did anything to him, they would be making an enemy out of the Broken Star Palace?

That was simply the logic of a tyrant!

Moreover, Shen Yanxiao was not foolish enough to believe that the Broken Star Palace would not know about Ruan Yingzhe’s plan. She was afraid that the Broken Star Palace had also participated in Shen Duan’s traitorous scheme. Otherwise, how could Shen Yifeng and Shen Duan explain their sudden leap in strength?

Chapter 1084: Counter Soldiers with Arms (5)

Now that the dead could not testify, the Broken Star Palace could push all the blame to Ruan Yingzhe.

Shen Yanxiao was not an idiot and naturally would not believe the Broken Star Palace’s explanation.

“Now that he’s dead, it’s useless for us to argue about this.” Shen Yanxiao was too lazy to talk nonsense with him. No matter how she explained, the Broken Star Palace had made up their mind. What was there for her to be long-winded about?

Shen Yanxiao’s unyielding attitude made the people from the Broken Star Palace furious. Luo Fan and Elder Wen’s eyes glowed. They wished Shen Yanxiao’s attitude to be even worse. It would be best if they could infuriate these people from the Broken Star Palace so that they could dismember this detestable girl into pieces!

So what if she was a Second-Class Expert? So what if she had the protection of a mythical beast?

The opponent had ten Second-Class experts, and they could easily exhaust Shen Yanxiao to death even if they had to fight her in turns. What was more coincidental was that Shen Yanxiao did not bring Qi Xia who was a Second-Class expert and had a mythical beast. Instead, she had brought along an unattractive young man. That was simply courting death.

If Qi Xia were here, Shen Yanxiao and him could maybe bulldoze their way out with their mythical beasts. But right now, she was all alone. Elder Wen and Luo Fan were waiting for Shen Yanxiao to die without a burial ground!

Compared to Elder Wen and Luo Fan's expectations, Long Fei and Long Xueyao were extremely anxious.

Long Fei had always felt that Shen Yanxiao had a gentle personality. Even when he asked her to lift his curse, she did not make things difficult for him. Even though Shen Yanxiao was powerful, she was not arrogant. She was gentle and polite to everyone.

Long Fei could not understand how Shen Yanxiao, a gentle and kind person, could be so unyielding in the face of the Broken Star Palace. From the very beginning, she had engaged in a verbal battle without giving in. That act was simply pushing herself into a corner.

Even Long Fei was secretly worried for Shen Yanxiao.

Even though Shen Yanxiao was powerful, she was still weak when compared to the Broken Star Palace where experts gathered. Furthermore, the Broken Star Palace had dispatched ten Second-Class experts, and one of them was even stronger than him.

What was Shen Yanxiao thinking!

"Alright, since you don't want to live anymore, I won't talk nonsense with you." The leader laughed from extreme anger. This was the first time he had seen such an arrogant little kid.

A fourteen-year-old Second-Class Expert was indeed rare, but she should never have made an enemy out of the Broken Star Palace!

The leader raised his hand and the nine Second-Class experts behind him immediately stepped forward, ready to attack at any time.

One against nine, the disparity in strength could be imagined.

Long Fei rushed to Shen Yanxiao almost immediately and his tall figure stood in front of her. There was a trace of nervousness on his handsome face. He looked at the people from the Broken Star Palace cautiously and said politely, "I am Long Fei, the City Lord of Blizzard City. Greetings, experts from the Broken Star Palace."

The leader frowned.

Long Fei broke out in a cold sweat, but he did not leave. He forced a smile and said, "City Lord Shen is still young, and it is inevitable that she would lose her sense of propriety when dealing with such honorable people. Everyone in the Broken Star Palace is an expert who had once shocked a region, and you are also the hero of our Brilliance Continent. Please forgive City Lord Shen's young and rude behavior. I believe City Lord Shen did not mean to oppose the Broken Star Palace. She is merely too young and has yet to hear of the Broken Star Palace's good fortune from her elders. Seniors, there is no need to be calculative with a young girl like her."

Chapter 1085: Counter Soldiers with Arms (6)

Shen Yanxiao had saved Long Fei and Long Xueyao before, so Long Fei would never look on helplessly as Shen Yanxiao was killed in front of him.

Even though he feared the reputation of the Broken Star Palace, Long Fei had no choice but to stand out and explain for Shen Yanxiao.

However, Long Fei's words did not ease the expressions of the people from the Broken Star Palace. Instead, Luo Fan, who had been watching the show, suddenly said, "City Lord Long, you must be joking. How could you not know the reputation of the Broken Star Palace? Since Shen Yanxiao dared to kill Ruan Yingzhe that day, she must have already known of his background. Otherwise, why would she not have any doubts after these seniors appeared? She clearly knew what was going on, so why did you have to help her?"

Long Fei glared at Luo Fan. Luo Fan's words had completely denied his explanation.

"City Lord Shen has yet to reach adulthood. Even if she has heard of the Broken Star Palace, I'm afraid she doesn't know much about it. That must be why she has offended you." Long Fei gnashed his teeth.

Luo Fan chuckled and provided a retort.

"City Lord Long, please don't use Shen Yanxiao's age as an explanation. Don't forget the identity of this Shen Yanxiao in front of us. She is the next Family Head of the Vermilion Bird Family in the Longxuan Empire and the City Lord of Sun Never Sets. She broke through to the second class promotion at the age of fourteen. I'm afraid no one would believe that she is ignorant. Shen Yanxiao is not an ignorant child. Her achievements are beyond the reach of many geniuses."

Luo Fan seemed to be praising Shen Yanxiao, but he had kicked Shen Yanxiao out from the words 'young and ignorant', indicating that she was talented and smart.

That was supposed to be a compliment, but right now, it was evidence that Shen Yanxiao had knowingly provoked the Broken Star Palace.

"You..." Long Fei was furious. He knew that Luo Fan and Shen Yanxiao did not get along well, but he did not expect that he would hit her when she was down.

"Long Fei, on the account that your ancestors were on good terms with my Broken Star Palace, I will temporarily overlook the matter of your intrusion today. You are dismissed. You have no right to speak here." The leader looked at Long Fei with contempt. One of the five rulers of the God Wind Alliance, the City Lord of Blizzard City, was merely ants in the eyes of the Broken Star Palace.

Long Fei's face turned pale. He knew that his identity was insignificant in front of the Broken Star Palace.

However, he did not dare to retreat. If he did, how could Shen Yanxiao defeat the nine people from the Broken Star Palace alone?

"Brother Long, you may leave." Shen Yanxiao's voice sounded from behind Long Fei.

Long Fei turned around and looked at Shen Yanxiao worriedly. Shen Yanxiao chuckled and shook her head.

"What happened today is a grudge between me and the Broken Star Palace. Brother Long, please do not implicate yourself again." Even after realizing the danger of the matter, Long Fei still chose to stick up for her. This kindness, Shen Yanxiao had noted it down.

"But..." Long Fei wanted to say something else, but Shen Yanxiao had already stood up and walked to Long Fei's side, pushing him aside.

Shen Yanxiao stood in front of everyone from the Broken Star Palace as Lan Fengli stood quietly by her side.

“The Broken Star Palace, once a sacred place for heroes, has now fallen to the extent of oppressing others with their power. It is honestly a disgrace to the people of the Brilliance Continent’s admiration for you.” Shen Yanxiao sneered as she looked at the leader. The Broken Star Palace had lost their former holiness and morality. Right now, the people living in the Broken Star Palace were merely a group of self-righteous bandits.

Snatching someone else’s battle aura and magic and using a strange Forbidden Skill to transfer it to oneself was inextricably linked to the Warlocks’ heinous past crimes.

Chapter 1086: Counter Soldiers with Arms (7)

The leader’s expression was extremely ugly as he looked at Shen Yanxiao with towering rage.

“What does an ignorant kid like you know! I’d like to see how stubborn you can be!”

Shen Yanxiao sneered. “It’s the truth.”

“That is the truth? Very well, you can stay ignorant. Before long, you will pay the price for your ignorance. The Broken Star Palace will not let you off, including everyone in Twilight City!” The leader glared at Shen Yanxiao.

“What do you mean?” Shen Yanxiao was stunned. She suddenly had an ominous premonition.

The leader sneered and said, “Don’t tell me you think we will only attack you? To be honest, other than us, there is another group of people that have gone to your companions’ residence. I believe it will not be long before you all meet in hell! Be it you, your companions, or even the citizens of Sun Never Sets, they will pay the price for your crimes. We will use your blood to wash away the shame you have brought to the Broken Star Palace.”

The Broken Star Palace’s prestige in the Brilliance Continent would never waver in the slightest. Anyone who dared to oppose the Broken Star Palace, be it a single person or a city, would be completely destroyed!

The smile on Shen Yanxiao’s face faded in an instant. She narrowed her eyes and looked at the leader.

“You are shameless.” To teach her an unforgettable lesson, all the citizens of Sun Never Sets were implicated!

“This is a crime you committed so everyone related to you must be punished.” The leader had a sinister smile on his face. The consolidation of one’s prestige would always be built on slaughtering.

At that very moment, Elder Wen and Luo Fan were in an extremely good mood. They originally thought that the Broken Star Palace was just targeting Shen Yanxiao, but they did not expect it to be so vicious as to eliminate everyone related to Shen Yanxiao! The two sinister and crafty men were laughing wildly like a child in a candy store. They could not wait for Shen Yanxiao’s entire family to sleep six feet under.

“Punish? We’ll see if you have the ability to do so.” Shen Yanxiao revealed a sinister smile.

Without any more delay, the leader immediately shouted, ordering his nine subordinates to attack Shen Yanxiao!

At the sight, Shen Yanxiao stood rooted on the spot with strong killing intent in her eyes.

The combined offense of nine Second-Class Experts was about to reach Shen Yanxiao.

But they would never be able to land a hit, as a figure suddenly appeared in front of Shen Yanxiao. The figure stood aloof before the nine experts when a powerful draconic might suddenly surged around, which caused an immense pressure to descend, destroying all the tables and chairs in the hall into pieces in the process!

Under the powerful draconic might, the nine Second-Class Experts swiftly withdrew their attacks and retreated to their original positions.

Lan Fengli stood proudly in front of Shen Yanxiao, his calm eyes covered with killing intent.

The leader was secretly shocked. In that instant when the draconic might descended, he clearly sensed the source of that power was from that young man.

Dragons were the most powerful existences beneath gods and devils. They had once looked down on the entire world after the war between gods and devils. Whether it was their innate physique or innate strength, they were both dreadful.

“How can there be dragons...” The leader stared at Lan Fengli who stood before Shen Yanxiao in disbelief. The draconic might radiating from his body was so pure that just his presence was enough for all the magical beasts to worship him.

However, hadn't the Dragon race been living in seclusion for thousands of years?

Chapter 1087: Counter Soldiers with Arms (8)

“The Dragon race has an agreement with us humans. Both sides will not interfere with the other side's affairs! Please do not interfere with our internal affairs!” After the leader realized the other party's identity, his expression immediately turned unsightly. The strength of the Dragon race was known to everyone. Furthermore, the draconic might that this young man radiated was not of an ordinary dragon. If they were to fight, the result would be hard to predict.

Lan Fengli looked at him coldly. “I am not a dragon.”

“What?” The leader was shocked.

“How is that possible? You clearly...”

“Who I am has nothing to do with you. Today, you have hurt my family so you will only be leaving here with your corpse.” Killing intent was evident in Lan Fengli's eyes. He did not pay any attention to the leader's words as he walked toward the men from the Broken Star Palace.

He would never forgive anyone who dared to hurt Shen Yanxiao.

Even if it was only a verbal insult, they would still die!

“Wait...” The leader’s expression changed drastically, but Lan Fengli still rushed towards the nearest Second-Class Expert.

He was as fast as a ghost, arriving in front of that expert in the blink of an eye. Even though the Second-Class expert was powerful, he was not able to sense Lan Fengli’s movement. When he realized that Lan Fengli was approaching, it was already too late, as Lan Fengli’s fingers had pierced through his chest and dug out his heart.

The red heart was beating in Lan Fengli’s palm. The Second-Class Expert did not even realize what had happened before he collapsed in a pool of blood.

Lan Fengli tightly clamped his fist, and the bloody heart was crushed into meat paste.

Killed decisively.

There was no hesitation.

At that moment, Lan Fengli had turned into a cold-blooded killer.

A Second-Class Expert had died without any chance of retaliation. Everyone from the Broken Star Palace was shocked.

“Kill him!” The leader’s eyes revealed a trace of timidity. He did not know that young man’s identity, but he had displayed strength that exceeded everyone here in that short moment. If someone like him were to protect Shen Yanxiao, they would probably have a long, drawn out fight!

As if they had just woken up from a dream, the eight Second-Class Experts rushed towards Lan Fengli together.

In the blink of an eye, the nine of them entered a chaotic battle.

However, the leader took the opportunity to rush towards Shen Yanxiao.

He was a Great Swordsman that had gone through second class promotion, causing his strength to exceed an ordinary Second-Class Expert. In that sense, Shen Yanxiao was absolutely not his opponent and after eliminating Shen Yanxiao, he would eliminate that mysterious young man together with his companions!

The leader was extremely fast, and arrived in front of Shen Yanxiao in the blink of an eye. But, before the long sword in his hand could strike Shen Yanxiao, a ball of blazing flames pounced on him.

“You want to harm her? You’ll have to get past me first!” Vermilion Bird that had been retracted earlier by Shen Yanxiao appeared at that moment. He, who was burning with flames, suddenly stood in front of Shen Yanxiao.

“Damn it.” The leader gnashed his teeth as he looked at Vermilion Bird. From the intel he had gathered, he assumed that Shen Yanxiao would never retract Vermilion Bird into her body and would most likely bring him with her. And since he did not see Vermilion Bird in the banquet today, he thought that Vermilion Bird did not follow Shen Yanxiao. He truly did not expect Vermilion Bird to be here.

“The Broken Star Palace is truly unjust. You want to kill me? That’s great, because I also want to kill you hypocrites.” Shen Yanxiao fought side by side with Vermilion Bird. The Broken Star Palace’s words and actions had touched her bottom line.

Her companions, her family, and her citizens—she would never allow anyone to harm them.

“Today, one of us will die here.”

Chapter 1088: A Taste of One’s Own Medicine (1)

In Twilight City, more than twenty men appeared outside the pavilion where those from Sun Never Sets stayed.

“Senior Brother Qian, isn’t it too much of a bother for the Elders to mobilize so many people? We are merely dealing with a group of insignificant kids so why are they mobilizing so many experts?” One of the men looked at the pavilion in front of him with displeasure.

The man surnamed Qian slightly frowned. “The Elders have instructed us to just do it. There’s no need to question any further.”

“However, the opponent this time is only a group of ordinary kids and their men, but they have dispatched 33 Second-Class Experts and two Great Second-Class Experts. Aren’t they overestimating Shen Yanxiao? Senior Brother Zhou even brought nine Second-Class Experts with him. Even if Shen Yanxiao has three heads and six arms, she is merely a little brat that has just broken through to the second class promotion. I think Senior Brother Zhou is being too careful. Can’t he just beat Shen Yanxiao by himself?”

There were many experts in the Broken Star Palace, and almost all the Second-Class Experts in the Brilliance Continent had been recruited by them. With the exception of Ouyang Huanyu, those who had not been recruited by them were younglings that had just broken through to the second class promotion, so with a Great Second-Class Expert next to them, there was virtual nothing they had to worry about.

“It’s better to be safe than sorry.” Senior Brother Qian said calmly, but there was a trace of discontent in his eyes.

“Right now, they are even asking Senior Brother Qian, a Second-Class Great Archmagus, to bring 24 Second-Class Experts to deal with some kids. I wonder what the Elders are thinking.”

“That’s right. Everyone below the second class promotion is merely an ant. There’s no need for so many of us to mobilize. We only need to send five people.”

The group of experts from the Broken Star Palace did not understand the mission. They were all once influential figures in the Brilliance Continent but were later recruited by the Broken Star Palace. So right now, the experts in the Brilliance Continent were their juniors and regardless of talent or strength, they could not be compared to them.

Killing a chicken with a butcher’s knife would naturally cause these experts to be dissatisfied.

“It’s all because that Ruan Yingzhe being so useless. He actually was killed outside.”

“A piece of trash like him should just die.” The group of people discussed fervently among themselves, not paying any heed to the people from Sun Never Sets. In their opinion, even though there was news that there were six Second-Class Experts in Sun Never Sets, their numbers were too pathetic compared to the experts from the Broken Star Palace. Furthermore, how could someone who had just become Second-Class Experts be compared to them who had entered such a realm for a long time? Even if they were at the same level, the difference in experience accumulated over time was enough to insta-kill those newbies.

“Alright, let’s go back as soon as we’re done. There’s no need to waste time here.” Senior Brother Qian was also dissatisfied with the mission. What made him even more dissatisfied was that when they came out, the Elders told them that their main objective was to just eliminate the people around Shen Yanxiao. As for Shen Yanxiao herself, they needed to capture her alive.

As for the sinner that murdered a member of the Broken Star Palace, they wanted to spare her life. Senior Brother Qian could not understand why, so he simply handed over the task of dealing with Shen Yanxiao to Senior Brother Zhou. It had to be known that Senior Brother Zhou was the one who invited Ruan Yingzhe into the Broken Star Palace, and their relationship had always been good. So, Ruan Yingzhe’s death had a huge impact on Senior Brother Zhou.

He believed that even with the Elder’s instructions, Senior Brother Zhou would probably ‘accidentally’ kill Shen Yanxiao.

“Yes.” Everyone obeyed Senior Brother Qian and followed behind him.

However, when they entered the hall, they saw five handsome and extraordinary youths seated at the table. All of them had a smile on their faces as they looked at the group of uninvited guests.

Chapter 1089: A Taste of One’s Own Medicine (2)

“It’s such a pleasure to have friends come from afar. Are you all here as guests?” Qi Xia lazily propped his chin and looked at the 20 or so men standing in front of the door. He had a smile on his lips, but the smile didn’t reach his eyes.

The five members of Phantom were leisurely seated in front of everyone. The sight caused the expert from the Broken Star Palace to be surprised. They had already sensed that the five of them were at least at the second class promotion, especially the young man who spoke just now. Among them, only Senior Brother Qian could detect his strength.

“I didn’t expect that a small city like Sun Never Sets would have a Great Archmagus.” Senior Brother Qian saw through Qi Xia’s strength with a single glance and then looked at Qi Xia’s age. He was only 16 to 17 years old, but his strength was already on par with him. He could not help but be surprised.

He was already 50-years-old when he became a Great Archmagi. Even so, he was already regarded as a genius rarely seen in a century. Unexpectedly, the young man before him possessed even greater talent. Even within the Broken Star Palace, there were only a few people with such talent.

Qi Xia smiled.

Senior Brother Qian’s heart skipped a beat. The Broken Star Palace had always focused on absorbing human experts in the Brilliance Continent. Right now, the strength of the five youths before him could

be described as top-notch. Even though he had heard that there were six Second-Class Experts in Sun Never Sets, he did not expect them to be so young.

They were still young, but their attainments were comparable to them. If they were taught well, they would certainly have great achievements in the future.

Senior Brother Qian took a step forward and looked at the five beasts rather arrogantly. “Your talents are pretty good, so why are you following Shen Yanxiao, that ignorant and incompetent vile character? The Broken Star Palace has always cherished talents. If you are willing to join the Broken Star Palace, you will certainly improve greatly. Seeing your talents today, I cannot bear to ruin you. If you abandon the dark and turn to the light, I can spare your lives today.”

Senior Brother Qian was not worried that Qi Xia and the rest would reject his offer. Even though the strength of the five beasts was high, they were few in number and if they were to fight, they would not be their opponent. Furthermore, the Broken Star Palace’s reputation was so great that others would not be able to enter even if they were to squeeze their heads out. Now that he had personally spoken, no one would reject his offer.

Qi Xia raised his eyebrows and looked at the other four.

“The Broken Star Palace... seems to be a powerful existence,” Qi Xia said with a faint smile.

Tang Nazhi nodded and said. “Of course. One of the two most powerful organizations in the Brilliance Continent. It must be powerful.”

“You even invited us to join? I suddenly feel that you have a lot of face.” Yang Xi pretended to sigh.

“Yes, I am honored.” Li Xiaowei smiled and said.

“My heart is racing.” Yan Yu covered his chest.

Senior Brother Qian revealed a smile. Their main objective was to attack Shen Yanxiao. Killing the people around her and recruiting the people around her would have the same effect. The five youths before them had the qualifications to join the Broken Star Palace. As for the others, they could just kill them.

“Since you have agreed, then you can officially join the Broken Star Palace as long as you kill everyone else in Sun Never Sets with us.” Senior Brother Qian acted as if he was showing mercy.

“Ha!” Tang Nazhi suddenly laughed.

Senior Brother Qian frowned.

Qi Xia lazily fiddled with the white jade bone fan in his hand and looked at everyone from the Broken Star Palace with a smile.

“I think you are mistaken. We have joined Phantom, and we will never abandon it.”

Chapter 1090: A Taste of One’s Own Medicine (3)

Senior Brother Qian did not expect that there would be someone who would refuse to join the Broken Star Palace, and the reason for his refusal was an organization he had never even heard of before.

“Phantom? What kind of organization is that? I’ve never heard of it. Who founded it?” If there was any threat, they would eliminate it.

Qi Xia closed his fan with a smile and pointed to himself, Tang Nazhi and the rest in succession. “Me, him, him, him, him, and Xiaoxiao. The six of us formed it. Why? Is this brother interested in joining?”

Senior Brother Qian’s expression instantly turned ashen. Even an idiot like him could tell that Qi Xia was teasing him.

“How shameless of you! If not for your talents, I would have killed you. Since you don’t know what’s good for you, I don’t have to be polite with you!”

Qi Xia smiled and said, “Please don’t be polite with us. We like to be rude.”

Those from the Broken Star Palace were thoroughly enraged by Qi Xia’s words. They had never seen such an arrogant junior!

“Kill them!” Senior Brother Qian’s expression darkened and immediately ordered his men to slaughter these reckless bastards.

24 Second-Class Experts rushed toward the Phantom members at practically the same time. Realistically, it was practically impossible for the five Phantom members to contend against 24 Second-Class Experts. Even if their strength were comparable, the difference in numbers was enough to erase everything.

“Bullying us with numbers? I’m so afraid.” Qi Xia chuckled. The instant the people from the Broken Star Palace rushed into the building, the fan in his hand disappeared without a trace and a platinum staff suddenly appeared in his hand. The next second, icicles fell from the sky, aiming towards the people from the Broken Star Palace.

“Blizzard?” Senior Brother Qian looked at the advanced magic Qi Xia had cast in shock. Both of them were Great Archmagi and he also knew this magic, but...

When he casted this magic, it would require at least two to three seconds of chanting time. However, this young man had just waved his staff to cast such advanced magic...

Was he a pervert?

The “Blizzard” spell did not inflict much damage, but it had a powerful slowing effect. The falling ice turned into snow. Even though it did not hurt the people from the Broken Star Palace, all of them felt as if there was some kind of adhesive force under their feet that slowed their movements.

Yang Xi held onto his heavy shield and sharp sword at that moment. In an instant, his figure turned into a streak of silver light, similar to a sharp blade as he dashed towards those from the Broken Star Palace who were covered by the rain of ice and snow. At the same time, Yan Yu threw out seven totems, casting an extremely powerful “Shield of Light” on Yang Xi.

“Glory Blast!” Accompanied by Yang Xi’s roar, he was similar to a ferocious beast as he dashed into the enemy lines. In an instant, several Second-Class Archmagi with weak defenses were sent flying by his crash.

The Paladins and Swordsmen who were stunned on one side immediately dashed towards Yang Xi. It would definitely be a devastating blow if he were able to reach their Magi and Priests, with his thick, rough skin.

However, just as they were about to approach Yang Xi, an explosive sword aura directly cut open a long crack in front of them. Tang Nazhi's huge sword hacked into the ground, tearing it apart as his unrestrained face revealed an extremely excited and crazy smile.

Just as the Archers wanted to release their arrows, Qi Xia's magic bullets immediately flew towards them without giving them any chance to attack.
