

## The Good 1451

### Chapter 1451: Elf King's Request (4)

Seemingly aware of Taotie's grudge against him, the Elf King very generously delivered all the food in his palace to him. Under the attack of a pile of delicacies, even though Taotie did not wag his tail at the Elf King, at least the way he looked at him was no longer naked with the word 'want to eat' written on it.

"Taotie, did you say that those withered wood tastes awful? Will you feel uncomfortable if you eat it?" Even though she had promised the Elf King that she would help, Shen Yanxiao still had to consider Taotie's condition.

When Taotie heard that, he was instantly struck dumb. He even forgot to swallow the food in his mouth and it fell to the ground.

"Master... don't tell me... you want me to eat that?" Taotie cried, tears streaming down his face without any shame.

If there was anything in this world that Taotie would not eat, the withered part of the Tree of Life would probably be ranked first!

"Yes," Shen Yanxiao braced herself and said.

Taotie's small face was filled with grievance, and his face was written with 'I don't want to eat, I really don't want to eat'.

"Do I have to eat it?" Taotie tried to bargain.

Shen Yanxiao asked, "Will it harm you?"

Taotie shook his head and honestly said. "It won't hurt me, but it does not taste good."

Shen Yanxiao was speechless. Taotie, who could even eat tables and chairs with relish, actually had a sense of taste?

"If there's no harm, then eat it."

"Alright." Taotie obediently nodded. Seemingly knowing that he was about to eat something hard to swallow, he buried his head into the pile of food with even more relish.

This was the first time the Elf King witnessed Taotie's appetite. The Elf King was so shocked that his jaw nearly dropped.

After Shen Yanxiao took care of Taotie, she did not forget about Vermilion Bird. She casually threw a fruit from her pocket to Vermilion Bird who caught it in confusion.

The Elf King narrowed his eyes. Why was it that the more he looked at that fruit, the more he thought that it looked like the fruit of the Tree of Life?

"I'm not hungry." Vermilion Bird looked at the fruit in his hand. He was not interested in the fruit of elves.

"Eating it will allow you to recover from your injuries." Shen Yanxiao said.

“This is the fruit of the Tree of Life?” Vermilion Bird immediately reacted.

Shen Yanxiao nodded.

The Elf King’s expression was somewhat strange...

Was it really okay for this girl to brazenly take out her loot in front of the owner?

Even though he would agree to all of Shen Yanxiao’s requests, but...

Taking and stealing... were two completely different concepts!

“How long would it take to remove the pollution in the Tree of Life?” Wen Ya asked the crucial question as she watched her daughter feed the two adorable creatures.

“According to the previous time Taotie gnawed on the Tree of Life, it will take him at least two months. If it is slow, it might take him three months.” The Elf King tried hard to forget the existence of the fruit.

Wen Ya nodded.

Shen Yanxiao quietly listened on one side. Two to three months was just right for her. She could break the last seal on the way, and after that was done, she could bring Taotie and Wen Ya back to the Brilliance Continent.

How are the five beasts of the Brilliance Continent?

When she thought of her friends in the Brilliance Continent, Shen Yanxiao could not help but smile.

Time would pass very soon.

Sooner or later, she would have to return to her territory!

### **Chapter 1452: The Secret of the Tree of Life (1)**

Devouring the pollution of the Tree of Life was an extremely painful thing for Taotie.

As a ‘gourmet’, he was extremely resistant to food he disliked. However, under Shen Yanxiao’s orders, he had no choice but to open his mouth and gnaw on the Tree of Life.

However, Taotie did not directly bite down on the Tree of Life. Instead, he used his sharp teeth to pierce through the bark of the Tree of Life and slowly absorbed the pollution.

“It tastes awful... it tastes awful... sob...” While swallowing the pollution, Taotie complained to Shen Yanxiao in tears.

Shen Yanxiao sat by the Tree of Life. Due to the need to clear the pollution, the Elf King had deliberately shifted the Saintesses who were looking after the Tree of Life away. There was only one elf by the Tree of Life, even Fen Chu had been transferred away by the Elf King.

“Taotie seems to be... in pain?” Wen Ya looked at Taotie in his beast form. For some reason, she could sense the sadness in his heart.

“It’s just that his taste buds are not used to it. It’s not harmful to it.” Shen Yanxiao propped her chin. She was embarrassed to say that Taotie was complaining to her with his mental energy while eating.

Taotie's stomach was a huge bottomless pit. No matter what he ate, he would not be harmed in the slightest, even if it was the poison of all poisons.

Vermilion Bird sat on one side with the fruit of the Tree of Life in his hand. He hesitated for a long time, thinking about whether he should eat it or not.

He could tell that Shen Yanxiao liked adorable things. Lan Fengli, Yin Jiuchen, Taotie, and even Little Phoenix and Mini Dragon had obtained Shen Yanxiao's favor. Vermilion Bird was worried that his master would not pamper him as much after he ate the fruit!

Shen Yanxiao had no idea what Vermilion Bird was thinking. She only thought that there was something brewing in his mind.

It would take a long time for Taotie to fully cleanse the pollution in the Tree of Life. During this time, Shen Yanxiao had also intensified her practice on her source of life.

On the day when Taotie formally began to absorb the pollution, the Elf King issued an announcement that the Moonshine Tribe would be promoted to the highest-ranked tribe status and that the tribe would be moved back to Wind City.

The Moonshine Tribe that had been ostracized and suppressed for more than a decade had finally ushered in the light of dawn.

Moonshine City was in a strange state. The area surrounding the Tree of Life was also sealed off in all directions. Except for the Elf King, no other elves could enter. All the members of the Silvermoon Guards had been arranged to stand guard outside the area.

As for the Saintesses, they had obtained a short period of freedom and could temporarily return to their tribes to rest.

No one knew what had happened in the area surrounding the Tree of Life.

Even though the elves were curious, they would still follow the Elf King's instructions.

Taotie desperately absorbed the pollution in the Tree of Life, praying that he could end this tragic life as soon as possible.

A month's time was like quicksand that disappeared in the blink of an eye.

Shen Yanxiao's last seal finally showed signs of loosening. She believed that not long later, she would be able to break the last seal and obtain powerful strength she had never experienced before!

However, just when everyone thought that the days would continue in peace,

However, the Tree of Life underwent an incredible change!

### **Chapter 1453: Rebirth of the Devil God (1)**

Just as Shen Yanxiao was prepared to take Taotie to absorb the pollution as per usual, the Tree of Life turned pitch-black in an instant.

The intense black color spread throughout the Tree of Life, and the green leaves withered in an instant.

“What’s going on?” Shen Yanxiao looked at the Tree of Life that suddenly changed and an ominous premonition suddenly rose in her heart.

The Elf King’s complexion turned deathly pale in an instant. The elves guarding outside noticed the huge change in the Tree of Life, and all of them widened their eyes as they looked at the withered leaves.

Almost in an instant, all the elves felt that their source of life had been severely damaged and their strength being drained in an instant!

An intense dark aura emanated from the Tree of Life.

This aura was the most powerful she had ever experienced.

The Elf King’s strength dissipated in an instant, and he nearly lost his balance.

The Tree of Life was connected to the elves’ source of life. Once the Tree of Life was destroyed, the elves would forever lose their right to get stronger.

“This aura is very familiar.” Xiu’s voice suddenly sounded in Shen Yanxiao’s mind.

Before Shen Yanxiao could do anything, Xiu had already rushed out of her body and condensed his body around the Tree of Life.

“What’s going on?” Wen Ya looked at the changes of the Tree of Life, her eyes filled with shock.

Due to their bestial instincts, Taotie and Vermilion Bird practically transformed into their bestial form at the same time as they stared at the Tree of Life with vigilance.

“Something bad is in the Tree of Life.” Vermilion Bird transmitted a message to Shen Yanxiao.

“Xiu, what’s that?” Shen Yanxiao stood behind Xiu. She felt that something was definitely amiss if Xiu was showing such a huge reaction.

Xiu narrowed his eyes and reached out to shield Shen Yanxiao.

The next second, the Tree of Life exploded!

Black mist instantly pervaded the surroundings.

“I didn’t expect to see you again, Asura!” A deep voice suddenly echoed in the fog.

Xiu’s expression turned solemn.

Within the black mist, an illusory tall figure gradually took shape.

It was a handsome, unrestrained man with long black hair and purple eyes hidden in the black mist. Behind him, a pair of pitch-black wings spread out, and he proudly floated in the air. Two long black horns indicated the arrival of a nightmare!

“Devil race...” The Elf King found it hard to breathe due to the powerful dark aura. He widened his eyes and looked at the black silhouette suspended in mid-air.

Purple eyes, flesh wings, and devil horns.

The Devil race that once brought disaster to all races had reappeared in the world!

“Satan.” Xiu narrowed his eyes and looked at the familiar figure before him.

Nearly ten thousand years ago, during that devastating battle, the God race’s War God, Asura, perished together with Satan!

“Asura, there will be a fight between us eventually, but the next time, I will definitely beat you until your soul disperses.” Satan narrowed his purple eyes and looked at Xiu. A wicked and wild smile curled on his thin lips.

“You won’t have that opportunity.” Xiu suddenly leaped and dashed towards Satan’s silhouette.

However, divine power directly pierced through that phantom and Satan’s laughter echoed in the sky.

“Asura, you can’t kill me right now. I should thank the elves for their help so that I can hide and repair my soul in the Tree of Life for such a long time. Don’t be anxious, Asura. I’ll come back for you sooner or later.”

#### **Chapter 1454: Rebirth of the Devil God (2)**

Seeing that his attacks were ineffective, Xiu no longer wasted his strength. He stared at the phantom in the sky. Evidently, Satan had shifted his soul when he rushed out of the Tree of Life. What stood before him was merely a shadow left behind by Satan.

It was a provocation and also revenge!

“The God race is dead. Now is the time for my Devil race to dominate the world. One day, the devil army will reappear in the world. Asura, the former War God, I’d like to see what can stop the armored horses of my Devil race after we’ve destroyed the God race! Everything in this world will fall into my hands!” Satan’s laughter was like a nightmare that struck the death knell.

No one expected that after ten thousand years, the Devil race would reappear in the world.

“As long as I am alive, the Devil race will never be crowned as the king.” Xiu suddenly stood in mid-air and looked at Satan’s silhouette.

“Alive? Asura, you sacrificed yourself to devour me back then, but now, you only have a wisp of soul floating around the world. I am about to be reborn, while you will forever be a wisp of soul. You are no longer my opponent!” Satan smiled. After sleeping for thousands of years, the recovery of his soul had filled him with strength.

“Taotie, Vermilion Bird, immediately sense the real location of Satan’s soul!” While Shen Yanxiao was shocked, her mind was exceptionally clear. She immediately ordered Vermilion Bird and Taotie to lock onto Satan’s location.

Satan, the king of the devils.

He was the commander of the devil army that had invaded the continent. He was synonymous with the devil and the representative of the god of death.

During the war between gods and devils tens of millions of years ago, numerous elites of various races had died tragically in Satan's hands. If not for the appearance of the War God Asura, the world would have probably been ruled by the Devil race.

"I am about to be reborn!" Satan's phantom gradually disappeared from everyone's line of sight, leaving behind those frightening words.

The Devil God was reborn!

As Satan's phantom disappeared, the black mist gradually dissipated. The Tree of Life that had raised elves for millions of years had been blown up, leaving only a broken tree stump.

"Satan..." The Elf King's strength had been depleted. As the Elf King, every generation of the Elf King would connect their source of life to the Tree of Life when they were appointed. As long as the Tree of Life existed, they would live. If the Tree of Life died, they would die.

Never in his wildest dreams did the Elf King expect that Satan, the Devil God, lived in the depths of the Tree of Life.

He finally understood why the Tree of Life had undergone a strange change not long after the war between gods and devils ended. Unknowingly, Satan had become the Tree of Life's parasite. As one of the most powerful existences in the world, the Tree of Life possessed powerful healing abilities.

Satan had always resided in the Tree of Life, and his damaged soul had been greatly restored after Xiu had devoured it!

His actions had brought about destruction of the elves.

The Devil God was reborn, and the elves were his first victim.

With the Tree of Life destroyed, the elves would gradually perish.

"Xiu, he's Satan?" Looking at the destroyed Tree of Life, Shen Yanxiao's heart could not help but ache.

Xiu's expression turned deep. He turned to Shen Yanxiao and raised his hand to stroke her face.

"He is Satan." Back then, Xiu devoured Satan's soul and his body before sealing himself in ice. He wanted to use his soul to completely destroy the Devil God.

### **Chapter 1455: Rebirth of the Devil God (3)**

"He's still alive?" Shen Yanxiao looked at Xiu in surprise.

"The soul exists just like me. I destroyed his body back then. If he wants to be resurrected, he must find a suitable body." Xiu's expression did not change, but Shen Yanxiao could hear a trace of worry in his voice.

"Once Satan is reborn, the God of Light's seal on the passage to the underworld will be forcefully undone by him. At that time, the devil army will march in and the world will usher in another disaster."

"But didn't Satan already get..." Shen Yanxiao remembered clearly that Vermilion Bird mentioned that the Devil God had been devoured by Xiu during the war between gods and devils.

Xiu looked at Shen Yanxiao and said, "Even though I devoured his soul, it has not been completely destroyed after so many years. My soul has been extracted, and Satan's soul that has yet to dissipate might very well have been extracted by that group of people. Moreover, Satan appearing in the Tree of Life is probably related to that group of people. Satan's soul should have been very weak back then, and I'm afraid even his consciousness had become blurry."

Shen Yanxiao was shocked.

The ones who inserted Xiu's soul into her body were those warlocks who researched on Forbidden Skills. However, Xiu said that Satan's soul should have been placed into the Tree of Life to be repaired a long time ago.

This also meant that not long after the war between gods and devils ended, Xiu who was frozen in the mysterious ice had been unearthed and those people had also extracted Satan's soul at that time.

Thousands of years ago...

Back then, the Warlock's Forbidden Skills had yet to implode!

Who did it?

Who would take such a huge risk to allow a Devil God to be reborn?

They dug Xiu out, extracted the soul of the Devil God, and found an opportunity to insert it into the Tree of Life to repair it. After thousands of years, they integrated Xiu's soul into their racial integration experiments.

This was no longer something those Warlocks could control!

"Who did all this?" Shen Yanxiao could not figure it out no matter how she thought about it. The Devil race was a savage race that wanted to dominate the world. Reasonably speaking, no race would help the Devil God to be reborn.

However, things happened right before her eyes.

Forbidden Skills, Demon God, Xiu, the Tree of Life... All the clues were piled up together and no one could find the key.

"It seems like I have to recover my body as soon as possible and ask those humans who had entrusted me to them." Xiu narrowed his eyes. He had not figured out everything.

Right now, all the crucial points were concentrated in the hands of the person who handed Xiu over to the warlocks.

Only by finding him could they solve all the mysteries.

Shen Yanxiao nodded. This was the only way.

However...

Looking at the ruined Tree of Life before her, Shen Yanxiao's heart could not help but ache.

With the Tree of Life destroyed, the elves would also be doomed.

“You are the War God? You are the War God Asura?” The Elf King who had been silent was shocked when he saw Xiu. Satan’s way of addressing Xiu had shocked him. He sat on the ground and panted as he looked at the god that had once saved the world.

Xiu nodded as he looked at the Elf King.

Under the corrosion of pollution, the Elf King was very weak. Now that the Tree of Life was destroyed and with more than half of his source of life destroyed, he was about to fall.

“I beg you, please save the Tree of Life!” The Elf King used all his strength to kneel before Xiu, begging for the God race’s pity.

### **Chapter 1456: Xiu’s Decision (1)**

The divine power of the God race could save the lives of all living things in the world. As long as the victim could survive for a single breath, they could use the purest power of the world to resurrect them.

Part of the reason why the God race was revered by all races was due to their divine power.

Only the God race could bring about new life in the world.

The moment the Tree of Life was destroyed, the Elf King felt despair. It was as if he could see the end of the Elf race.

However, the heavens had given him a glimmer of hope.

A god!

A powerful god might be able to save the Tree of Life!

“I beg you! Please save the Tree of Life! Please save the elves! The elves have always believed in the God race. Please bless us and protect us from extinction!” The Elf King’s breathing became more and more rapid. His life was about to come to an end, but he still had to complete his mission as the Elf King!

They could not allow the elves to perish just like that!

Xiu coldly looked at the Elf King who was pleading.

The God race had a proud and indifferent nature. Ever since Xiu was born, he had never experienced great joy or sorrow. The only person in his life who could move him was Shen Yanxiao.

The Elf King’s pleading did not move his frozen soul.

“Xiu?” Shen Yanxiao looked up at Xiu. She did not wish for the elves to perish.

“You want me to save them?” Xiu looked at Shen Yanxiao as if he was seeking her opinion.

Shen Yanxiao did not answer him directly. Instead, she asked, “You can save the Tree of Life?”

“Yes.” Xiu nodded.

“Will it cause you any harm?” Shen Yanxiao had no choice but to ask. She did not like to mend the east wall.

“It will only consume some energy and I might enter a period of slumber. As long as you continue to absorb dark elements for me after returning to the Brilliance Continent, I will recover in no time.” Xiu rubbed Shen Yanxiao’s head. He knew that she was worried for him.

In fact, Xiu did not intend to stand by and do nothing from the start. Even though he had a cold temperament, he had never forgotten his duty as a god. Even if Shen Yanxiao did not say anything, he would not allow the elves to perish.

However...

Xiu wanted Shen Yanxiao to be valued. He needed the elves to owe her a huge favor!

With the resurrection of the Devil God and the impending disaster, it would no longer be easy for the other races in the world to unite again. The Brilliance Continent where humans lived would be the main battlefield and the frontline of the war in the future. Thus, Xiu had to prepare powerful allies for Shen Yanxiao.

The elves were one of Xiu’s selected allies!

The destruction of the Tree of Life would result in the death of the Elf King very soon, and the death of the current Elf King would cause the elves to fall into chaos. Before the selection of the next Elf King, the elves would have no fighting strength to speak of.

If the Devil race were to invade at that moment, not only would the elves be unable to be reliable allies, but they would also be a burden.

Xiu would never allow that to happen.

It could be said that Xiu was making plans for Shen Yanxiao’s future.

However, he would never let Shen Yanxiao know of this.

If she wanted to grow, he would let her go and train. However, during the process, he would use his own methods to pave everything for Shen Yanxiao. What he wanted to do was to provide her with some solid support so that Shen Yanxiao could be at ease and be bold enough to cause chaos. No matter what happened, as long as he did not collapse, no one could hurt Shen Yanxiao!

## **Chapter 1457: Xiu’s Decision (2)**

“Then, can you help them?” Shen Yanxiao looked at Xiu. She did not want the elves to go extinct.

“Alright, I promise you.” Xiu looked at Shen Yanxiao lovingly, as if he could give her everything with a single word.

“Thank you! Thank you so much!” The Elf King wept with joy.

Xiu looked at the Elf King with an unusually cold expression.

“I agreed to your request because of Xiaoxiao. I hope you know what you should do in the future.”

The Elf King nodded.

“In the future, as long as Xiaoxiao asks, I will do my best to accomplish anything that an elf can accomplish!” Even if Xiu did not say it, the Elf King was still filled with gratitude towards Shen Yanxiao.

He had imprisoned Wen Ya, but Shen Yanxiao was still willing to help him, so naturally, he was grateful.

Wen Ya stood on one side and remained silent. Everything that happened just now was too shocking and she had yet to digest it all. Looking at Xiu who stood together with Shen Yanxiao and looking at his gentle gaze as he looked at Shen Yanxiao, Wen Ya was slightly shocked.

This god that suddenly appeared seemed to have something going on with her daughter...

“Remember what you said today. I can save the Tree of Life and destroy it.” Xiu glanced at the Elf King and dropped the most powerful threat.

Shen Yanxiao looked at Xiu and pulled his fingers. Xiu looked down at her and the sharpness in his eyes faded.

“Is there really no problem?”

Xiu nodded.

“I’ve said that I want you to accompany me for generations, so I won’t joke with my life.”

Shen Yanxiao smiled and nodded.

Xiu walked to the Tree of Life, spread out his hands, and gradually floated in the air. A small silver colored lotus flower blossomed in his palms. The lotus flower gradually grew and expanded, condensing a large amount of divine power. As a ray of light blossomed, the petals of the lotus flower fluttered down and pieces of glistening petals entered the withered Tree of Life.

A miraculous scene happened right before their eyes. The lifeless Tree of Life was nourished by divine power, and the pitch-black tree stump was gradually covered by a layer of light. The divine light enveloped the dying Tree of Life and scattered the hope of life to the earth.

The black tree bark peeled off bit by bit and the new tree trunk gradually grew along with the light.

Under the envelopment of light, the Tree of Life gradually grew, and the branches and leaves stretched out. Following the light, it formed a huge protective umbrella above Moonshine City, similar to a barrier of light!

Within Moonshine City, the elves who were in despair due to the destruction of the Tree of Life widened their eyes and looked at the scene of the Tree of Life’s rebirth.

Even the cold-hearted elves could not help but shed tears for the scene before them.

The Tree of Life was still alive!

It did not die!

There was still hope for the elves!

The recovery of the Tree of Life allowed the exhausted elves to feel the emergence of strength once again. They supported each other and stood up while praying with their hands pressed together. Their

eyes were tightly shut as they sang the Song of the Elves as they used their most devout hearts to pray for the rebirth of the Tree of Life.

The Song of the Elves echoed throughout Moonshine City.

Let hope coexist with us.

May life last forever.

The Elf King gradually recovered his strength. His eyes were brimming with tears as he looked at the Tree of Life's recovery. There were no words that could express his current excitement.

At the same time, a huge wooden ship was docked at the Moonlight Coast of the Moon God Continent. Five handsome young men full of vitality were looking at this brand new continent with curiosity.

### **Chapter 1458: Phantom Reunion (1)**

"Wow! Look! There are so many elves!!" Tang Nazhi pointed to the guards of the Moonlight Coast and cried out in excitement.

"Is he your friend?" Yang Xi shot a glance at Tang Nazhi who was acting like a dimwit. He then pretended to be surprised as he asked Qi Xia.

Qi Xia shrugged his shoulders and said, "I thought he was your friend."

"Ah Yu, you know him?" Yang Xi asked Yan Yu again, and Yan Yu cooperatively shook his head.

Li Xiaowei silently turned his face away, indicating that he had nothing to do with that idiot.

"Hey! Can you not be so shameless!" Tang Nazhi angrily looked at his four comrades who were trying their best to cut ties with him.

"Say, Tang Nazhi, it's fine if you lose face in the Brilliance Continent, but don't you feel sorry for the Human race for rushing to lose their reputation in the land of elves?" Qi Xia crossed his arms and looked at the furious Tang Nazhi with a smile.

"How am I embarrassing?" Tang Nazhi frowned.

"Your existence itself is already very embarrassing." Yang Xi impolitely attacked Tang Nazhi.

"Yang Xi, I want to fight you one on one!"

"A swordsman against a paladin? Let's see who is more durable." Yan Yu raised his brow.

"No, it should be a Great Swordsman fighting against a Great Dragon Knight." Li Xiaowei stepped out to correct her.

In less than a year, the five of them had grown rapidly.

Right now, all of them were Advanced Professionals.

"A Great Dragon Knight? Get yourself a dragon before you talk!" Tang Nazhi snorted. Even though Yang Xi had become a Great Dragon Knight, there were no dragons for him to ride.

“Are you discriminating against my Azure Dragon?” Yang Xi had already revealed his sword.

“...” Tang Nazhi was speechless.

The elves in the coastal areas were not affected by the Tree of Life as they were far away from Moonshine City. They merely widened their eyes and looked at the five outstanding human youths in front of them as they rubbed their palms and prepared to spectate their fight.

They were stationed at the Moonlight Coast, so they were the elves who had the most dealings with humans. They had interacted with many humans. The humans they met ranged from tall, short, fat, and thin. However, there were only a few that were as outstanding as the five youths before them.

However...

Weren't they good friends? Why were they about to start a fight?

It was hard for the elves to understand the way humans interacted.

“Alright, look at how cocky you are. We are not here to watch you two bicker. We have other things to do.” Yan Yu looked at Tang Nazhi and Yang Xi helplessly and timely reminded them of their objective.

“Oh right, we still have things to do!” Tang Nazhi immediately retracted his fighting posture and scratched his head. He looked at the endless green land in front of him and said, “I wonder where Xiaoxiao is right now.”

“Perhaps we can ask the elves?” Qi Xia asked.

With that said, the five friends immediately acted as if nothing had happened and eagerly went to seek help from the elves.

The elves looked at them as if they were looking at five monsters.

Weren't they going to fight to the death just a moment ago? Why did their relationship suddenly become so good?

“Excuse me, do you know where an elf named Yan Xiao is?” The kindest Yan Yu went up and asked.

The elves looked at each other in dismay. They were unfamiliar with that word.

Just when the Phantom thought that they would not get an answer, a slender figure walked out from among the elves, and on his chest hung a black badge and the badge of the Qingyuan Tribe.

“Are you referring to an underage elf?”

### **Chapter 1459: Phantom's Reunion (2)**

“Yes.” Yan Yu nodded.

“I believe she should be in Moonshine City right now,” the elf said expressionlessly.

“Thank you.” After obtaining Shen Yanxiao's exact location, the five members of Phantom immediately passed the Moonlight Coast inspection.

As he watched the five youths leave, the elf who gave them directions silently returned to his original position.

It could only be said that the five of them had thought of things too simply. When they arrived at the gate leading to the yellow-level city, they were stopped.

The elves guarding the city told them that they had to have an exclusive pass for human merchants to enter the city.

As for Moonshine City...

Don't even think about it.

"The elves are being too rigid. It's not like we would do anything bad if they let us in." The Five Beasts that were rejected could only find a grassland in the city and sit down.

"Well, it'll be too late after tonight. What do you think?" Tang Nazhi looked at the others. They were pressed for time.

"The elves forbade us from going there. Do we have to listen to them?" Qi Xia raised his brow. The Phantom had never followed the rules.

"Ha, as expected, you're the worst." Tang Nazhi smiled and punched Qi Xia's shoulder.

"We must reach Moonshine City before tonight." Qi Xia stretched out his fist.

"Of course." The remaining four suddenly stood up and exchanged fist bumps.

On this stormy day, two huge mythical beasts suddenly appeared in an ordinary cyan-level city in the Moon God Continent!

Azure Dragon soared in the sky, while Qilin rode on auspicious clouds. The huge magical beasts filled the vision of every elf as they soared in the sky and headed towards Moonshine City!

In Moonshine City, the Tree of Life gradually recovered its former vitality. After Satan left, all the pollution had disappeared without a trace, and the Tree of Life became increasingly tall and strong under the influence of the holy power.

After Xiu cured the last vein of the Tree of Life, his figure slowly landed on the ground. The moment he landed, his tall figure slightly swayed.

"Xiu!" Shen Yanxiao was shocked. She immediately rushed to Xiu's side and hugged his waist.

"I'm fine, just a little exhausted." Xiu patted Shen Yanxiao's head.

Shen Yanxiao said nothing. Even though Xiu tried his best to hide the truth, she could clearly sense that Xiu was much weaker than before. In fact, he was even weaker than when he was in Sun Never Sets.

This feeling was exceptionally clear in Shen Yanxiao's heart. She gritted her teeth, knowing that Xiu was only comforting her.

How could it be so simple to resurrect the Tree of Life?

Xiu was still in his soul state, and consuming such a large amount of divine power would definitely deplete much of his accumulated strength.

"In a few days, I will be able to break the last seal. At that time, let's go back to Sun Never Sets. I will try my best to absorb dark elements to replenish your strength." Shen Yanxiao buried her head in Xiu's chest. Sweet words were flashy without substance. Affection could only be expressed through actions.

Xiu put his arms around Shen Yanxiao, and the two of them stood under the Tree of Life, hugging each other.

"Who is that guy?!" A shout broke the silence.

In the skies above Moonshine City, Azure Dragon and Qilin were standing in the air. The five members of Phantom who sat on their backs were staring at the two embracing figures!

### **Chapter 1460: Phantom Reunion (3)**

"Hey, hey! Don't make us look at such an explosive scene the moment we arrive." Yang Xi facepalmed. If Shen Yanxiao was not an easy girl to recognize, they would not have believed that the one hugging a man was their little girl!

This girl was too young for this kind of promiscuous stuff!

Moreover, it was only her fifteenth birthday today!

She was still a loli, alright!

"Don't stop me, I'm going down to kill that beast of a man!" Tang Nazhi rolled up his sleeves and glared at Xiu's back as he gnashed his teeth in anger.

He must be beaten to death for daring to harm their little girl!

Shen Yanxiao looked up at those five familiar faces, her eyes filled with pleasant surprise.

"You're here?" Shen Yanxiao did not notice the horrified expression on their faces as she smiled and said.

"Qilin, let us down." Qi Xia gently patted Qilin's back.

Qilin and Azure Dragon immediately flew down, letting Qi Xia and the rest land on the ground.

"Xiaoxiao, step aside first. I don't want blood to splatter on your face." Tang Nazhi clenched his fist until knuckles cracked.

"Ah?" For a moment, Shen Yanxiao did not understand what was going on. Why did her five friends, whom she had not seen for months, look like they were about to kill someone?

Yan Yu pulled Shen Yanxiao away from Xiu while the remaining four surrounded the indifferent Xiu.

"Wait! What are you doing?" Shen Yanxiao was struck dumb. What was going on?

"Be obedient, I'll deal with you later!" Tang Nazhi snorted at Shen Yanxiao.

"..." Shen Yanxiao felt that Tang Nazhi's courage must have increased explosively after half a year.

Tang Nazhi turned his head and prepared to join hands with his friends to give this beast of a man a good beating. However, something strange happened.

Qi Xia, Yang Xi and Li Xiaowei were stunned on the spot, and they had no intention of attacking.

Tang Nazhi looked up in doubt and was stunned.

“G-Gold...” Tang Nazhi stuttered as he stared at those golden eyes that were as dazzling as the sun.

Golden eyes. They were eyes that only the God race possessed!

“Wait, if I remember correctly, didn’t the God race already...” Li Xiaowei looked at his comrade and secretly made a throat-slitting gesture.

“At least, that’s what my grandfather told me.” Yang Xi nodded.

Qi Xia narrowed his eyes and looked at the man who was not inferior to the five of them and suspected to be from the God race.

In all fairness, Xiu’s appearance was enough to defeat the five of them, and his temperament was something they could not compare to.

This was an aura that could only be accumulated over many years: the aura of a ruler soaked in bloody battles. Even though Qi Xia and the rest were outstanding, they were still young and their experiences were limited. What they possessed was the excellence of a prodigy, but not the foundation that had been accumulated over time.

“You are from the God race?” Qi Xia asked.

Xiu raised his eyes and looked at Qi Xia. He was no stranger to the five youths from Phantom. They treated Shen Yanxiao well and were her comrades that fought alongside her. Perhaps it was his love for Shen Yanxiao, Xiu answered their questions.

“Yes.”

Even though they already had the guess in their heads, the Five Beasts still gasped when they heard Xiu’s response!

The God race!

The God race that had been extinct for nearly ten thousand years!

There was actually someone alive from that race? This was simply unbelievable!

“What’s your relationship with Xiaoxiao?” Qi Xia forcefully suppressed his internal shock and calmly asked.
