

The Good 1511

Chapter 1511: Decisive Battle (3)

“They’ve dispatched their mythical beasts.” Qi Xia narrowed his eyes as he looked at the dozens of huge magical beasts flying towards them.

Surrounding those mythical beasts were a group of high-level flying magical beasts and mid-level flying magical beasts. Evidently, the opponent wanted to attack Sun Never Sets from the sky.

Even though there were only twenty plus mythical beasts in the four-nation alliance, the number of high-level and low-level flying magical beasts was astonishing. They were densely packed together as they hovered in the air. They looked like a huge dark cloud that was rapidly approaching the Sun Never Sets.

“There are at least tens of thousands of them.” Tang Nazhi swallowed his saliva. This number was absolutely terrifying.

Even the protective shield of Sun Never Sets would not be able to withstand the crazy attacks of tens of thousands of magical beasts. The sky was the blind spot for artillery and siege weapons, so those magical beasts could attack them without any hesitation.

Shen Yanxiao sneered.

“Are they the only ones who have flying magical beasts? All of you, summon your magical beasts. Archers and magus, stand on the city walls and fight! I must shoot down those magical beasts one by one.”

Under Shen Yanxiao’s command, all the flying magical beasts in Sun Never Sets were immediately summoned. Shen Yanxiao’s Vermilion Bird, Qi Xia’s Qilin, and Yang Xi’s Azure Dragon led the team. The three mythical beasts led thousands of flying magical beasts in Sun Never Sets as they flew through the protective shield and into the sky.

To fight against tens of thousands of opponents with a few thousand was definitely a bitter fight.

However, no one hesitated.

On the city walls, all the magus raised their staffs while the archers drew their bows and aimed at the magical beasts.

Black Tortoise, White Tiger and Orochi had also been summoned. Although they could not fly, they could transform into human forms and sit on other flying magical beasts to join in the fight.

Yun Qi stood on the city wall and looked at the flying magical beasts in the sky. All of a sudden, he drew a huge summoning array on the city wall.

“Illusionary beasts from another world, please listen to my call. I am willing to use my strength and my blood as a medium to lure you into the gates of another world!”

As Yun Qi finished his last word, a blinding light suddenly exploded from the summoning array.

Amidst the light, a huge two-headed phantom dragon revealed its savage appearance as strong winds blew.

A dragon's roar resounded throughout the skies!

The double-headed phantom dragon was an extremely powerful phantom beast that was comparable to a holy beast!

Everyone standing by Yun Qi's side widened their eyes as they looked at the huge dragon from the Illusion Realm.

Ever since the Warlocks were culled, it had been many years since people had seen a phantom beast. Right now, Yun Qi had recovered his peak strength and summoned the double-headed phantom dragon with all his might!

The moment the two-headed phantom dragon appeared, Yun Qi seemed to have aged by more than ten years. This was a super phantom beast that he summoned after exhausting all the magic in his body.

Yan Yu immediately casted a healing spell on Yun Qi.

With this, Yun Qi did not collapse just yet.

"Illusionary beast from another world, please help me eliminate the enemy!" Yun Qi shouted.

The two-headed phantom dragon released a heaven-shocking dragon roar and dashed into the skies like lightning.

For a moment, the sky above Sun Never Sets became a battlefield for flying magical beasts.

The moment the Vermilion Bird, Azure Dragon, Qilin, and the two-headed phantom dragon appeared, the twenty plus aerial magical beasts of the four countries immediately surrounded them.

Chapter 1512: Decisive Battle (4)

"What's that?" An expert from the Seventh Kingdom sat on his mythical beast and looked at the two-headed phantom dragon that was larger than his own mythical beast. He wondered if he was seeing things.

That double-headed dragon clearly radiated an aura that was levels higher than a mythical-level beast.

However, the information clearly stated that the Sun Never Sets only had mythical beasts and no magical beasts of the holy level!

"Damn it, is that really a holy beast?" Another expert from the Seventh Kingdom asked.

Shen Yanxiao looked at the two-headed dragon and smiled. Mini Dragon on her shoulder seemed to have noticed Shen Yanxiao's admiration for the two-headed phantom dragon and would wave its small wings in dissatisfaction.

Shen Yanxiao patted its head. "Stop it."

"Gu!"

Shen Yanxiao smiled and looked at the mythical beasts surrounding her.

“Qi Xia, Yang Xi, let’s go!”

Following Shen Yanxiao’s shout, Vermilion Bird spread its wings of fire and huge fireballs smashed towards the nearest mythical beast.

Qilin took a deep breath and swallowed all the water vapor in the air. With a furious roar, ice blades shot out from its mouth.

Azure Dragon looked up to the sky and let out a long cry, attracting the lightning above the clouds to strike down. Streaks of lightning swept across the sky, turning many mid-level magical beasts with low lightning resistance into charcoal!

There was also a huge gap between mythical beasts.

The reason why the five ancient mythical beasts were famous in the Brilliance Continent was due to their reputation as spirit beasts.

It was not something ordinary mythical beasts could contend against!

Vermilion Bird, Qilin, Azure Dragon and the two-headed phantom dragon tore a hole among the flying magical beasts of the four countries alliance. All the flying magical beasts behind them seemed to have gone crazy as they desperately attacked the enemy forces that surrounded them.

The flying magical beasts in Sun Never Sets had been ordered to die by their masters.

As long as there was a magical beast above Sun Never Sets, they could not retreat or escape from the battlefield.

They were to fight until their last drop of blood ran dry and until they breathed their last!

That was the loyalty of a magical beast to its contractor!

Shen Yanxiao gave Vermilion Bird the initiative to take flight. Standing on his back, she summoned Taotie in his human form and aimed at a mythical beast that was approaching.

“Taotie, throw me over.” Shen Yanxiao said.

Even though Taotie was in human form, he was extremely strong. He lifted Shen Yanxiao up and threw her toward the mythical beast.

The expert who was manipulating the mythical beast to launch a sneak attack on Shen Yanxiao widened his eyes and looked at Shen Yanxiao who was flying straight towards him. He did not even have the time to make the mythical beast turn around.

Shen Yanxiao suddenly rushed in front of him and did not give him any chance to react. She grabbed his throat with one hand at lightning speed and fiercely kicked his abdomen with her petite body. Then, she flipped over in the air and forcefully broke his throat with her hand.

That expert did not even have time to react before he died soundlessly under Shen Yanxiao’s hands.

Sensing the death of its master, the mythical beast frantically flew in the air, trying to fling Shen Yanxiao off its back.

Shen Yanxiao then took out a dagger and fiercely stabbed into the mythical beast's flesh to stabilize her body. With her other hand, she grabbed onto the magical beast's fur and used the force to leap towards the mythical beast's head.

Chapter 1513: Decisive Battle (5)

The dead mythical beast fell from the sky. After doing that, Shen Yanxiao leaped off the beast and Vermilion Bird tacitly flew under her, catching her.

Shen Yanxiao looked at the blood-stained magical crystal with a teasing smile.

"Taotie, eat it." With a casual throw, Taotie directly swallowed it.

The magical core of a mythical beast was extremely rare. The huge amount of energy it contained caused Taotie to squint his eyes in excitement.

The experts of the four-nation alliance sat on their mythical beasts, and the scene that happened just now made them shiver.

An expert and a mythical beast had been killed by Shen Yanxiao alone!!

"She is Shen Yanxiao?" Looking at the young lady standing on Vermilion Bird's back, an expert asked with a trembling voice.

The Master of Sun Never Sets, the Lord of the majority of the Forsaken Land!

She was also the main objective of their expedition!

"Damn it, take her down first!" After witnessing Shen Yanxiao's savageness, almost everyone came to a consensus. No matter what, they had to kill Shen Yanxiao and Vermilion Bird first!

All the mythical-level magical beasts started to gather towards Vermilion Bird.

They even gave up on fighting with Qilin, Azure Dragon, and the two-headed dragon. They even ordered the high-level magical beasts to block the path of those three massive beasts.

For a moment, Shen Yanxiao was surrounded by more than twenty mythical beasts. All the gaps around her were filled up by the magical beasts of the four countries.

Qi Xia and Yang Xi immediately noticed Shen Yanxiao's predicament. However, the high-level magical beasts swarming towards them did not give them any chance to approach Vermilion Bird. Those high-level magical beasts blocked their path without any regard for their lives.

The two-headed phantom dragon released a dragon cry and green flames started to shoot out from its mouth, sweeping across the dozens of flying magical beasts in front of it. However, more flying magical beasts immediately filled the gap.

The four-nation alliance had made up their minds to surround Shen Yanxiao and to never allow any reinforcements to arrive.

“Oh no! They are going to concentrate their fire on Xiaoxiao!” Standing on the city wall, Yun Qi looked at Shen Yanxiao who was trapped. No matter how powerful she was, she could not withstand the siege of tens of thousands of magical beasts. Furthermore, there were more than twenty mythical beasts of the four countries gathering around Shen Yanxiao.

“All Magus and Archers, focus your attacks on Xiaoxiao’s surroundings! Destroy those magical beasts!” Yun Qi immediately ordered.

All the Magus and Archers on the city walls focused their firepower around Shen Yanxiao. Everyone wished they could kill more magical beasts so that Shen Yanxiao could breathe a little.

However, with tens of thousands of magical beasts in the air, the focus fire could not open a path for Shen Yanxiao to escape.

The magical beasts of the four-nation alliance surrounded Shen Yanxiao like a huge dark cloud that swallowed up Shen Yanxiao and Vermilion Bird.

“Tsk tsk, it seems like I can’t be too high-profile at a time like this.” Shen Yanxiao stood on Vermilion Bird’s back and looked at the magical beasts that were rapidly surrounding her. She could hear Qi Xia and Yang Xi’s anxious shouts in her ears. She was well aware that the four-nation alliance had decided to use all their aerial magical beasts to encircle her. Facing such a predicament, even the power in her hands could not save her from here.

Taotie stood by Shen Yanxiao’s side and his small hands tightly gripped the corner of her clothes.

“Master, I will not let you die! As long as I am alive, they can forget about harming you!”

Chapter 1514: Decisive Battle (6)

There was an unprecedented gleam of seriousness in Taotie’s eyes.

Shen Yanxiao was surprised by this. In her impression, other than eating and acting cute, only his beast form was more frightening. Plus, he could not fly, so what was he trying to do?

Taotie let go of Shen Yanxiao’s hand and suddenly stood in front of her. He narrowed his eyes and looked at those enemies who were waiting for an opportunity.

“We must kill Shen Yanxiao. Everyone, listen to my orders. Have the magical beasts launch magical attacks at the same time. I don’t believe we can’t kill her!” The expert from the Blue Moon Dynasty suddenly spoke.

Tens of thousands of magical beasts were ready.

With a single command, tens of thousands of magical beast’s magical attacks shot towards Shen Yanxiao at the same time.

A large number of magic attacks formed a dazzling light in the air.

Everyone in Sun Never Sets gasped when they saw the massive spread of magic attack!

Not to mention Shen Yanxiao and Vermilion Bird, even a holy-level two-headed dragon would not be able to survive such a dense swarm of attacks!

“Xiaoxiao!” Qi Xia and the others released heart-wrenching screams!

“With me here, none of you can harm my master!” Taotie’s immature voice sounded in mid-air, and he then suddenly opened his arms and mouth. Strange gales of wind were generated from his mouth and the powerful suction force was similar to a tornado sweeping across the land.

All the magic attacks were attracted by him in a tornado formed by Taotie. Countless dazzling lights were sucked into his mouth, followed by a huge explosion that sounded in his stomach.

Shen Yanxiao, who stood behind Taotie, could even see his petite upper body contorting as he frantically devoured the attacks. It was as if the power would burst him in the next second.

Devouring the power of heaven and earth, absorbing all rivers.

The aura of an ancient ferocious beast!

Everyone stared at the little boy who was devouring all the attacks in shock. They could not believe their eyes!

The attacks of tens of thousands of magical beasts had been forcefully swallowed by a little kid whole!

Taotie furrowed his brows and swallowed the last wave of attack. The skin on his body radiated a strange light from the inside out. It looked as if he was about to explode from overloading energy.

Beads of cold sweat dripped from his forehead.

Taotie’s stomach was a gate to the other world, but he had never devoured so much explosive power in such a short time before.

The surrounding air seemed to have frozen at that moment.

The aerial troops of the four-nation alliance looked at Taotie as if he was a monster.

They could not believe that there was someone in this world that could directly devour magic attacks!

“Who is that little kid? Why was it not mentioned in the intelligence report?” The alliance army of the four countries widened their eyes and wondered if they had seen a ghost.

“Taotie?” Shen Yanxiao looked at the suffering Taotie. Something was wrong with him.

Taotie’s facial features were practically wrinkled as his cheeks puffed up. He trembled as he held his stomach while his small shoulders trembled violently.

“Wow!!!” Taotie suddenly raised his head and an ear-piercing sound exploded from his mouth. All the energy that he had swallowed into his stomach had gone berserk at this very moment, shooting out from his mouth towards the surrounding magical beasts!

With Taotie as the center, the aerial forces of the four-nation alliance were swept across by a huge shockwave!

Chapter 1515: Decisive Battle (7)

Taotie's furious devouring returned all the previous attacks. The defenseless aerial forces of the four-nation alliance were scattered by the powerful shockwave!

A huge gap was opened up in the dense encirclement!

After Taotie roared, he instantly collapsed like a deflated balloon. Shen Yanxiao quickly grabbed Taotie and ordered Vermilion Bird.

Vermilion Bird immediately took advantage of the fact that the enemy had yet to recover from the aftershock and flew out from the gap with Shen Yanxiao and Taotie.

"Taotie, how are you?" While Shen Yanxiao observed the movements of the four-nation alliance's aerial team, she asked Taotie in her arms. His body was burning hot.

"Wu..." Taotie released a weak groan.

"Taotie?" Shen Yanxiao became increasingly worried.

"I'm fine..." Taotie shook his head.

He could devour endlessly, but he could not digest so much power in such a short time. The total amount of the power Taotie had devoured just now was practically equivalent to him devouring a holy beast that was about to break through to the Legendary Realm. Without any time for him to digest, Taotie could only use these powers to counterattack the four-nation alliance, allowing Shen Yanxiao to break out of the encirclement.

For a magical beast that had always been eating, it was more damaging than anything for Taotie to spit out what he had devoured.

At that time, that was the only method Taotie could use to help Shen Yanxiao escape from her predicament. As for what he had to pay for such a move, he was unwilling to tell Shen Yanxiao.

"Vermilion Bird, meet up with Qi Xia and the rest immediately. We can't let them trap us again." Shen Yanxiao vaguely knew that Taotie would not be as fine as he said. However, the current situation did not allow her to have too many reservations.

The aerial forces of the four-nation alliance had already decided to surround and kill her. If she were to be encircled again, it would be hard to escape.

"What happened just now?" The four-nation alliance had yet to react to what had happened.

"There's no time to think too much! Shen Yanxiao wants to join up with the other two mythical beasts! We can't give her the chance to do so. All the flying magical beasts, block Vermilion Bird's path!"

The aerial forces of the four-nation alliance moved out again and blocked Shen Yanxiao's path.

Vermilion Bird tried his best to dodge the attacks from all directions. He even deliberately changed directions and used his body to block most of the attacks that were aimed towards Shen Yanxiao and Taotie. Soon, Vermilion Bird was riddled with scars from such a dense barrage of attacks. A large batch of its flame-like feathers had fallen off and the area where the enemy had attacked was charred black.

One could vaguely see drops of blood spilling out from Vermilion Bird's wound that flowed on the wind along with its fiery feathers.

Vermilion Bird was the king of the skies. As long as it was not completely sealed off, it could always find a way to break through.

A mythical beast and seven high-level magical beasts blocked Vermilion Bird's path, and just behind him, tens of thousands of aerial magical beasts were about to arrive.

At that moment, the Vermilion Bird did not dare to hesitate or pause in the slightest. All of a sudden, he curled his wings before immediately spreading them out, causing a gale mixed with surging heatwave that forcefully disrupted the formation of the seven high-level magical beasts in front of him.

Seeing this, Vermilion Bird spread its wings and flew at the extreme speed, gliding past that mythical beast at a slanted angle!

Chapter 1516: Decisive Battle (8)

"You want to run? Not so easy!" The man above the mythical beast sneered. His mythical beast was a wind snake.

The attack power of an ordinary wind snake was extremely weak, but his wind snake was the king of wind snakes, and it had broken through to the realm of a mythical beast. The wind snake's physique was very slender, so its movements were very agile when it fought in the air.

The moment Vermilion Bird brushed past it, the wind snake turned around and used its long tail to entangle one of the Vermilion Bird's wings. Then, it turned around and bit the Vermilion Bird's wings.

The fangs of the wind snake contained a large amount of venom, which was extremely harmful to the nerves of magical beasts.

Almost instantly, Vermilion Bird let out a shrill cry!

Shen Yanxiao's expression turned cold. She pulled out the dagger on her waist and pounced on the wind snake's head. The man on the snake immediately raised his staff and shot a fireball at Shen Yanxiao.

Shen Yanxiao endured the damage from the flames and stabbed the wind snake's eyes!

The wind snake quickly released its grip on Vermilion Bird due to the pain. However, its fangs had injected a large amount of venom into Vermilion Bird. Due to this, Vermilion Bird's body had evidently slowed down as it swayed unsteadily.

However, the Vermilion Bird gritted his teeth and endured the numbing venom as he continued to fly forward.

Shen Yanxiao's shoulder was burnt by the fireball and her clothes had been thoroughly burnt. Her exposed skin was charred and drops of blood were dripping from her wounds.

She decisively took out a bottle of healing potion and poured it onto her wounds.

The tremendous pain made her pale.

“The fruit of the Tree of Life...”

Shen Yanxiao received Vermilion Bird’s spiritual connection.

“With Little Phoenix...”

Shen Yanxiao shivered and immediately called for Little Phoenix.

Little Phoenix crawled out from under Vermilion Bird’s feathers. Vermilion Bird had yet to eat the fruit of the Tree of Life.

After Shen Yanxiao took the fruit, she immediately ran to Vermilion Bird and decisively placed the fruit of the Tree of Life into his mouth.

The fruit of the Tree of Life had great healing effects on magical beasts. Thus, the moment Vermilion Bird swallowed the fruit, most of the venom in his body was completely removed and the wound on his wings was slowly healing.

After getting rid of the paralysis effect, Vermilion Bird flew even faster.

Like a bolt of lightning, he dashed past the magical beasts on the road, leaving behind a fiery red shadow!

A large amount of blood splattered in the air as Vermilion Bird flew. However, Vermilion Bird did not dare to pause for a single moment. The venom and the fruit of the Tree of Life had nearly caused him to faint. At this moment, he could only bite his tongue and use the pain to force himself to stay awake.

Finally freed from the encirclement of the four-nation alliance’s aerial forces, Vermilion Bird rushed to Qilin’s side with Shen Yanxiao and Taotie.

“Xiaoxiao, are you hurt?” Qi Xia looked at the burn on Shen Yanxiao’s shoulder and a killing intent exploded from his languid eyes. The demon from the bottom of his heart was about to be awakened.

“Don’t worry. Let Freud and the others take action. There are not many siege weapons left in the four-nation alliance and our protective shield is about to collapse. Sleep Wolf and the others have sent us news that the reinforcement weapons from the four-nation alliance will be arriving soon. We must defeat them before they arrive!” Shen Yanxiao did not have the time to care about her injuries. Any slightest carelessness in battle would result in a complete loss.

Chapter 1517: Decisive Battle (9)

Within the four-nation alliance, everyone was paying attention to the fierce battle above Sun Never Sets.

Shen Yanxiao had escaped when she was surrounded on all sides. What happened shocked them.

They could not imagine how Shen Yanxiao did it!

It was inconceivable that thousands of aerial magical beasts that could fight against tens of thousands of enemies got crushed.

“What the heck? More than twenty mythical beasts and tens of thousands of magical beasts besieged Shen Yanxiao and yet, they could not take her down! What the heck are they doing?! Shen Yanxiao is a human, not a monster! They are a bunch of trash!” Qu Xun tightly clenched his fists. Seeing Shen Yanxiao escape, he was very dissatisfied.

Jiang Wan slightly frowned. In the final battle, the commanders of the four countries had gathered together to mobilize their armies. Jiang Wan despised trash like Qu Xun. He was not capable in the slightest and was only relying on his status to flaunt. If it were not for the sage of the Broken Star Palace, he would not even bother to associate with trash like him.

The Sage looked at Qu Xun. “The reason why Shen Yanxiao could escape from the encirclement seems to be related to that little boy by her side. Do you know who he is?”

The commanders of the four countries looked at each other. There was no mention of that little monster’s identity in their previous investigation.

“That kind of ability is absolutely impossible for a human to possess. I speculate that the opponent is very likely a mythical beast in its human form.” Shi Heng said.

“How can there be such an abnormal mythical beast? To think that it could swallow an attack before releasing it.” Qu Xun curled his lips.

Shi Heng sneered and said, “Marquis Qu Xun, you are indeed unknowledgeable. I believe you have never heard of the name Taotie, an ancient beast, right?”

“Taotie? What’s that?” Qu Xun had a disapproving expression.

Hearing the reply, Shi Heng’s expression became increasingly disdainful.

Jiang Wan then said, “Leader Shi Heng, are you referring to that vicious beast that wreaked havoc in the Brilliance Continent back then? I remember that vicious beast had devoured many humans and magical beasts. In the end, it seemed like the previous Family Head of the Vermilion Bird Family injured it with his mythical beast, Vermilion Bird. As for where it went after that, no one knows.”

Shi Heng looked at Jiang Wan and nodded. “That’s right.”

“But Taotie and Vermilion Bird are mortal enemies. and vicious beasts would never sign a contract with humans. Shen Yanxiao has already signed a contract with Vermilion Bird, so how could she possibly subdue Taotie?” Elder Wen had also heard of Taotie.

“I’m not sure about that. I am only guessing because I found that the magical beast’s method was similar to the mythical Taotie,” Shi Heng explained.

“Regardless of the origin of that magical beast, his human form means that he is not a flying magical beast. He will not be of much use in the main battlefield in the sky.” The Sage slowly spoke. The true strength of a magical beast could only be unleashed in its magical beast form.

“Shen Yanxiao and the rest will not be able to hold on for long. The protective shield is about to shatter. Once it does, our siege weapons can attack their city directly. At that time, those people on the city walls will not have the time to care about the battle in the sky. Shen Yanxiao’s death is only a matter of time.” The Sage was confident about the battle in the sky. As long as Shen Yanxiao died, the generals in

Sun Never Sets would be confused. At that point, it would only be a matter of time before they took down the city.

Just as the five of them were fantasizing about Shen Yanxiao's death, the ground beneath the four-nation alliance army suddenly shook violently!

Chapter 1518: Decisive Battle (10)

"What's going on?!" Qu Xun shouted in panic.

Accompanied by chaotic shouts, the ground beneath the four-nation alliance suddenly collapsed!

Hundreds of thousands of soldiers fell into the cracked ground, and rows of sharp blades were down there waiting to reap their lives!

In the blink of an eye, the earth shook and hundreds of thousands of soldiers lost their lives by the sharp blades underground.

Bright red blood stained the black soil. Screams and wails sounded one after another!

The nightmare came at that moment when the smell of blood filled the air!

From underground, a large number of demons crawled out from the mud like devils from hell. Their hideous hands tore at the soldiers on the ground, pulling them into the abyss.

"Demons... it's demons!" Someone let out a trembling scream, and all the soldiers panicked!

Countless demons climbed up from the cracked ground. They hunched their backs and opened their bloody mouths that were filled with sharp teeth. Sounds that could make one's hair stand were released from their throats as they pounced on the soldiers around them.

Demons were the nightmare of the Brilliance Continent for thousands of years.

In the past hundred years, demons rarely moved around other parts of the Brilliance Continent. Thus, the soldiers of the four-nation alliance did not have any experience fighting against demons.

Until now, demons only existed in rumors.

Now that they had seen this hideous monster with their own eyes, many of the soldiers felt their legs go soft. They cried out in pain as they tried to crawl out from the crack to escape. They threw away their helmets and armor without any intention of resisting.

The soldiers fled in a sorry state, but it gave the demons the perfect opportunity to attack. The low-level demons with excellent jumping ability practically dashed out in an instant and pounced on the running soldiers. They opened their sinister mouths and mercilessly bit at those soldiers' arteries!

"Do not retreat! Whoever dares to retreat shall be dealt with according to military law!" Elder Wen looked at the commotion among the soldiers in panic. Demons had appeared at the foot of the Seventh Kingdom's army, so the first to suffer was his army.

The appearance of the demons brought about unexpected panic to the four-nation alliance.

Countless demons continuously crawled out from the ground. Among the large number of low-ranked demons, there were also a great number of intermediate-ranked beasts. Like bulldozers, they rampaged through the armies of the four countries and overturned countless soldiers!

“Damn it! I said that you are not allowed to retreat!” In a fit of rage, Elder Wen drew his blade and hacked at a soldier who was running around.

Death finally calmed the soldiers of the Seventh Kingdom down. They looked at Elder Wen in shock, but the fear in their eyes had yet to fade.

“Gather all the soldiers and eliminate those demons!” Jiang Wan stepped forward and looked at the furious Elder Wen. He did not expect that the demons that had yet to appear in Sun Never Sets would sneak under their feet. This sudden attack had instantly consumed nearly two hundred thousand of their soldiers!

“Demons are not scary. We have an absolute advantage in numbers! Everyone, don’t be afraid! You are the elites selected from various countries and have undergone the most orthodox military training. The demons you see are merely a motley crew. They do not have any group combat ability. Everyone, summon your magical beasts and fight against the demons together!” As the leader of the mercenary group, Shi Heng would often receive missions to eliminate demons. It could be said that he and his soldiers have the most experience in eradicating demons.

Chapter 1519: Decisive Battle (11)

Under the joint appeasement of the commanders of the four countries, the frightened soldiers finally calmed down. They began to organize their troops to fight against the demons that surged up the ground.

However, just as they mustered up the courage to fight against the demons, tens of thousands of elegant advanced-ranked demons in light armor suddenly appeared behind the demon army. Their pair of purple eyes almost instantly crushed the confidence the soldiers had just built up.

There were more than ten thousand advanced-ranked demons comparable to Second-Class Experts!

This was equal to the number of advanced-ranked demons that the four-nation alliance had eradicated in history!

“Where did so many advanced-ranked demons come from? Don’t tell me Shen Yanxiao has recruited all the advanced-ranked demons in the Forsaken Land!” Elder Wen widened his eyes and began to wonder if he was dreaming.

The soldiers turned pale. They did not want to fight against more than ten thousand Second-Class experts!

The morale of the four-nation alliance was once again suppressed, while the morale of the demons was extremely high!

The Sage from the Broken Star Palace frowned. He could clearly sense the fear of the soldiers from the four-nation alliance. Even Jiang Wan and the other four commanders were panicking.

That was not what the Broken Star Palace wanted.

All of a sudden, the Sage shouted with his thick battle aura, "Soldiers! The demons before you are the culprits for harming countless of our compatriots. The war this time was started because of the traitor Shen Yanxiao, who colluded with demons! You can be afraid and retreat, but every step you take today is to give the land behind you to the demons! Have you forgotten how many of our compatriots were killed by those demons after the war between the gods and the devils? Do you hope that your parents and brothers will also be harmed by the demons? Right now, Shen Yanxiao colluded with demons to occupy the Forsaken Land. In the future, those demons will attack your country, burn your houses, and feed on the flesh and blood of your family!"

The Sage's voice reached the ears of every soldier. His provocative words were like a shot of stimulant that dispelled their thoughts of escaping.

They could disregard themselves, but they could not disregard their families. Looking at the savage appearance of the demons, they increasingly believed that the Sage's words would happen in the future!

Looking at the morale of the soldiers suddenly soaring, Shi Heng and Jiang Wan frowned.

They were well aware of the reason for the attack on the Forsaken Land. Under Shen Yanxiao's governance, no more such incidents had occurred again.

However, the soldiers were unaware of this. They only listened to their superiors.

In their eyes, Shen Yanxiao was a traitor who colluded with demons!

"The Broken Star Palace's ability to bewitch people is beyond our reach." Shi Heng looked at Jiang Wan with a bitter smile. Jiang Wan frowned and shook his head.

"Right now, these words have the effect of boosting morale. In the face of war, sometimes we need to resort to underhanded means." Even though they knew the truth, they had already come to this step for the sake of benefits.

In order to cover up a lie, they had no choice but to tell countless lies.

The soldiers of the four-nation alliance let out an earth-shattering roar and rushed toward the demons with their magical beasts. They forgot about their fear and panic. Under the instigation of the Sage from the Broken Star Palace, they believed that these demons were demons that ate humans!

Chapter 1520: Decisive Battle (12)

"Tsk tsk, I hate how hypocritical humans are." Freud narrowed his eyes as he looked at the morale of the human soldiers soaring.

The Sage's words had fallen into their ears without missing a single word.

Using humans as food?

Ever since they surrendered to Shen Yanxiao, they had not eaten a single bite of human flesh. The dark elements in various cities had brought them a large amount of nutrients. Unless they were crazy, they would not eat humans.

Everyone in the Forsaken Land knew about this.

However, in the mouth of a Sage, they had become demons that would eat humans at will.

“There are many hypocrites among humans. Otherwise, we would not have fought today.” Enchantress was wearing tight-fitting purple light armor, which accentuated her graceful posture and heroic bearing.

Humans hated the cruelty of demons, but how could demons not hate the hypocrisy of humans?

“If they want to fight, let’s fight. We’re not afraid of them!” Qiao Chu, a belligerent man, snorted.

“It’s time for these foolish humans to witness the fruits of Lord Xiu’s labor. We cannot disgrace Lord Xiu.” Jia He rubbed his palms as he prepared for a fight.

“That’s right! For the lord! For Lord Xiu! Everyone, slaughter these hypocrites!” Freud laughed and ordered all the demons to swarm forward.

The battle between humans and demons had once again erupted hundreds of years later.

But this time, people would rewrite their understanding of demons!

In front of a regular army, not only did the demons not reveal the slightest bit of chaos, instead they were even more orderly than the soldiers they were facing!

All the demons cooperated with each other to fight against the soldiers in front of them.

The intermediate-ranked demons relied on their tough scales and strong physiques to be the vanguard. They attacked the four-nation alliance in a frenzy while the low-ranked demons followed behind the intermediate-ranked demons and wantonly slaughtered the soldiers that were knocked away.

The advanced-ranked demons were at the rear. Their long-range attacks were comparable to Magus, and all of their attacks were aimed at the priests of the four countries.

When they noticed the demons’ formation, the four commanders immediately ordered the knights with powerful defense to protect the Priests present.

Without a Priest, their casualties would be even higher.

However, the demons would not give them such an opportunity. Freud had snuck into the army of the four-nation alliance with all the advanced-ranked demons and locked his sights on those fragile Priests!

The speed of advanced-ranked demons was not something a soldier could stop. With their powerful attacks, they could bypass the Knights and kill the Priests with one blow!

“Why is the cooperation between these demons... better than our soldiers?” Shi Heng’s jaw dropped to the ground. He had never seen any demons who could cooperate so seamlessly. How were they demons? They were basically a well-trained and powerful army!

“Could it be that they are those demons Shen Yanxiao trained?” Jiang Wan narrowed his eyes. As a general of the Longxuan Empire, he could not help but sigh at the cooperation between those demons. This kind of quality was definitely nurtured.

However, Jiang Wan honestly questioned himself. Even he himself could not have trained the demons to such a harmonious state. Not only him, but he believed that there was no one in the Brilliance Continent who could train their army to such perfection!

If it was really Shen Yanxiao's training that caused them to be like this, then her achievements in the military would absolutely exceed all the generals in the Brilliance Continent!

This was simply too terrifying!
