

The Good 1531

Chapter 1531: Beast Tide (1)

Jiang Wan walked at the forefront of the army, and his heart was like dead ashes. Looking at this unfamiliar land, he felt that their actions were ridiculous.

“Eh? That’s... our reinforcement?” From afar, Qu Xun saw a group of people not far ahead. In the middle of that group, he vaguely saw erect siege weapons.

“Reinforcements! Reinforcements! We’re saved now! Damn Shen Yanxiao, damn Sun Never Sets, our reinforcements have arrived. We can fight our way back now!” Qu Xun shouted eagerly. The moment he saw the reinforcements, he found hope. The fear in his heart was instantly swept away. He even started to think about taking revenge on Shen Yanxiao and Sun Never Sets.

Shi Heng and Jiang Wan frowned in displeasure. Even if the reinforcements had arrived, they did not wish to fight back. They had thoroughly experienced the savageness of Sun Never Sets.

However, it was always a good thing for them to encounter reinforcements. At the very least, they could get some help and have the wounded get treated.

Jiang Wan was about to order the army to speed up when Shi Heng suddenly stopped him.

“Wait! Something’s not right. What’s behind them?” Shi Heng narrowed his eyes and looked at the dense mass behind the reinforcements. Due to the distance, he could not see clearly.

“Soldiers, of course! What else can it be? Hurry up and go! Let’s go!” Qu Xun practically impatiently shouted.

“That’s not right... Jiang Wan, don’t you think their movements are a little chaotic?” Shi Heng frowned. Even though they were far away, he still noticed the abnormality of those reinforcements.

Everyone’s eyes were fixed on the reinforcements, but the next second, they saw a huge black shadow destroying a number of siege weapons!

“What’s going on...” Shi Heng widened his eyes.

“Could it be that Sun Never Sets wants to eradicate us? Is that why they sent people to intercept us?” Elder Wen asked nervously.

Jiang Wan shook his head and carefully looked at those reinforcements. After a while, he finally saw the true appearance of that black mass!

Those were not the soldiers that came to support them. Instead, they were huge demon beasts with hideous faces!

Those demon beasts frantically crushed those reinforcements, and the army of tens of thousands was instantly trampled into mincemeat.

The fleeing soldiers could not escape from the demon beasts. They were trampled by the demon beasts in the face of the four-nation alliance until all of them were wiped out.

Tens of thousands of troops did not even last a minute among those demon beasts!

“A beast tide... it’s a beast tide...” Jiang Wan’s complexion turned deathly pale.

The beast tide that only appeared once every century in the Forsaken Land had broken out at this very moment!

“Are... are you joking?!” Qu Xun sat on the ground as his legs turned soft and as cold sweat dripped down his face.

With the arrival of the beast tide, millions of demon beasts came out in full strength. This was the most terrifying nightmare in the Forsaken Land!

No city or army dared to compete with those crazy beasts!

In the face of the beast tide, everything would turn into ashes!

“They’re coming towards us!” Looking at the beast tide that was rapidly approaching them, Shi Heng gasped and his eyes flickered with incomparable fear.

Not to mention that they only had eight hundred thousand people, even if they had three million people, they would still be wiped out in the face of such a terrifying beast tide.

“Run... run! Everyone, retreat!” Jiang Wan shouted in a trembling voice. Once the beast tide approached, the hundreds of thousands of them would die!

Chapter 1532: Beast Tide (2)

All the wounded in Sun Never Sets had been arranged in the city. As Shen Yanxiao had made preparations beforehand, there were ample potions and medicine for the injured in the city.

Shen Yanxiao sat in the City Lord’s Mansion while Yin Jiuchen was treating her shoulder wound. Taotie stood on one side with bloodshot eyes. Vermilion Bird was injured, so he maintained his beast form, and he was currently being treated by Ye Qing.

Beside Taotie, a red-haired wild man was looking at the little guy with his arms crossed.

“Second brother...” Taotie shrunk his shoulders and looked at the man who was transformed from Yazi.

Yazi raised his eyebrows and punched Taotie’s head.

“You’re really getting worse as you live. Why have you become like this?” Yazi and Taotie were both sons of the Dragon God. Yazi was ranked second while Taotie was ranked fifth. However, both of them were top-notch ancient ferocious beasts.

Taotie covered his forehead with tears and looked at Yazi. Even though Taotie was extremely fierce in other people’s eyes, he had the mildest temper among his brothers.

Compared to the cruel Yazi, the foodie Taotie was practically a little angel.

“Boohoo... don’t hit me all the time. I’ve been beaten silly by you.” Taotie wanted to cry. They had not seen each other for a long time, and each of them had their own areas of activity. The last time he saw Yazi was fifteen hundred years ago.

“In any case, you’re already stupid. It doesn’t matter if you’re a little more stupid.” Yazi snorted. He did not understand how his younger brother could be in such a sorry state. To think that he was still a child when he transformed. He had simply embarrassed the nine of them.

“I was beaten stupid by you,” Taotie pitifully said.

Shen Yanxiao looked at the pair of magical beast brothers and a trace of surprise flashed past her eyes. She could not help but look at Lan Fengli who was guarding by her side.

After nearly a year, Lan Fengli’s body had begun to mature into adulthood. He was originally about the same height as Shen Yanxiao, but he had also grown much taller and was now about the same height as Qi Xia and the rest. However, the way he looked at her was no different from back then.

“Xiao Feng, you have signed a contract with Yazi?” Shen Yanxiao was amazed as she looked at Lan Fengli and Yazi sweeping away thousands of enemies.

Vicious beasts would never sign a contract with others, with the exception of that little foodie Taotie who was completely tricked by her. However, this Yazi... did not look like someone easy to fool.

Lan Fengli shyly nodded.

“I could have come back a long time ago. However, I encountered Yazi on the way back. The Phoenixes and I joined hands to fight with him for several months before we managed to subdue him.” The reason why he came back late was because he had been fighting with Yazi during this period of time.

Shen Yanxiao had always known that Lan Fengli was powerful. However, he fought with Yazi... and even tamed the ancient beast, Yazi. This brother of hers was amazing.

However, this was also good. She had been worried that she would not be able to find a suitable magical beast for Lan Fengli. Taotie was supposed to be given to Lan Fengli, but he had accidentally signed a contract with her. Now that he had Yazi, it was the best of both worlds.

“Yazi is a holy beast?” Shen Yanxiao remembered that during the battle, Yazi’s destructive power was even more powerful than Taotie. Right now, Taotie was not a real holy beast, but a slightly inferior one.

Lan Fengli said, “Yes.”

Shen Yanxiao smiled. That was the best for Lan Fengli.

Just as the siblings were talking, Evil Wolf rushed in.

“Lord! Something bad has happened! The four-nation alliance has returned!”

Chapter 1533: Beast Tide (3)

The four-nation alliance army had returned!

This was definitely not good news for Sun Never Sets.

Shen Yanxiao came to the city wall and looked at the four-nation alliance army running toward Sun Never Sets.

Other than the injured Magic Wolf and Sleep Wolf, the other seven wolves and Phantom members had all rushed to the city walls.

Looking at the four-nation alliance that had returned, all of their expressions were ugly.

“Why have they returned again? Are they still unwilling to give up?” Wild Wolf gnashed his teeth. Many members of the Cave Wolves Mercenary Group had died in this war. And now that he saw them returning, his eyes were spitting fire.

“Something’s not right. They don’t seem to be here to attack.” Du Lang shook his head. Why did he feel that the advancement of the four-nation alliance army was chaotic?

Shen Yanxiao narrowed her eyes. Her vision was better than the others, so she had already seen the situation of the four-nation alliance army.

They were not in the least organized. The entire army was moving forward madly, and the soldiers at the forefront were in a disorderly state.

No matter how she looked at it, they did not seem to be here to fight. Instead, they seemed to be... running for their life?

“Let’s wait and see. Have everyone stand guard at the city gates. I want to see what they are up to.” Shen Yanxiao carefully arranged for her men and did not immediately launch a counterattack.

The four-nation alliance army had arrived before Sun Never Sets, and the panicking army suddenly stopped.

A familiar figure walked out from the army, and Shen Yanxiao raised her eyebrows.

Wasn’t he Prince Long Yue who she had previously detained in Sun Never Sets?

Long Yue’s current complexion was somewhat pale, with fine beads of sweat covering his cheeks. He looked up at Shen Yanxiao on the city wall.

Ever since he left Sun Never Sets, this was the first time he looked at Shen Yanxiao’s eyes at such a close distance.

That once pretty little girl had grown into a devastatingly beautiful girl.

However, the young lady’s gaze was not gentle and moving. Instead, it carried a domineering aura that made people tremble with fear.

“Are the four nations still unwilling to give up? Or do you want to experience what it means to be completely wiped out?” Shen Yanxiao sneered. If it were not for the fact that she did not want any more sacrifices in Sun Never Sets, she would have killed all of them.

Hearing this, Long Yue’s face turned pale and his lips trembled. He looked at Shen Yanxiao who was radiating coldness and tightly clenched his fist. He took a deep breath and looked up.

“We encountered a beast tide.”

Beast tide?

Shen Yanxiao's expression slightly changed. Realistically speaking, there should still be a month before the beast tide arrives, but... why was it suddenly brought forward?

"Our reinforcements are all dead, and the beast tide is not far behind us. I believe their objective should be Sun Never Sets. Shen Yanxiao, I know that you hate our four nations to the core after this war, but I would like to ask you to save these soldiers. If we have nowhere to run, we will die without an intact corpse! Plus, Sun Never Sets has just experienced a great war, and we are also severely wounded. There are millions of beasts in the beast tide, and it is not something the current Sun Never Sets can withstand. If you are willing to save us, I swear on the dignity of the next Emperor of the Longxuan Empire that the Longxuan Empire will treat Sun Never Sets with respect in the future. If there are any more invaders in the future, I will die without a burial ground!" Long Yue looked at Shen Yanxiao with determination. They would have a chance of survival if they were to retreat into the impenetrable Sun Never Sets.

However, Long Yue was not sure if Shen Yanxiao would accept their surrender. After all, the previous wars were instigated by the four nations, and it had cost Sun Never Sets a lot.

Chapter 1534: Beast Tide (4)

The four nations were not here to fight. They were here to surrender and seek protection.

This turn of events was ridiculous.

"You are the ones who wanted to attack us. Now after you can't defeat us, you come to seek our protection. The four nations are too naive. I, Shen Yanxiao, am not that magnanimous." Shen Yanxiao sneered. Let them enter the city? Only God knew if they would actually wholeheartedly help once they started dealing with the beast tide. At that time, while Sun Never Sets was fending against the beast tide, these people would just sit back and reap the benefits? This was impossible.

In particular, there were two commanders in the four-nation alliance army who hated her to the bones.

Long Yue pursed his lips. Even he knew that his words sounded ridiculous.

Previously, they had attacked Sun Never Sets for no reason, causing countless casualties on both sides. Now, they had to seek Shen Yanxiao's protection.

Jiang Wan looked at Long Yue and suddenly stepped forward.

"City Lord Shen, I know that it is too difficult for you to take us in. But please be kind. As long as the soldiers can survive, we are willing to fend against the beast tide with Sun Never Sets."

Shen Yanxiao raised her eyebrows and looked at the sincere Jiang Wan.

In fact, Shen Yanxiao was not that determined. With the current situation of Sun Never Sets, the only way to fight against the demon beasts was to sneak into the underground city. However, once they chose to do that, Sun Never Sets would be completely destroyed. This was their first city in the Forsaken Land, and she did not want to see it destroyed.

Moreover, the beast tide would appear once every century in the Forsaken Land. If she were to escape into the underground city every single time, wouldn't that mean that the city under her command would have to be rebuilt every century?

At that time, demonic beasts would run rampant in the eastern region. Even if they could hide, the other cities would certainly suffer. Those who were sent to the main cities would also face danger. If she were to do this, the foundation she had laid for so long would be completely destroyed.

She absolutely did not wish to take in the four-nation alliance army, but reason told Shen Yanxiao that she could only do so. However... she would not take them in so easily.

"I can allow you to enter the city, but I have three conditions."

"Please speak!"

"First! I want the commanders of the four countries to enter the city first. After that, I will detain them to prevent them from mobilizing their troops without permission, as it will be detrimental to Sun Never Sets if they were free."

"Secondly, I want you to hand over all your soldiers to me and have them listen to my orders."

"Thirdly, your four leaders must sign a contract with me to not violate my Forsaken Land any longer."

"If you disagree with any of the three conditions, then stay outside and wait for your death," Shen Yanxiao impolitely said.

In an instant, the commanders of the four countries were shocked.

Qu Xun and Elder Wen's expressions were unsightly to the extreme. They had a grudge against Shen Yanxiao and if they were detained by her, how could they possibly have a good time?

Jiang Wan and Shi Heng were carefully considering Shen Yanxiao's conditions. Even though the conditions were harsh, it was the best choice to ensure the safety of Sun Never Sets.

They could detain the four leaders to prevent them from doing any dirty tricks behind their backs and also take control of the soldiers of the four nations.

"Whether you agree or not is up to you. I don't have that much time to waste with you. Whether you cherish your lives or the lives of your soldiers, it will depend on your choice." Shen Yanxiao gave an ultimatum.

Her words caused a wave of discussion among the soldiers of the four nations. This was a crucial moment to test the character of the leaders of the four nations. If they dared to take the risk, it would be equivalent to saving the lives of 800,000 people.

Chapter 1535: Beast Tide (5)

"I accept your conditions." Shi Heng was the first to step forward. Unlike the others, many of the soldiers under him were mercenaries who had gone through thick and thin with him. He did not want to risk their lives.

If they could not enter Sun Never Sets, they would certainly be wiped out. If they cooperated with Shen Yanxiao, they would at least have a chance to survive.

"Shi Heng! Are you crazy? What good will it be if we fall into her hands? She will definitely take revenge and kill us!" Qu Xun did not expect Shi Heng to agree to Shen Yanxiao's conditions so quickly.

Shi Heng ignored Qu Xun's hooting. He looked straight at Shen Yanxiao and said, "I am willing to be detained by you, and I am also willing to hand over the army to you. I only hope that City Lord Shen can consider the relationship between you and the leader of the Blizzard Mercenary Group and not let these people die."

At this point in time, Shi Heng had no choice but to bring up Long Fei. Only now did he realize how ridiculous he was. Perhaps he should have been as opposed to this war as Long Fei was from the start. If he were back then, then none of this would have happened.

"You! You're crazy! Do you want to die?!" Qu Xun roared.

Shi Heng frowned. "I don't care about my life. I just want one of them to return alive."

Qu Xun widened his mouth. He could not understand Shi Heng's actions at all. In the eyes of nobles like him, soldiers were meant to be sacrificed. It was absolutely impossible for him to sacrifice his life for a group of lowly commoners.

Shi Heng's words had also shocked the soldiers of the four-nation alliance.

The soldiers of the God Wind Alliance were proud to have such a commander. Other soldiers envied the soldiers of the God Wind Alliance for having such a commander who was willing to sacrifice for them.

Shi Heng and Qu Xun were two distinct contrasts. One regarded the soldiers as his brothers while the other regarded them as stepping stones.

Jiang Wan looked at Shi Heng and chuckled. He stepped forward and said, "I am also willing to accept City Lord Shen's conditions. There is only one thing I would like you to agree to."

"Speak."

"Please take good care of Prince Long Yue. He is the future hope of the Longxuan Empire."

"I promise you."

As Shi Heng and Jiang Wan answered, the commotion in the four-nation alliance army increased.

Soldiers were not afraid of death, but they hoped that they would die for the worthy, not for those bastards who did not care about their lives.

Elder Wen was struggling internally. He already had a deep grudge against Shen Yanxiao, but the current situation did not allow him to make a choice. If he did not accept it, he would die. If he did, there was still hope for him to live. Moreover, Shi Heng and Jiang Wan had already expressed their stand. If he were to reject Shen Yanxiao's conditions at this moment, then the soldiers behind him would hate him to the bone.

After struggling for a long time, Elder Wen finally accepted Shen Yanxiao's conditions for the sake of his reputation.

Right now, among the four countries, only Qu Xun had yet to express his stance.

"Qu Xun, what's your answer?" Shen Yanxiao crossed her arms and looked at the commander that she despised the most.

Qu Xun gritted his teeth and looked at Shen Yanxiao. "I won't give you such an opportunity! I know that you're just looking for an excuse to torture me and take revenge on me! Why should I accept your request? I still have hundreds of thousands of soldiers under me! I can still fight! Even if I can't defeat the demon beasts, can't I escape? You're simply dreaming if you want me to sacrifice myself for these lowly commoners! Shen Yanxiao, you're too despicable!"

Qu Xun, who had always been high above, did not realize that his words had infuriated the soldiers of the Blue Moon Dynasty.

Chapter 1536: Beast Tide (6)

They were lowly commoners? They did not deserve his sacrifice?!

What could be more damaging to the morale of soldiers?

The one they were fighting to protect was actually such a commander.

Even Jiang Wan, Shi Heng and Elder Wen looked at Qu Xun in disbelief.

Was he an idiot?

How could he say something like that in front of all the soldiers?

Shen Yanxiao looked at Qu Xun with a sneer. She knew who he was, so she was not surprised that he would say something like that. As the saying goes, dragons give birth to dragons, phoenixes give birth to phoenixes, while the son of a rat only knows how to dig holes.

Qu Rui was not a good person and neither was his father.

"Since the God Wind Alliance, the Longxuan Empire, and the Seventh Kingdom have accepted my terms, then the gates of Sun Never Sets will be opened for you. As for the Blue Moon Dynasty... good luck to you!"

The moment Shen Yanxiao finished speaking, the city gates of Sun Never Sets slowly opened. Shi Heng, Jiang Wan, and Elder Wen walked towards the city gates.

The soldiers behind them looked at them with respect and gratitude.

The soldiers of the Blue Moon Dynasty felt as if their hearts had died. They looked at the other commanders who sacrificed their safety for their army and then at their commanders. Their hearts were like dead ashes.

"City Lord Shen!" All of a sudden, a soldier from the Blue Moon Dynasty rushed to the front.

"Hmm?" Shen Yanxiao looked at the soldier with cold eyes.

"City Lord Shen, I am willing to leave the Blue Moon Dynasty and join Sun Never Sets. I am also willing to contribute to fight against the beast tide, even if I have to die on the battlefield. I only hope that City Lord Shen can give me this opportunity. I would rather die for myself than for that scum!" After saying that, this soldier decisively took off the badge of the Blue Moon Dynasty on his chest.

This badge made him feel ashamed!

Once upon a time, he was proud that he was a soldier and that he could protect his territory. However, right now, he was no longer willing to work for a scum that regarded them as grass. Even if Shen Yanxiao wanted him to be the vanguard and die at the feet of the demon beasts, he would be willing.

He was fighting for himself, not for others.

“You traitor! Men, take that traitor down!” Qu Xun glared at the defected soldier in disbelief. He wished he could kill him with one strike.

However, none of the soldiers behind him moved. All of them looked on in silence.

Shen Yanxiao looked at that soldier with interest. Qu Xun was such an idiot. He had disappointed so many soldiers. No wonder someone had defected.

“Alright, I accept your request,” Shen Yanxiao said.

“You bastard!” Qu Xun raised his sword and hacked at that soldier in a fit of rage. However, he had always lived like a prince, so how could he be a match for a soldier? That soldier just raised his sword and directly hacked Qu Xun to the ground.

Qu Xun widened his eyes in disbelief. He did not expect that a lowly commoner would dare to attack him.

The soldier coldly looked at Qu Xun’s hideous face and looked up at his former comrade.

“I, Xu Rui, was once a soldier of the Blue Moon Dynasty, and I was proud of my identity. But today, I understand that everything I have done is not for my country, my family, but for those aristocrats who exploited them! Today, I am leaving the Blue Moon Dynasty. Even if I die in battle, I will die for myself! Comrades, don’t tell me you still want to fight for this scum?” Xu Rui pointed the tip of his sword at Qu Xun and shouted.

Chapter 1537: Beast Tide (7)

Xu Rui’s words echoed in every soldier’s mind.

They looked at each other.

After a moment, a soldier walked out from the camp, took off his badge, and threw it at Qu Xun’s face.

“I don’t want to work for this kind of scum anymore!”

With the first one, there was the second one. Almost at the same time, the soldiers of the Blue Moon Dynasty took off their badges and threw them on the ground without any hesitation.

This badge that once brought them glory could now only represent a type of disgrace.

A scholar dies for his bosom friend. Qu Xun was not worthy!

Qu Xun panicked. He sat on the ground and cursed at the soldiers, but no one responded to him. Outside the city, only Qu Xun’s curses echoed.

Shi Heng, Jiang Wan and Elder Wen had been detained by Shen Yanxiao’s men. The soldiers stationed outside the city could finally enter the city that was still safe.

The soldiers of the Blue Moon Dynasty walked past Qu Xun one by one. They did not even spare him a glance.

“You group of traitors! When I return, I will definitely raid your homes and destroy your ancestors!” Qu Xun fiercely cursed. He only dared to shout. He knew that if he dared to attack these soldiers, they might really kill him.

After the last soldier walked into Sun Never Sets, the gate was closed before Qu Xun.

Qu Xun stood outside the city gates in a sorry state and looked at the empty land around him. Of the eight hundred thousand people, he was the only one left outside.

Shen Yanxiao shot a glance at Qu Xun before she turned and walked down the city wall.

Qu Xun looked around in panic. It was as if he could hear the roars of demon beasts not far from the city. Fear shrouded his entire body. He ran to the gate of the city in panic and pounded on it.

“Shen Yanxiao! City Lord Shen! I will agree to your conditions! I can also allow you to detain me, so let me in! Let me in!”

Unfortunately, Shen Yanxiao had already left and no one would answer his request.

However, even if Shen Yanxiao heard it, she probably would not open the city gates for such a jerk.

Sun Never Sets was crowded with soldiers from the four-nation alliance army. Even though they had entered the city, they were still uneasy.

The people here had just fought a life-and-death battle with them, and both of their hands were stained with the blood of their comrades. In less than a few hours, their enemies that would not rest until they were dead had to fight side by side. How could they calm down?

Many people in Sun Never Sets were secretly observing the situation. Some were indignant, some were indifferent, basically none of them had a friendly gaze.

When Shen Yanxiao saw this, she sighed.

She understood the dissatisfaction and anger of the other people in the city. However, there was only one solution for her. If she did not accept these soldiers, then Sun Never Sets would be destroyed.

“The four-nation alliance army and Sun Never Sets have just gone through a huge war. You all hate each other, and I have nothing to say. I will only tell you that not long from now, a million demon beasts will attack the city. If you wish to survive, put aside your prejudices for the time being. If we cannot fight side by side, only death awaits us. Soldiers of the four-nation alliance army, I don’t care which country you are from, but I want you to fight to the death in this battle! I will not force you to be the vanguard, but if I were to find out that any of you are up to no good, I will slaughter you before Sun Never Sets is breached!” Shen Yanxiao coldly swept across everyone present.

Chapter 1538: Beast Tide (8)

Shen Yanxiao’s words shocked everyone.

The soldiers of the four-nation alliance army looked at Shen Yanxiao in disbelief. From the moment they entered the city, they had thought that Shen Yanxiao would certainly let her former enemies be the vanguard.

However...

She did not do that!

Before they attacked the Forsaken Land, they had heard many rumors about Shen Yanxiao. Everyone said that Shen Yanxiao was a shameless human. And in order to gain benefits, she did not hesitate to collude with demons. She was disloyal, unfilial, heartless, killed her uncles, and defected from her motherland.

This was what they believed as well. However, after they had interacted with Shen Yanxiao, they realized how ridiculous those rumors were.

Colluding with demons could make demons willing to fight a bloody battle for her? Would they be willing to take in her enemies?

Without any etiquette...

No matter how they looked at Shen Yanxiao, she was a young lady with wisdom and elegance.

It could be said that the feeling Shen Yanxiao gave them was entirely different from the rumors.

"All the wounded members of the four-nation alliance army, report to the central plaza. There will be someone there to treat your injuries." After Shen Yanxiao said that, she left. She still had to discuss with others on how to deal with the incoming beast tide.

All the important members of Sun Never Sets were waiting for Shen Yanxiao's arrival in the City Lord's Mansion.

"The beast tide appeared too suddenly. There was still some time before the God Realm came for their investigation." Qi Xia frowned. There was a trace of blood on his fair face. It was a wound caused by his opponent's arrows during the battle.

"Mengmeng, what did you hear?" Shen Yanxiao asked Nangong Mengmeng.

Nangong Mengmeng said, "The Sage only mentioned that the beast tide would arrive in a month's time, so I don't know why it was brought forward."

"How many cannons do we have left?" Shen Yanxiao rubbed her forehead. They had just experienced a huge war and they did not have the time to recover. How were they supposed to face the beast tide?

"There are still more than seventy usable cannons, but all the artillery shells have been used up." Yang Xi's expression was ugly. They had specially prepared these artillery shells to deal with the beast tide, but they did not expect the four-nation alliance army to use them up.

"How much fire oil is left in the workshop?" Shen Yanxiao asked.

"There's still a lot left, but the beast tide is about to arrive. We don't have the time to make new shells," Yang Xi said.

“Without any artillery shells, use ordinary artillery shells to gather all the oil.” Shen Yanxiao could only concentrate all her resources to fight against the impending disaster.

Millions of demon beasts were existences even more terrifying than a three-million-man army.

If their firepower had not been depleted and the previous city had not been destroyed, Shen Yanxiao was confident that she could repel the beast tide. However, two wars were occurring one after another, and even if she was the god, she could not reverse the situation.

A clever housewife cannot cook without rice. Shen Yanxiao had finally experienced it.

“The wounded should not participate in the battle for the time being. They would only be sending themselves to their deaths if they were to go up. Yazi and Taotie will be the vanguard. Right now, only the two of them can withstand the beast tide’s attacks. All the mythical beasts are participating in the battle... Vermilion Bird... how are Vermilion Bird’s injuries?” Shen Yanxiao looked at Ye Qing with worry in her eyes.

Ye Qing said, “Vermilion Bird’s injuries have healed by quite a bit. Maybe it’s because of the fruit you mentioned earlier. He should be fine after a short rest.”

Chapter 1539: Beast Tide (9)

Only then did Shen Yanxiao feel slightly relieved. If possible, she did not want Vermilion Bird to participate in the upcoming battle with injuries. However, the current situation was beyond her control.

“Blessings are unparalleled, but disasters come in pairs. We have just repelled the four-nation alliance army and now, we are facing a beast tide...” Tang Nazhi sighed. He could not even lift his spirits in such a situation.

“Right now, we can only work together,” Yan Yu said.

“I wonder if you can include my God Realm.” All of a sudden, a gentle voice sounded from the door.

Shen Yanxiao turned around in surprise and saw a man in white standing at the door.

The Sage of the God Realm!

“The Sage!” Shen Yanxiao opened her mouth.

The Sage touched his face with a smile and said helplessly, “I thought you would call me Brother Siyu. Did I reveal some flaws?”

Shen Yanxiao recognized the Sage at a glance. He was the one who awakened Vermilion Bird in the Lava Valley, not Shen Siyu.

Even though Shen Siyu had disguised himself as the Sage, there was a subtle difference in their temperament.

Shen Yanxiao would never mistake that.

“Don’t tease her.” A handsome young master dressed in the same white robe walked over slowly. A smile that was as gentle as jade could be seen on his face.

“Brother Siyu!” When Shen Yanxiao saw Shen Siyu again, her eyes could not help but flicker with a smile.

“Xiaoxiao has grown up.” Shen Siyu looked at his little sister. She had grown from a little girl to a young girl.

“Brother Siyu, is the God Realm going to fight against the beast tide?” Shen Yanxiao asked in pleasant surprise. If the God Realm were to help, then Sun Never Sets would have the ability to fight against the demons!

Shen Siyu nodded.

“It is the God Realm’s responsibility to fight against the beast tide. The advance arrival of the beast tide this time is very strange. Moreover, as far as I know, the way the beast tide is dispatched this time is very strange. They charged all the way here, without paying any attention to other cities. They just head straight for your Sun Never Sets. Something is amiss.” Shen Siyu’s eyes carried a trace of seriousness.

The advancement of the beast tide was already suspicious. The beast tide this time was very different from usual. Previously, during every beast tide, the demon beasts would be divided into several batches and act recklessly. However, this time, none of them left the main group. They just headed straight towards Sun Never Sets after leaving the forest. They did not care about the other cities at all.

Evidently, the beast tide’s target was Sun Never Sets!

“Are they really coming for Sun Never Sets?” Shen Yanxiao was surprised. The demon beasts did not have any intelligence, so why would they attack Sun Never Sets for no reason?

Shen Siyu said, “I don’t know the reason. Demon beasts are different from demons. They have no intelligence to speak of and they never listen to anyone’s commands. The only ones they are loyal to are the high-ranked devils. However, the passage between the devils and the Brilliance Continent has been sealed. I don’t think there are any high-ranked devils left here.” Even Shen Siyu could not figure that out.

High-ranked devils?

Shen Yanxiao was stunned. Satan’s figure suddenly appeared in her mind.

“Brother Siyu... if it’s Satan, can he mobilize the demon beasts?”

“Satan?” Shen Siyu’s expression suddenly changed.

“Hasn’t Satan been devoured by Asura?”

Shen Yanxiao forced a smile and said, “I saw Satan’s soul in the Moon God Continent. He had been residing in the Tree of Life and was forced out by Taotie. After that, he disappeared without a trace.. I think if there are any devils in this world that can mobilize demon beasts, then it would be Satan.”

Chapter 1540: Beast Tide (10)

“Satan’s soul...” Shen Siyu narrowed his eyes. This was not good news.

“If the person you saw is really Satan, then he must have controlled the demon beasts to attack Sun Never Sets. Asura, please come out and tell us about this.” Shen Siyu wanted to be more certain.

Shen Yanxiao looked disappointed. “Xiu had consumed too much energy to cure the Tree of Life. He is now in a deep sleep.”

“In fact, I’m curious as to why Satan had sent demons to attack Sun Never Sets. If it’s only because of Xiu, then Xiaoxiao can escape from Sun Never Sets at any time. Even if Sun Never Sets is destroyed, Satan has no chance of doing anything to Xiaoxiao.” Qi Xia felt that something was amiss. Satan had sent demon beasts to attack her, but Shen Yanxiao was an individual that could not be easily captured.

Qi Xia’s words caused Shen Siyu to fall into deep thought.

“Qi Xia’s words make sense, but other than that, I can’t think of any other reason for Satan to order the demon beasts to attack Sun Never Sets.” Shen Siyu thought for a long time but could not think of any other reason.

“In any case, the beast tide has arrived and our main objective right now is to survive this calamity.” Shen Yanxiao was no longer willing to think about the reason. They did not have much time left so instead of wasting it on such a problem, it was better for them to think about how to fight against the beast tide.

“The God Realm has some experience fighting against the beast tide. This is the first time the beast tide has been so unified, so I’m afraid it will be a hard fight. We just entered the city and noticed that there are many soldiers from the four nations in Sun Never Sets. Sun Never Sets has also been greatly damaged. To fight against the beast tide at this time might be fatal for you.” The Sage sighed. They had heard of the war that the four nations had started. Shen Siyu had wanted to participate several times, but he had been jointly pleaded by several elders from the God Realm.

This was why he did not appear.

The God Realm had its rules. They would not participate in battles between humans.

However, it was their responsibility to fight against the beast tide, and they had to bear this responsibility.

Shen Yanxiao nodded. She knew that this battle would not be easy, but it was good to have the help of the God Realm.

“The God Realm has mobilized more than thirty thousand people this time. Among them, ten thousand are experts who have gone through second class promotion and above while the rest are all Advanced Professionals. The battle aura and magic they train in are different from the norm. Their strength possesses divine power and is more harmful to demon beasts,” Shen Siyu said.

“Ten thousand Second-Class Experts!” Tang Nazhi gulped.

As expected of one of the two largest organizations in the Brilliance Continent.

“Well... how many Second-Class Experts are there in the God Realm?” Tang Nazhi asked curiously.

Shen Siyu said calmly, "There are not many people in the God Realm, only twenty thousand. The rest of us have to guard the seal at the passage in the underworld, not being able to leave." Back then, Shen Siyu used his godhood to seal the passage between the devils and Earth. However, as time passed, the seal began to weaken. In order to prevent the seal from disappearing, Shen Siyu built the God Realm and used his divine power to raise these orphans. And after they grew up, there would be some divine power in their bodies, even though they could not compare to the real God race.

In addition to maintaining the stability of the Brilliance Continent, they also had another mission, which was to reinforce the seal on the passage to the underworld!

However, no one knew about this. Only the God Realm knew. If they did not do this, the Brilliance Continent would be in chaos.
