

## **The Good 1591**

### ***Chapter 1591: The Thieves Are Planning To Make A Move (8)***

Not long after, the six of them returned .

The six of them made hand gestures to indicate that they did not see any guards in the mansion.

The relaxed atmosphere in the City Lord's Mansion and the tight security outside were two polar opposite scenes.

Gu Qingming frowned.

"Have you checked it clearly?"

The six of them immediately nodded.

"Have you checked the location of the storeroom?"

One of the young men nodded.

Gu Qingming immediately ran towards the storeroom with the six of them.

The storeroom of the City Lord's Mansion only had locks and not even half a spirit design. Gu Qingming easily unlocked the door and quietly entered the storeroom.

The entire storeroom was illuminated by light crystals and there were rows of mahogany cabinets with all sorts of rare treasures placed on them.

Even the Silver Hands members who were accustomed to treasures gasped the instant they saw the treasury!

"Should... should we still follow the plan?" One of the men wiped his saliva. His eyes were filled with treasures that dazzled his eyes. Shen Yanxiao's storeroom was not inferior to the state treasury, and there were even many good items that could not be seen in the state treasury of the four countries.

The six members of the Silver Hands could no longer remain calm. Their eyes glowed with green light. They wished they could carry all the treasures back.

Gu Qingming shook his head.

Even though he was also surprised by Shen Yanxiao's wealth, the Silver Hands had their rules. Other than the items on the notice, they would not take anything else.

"Find those five items immediately." Gu Qingming signaled.

The six of them immediately split up.

Under the night sky, the huge storeroom was silent. Even if someone were to pass by, they would never expect that there were seven living people standing inside as they searched for their five targets.

"Success!" The six of them found the five treasures they needed very soon. They wrapped them in cloth bags and stored them all in Gu Qingming's interspatial ring.

With the goal in hand, Gu Qingming did not have the slightest reluctance and directly left with his men.

It was not until those seven people had disappeared from the City Lord's Mansion that the five silhouettes leisurely walked into the storeroom.

"They've left?" Tang Nazhi widened his eyes and looked around but did not find any traces of the thieves. The lock of the storeroom remained the same without any traces of it being forcefully opened.

If Shen Yanxiao had not suddenly asked them to come and take a look, they would not have expected that the thieves had already visited them.

Of course...

Even until now, Tang Nazhi was still doubtful.

"Let's go." Shen Yanxiao walked to the storeroom and looked at the intact lock.

"Their lock picking skills are pretty good."

"What?" Tang Nazhi was stunned.

Shen Yanxiao said, "There's no scratch on the lock. Evidently, the opponent is very skilled in lock picking."

Tang Nazhi widened his eyes and carefully listened to Shen Yanxiao's analysis.

However, before he could figure it out, the deadbolt lock in Shen Yanxiao's hand was suddenly unlocked!

He swore!

Just a moment ago, he saw that the lock was still locked. He only saw Shen Yanxiao with one hand behind her back, while the other hand was used to hold the lock. He did not see her use any key, so why did it open in the blink of an eye?

"Xiaoxiao, how... did you do it?" Tang Nazhi gulped and asked.

Shen Yanxiao blinked and looked at him. She raised her hand that was holding the lock and a thin wire was stuck on her middle finger.

"..." Tang Nazhi was thoroughly worshiping the god in front of him!

Chapter 1592: The Thieves Are Planning To Make A Move (9)

Entering the storeroom, Shen Yanxiao quickly scanned the room and closed the door without waiting for Tang Nazhi and the rest to take a closer look.

"There are many of them, and there are good and bad techniques, but they are passable." Shen Yanxiao commented on the Silver Hands' visit with a professional eye.

Not only was Tang Nazhi stunned, even Qi Xia, Yang Xi and Lan Fengli were also stunned.

What exactly did she see when she looked over?

Numbers? Skills?

Young lady!

What did you see! Please explain.

“You don’t intend to chase after them?” Tang Nazhi did not believe that Shen Yanxiao was serious about letting the Silver Hands take away her treasures.

Shen Yanxiao shrugged her shoulders. “They won’t leave the city tonight.”

“How did you know?”

“Simple, because I am also a thief.” Shen Yanxiao smiled and said.

She had heard about the Silver Hands’ achievements in the Brilliance Continent from Qi Xia. It was evident that they had high confidence in their skills. They would never be like ordinary thieves who would run away after stealing. They would hide in the dark and observe the reaction of their owner after they had succeeded.

They would leave, but not sneakily. They would hide among the crowd and leave Sun Never Sets in all seriousness.

This was their confidence in themselves.

Shen Yanxiao had this kind of mentality before, but not long after, she threw it to the back of her mind. When a thief had just stepped into a certain realm, they would be filled with confidence in themselves. They longed to see their perfect work, and they longed to see the owner go berserk after discovering something was missing.

However, Shen Yanxiao no longer had that thought. She did not care about the reaction of those idiots. She would leave as soon as she got the items. In any case, those people had nothing to do with her.

Moreover, she had to be cautious. No matter how confident she was of her skills, she would maintain a clear mind.

As for those people from the Silver Hands, they should be regarded as thieves based on Shen Yanxiao’s experience in modern society. Their method of stealing was very arrogant and unique, but they were not considered real thieves.

The so-called theft was to be done without anyone knowing.

To make it impossible for others to discover that they had been stolen, that was the highest realm of a thief god.

Overall, Shen Yanxiao did not have a high evaluation of her peers.

“They must have used potions to avoid the patrols outside. Tsk tsk... what rookies.” Shen Yanxiao curled her lips. Even though she would occasionally take advantage of the situation in this world to steal, she did not like to rely on external forces.

It was not a bad idea to use an Invisibility Potion during a fight. However, if they were to use it when they were stealing, it would only prove that the skills of the Silver Hands members were too weak.

As a thief god, even if she did not have any tools on her, she would still bypass the security and gain something without risking anything on her side. This was the true meaning of a thief.

Qi Xia and the others listened to Shen Yanxiao's evaluation of the Silver Hands' mission in silence. All of them were extremely shocked.

The top thief organization in the entire Brilliance Continent had become a group of rookies in Shen Yanxiao's words...

How could those owners who had their assets stolen by the Silver Hands endure this?

Furthermore, the glint in her eyes was clearly contempt, alright!

Qi Xia looked up at the sky in silence. He was suddenly glad that he did not join the Silver Hands.. Otherwise, he would probably be one of the people Shen Yanxiao despised.

### **Chapter 1593: The Thieves Are Planning To Make A Move (10)**

As Shen Yanxiao had guessed, the seven from the Silver Hands did not leave the city overnight.

After they succeeded, they returned to their previous inn to rest.

The six young men who had just seen Shen Yanxiao's storeroom were still excited. If it were not for Gu Qingming, they would not have been able to restrain themselves.

"Second-in-charge, are we really not taking those treasures? Why don't we send Shen Yanxiao two more letters later?" With their minds still filled with thoughts of rare treasures, the members of the Silver Hands could not stay calm.

As a group of thieves, it was absolutely torture for them to see a pile of treasures in front of them without taking a single one.

Gu Qingming could not help but laugh as he looked at his six subordinates. They were very obvious about expressing their regrets.

"If you really want to, then go back and tell our leader."

"Really?" The six of them immediately became excited.

Gu Qingming nodded.

"Rest early and have a good tour of the city tomorrow. Take it as a tour of the number one city in the Brilliance Continent."

"Alright! Second-in-charge, we'll go and sleep first. You should rest early too." After obtaining a satisfactory reply, the six hot-blooded men immediately hopped away and left Gu Qingming's room.

Gu Qingming smiled and shook his head. He opened the interspatial ring and looked at the five treasures lying inside. Other than these five items, there were still many treasures in the interspatial ring.

Gu Qingming was not in the Silver Hands headquarters previously. Instead, he had gone out to steal something. Later on, it was only because the leader of the Silver Hands personally wrote a letter for him to participate in this mission that he hurried over to meet up with the six of them.

As usual, there were no mistakes in the mission. However, for some reason, Gu Qingming felt that everything went too smoothly.

Entering the City Lord's Mansion and obtaining the treasures, everything was unbelievably simple.

He had heard of Shen Yanxiao's famous name. He knew that even though she was young, she was powerful in both strength and skills.

Ever since he sent out the notification letter, he had been observing the movements of the City Lord's Mansion, but it was to no avail. That notice was still plastered on the gates of the City Lord's Mansion, as if Shen Yanxiao did not know about it.

However, that did not make sense. Even if Shen Yanxiao did not know, the people around her would tell her.

But why was there no reaction from her?

Could it be that she really did not care about these little treasures?

Gu Qingming was filled with curiosity and doubts about this rumored young female lord. He had heard many rumors about Shen Yanxiao, but the more he heard, the more he felt he could not understand her.

"Shen Yanxiao, you must not be a simple person to dare to associate with demons." Gu Qingming lay on the bed and narrowed his eyes.

Gu Qingming, who was still pondering over Shen Yanxiao's thoughts, would never guess that Shen Yanxiao had already prepared a 'special gift' for them tomorrow..

Chapter 1594: Godly Thief VS Uncanny Thieves (1)

The fearless Silver Hands continued to spend their days in Sun Never Sets after the theft.

Even though Sun Never Sets was a semi-closed city, it was rather lively during the opening period. Various shops in the city had dazzling lineups. There was everything one could think of. There was nothing one could not buy.

There were seventeen to eighteen different types of dishes a day in the restaurant, and they would not make the same dishes for a month.

Moreover, the new guest room could be changed every day.

At first, the people from Silver Hands did not think much of Sun Never Sets. However, after one day and one night, they felt that they were about to fall in love with this perfect city!

1

As long as they had money, their days here would be happier than a god's.

If they had nothing better to do, they could go to the Phantom Auction House to see those treasures and potions that they had only heard of in the rumors. Of course, they could only 'see' it for themselves. The Phantom Auction House in Sun Never Sets was the headquarters of all the auction houses in the Forsaken Land. The starting price of the items auctioned there was at least 100,000 gold coins.

Even though the Silver Hands were not poor, they had yet to reach the level of a nouveau riche.

Gu Qingming did not allow them to take action, so they could only look on helplessly as those treasures and potions fell into the hands of those fat men with big waists.

"Second-in-charge, we really cannot..." Sitting in the auction house and witnessing another treasure falling into someone else's hands, the members of Silver Hands could no longer remain calm.

My heart hurts and my hands itch.

Gu Qingming's expression was calm and did not have any special reaction.

"No."

"..." The six grieving people quietly ran to the corner to draw mushrooms.

Did Sun Never Sets have to be so rich that they could only stare blankly at it? Could they not be so ostentatious? Were they not asking to be visited by thieves?

1

They were thieves. They were skilled... but the second-in-command did not give them a chance.

Enmity!

Backstage, Shen Yanxiao leaned against the wall and looked at the seven people with different expressions through the gap between the curtains.

Qi Xia stood by her side with his arms crossed and looked at Shen Yanxiao with interest.

"How can you be sure it's them?"

Shen Yanxiao went back to rest after she finished checking the storeroom. She called Uncle Nine and Du Lang for questioning in the morning. After less than ten minutes, she had locked onto the members of the Silver Hands.

Qi Xia was curious. How could she be sure that it was them?

Shen Yanxiao raised her eyebrows and looked at Qi Xia. She smiled and said, "Didn't I say that I already know the approximate number of people they sent yesterday? I asked Uncle Nine and Du Lang to check if there were any groups of seven people that entered Sun Never Sets these past two days. Isn't that a good way of sniffing them out?"

"In the end... how did you manage to identify the number of thieves?" Qi Xia could not figure out how Shen Yanxiao managed to identify the number of thieves with a simple glance.

Shen Yanxiao shot a glance at Qi Xia and chuckled. "There are many details that you wouldn't understand if I were to tell you."

The technique and traces of thieves could only be identified by a thief.

The Silver Hands had dispatched seven people this time. Among them, Gu Qingming's skills were the best. Even though the other six could be considered as elites, it was not challenging for Shen Yanxiao. Shen Yanxiao had stolen for her entire life in the modern world, and it was not because of her preference or interest.

In order to survive, she would be whipped if she did not retrieve her target. If she made any mistakes, punches and kicks were common.. In order to survive, she had no choice but to train her skills to the peak.

### **Chapter 1595: Godly Thief VS Uncanny Thieves (2)**

"How's Uncle Nine's investigation?" Shen Yanxiao asked.

"The boss of the inn they are staying at has already checked it out. They will be staying for another two days." Qi Xia looked at Shen Yanxiao with an expression of expectation.

Shen Yanxiao had found out how long the Silver Hands would stay in Sun Never Sets. He was curious as to when Shen Yanxiao would take action.

In addition to investigating the duration of their stay, Shen Yanxiao also asked Yang Xi to disguise himself as one of the participants of the auction and sit beside the seven of them. Shen Yanxiao also asked him to observe the interspatial rings of those seven people and make seven imitations.

"When do you intend to take action?" Qi Xia asked.

Shen Yanxiao smiled and said, "Tonight."

The seven members of the Silver Hands did not expect that Shen Yanxiao would notice their every move and that unattractive young man seated beside them was in fact Yang Xi from the Azure Dragon Family.

The seven members of the Silver Hands were still wandering around Sun Never Sets. They only returned to the inn to rest after they had enjoyed themselves for an entire day.

"Post the notice for successfully obtaining the treasures at Sun Never Sets tomorrow morning." Gu Qingming instructed his subordinates before returning to his room to rest.

Not only would the Silver Hands issue an announcement when they locked onto a treasure, but after they obtained it, these arrogant thieves would also tell everyone that they had stayed here for quite a long time while experiencing the prosperity of Sun Never Sets, just to see Shen Yanxiao's reaction after knowing that the treasures had been stolen. This was a type of enjoyment for them.

Regardless of their opponent's identity or status, there were no obstructions for the Silver Hands. The higher the position and power, the more famous they were, and the more they liked the challenge.

The members of the Silver Hands went back to their rooms to rest. They were looking forward to the day when the announcement would be posted in Sun Never Sets.

They could even obtain something from the number one city in the world. This would be another glorious achievement in the history of the Silver Hands.

The night shrouded the earth and Sun Never Sets, which had been noisy for an entire day, returned to silence. There was only the light of the light crystals that illuminated the empty streets. Demons and humans who had been busy for an entire day slowly entered their dreams.

A petite figure suddenly flashed past the empty street and arrived at the most luxurious inn in Sun Never Sets in the blink of an eye.

In a night suit, Shen Yanxiao narrowed her eyes as she looked at the tall inn. She curled her lips into a smile. Her agility was similar to a cheetah hidden in the dark as she soundlessly climbed up the building she had personally designed.

She had already investigated the locations of the seven members from the Silver Hands. She locked onto her first target and stood on a windowsill. A silver thread as thin as a strand of hair suddenly appeared in Shen Yanxiao's hand. Even though the silver thread was thin, it was extremely tensile. Shen Yanxiao inserted the silver thread into the gap of the two windows and gently lifted it, causing the lock in the window to be soundlessly lifted without any sound.

Shen Yanxiao quietly flipped over and entered the room. When she landed on the floor, she did not make any sound. She was like a wisp of air that concealed herself in the darkness. She did not even breathe.

Under the faint light outside, Shen Yanxiao smiled and looked at the man who was sleeping soundly on the bed. She quietly snuck to the bed and looked at the interspatial ring on his middle finger while her eyes flickered with an evil glint..

### **Chapter 1596: Godly Thief VS Uncanny Thieves (3)**

The next day at daybreak, the members of the Silver Hands ran to the city to put up a notice.

When the citizens of Sun Never Sets woke up and saw the arrogant announcement on the bulletin board, they exploded!

It had only been a day since the Silver Hands sent out the notification letter, but they actually said they had already stolen the five treasures from the City Lord's Mansion!

This was simply intolerable!

Shen Yanxiao sat in the City Lord's Mansion and leisurely drank her tea.

When Tang Nazhi came in and saw Shen Yanxiao's relaxed appearance, he was speechless.

"Say, Xiaoxiao, you better give us some reaction. The Silver Hands are already so arrogant, and the citizens outside are about to explode." Tang Nazhi still had lingering fears when he thought about how he was nearly ripped apart by the citizens when he entered the room.

Shen Yanxiao took a sip of tea and raised her eyebrows as she looked at the impatient Tang Nazhi.

"How should I react?"

“You... did you succeed last night?” Tang Nazhi looked at Shen Yanxiao. He knew that Shen Yanxiao had taken action last night, but the Silver Hands had posted such a notice this morning. If Shen Yanxiao did not respond, Sun Never Sets would probably explode.

“Take a guess.” Shen Yanxiao smiled.

“You’ve got it?” Tang Nazhi carefully asked.

Shen Yanxiao chuckled and stood up. “Forget it. I believe those people from the Silver Hands should be hiding in Sun Never Sets, waiting for a good show. Since that is the case, I’ll let them have a good look.” With that said, Shen Yanxiao walked out the door.

A large number of humans and demons gathered outside the City Lord’s Mansion. They were furious.

The Silver Hands were nothing. How dare they cause trouble in Sun Never Sets? They were simply courting death. Believe it or not, they would bring their men to destroy their den in minutes.

But at this moment, the closed door opened and Shen Yanxiao slowly walked out. The noisy crowd quieted down the moment Shen Yanxiao appeared.

Gu Qingfeng and the others, who were hiding in the corner, looked at Shen Yanxiao in the crowd with surprise in their eyes.

They had heard many rumors about Shen Yanxiao. Some said that she was evil and colluded with demons. Some said that she was talented enough to make demons submit to her. Some said that she was a genius rarely seen in a thousand years. Some said that she was a genius rarely seen in a thousand years. However, among those rumors, what described Shen Yanxiao the most was her achievements, but they neglected this young lady’s beauty.

When the seven members of the Silver Hands saw the goddess-like beauty, all of them were stunned.

“That... is Shen Yanxiao?” One of the Silver Hands members swallowed his saliva. This... isn’t her appearance too monstrous?

“What a beautiful girl. How is she savage?” Another person wiped his mouth and looked at Shen Yanxiao with shining eyes. He dared to swear that Shen Yanxiao was the most beautiful person he had ever seen!

The number one beauty of the Longxuan Empire, the number one beauty of the Blue Moon Dynasty, the number one beauty of the God Wind Alliance, and the number one beauty of the Seventh Kingdom were merely commoners in front of Shen Yanxiao!

“Is she really a human?!” The man standing beside Gu Qingfeng rubbed his eyes. The demon lord who was famous throughout the world for two wars was actually a girl who looked like a fairy. This was too shocking! Just by looking at Shen Yanxiao’s appearance, they could never associate her with those words like savagery, viciousness, and craftiness..

Chapter 1597: Godly Thief VS Uncanny Thieves (4)

What cruel and heartless demoness? Shen Yanxiao was clearly a goddess!

A group of single hot-blooded youths, who liked to take risks, were instantly flared up.

With such good looks, it would be a blessing to be beaten up by her!

“Second-in-charge, do we have any experience in stealing people?” A bold young man could not help but ask a horrifying question.

If they could steal such a gorgeous young lady back, she could absolutely become their Silver Hands’ signature treasure!

Sobs, they promised not to tarnish this beauty. They only wanted to queue up and touch her hands.

Gu Qingming speechlessly looked at these bastards who had no self-control. They, the Silver Hands, walked in and out of the palaces of various countries, as if they were strolling around their own backyard. It was not like they had never seen beauties. How could they be so shameless? It was as if they had not seen a woman for eight hundred years.

Even though the Silver Hands did not explicitly prohibit the recruitment of female members, it was unknown if they had been inflicted with a curse. For more than a hundred years, the Silver Hands could not even recruit a single female creature!

1

All of them were men!

As a result, when the youngsters of the Silver Hands went out to get in touch with women, all of them cherished it. They wished they could display their best side so that they could abduct a wife home.

Unfortunately, up until now, from their leader to their members, none of them could have their wish fulfilled.

However, they had never seen such a good-for-nothing when they met beauties. What was wrong with them today?

In fact, they could not be blamed for making a fuss. Shen Yanxiao’s current appearance had integrated all the advantages of humans and elves. As the seal was undone layer by layer, Shen Yanxiao’s beauty also increased step by step. Not to mention the Brilliance Continent, probably even the elves who were based in a city filled with many with beautiful looks would find it hard to find a few beauties that could compare to her.

Coupled with Shen Yanxiao’s fame after the war with the four-nation alliance and the war with the beast tide, the rumors about her were even more bizarre. Everyone subconsciously believed that a young lady with such powerful strength and wisdom would not be too beautiful.

However, after meeting Shen Yanxiao, they only now understood how much God favored her.

Wisdom, strength and beauty coexisted together. This was practically forcing other women to hang themselves.

“Put away those unrealistic thoughts in your mind.” Gu Qingming could not help but punch those few love-struck fools.

“Second-in-charge... You and Boss are not married yet.” The few of them covered their heads and looked at Gu Qingming pitifully.

Wasn't their Second-in-charge's determination too unfathomable? He was already around twenty-five to twenty-six-years-old and yet, he did not seem to have any intentions to marry. Right now, he was actually unmoved by such a beauty.

Could it be, Second-in-charge and their leader...

“Be obedient. We will return to the Silver Hands tomorrow morning.” Gu Qingming warned.

“Yes.”

The six of them stole a glance at Gu Qingming and then looked at Shen Yanxiao at the entrance of the City Lord's Mansion. They originally had the mentality of watching a good show, but at this very moment, they suddenly felt that they should not bully a beautiful girl like her.

They felt deeply guilty that Shen Yanxiao had embarrassed herself in front of the citizens.

Girl! We didn't know you were so good-looking. If we knew you looked like that, we would never have stolen from you!

We have tender and protective feelings for the fairer sex!

Chapter 1598: Godly Thief VS Uncanny Thieves (5)

A few Silver Hands members were biting their handkerchiefs. They were afraid to see Shen Yanxiao crying from anger in such an embarrassing situation.

Beauties were made of water, and they could not bear the slightest grievance. Their hearts ached!!

Gu Qingfeng was thoroughly helpless. He wanted to drag these few idiots out and give them a good beating. Before they met Shen Yanxiao, these few idiots were filled with thoughts about how to embarrass this lord whose name had shocked the world. However, after they saw her beautiful appearance, these few idiots instantly changed sides!

Gu Qingfeng reckoned that if not for him, these few idiots would not have directly sent back what they stole!

Can you have some backbone? Can you have some moral principles?

Have you never seen a woman before?

The Silver Hands members were in a dilemma. Shen Yanxiao stood in front of the gates of the City Lord's Mansion with a smile on her face. There was no sign of 'crying from anger'.

"My lord! With just one word from you, we will seal off the entire city. Not even a single mosquito can escape! Let's see how arrogant those Silver Hands members are!"

"That's right! Lord, let's seal off the city. We must capture those bastards from the Silver Hands!" They should be beaten to death for stealing from Sun Never Sets!

"The Silver Hands are nothing! We are not even afraid of the alliance of the four countries, why should we be afraid of those thieves!"

Shen Yanxiao could not help but laugh when she looked at the excited crowd. She raised her hand to silence everyone.

With a single gesture, the noisy crowd immediately turned silent. It could be seen how terrifying Shen Yanxiao's prestige in Sun Never Sets was.

"Everyone, don't be nervous. Those five treasures are not lost. I don't know whose prank this announcement is, but to reassure everyone, I will show you the five treasures." With that said, Shen Yanxiao clapped her hands and Tang Nazhi, Qi Xia, Yang Xi, Lan Fengli and Taotie each carried a brocade box.

Everyone's gaze was fixed on those five brocade boxes.

"Open it," Shen Yanxiao said.

The five brocade boxes were opened one by one and five dazzling treasures were quietly lying inside.

The seven Silver Hands members hiding in the dark had their jaws dropped to the ground.

"White Jade Lion, Million Treasures Crystal Tree, Mirror Moon Glazed Bottle, Cloudwater Jade Ruyi... Pearl of the Azure Sea... how is that possible?" The members of Silver Hands stared at those familiar treasures in shock. They clearly stole those items the night before yesterday. Where did Shen Yanxiao get them?

"Could it be a replica? Goddess... bah! Is Shen Yanxiao afraid that it would not look good if she lost them? Is that why she asked someone to rush it out overnight?" Another person spoke with uncertainty.

"Aren't those imitations too good?" Even though there was a fair distance between them and the treasures, the Silver Hands members had good eyesight. No matter how they looked at it, those few items did not look like imitations.

Gu Qingming slightly frowned and the other six's gazes were all on him.

Gu Qingming subconsciously wanted to open the interspatial ring to check if there were any problems. However, when he infused his energy into the interspatial ring to open it, he discovered...

There was no reaction from the interspatial ring at all!

“What’s going on?” Gu Qingming was surprised and tried again.

The result was still the same.

Finally, Gu Qingming noticed something amiss. The interspatial ring on his hand was clearly a copper ring that was plated with gold!

Chapter 1599: Godly Thief VS Uncanny Thieves (6)

Gu Qingming took off the ring on his finger and took a closer look. The outer appearance of this ring was exactly the same as his original one. Not only was the color the same, even the bumpy pattern on it was no different from his previous one. If it were not for the fact that he could not open it, Gu Qingming would not have noticed that the interspatial ring on his finger was missing.

“Damn it.” Gu Qingming narrowed his eyes and angrily threw the interspatial ring on the ground.

He did not even know when his interspatial ring had been switched. He had been wearing it on his finger, not even taking it off to take a shower or sleep. He was also a cautious person. During the past few days in Sun Never Sets, he rarely interacted with others. Other than the six people from Silver Hands, no one else could approach him.

“Second-in-charge, you’re...” The six members of Silver Hands were struck dumb. They looked on helplessly as Gu Qingming threw the “interspatial ring” on the ground and an ominous premonition rose in their hearts.

“The interspatial ring has been switched.” There was a trace of displeasure in Gu Qingming’s tone.

The six members of the Silver Hands turned deathly pale.

Gu Qingming’s thieving skills were ranked third among the Silver Hands. Other than their leader and the Third-in-charge, Gu Qingming’s skills were the best. As a thief god, not only was his thieving skills at the peak, but correspondingly, they knew about the act of thievery like the back of their hands. Even if the six of them were to slightly move, Gu Qingming would notice it, not to mention stealing from him.

However, there was someone in Sun Never Sets who could swap the interspatial ring that Gu Qingming constantly carried with him. And Gu Qingming did not even notice it!

This was simply unbelievable!

Gu Qingming’s expression was unsightly. There were not only the five treasures in his interspatial ring, but also dozens of treasures he had stolen from other places. The total value was immeasurable.

“Could it be that those few items in Shen Yanxiao’s hands are real?” The Silver Hands members could not help but look at those around Shen Yanxiao. The treasures in those brocade boxes did not seem to be fakes, and from the looks of it, those five treasures had probably returned to Shen Yanxiao’s hands without anyone knowing.

Gu Qingming gnashed his teeth. "I didn't expect Sun Never Sets to be filled with crouching tigers and hidden dragons. Shen Yanxiao actually has such a powerful character by her side. No wonder she is so fearless. So, she was prepared. We have underestimated her."

Finally, there was a reason for Shen Yanxiao's lack of vigilance around the storeroom.

Gu Qingming was sure that Shen Yanxiao must have a peerless thief god hiding by her side that could secretly swap his interspatial ring, and the other party's skills were definitely not inferior to him!

In the entire Brilliance Continent, there were only two people who had better stealing skills than Gu Qingming. Both of them were from the Silver Hands and now, another powerful thief god had appeared, which shocked Gu Qingming.

"Let's return to the inn first. We will return to the headquarters immediately!" Gu Qingming took a deep breath. He could only accept his defeat!

There was actually such an expert in Sun Never Sets. He must report it to his brother immediately!

"Yes!"

The seven of them left without a sound. After they returned to the inn, they immediately packed their things and prepared to leave. When they were packing their clothes, the six members of Silver Hands felt like they had suffered a huge loss!

Looking at the imitation in their hands, they wanted to cry but had no tears.

What the f\*ck! When did their interspatial rings get switched?!

Chapter 1600: Godly Thief VS Uncanny Thieves (7)

In the City Lord's Mansion, Shen Yanxiao sat in her room with a smile. She was in a good mood as she looked at the treasures she took out from the seven interspatial rings.

"Qi Xia, hurry up and see how much money I've earned this time." Shen Yanxiao did not have a precise estimation of the value of treasures in this world.

Qi Xia could not help but laugh and shook his head. There were dozens of treasures in seven interspatial rings. In one of the seven rings, there were dozens of treasures in it alone. Other than treasures, there were also various gems, gold coins, and potions. Shen Yanxiao's night of activity had indeed benefited her!

"I can already imagine their reaction when they notice their interspatial rings have been switched." Tang Nazhi looked at Shen Yanxiao with a wicked smile.

Why did they have to steal from the thief?

He had never seen Shen Yanxiao fail!

The Silver Hands had suffered a huge loss this time. Not only did they fail to bring back the five treasures, but they had also contributed all the gold, silver, and jewelry in their pockets to Shen Yanxiao. They even gifted her a hundred-cubic-meter interspatial ring and six ten-cubic-meter interspatial rings.

They had tried to steal a chicken only to end up losing the rice used to lure it. This exactly described what they did!

“Pitiful, too pitiful.” Yang Xi shook his head as he followed Qi Xia to dig for treasures. There was no sincerity in his tone.

“Haha, even their gold coins have been stolen by Xiaoxiao. How are they going to return?” Tang Nazhi wanted to applaud and cheer when he thought of those few thieves who had valiantly fought their way to Sun Never Sets and were prepared to go all out. Now that Shen Yanxiao had even taken their travel expenses, he wanted to applaud and cheer!

“They are thieves. Naturally, they know how to pay the toll.” Shen Yanxiao propped her chin. She did not feel that she was crazy.

If the Silver Hands could be stumped by a few bags of gold coins, then they were not qualified to be her opponent.

“Xiaoxiao, teach me a few tricks one day. Let me have some fun too.” Tang Nazhi chuckled and moved closer to Shen Yanxiao. The feeling of stealing something in passing was too cool!

Shen Yanxiao rolled her eyes. “You’re a young master with food and drink. Why do you want to learn this all of a sudden?”

Shen Yanxiao did not think there was anything to be proud of in becoming a thief god. This was only her life skills, and she had no choice but to learn this in order to survive.

“Tang Nazhi, forget it. You want to become a Herbalist in one moment and a thief god in the next. After three days of fresh energy, I don’t know which one is better.” While counting Shen Yanxiao’s ‘spoils of war’, Qi Xia did not forget to tease Tang Nazhi’s nerves.

“The total value of these items totals up to tens of millions of gold coins. However, I’m guessing that the Silver Hands must have obtained these treasures from someone else. If we were to trade them, I’m afraid it would be detrimental to our reputation.” The reputation of the Phantom Auction House in the Brilliance Continent was top-notch, and no auction house in any country could compare to them.

It was better not to fence the loot.

“Leave it for now. We will think about what to do with them later. Qi Xia, I asked you to arrange the information network in the four countries. How’s the preparation?” Shen Yanxiao restrained the smile on her face. As she suppressed the four countries with her strength, Shen Yanxiao began to pay attention to the importance of information. Be it the Silver Hands or the Broken Star Palace, these two places were very hidden and it was hard to find them without sufficient information. Moreover, with an information network spread throughout the Brilliance Continent, Shen Yanxiao could constantly grasp the movements of the rulers of the four countries.

She did not wish for a similar battle with the four-nation alliance to happen again.
