

The Good 1661

Chapter 1661: So What if I Slapped You (1)

Outside the Broken Star Palace, less than a hundred meters away, Shen Yanxiao stood at the forefront of more than twenty thousand advanced-ranked demons. Xiu and Shen Yanxiao were standing side by side. Qi Xia, Tang Nazhi, Yang Xi, Lan Fengli and Su He stood around the two.

“We’re about to attack the Broken Star Palace?” Tang Nazhi looked at the crowd that surged out from the palace with a dull gaze. Even until now, he still found it hard to believe.

Not long ago, he did not even know the name of this powerful organization. This massive organization that was unshakable in the eyes of the five great aristocratic families was about to start a war with them?

What made Tang Nazhi sigh was that he felt that their chances of winning were very high.

“We should let these old men see our magnificent feat today.” Yang Xi could not help but sigh.

The Broken Star Palace, an organization that had stood tall in the Brilliance Continent for tens of thousands of years, a powerful existence that could secretly manipulate the life and death of the rulers of the four countries, had now become their enemy.

No need to mention victory or defeat, Shen Yanxiao was the first person to lead troops to the Broken Star Palace in thousands of years.

“Why don’t we take some spoils of war back after we’re done?” Business was business. Qi Xia had already started to plan how to squeeze the Broken Star Palace’s remaining value after the war.

Su He was speechless. He was once a victim of the Broken Star Palace but now, he had become Shen Yanxiao’s confidant.

He had stood on both sides, but honestly speaking, he still could not understand the strength of both sides.

In the Broken Star Palace, Su He was merely a new member, and he had little access to the internal affairs of the palace. He had only met the Palace Master once when he joined the Broken Star Palace.

Sun Never Sets was the most influential new force in the Brilliance Continent. The two wars where they fought to survive had shocked everyone who participated in the wars.

The arrival of the holy beasts and the emergence of the Wing of Death had exceeded everyone’s expectations.

The man standing by Shen Yanxiao’s side was the most handsome and domineering man Su He had ever seen in his life. From the way Qi Xia and the rest treated this man, his status and strength obviously far exceeded the other members of Phantom.

How many cards did Shen Yanxiao have? No one knew.

Su He could only wait for the clash between the two giants.

Whether the Broken Star Palace that had stood for thousands of years would still stand strong, or whether Sun Never Sets could stabilize, these questions would only be answered after the war.

Sage Long and Sage Yu had brought all the members of the Broken Star Palace out. With the exception of the Palace Master, the Broken Star Palace had brought out all their forces.

This kind of serious treatment was entirely different from the previous disdain in the hall.

In fact, Sage Long and Sage Yu only brought seven thousand men with them at the start. However, when they saw the sea of demons behind Shen Yanxiao, the two self-proclaimed Saint Professionals immediately ordered their men to gather all their troops.

F*ck, didn't they say that Sun Never Sets had just experienced a bitter battle where countless advanced-ranked demons died?

If that was the case, what was with this huge army of nearly thirty thousand?

Sage Long and Sage Yu had assumed that the advanced-ranked demons Shen Yanxiao had brought with her would at most amount to ten thousand. Therefore, they had casually brought seven thousand Second-Class Experts to fight.

As a result, before the war even started, the number of advanced-ranked demons had given those two egotists a tight slap.

Chapter 1662: So What if I Slapped You (2)

7,000 vs. 28,000?

Sage Long and Sage Yu were not fools. No matter how confident they were, they would not be arrogant enough to think that their subordinates were experts in a one versus four fight.

As a result, the two who had been slapped in the face forcefully dragged out all the fighting force of the Broken Star Palace.

Similar to Shen Siyu's previous prediction, the total number of people in the Broken Star Palace was around twenty-five thousand. Looking at the number of men in both armies, Shen Yanxiao clearly had the upper hand.

However!

Due to the fear of the mysterious array, all the magical beasts under Shen Yanxiao could only sit out in this war.

But on the Broken Star Palace's side, they could summon their magical beasts without any worries. With so many Second-Class Experts, none of their magical beasts were lower than the advanced level. Even

though mythical beasts were rare here, they still had some confidence when fighting versus two with their magical beasts by their side.

“The few humans by Shen Yanxiao’s side are?” Sage Yu narrowed his eyes and looked at the few humans by Shen Yanxiao’s side. Among the group of advanced-ranked demons, these humans were exceptionally eye-catching. It could be said that all of them were dragons and phoenixes among humans and would be an attraction no matter where they stood.

“Yang Xi from the Azure Dragon Family of the Longxuan Empire, Tang Nazhi from the Black Tortoise Family, and Qi Xia from the Qilin Family.” As the culprit who instigated the war between the four countries in the Forsaken Land, Sage Feng was rather familiar with the identities of the people from Sun Never Sets. However, he immediately stopped after introducing Qi Xia and the other two.

“What about the other three?” Sage Long asked.

Sage Feng said, “I don’t have any impression of that ordinary-looking man. Looking at his posture, he should not be a powerful character. As for that young man... he seems to be one of Shen Yanxiao’s trusted aides. However, we have yet to find out his background. He has an ancient ferocious beast, Yazi, as his magical beast. It is at the level of a holy beast, similar to Shen Yanxiao’s Taotie. As for...”

Sage Feng’s gaze locked onto the gorgeous man standing by Shen Yanxiao’s side. Compared to the handsome appearance of Qi Xia and the rest, the appearance of that man in white was like the arrival of a king. Even Shen Yanxiao’s radiance could not dampen his looks.

He stood quietly by Shen Yanxiao’s side, but he had become the center of attention.

“Who is that man?” Evidently, Sage Long and Sage Yu had also noticed the uniqueness of that man in white. Even though they were separated by such a long distance, they could still faintly sense the pressure coming from that man. The other party was not actively releasing any aura, but the aura that naturally radiated from that man was enough for the two experts who had stepped into the Saint Profession to sense danger.

“I don’t know. When we were investigating Sun Never Sets, we did not find anything about that man.” Sage Feng frowned. He had never seen that man during the battle against the four-nation alliance. After the beast tide, he did not hear any rumors about him either.

Shen Yanxiao had even summoned the Wing of Death. It could be said that she had used all her trump cards and was forced into a corner. If she had any trump cards left, she would not have held any of them back.

The Broken Star Palace did not know that it was not that Shen Yanxiao did not want Xiu to take action, but he had fallen into a deep sleep at that time and only appeared in an instant when she fought against Satan.. But because they were far away from the battlefield at that time, Xiu’s appearance did not leave any impression on them.

Chapter 1663: So What if I Slapped You (3)

While the Broken Star Palace was sizing up the demon army, Shen Yanxiao also heard about Sage Long and Sage Yu from Su He.

Su He only knew that the two of them had broken through to the Saint Profession hundreds of years ago. They were the two most powerful experts in the Broken Star Palace, second only to the Palace Master.

Hearing this, Shen Yanxiao raised her eyebrows. She was unhappy that she did not force the Palace Master out.

“Ignorant kid, how dare you bring these filthy demons to the Broken Star Palace to cause trouble!” Sage Long stood at the front of the army and shouted at Shen Yanxiao.

Shen Yanxiao revealed a lazy smile. She looked at the Saint Professional with a straight face and said, “I say, grandpa, let’s stop acting. You know very well whether I am ignorant or not. As for whether I am filthy or not, you should know it in your heart. Let’s be frank with each other. Your Broken Star Palace has come to find trouble with me time and time again. Even a dull man would be angry. Even though the Broken Star Palace has the title “Hall of Heroes”, but after so many years, you are no longer worthy of the title.”

Compared to these hypocrites, Shen Yanxiao felt that her demons were much more frank and adorable.

“I am not here to chat with you today, so that’s all I have to say. Either your Broken Star Palace falls, or your Broken Star Palace falls.” Shen Yanxiao crossed her arms and calmly glared at Sage Long who was hundreds of steps away.

Either the Broken Star Palace falls... or the Broken Star Palace falls...

Tang Nazhi nearly knelt down on the spot. Probably only this little girl would dare to say something so shameless so confidently.

In any case, the Broken Star Palace would be the unlucky one in the end.

“Shen Yanxiao, don’t be too arrogant. Do you honestly think you’re so great just because you’ve occupied the Forsaken Land? A measly Second-Class Expert like you is merely an ant in front of my Broken Star Palace. If it weren’t for my Palace Master’s benevolence, allowing you to live a little longer, do you think you would have survived until now?!” Sage Long was so angered by Shen Yanxiao that he also vomited blood as he angrily cursed at Shen Yanxiao. What demeanor of an expert? It had long been thrown out the window by Shen Yanxiao.

“Ha, your Broken Star Palace is so kind! You sent out a three-legged cat to seduce my Vermilion Bird Family’s trashy traitor and sent a group of good-for-nothings to Twilight City to eradicate me. You even went to the capital of the four countries to sow discord and forced the four countries to send troops to my Forsaken Land! I say, how thick is your Broken Star Palace’s skin? Your ability to invert right and wrong is simply the best in the world. Aren’t you afraid that your tongue will be cut off when the wind blows? All of you are over a hundred years old and don’t know how to accumulate merit for yourself. All day long, you forced others to sacrifice their strength for your benefits. Aren’t you afraid that you will do too many evil deeds and have no descendants... Oh, I forgot, your members seem to have always been

without any descendants.” Shen Yanxiao revealed a brilliant smile and spoke very fast. However, her words were clear as a series of poisonous words smashed onto everyone’s faces.

Sage Long and Sage Yu’s faces turned the color of pig liver due to Shen Yanxiao’s bombardment.

The members of the Broken Star Palace had always regarded cultivation as their top priority. They had not even married before, let alone had children.

Shen Yanxiao’s fierce scolding had stepped on the pain of the Broken Star Palace.

They were talented and their lifespan was longer than others.. However, they were destined to cultivate in the Broken Star Palace for the rest of their lives, making it impossible for them to continue their lineage.

Chapter 1664: So What if I Slapped You (4)

“Shen Yanxiao, you are simply shameless!” Sage Long was so angry that his entire body was trembling. “We have devoted ourselves to cultivation, so why would we do those nasty deeds? Only trash like you would waste your time on those dirty deeds!”

Shen Yanxiao raised her eyebrows and sized up Sage Long. She then said in a tone that would infuriate people to death, “Stop with the extravagant talk. If you can’t do it, then you can’t. What research? What cultivation? Wanting to reproduce is the basic of human instincts. But you’ve abandoned human instincts. Are you still considered human? In any case, you are filthy. You’ve regarded the members of the Broken Star Palace as your sacrificial offerings to increase your strength and used their accumulation of battle aura and magic as elixirs for you to use. This is no longer just filthy? This is simply inhumane!”

Shen Yanxiao’s words caused the expressions of those Dages from the Broken Star Palace to change. It was not a secret that the Broken Star Palace had the technique to transfer battle aura and magic, but...

Only some of them knew that they had used members of the Broken Star Palace to produce the medicinal pills.

Where did Shen Yanxiao get the information?

Those members of the Broken Star Palace who did not know the truth were filled with shock and doubt when they heard about the battle aura and magic transfer technique.

Most of them had only joined the Broken Star Palace for a short period of time and they did not know much about the transfer technique, let alone the truth behind it. However, there was one thing they were very clear about. All of them had consumed those medicinal pills. When they consumed it at the start, they were indeed surprised by the effect of the pill. However, the other members of the Broken Star Palace did not reveal the origin of the pill, so they merely regarded it as a secret of the Broken Star Palace.

However, Shen Yanxiao’s words told them that every single pill they consumed was extracted from the members of the Broken Star Palace.

That piece of news shocked them for a long time.

Pairs of doubtful gazes looked towards the Sages of the Broken Star Palace.

“You’re slandering me!” When Sage Feng saw that the situation was amiss, he immediately retorted.

Shen Yanxiao sneered and said, “I’m slandering you? I’d like to ask, don’t members of the Broken Star Palace often die from strange illnesses? Don’t all the dead have dried-up corpses? You used those members of the Broken Star Palace as livestock to squeeze out their magic and battle aura. Do you still have any humanity?”

Everything Shen Yanxiao said was like a heavy bomb that exploded among the people of the Broken Star Palace.

Those members who had just joined the Broken Star Palace not long ago were all dumbstruck as they looked at Shen Yanxiao. They could not be sure about the validity of Shen Yanxiao’s words, but they knew one thing. Many of their comrades who joined the Broken Star Palace at the same time as them had contracted strange illnesses and died with inexplicable reasons. Their deaths were exactly the same as what Shen Yanxiao described.

Even though they believed in the Broken Star Palace, no one would not be afraid if they were to be sacrificed.

A single stone could produce a thousand ripples. Many members of the Broken Star Palace started to feel unsettled. They stared at Sage Long and Sage Yu, waiting for their response.

Never in his wildest dreams did Sage Long expect Shen Yanxiao to have such an understanding of the transfer technique. She spoke as if she had seen it with her own eyes.

A horrifying thought surfaced in Sage Long’s mind. He glared at Shen Yanxiao and asked in disbelief.

“You destroyed the laboratories?”

Chapter 1665: So What if I Slapped You (5)

The seven laboratories of the Broken Star Palace had been destroyed, and Shen Yanxiao had such a deep understanding of the transfer technique. Therefore, Sage Long could not help but have such doubts.

Shen Yanxiao smiled and said, “So what if it’s me? That kind of place should not have existed in the first place. Or perhaps you prefer that I didn’t destroy them to let these pitiful people who don’t know the truth go and see what they will encounter in the future?”

Shen Yanxiao did not initially intend to sow discord between the members of the Broken Star Palace. However, she did not expect that many members of the Broken Star Palace would reveal expressions of panic and shock after hearing her words. This reaction made Shen Yanxiao realize that perhaps she could use this method to divide some of the forces of the Broken Star Palace.

If she could successfully incite those members to leave the Broken Star Palace, Shen Yanxiao would be happy to see that happen. In any case, she was only using her mouth, and it did not take much effort.

“You!” Sage Long nearly vomited blood from anger. He had always been focused on his cultivation, and rarely would he speak to others. He was not afraid of Shen Yanxiao if they were to fight it out. However, when his clumsy tongue encountered Shen Yanxiao’s poisonous tongue, he was immediately tortured to the extent he could not even retaliate.

Even though he knew that he had to say something to stabilize his subordinates’ emotions, how could he argue with Shen Yanxiao after so many years in seclusion? He was filled with anger, and his mind turned into paste. His face flushed red, but he could not find any words to refute her.

“What about me? You dare to do it but you don’t dare to admit it. To think that you claim to be the Hall of Heroes among humans, but you have done so many inhumane things in private. Do you think you are worthy?” Shen Yanxiao’s poisonous tongue was fully utilized as she continuously smashed the hearts of the few Sages in the Broken Star Palace.

Sage Long’s face turned redder and redder as if his blood vessels were about to burst.

When Tang Nazhi, who stood by Shen Yanxiao’s side, saw this, he nearly died from laughter. Wasn’t that Sage’s mental endurance a little too low? After Shen Yanxiao criticized him once, he was already exploding in anger.

Tang Nazhi did not doubt that if Shen Yanxiao were to continue with her words, she probably would be able to infuriate the Saint Professionals of the Broken Star Palace to death.

Seeing that Sage Long was about to faint from anger due to Shen Yanxiao, Sage Feng immediately stepped forward and said. “Shen Yanxiao, you don’t have to sow discord here. We from the Broken Star Palace will never believe you. We have always worked hard for the sake of the Human race. Don’t think that you can incite our people by casually fabricating some lies.” Sage Feng had been in the Brilliance Continent for quite some time, so he was a lot smarter in terms of his words. He knew that if Shen Yanxiao were to continue, his subordinates would probably be swayed.

If two armies were to go against each other, it was absolutely unacceptable for their morale to be shaken before the war.

Shen Yanxiao narrowed her eyes and looked at this old man who had incited the four countries to attack her.

“Sowing discord? Sage Feng, you think too highly of me. When it comes to sowing discord, who can compare to you? Even the rulers of the four countries could be incited by you to send troops to attack my Forsaken Land. They knew that they were not my opponent, but they still rushed to their deaths. Isn’t that all because of your mouth? If the Broken Star Palace had more people like you, wouldn’t that be great? You don’t even have to do anything to kill and rob people. You can just use your mouth and people would rush to their deaths for you. I don’t even think I have the ability to do that..”

Chapter 1666: Destruction of the Broken Star Palace (1)

Shen Yanxiao gave Sage Long and Sage Feng several tight slaps that rendered them speechless.

As it turned out, Shen Yanxiao had reached the peak of verbal duels. Those from the Broken Star Palace who had been hiding from the world for so long better not come and embarrass themselves in front of her.

The Broken Star Palace was in a state of panic because of Shen Yanxiao's words, but Tang Nazhi and the rest were laughing their heads off.

The Broken Star Palace, which had the reputation of being one of the two great forces in the Brilliance Continent, was merely so-so. Shen Yanxiao could infuriate these 'old men' with just her words.

It was really admirable.

Sage Yu moved his mouth, wanting to refute her. However, before he could say anything, Tang Nazhi stared at him with shining eyes and muttered, "Someone is going to humiliate himself again."

"..." Sage Yu immediately shut his mouth and widened his eyes. He wished he could tear Tang Nazhi into pieces.

"Nazhi, don't say that. It has been thousands of years since the seniors of the Broken Star Palace found someone they could talk to. Even though they know that they will only end up dying from anger if they were to continue talking to Xiaoxiao, they still dare to open their mouths. This spirit of not fearing death is worth learning from." Qi Xia and Tang Nazhi sang the same tune and launched a brutal verbal attack on the Broken Star Palace.

"Enough! Why do you have so much nonsense to say? If you want to fight, then let's fight! What's the use of a verbal fight! We don't even care about you youngsters bickering," Sage Yu gnashed his teeth and said.

"Do you feel disdain or are you unable to win?" Shen Yanxiao raised her brow. Her expression looked extremely annoying to the other side right now.

"Everyone, kill these reckless bastards!" Sage Yu did not wish to hear another word from Shen Yanxiao. This little girl's mouth was so powerful that it almost drove him crazy.

"You want to kill us? Why don't you try." Shen Yanxiao sneered. The instant she raised her arm, more than twenty thousand advanced-ranked demons behind her immediately stepped forward.

The Broken Star Palace and Shen Yanxiao's battle formation had been set up. On one side were Second-Class Experts, and on the other side were advanced-ranked demons comparable to Second-Class Expert. This peak confrontation was about to begin.

The biggest difference between demons and humans was that they could not sign a contract with magical beasts. As soon as the battle began, the members of the Broken Star Palace summoned their magical beasts, increasing their numbers.

The individual combat ability of the members of the Broken Star Palace had reached the peak of the Brilliance Continent. Every single one of them was a human expert that had experienced hundreds of battles. The magical beasts by their side were at least high-level magical beasts. Moreover, within the crowd, a few mythical beasts could be seen.

The two armies intertwined in an instant. Shen Yanxiao and the rest stood at the back and narrowed their eyes as they looked at those mythical beasts that were roaming about.

“If Taotie were here, I reckon he could have another delicious meal.” Shen Yanxiao touched her chin and felt rather regretful. Due to the fact that they were wary of the Broken Star Palace’s array against magical beasts, they did not dare to release their mythical beasts. In fact, they did not even have to summon all the mythical beasts on their side. Shen Yanxiao only had to release Taotie and those mythical beasts would immediately become his meal.

“High-level magical beasts are no match for Freud and the rest. But those few mythical beasts might cause great harm to the advanced-ranked demons. It’s not a good idea to leave them be.” Qi Xia said thoughtfully.

“Are the few of you interested in exchanging blows with those mythical beasts?” Shen Yanxiao chuckled. As she looked at those few mythical beasts, her eyes flickered with a glint of fighting spirit.. She had fought with many people in the past, but she had never fought against a mythical beast.

Chapter 1667: Destruction of the Broken Star Palace (2)

“Sure.” Tang Nazhi chuckled. He had yet to fight against a mythical beast after he broke through to the second class promotion. At this point, ordinary opponents were too weak against his heavy sword.

Shen Yanxiao’s suggestion piqued their interest, and Lan Fengli immediately followed them into the battlefield.

Shen Yanxiao looked at Xiu and blinked. “Xiu, I’ll leave those two Saint Professionals to you, okay?”

Shen Yanxiao had personally witnessed Xiu torturing a Second-Class Expert like an ant, so she was curious as to what would happen if Xiu fought against two Saint Professionals.

“Sure.” He gave a faint reply without any fluctuation in his voice. Be it a Second-Class Expert or a Saint Professional, they were all ants crawling under his feet.

Shen Yanxiao smiled. With Xiu’s promise, she could fight freely.

The intensity of this war between advanced-ranked demons and Second-Class Experts had far exceeded any previous altercations. Every single one of them was terrifyingly powerful. This was a battle between the strongest humans and the strongest demons. Countless spells lit up the entire battlefield and the sounds of fighting could be heard incessantly.

Sage Long and Sage Yu stood at the back and did not participate in the war. From their point of view, a demon without a magical beast to rely on was not a match for the members of the Broken Star Palace. The only one worthy of their attention was Shen Yanxiao’s holy beast, Taotie. However, after the battle began, Shen Yanxiao and the rest did not seem to have any intentions to summon their magical beasts. Therefore, these two arrogant people decided to stay at the back and enjoy the incoming destruction of Shen Yanxiao’s army.

“That Shen Yanxiao is rather crafty. She knew that we have a special array to deal with magical beasts, so she did not summon a single magical beast.” Sage Long’s expression softened. He hated Shen Yanxiao to the bone. He could not wait for Shen Yanxiao to summon both her magical beasts so that he could capture them in one fell swoop.

Unfortunately, the enemy was too crafty and did not give him the chance to do that.

“That little kid is only good at talking. If we were to fight, we can easily find a few Great Professionals of the second class promotion to take care of her. Remember to tell them not to immediately kill Shen Yanxiao after we capture her. We still have to give Sir Ouyang face. But still, that little girl’s mouth is very annoying. After we capture her, I will definitely knock out all her teeth.” Sage Yu gnashed his teeth. As a peak human expert, when had they ever suffered such humiliation? Even if they could not kill Shen Yanxiao, they would torture her and make her life feel worse than death.

Just as they were discussing how to deal with Shen Yanxiao, an elegant figure suddenly appeared behind them.

Both of them were the strongest existences among humans, so their perception of danger was far more sensitive than others. In the face of this danger, they immediately jumped away from their original position and cautiously looked at the white-robed man who had appeared behind them at some point in time.

“Who are you?” Sage Long narrowed his eyes as he looked at Xiu who stood three steps away from them. Previously, he already felt that this mysterious man’s aura was somewhat frightening. And now that he was standing close to them, he could clearly sense a suffocating pressure enveloping him.

Even their Palace Master did not have such a suffocating aura.

There was such a mysterious expert in the Brilliance Continent?

Xiu stood in the air, and his long black hair fluttered in the wind.. He lowered his eyes and looked down at the two Saint Professionals who were solemnly waiting for his answer.

Chapter 1668: Destruction of the Broken Star Palace (3)

On the battlefield, Shen Yanxiao soon found her target.

It was an incomparably huge mythical beast. It was as large as a small hill, and its entire body was pitch-black with countless tentacles attached to it. It crawled on the ground, and its thick tentacles continuously whipped around. The advanced-ranked demons near it barely managed to dodge its tentacles. In the face of such a mythical beast, even advanced-ranked demons did not dare to withstand its attacks.

“A Modo Beast, I didn’t expect to see such a disgusting creature here.” Vermilion Bird, who was crouching in Shen Yanxiao’s body, also noticed the existence of this huge beast.

“Is that thing very powerful?” Shen Yanxiao asked.

“It’s harder to deal with. Be careful.” Vermilion Bird spoke in a muffled voice. If he could come out, he could use his aerial advantage to defeat this mythical beast.

Even though the Modo Beast was huge, its movements were rather slow. Vermilion Bird’s agility in the air could completely avoid its tentacles, but unfortunately... Vermilion Bird could not participate in the battle.

“I’ll give it a try.” Shen Yanxiao chuckled.

The Modo Beast was a mythical beast with high HP and high defense. Even though its reputation was not as great as Vermilion Bird and the rest, its disgust factor was not inferior to Vermilion Bird and the rest. The Modo Beast’s attacks were terrifying. Other than whipping, it could also use its tentacles to wrap people up and fling them away. Its tentacles had thin barbs, and if it were to catch someone, it would pierce them to death if they did not die instantly. The destructive power of the Modo Beast’s tentacles was extremely high; even knights with thick skin and high defense would not dare to confront it head-on.

Fortunately, the Modo Beast did not have any magical attacks. All the damage it could inflict on its enemies came from its tentacles.

It could be said that the Modo Beast was a melee-type mythical beast, and it was absolutely not Vermilion Bird’s opponent in a one-on-one fight. However, if such a meat grinder was placed on a battlefield, its lethality would be infinitely magnified.

Shen Yanxiao was well aware that she should never approach such a melee-focused mythical beast. In the midst of the chaos, she found a relatively concealed high ground and took out a longbow from her interspatial ring. Five arrows were immediately loaded on her bow.

Du du du!

Five arrows flew towards the Modo Beast’s tentacles at lightning speed. Each arrow was comparable to a destructive explosive arrow and in the blink of an eye, Shen Yanxiao pierced through its five tentacles. The arrows with strong corrosive properties immediately caused a corrosive effect on the wound. The wound then slowly expanded bit by bit, directly severing the five tentacles.

The injured Modo Beast released an angry roar. After it noticed that Shen Yanxiao was the one who fired those arrows, a tentacle stretched out and whipped towards her.

Shen Yanxiao immediately leaped.

With a bang, the thick tentacle struck the rock wall and a huge crack appeared where Shen Yanxiao stood.

The Modo Beast’s movements were slow, so it was impossible for it to capture Shen Yanxiao who had nimble hands. Shen Yanxiao was like a leaping elf as she constantly changed her position. However, the arrows in her hands did not stop as they continued to shoot towards the Modo Beast one after another, forcefully using the advantage of distance to inflict heavy damage on it!

The members of the Broken Star Palace soon discovered Shen Yanxiao's whereabouts.. They immediately wanted to encircle and suppress her, but the advanced-ranked demons on the battlefield would not give them such an opportunity.

Chapter 1669: Destruction of the Broken Star Palace (4)

Those who wanted to approach Shen Yanxiao were all stopped by the advanced-ranked demons.

As Shen Yanxiao gradually pushed the Modo Beast into a corner, Tang Nazhi, Qi Xia, Yang Xi and Lan Fengli each had their own gains.

Among them, Lan Fengli had the greatest gains.

Shen Yanxiao had to consider the characteristics and weaknesses of the mythical beasts to fight against them, but Lan Fengli's method was rather simple and crude.

Be it a long-range-focused mythical beast or a melee-focused mythical beast, he could withstand the dense attacks and pounce towards those huge bodies. Without any sharp blades or swords, he directly penetrates the tough flesh of the mythical beasts with his hands and forcefully tore open their wounds.

That slender yet determined figure soon became the nightmare of the Broken Star Palace.

The moment Lan Fengli tore a wound, he plunged into the mythical beast's body without any hesitation and caused the most intense damage internally.

In less than half an hour, two mythical beasts had been torn into pieces by Lan Fengli.

Lan Fengli, who was soaked in blood, looked like a demon from hell. His body was soaked in blood, but his eyes were so cold that it made people shiver. Anyone from the Broken Star Palace who wanted to attack him would be torn into two by Lan Fengli before they could do anything.

"F*ck, it's been a long time since I've seen little brother Feng's skill of tearing people apart with his bare hands. It seems like he's still as savage as ever." Tang Nazhi saw dead bodies lying by Lan Fengli's feet from afar. None of those bodies were intact with large amounts of blood staining the ground beneath Lan Fengli's feet. That scene was terrifying.

The war continued, but what the Broken Star Palace expected did not happen.

The advanced-ranked demons did have magical beasts to assist them, so their numbers far exceeded those of the demons. However, there were thousands of demons that were war machines that Xiu had personally trained. Under their leadership, the freshly recruited advanced-ranked demons formed a close collaboration with them. By attacking in groups of twos and threes, they could completely eliminate a group that was twice their number.

The individual strength of the Broken Star Palace was powerful, but those experts were fighting on their own. There were no signs of cooperation. Even if they were forced to gather together, they would fight

on their own. In such conditions, they could not compete with the demons that cooperated together well.

Their advantage was soon disrupted by the demons, and a large number of casualties began to appear in the Broken Star Palace's side.

The few mythical beasts had been restrained by Shen Yanxiao and the others, so they could not provide any effective support. As for the high-level magical beasts, they could not even withstand a single blow from advanced-ranked demons. The Broken Star Palace, who had little combat experience, began to be crushed by the demons.

Sage Feng was shocked as he stood among the crowd. He did not expect the demons to be so powerful.

The Broken Star Palace's army was filled with experts that had gone through second class promotion and they had even brought along their magical beasts. Yet, they could not defeat the demon army. That was simply unbelievable!

In a one-on-one fight, the members of the Broken Star Palace might be able to fight against the demons. They might even be able to gain the upper hand with the help of their magical beasts.

However, once the demons cooperated, regardless of whether they were facing an equal number of experts or more, they could use their mutual cooperation to kill their enemies!

War could never rely on individual strength. On the battlefield, the cooperation between comrades was the best weapon to kill the enemy!

Chapter 1670: Destruction of the Broken Star Palace (5)

Sage Feng was shocked by what he saw. He hastily turned around to look for Sage Long and Sage Yu. If the two Saint Professionals did not take action, the Broken Star Palace would be doomed.

However, when Sage Feng turned to look at the rear, he was stunned.

The two Saint Professionals who stood at the back of the group had been lifted into the air by a slender and handsome figure.

Their four limbs seemed to have been broken as they dangled listlessly. Large amounts of blood continuously dripped down from their bodies.

Clearly, they were all dead!

"How is this possible?" Sage Feng trembled as he looked at the two corpses in Xiu's hands. He could not believe his eyes.

Two Saint Professionals had died in the hands of a mysterious man just like that!

The tragic deaths of Sage Long and Sage Yu had crushed Sage Feng's confidence.

There was someone so powerful in Shen Yanxiao's camp?

Saint Professionals could be said to stand at the peak of the Human race. With the exception of existences similar to the God race, Saint Professionals were the strongest. The entire Brilliance Continent had recuperated for nearly ten thousand years after the war between gods and devils, but only two Saint Professionals had appeared. From that, it could be seen how difficult it was to break through to Saint Profession.

However, such a powerful realm that could make people tremble had turned into nothingness under that mysterious man's hands.

There were no struggles, no life-and-death battles—the two Saint Professionals just died without a sound.

If Sage Long and Sage Yu had died from exhaustion after battling with that mysterious man, Sage Feng would not be so shocked. However, what happened before his eyes was unbelievable.

Just like that...

Died without a sound?

Looking at that mysterious man's cold expression and his white robes without a single trace of blood, Sage Feng could practically imagine the scene of the two Saint Professionals being sent to hell before they could even withstand a single blow from that mysterious man.

How powerful was he?!

Xiu floated in the air and looked at the two guys who had stopped breathing. He casually threw their bodies out from the sky.

In the blink of an eye, Sage Long and Sage Yu who were covered in blood were thrown onto the battlefield.

The members of the Broken Star Palace who were fighting with the advanced-ranked demons suddenly saw a black shadow flying towards them and they immediately dodged to one side.

With a bang, a bloody corpse was thrown in front of them.

It was a face filled with shock and fear. It was obvious that the scene before their death caused the deceased's expression to freeze at the last moment.

"Sage Long..." The members of the Broken Star Palace looked at the corpse in disbelief.

Wasn't he one of the two Saint Professionals in their Broken Star Palace, second only to the Palace Master?

A moment ago, Sage Long was still giving orders for them to attack. However, in a short span of more than half an hour, he had turned into an ice-cold corpse. His lifeless eyes were dim and lightless, but they were like two huge black holes that transmitted fear and panic to all the members of the Broken Star Palace.

"Sage Long is dead? How is that possible?" Members of the Broken Star Palace could not believe it. The Saint Professional that was so powerful had died just like that?!
