

The Good 1691

Chapter 1691: Number One Person of the Brilliance Continent (3)

Since Shen Yanxiao had yet to speak, Sage Feng could only force himself to say.

“My Lord, why have you summoned me?”

Shen Yanxiao propped her chin and looked at Sage Feng who was sweating nervously. “There’s something I need you to do.”

“Please give me your orders, my Lord,” Sage Feng said carefully.

“Make another trip to the four countries and invite them to the ‘Broken Star Palace’ as guests in the name of the Broken Star Palace.” Shen Yanxiao revealed a nasty smile.

Sage Feng was stunned.

Shen Yanxiao wanted the rulers of the four countries to visit the Broken Star Palace?

However, hadn’t the Broken Star Palace been moved to Dim City?

Even though he was filled with doubts, Sage Feng did not dare to utter a single word and could only nod.

“You can go down now,” Shen Yanxiao said.

Thus, Shen Yanxiao invited them to recuperate in Sun Never Sets for the time being. It would not be too late to return once their injuries were healed.

After Shen Yanxiao returned, she had asked Shen Siyu about her condition.

Every bloodline in her had seven layers of seal suppression. and her elvish bloodline had just recently awakened. A large part of the reason for her transformation was because she already innately possessed the elvish bloodline. This was something she was born with and not something that was infused in her. Even without the seal, she could freely switch between her human form and elf form, just like Wen Ya back then.

However, the dragon bloodline in her body was different. The dragon bloodline in Shen Yanxiao’s body was forcefully infused into her body by a Warlock using forbidden magic. Even though it had fused together, it was not innate.

Therefore, the seal Shen Siyu left in Shen Yanxiao’s body had great suppressive effects on the dragon bloodline.

Unless she removed all seven layers of the seal, it was practically impossible for Shen Yanxiao to become a real dragon.

Shen Yanxiao subconsciously touched the dragon scale on her neck. Rumor had it, there was a palm-sized scale under each dragon’s neck that was shaped like a crescent moon, and it was the reverse scale. No matter how good-tempered a dragon was, once their reverse scale was touched, they would immediately radiate boundless dragon might like a volcanic eruption.

And on her neck was her reverse scale.

To undo the seal on her dragon bloodline, Shen Yanxiao had to go to the Dragon Continent. However,

even Shen Siyu did not know where the Dragon Continent was. Thus, Shen Yanxiao's remaining hope was Qian Yuan and the other four dragons.

Shen Yanxiao wanted to build a good relationship with them while they recuperated in Sun Never Sets. Otherwise, the dragons would never take her to the Dragon Continent.

Chapter 1693: Number One Person of the Brilliance Continent (5)

The leaders of the four countries had recently encountered something extremely depressing.

Not long after Shen Yanxiao extorted them, they received an invitation from the Broken Star Palace.

In less than a month's time, the Dages of the Broken Star Palace had visited one by one from the capital of the four countries, with only one message.

Their Palace Master wished to have a "chat" with the rulers of the four countries.

Even though the four countries had contact with the Broken Star Palace, it was only limited to meeting with a few Sages. However, going to the Broken Star Palace... not to mention them, none of their predecessors had personally gone there.

If the Broken Star Palace had previously sent an invitation to the four countries, the rulers of the four countries would have certainly prepared generous gifts to pay them a visit. However, the situation was different now!

They had only met Shen Yanxiao a while back, and turned their hostility into friendship. But now, the Broken Star Palace wanted to invite them for a 'chat'!

The Broken Star Palace and Shen Yanxiao were mortal enemies!

This 'chat' would probably have something to do with them.

After Sage Feng left, the rulers of the four countries trembled like quails. They gathered all their wisdom bags together and started an intense discussion about whether they should go or not.

Go ahead. Life and death are unknown, and there's a ninety percent chance of bad luck.

However, if they did not go, they would certainly die. They would be ignoring the Broken Star Palace's Palace Master's 'invitation'. Such an act of not giving them face was enough for them to die millions of times.

In the end, the four countries made a consensus. There was still a 10% chance that they could survive. It was better than 100% dying, right?

With the mentality that they would very likely be beaten up by the Broken Star Palace, the rulers of the four countries ordered their subordinates to prepare the best treasures they could plunder in the country. No matter what, they had to prepare enough presents so that the Broken Star Palace could relieve their anger.

The Emperor of the Longxuan Empire wanted to bring some experts and troops to bolster his courage, but Prince Long Yue's words dispelled that thought.

"Even if we bring every single soldier in the country with us, the people the Broken Star Palace wants to kill won't be able to escape. Besides, bringing our soldiers will only infuriate them." Long Yue had matured steadily after several incidents, and he gradually had the foresight and wisdom of a king. Ultimately, the rulers of the four countries only brought a small group of men and horses to transport the presents.

As for why they did not use interspatial rings, it was to show that they had brought a lot of items along.

The visual impact of dozens of carriages was naturally larger than a small interspatial ring.

Sage Feng waited for the rulers of the four countries at the intersection.

Seven days later, the entourages of the four countries appeared outside this small teahouse.

The four countries that had been fighting against each other for thousands of years had become ants on a rope.

Other than the Emperor himself, State Master Pei Yuan had also come with the people of the Longxuan Empire. Long Yue wanted to follow, but he was rejected by the Emperor.

If the Broken Star Palace really wanted to deal with them, their trip would certainly end in a disaster. He could die because the crown prince of the Longxuan Empire had grown up to be independent. As long as Long Yue was still alive, the Longxuan Empire would not fall into chaos.

The king of the Blue Moon Dynasty was even more efficient than the Emperor of the Longxuan Empire. Other than the accompanying troops, he did not even wear a single official or prince.

On the other hand, the Elders of the Elders Council of the Seventh Kingdom and the members of the Brotherhood Alliance were all present. The Broken Star Palace had invited all the rulers of the four countries, so the top echelons of the Seventh Kingdom and the God Wind Alliance had to appear..

Chapter 1694: Number One Person of the Brilliance Continent (6)

The rulers of the four countries alighted from their carriages outside the teahouse. The group of people looked at each other and found traces of nervousness in each other's eyes.

"Why is the Broken Star Palace looking for us?" An Elder from the Seventh Kingdom could not help but ask.

Unfortunately, no one from the other three countries could answer their questions.

Let's hope it's a blessing, and not a calamity. We can't avoid a calamity. Perhaps we have taken the wrong path from the very beginning. Right now, we have no choice." Long Fei sighed. Long Fei's words made everyone fall into deep thought.

If they had not accepted the Broken Star Palace's instigation, it would at most have made the Broken Star Palace unhappy. However, they had accepted it and lost. Moreover, after the whole debacle, they were not Shen Yanxiao's opponents and could only accept her extortion. And now, they were not the Broken Star Palace's opponent and could only accept their threat.

The rulers of the four countries were not having a good time as they were stuck between the two forces. "Go on in." The King of the Blue Moon Dynasty spoke and took the lead to enter the small teahouse.

In the teahouse, Sage Feng quietly sat by the table and drank his tea. The attitude of this otherworldly expert was unpredictable. Seeing this, the rulers of the four countries felt even more hopeless.

'Where was the Broken Star Palace?

No one seemed to know where their destination was. They only wanted to know if they could return alive.

"Sage." The thirteen rulers spoke respectfully, but Sage Feng acted as if he did not hear them. He lowered his eyes and looked at the teacup in his hand.

The rulers of the four countries did not receive any response and felt even more terrified.

Since the Broken Star Palace had adopted such an attitude, they were probably doomed.

In reality, they were thinking too much!!

Sage Feng was not trying to intimidate them. He was thinking about his problem.

He was constantly worried that Shen Yanxiao would retaliate if he were to surrender to her. This expert who was good at playing mind games had been thinking about how he could express his loyalty to Shen Yanxiao so that she would not have the intention to kill him.

He was so deep in thought that he did not even hear the greetings of the rulers of the four countries.

The silence in the small teahouse made the rulers of the four countries uneasy. They did not dare to "disturb" the Sage and could only stand on one side in a daze. Their hearts were about to jump out from their mouths.

An hour later, Sage Feng finally thought of a method to display his loyalty. All of a sudden, he slammed the teacup on the table.

With a bang, the rulers of the four countries were like birds startled by the mere twang of a bow. They looked at the Sage who had suddenly 'exploded' with a pale complexion.

Oh no!

'Were they going to die here today?

Could it be, the Broken Star Palace intended for them to die along the way?

The rulers of the four countries wanted to cry. Many of them were so frightened that their legs turned soft.

In the face of the Broken Star Palace that could influence the entire Brilliance Continent, these so-called kings were merely ants.

“Sage... Sage, please spare my life...” Elder Wen directly fell to the ground. He had been repeatedly frightened during this period and his heart could not take it.

Sage Feng turned around and discovered that the rulers of the four countries had already arrived at the teahouse.

However, their expressions were extremely ugly, as if they were about to suffocate to death.

Sage Feng frowned. He was afraid of Shen Yanxiao and the powerful god behind her. However, the rulers of the four countries were as insignificant as stones on the side of the road in his eyes..

Chapter 1695: Number One Person of the Brilliance Continent (7)

Sage Feng swept across everyone present and after ensuring that all the rulers of the four countries were present, he stood up and said. “Since everyone is here, follow me.”

He wasn’t going to kill them?

The rulers of the four countries were secretly relieved.

Sage Feng prepared a carriage and led the carriages of the four countries towards their destination.

However, as the journey continued, the rulers of the four countries increasingly felt that something was amiss. They were getting closer and closer to the border of the Forsaken Land, and they were about to enter Shen Yanxiao’s territory. At this moment, they were puzzled.

They knew that the Broken Star Palace was at odds with Shen Yanxiao. So their destination should be the Broken Star Palace, but why did the Sage bring them to the Forsaken Land?

When the carriages entered the Forsaken Land, the rulers of the four countries felt even more complicated.

“State Teacher, what is the Broken Star Palace up to? Why are they bringing us to the Forsaken Land?” The Emperor of the Longxuan Empire sat in the carriage and looked at Pei Yuan in confusion.

“There are only two possibilities. The first possibility is that the Broken Star Palace is hiding in the Forsaken Land. The second possibility is that they want us to go to Sun Never Sets and fall out with Shen Yanxiao to make our stand clear.” Pei Yuan could only come up with these two conclusions after much thought.

“The Broken Star Palace is in the Forsaken Land? That’s impossible.” The Emperor felt that the possibility of the former being true was extremely low.

“Not necessarily. The Broken Star Palace has always been well hidden, and no one knows their exact location. The Forsaken Land has always been our restricted area and very few people would enter. However, Shen Yanxiao is the first and only person to reclaim the Forsaken Land. If the Broken Star Palace is hidden in the Forsaken Land, Shen Yanxiao’s actions might very possibly expose the location of the

Broken Star Palace. Therefore, it may be because of this reason that the Broken Star Palace has always targeted Shen Yanxiao.” Pei Yuan felt that this was the most likely possibility.

They did not know that Ruan Yingzhe and Shen Duan from the Broken Star Palace had teamed up to deal with the Vermilion Bird Family, nor did they know that Shen Yanxiao had a grudge against them. It was at that time that they first found out that Shen Yanxiao and the Broken Star Palace were at odds with each other. From the moment the Broken Star Palace attacked Shen Yanxiao in the Twilight City, they had never understood why the Broken Star Palace had targeted her.

If Pei Yuan’s guess was correct, then everything made sense.

“Now that you mention it, I think it’s very likely.” The Emperor nodded.

“Also think the second possibility is very low. There’s no need for the Broken Star Palace to mobilize so many people to make us fall out with Shen Yanxiao. To be honest, our four countries are of no importance in the Broken Star Palace’s eyes.” Pei Yuan forced a smile.

As the carriages moved forward, the entourages of the four countries moved towards the center from the border of the Forsaken Land.

‘Their target was not Sun Never Sets. And as soon as they strayed away from the path to Sun Never Sets, Pei Yuan was sure that his first guess was correct.

Ten days later, the carriages of the four countries stopped in front of a main city in the Forsaken Land.

Dim City, one of the five main cities in the Forsaken Land.

It was also a city Shen Yanxiao had conquered.

‘When the rulers of the four countries saw this main city, their faces turned black.

This city belonged to Shen Yanxiao a long time ago. Even if the Broken Star Palace wanted to hide, it should not be this city. Otherwise, both sides would have already started fighting long ago..

Chapter 1696: This World is a Fantasy (1)

Standing outside Dim City, the rulers of the four countries had different expressions.

As if he did not notice their strangeness, Sage Feng entered the city.

The rulers of the four countries looked at each other, as if they were waiting for the other party to take action.

It was not until Sage Feng entered the city that the rulers of the four countries braced themselves and followed.

They were even more confused about the current situation!

The Broken Star Palace had invited them to a city that Shen Yanxiao had occupied.

No matter how they thought about it, they felt that something was amiss.

However, in front of the Broken Star Palace, the rulers of the four countries did not dare to utter a single word. They could only obediently follow Sage Feng.

Shen Yanxiao had spent a large sum of money to build this city, making it not inferior to Sun Never Sets. However, there were much fewer people and demons here.

‘As they walked on the streets, only a few advanced-ranked demons that passed by would occasionally look at them with curiosity. But very soon, they went back to their work.

In Dim City, there was a tall building that was located on the east side of the city.

Under the confused looks of the rulers of the four countries, Sage Feng walked to the huge building and knocked on the locked door.

‘They arrived just like that?’

The rulers of the four countries were somewhat dumbstruck. They had tried to figure out the location of the secret base of the Broken Star Palace along the way, but it had been concealed for nearly ten thousand years, so the location of the base of the Broken Star Palace must be very hidden. Even if they entered the Forsaken Land, they believed that the Broken Star Palace was either built in a deserted place or directly underground.

However, what was with this extremely eye-catching skyscraper?

The door was opened, and after a while, two Second-Class Experts stood at the entrance with indifference. They did not pay any attention to the rulers of the four countries.

“The Palace Master is already waiting in the hall,” one of the experts said to Sage Feng.

Sage Feng nodded and turned to the nervous rulers of the four countries.

“The Palace Master will personally meet with all of you. I believe I don’t have to explain what you should do.”

“We understand.” The King of the Blue Moon Dynasty nodded. The Palace Master of the Broken Star Palace had never appeared before anyone. They only knew that he was the only human hero that survived the war between gods and devils.

Even though the Broken Star Palace and the God Realm were the two largest organizations in the Brilliance Continent, the God Realm still treated the four countries with respect. The rulers of the four countries had more or less interacted with the Sage of the God Realm, and they knew that the God Realm had always been friendly.

However, the Broken Star Palace was completely different. The Broken Star Palace only gave them deterrence and fear.

Seeing that they were about to meet the Palace Master of the Broken Star Palace, the rulers of the four countries were increasingly nervous. Even until now, they had yet to guess why the Palace Master wanted to talk to them and why the Broken Star Palace was located in Dim City.

Countless questions piled up in their hearts, but the fear made it hard for them to breathe.

If they were not careful, they might all die here.

Sage Feng nodded in satisfaction and turned around to lead the rulers of the four countries into the hall.

‘When they passed through the main hall, the rulers of the four countries had their heads lowered. They did not dare to look around, fearing that they would be rude and bring about a disaster.

Finally, they arrived at the main hall. Sage Feng stopped in his tracks and so did they..

Chapter 1697: This World is a Fantasy (2)

With one hand under her chin, a certain someone seated in the hall smiled as she looked at those rulers who did not even dare to raise their heads. Her eyes were filled with teasing.

“Everyone, why are you so nervous? Men, bring some chairs for the rulers of the four countries.”

A pleasant female voice sounded in the hall.

That voice caused the rulers of the four countries to tremble.

The Palace Master of the Broken Star Palace was a woman!!

This fact caused them to be so shocked on the spot that they practically could not believe their ears.

Long Fei frowned as he stood in the crowd. He felt that the voice sounded familiar, but it was too rude to lift his head, so he still lowered his head like everyone else.

Dozens of people from the Broken Star Palace carried chairs and placed them in the hall.

However, none of them dared to move a single step.

Sit?

What a joke!

How would they dare to sit down in front of the Palace Master?

“We are flattered by the Palace Master’s kind intentions. How are we fit to sit in front of the Palace Master? It’s... better to stand.” The King of the Blue Moon Dynasty carefully said.

God knew if this was the test the Palace Master gave them. If they were to sit down, wouldn’t it seem like they did not care about the Broken Star Palace?

Wouldn’t that be an excuse for the Broken Star Palace to kill them?

No way!

They would never sit down!

A certain someone seated on the throne looked at these frightened people, not knowing whether to laugh or cry.

Who would have expected that the rulers of the four countries did not even dare to raise their heads and breathe loudly in front of her? She had asked them to sit down with good intentions, but they acted as if they were afraid that she would eat them up.

Acertain someone touched her chin in ponderment. She had always believed that she was considered adorable.

“Is my face that ugly? You don’t even dare to look at me?” A teasing voice echoed in the hall.

The rulers of the four countries shivered.

How could they dare to think that she was ugly?

No matter how stunning her appearance was, they would only treat her as a fairy. How could they dare to say anything bad about her?

How unjust!

“The Palace Master is a rare beauty in this world. We... we are lowly people, so we dare not tarnish the Palace Master’s peerless appearance.” The Emperor of the Longxuan Empire was covered in cold sweat, but he was smiling bitterly inside. This Palace Master of the Broken Star Palace was too unpredictable! She invited them to sit down and asked them to raise their heads. All these actions were disrespectful!

They did not want to die!

Please let them go!

Acertain someone’s eyes flashed with displeasure when her good intentions were repeatedly rejected.

“If you like the floor of my Broken Star Palace so much, I don’t mind having someone dig out your eyeballs and insert them into the floor so that you can have a good look.”

The sudden chill caused the temperature in the hall to drop.

Sage Feng, who stood in front of the rulers of the four countries, wished he could chop off their heads. How dare they reject their Palace Master’s kind intention? Are those idiots tired of living? Acertain someone’s threat immediately took effect. The group of people trembled, and they immediately raised their heads and looked at that slender figure in the hall in horror.

With a single glance, everyone was stunned on the spot. The rulers of the four countries stared at that slender figure with their mouths agape as their minds exploded in an instant.

Who could tell them that this was not true!

This world was a fantasy!

Chapter 1698: This World is a Fantasy (3)

In the main hall, Shen Yanxiao was wearing a white robe with her legs crossed. She propped her chin with one hand and looked at the group of petrified people with a smile.

“Everyone, it has been a long time since we met. Why are you so surprised to see me? Have I become ugly?” Shen Yanxiao said with a wicked look.

The rulers of the four countries were completely dumbstruck.

Never in their wildest dreams would they expect that the Palace Master of the Broken Star Palace was... was Shen Yanxiao!!

'Were they dreaming?

She remembered that Sage Feng incited them to start a war against the Forsaken Land some time ago. Why was the leader of the Broken Star Palace and the Forsaken Land the same person?

'What was she just playing with them?

Asking them to attack her territory?

Had Shen Yanxiao gone crazy, or had they gone crazy?

The rulers of the four countries were shocked by the reality in front of them. They felt as if they were in a dream. A few of them had secretly pinched their thighs, and cried from the pain.

"Palace... Palace Master." The Emperor of the Longxuan Empire finally found his voice with great difficulty.

"We pay our respects to the Palace Master." The King of the Blue Moon Dynasty was the calmest. The moment he came back to his senses, he took the lead and knelt on the ground.

Following him, the people behind him uniformly knelt before Shen Yanxiao. She could vaguely see that some of them were still trembling.

Among them, Elder Wen from the Seventh Kingdom was the most affected.

"Please get up. I am considered an old acquaintance of yours. I called you here today because I have something to say to you. Please take a seat. You don't have to be so formal." Shen Yanxiao smiled and said. Her tone was like a spring breeze and could not be more gentle.

However, even if Shen Yanxiao used her spring-like voice to infect everyone, none of the rulers dared to relax.

They moved to the chairs cautiously and sat down stiffly. Each and every one of them had an extremely bitter expression as if they were sitting on pins and needles.

Long Fei looked at Shen Yanxiao in shock.

"Big Brother Long, long time no see. How have you been?" Shen Yanxiao looked at Long Fei with a smile. Among the group, only Long Fei had some friendly relations with her.

Even though Long Fei could not stop the God Wind Alliance from attacking the Forsaken Land, he had firmly blocked his mercenaries from joining the battle. Otherwise, the number of people the God Wind Alliance would have sent to attack Sun Never Sets would increase by another hundred thousand.

After the war, Long Fei also sent someone to deliver a batch of supplies. Along with those supplies, there was also a letter written by Long Fei. The letter was filled with his guilt towards Shen Yanxiao and statements about him no longer being fit to be her brother.

However, Shen Yanxiao did not blame Long Fei. He had already done what he could, and she was well aware of his personality.

Long Fei opened his mouth with a trace of bitterness in his eyes. He was filled with guilt towards Shen Yanxiao.

“Not bad. Thank you, Xiaoxiao, for your concern.” Shen Yanxiao calling him “Big Brother” made Long Fei feel complicated. He felt guilty, remorseful, powerless to redeem himself, so he was touched by Shen Yanxiao’s act of closeness.

He did not help Shen Yanxiao much, but she was still willing to acknowledge him as her brother. He owed her too much.

If Shen Yanxiao was still the city lord that only controlled one city, it would have been perfectly normal if she wanted to get closer to him. However, Shen Yanxiao’s current status was beyond his reach and yet, she did not despise him. For Long Fei, this was very touching.

Chapter 1699: This World is a Fantasy (4)

Among all the rulers, probably only Long Fei could talk to Shen Yanxiao.

The others could obediently sit there, not daring to utter a single fart.

Long Fei supported Shen Yanxiao from the very beginning and opposed the four countries sending troops.

‘They were all aware of that. For that reason, the other leaders of the mercenary groups in the God Wind Alliance had no lack of arguments with Long Fei.

At that time, in their eyes, Shen Yanxiao was incapable of contending against the Broken Star Palace, and they did not want to attract trouble.

But now.

The leaders of the God Wind Alliance had the urge to die!

Nevermind their defeat, nevermind her extortion.

Why was the Palace Master of the Broken Star Palace Shen Yanxiao? This fact drove them crazy!

At that moment, they were filled with regret. They regretted not standing on the same side as Long Fei. All of them wanted to reap benefits from the Broken Star Palace, but it was as if they had been blinded by greed. In the end, they were utterly defeated.

Almost at the same time, the other four leaders of the God Wind Alliance reached a consensus. No matter what, they must build a good relationship with Long Fei in the future.

With Long Fei as their guarantee, Shen Yanxiao would not make things difficult for them.

The title of Lord of the Forsaken Land was already a huge headache for them. Now that Shen Yanxiao had become the Palace Master of the Broken Star Palace, they should just hang themselves if they were to go against her again.

At the very least, there was Long Fei in the God Wind Alliance who was on good terms with Shen Yanxiao. The other three countries were the ones suffering the most.

The Blue Moon Dynasty was considered good. Even though they had some conflicts with Shen Yanxiao, when Shen Yanxiao visited the imperial capital, the King had the best attitude and listened to her.

As for the Seventh Kingdom, it was a tragedy. The God Wind Alliance had Shen Yanxiao's big brother, but the Seventh Kingdom had Shen Yanxiao's sworn enemy!

Ever since the first day Elder Wen met Shen Yanxiao, he had made things difficult for her in the open and in the dark. After he returned to the Elders Council, he had even badmouthed Shen Yanxiao to the other six Elders. It could be said that Elder Wen and Shen Yanxiao were at odds from the start, and this was practically a well-known fact.

At that moment, Elder Wen wanted to shrink himself into a ball, wishing that there was a hole for him to crawl into. The members of the Elders Council who sat by his side were all looking at Elder Wen with furious and condemning gazes. If not for the fact that they did not dare to cause a ruckus in front of Shen Yanxiao, these six old men would probably pounce over and devour Elder Wen.

This idiot!

He had been telling them how despicable, shameless, and incorrigible Shen Yanxiao was. When Sage Feng joined hands with the four countries, Elder Wen was the one jumping around the most. If it were not for Elder Wen's extreme misdirection, the other six Elders would not have been so disgusted with Shen Yanxiao.

But now, disliking Shen Yanxiao? What right did they have to dislike Shen Yanxiao?

The Forsaken Land alone was enough to overwhelm them. Now, there was the Broken Star Palace. Shen Yanxiao could crush them with one finger!

How regretful!

The six Elders cursed Elder Wen's eighteen generations of ancestors in their hearts.

They had seen many stupid people, but they never seen someone this stupid.

Why did he have to provoke Shen Yanxiao?

Now that the God Wind Alliance was under Long Fei's protection, this sudden change was probably not a big deal. But what about their Seventh Kingdom?

Coupled with the fact that Elder Wen had caused trouble for Shen Yanxiao in Twilight City, the six eEders felt that their time was up..

Chapter 1700: This World is a Fantasy (5)

In fact, the Emperor of the Longxuan Empire was the one suffering the most.

No one wanted to die more than him!

Who was Shen Yanxiao?

The young miss of the Vermilion Bird Family!

What was the Vermilion Bird Family?

One of the five great aristocratic families of the Longxuan Empire!

Shen Yanxiao was from the Longxuan Empire from the very beginning!

However, looking back on the past, the Emperor of the Longxuan Empire had been extremely harsh on Shen Yanxiao.

He gave her the most difficult city to develop. Additionally, he did not give her a single soldier or any funds. He even sent someone to enjoy the fruits of her labor after Sun Never Sets was completed, forcing Shen Yanxiao to detain Prince Long Yue and State Master Pei Yuan.

It could be said that the Longxuan Empire had forced Shen Yanxiao out bit by bit.

She was forced to leave the Longxuan Empire and become a king.

If the Emperor had not mistreated Shen Yanxiao and instead provided her assistance and support according to the rules, she would not have repaid kindness with ingratitude given her personality. In that case, the Forsaken Land would still belong to the Longxuan Empire and the Broken Star Palace would become the Longxuan Empire's greatest support.

But now.

The Emperor of the Longxuan Empire no longer dared to think about it.

If he did not seek death, he would not have died. It was entirely his own fault that he, the Emperor of the Longxuan Empire, had fallen to such a state.

He had forced a powerful force of the Longxuan Empire out of the Longxuan Empire and forced Shen Yanxiao, who could make the Longxuan Empire the number one country in the Brilliance Continent, away.

Everything was his own fault.

If not for his prejudice against Warlocks, none of this would have happened.

Unfortunately, all of this had become a fact. Even if the Emperor of the Longxuan Empire regretted his decision, he could not change it.

The rulers of the four countries had their own thoughts. Except for Long Fei, everyone wished they could slap themselves to death.

Shen Yanxiao appreciated the bitter expression of the rulers of the four countries and felt satisfied deep down.

“Do you remember the promise I made when I went to the capital?” Shen Yanxiao slowly asked.

The rulers of the four countries were stunned. The people from the Seventh Kingdom and the God Wind Alliance looked at the people from the Blue Moon Dynasty and the Longxuan Empire that Shen Yanxiao had personally visited.

What did Shen Yanxiao promise?

The King of the Blue Moon Dynasty was stunned, and so was the Emperor of the Longxuan Empire.

All of a sudden, they remembered that Shen Yanxiao once said that if the Broken Star Palace could no longer hinder them, would they be willing to support her?

That memory shocked the leaders of both countries.

They looked at Shen Yanxiao in shock.

“Palace Master... are you saying that the Broken Star Palace...” The king of the Blue Moon Dynasty stuttered with a twisted voice.

“The Broken Star Palace is now mine. What do you think?” Shen Yanxiao openly revealed the fact that she had seized the Broken Star Palace.

For a moment, the entire hall was silent. Everyone widened their eyes and stared at Shen Yanxiao.

They found it strange from the start. Shen Yanxiao was only fifteen-years-old. How did she become the Palace Master of the Broken Star Palace?

However, Shen Yanxiao’s words had revealed the truth to the world.

She was not the original owner of the Broken Star Palace, but the one who stole it!

As per her previous promise, she had snatched the Broken Star Palace from the Brilliance Continent that had stood at the peak for nearly ten thousand years!

This was practically a legend!

Did the Broken Star Palace really lose to Shen Yanxiao?

The experts of the Broken Star Palace had all surrendered to Shen Yanxiao?!
