Chapter 337: Three Treasures of the Netherworld, Netherworld Fruit

Ignoring the Purple Lightning Cloud Swallowing Beast, Ye Qiu suddenly remembered something very important.

That was the return of the yellow plum blossom.

That's right, that yellow plum blossom had already been given to Lian Feng. According to the system's rules, it would trigger a critical hit return.

Ye Qiu had already received the system notification just now, but he didn't have time to care about it. Now that he reacted, he immediately became excited.

"Hehe... System."

[Ding...]

[You have given Lian Feng a high-grade longevity medicine, Yellow plum blossom. You have triggered a Critical Hit Return. Do you want to activate it?]

"Activate."

Ye Qiu rubbed his fists and waited expectantly. He didn't know what kind of heaven-defying treasure he would receive this time.

The sound of the cold wheel spinning could be heard. Soon, the system's voice sounded again.

[Congratulations, you have received a gift of love, triggering a 100,000-fold Critical Hit Return. You have obtained a cycle in the Netherworld and a heaven-defying Netherworld Fruit.]

[Do you want to receive it?]

As soon as this voice fell, Ye Qiu's expression instantly froze. After an unknown period of time, excitement washed over his heart.

.....

"Netherworld Fruit..."

Ye Qiu accidentally bit his tongue in his nervousness, stimulating his nerves. He ignored the pain and hurriedly suppressed the excitement in his heart, not revealing it.

This was because he knew very well that this Netherworld Fruit had a deep meaning. Just the existence of one could make the entire world go crazy.

This was definitely not a joke. The Netherworld Fruit is a longevity medicine series, and its grade was above the Chaos Green Lotus. It was undoubtedly a heaven-defying treasure. It was even known as the Three Treasures of Netherworld, an existence that even Immortal Emperors would go crazy over.

Ye Qiu couldn't believe that he had actually obtained a Netherworld Fruit this time. He looked up cautiously around the surroundings and remained silent. He didn't directly take out the Netherworld Fruit, but temporarily stored it in the system.

Because as long as it was there, it was impossible for anyone to notice it.

The current him was not strong enough to possess this fruit, so this was the best solution.

"Not yet." Ye Qiu replied seriously.

The system rang.

[Ding...]

[As the host has yet to receive it, the Netherworld Fruit is temporarily stored in the system space.]

"Phew..."

Ye Qiu broke out in cold sweat after taking a deep breath. He was also shocked and very nervous.

Sensing his abnormality, Lian Feng's heart tightened. She didn't know what had happened and hurriedly flew over. Just like Ye Qiu, she carefully observed the surroundings.

"What's wrong?"

She didn't know what happened. She only noticed that Ye Qiu was sweating profusely, as if there was something in the sky that made him afraid. No matter what, she would always stand silently by his side.

Ye Qiu's heart warmed. He suddenly stretched out his right hand and hugged her.

Lian Feng was shocked, but she did not resist. She was very puzzled. What was this guy doing again?

Before she could ask questions, Ye Qiu kissed her face and said excitedly, "Lian'er, you're really my lucky star. I love you to death."

Lian Feng: "..."

What does that mean? What did I do now?? Lian Feng suddenly felt like she was in a mess. She hadn't done anything. How could she be a lucky star? She couldn't figure it out, but after hearing Ye Qiu's words, her pretty face turned slightly red. She pretended to be calm, but she was secretly delighted.

"Oh... This feels really good."

Lian Feng revealed a rare sweet smile. She liked this feeling even more. It was beautiful. Although she didn't know what was wrong with Ye Qiu to suddenly confess like this, she was already used to it.

How could she know what Ye Qiu had just experienced? If she knew, she would probably be scared silly.

"Haha... *Netherworld Fruit, I'm rich this time.*"? On the surface, he was calm, but he was laughing excitedly in his heart. Ye Qiu found it difficult to suppress the excitement in his heart.

This time, he had really profited greatly. He was even more grateful. It seemed like the drop rate of every trap on Lian Feng was especially high. It had almost never failed.

How could he not succeed with such a good wife?

The Netherworld Fruit was extremely important. It might be Ye Qiu's last helping hand on the Monarch's path in the future. It was the key to whether he could become an Immortal Emperor. It might also be the last hope in the despair and helplessness in the future.

Ye Qiu didn't have the strength to eat it yet because the power of the Netherworld Fruit was too terrifying. If he ate it now, his body would definitely not be able to withstand it and he might explode at any time.

Therefore, Ye Qiu didn't dare to think about this matter and could only temporarily leave it with the system.

When the time came, it would be able to turn the situation around.

Ye Qiu was still excited.

Boom!

Suddenly, a loud bang came from the sky. A wave suddenly erupted under the abyss.

"What's going on?"

Everyone was shocked. The Longevity pill had already fallen into Ye Qiu's hands. The people beside him didn't dare to attack because they knew how terrifying Ye Qiu was.

Everyone who was about to leave suddenly heard a violent commotion below and their attention was immediately attracted.

A shocking dragon roar came from the bottom of the abyss. Apart from the dragon roar, there was also the cry of a phoenix. In an instant, the entire underwater immortal palace erupted.

"Dragon? Could it be that there are true dragon descendants in this immortal palace?"

At this moment, everyone could no longer remain calm.

A true dragon! That was one of the ten great powerhouses of Immortal Ancient, a supreme expert from ancient times until now. Its light illuminated the world, and it had yet to decrease.

The karma was so great that it did not fade for several eras.

The moment everyone's expressions changed, a dragon roar swept over from the bottom of the abyss, accompanied by rolling undercurrents.

A pitch-black flood dragon flew out from the abyss.

"Flood Dragon!"

In an instant, everyone's expressions changed, including Ye Qiu and Lian Feng.

"There's actually a flood dragon hidden under this immortal palace?"

Ye Qiu was shocked. This flood dragon was said to have the closest bloodline to a true dragon. Its strength was unimaginable.

Ever since the chaos of ancient times, the True Dragon bloodline had disappeared from the world. Everyone in the Great Desolate World thought that the True Dragon bloodline had been severed.

Unexpectedly, there was actually a flood dragon hidden under the ruins of this immortal palace. Judging from its aura, this was a flood dragon at the Deva Realm. Its cultivation was similar to the Purple Lightning Cloud Swallowing Beast.

However, his combat strength was not something that a scammer like the Purple Lightning Cloud Swallowing Beast could compare to.

The moment the flood dragon appeared, the entire immortal palace was in an uproar.

“Oh my god, why is this guy out?”

As soon as the flood dragon’s true body appeared, the Purple Lightning Cloud Swallowing Beast seemed to have seen a nightmare. His face instantly turned pale and he shrank behind Ye Qiu, trembling.

Clearly, he knew that flood dragon. It seemed like this flood dragon had tortured him in the past. So he was afraid.

Realizing this, Ye Qiu didn’t dodge and stood in front of the Purple Lightning Cloud Swallowing Beast.

However, this flood dragon didn’t seem to be here for the Purple Lightning Cloud Swallowing Beast.

“That’s...”
