Chapter 351: Calamity of Rebirth

“The Immortal Mountain has just been destroyed by us, and now another Immortal Mountain has appeared. I believe they won’t let this matter rest. Master, should we report this to the Sect Master?” Lin Qingzhu said with a worried expression.

Ye Qiu waved his hand and said, “There’s no need. I have my own thoughts. Where is your Sect Master and the others now?”

If Ye Qiu remembered correctly, Meng Tianzheng and the others seemed to have entered the Immortal Palace. However, after they entered, they were separated. So far, there was no sign of them.

Zhao Wan’er thought for a moment and replied, “Master, when I was in the abyss cave previously, I met Eldest Senior Brother. He seemed to have found an immortal ruin, a blessed land, and went into seclusion there. I didn’t disturb him. I didn’t meet anyone else though.”

Lin Qingzhu also shook her head. Clearly, she had not met anyone else from the Heaven Mending Sect.

Such an abnormal thing only made Ye Qiu feel a sense of danger.

“That’s strange. Could it be that this old thing is up to no good?”

After thinking for a while, Ye Qiu instructed, “The Celestial Thearch’s treasure vault has opened. Follow your mistress and don’t run around.”

Lin Qingzhu and Zhao Wan’er nodded. After a moment of hesitation, they asked, “Master, what about you?”

Ye Qiu looked back at the world behind him and thought for a moment.

“Don’t worry about me. I have something to deal with. I’ll meet you later.”

After saying that, Ye Qiu turned around and left. Lin Qingzhu and Zhao Wan’er watched him leave and flew towards the entrance of the Celestial Thearch’s treasure vault to track Lian Feng’s aura.

After leaving, Ye Qiu first tracked Monkey’s aura. Soon, he saw the heavily injured Monkey in a forbidden area of the treasure vault. He had taken advantage of the chaos to break the barrier and sneak into the treasure vault. The others were not in the mood to worry about him, so he was lucky to escape.

.....

Ye Qiu came to Monkey’s side and checked his injuries. His brows immediately furrowed.

“What’s going on? Is this wound so fatal?”

Ye Qiu was shocked after carefully checking his injuries. Monkey wasn’t seriously injured just now. He opened his Heavenly Eye and began to carefully scan the monkey’s situation. He discovered that faint golden runes were emitted from its heart.

“What is this?”

Ye Qiu was stunned for a moment. He carefully studied the golden rune and was instantly shocked.

“This, this, this... Regenerative Bone? F*ck!”

Damn it, the most heaven-defying precious bone in the world was actually born in the monkey’s body? What was going on? Wasn’t this bug fixed? Why was there another one?

This sudden discovery completely dumbfounded Ye Qiu.

This Regenerative Bone had already taken root in the monkey’s body. Moreover, he had eaten many precious medicines and immortal herbs before, but he did not know how to refine them. All of it surged into his Regenerative Bone. At this moment, he was experiencing a life and death torture.

This torture was called the Calamity of Rebirth.

It was the tribulation of rebirth. Once he successfully transcended the Calamity of Rebirth, this monkey’s cultivation would probably soar.

“Oh my god, as expected of the darling of heaven and earth. This guy...”

Ye Qiu was stunned. Some people cultivated for their entire lives, but unfortunately, they couldn’t reach the Martial Monarch realm.

Some people were born to be Martial Monarchs, and the heavens chased them to feed them.

Damn it.

After calming down, Ye Qiu began to think about what was going on. After thinking about it seriously, he suddenly remembered that when the monkey was born, it had caused changes in the world and there were various phenomena in the Eight Desolates.

After that, Ye Qiu deduced the heavenly secrets and discovered that this monkey was the son of fate born from the calamity. This was also the reason why he wanted to take Monkey as his disciple. Now that he saw this Regenerative Bone, Ye Qiu’s thoughts became even more firm.

“Interesting... The chosen one? Oh, no, it’s the chosen monkey.”

The ancestors of Violet Cloud Peak had once left behind their last words. The seven-colored divine stone in the cave was an ancient divine item that needed to be taken good care of. Now, it has fulfilled the grandmaster’s prophecy. This monkey was indeed the chosen one.

Heaven Mending, Heaven Mending...

What was this calamity? Ye Qiu still couldn’t figure it out. It wouldn’t be to the extent if it was the dark chaos because the Strange Clan had already disappeared without a trace. There was no way to find their hiding place.

Ye Qiu still couldn’t figure out what the other chaos was. The only thing he could do now was to wait and see.

Thinking of this, Ye Qiu looked at Monkey again.

At this moment, he was enduring the pain brought by the Calamity of Rebirth. His vitality was exhausted and he was on the verge of death. Fortunately, he had eaten many precious medicines previously to replenish his strength and could barely maintain the current situation.

“Yes, you’re really mischievous. Forget it... I’ll help you one last time today.”

Ye Qiu smiled bitterly and shook his head. He slowly pushed out his palm. In an instant, an incomparably pure power surged into the monkey’s body. It would ease the pain in his body and help him survive this calamity.

Under the enhancement of Ye Qiu’s strength, the monkey’s body began to reveal the power of golden runes. It was a very pure power. The Life Gate in his body continuously surged with astonishing power, and a powerful vitality appeared again.

Monkey’s aura began to recover. Under Ye Qiu’s surprised gaze, Monkey entered a state of nirvana.

“This...”

In the next moment, Ye Qiu was shocked. He was surprised to discover that the monkey’s cultivation level began to increase rapidly, jumping to the King-Ranked realm.

“F*ck.”

Ye Qiu was shocked by this breakthrough speed. Was he still human? He was simply a monster. No, he was not human to begin with.

After the monkey broke through to the King-Ranked realm, he did not stop advancing. Instead, he continued to break through. His entire body was enveloped by a ball of golden runes, and he entered a state of nirvana.

Ye Qiu slowly retracted his palm and placed the Jingu Rod beside him, disappearing from the forbidden area.

The sleeping monkey seemed to have sensed something strange. It was as if a pair of hands was pushing him forward. He was very surprised. He struggled to open his eyes and see who was helping him.

He thought for a long time and already had an answer in his heart. In this world, other than his master, he had no friends, let alone anyone close to him.

“Master, is that you?”

Monkey struggled and shouted. His voice was soft and weak, and there was a hint of grievance in his tone. It was as if a child who had been wronged outside had returned home to complain to his elders.

Outside the forbidden area, Ye Qiu’s heart trembled when he heard this call. Even though this monkey liked to cause trouble, he was still his disciple. It would be a lie to say that Ye Qiu didn’t care. He just didn’t want to face it.

Ye Qiu turned around and looked at the monkey in the forbidden area. He made up his mind and didn’t acknowledge it.

Ever since that day on the Penglai Immortal Mountain and the parting of the Tilted Moon Three Stars Cave, Patriarch Bodhi no longer existed in the world.

Ye Qiu left the forbidden area and the Celestial Thearch's treasure vault to find Meng Tianzheng and the others.

Chapter 352: Immortal Mountain's Conspiracy

After leaving the treasure vault, Ye Qiu headed to the lower level of the Immortal Palace to find the whereabouts of the Heaven Mending Sect members.

However, he did not see a single Heaven Mending Sect disciple after searching for a long time.

"That's strange. Where did they go?"

Ye Qiu had an ominous feeling. He recalled Gongsun Baizhi's gaze when he left and his heart suddenly trembled.

"Not good. This old fellow must have done something."

The uneasiness in Ye Qiu's heart grew stronger. Back then, the Immortal Mountain was destroyed by the Heaven Mending Sect. As a branch of the Immortal Mountain, Gongsun Baizhi definitely wouldn't let this matter rest.

This was a situation where they would never stop until one of them died. Moreover, in the Monarch's tomb, their First Elder, Gongsun Yang, was also killed by Ye Qiu. This rumor had already spread throughout the world.

It was impossible for the other party not to know.

In a moment of desperation, Ye Qiu couldn't care less. He activated his divine power and activated his Heavenly Eye to search a large area. He had to find Meng Tianzheng and the others as soon as possible to confirm if they were in danger.

Ye Qiu's divine sense spread out in all directions and began to search. After half a day, he finally discovered a clue in an extreme ice cave.

The Arctic Ice Cave contained a forbidden spell that isolated the outside world from the inside.

There were a few black-clothed old men guarding the entrance. It was not difficult to determine from their clothes that they were from the Immortal Mountain Holy Land.

After discovering their existence, Ye Qiu hid in the darkness and silently observed their actions.

.....

The two old men at the door were discussing among themselves.

"Senior Brother Wang, why do you think Patriarch locked these people inside instead of killing them and ending everything? We even have to give up this hard-earned immortal opportunity and wait here bitterly."

An elder complained.

Wang Han rolled his eyes and said, "How would I know? How can we guess the Patriarch's thoughts? You should stay here obediently and do your job. Otherwise, you won't be the only one unlucky when the Patriarch gets angry."

Speaking of which, they were helpless. This expedition to the Immortal Palace was filled with opportunities. However, they were forced to end the search for their own immortal fate. Instead, they had to guard this lousy ice cave.

After hearing Wang Han's words, Li Yuan felt a chill. When he thought of the Patriarch's cruel methods, he felt a lingering fear and did not dare to complain anymore.

After a while, Wang Han thought of something and continued, "I heard from Second Senior Brother that the Patriarch is preparing to attack that person from the Heaven Mending Sect this time. Therefore, he specially captured these people and prepared to set a trap for him.

"Back then, the Eastern Wasteland's Heaven Mending Sect destroyed our Immortal Mountain's orthodoxy and damaged our Immortal Mountain's providence. We have to take revenge for such a huge grudge.

"No matter what, the Patriarch is definitely going to be serious this time. Moreover, I heard that the Patriarch specifically asked the higher-ups for their permission."

Ye Qiu, who was hiding in the dark, was shocked.

"This old fellow actually wants to scheme against me?"

Ye Qiu's killing intent instantly soared, and his eyes were incomparably cold. What he hated the most in his life was being threatened.

Gongsun Baizhi had captured the Heaven Mending Sect probably to use this as a final threat. However, he could not figure out why his two disciples escaped unscathed after Meng Tianzheng and the others were captured.

Could it be that he knew that Lin Qingzhu and Zhao Wan'er had the jade talisman left behind by Lian Feng?

Thinking of this, Ye Qiu felt a sense of danger. It turned out that he had already targeted him. He had been looking for an opportunity to attack.

"Haha... Interesting. If I hadn't noticed it in advance, he would have succeeded."

Ye Qiu was a little glad. Fortunately, he had sensed that something was wrong in advance and specially came down to check.

As expected, the Immortal Mountain had already begun to attack. Since they had already made a move, there was no need for the Heaven Mending Sect to argue with them.

"Who is it!"

Wang Han, who was guarding the door, suddenly felt a bone-chilling wind blow past. He was shocked and hurriedly shouted.

One had to know that this was a forbidden area that their ancestor had personally specified to protect. No one was allowed to approach it. If anything happened here, they would use their lives to apologize.

How could they dare to relax at all? The moment they felt the abnormality, they immediately raised their guard and entered a combat state.

On the narrow and dim abyss, a white figure slowly descended.

The two of them felt their hearts turn cold.

“Ye Qiu...”

After seeing the person, their hearts turned completely cold. They could not believe what they had seen.

Wasn't Ye Qiu in the Celestial Thearch's treasure vault? Why did he suddenly appear here?

The person who reacted the fastest was Wang Han. The moment he discovered Ye Qiu, he secretly took out a jade token and prepared to send a message to Gongsun Baizhi.

The moment he took out the jade token, Wang Han was about to crush it when suddenly...

Pfft...

Blood sprayed out, dyeing the ground red. An arm was forcefully cut off.

“Ah!”

Wang Han's hand that was holding the jade token was cut off, emitting a tearing cry of pain.

This shout alarmed the surrounding elders of the Immortal Mountain. They also rushed over in an instant. However, after they saw Ye Qiu, everyone couldn't help but take a step back and reveal fearful gazes.

“Ye Qiu, what do you want? You injured an elder of my Immortal Mountain for no reason and barged into my forbidden land?”

One of them questioned, but unexpectedly, the head fell to the ground in the next second.

This simple and crude method shocked everyone. All the elders and disciples of the Immortal Mountain could not help but retreat and tremble. They thought that Ye Qiu didn't know what they had done and wanted to trick him into leaving.

“Hmph... Immortal Mountain. Looks like there's no need for this Holy Land to exist anymore.”

At this moment, Ye Qiu was very angry. He didn't show any mercy and couldn't be bothered to reason with them. With a raise of his hand, a supreme power crushed over. In less than a moment, everyone outside the cave fell to the ground and died.

It was a massacre without any suspense. Among them, the strongest was only a mid-stage King-Ranked elder.

This kind of strength didn't even have a chance to struggle in front of Ye Qiu.

In less than three seconds, hundreds of Immortal Mountain elders and disciples were killed by Ye Qiu.

Only Wang Han, who wanted to inform the others, covered his severed arm and looked at Ye Qiu in fear.

Ye Qiu only looked at him coldly and said, "Speak, where are my Heaven Mending Sect's people locked up?"

Wang Han was also a tough nut to crack. Facing the pressure of a Martial Monarch, he did not retreat at all. Instead, he laughed wildly.

"Haha! Ye Qiu, I admit that you're very strong. I'm not your match, but you want to save people? Dream on."

After saying that, he wanted to end his own life before Ye Qiu could do anything.

But how could Ye Qiu do as he wished? He grabbed his neck and controlled him. He sneered. "Want to die? It's not that easy. You're very tough. Next, I'll let you experience what it means to be better off dead."

Chapter 353: A Life Worse Than Death

As soon as these words were spoken, Wang Han's eyes revealed incomparable fear. He absolutely believed that Ye Qiu could do extremely cruel things. Because this guy was not a good person to begin with. As long as one could imagine his methods, there was nothing he could not do.

However, at this point, Wang Han had no way out. He still gritted his teeth and said angrily, "Ye Qiu, you can do whatever you want. If I frown today, I'll take your surname.

"I'm not afraid to tell you that even if you kill me, you can't change the outcome of the Heaven Mending Sect being destroyed. Just wait to collect your senior brothers' corpses. Haha!"

Hearing his arrogant laughter, Ye Qiu's killing intent became even colder. He could feel that there was a supreme seal in this ice cave in front of him. It was extremely powerful. Moreover, even if the seal was removed, the situation inside was extremely complicated.

It was not easy to find everyone.

After calming down, Ye Qiu gradually calmed down. He looked at Wang Han, who was still struggling, and sneered.

"Alright, you have guts. I hope you can continue to maintain this boldness later."

Wang Han had an ominous feeling as that incomparably cold voice sounded.

Suddenly, Ye Qiu stretched out his hand and ruthlessly slapped the top of his head. In an instant, an intense pain came and Wang Han almost fainted. However, Ye Qiu's other hand gave off powerful life force, continuously repairing his soul.

After the intense pain, Ye Qiu directly extracted his soul.

At this moment, Wang Han was shocked.

“What do you want?”

He had thought of countless torture methods. No matter what kind of physical impact it was, he could grit his teeth and endure it. However, he didn't expect that Ye Qiu wasn't interested in his body at all and directly extracted his soul.

.....

He saw the cold smile on Ye Qiu's face and said coldly, “You'll know what I want soon. Don't worry, what happens next will definitely make you feel extremely comfortable.”

As soon as he finished speaking, a ball of flames suddenly appeared in Ye Qiu's right hand. It was the Red Lotus Karmic Flame that could burn through all karma.

As that terrifying flame aura appeared, Wang Han's face instantly turned pale.

“Red Lotus Karmic Flame! No...”

He began to struggle, frantically trying to escape this demonic hell. However, Ye Qiu grabbed him with one hand and threw his soul into the Karmic Flame to burn. At the same time, he used great methods to maintain his soul from being burned to death.

After endless torture, Wang Han finally experienced what was called purgatory on earth, a hellish torture. No matter how intense the physical pain was, it could not compare to the torture of the soul.

It was a heart-wrenching pain that made life worse than death.

“No!”

In the karmic flames, Wang Han kept letting out tearing screams. Those screams echoed in the abyss, but unfortunately, no one could hear them.

In just a few seconds, Wang Han seemed to have endured tens of thousands of years of pain. His mind began to wither and he was completely dazed.

Looking at this satisfactory masterpiece, Ye Qiu sneered, “Are you going to say it or not?”

“Bah,”

No matter how intense the pain was, Wang Han remained stubborn and did not say a word.

Ye Qiu's interest was piqued. The thing he loved to do the most in his life was to treat all kinds of stubbornness.

“Alright, you have guts. I wonder if you can still withstand it next.”

With a cold laugh, Ye Qiu exerted strength again. The Red Lotus Karmic Flame began to devour his soul step by step and disintegrate his mind.

Sometimes, lightning would roll, and sometimes, it would be cold to the bones.

No one could withstand such torture. Wang Han was indeed a ruthless person, he gritted his teeth and lasted for two hours. However, no matter how stubborn a person was, there would eventually be a moment of mental breakdown.

After persisting for two hours, Wang Han finally breaks down.

“I’ll talk, I’ll talk... Please, give me a quick death.”

At this moment, there was only fear in his eyes. Endless fear. He had never seen such a ruthless person in his life, nor had he experienced such inhuman torture.

Pain and fear had already occupied his heart. His body and mind were numb, and his soul was trembling.

He finally couldn’t take it anymore.

Seeing this, Ye Qiu also sneered. He retracted his Karmic Flame and pinched his soul, saying, “Tell me, where are my senior brothers locked up?”

Wang Han said with a trembling voice, “They are all locked in the ice cave. There are more than a thousand passageways inside. Every passageway has a seal that needs to be removed one by one. If you attack forcefully, you will trigger a rebound of the seal. Once the seal is triggered, even a Martial Monarch will be trapped inside and unable to break free.”

As soon as these words were spoken, Ye Qiu was shocked. He didn’t expect Gongsun Baizhi to secretly set up such a shocking array in order to set up such a trap for him.

“Haha, looks like this is a strangulation array that was carefully prepared for me. You guys are really something.” Ye Qiu said sarcastically, “How should I undo these seals?”

At this point, Wang Han’s eyes flashed with a trace of coldness. He still wanted to scheme something.

However, Ye Qiu happened to catch it. He immediately smiled and said, “Looks like you’re still not too honest. In that case, I’ll add fuel to the fire.”

Wang Han’s heart was like dead ashes when he heard this. He no longer wanted to endure that inhumane torture and hurriedly said, “I’ll talk, I’ll talk... Every seal inside was personally set up by the Patriarch. It requires a special method to undo it.”

As he spoke, Wang Han taught Ye Qiu the technique. Ye Qiu only took a few seconds to learn it. He walked to the ice cave and tested it. With a light push, the first seal was opened.

However, Ye Qiu was still worried and didn’t choose to send Wang Han on his way. He sneered and said, “Haha, old thing, I don’t believe that your carefully planned trap would be broken so easily. You must still be hiding some secrets. Don’t worry, I won’t let you die like this. Come in with me. If I’m trapped inside, I’ll treat you well.”

At this point, the smile on Ye Qiu’s face gradually became evil and impudent.

When Wang Han heard this, his heart turned completely cold. He believed that Ye Qiu would definitely do it. If he was trapped inside, he might really be tortured by him for a hundred years, or even a

thousand years, for eternity. He couldn't even withstand two hours just now, let alone thousands of years of torture.

He wanted to break free, but in front of absolute strength, he had no chance at all.

Wang Han's heart was like dead ashes after being brought into the ice cave by Ye Qiu. His last thought of plotting against Ye Qiu was completely erased. This guy was too cautious. He did not give him any chance.

As Ye Qiu had expected, after undoing the layers of seals, they finally arrived at the last seal.

This seal was clearly different from the previous one. This was Gongsun Baizhi's final killing move.

Ye Qiu didn't say anything. Instead, he looked coldly at Wang Han. Before he could speak, Wang Han's mental defense couldn't hold on anymore.

"Don't do it. I understand, I understand. I'll undo it."

Wang Han had already given up resisting because he had seen Ye Qiu's cruelty. He knew that if he didn't say it, his next move would definitely make him wish he was dead.

Chapter 354: Anger

Seeing that he was so honest, Ye Qiu sneered and continued, "Hmph, you'd better be obedient and not have any crooked thoughts. Otherwise, I have a thousand ways to make you wish you were dead."

Ye Qiu's cold words shocked Wang Han until he broke out in a cold sweat. He didn't suspect anything because he firmly believed that Ye Qiu would really do such a thing. He had already experienced this heart-wrenching pain just now. He just wanted to resolve this matter as soon as possible, so that Ye Qiu would give him a quick death.

If he didn't obey, then he would be tortured by Ye Qiu until he wished he was dead. He didn't even think about dragging him along because this array couldn't take his life. It could only trap him for a long time.

The consequence of trapping him was that he would be tortured by him. He would not die, and he would not be able to escape.

Wang Han was afraid. His body trembled as he flew to the entrance of the forbidden area. He formed a seal and struck out. In an instant, the entrance was opened with a bang.

The forbidden area gradually appeared in Ye Qiu's eyes.

It was a pitch-black strange forest that emitted an incomparably evil aura. If one stayed inside for a long time, their mind would be corroded.

Seeing this situation, Ye Qiu's heart turned cold and his anger rose.

"Gongsun Baizhi, hmph... Just you wait."

After saying this coldly, Ye Qiu grabbed Wang Han's soul again and walked into the forbidden area.

Wang Han struggled to escape, but he still couldn't break free. He begged bitterly, "This seal has been opened. Give me a quick death."

Ye Qiu glanced at him coldly. "You better be obedient. You won't die before this matter is over."

As he spoke, Ye Qiu stepped into the forbidden area. He felt a sinister cold wind blow over and countless vengeful spirits suddenly surged out from all directions.

.....

"Good lord, it's indeed a forbidden area. It's filled with an evil aura."

Ye Qiu took a deep breath and was incomparably anxious. He didn't know how the others of the Heaven Mending Sect were doing.

Ye Qiu swept through the entire forbidden area with his divine sense, trying to find Meng Tianzheng and the others.

Suddenly, tens of thousands of vengeful spirits appeared from the darkness and blocked Ye Qiu's path. One of the ancient demon souls looked at Ye Qiu provocatively. It was a King-Ranked demon soul.

He said disdainfully, "Haha, another one is courting death. Moreover, judging from his aura, this person's strength is extraordinary. Brothers, looks like we can have a full meal again."

As he spoke, his eyes revealed greed, as if Ye Qiu had already become their meal.

Hearing his shout, the other vengeful spirits laughed strangely. This laughter was very ear-piercing. Ye Qiu felt very uncomfortable and looked at them coldly.

"Get lost!"

With a cold shout, the pressure of a Martial Monarch erupted in an instant. A violent wind swept over. In just an instant, tens of thousands of vengeful spirits were shattered by Ye Qiu's gaze.

Only the ancient demon spirit was left standing on the spot, trembling.

"Martial... Martial Monarch."

At this moment, the ancient demon spirit revealed a terrified gaze. He could feel Ye Qiu's strength, but he didn't expect Ye Qiu to be a Martial Monarch expert.

In the beginning, he thought that Ye Qiu was at most like the two King-Ranked experts in the forbidden area. It was just a little troublesome to deal with. But from the looks of it, this was completely different.

In less than a second, tens of thousands of vengeful spirits were crushed by Ye Qiu. The ancient demon spirit panicked and knew that it was in trouble. Almost without hesitation, he turned around and wanted to run. However, a huge hand stretched out from the sky and grabbed him in an instant.

"Martial-Martial Monarch, please spare my life. I didn't know that you would come personally and have offended you."

The originally arrogant and conceited demon spirit began to beg for mercy. Looking at his frightened expression, it seemed to be seriously repentant.

However, Ye Qiu understood very well that in the face of such an evil spirit, you must not have a benevolent heart, nor should you expect him to turn over a new leaf. Because as long as you revealed a flaw, it would be the time he took your life.

“Hmph... You’re too inexperienced to put on an act in front of me. Tell me, where are the people who were sent in previously?”

Ye Qiu questioned coldly as he ignited the Red Lotus Karmic Flame. If the other party didn’t cooperate, he didn’t mind completely turning this forbidden area to dust.

The demon spirit’s face turned pale and his heart was like dead ashes when he saw the natural nemesis, the Red Lotus Karmic Flame. How could he dare to lie? He hurriedly pointed at a black forest in the distance and said, “Martial Monarch, those people are trapped in the black forest.”

After obtaining the information he wanted, Ye Qiu didn’t waste any time. He gently squeezed with his left hand and the demon spirit’s body was burned to pieces. Before he died, the demon soul let out a bitter cry. He didn’t expect Ye Qiu to be so ruthless.

Using the last of his strength, the demon spirit roared, “Kid, you actually dared to kill me. You will pay the price for this.”

As soon as he finished speaking, his body had already turned to ashes and returned to this land.

Ye Qiu looked at the traces on the ground and said, “You still want to threaten me when you’re about to die?”

Suppressing the anger in his heart, Ye Qiu looked coldly at Wang Han. Wang Han immediately shrank his neck. He had finally seen Ye Qiu’s cruelty. How could he dare to make any sound? He was afraid that he would be the next to suffer.

This person looked righteous, gentle, and elegant. Who would have thought that he would have such a strong killing intent and such cruel methods?

Indeed, one could not judge a book by its cover.

After confirming the whereabouts of Meng Tianzheng and the others, Ye Qiu didn’t stay any longer and flew towards the black forest.

In less than a few minutes, Ye Qiu found their traces.

“Senior Brother Qi!”

A cry came from the strange forest in the pitch-black forest, alarming Qi Wuhui, who was guarding the surroundings.

Qi Wuhui was overjoyed when he heard that familiar voice.

“Junior Brother Ye, is that you?”

He was shocked and woke up from his loneliness. He was incomparably excited.

A white figure gradually flew out from the darkness. The person who came was Ye Qiu.

However, after a short moment of excitement, Qi Wuhui instantly drew his sword and slashed over.

Ye Qiu was shocked. He stretched out two fingers and caught his sword. He said angrily, "Damn it, Qi Wuhui, are you crazy? You dare to hit me?"

Qi Wuhui saw that his sword was caught and shouted angrily, "Impudent thief, you want to pretend to be my Junior Brother Ye to deceive us? If you want to enter this place, you have to ask the sword in my hand."

From Qi Wuhui's reaction, this should have happened more than once. Otherwise, he wouldn't be so excited. Because in this short period of time, he had already killed countless demon spirits in disguise.

He was very happy. He couldn't defeat the real Ye Qiu, so he could only torture these demon spirits to find a feeling.

Ye Qiu could see the excitement on his face. The corner of his mouth twitched. *How much did this old thing want to beat me up?*

Chapter 355: A Little Excited

Actually, on second thought, Ye Qiu understood. After all, this guy had always been against him in the past, but he had always lost to him. He had never won once. It wasn't easy for him to come here. Someone turning into Ye Qiu's appearance made him feel the same as before.

Ye Qiu could feel how comfortable he was.

"Hehe... still pretending? Hmph, little thing, you're quite good at pretending. Unfortunately, it's useless to me."

Qi Wuhui sneered and instantly exerted strength. He pulled back the sword in his hand and turned around to slash with his sword. In an instant, a shocking sword intent slashed over. The sword's intent was restrained, and it was slow and powerless at first.

When it erupted, he could defeat the enemy in an instant.

Ye Qiu knew the profundity of this move and understood the power of this sword. However, if this was in the past, it might be a little difficult for him to deal with it, but it is different now.

"That's about enough."

After saying this helplessly, Ye Qiu gently raised his hand and dispersed the sword energy. Qi Wuhui was sent flying.

"F*ck!"

Qi Wuhui fell heavily to the ground.

Was the demon spirit this time so powerful?

The first few were mostly in the Paragon realm. It was actually quite fun for him to bully them. They had become his source of happiness. However, this time, he was actually so powerful that he sent him flying with a single slap?

“No, no...”

.....

Qi Wuhui tidied up his state and stood up again.

“It’s an illusion. This must be an illusion.”

Qi Wuhui stared fixedly at Ye Qiu in front of him. His eyes were incomparably vigilant as he thought to himself.

“These demon spirits are full of tricks. They have pretended to be from my Heaven Mending Sect many times. Last time, they almost succeeded. This time, I will definitely not fall for it again.”

Thinking of this, Qi Wuhui grinned and revealed an incomparably confident smile.

“Hmph, little thief, I saw through your scheme at a glance. Stop pretending. Do you dare to show your true face?”

Ye Qiu’s mouth twitched when he saw his intelligent gaze. He really wanted to slap him. *“Why are you so smart? You’re so f*cking smart.”*

Ye Qiu didn’t have the heart to tangle with him. He said, “Qi Wuhui, that’s enough. Do you want me to tell you all your ugly things before you believe me?”

“Tsk,” Qi Wuhui smiled disdainfully and continued, “Continue to pretend.”

Ye Qiu’s face darkened. This guy was determined to think that he was fake. It seemed like if he didn’t say something exciting, this matter wouldn’t be resolved.

Under that quiet and strange atmosphere, Ye Qiu was silent for a few seconds before suddenly saying, “Senior Brother Qi, there are some things I can’t remember. Help me recall. Last time at the lantern festival on the Heavenly Water Peak, I saw a sneaky figure hiding in the green bamboo forest watching Senior Sister Ling Yi bathe. It was too dark at that time, so I couldn’t see who it was. I vaguely remember that that person seemed to be wearing the clothes of the Hidden Sword Peak...”

Before Ye Qiu could finish speaking, Qi Wuhui’s expression changed, “F*ck... D-Little thief, how dare you spout nonsense. Watch how I kill you today.”

Qi Wuhui instantly thought of killing him to silence him. This demon spirit actually knew this. It seemed like he could not let him live.

He had to kill him.

In an instant, Qi Wuhui’s aura suddenly underwent a huge change. A shocking killing intent spread out, and his King-Ranked power was instantly pushed to the limit.

Clearly, he was anxious.

After all, this concerned his prestige. If word got out, how could he survive in the Heaven Mending Sect in the future?

Moreover, the Senior Sister Ling Yi from Heavenly Water Peak that Ye Qiu mentioned belonged to the Heavenly Water Peak's elders. She was about the same age as Ming Yue and was also beautiful.

This old fellow had had a crush on her for many years after his wife died. It was just that he did not dare to speak because of his reputation. This secret had always been the greatest secret in his heart. No one else knew except him.

He did not expect these demon spirits to be able to pry into his thoughts and know his secrets. Immediately, Qi Wuhui couldn't sit still anymore. He had to kill him.

In an instant, Qi Wuhui's crazy attack came. Ye Qiu was shocked.

"Damn it, this old thing's reaction is so intense. Is he going to silence me?"

The corner of Ye Qiu's mouth twitched. He only cared about dodging and didn't counterattack.

However, the intense fighting here attracted the attention of the other Heaven Mending Sect members in the forest. In less than a moment, hundreds of figures flew out.

The person in the lead was Meng Tianzheng. When they came out and discovered that the person fighting Qi Wuhui was Ye Qiu, they were instantly shocked.

"Junior Brother Qi, what are you doing?"

Meng Tianzheng asked in confusion. Qi Wuhui kept attacking as he turned around and explained, "Senior Brother, this person is formed from that demon spirit. His methods are extremely strange and he can even pry into other people's thoughts. Don't believe him."

"What!"

When everyone heard this, they immediately revealed vigilance. Seeing that this old fellow was getting more and more confused, Ye Qiu couldn't sit still anymore.

"Damn it, Qi Wuhui, if you don't stop, I'll be angry."

"Hmph, deliberately mystifying things. If you have the guts, show me."

Qi Wuhui still had that infuriating expression, while Ye Qiu was completely furious.

"Alright. Since you want to be beaten up so much, I'll fulfill your wish today."

Ye Qiu also wanted to beat this old fellow up. In the past, he had always been against him. Now, he was even addicted to torturing him with the help of the demon spirit.

It was time for Ye Qiu to vent his anger and beat this old kid up. This was called returning the courtesy.

"Today, we will settle our old and new grudges together."

Ye Qiu didn't use his Martial Monarch realm strength to prevent him from saying that he was bullying him. Instead, he suppressed his cultivation to the same realm as him. After they were on par, Ye Qiu gradually revealed a strange smile and gradually became impudent.

Old kid, I've wanted to beat you up for a long time, but I never had the chance. Now that you've come knocking on my door, don't blame me. Hehe...

Ye Qiu instantly summoned a bolt of lightning and slashed it over.

"F*ck!"

Qi Wuhui was shocked and hurriedly dodged. Before he could react, a white figure had already approached. He felt an intense pain in his abdomen. Under Qi Wuhui's surprised gaze, Ye Qiu punched over.

"Pfft..."

With a bang, Qi Wuhui was sent flying by Ye Qiu's punch. He ruthlessly smashed into the ground and spat out a mouthful of blood.

Before it ended, Ye Qiu flashed again and punched him twice in the face.

"F*ck! This is too ruthless."

The surrounding crowd was stunned. Although this punch would not take a person's life, it did hurt when it hit their face.

Standing in the crowd, Meng Tianzheng stared fixedly at Ye Qiu's fighting style and quickly identified it. Seeing that the elders beside him were about to help, he hurriedly stopped them.

Everyone was puzzled and said, "Senior Brother Sect Master, what do you mean?"

Meng Tianzheng smiled and said, "Haha, it's better if we don't interfere in their personal grudges. Everyone, rest here. We've just experienced a huge battle. We have to recover quickly."

Everyone was stunned when they heard Meng Tianzheng's words. However, since the Sect Master didn't let them attack, he must have his reasons, so they didn't ask.

They were just a little worried about Qi Wuhui's safety.

Chapter 356: Some Personal Grudges

"Damn it, why is this demon spirit so powerful? It's hundreds of times stronger than the previous few. Pfft, I've never suffered so much in my life."

Qi Wuhui spat out a mouthful of mud and cursed. In just a few minutes of fighting, he was already about to collapse.

Why was the demon spirit this time so powerful? This didn't make sense.

Qi Wuhui got up from the ground with his face covered in dirt. He looked at Ye Qiu and gradually calmed down.

“This guy has something. Looks like I can’t attack forcefully.”

After calming down and thinking for a moment, a trace of evil flashed across Qi Wuhui’s eyes.

Ye Qiu, who knew him well, immediately understood that this old kid was probably thinking of some dirty tricks. It seemed like he had to be careful. Otherwise, it would be embarrassing.

A strange aura spread through the surroundings. Ye Qiu and Qi Wuhui looked at each other from afar.

What was more interesting was that Qi Wuhui was clearly the weaker party, but the people from the Heaven Mending Sect were all watching the show.

Their reaction made Qi Wuhui dumbfounded. *What are they doing? It’s fine if they don’t help me, but they even teased me while watching the show.*

“Damn it, I still have to rely on myself at the critical moment.” Qi Wuhui cursed. The sword in his hand gathered energy again as he glared at Ye Qiu and said, “Little thief, come over if you have the guts. Your Grandpa Qi will teach you a lesson today.”

Ye Qiu’s mouth twitched when he heard this. He wanted to slap him when he saw his despicable appearance. However, on second thought, this old kid might be holding back his big move and could not attack.

“Tsk,” Ye Qiu smiled in disdain. “Come over if you have the guts.”

.....

“Come here.”

“Come here.”

The two of them began to shout from afar. No one was willing to go over. After shouting for a long time, Ye Qiu’s patience gradually wore down.

“Damn Qi Wuhui. This matter isn’t over if I don’t beat him up today.”

Ye Qiu was furious. The competition for the upper-level Celestial Thearch’s treasure vault was still going on nervously. How could he have time to waste with Qi Wuhui?

With a curse, Ye Qiu punched out. In an instant, a shocking force smashed over.

Qi Wuhui’s expression changed when he heard this, and his face instantly turned pale.

“F*ck. That fierce?”

He was stunned. His originally planned sinister move was actually stunned by this punch and he forgot how to use it.

Boom!

The fist smashed into Qi Wuhui’s face, causing him pain.

Qi Wuhui screamed. It wasn't over yet. Ye Qiu picked him up again and threw him on the ground.

"F*ck."

This sudden violent scene stunned everyone from the Heaven Mending Sect.

"This is the first time I've seen Martial Uncle Ye so irritable. This feeling of punching is more or less personal."

Everyone did not dare to look anymore. Their hearts ache when they saw Qi Wuhui's bruised and miserable face. They would not believe it if anyone said that there was no personal grudge.

"Sect Master, this..."

Qi Hao's heart ached when he saw his father in such a miserable state. The main reason was that he was also afraid of being beaten up, so he did not dare to attack. He could only remind Meng Tianzheng to stop this violent battle in time.

"Haha," Meng Tianzheng looked at the battle in front of him and laughed unkindly. Then, he said, "Alright, Junior Brothers, that's enough."

Seeing that the Sect Master had spoken, Ye Qiu also threw a last punch with ill intentions, smashing Qi Wuhui back into the Heaven Mending Sect's team.

He had finally vented his anger.

"Phew... Awesome."

This feeling of satisfying and settling their grudges was f*cking awesome.

Ye Qiu really didn't hide anything. He recalled how Qi Wuhui had made things difficult for him. Now that he had beaten him up, he felt extremely good.

That's right, this was a battle with personal grudges.

"Bah," Qi Wuhui fell to the ground fiercely. He bit a mouthful of mud and stood up from the ground with a swollen face.

At this moment, he was burning with anger.

The dignified Disciplinary Elder of the Heaven Mending Sect, a King-Ranked expert, was actually embarrassed in front of so many juniors today.

His face was almost smoking with anger.

"I'm so angry. Little thief, I'm not done with you."

Furious, Qi Wuhui wanted to go forward and fight again, but Meng Tianzheng hurriedly stopped him.

"Senior Brother, what are you doing?" Qi Wuhui said resentfully.

Meng Tianzheng said, "Junior Brother, stop. You can't defeat him."

"I have to fight even if I can't."

Qi Wuhui, who was in a fit of anger, couldn't care less and still wanted to attack.

Meng Tianzheng shook his head and said to Ye Qiu, "Junior Brother Ye, look, I can't persuade him. Be gentler later. We're from the same sect. Give me some face."

As soon as these words were spoken, Qi Wuhui's heart skipped a beat. He looked at the old fellow in front of him with a playful expression and immediately understood something. He looked at Ye Qiu and carefully sized him up. He immediately understood something.

"Damn it, Ye Qiu, I'll fight it out with you."

Qi Wuhui was furious. Now, he was finally certain that the person in front of him was Ye Qiu. When he thought of how he had beaten him up just now and how Meng Tianzheng had sat down and watched him be beaten up, he was instantly furious.

So the clown is me?

They had long recognized Ye Qiu, but they didn't tell him. Weren't they purely trying to use Ye Qiu to beat him up?

It was too immoral.

Seeing that he was about to come up and fight, Ye Qiu shouted for him to stop.

"Stop, stop, stop... That's about enough. The outcome will be the same after another hundred rounds. Save your energy. Let's get down to business first."

Qi Wuhui was also very depressed when he saw this. Damn it, he had suffered a beating for nothing. He understood that this was more or less a personal grudge when he thought of Ye Qiu smashing his face with his fists.

He looked at Ye Qiu bitterly and silently turned around to recover the injuries on his face.

"Junior Brother Ye, how did you get in here?" After the farce ended, Meng Tianzheng asked curiously.

Previously, they had all encountered the Immortal Mountain's obstruction. Gongsun Baizhi had personally taken action and captured all of them here.

Apart from a few people who could escape, almost everyone from the Heaven Mending Sect was attacked and suffered heavy losses.

Originally, Meng Tianzheng thought that their Heaven Mending Sect would completely decline after this battle. He didn't expect Ye Qiu to find this place. He was very surprised.

Ye Qiu looked at his surroundings and the heavily injured disciples. He was very angry. After a while, he explained, "I've been waiting for you in the upper level for a long time, but not a single Heaven Mending Sect disciple has appeared.

"Later on, Qingzhu told me that they had never seen you. I only felt that this matter was very strange, so I specially came down from above to find your whereabouts.

"Fortunately, I came in time. Otherwise, things would have been huge."

Ye Qiu was also very glad that the anger in his heart had been ignited. Perhaps the only taboo in his heart was the Heaven Mending Sect, but Gongsun Baizhi actually dared to secretly attack the Heaven Mending Sect.

This old man already had the intention to die. He could not stay any longer.

Chapter 357: Calculation

After hearing Ye Qiu's explanation, Meng Tianzheng and the others heaved a sigh of relief.

Fortunately, Ye Qiu had noticed something strange in advance. Otherwise, they would probably be trapped in this cage.

All this time, they had been trapped here, enduring the attacks of vengeful spirits every day. They could not sleep well and were stuck running everywhere.

In just a few days, most of the disciples had been seriously injured. It could be said that they had suffered heavy losses.

If not for Meng Tianzheng and Qi Wuhui, the two King-Ranked experts, they would have long been gone.

"Damn it, this damn Immortal Mountain. We must take revenge."

The more they thought about it, the angrier they became.

Yang Wudi said fiercely, "In the past few days, if Senior Brother Qi hadn't guarded the entrance day and night, our many disciples would have been eaten by those vengeful spirits. No matter what, we have to take revenge."

"That's right, I'll take revenge for this..." Lu Feng also echoed angrily and continued, "Senior Brother, let's kill our way back. This time, we'll completely cut off the Immortal Mountain's orthodoxy. Let the world see that my Heaven Mending Sect is not so easy to provoke."

It had been a long time since the Heaven Mending Sect had fully mobilized since the previous battle.

Clearly, the Immortal Mountain had completely angered the Heaven Mending Sect this time. Everyone was aggressive and looked like they wanted to repay blood with blood.

"That's right. We've already destroyed one of the Immortal Mountain. We're not afraid of destroying another one."

Everyone was also filled with fighting spirit and righteous indignation.

.....

Meng Tianzheng was very gratified when he saw this scene. He looked at Ye Qiu and said, "Junior Brother Ye, are you confident in taking down Old Man Gongsun?"

Currently, their greatest threat was Gongsun Baizhi, this old fellow. This person was extremely shrewd, cunning, and had extraordinary strength. He even effortlessly took down tens of thousands of people from the Heaven Mending Sect and trapped them in this forbidden area.

If Ye Qiu hadn't saved them, they would have been completely wiped out. Therefore, Gongsun Baizhi was the most important person. If they couldn't take him down, then the Heaven Mending Sect wouldn't be able to win this battle.

Facing everyone's expectant gazes, the killing intent in Ye Qiu's heart was gradually exposed.

"Haha... What's so difficult about that? Senior Brother, do whatever you want. Leave Old Man Gongsun to me."

Ye Qiu was absolutely confident that he could take down Gongsun Baizhi. As for the others from the Immortal Mountain, he would leave them to Meng Tianzheng and the others.

There would definitely be bloodshed in the battle between the two sects. It would be difficult for these young disciples to grow up without experiencing a bloody lesson.

This could be considered a baptism, a test of their Dao hearts.

After obtaining Ye Qiu's promise, Meng Tianzheng immediately slapped the table and said fiercely, "Disciples, listen up. The extermination operation will begin now.

"Kill whenever you meet people of the Immortal Mountain. From today onwards, let the world feel the anger of my Heaven Mending Sect."

As soon as these words were spoken, the entire forbidden area instantly erupted with deafening shouts.

"Kill!"

"Kill!"

"Kill!"

That high-spirited atmosphere also embellished Ye Qiu's drive.

This battle could determine the Heaven Mending Sect's true strength and make the world understand how powerful the Heaven Mending Sect was.

The conflict between the Heaven Mending Sect and the Immortal Mountain had been going on for a long time. Since it had come to this, there was only one outcome left.

Either the Heaven Mending Sect would be destroyed, or the Immortal Mountain would be destroyed.

Ye Qiu's gaze returned to the Wang Han in his hand as he silently watched these young people's blood boil.

At this moment, Wang Han's heart was filled with incomparable fear. He had truly seen the true appearance of the Heaven Mending Sect. He couldn't help but worry for the Immortal Mountain. Could the Immortal Mountain really win against such an orthodoxy?

Unfortunately, this was no longer something he should consider.

After the matter was resolved, Ye Qiu looked at the surrounding forbidden law and said, "Senior Brother, this is not the place to talk. Let's go out first."

He had an ominous feeling. Meng Tianzheng also felt that this place wasn't suitable to stay for long. Then, he instructed everyone to follow Ye Qiu and quickly leave the forbidden area.

However, the moment they were about to step out of the forbidden area, the passage in all directions suddenly closed.

This sudden change made Ye Qiu's expression change. Everyone was flustered.

"What's going on?"

The passage in front of him was blocked by a layer of fog that could not be removed. It completely blocked the way.

Ye Qiu gradually understood that this was still a trap, a trap that even Wang Han was in the dark about.

"Haha... Gongsun Baizhi is really a scheming old fox."

The moment the passage closed, Ye Qiu clearly captured Wang Han's subtle change in expression and was very surprised.

Yes, even he was kept in the dark.

"No... impossible."

Wang Han let out a cry of disbelief. His faith seemed to have collapsed.

It turned out that Gongsun Baizhi had calculated that they might betray him in advance, so he added another taboo to the last one.

It was to prevent them.

For a moment, Wang Han seemed to have suffered a huge blow and was in a daze.

He had been conscientious for hundreds of years and had risked his life for the Immortal Mountain. He had made countless contributions. He did not expect Gongsun Baizhi to scheme against him in the end.

"You seem surprised?"

Looking at his terrified expression, Ye Qiu sneered and continued, "In his eyes, you're just pawns that can be thrown away at any time.

"Once your lives are tested by benefits, they become worthless. Is this your faith? You'll do anything for benefits?"

Hearing Ye Qiu's ear-piercing sarcasm, Wang Han's heart collapsed and he shook his head crazily.

"No, that's impossible. The Patriarch wouldn't lie to me."

Wang Han covered his head as if he had lost everything. His inner world had suffered a serious blow. So his most trusted ancestor was also guarding against him. He was also an abandoned pawn in the patriarch's game.

Ye Qiu smiled and didn't refute him. Instead, he let go of him.

“In this world, there’s no such thing as absolute impossibility. You’re a smart person. You should be able to think through the truth of the matter, but you’re just unwilling to accept it.”

After saying that, Ye Qiu ignored him and didn’t kill him. Because in this world, there was nothing more painful than the collapse of faith.

Gongsun Baizhi’s move could be considered to have cut off the path of his own people. It could be said to be extremely sinister and cunning.

Turning around, Ye Qiu began to study the seal in front of him. It had to be said that this old fellow’s attainments in array formations were indeed terrifying.

Now that the passages were closed, it was impossible for Ye Qiu and the others to go out unless they could open the passages again.

“Junior Brother Ye, what should we do now?” Meng Tianzheng asked, while the others looked at Ye Qiu expectantly.

In this situation, only Ye Qiu could help them leave this damn place. They could only place their hopes on Ye Qiu.

Chapter 358: Longevity Calamity

“What should I do?”

Ye Qiu smiled. What else could he do in this situation?

The only way was to break the array.

Ye Qiu’s knowledge of array formations was definitely his weakness. He wasn’t very good at it. However, at this point, he could use this opportunity to experience this so-called strange forbidden array.

Ye Qiu turned around and looked at the injured disciples behind him. He thought for a moment and took out many Great Recovery Pills from his storage jade.

“All of you, rest on the spot and recover from your injuries. I’ll study the profundities of this array.”

After saying that, he handed the Great Recovery Pill to Meng Tianzheng and let him make his own arrangements. Then, he began to study the forbidden technique.

As soon as the Heavenly Eye opened, Ye Qiu’s gaze entered the strange forbidden rune technique to explore its profundities.

Suddenly, an energy fluctuation flashed past. Ye Qiu followed the direction of the energy.

Under the chaos and darkness, he vaguely saw a forbidden cage, the Abyss of Death under the ten-thousand-year-old cold lake.

“Hiss...”

Ye Qiu sucked in a breath of cold air and was shocked. He didn't expect such a cage to be hidden under this forbidden array.

Ye Qiu immediately wanted to personally see who was imprisoned in the cage.

.....

"Protect me here. I'll use the Soul Travel Great Void Technique and go down to take a look."

Ye Qiu sat down and immediately used the Soul Travel Great Void Technique. In an instant, his soul left his body and passed through the strange taboo to reach the bottom of the abyss.

The surrounding dilapidated ancient battlefield ruins gave off a very miserable and cold feeling.

The ghosts everywhere seemed to be nourishing the mysterious expert below.

When Ye Qiu arrived at a lotus platform, he could already see the abyss in the darkness. It was trapped on the lotus platform by chains.

As if sensing that an outsider was visiting, the disheveled man in the darkness slowly raised his head. His pale face was covered in wounds. It was the hardships of time and millions of years of pain that had caused his mind to sink. He moved slightly, and the chains on the ground creaked. In this quiet environment, it was especially ear-piercing.

"It's been tens of thousands of years. You're the first person to come here."

Ye Qiu frowned. He looked at the weathered man and felt like he had been washed away by time. His tone was extremely lonely.

"Who are you?"

Ye Qiu couldn't help but ask. The ragged man looked up at the crescent moon above his head and lowered his head with a bitter smile.

"Haha... I've been here for too long. Who am I? I might not even remember myself. I only remember that they called me the Lord of the Forbidden Area."

As soon as these words were spoken, a shocking aura swept over. Ye Qiu's heart trembled, and he felt like he was looking straight at death.

This person was very strong.

Ye Qiu could feel that he was stronger than any opponent he had ever encountered. Even the White Tiger Li Tian was not even one ten-thousandth as strong as him. However, what he could not figure out was why such a powerful figure was trapped here.

What kind of terrifying existence was the person who had once sealed him here?

"Lord of the Forbidden Area?"

Ye Qiu frowned and stared at him, trying to see something from him. However, at a glance, it was like swimming through the sea of stars.

“Yes, I grew up under the darkness of chaos. My hands are covered in blood. Some call me the Butcher, some call me the Lord Bury, and some call me... the Lord of the Forbidden Area.”

As the Lord of the Forbidden Area spoke, he fell into his memories. Perhaps it had been too long since he had seen a stranger, but he appeared exceptionally amiable.

Ye Qiu looked at him deeply and asked the question in his heart, “Why are you trapped here?”

Yes, what Ye Qiu was most puzzled about was why a powerful person like him was trapped here.

The Lord of the Forbidden Area was silent for a long time. Scenes from the past appeared in his mind, as if it was very painful. After struggling for a while, the chain let out a rustling sound.

“Why am I trapped here? I...”

The Lord of the Forbidden Area was recalling something. He calmed down and suddenly raised his head. His eyes were deep and empty. As if remembering something, he said, “Young man, have you heard of the Longevity Calamity?”

“Longevity Calamity?”

Ye Qiu was stunned. This was the first time he had heard this word.

“That’s right. The Longevity Calamity is a great calamity that erupted in the Nine Heavens and Ten Lands at the beginning of the Chaotic Ancient Era. It’s the source of the dark chaos.”

As he spoke, the Lord of the Forbidden Area looked at the surrounding world and said, “This is the forbidden zone of the Burial Ground, my training hall. Back then, when longevity was in chaos, he was sealed here with me. There are some things I might have forgotten, but I remember those dark years very clearly.”

The Lord of the Forbidden Area smiled. He didn’t continue. Ye Qiu sensed his abnormality. He asked again, “What is the Longevity Calamity? What did you experience back then?”

Lord of the Forbidden Area still did not answer. Instead, he smiled at Ye Qiu. His gaze was deep, making Ye Qiu’s hair stand on end.

Could this guy have some strange eccentricity? Why are you looking at me like that?

As if he had seen through Ye Qiu’s thoughts, the Lord of the Forbidden Area smiled. “Haha! Young man, do you know what I just saw?”

“What did you see?”

Ye Qiu didn’t understand. He only felt that this person was crazy. He was definitely crazy. His words were strange and random, pretending to have deep meaning.

The Lord of the Forbidden Area ignored his thoughts and said silently, “I was deducing the future just now. At the end of time, I saw a white figure standing alone on a tall mountain. Perhaps you are the key to that situation, young man... I am filled with endless expectations for your future.”

This was the highest evaluation of the Lord of the Forbidden Area.

This made Ye Qiu feel a little flattered. However, on second thought, he couldn't be happy.

"What situation? Can you tell me in detail?"

The Lord of the Forbidden Area shook his head and continued, "No, no..."

"You are still too weak to withstand this karma."

His nose twitched slightly. The Lord of the Forbidden Area seemed to smell a familiar smell, and his eyes were filled with surprise. After a while, he returned to normal and continued, "Hmm, I smell the aura of an old friend on you. Looks like... it's already destined."

At this point, he smiled. A terrifying smile appeared on his pale face.

Ye Qiu felt his blood run cold, but he also felt that it was strange.

The aura of an old friend?

Who?

Ye Qiu couldn't guess.

After an unknown period of time, the aura of the Lord of the Forbidden Area suddenly changed. In an instant, a shocking force pounced towards Ye Qiu.

"Oh no!"

Ye Qiu's strength was greatly reduced in the state of being a soul. He was just about to leave. He realized that he had been attracted to the Lord of the Forbidden Area and pulled him over.

At this moment, Ye Qiu had a despairing thought.

"It's over..."

"I'm toasted..."

Chapter 359: Dao with Blood

Ye Qiu struggled with all his might under this powerful suction force, but he discovered that he had no ability to resist in front of the Lord of the Forbidden Area. He was too strong. Even if his entire body was sealed by a taboo, just a thought from him could easily destroy Ye Qiu.

Ye Qiu couldn't figure out why such a terrifying being was trapped here. He was slowly sucked over by the Lord of the Forbidden Area. In an instant, a fantastical power of laws entered his body.

"What is he doing?"

Ye Qiu was shocked. He could feel that this fantastical law was extremely terrifying.

The Lord of the Forbidden Area slowly said, "Don't be nervous. Haha... I just want to see how your potential is and not hurt you."

After checking, the Lord of the Forbidden Area revealed a smile and continued, "The Martial Monarch realm of the mortal realm, has yet to enter the immortal realm. Very good, there's still time."

"What does this mean?"

Ye Qiu didn't understand. There was still time?

The Lord of the Forbidden Area explained, "To enter the immortal realm from the mortal realm, one has to experience the baptism of immortal energy and reconstruct their body before they can enter the realm."

"This is basic common sense. The path of most people. However, we once explored the uninhabited realm and returned to the source. We discovered that this path is impossible."

"This is also the reason why the Longevity Calamity failed. Therefore, I've been sealed here for several eras and have been thinking about this problem."

"How should I break through this so-called law of order and break through the final shackles?"

"After a hundred thousand years of deduction, I gradually understood one thing. The key to breaking through the calamity is in this realm."

.....

Hearing this, Ye Qiu's eyes gradually became solemn. No wonder he had been feeling uneasy recently and did not dare to break through. So there was such a profound question involved. His intuition had been warning him.

Longevity Calamity? What was that?

The Lord of the Forbidden Area did not say because he was too weak.

The atmosphere gradually quietened down. Ye Qiu stared at him for an unknown period of time.

The Lord of the Forbidden Area seemed to have deduced something and smiled.

"A hundred cycles? Interesting... Looks like I'm not the only one who restarts the Dao technique."

The Lord of the Forbidden Area looked at Ye Qiu and said, "Young man, I think highly of you. Your future is limitless. However, there's a choice in front of you that requires you to choose."

"What choice?"

Ye Qiu gradually became interested and listened quietly.

"To tell you the truth, after the efforts of our generation, we discovered that... this original path doesn't work at all. After experiencing the Longevity Calamity, those of us who were lucky enough to escape began to think about how to survive the final test."

"For this, I spent a hundred thousand years and finally comprehended a Great Dao of Longevity."

"What Dao?"

Ye Qiu's breathing became tense. From the sound of it, the Lord of the Forbidden Area was going impart his Dao?

To be honest, Ye Qiu really needed the guidance of an expert because the path up was too profound. It was very difficult for him to walk on it alone. If he was not careful, he might go astray.

After all, the path to immortality was cruel. It was also an intense elimination match. If there was a guide in front, Ye Qiu would be able to walk more smoothly.

The Lord of the Forbidden Area was the best guide because he was powerful enough.

The Lord of the Forbidden Area looked deeply at Ye Qiu and said, "Don't be happy too early. The reason why I said to choose is because... although I have comprehended this path, no one has ever walked it before, and neither have I.

"Even I'm not sure if it will work. It's just a theoretical possibility. Therefore, the choice is in front of you. It depends on how you choose."

The Lord of the Forbidden Area wasn't in a hurry. He wanted to see how Ye Qiu would choose. Although he had comprehended this path, he had already missed the most crucial opportunity. Therefore, he could not be sure if this path could work.

This could be considered his selfishness. He wanted to use Ye Qiu to test if this path could work.

It could be said that this was a deal. Ye Qiu saw through his thoughts and frowned.

"A path that theoretically can be taken?"

Ye Qiu hesitated. He didn't dare to easily trust a stranger, but... the opportunity was in front of him. If this path could really be realized, he would have missed it.

"What kind of path is this?"

Ye Qiu couldn't help but ask. The Lord of the Forbidden Area smiled and gently waved his arm. In an instant, a red light flickered.

Ye Qiu instantly fell into a daze. In the darkness, he seemed to see a bright path.

"Planting the laws with blood, enter the Dao with your body!"

Ye Qiu seemed to have thought of something and was shocked. It seemed like the heavens had already decided.

Back then, he had once deduced a Dao technique that used the body as the seed. For this, he specially taught it to Meng Tianzheng. Now that he had seen a Dao technique that used blood as a seed, the two matched and were very similar.

If he opened another path, Ye Qiu wouldn't need to cultivate it again. He only needed to extend it on the original foundation.

Thinking of this, Ye Qiu was excited. This path was very similar to his original philosophy. From the looks of it, the Lord of the Forbidden Area's thoughts were clearly the same as his. They were the same kind of people.

What surprised Ye Qiu even more was that on the other side of this path, Ye Qiu saw another path.

"The Dao of Hundred Lives Reincarnation?" Seeing this, Ye Qiu was even more shocked. "Isn't this Linglong's technique?"

Ye Qiu looked at the Lord of the Forbidden Area in disbelief, as if he had guessed something. After a while, Ye Qiu confirmed his thoughts after seeing the path of using blood as a seed.

"Alright, then I'll be the first to take this path. Senior, please bestow the law."

Once Ye Qiu decided on something, he would press forward and execute it.

The Lord of the Forbidden Area was very gratified when he saw this.

"Good... Young people should have such boldness."

After a while, hope seemed to appear in the Lord of the Forbidden Area's dispirited gaze, and a different emotion appeared. He slowly raised his hand, and in an instant, a shocking force entered Ye Qiu's body.

"Young man, guard your origin. I will protect you and help you enter the Immortal Dao."

With the mysterious power of laws, it was obvious if the Lord of the Forbidden Area had it or not. Under his powerful support, a terrifying power instantly surged in.

"Damn, this feeling is awesome."

Ye Qiu could feel that as long as he was willing, he could instantly enter the Deva Realm. However, the Lord of the Forbidden Area deliberately guided him to redo the Dao technique and use his blood to form a Dao.

Ye Qiu didn't reject it and followed his guidance to enter a state of enlightenment.

"Blood as the seed? Haha, then let me be the first person."

Chapter 360: Three Lives into the Dao

"Un,"

Ye Qiu's expression was filled with pain as he felt the intense pain in his body.

There were drops of blood on the surface of her fair skin, and he had completely become a bloody person.

"Young man, hold on! I spent a hundred thousand years comprehending this Dao. You have to endure unbearable pain. As long as you survive this calamity, your future path will be smooth."

Seeing that Ye Qiu was in a bad state, the Lord of the Forbidden Area slowly reminded him. He was constantly paying attention to Ye Qiu's situation.

At this moment, Ye Qiu was still in the Soul Travel Great Void state. His body would also enter this strange state with his soul.

Therefore, the people from the Heaven Mending Sect, who were far away at the entrance of the forbidden area, gradually realized that something was wrong.

Qi Wuhui walked up in confusion. He looked at Ye Qiu's true body and asked, "Sect Master, what's wrong with Junior Brother? Why is there suddenly so much blood?"

This reminder also alarmed everyone present. Everyone leaned over to take a look. They could sense that a shocking and extremely powerful spell was vaguely revealed in Ye Qiu's body.

"Hiss..." Lu Feng sucked in a breath of cold air and said, "Is Junior Brother Ye going to break through? What an astonishing aura. I'm afraid only a true immortal can do such a change in laws, right?"

Everyone was shocked, unable to figure out what Ye Qiu was doing. Where did his soul go? Once the technique of the Soul Travel Great Void was used, the soul was the main, and the true body was the secondary.

They could only see the changes in Ye Qiu's true body, but they couldn't feel the changes in Ye Qiu's soul.

Meng Tianzheng frowned and stared fixedly at Ye Qiu. He said with a solemn expression, "Junior Brother seems like he's comprehending some Great Dao of Heaven and Earth. This is the key to breaking out of the cocoon."

.....

At this point, he looked around and said, "Everyone, listen up. Guard this place tightly and protect your Martial Uncle Ye."

"As you wish."

When the disciples heard this, they hurriedly formed a formation and silently waited for Ye Qiu to return.

No one knew where his soul had gone. They only knew that he might have encountered his immortal fate and was at the critical moment of breaking through.

Returning to the bottom of the Abyss of Death, Ye Qiu silently sat cross-legged on the lotus platform under the thousands of restrictions. He was drenched in sweat and had a ferocious expression.

The Lord of the Forbidden Area told him the truth of the Great Dao while maintaining his power circulation.

"The sky is vast and boundless. If you want to break through the cage of fate, you have to sever off the roots first. The first severance will first sever the mortal thoughts."

Ye Qiu gritted his teeth and made up his mind.

"Sever!"

In an instant, he felt like his soul had been stripped away, as if something in his body had been cut open by Ye Qiu. His aura instantly underwent a tremendous change, and his entire temperament was like an immortal.

“The second severance will sever the past and never fall in love with the mortal world. It will only be for immortality.”

The Lord of the Forbidden Area’s voice sounded again. Ye Qiu felt that the power in his body couldn’t hold on anymore.

There was no turning back. Ye Qiu gritted his teeth and continued to shout.

“Sever”

Another consciousness peeled off his body. Ye Qiu severed the past twice, as if he had cut off all the grudges in the past. Its power rose another level and vaguely reached its peak.

The Lord of the Forbidden Area observed the changes in his body and revealed a satisfied smile. He was just short of this last severance.

“Using blood to build a foundation, three lifetimes to enter the Dao, third slash... the good and evil, right and wrong.”

Ye Qiu hesitated for a moment and asked, “What is good and evil?”

The Lord of the Forbidden Area replied, “The law of the Heavenly Dao has its own judgment of good and evil. If you remove this law today, from now on... the good and evil in your heart will be the only standard.”

Ye Qiu seemed to understand what this meant.

Everyone had a standard in their hearts to judge good and evil. Most of them had formed a relatively unified standard under the influence of the Heavenly Dao.

Ye Qiu wanted to break this standard today. From now on, good and evil will be decided by him.

“Sever!”

Without any hesitation, Ye Qiu severed another one.

At this point, a surging power instantly surged into his Life Spring. Ye Qiu felt that his entire soul had sublimated. The blood in his body was boiling and burning. A powerful force continuously filled his limbs and bones.

The Lord of the Forbidden Area said again, “Young man, you have already severed all the useless things on you. This is a good time to plant the Dao. Charge! Build your foundation with blood and open the world.”

As the Lord of the Forbidden Area finished speaking, Ye Qiu activated his full strength and began to burn the blood in his body. In less than a moment, the blood in his body seemed to have been burned dry. His body began to dry up and was extremely terrifying.

When the people from the Heaven Mending Sect surrounding Ye Qiu realized this, everyone panicked.

“This, this, this... Senior Brother, this situation isn’t right.” Qi Wuhui said in a panic. He looked at Ye Qiu’s true body in disbelief. It gradually dried up and his vitality slowly dimmed. He was completely flustered. Did Ye Qiu fail to break through?

At this moment, even Meng Tianzheng panicked. He didn’t know what this situation was, nor had he seen it before.

“What’s going on? Logically speaking, it shouldn’t be...”

Unable to figure it out, Meng Tianzheng paced back and forth, not knowing what to do.

All they could do now was wait silently. There was nothing they could do to help. They watched as Ye Qiu’s body was gradually hollowed out like a dried corpse. It was extremely terrifying.

At this moment, a huge force suddenly attacked. The sucked blood essence returned again.

“Hiss...”

This sudden change stunned everyone. They only saw the dazzling light in the sky under those terrified gazes.

The blood-red light illuminated this pitch-black world. It was as if it was raining blood.

“This... Deva Realm? Junior Brother Ye successfully broke through?”

Everyone’s expressions changed drastically. After a short shock, they were overjoyed.

“Heavens, my Heaven Mending Sect has finally produced an immortal after millions of years.”

Meng Tianzheng’s tears flowed. He finally saw this exciting moment with his own eyes. This was the moment that all the previous Sect Masters of the Heaven Mending Sect had been looking forward to day and night.

Ye Qiu had successfully broken through. This meant that this was the first time the Heaven Mending Sect had broken through the barrier between heaven and earth since the Chaotic Ancient Calamity. Their descendants had broken through to become immortals again.

This was a wish that no number of generations of hard work could achieve.

Under the chaos, three Dao Flowers bloomed, showing the appearance of three flowers gathering at the top.

In an instant, the darkness was illuminated! All the vengeful spirits were frightened by this light and washed away the resentment in their hearts.

“Sever off three roots and enter the Immortal Dao. Use your blood to build a foundation and then open the world.”

Ye Qiu held his breath and began to deduce the heavenly secrets. At this moment, his cultivation had already successfully broken through to the Deva realm and he could see the path he wanted to take in the future.

Three Lifetimes into the Dao?

The three Dao Flowers in his body seemed to have the will of nirvana, smelting the origin.
