Chapter 451: Nine Revolutions Golden Pill

“Master, this is...”

Lin Qingzhu and Zhao Wan'er immediately stood up in surprise when they saw Ye Qiu take out the Pure Flame Stone. They could feel that the terrifying power coming from the stone was not inferior to the power of an immortal medicine.

What kind of treasure was this to have such terrifying power?

The two of them were puzzled. Ye Qiu stood up and held this stone in his hand. He slowly explained, “This thing is the purest flame of heaven and earth, the Raging Pure Flame. It's a pure Yang object born in the Nine Nether. It burned on the path to the netherworld and ended the karma of life. It complements your Red Lotus Karmic Flame and is very suitable for you to absorb.”

After a while, Ye Qiu said, “This Raging Pure Flame was obtained by your mistress when she barged into the Nine Nether Forbidden Area back then. Because of the power it contains and the extreme Yang flames, ordinary people can't bear it, so they haven't used it.

“And your cultivation technique is just right for absorbing this Raging Pure Flame. Therefore, your mistress specially handed this to me and asked me to pass it to you.

“Take it. This is a token of your mistress's sincerity.”

Hearing this, Zhao Wan'er's heart trembled and she felt touched.

Ye Qiu looked at her and said, “Disciple, your mistress has always been thinking about you. Among them, you are the one she's most worried about. Your senior sister has already reached the peak of the Martial Monarch realm. She can become an immortal with another step.

“And your junior sister broke through to the Immortal realm earlier than any of you. Only you make us the most worried.

“Your mistress and I will not give up on either of you. This Raging Pure Flame contains endless power. As long as you completely absorb it and comprehend the true profundities within, it will not be difficult for you to become an immortal with your aptitude.”

At this point, Zhao Wan'er cried. She had always known very well that she was inferior to her senior sister and junior sister. She was touched that her master and mistress had never given up on her.

They did not abandon her or leave her. The gratitude in her heart surged into her heart. Unknowingly, her eyes were filled with tears.

Lin Qingzhu walked up and gently pulled her into her arms. She comforted her, “Silly girl, we're a family. No matter what happens in the future or what difficulties we encounter, Master, Mistress, and Senior Sister will be by your side.

“Take it quickly and cultivate well. I will always accompany you on the path to immortality.”

Hearing her senior sister's words, Zhao Wan'er broke down even more. She was very glad that she was lucky enough to meet such a good master, mistress, senior sister, and junior sister.

How could she not work hard when she had such good conditions?

"Yes, yes. Senior Sister, I will work hard. Master, I will not disappoint you and Mistress."

She nodded solemnly. She had already made up her mind to break through to the Martial Monarch realm.

Ye Qiu nodded in relief. Other than this Raging Pure Flame, Lian Feng had also left behind many treasures.

That was all for Zhao Wan'er. Ye Qiu gave it to her. Unfortunately, because these things were nominally given to Zhao Wan'er by Lian Feng, they did not trigger the return.

Apart from that, Ye Qiu didn't trigger the return when he used a Three Lives Golden Lotus to save the monkey's life. Because that time, it wasn't given to him, but directly used by Ye Qiu to save the monkey, so it didn't trigger the return.

However, it didn't matter. These things were useless to Ye Qiu.

Ye Qiu had an even bigger surprise.

"Alright."

Ye Qiu interrupted the silence in the hall and returned to his seat. He said, "Let's put Wan'er's matter aside for now. Qingzhu, let's talk about you now."

"Huh?"

As soon as these words were spoken, Lin Qingzhu's body trembled. *?I'm involved in this? Could it be that Mistress also left me a treasure?*

Ye Qiu pretended to smile mysteriously and said, "Disciple, I went into seclusion for several months to find a way for you to become an immortal. I've put in a lot of effort."

"Master."

Lin Qingzhu's heart trembled when she heard this. She was touched and didn't know what to say.

She did not doubt her master's love for her. She suddenly understood why her master had suddenly disappeared for so long. After returning, he entered Violet Cloud Cave Abode and went into seclusion for several months.

It turned out that her master had been running around for her and had not rested for several months.

For a moment, she did not know how to express it. Lin Qingzhu was incomparably touched and said with a trembling voice, "Master, I was incompetent and made you worry. I'm ashamed."

For a moment, her eyes were filled with tears like a little girl. Ye Qiu teased, "Haha, silly girl, although you're also a master now, in my heart, you've always been my good disciples. I'll still say the same thing. I won't give up on any of you, be it you, Wan'er, or Linglong."

The two of them nodded gratefully. They were very happy and warm.

Zhao Wan'er secretly ran up and curiously asked, "Master, don't keep me in suspense. Tell me, what treasure did you find that can help Senior Sister break through?"

Ye Qiu smiled faintly and took out a pill. In an instant, a shocking immortal power instantly covered the entire hall and spread to the entire Violet Cloud Peak.

Fortunately, Ye Qiu was controlling it. Otherwise, this immortal power would probably have affected the entire Qin Chuan.

As soon as this pill appeared, Lin Qingzhu and Zhao Wan'er's faces instantly turned pale with disbelief.

"This is..."

"The legendary Nine Revolutions Golden Pill?"

"Hiss..."

As an alchemist, no one knew better than Zhao Wan'er how terrifying this pill was. For a moment, she was scared silly.

"Master actually refined the legendary Nine Revolutions Golden Pill."

She could not believe that her master had really refined the legendary pill that could allow one to reach the heavens in a single step.

Speaking of this, Ye Qiu was also very regretful. According to the original plan, he wanted to refine two pills, but the current materials weren't enough to complete this condition. Moreover, the first time he refined it, he failed because of his lack of experience.

Therefore, Ye Qiu only refined one pill. According to Lian Feng's original plan, he decided to give this pill to Lin Qingzhu.

This was because she was the only one more suitable to eat this pill. Be it Ye Qiu or Lian Feng, they both thought that this pill should be given to her.

At this moment, Lin Qingzhu panicked when she saw this immortal pill.

"M-Master, this immortal pill is too precious. I can't accept it. Although my aptitude is limited, as long as I'm willing to work hard, I can still become an immortal. Master, you should keep this pill. You need it more than me."

Hearing his little darling say this, Ye Qiu's heart warmed. She was still the considerate little darling who always thought for her master.

If this was a male disciple, he would probably snatch it and eat it.

"Haha!"

Ye Qiu smiled in relief and said, "This immortal pill has excellent medicinal effects and no side effects. You just need one to break through. Moreover, the terrifying medicinal effect of the pill can also

improve your physique and comprehension. It's icing on the cake for me, but it's extremely helpful to you.

"Take it." Ye Qiu said sternly, not allowing Lin Qingzhu to resist.

You want to refuse? That won't do. How am I going to trap you if you refuse? That was impossible. I would never allow that to happen.

Chapter 452: Twelfth-grade Golden Pill

You want to reject me? Impossible. I'm still waiting to get rich.

Ye Qiu's expression was serious, and he was delighted in his heart. He was already prepared to suffer the stimulation of a high-critical return.

Hehe, calm down, calm down. I can't appear too excited. I had to pay attention to my image.

It had been a long time since he had trapped people like this. To be honest, Ye Qiu was really excited.

This Nine Revolutions Golden Pill wasn't very useful to Ye Qiu.

Its only use was to help mortals establish the Immortal Dao, enter the Deva realm, and become immortals.

At this moment, Ye Qiu had already reached the early-stage of the Perfected Immortal realm. He was an immortal to begin with, so he didn't need this Golden Pill to establish the Immortal Dao.

But Lin Qingzhu, on the other hand, happened to be stuck at this level. This golden pill could be said to be extremely suitable for her.

"Master, I..."

Lin Qingzhu felt ashamed when she saw her master's stern expression. Her master's words could not be resisted. She also understood that everything her master did was for her. However, this immortal pill was too precious. She really couldn't bear to let her master spend any more money.

"Sigh..."

Seeing that she was so determined, Ye Qiu immediately understood that it seemed like hard methods wouldn't work. He could only use soft methods. He knew his eldest disciple's personality very well. She was stubborn and rarely made her give in to anything she decided on.

She needed to be understood and reasoned with.

Ye Qiu sighed and said with a lonely expression, "Disciple, I don't have much time left. From now on, the heavy responsibility of Violet Cloud Peak will be handed over to you. I hope you can understand my good intentions.

"This burden was passed down to me by your grandmaster. This is our root. In this world, only by becoming stronger can you protect the pure land in your heart. I don't want this mountain to decline in the hands of us master and disciple. Do you understand?"

As soon as these words were spoken, Lin Qingzhu's body trembled. She felt a heavy weight on her body. She was used to having her master standing in front of her no matter what danger she encountered.

But now, she heard from her master that he would be leaving soon. At that time, all the safety of this mountain range would fall on her alone.

"Master, I understand." Lin Qingzhu said firmly with teary eyes. She wanted to shoulder this heavy responsibility and protect her junior sisters.

Just like how her master protected them and did not let them suffer any harm.

Ye Qiu was secretly delighted when he saw the change in her expression. He knew that it was already half-settled.

Then, he sighed and said, "The mortal world is in chaos. The situation is chaotic. There are internal struggles between the various races, and there are strange forces eyeing us from the outside.

"Under such circumstances, if you want to be safe, you can only become stronger to protect yourself.

"This immortal pill is a trace of immortal fate that I found for you after experiencing countless hardships and exploring various forbidden lands.

"Don't disappoint me, and don't disappoint your junior sisters. Do you understand?"

As soon as these words were spoken, Lin Qingzhu could no longer hold it in. No matter how strong a person's heart was, they could not withstand such sugar-coated attacks.

"Master, don't say anymore. I'll listen to you."

Finally, she accepted this immortal pill. It was because of Ye Qiu's last sentence. She did not want to disappoint her master and her junior sisters.

A trace of evil suddenly flashed across Ye Qiu's heart when he saw her crying.

"Did I go overboard? A good girl was forced to cry by me."

Ye Qiu kept asking himself in his heart. He felt guilty, but there was no other way to achieve his goal.

Gently stroking his eldest disciple's beautiful hair, Ye Qiu comforted her, "Alright, I'm very gratified that you can understand this principle. At least I know that my disciple is a responsible person. I look forward to continuing my master-disciple relationship with you in the Upper Realm in the future."

"We will, Master. We will definitely cultivate well and strive to ascend as soon as possible to charge with Master and Mistress."

The two disciples promised firmly with teary eyes. It was as if their separation was today. They found it difficult to accept.

Ye Qiu laughed in his heart and silently watched all of this. Then, he handed the Nine Revolutions Golden Pill to Lin Qingzhu. This time, she didn't resist and smoothly took the Golden Pill.

Looking at their sincere gazes, Ye Qiu smiled as if he had let go.

“Alright, you guys can leave. Don’t forget your promise to me. Cultivate well.”

“Alright, we’ll take our leave.”

The two of them supported each other and left the Qianqing Hall. They needed to digest the mixed emotions in their hearts.

Ye Qiu was extremely worried about them. However, the time to leave was approaching, so he had to make arrangements in advance.

After they left, Ye Qiu rubbed his hands together. His heart, which had just calmed down, instantly became excited again.

“Hehe...”

“System, I’m here.”

“Quick, quick, quick. I can’t be emotional for so long for nothing. This time, you have to give me a high critical hit no matter what.”

[Ding...]

[You gave your disciple a Nine Revolutions Golden Pill, triggering a Critical Hit Return.]

It’s here, it’s here. It’s been a long time.

Ye Qiu didn’t know how long it had been since he heard this voice.

Because he had been busy with other things some time ago, he had never thought about trapping the children.

Moreover, he did not have any valuable treasures to trap the children with. Most of them were treasures that had already been trapped once and could not be triggered by the system.

It wasn’t easy for him to refine a Nine Revolutions Golden Pill. He had to make good use of it this time.

“Come on, come on, activate it for me.”

Ye Qiu couldn’t suppress his excitement and said anxiously.

[Ding... congratulations, you have triggered 5,000 times critical hit.]

“F*ck, I’m rich, I’m rich. Five thousand times.”

Ye Qiu couldn’t sit still anymore. Five thousand times! Five thousand times the Nine Revolutions Golden Pill! What kind of concept was that?

Not to mention five thousand times, even two or three times the Nine Revolutions Golden Pill would be enough for Ye Qiu to enjoy for a long time.

Five thousand times? His happiness doubled and he soared into the sky.

“Haha, awesome, too awesome. I’m definitely going to be rich this time.”

Ye Qiu couldn’t remain calm anymore. He silently waited for the system to draw the prize.

There was a ding.

[Congratulations, you have triggered 5,000 times critical strike and obtained a twelfth-grade golden pill.]

“Twelfth-grade Golden Pill. F*ck.”

Ye Qiu was instantly shocked and stood up from his seat.

Twelfth-grade Golden Core?

What kind of concept was that? He could just soar to the top with this.

According to the system’s explanation, other than the rare treasures that grew under the chaos and the longevity medicine that absorbed the essence of the sun and moon and the nebulous Primordial Qi, only level twelve was the highest among the treasures that could be refined in the mortal world. In other words, this immortal pill had already reached the limit.

“Oh my god, I’ve made a fortune.”

At this moment, Ye Qiu couldn’t hold it anymore. He only needed one twelfth-grade Golden Core. It wouldn’t be long before he could break through again and reach the legendary Endless realm.

Chapter 453: Arranging the Matters

[Host, do you want to take out the immortal pill?]

As the system notification sounded, Ye Qiu immediately said, “Take it out.”

In a moment, his right hand emitted a shocking golden light. As the surprised runes flowed, a golden pill appeared in Ye Qiu’s hand.

That terrifying immortal power instantly filled the entire hall. Fortunately, Ye Qiu had set up a concealment array in time. Otherwise, it would definitely cause chaos in the world when this immortal power leaked out.

“Hehe, twelfth-grade Golden Pill? Good, good. Unfortunately, I just broke through and my mental state is still unstable. Otherwise, I would be able to reach the Endless Realm after eating it.”

Ye Qiu didn’t plan on eating it directly. Instead, he put away the immortal pill.

This immortal pill had miraculous abilities. One only needed one pill to defy the heavens and change fate. He needed to stabilize his foundation and consolidate his mental state. Otherwise, he would only waste the power of this immortal pill.

In the next few days, Ye Qiu stayed in the Qianqing Hall to consolidate his mental state.

The current Great Desolate World had erupted with bloody battles one after another because of the appearance of the path to immortality. More and more dazzling young talents appeared on the stage of the path to immortality.

During this period of time, Ye Qiu had also entered the immortal path to observe. That battle could be said to be earth-shattering.

However, Ye Qiu had no intention of interfering in their battle. He could only feel pity for those failures who unfortunately died on the path to immortality.

Ye Qiu had always believed in philosophy. Without experiencing the baptism of blood, one was destined to be unable to withstand the wind and rain. Only under such cruel competition could more people show their unique light.

After returning from the path to immortality, Ye Qiu went to the Jade Pure Hall and told Meng Tianzheng about his matters.

Early in the morning, the breeze was calm. The sound of insects came from the forest, quiet and comfortable.

Ye Qiu, Meng Tianzheng, and Qi Wuhui stood on the mountain. They looked at the mountains and rivers in the storm and felt touched.

After an unknown period of time, Meng Tianzheng said, "Junior Brother, you've already handed over everything, right? When are you leaving?"

Qi Wuhui also looked over. Actually, they all had a premonition and knew very well that the day Ye Qiu left was very close.

However, he never said anything, and no one asked. They were silent.

Ye Qiu turned around and looked at the mountain behind him. He had mixed feelings about that familiar orthodoxy.

On the misty Heavenly Water Peak, the lonely woman sat silently under the Ginseng Fruit and comprehended the Dao. A year had passed.

"Sigh..."

Ye Qiu suddenly felt disappointed. Little Senior Sister should have accompanied him the longest.

However, for some reason, she seemed to have become a completely different person after waking up that time. Or perhaps she really understood the meaning of the Heavenly Dao being heartless.

She understood that she couldn't catch up to Ye Qiu and was destined not to be the closest person to him to accompany him on his journey.

Therefore, she chose to avoid Ye Qiu and never see him again.

Ye Qiu could understand the pain in Ming Yue's heart. He wanted to help her many times, but she was stubborn and refused to accept Ye Qiu's help. She wanted to use her talent to walk her own path. Although he did not know how far she could go in this path, she still resolutely chose to walk it.

Ye Qiu respected her choice. He could only silently cheer for her in his heart, looking forward to reuniting with her in the Immortal World in the future.

“It’s about time!”

Shaking his head, Ye Qiu continued, “I’ve already handed over everything. If nothing unexpected happens, it’ll be within the next few days.”

Hearing this, Meng Tianzheng and Qi Wuhui’s hearts trembled at the same time. For a moment, they were at a loss for words.

In the end, he still had to leave. He had to leave this place where he had lived for many years, leaving his senior brothers and martial nephews. He did not belong here. There was a wider world waiting for him to conquer.

Meng Tianzheng knew very well in his heart. He sighed and blessed from the bottom of his heart, “Junior Brother, I wish you a safe journey.”

Qi Wuhui also sighed. He suddenly thought of something and asked curiously, “By the way, Junior Brother, how are you going to ascend?”

This was a very important matter. The two of them knew very well that although Ye Qiu hadn’t ascended, he had already offended many people in the Upper Realm. Once he ascended, there would definitely be mighty figures attacking him. If he fell into the other party’s trap, Ye Qiu would definitely die.

When Qi Wuhui mentioned this problem, Meng Tianzheng also became nervous.

Ye Qiu smiled. Before this, he had already thought of everything. How could he not know his situation? He was surrounded by enemies. It was easier said than done to ascend safely.

Therefore, the best way was to sneak in without alerting anyone.

There were two benefits to doing this. The first was that he could avoid the sight of most enemies.

The second advantage was that no one in the lower realm knew about Ye Qiu’s ascension, so they believed that he was still in the mortal realm. Those who were uneasy didn’t dare to move.

Ye Qiu knew very well that many people were waiting for him to ascend.

Once he left the lower realm, he would no longer be able to suppress those people. The flames of war would instantly rise in the Great Desolate World again, and the plundering and killing would continue. At that time, it would definitely be another bloody storm.

Therefore, Ye Qiu didn’t plan on telling anyone and prepared to leave silently.

“Haha, Senior Brother, you don’t have to worry about that. It’s a secret when and how I leave. Oh right...”

At this point, Ye Qiu suddenly thought of something and instructed with a solemn expression, “After I leave, pay special attention to the movements of Mount Yao. I have a feeling that once I leave the lower realm, Mount Yao will definitely rise. Perhaps it will be a difficult challenge for you. You have to be especially careful.”

“What?”

“Mount Yao?”

Meng Tianzheng and Qi Wuhui were stunned. Then, Ye Qiu told them the secret he saw on Langxi Peak. After knowing such a secret, their expressions instantly changed and they took a deep breath.

“Borrowing Life Technique, Ancient Torch Dragon?”

Meng Tianzheng’s expression was serious. He analyzed carefully and said, “If that’s the case, once the Torch Dragon revives, it will definitely be a huge disaster for the mortal world. Junior Brother, did you really see it clearly?”

Ye Qiu nodded. He had been thinking about this matter and the consequences. However, there were too many things to do in front of him. He did not have the mood to care about Mount Yao, so he put it aside for the time being.

Although this Torch Dragon had a huge impact, Ye Qiu had secretly done something back then. Perhaps it would be of great use in the future.

“Alright! In any case, you just have to pay attention. I’ve said what I need to say. Senior Brothers, we’ll meet again in the future.”

After saying that, Ye Qiu turned around and left. That sentence of ‘we’ll meet again’ landed heavily in Meng Tianzheng and Qi Wuhui’s hearts.

It was easy to say, but would they meet again? With their talent and aptitude, they would probably never meet again.

This separation was destined to be eternal.

“Sigh...”

With a sigh, the two of them watched Ye Qiu leave the mountain silently.

Chapter 454: Changes

On the Langxi Peak in the extreme north, the aurora shone.

The aurora that bloomed in the north seemed to illuminate the entire world. A huge beast that had been sleeping for many years woke up from its sleep.

In an instant, the world suddenly changed color. Everyone fell onto the vast snow and welcomed the most terrifying beast in the world to revive from the darkness.

“Roar!”

A dragon’s roar sounded. A man in luxurious clothes suddenly flew out from under the ice cave. His face was pale and he was shockingly vicious. An evil aura surrounded him.

“Haha!

With a loud laugh, the veins on Hua Feiyu's face bulged. His eyes were filled with evil as he felt the violent power in his body and fell into madness.

"Torch Dragon? You're finally under me. This destructive power is really exciting."

After many years of hard work, he finally successfully occupied the main body and possessed the power of the Torch Dragon.

Currently, he was incomparably confident and had a feeling of swelling that he had never felt before. It was as if no one in the world could threaten him anymore. He had already completely grasped the Borrowing Life Technique of Mount Yao. Right now, his strength had increased greatly and was no longer the same as before.

"Welcome, Your Highness!"

As Hua Feiyu appeared, the entire Langxi Peak, tens of thousands of Mount Yao's disciples and elders knelt down in unison and shouted.

That scene was extremely spectacular. Those who didn't know would think that some mysterious ceremony was being held on the peak.

Looking down at the disciple of Mount Yao who was kneeling at his feet, Hua Feiyu smiled evilly. With a wave of his hand, he used a supreme immortal technique.

In an instant, countless disciples of Mount Yao felt an incomparable power pour into their bodies.

That was the blessing of the Torch Dragon. An extremely terrifying power actually increased the strength of all the disciples of Mount Yao by several times in just a moment.

"Haha!"

Seeing this scene, even Hua Feiyu laughed loudly. He was completely convinced by his terrifying methods.

"Ye Qiu, it's time to settle our scores."

After calming down, he said in an incomparably gloomy low voice. He had endured humiliation for a long time and experienced all kinds of hardships. He had fought with the Torch Dragon for the sovereignty of his body just for this day.

What he didn't know was that in a forest dozens of miles away from Langxi Peak, a few Heaven Mending Sect disciples were secretly observing.

One of the disciples said with a solemn expression, "Martial Uncle Ye is right. There's indeed a huge commotion on Mount Yao. Look at this formation. It's too terrifying. Quick, return to the mountain immediately and report to the Sect Master. Tell him what happened here truthfully."

The few people behind him did not hesitate. The moment they received the order, they flew in different directions and left the North.

However, just as they were about to leave, a huge dark hand silently stretched over.

“Not good, I’ve been discovered.”

The disciple from the First Peak was the first to react. He could not understand why they had been discovered even though they had hidden so deeply dozens of miles away.

“Haha, so it’s a bastard from the Heaven Mending Sect. I thought it was someone else. How sneaky. Yes, this is very in line with the Heaven Mending Sect’s style.”

A man in white slowly walked out from the darkness. The person who came was none other than Gongsun Baiyu of the Immortal Mountain. He did not die. Last time, he was lucky enough to escape from Lin Qingzhu and was saved by his ancestor.

However, what was puzzling was why he was at Mount Yao.

The disciple of the First Peak could not figure it out, but there was no time for him to think. He turned around and saw that the other fellow disciples had already left. However, he did not know if the other party had arranged for anyone to pursue them. Everything was very confusing now, so he could only leave it to fate.

“Hmph, I didn’t expect your Immortal Mountain to interfere. It’s quite surprising.”

Facing the question of the disciple of the First Peak, Gongsun Baiyu smiled faintly and slowly raised his right hand. “Dead people don’t need to know too much. You should go on your way.”

In an instant, a palm suddenly slapped down. The disciple of the First Peak could not even resist and was instantly severely injured.

“Pfft...”

The First Peak disciple spat out a mouthful of blood. His face was pale, and his meridians were damaged. A few of his bones had been broken.

“Damn it, this guy’s strength is too shocking. I’m not his match.”

He quickly made a judgment in his heart and instantly emitted an extreme light.

“A counterattack before death? Haha... Interesting. In front of absolute strength, any struggle is prolonging your pain.”

Gongsun Baiyu sneered and didn’t care at all. Unexpectedly, his face turned ashen in the next second.

“Immortal Mountain, I will remember today’s grudge. I don’t have time for you guys today. Goodbye.”

When the light dissipated, there was no one on the ground. A voice came from afar and disappeared along the snow under his feet.

“Teleportation?”

Gongsun Baiyu’s face was ashen and ugly as he looked at the empty snow. Because of his arrogance, a person who was about to die had escaped.

For a moment, the humiliation in Gongsun Baiyu’s heart surged. He said ruthlessly, “How dare you show off your insignificant skills in front of me. I want to see how you escape from my hands today.”

Swish...

As soon as he finished speaking, the white figure flew in a direction like a cannonball.

The Heaven Mending Sect's teleportation was indeed something. Hiding underground was like setting up a confusion array. Not only could he confuse his opponents and confuse them by sending out eight clones in eight directions at the same time, but his concealment methods were also astonishing.

This secret technique was left behind by Daoist Xuantian back then, a special method to spy on the enemy by the Heaven Mending Sect. It usually didn't seem to be of much use, but at critical moments, it often produced unexpected effects.

On the snowy night, a chase began on the snowfield. Several Heaven Mending Sect disciples were intercepted and killed. They all displayed their extraordinary abilities and displayed their astonishing escape methods.

For a moment, the entire snow mountain became lively.

However, this chaos lasted until late at night before calming down. As for the Heaven Mending Sect disciples, it was unknown if they could escape.

At this moment, in the void, a ferocious beast suddenly opened its eyes. He woke up in the chaos and felt a strange aura appear in the void.

"He's here?"

The White Tiger Li Tian and waited for several months just to wait for an acquaintance to appear.

He vaguely felt that aura just now, but it quickly dissipated. His eyes emitted a blood-colored light. He opened his evil eyes, wanting to see the true situation under the chaos, but he realized that there was no one.

"Could it be an illusion?"

He couldn't help but ask himself. He looked at the lower realm and saw that it was calm. The uneasiness in his heart gradually relaxed.

"Hmm, looks like it's really an illusion. With his reputation, if he ascends, he will definitely attract the attention of the world. It's impossible for him to be so quiet. Besides, based on my understanding of him, this person is proud and arrogant. How could he sneak into the Upper Realm so silently?"

He pushed away the doubts in his heart and continued to sleep, waiting slowly.

But what he didn't know was that at this moment, the person he had been waiting for had silently passed through that defense line.

Chapter 455: Qi Wuhui Who's Killing

Ye Qiu looked down at the white tiger lying on the Immortal Ascension Road and secretly heaved a sigh of relief.

“This old thing is indeed waiting for me. Sigh... Unfortunately, I’m still better. Goodbye, we’ll meet again if fate allows it.”

It wasn’t easy for him to escape the heavy search. Ye Qiu finally passed through the most difficult moment. The worried heart in his heart finally relaxed.

When he passed through the Immortal Ascension Road just now, he could feel that there seemed to be many eyes watching him. He could feel that not only was there White Tiger Li Tian, but many mysterious experts were also watching this place.

Fortunately, Ye Qiu had a Qiankun Cauldron. He used a concealment technique to sneak in. He only exposed his aura for a short period of time in the Immortal Ascension Path, but it quickly dissipated.

They might have already been alerted, but by the time they reacted, Ye Qiu had already secretly left.

Ye Qiu knew that his current identity was very sensitive, so he had no choice but to use this method to sneak in. He secretly ascended while everyone thought that it was impossible for him to ascend.

It wasn’t that Ye Qiu was afraid of Li Tian, but there were too many experts watching this place from afar. Once he was exposed, he might be consigned to eternal damnation. The gains wouldn’t make up for the losses.

As for White Tiger Li Tian, although he was also a Heavenly Venerate expert, Ye Qiu had the Kun Peng Treasure Technique. As long as he wanted to leave, Li Tian couldn’t do anything to him.

After leaving the void, Ye Qiu headed straight for the sea of stars. It was a map circling in the void.

It was said that this was originally a complete world under the vast and boundless chaos. Because of the chaos in Immortal Ancient, it was shattered into pieces and divided into the current Nine Heavens and Ten Lands.

After passing through a layer of turbulence, Ye Qiu arrived at a piece of land filled with flames.

This was Li Fire Heaven! A land filled with blazing flames and the flames of hell.

The living beings living on this land more or less had some mysterious fire characteristics.

After stepping onto this land, Ye Qiu quickly adapted to the change in aura and fused in. This was because he already had the strongest flame in the world, the Red Lotus Karmic Flame.

Therefore, flames of this level had no effect on him.

Ye Qiu left a footprint in the depths of the magma and secretly calculated.

Walking from that volcano, he encountered many strange creatures. Their strength was very terrifying, and their methods were very special.

Considering the sensitive problem of his identity, Ye Qiu came to a steaming hot pool. He pinched his face and thought of his plan.

“Hmm... Looks like this face can’t be used for the time being. Now that I have enemies on all sides, it’s better to develop shamelessly before I can ensure a stable footing.”

After muttering to himself, Ye Qiu casually pinched his face and cast a spell.

That handsome face instantly became another person.

Now that the disciples of the Heaven Mending Sect were here, if one looked carefully, they should be able to tell that this face was familiar. If they looked closer, they might be shocked.

They would exclaim, "F*ck, Martial Uncle Qi?"

That's right, the new image that Ye Qiu created was the young Qi Wuhui.

Because his identity was too sensitive, Ye Qiu had no choice but to consider using the appearance of others. After weighing it, he finally chose the identity of Qi Wuhui. It was because he was handsome. Moreover, his conscience would not hurt if he used Qi Wuhui's face to do some heartless things.

Presumably, Qi Wuhui wouldn't feel any pain, right?

"Haha... Nine Heavens and Ten Lands, I, Qi Wuhui, am here."

The more he looked at this face, the more scheming Ye Qiu became. *It was too f*cking awesome. I'll declare to everyone here that no matter what I do in the future, it has nothing to do with me. That was all done by Qi Wuhui. It was him. He was such a person.*

Perhaps Qi Wuhui, who was in the lower realm, did not realize that his reputation would completely shake the entire Nine Heavens and Ten Lands, making people tremble in fear even though he had yet to ascend to the upper realm.

How could this make sense?

I, Qi Wuhui, have to bear all the bad things. But Ye Qiu had enjoyed all the good things. Did Qi Wuhui feel bitter? He didn't know. In any case, Ye Qiu was quite comfortable now.

"Hehe, Senior Brother, I'm sorry! I'm also thinking for you. Who knows, when you ascend one day, others will hear that you're Qi Wuhui. They'll be so scared that their legs will go limp. How awesome will that be? You should thank me."

Ye Qiu silently persuaded himself not to feel guilty and to do whatever he wanted.

After tidying up his makeup, Ye Qiu embarked on his first day of travel.

As soon as Ye Qiu left the sea of flames, a few people immediately appeared behind him. They squatted on the tracks he had just stopped and searched.

Ye Qiu, who was hiding in the dark, broke out in cold sweat. Fortunately, he was fast enough. He didn't expect these people to be so agile.

"Hey, who are you? Why are you hiding here?"

Just as Ye Qiu was thinking to himself, an extremely domineering voice came from behind him. He turned around and saw that it was actually an extremely hot-tempered beauty in a fiery red dress.

Ye Qiu was secretly shocked when he saw that there were dozens of subordinates behind her, each with unfathomable strength.

From the information gathered so far, this person must have a powerful background. Otherwise, he wouldn't have brought so many bodyguards with him.

After thinking for a moment, Ye Qiu immediately replied with a smile, "I am Qi Wuhui. Greetings, beautiful lady."

"Oh, you're quite sweet."

Ye Qiu's opening sentence made that little beauty speechless. Her good impression of him immediately multiplied. *This person has good taste. He immediately discovered that I was different. I admire him.*

"Qi Wuhui? This name is interesting. No regrets, no regrets... Hmm."

Yaya sized up Ye Qiu. The more she looked at him, the more unfamiliar he looked. She then looked at the group of people not far away and felt puzzled.

"Judging from the change in your aura, you don't seem to be from my Li Fire Heaven, right? Tell me, where you came from and which immortal mountain you cultivate on. Otherwise, I'll kill you."

Ye Qiu was shocked by Yaya's pretended fierce expression.

Were all the customs in the Nine Heavens and Ten Lands so violent? They wanted to kill someone just because of a disagreement? Damn, this was much more ferocious than the Great Desolate World.

Ye Qiu didn't know how to explain.

Could he tell these people that he had just sneaked into the upper realm?

That would probably expose him in advance. After thinking for a while, Ye Qiu stammered, "I am... from Heaven Mending..."

Oh no, he suddenly forgot the name of the Heaven Mending Sect's orthodoxy in the Upper Realm.

When Ye Qiu mentioned the word Heaven Mending, Yaya's eyes suddenly lit up and she exclaimed, "You're a disciple of the Heaven Mending Pavilion?"

"Hmm?"

She understood?

Ye Qiu's eyes lit up. So this Heaven Mending Pavilion was so famous in the Upper Realm. This made things easier.

"Ah, right, right, right. I'm a disciple of the Heaven Mending Pavilion."

How wise. You guessed it before I even spoke. If I had known that the name Heaven Mending Pavilion was so useful, I wouldn't have needed to hide. I miscalculated.

Chapter 456: A Little Confused

However, Ye Qiu wasn't happy for more than a few seconds before his smile froze.

When Yaya heard that Ye Qiu was a disciple of the Heaven Mending Pavilion, she was delighted and immediately shouted, "In that case, you know where the Heaven Mending Pavilion is? Quick, bring us there."

"..."

At this moment, Ye Qiu cursed in his heart.

Oh, you're too much. Who knows where the Heaven Mending Pavilion is? I just arrived. How can I know if you don't?

Ye Qiu cursed in his heart. How should he answer this question? He looked at Yaya and the followers behind her with confusion. Logically speaking, since the Heaven Mending Pavilion was so famous, everyone should know where its orthodoxy was. How could they not know?

Confused, Ye Qiu probed, "Why are you going to my Heaven Mending Pavilion?"

"Of course it's to enter the orthodoxy to cultivate. Do you need to ask? You're so stupid.

"Everyone in the world knows that the Heaven Mending Pavilion is the supreme orthodoxy of the Nine Heavens and Ten Lands. It is rich in resources and powerful. If you enter this orthodoxy, you can cultivate the Dao of Longevity.

"However, the Heaven Mending Pavilion has always been mysterious and low-key. They hide on the immortal mountain and don't enter the mortal world. If not for an acquaintance leading the way, we wouldn't be able to find their orthodoxy.

"We've strolled around the Nine Heavens and Ten Lands several times, but we still haven't seen any traces of the Heaven Mending Pavilion."

Speaking of this, Yaya was a little depressed. She was the princess of the empire, and even a supreme existence.

At home, her father had arranged for many powerful teachers to teach her immortal techniques. However, she was competitive and wanted to experience the hot-blooded struggle of competing with her peers.

Therefore, she chose to join the Immortal Holy Land and cultivate and comprehend the Dao like the others.

After some selection, she chose this mysterious and powerful Heaven Mending Pavilion because she firmly believed that only this orthodoxy could teach her true skills.

Coincidentally, her father also had the intention to befriend the Heaven Mending Pavilion, but he never had the chance. Therefore, when she suggested joining the Heaven Mending Pavilion and becoming a member of the Heaven Mending Pavilion, her father agreed almost without hesitation.

Unfortunately, the Heaven Mending Pavilion never made it public when they recruited disciples. They only talked about fate.

Therefore, very few people knew where the true address of the Heaven Mending Pavilion was.

They wandered back and forth between the Nine Heavens and Ten Lands, but they did not find this mysterious holy land.

How could she not be happy when she heard that Ye Qiu was actually a disciple of the Heaven Mending Pavilion? As long as Ye Qiu was willing to bring her up the mountain, she was confident in passing the difficult entrance test.

She would then become a disciple of the Heaven Mending Pavilion.

Hearing her explanation, Ye Qiu vaguely guessed something and immediately understood.

“I see... Heaven Mending Pavilion, hmm... interesting.”

The corners of Ye Qiu’s mouth curled up into a faint smile. His interest was gradually piqued.

Ye Qiu knew very little about the Heaven Mending Pavilion’s orthodoxy in the Upper Realm. He only knew that the Heaven Mending Sect in the lower realm was the continuation of the Heaven Mending Pavilion.

That was the inheritance left behind by the First Elder of the Heaven Mending Pavilion in the lower realm back then. It was an orthodoxy passed down with the concept of nurturing outstanding talented disciples.

In terms of bloodline, the Heaven Mending Sect in the lower realm was actually a small branch of the Heaven Mending Pavilion.

In name, he was indeed a disciple of the Heaven Mending Pavilion.

However, where was the Heaven Mending Pavilion? Ye Qiu really didn’t know.

Ye Qiu could roughly hear something from Yaya’s words. It was probably that the Heaven Mending Pavilion in the Upper Realm was more mysterious. They kept a low profile and didn’t reveal themselves. Therefore, no one even discovered their orthodoxy.

After considering it, Ye Qiu said regretfully, “I’m sorry, beautiful lady. I can’t bring you back to the mountain.”

“Why?”

Yaya immediately panicked. She had gone through countless hardships and searched for so long. It was not easy for her to meet a Heaven Mending Pavilion disciple, so she did not want to give up just like that.

Ye Qiu shook his head and replied, “I’m really sorry. I can’t tell you. This is the order of my sect. I don’t dare to go against it.”

As soon as these words were spoken, Yaya became even more depressed. Of course, she knew that the Heaven Mending Pavilion had strict rules.

Since it was a sect order, she couldn’t make things difficult for Ye Qiu. This might harm him.

“Fine.”

Yaya heaved a sigh of relief and felt very wronged. When the subordinates behind her saw this, they were a little angry. Someone immediately stepped forward and said, "Kid, do you know who she is?"

"She is our Heavenly Fire Empire's Princess Yaya. Our Princess Yaya joining your Heaven Mending Pavilion is giving you face. Don't be ungrateful."

As soon as these words were spoken, the atmosphere instantly changed. The smile on Ye Qiu's face immediately disappeared.

Yaya was even more shocked. She turned around to look at the attendant and berated, "Shut up. Who gave you the guts to be so rude?"

Before she left, her father had repeatedly reminded her that the Heaven Mending Pavilion was powerful, like an epic beast before the chaos, able to destroy the existence of the empire in an instant. She must not be rude.

Yaya did not need to think to know how terrifying the Heaven Mending Pavilion was to be able to make her father so respectful.

The attendant in front of her was so rude that Yaya was really shocked.

As for Ye Qiu, he was also shocked just now. Yaya caught the change in his expression. However, she subconsciously thought that it was Ye Qiu's angry expression.

How could she have thought that Ye Qiu was really frightened just now?

"Damn, this person is a little fierce. No, no. Looks like I have to find an excuse to escape."

Ye Qiu still didn't understand many things since it was his first time here. He didn't dare to be too jumpy for the time being. Moreover, the dozen or so servants in front of him were all extraordinary. There was even an old man among them. Ye Qiu couldn't see his cultivation at all.

According to his preliminary estimation, he should have reached the Endless Realm, right?

It wasn't that Ye Qiu was afraid of him, but he didn't know the other party's methods. It was better to be careful.

In any case, Ye Qiu had a philosophy now. He would hide if he could and run if he couldn't. He would maintain this concept until the finals.

"Princess, I..."

The attendant was clearly shocked by Yaya's reprimand. He stammered and muttered.

Ya Ya glared at him and shouted, "Get lost."

This cold snort scared the attendant half to death and he hurriedly ran down.

At this moment, the old man who had been silent behind her finally walked out.

"Alright, Princess, since this young friend from the Heaven Mending Pavilion is unwilling to tell us, we can't force him."

As he spoke, the old man slowly walked in front of Ye Qiu and revealed an amiable smile. He apologized softly, "Young friend, I'm really sorry. I was rude and offended you just now. I'll apologize to you here."

"Haha, it's fine, it's fine."

Ye Qiu smiled insincerely. At this moment, he felt the old man's right hand gently placed on his shoulder.

In an instant, a force surged over. Ye Qiu was shocked.

Good lord, you want to test me?

Chapter 457: Enough Is Enough

Ye Qiu was instantly amused. He had thought that this old man looked amiable and should be a good person. He didn't expect his next move to be to personally test him.

Ye Qiu immediately became interested. Since the other party was already so rude, he didn't need to be polite.

Damn it, I originally wanted to get along with you as an ordinary person. I didn't expect this to happen.

No more pretending. I'm laying my cards on the table.

In an instant, the immortal power in Ye Qiu's body surged, and a violent flame aura appeared. It was the Red Lotus Karmic Flame.

In less than a moment, the old man's aura instantly disintegrated. Ye Qiu didn't move and only smiled.

In an instant, the smile on the old man's face stopped, and the expressions of everyone around him changed.

How could they not see that the two of them were competing with each other? Immediately, everyone became nervous.

They respected this old man from the bottom of their hearts because his strength had an extremely high status in the empire.

As for Ye Qiu, he was a disciple of the Heaven Mending Pavilion. Although he was young, they had all heard that the disciples of the Heaven Mending Pavilion were extremely terrifying in the younger generation. His strength was not inferior to the experts of the older generation at all. He was a true peerless genius.

Although they didn't know Ye Qiu's identity, from his performance, he might be one of them.

In this competition, Yaya saw it the most carefully. She was also close and could clearly feel the violent power in Ye Qiu's body.

She was secretly shocked.

"This person looks so young, but his strength is so terrifying. Even Uncle Ling can't suppress him? That's an Endless Realm expert. How is it possible?"

Yaya couldn't believe what she saw. She originally thought that Ye Qiu was just an ordinary Heaven Mending Pavilion disciple.

From the looks of it, this refined, easygoing, approachable young man in front of her was not as simple as she looked.

She was even more shocked in her heart. As far as she knew, all the geniuses in the world had the same personality: they were arrogant.

Almost all geniuses had such a temper, but she couldn't feel it from Ye Qiu.

"Qi Wuhui. I've never heard of this name before. From his strength, he shouldn't be so unknown."

For a moment, Yaya was completely confused. She thought for a long time but could not think of such a stunning disciple in the Heaven Mending Pavilion.

The only explanation was that Qi Wuhui was the same as the Heaven Mending Pavilion. He kept a low profile and did not like to stand out. Therefore, he was unknown.

From the looks of it, Yaya's desire to enter the Heaven Mending Pavilion became even more firm. Because only by being in a world filled with geniuses could she have better motivation to improve.

This battle began. Ling Yunzi used 50% of his aura but still couldn't suppress Ye Qiu. He was more or less surprised.

He looked at Ye Qiu with interest, "I didn't expect you to have such a deep Dao technique at such a young age. I'm very surprised."

"Haha, it takes one to know one."

Ye Qiu smiled faintly and looked straight into his eyes. He secretly restrained his aura. He didn't want to expose his strength too much. He only needed to let the other party know that he wasn't an ant that could be controlled by others.

Unexpectedly, just as he restrained his strength, the other party suddenly increased his strength.

"Hmm?"

At this moment, a trace of killing intent flashed across Ye Qiu's eyes. He was furious.

The other party was pushing his luck. Clearly, he was not going to give up until he had him under control today.

The anger in his heart slowly rose. Ye Qiu had roamed the Great Desolate for so many years, when had he ever been afraid of others? It was not that he did not have pride, but he liked to hide himself most of the time and appear too friendly. The effect was that everyone felt that he was easy to bully.

"Enough is enough."

Ye Qiu's eyes turned cold as he looked at Ling Yunzi. In an instant, the power in his body erupted.

In less than a moment, a terrifying power surged out. The world suddenly changed color, and the wind and clouds changed.

Ling Yunzi was shocked. He felt as if his right hand had been devoured by a terrifying flame, emitting intense pain.

Ling Yunzi suddenly retracted his hand and looked at Ye Qiu in disbelief. He, an Endless expert, was actually injured by a junior just by probing? He could not accept it, but at this moment, he was more terrified.

Although the ball of flames had flashed past just now, he still felt that it was a special kind of flame of extremely high grade.

Even his Infinite Dipper Energy could not resist it and was instantly disintegrated by the other party.

Taking a deep breath, Ling Yunzi did not dare to advance again. He could feel that the other party had already wanted to kill him. If he dared to be rude again, the other party might really fight him to the death. At that time, it would be difficult to clean up the mess.

“Haha!

Laughing to hide the embarrassment of his failure, Ling Yunzi praised, “Young friend, you’re really a young hero with extraordinary strength. I’ve finally opened my eyes today. I’m impressed, impressed.”

Ye Qiu looked at him thoughtfully. After a while, he suddenly laughed and returned to his previous elegant demeanor.

“Haha, Senior, you flatter me. I’m just an ordinary disciple of the Heaven Mending Pavilion. My cultivation is still unclear and is too shallow. How can I dare to receive such praise from you?”

“You’re too humble. Young friend, you’re too humble.”

Ling Yunzi really wanted to roll his eyes. It wasn’t like he hadn’t seen geniuses before. Someone like Ye Qiu definitely wasn’t an ordinary disciple.

He was pretending.

He was definitely pretending.

Damn it, he had succeeded in pretending.

This person was very terrifying. His strength was unfathomable, and he was neither arrogant nor rash. He was humble and refined.

Such a person was definitely the most terrifying existence as an enemy.

“Haha!

Ye Qiu smiled without saying anything in the face of his praise.

At this moment, Yaya was completely stunned by Ye Qiu’s performance. She had looked very carefully just now. The palm of Ling Yunzi’s retracted hand was already blood-red, and there was a fragrance coming from it. It was the fragrance of being roasted.

Clearly, Ye Qiu had won this battle, and he had won very quickly.

“Good lord, this person’s strength is actually so terrifying. Even an existence like Uncle Ling can’t take him down?”

“No, no. This person’s strength is so profound. His status in the Heaven Mending Pavilion is definitely not low. Looks like I have to nurture my relationship with him. Perhaps one day, I can enter the Heaven Mending Pavilion and he could take care of me.”

Although this little girl was young, she lived in the empire all year round. Her thoughts were not simple.

After thinking for a while, Yaya revealed two small canine teeth and walked up with a smile. Her eyes were filled with admiration and love.

“Hehe... Brother Qi, you’re so awesome.”

“Huh?”

Ye Qiu was stunned by her sudden change. He was attracted to her cute and handsome appearance. After a while, his heart trembled again, as if some voice was ringing an alarm bell for him, telling him that he had a wife.

“Hmm... No, no. I, Ye Qiu, have a wife, but Qi Wuhui doesn’t.”

At this moment, Ye Qiu had an evil thought.

Hehe... Senior Brother Qi, I’m good to you, right? Although you’re not here, I can help you pick up girls first. When you come up one day, wouldn’t it be wonderful to just sit back and enjoy the benefits?

But Ye Qiu killed the evil thought in his heart.

“No, no. I can’t do this. My wife is so fragrant. How can I pick wild flowers by the road? I can’t even think about it. It’s a crime to think about it.”

Chapter 458: Innuendo

“Haha!”

With a smile, Ye Qiu remained calm and indifferent, constantly emitting a confident aura.

Coupled with that handsome appearance, he was really amazing. He politely cupped his hands and said, “Compared to this beautiful princess, my insignificant cultivation is nothing. It’s getting late. I still have some things to do. Everyone, we’ll meet again.”

After saying this, Ye Qiu turned around and left.

Looking at his departing back, Yaya fell into a long thought.

“Uncle Ling, did you find out anything about him?”

Ling Yunzi shook his head. He had just competed with Ye Qiu and felt that the young man in front of him was extremely terrifying.

However, he did not notice anything about his cultivation.

As an Endless expert, Ling Yunzi was also one of the top experts in the Nine Heavens and Ten Lands. He did not expect to suffer at the hands of a junior today.

“Sigh... Princess, forgive me for being incompetent. I didn’t see anything in the end.”

Hearing this, Yaya turned around and looked at Ling Yunzi in surprise. She knew Ling Yunzi’s personality very well. Even he had personally admitted Ye Qiu’s strength. That meant that Ye Qiu definitely had this strength.

“Hmm... Qi Wuhui? Interesting. I didn’t expect to meet such an interesting person on my first time out. Hehe... Heaven Mending Pavilion? I’m definitely going. You won’t be able to escape from me.”

Yaya had never felt such anticipation before, as if she was even more determined to join the Heaven Mending Pavilion.

Ye Qiu’s performance just now was especially eye-catching. She had never seen such an outstanding man and wanted to understand more, but Ye Qiu left in a hurry.

However, she wasn’t discouraged. As long as she knew that Ye Qiu was a disciple of the Heaven Mending Pavilion, the rest would be easy.

“Let’s go.”

After saying that, Yaya took the lead and continued to search for the Heaven Mending Pavilion.

At this moment, Ye Qiu had already left the sea of flames and headed towards the desolate land in the east.

“Fire Dragon City?”

Ye Qiu stopped in front of a city and looked at the dilapidated city. It was clearly destroyed by the flames of war and was exceptionally desolate. He did not know what had happened here, but judging from the ruins of the battlefield, the scale of the battle here was definitely not small.

Ye Qiu could feel that there were many large clans entrenched in the city. There were also a few extremely terrifying auras that were extremely oppressive.

Ye Qiu lowered his head and walked in, preparing to find a restaurant and inquire about the general situation in the city.

Because this was his first time here and he did not understand many things, the best way to quickly understand the situation in the Nine Heavens and Ten Lands was to find a place with many people and gather information.

After walking around the streets for a long time, Ye Qiu arrived at the largest restaurant in the city.

“Drunken Immortal Pavilion? Hmm...”

Looking at the huge plaque on the door, Ye Qiu was suddenly stunned. This name looked a little familiar. Why did he feel that it was everywhere?

“This will do.”

Ye Qiu lowered his head and walked in. Just as he walked through the door, he was stopped by an arrogant servant.

“Hey, you, I’m talking to you.”

Ye Qiu stood rooted to the ground. After a while, he realized that the other party was calling for him and was stunned.

“What do you mean?”

Speaking of which, his clothes weren’t bad either. Why did the other party stop him? Could it be that there were special rules here?

“Where did this outsider come from? Don’t you understand the rules of our Drunken Immortal Pavilion?”

The servant guarding the door had an arrogant expression and a sharp gaze. He could tell at a glance that Ye Qiu wasn’t a local.

This was because the Drunken Immortal Pavilion was the most famous restaurant here. The people who came here were basically people from large clans within a hundred miles. They were all distinguished guests and knew the rules here very well.

Ye Qiu had barged in so rashly because he didn’t understand the rules here.

Hearing his words, Ye Qiu immediately understood something. Then, he asked curiously, “I wonder if there are any special rules here?”

“According to our rules, you have to pay a hundred red crystals before you can sit down. You’re a foreigner and don’t understand the rules here. I won’t argue with you about what happened just now.

“Come, register here. Pay a hundred red crystals and you can go in and eat whatever you want. Delicious food and beauties will accompany you. You can choose whatever you want until you spend a hundred red crystals.”

The servant guarding the door sat to the side and was about to register. When Ye Qiu heard this, his expression froze and he felt a little embarrassed.

Damn it, what was a red crystal? He had never heard of it.

After so many years, Ye Qiu was respected everywhere he went. He was treated like a guest and hadn’t even spent much money.

This servant’s words made Ye Qiu feel awkward. He suddenly realized that this was no longer the Great Desolate World. Moreover, from the looks of it, the popular currency in the Nine Heavens and Ten Lands did not seem to be gold, but something called red crystals.

Wasn’t this over? He had spent so much effort to get so much gold in the past, but he had yet to spend it. In the end, you’re telling him that this thing doesn’t work anymore? Damn it, wasn’t this playing with him?

He had miscalculated.

Ah...

The more he thought about it, the angrier he became. Ye Qiu was so angry that he was about to smoke. If he had known earlier, he would have spent all the money in advance when he was in the lower realm.

“What are you waiting for? Pay up.”

The servant waited for a long time, but Ye Qiu didn't pay. He was instantly unhappy.

Ye Qiu was dressed in white. He didn't look like a poor person. How could he not even hand over a hundred red crystals?

Frowning, the servant suddenly said, “Looking at your clothes, you don't look like a poor person. This is your first time out, right?”

“Uh, right, right, right. You have good eyesight.”

Ye Qiu smiled awkwardly. This scene was a little embarrassing. Fortunately, he was using Qi Wuhui's face. He was embarrassing Qi Wuhui. It had nothing to do with him.

Hearing Ye Qiu admit it, the servant shook his head and didn't find it strange.

“Sigh, no wonder. I've been doing odd jobs here for so many years, and I've seen many descendants of big clans like you. All of you live on the labor of others and never brought anything when you went out.

“There's something even worse. They don't even know what a red crystal is. All these years, they've lived in vain.”

As soon as these words were spoken, Ye Qiu's face darkened. This servant was complaining about those descendants of large clans, but in reality, he was just short of naming Ye Qiu.

Although that servant didn't scold Ye Qiu, this was no different from scolding Ye Qiu.

Damn it, I'm so angry! I, a dignified Sword Immortal, was actually mocked by a servant.

Realizing that Ye Qiu's expression was wrong, the servant suddenly realized something and hurriedly said, “I'm sorry, I'm not talking about you. Don't take it to heart.”

Ye Qiu's face darkened when he heard this.

Are you making an innuendo? Damn it, let's go.

Ye Qiu turned around and left the Drunken Immortal Pavilion. What kind of place was this? I'm not coming.

Chapter 459: Crimson Dragon Mountain Range

“Hey, hey... Brother, do you want to team up? We're mining in the Crimson Dragon Mountain Range. Do you want to join us?”

Ye Qiu walked out of the Drunken Immortal Pavilion with a black face. As soon as he walked out, he bumped into someone. He grabbed his hand and refused to let go, insisting on dragging him to mine.

He narrowed his eyes and glanced at the young man. This person had dark skin and revealed two rows of white teeth. He looked a little silly and not very smart.

He held a hoe in his hand and Ye Qiu in his other hand. He wanted to rope Ye Qiu in to mine.

“Hmm? Mining?”

Ye Qiu slowed down. Suddenly, his body trembled. He realized something and looked at the young man in front of him. “What mine?”

“Of course it’s red crystals. Why else would I dig? To dig up beauties?”

When the young man heard this, he immediately rolled his eyes. He thought to himself, *where did this person come from? He doesn’t even know what mining is.*

After Ye Qiu heard his explanation, he suddenly understood. So this red crystal was to be dug out. He looked around and discovered that there were many ambitious young men around. They formed groups of two to three and discussed with each other about forming teams to mine ores.

After some consideration, Ye Qiu roughly understood. It turned out that there was a forbidden area called the Crimson Dragon Mountain Range above a sea of flames hundreds of miles away.

There was a special ore produced in the mountain range called Red Crystal.

This red crystal was the circulating currency of this world. Moreover, the red crystal contained extremely powerful immortal energy that could assist their cultivation.

It was a little similar to spirit stones in the cultivation world.

“Oh... So that’s what it is.”

After figuring this out, Ye Qiu came to a realization.

Isn’t that fine? Who said that I don’t know what a red crystal is? Come, stand up and I’ll tell you loudly.

“Hey, brother, how about it? Do you want to team up? We’ll split the red crystals we dig up 50-50. You won’t lose out.”

“Uh... Haha.”

Ye Qiu smiled awkwardly and glanced at him in disdain. This person... looked indecent and unreliable. It was said that people died for wealth, and birds died for food. These people mingled in various ancient lands and forbidden areas all year round just to fight for money.

At that time, he might be an expert in backstabbing.

Ye Qiu wasn’t a greenhorn. He was very sharp.

“Haha, forget it, forget it. I still have something on. Find someone else.”

With an apology, Ye Qiu left and flew towards the largest volcano in the south. That’s right, he was heading for the Crimson Dragon Mountain Range. It was indeed a little inconvenient because he was penniless since he had just arrived in the Upper Realm.

Ye Qiu might as well do something big.

Yes, don't misunderstand. He was definitely not going to mine. Was he the kind of person who would mine?

He was heading for a robbery.

"Hehe... Senior Brother, I'm sorry. I want to use your face to do something big. Don't blame me. Anyway, it's impossible for you to come to the Nine Heavens and Ten Lands. It shouldn't affect you much."

Ye Qiu silently convinced himself as he had embarked on a journey to the Crimson Dragon Mountain Range.

At this moment, Qi Wuhui, who was in the Heaven Mending Sect, was sitting on the jade mat and comprehending the Dao.

Suddenly, he felt a chill run down his spine.

"Strange, why do I have an ominous feeling these few days?"

Qi Wuhui asked himself silently. He was even more confused. He had not offended anyone recently, nor had he done anything bad.

Why did he feel a chill run down his spine? Perhaps this doubt of his would be resolved when he ascended.

"Hmm?"

The Crimson Dragon Mountain Range stood in the sea of flames. Ye Qiu watched every move at the foot of the mountain and frowned.

The taboo under his feet lay across the crater, revealing a strange rune.

Ye Qiu wanted to analyze it and discovered that he couldn't pry into its true profundities at all. He only felt surprised.

"Looks like there was once an invincible person here. He set up a life and death taboo to prevent others from entering."

Ye Qiu didn't know what his original intention was, but from his experience and various signs, the Crimson Dragon Mountain Range should be an extremely dangerous place. Otherwise, that person wouldn't have specially found Ye Qiu to form a team just to take care of each other.

From this, it could be deduced that the meaning of this taboo's existence was to stop those with shallow cultivation from rashly entering to avoid losing their lives.

"Yes, I understand! Looks like there are many dangers here. This is interesting."

Ye Qiu was delighted and revealed an evil smile. As long as he did it perfectly, no one would know what he was doing inside.

Moreover, exploring the Crimson Dragon Mountain Range was dangerous to begin with. It was common for the children of a large clan to accidentally die inside.

It was reasonable.

Just as Ye Qiu was thinking about his plan, a team flew past him aggressively.

The huge beast under him let out a tearing roar and was furious. The beautiful man sitting on the throne had a cold gaze and the arrogance of looking down on the world.

Around him were a few followers. All of them had reached the Deva realm, and he had reached the Perfected Immortal realm.

“Interesting. Are the descendants of the big clans going out?”

Ye Qiu was a little surprised. This rich kid was also here to mine? Clearly not. They were probably heading for the treasure in the mountains. This was an immortal ruin to begin with. There were countless treasures inside.

Apart from this team, many other teams entered this battlefield one after another.

With a cry, a seven-colored divine bird streaked across the sky and the carriage slowly appeared.

Ye Qiu looked over and took a deep breath.

“F*ck, a beauty!”

The woman sitting on the carriage had a devastatingly beautiful appearance. She was filled with an immortal aura and had an excellent temperament. She was not inferior to Lian Feng at all.

“Oh my god, as expected of a great world. Any one of them is such a shocking existence.”

Ye Qiu was more or less stunned. It seemed like the Great Desolate World he was in was still too small. It was as if he was a frog at the bottom of a well who had never seen the world.

Sigh...

“Haha... Isn't this Miss Yunshang of the Deva Race? I didn't expect you to come here. It's very unexpected.”

The beautiful man sitting on the throne suddenly sat up and said arrogantly as the team slowly approached.

The woman called Yunshang only glanced at him indifferently and said in a very calm tone, “If you can come, I can naturally come too. How can we miss the opening of the True Dragon Lair in the Crimson Dragon Mountain Range?”

“True Dragon Lair!”

As soon as these words were spoken, Ye Qiu's heart suddenly trembled. He had thought that this was just a simple mining trip. He did not expect to have such an unexpected gain.

True Dragon Lair?

Ye Qiu hadn't forgotten that he had a True Dragon's bone in his hand. He had already completely comprehended its rune precious technique.

As the number of restorations was limited, Ye Qiu didn't choose to repair it in the end. He thought that he would miss this True Dragon Treasure Technique in this life. He did not expect to hear such a thing here today.

True Dragon Lair?

That was the place where the True Dragon lived back then. Perhaps there were precious bones left behind by the True Dragon.

This time, Ye Qiu couldn't remain calm.

Chapter 460: Qiongqi Descendant

"Damn it, what is going on today? Why did so many geniuses suddenly appear?"

"It's usually harder than ascending to the heavens to see all of them. Why are there so many today?"

A few gossip came from the side. Some spectators who did not know the truth expressed their confusion.

"I heard that someone discovered the ruins of the True Dragon Lair in the mysterious ancient land of the Crimson Dragon Mountain Range. They're probably here for the True Dragon Lair."

"What?"

"Oh my god, so many geniuses are gathered. How intense is this?"

Someone took a deep breath and said uneasily, "Fairy Yunshang of the Deva Race, Shui Tianyi of the Yu Clan, and Feng Lingyue of the Feng Clan are all here. These few are all top geniuses in the world. They have cultivated every realm to the extreme. Among them, Fairy Yunshang even set a record for being undefeated in the trial ground."

Ye Qiu gradually fell into deep thought when he heard the whispers. He looked up at the beautiful woman in the sky and could feel that her aura was very stable. Under the seemingly calm ripples, there were surging undercurrents.

If she erupted, her strength would not be inferior to an Endless expert.

Was this the genius of the Nine Heavens and Ten Lands?

Every realm had broken through the extreme realm, and their potential had already been developed to the greatest. Their combat strength naturally could not be judged by the combat strength of ordinary people.

He looked at the beautiful man on the other side. His aura was also not inferior to Yunshang's. Or rather, he did not deliberately restrain his aura. Judging from his strength, he was even more terrifying than Yunshang.

"Interesting... Looks like today, I, Ye, no... I, Qi, will have to properly meet these so-called peerless geniuses."

Ye Qiu smiled evilly in his heart. The crazy thought in his mind was gradually exposed.

Today, I, Qi Wuhui, will definitely do a big thing and completely spread Qi Wuhui's name.

Boom!

As more and more people approached this mountain range, suddenly, the ground trembled violently with a loud bang.

The volcano below began to erupt, and a destructive force instantly spread out.

Ye Qiu's expression instantly became solemn. That power was extremely shocking. Everyone present had already sent out their Dharma treasures to resist.

Among them, Ye Qiu was especially concerned about the seven-colored divine feathers in Yunshang's hand and the spear in Feng Lingyue's hand.

At a glance, Ye Qiu was very shocked. The Dharma treasures in their hands were all immortal artifacts.

"Oh my god, is this the foundation of a big clan?"

Immortal artifacts were rare treasures in the lower realm, but in the Nine Heavens and Ten Lands, anyone could have them? Or could it be that their identities were special, so they had immortal treasures?

Ye Qiu wasn't in the mood to think about it. He suddenly raised his palm when he saw the ball of fire charging towards him.

"Who is this person and what is he going to do?"

"F*ck, is he crazy? Even an Endless expert wouldn't dare to take such power head-on. He can only rely on his Dharma treasure to resist. He actually wants to use his body to resist?"

At this moment, the surrounding people were shocked by Ye Qiu's crazy actions.

It was also because of Ye Qiu's sudden move that attracted the attention of the other geniuses. They all knew each other, but they felt especially unfamiliar with this stranger who had suddenly appeared and had shocking methods.

"Hmm? Which clan is this person from? He actually has such boldness."

Fairy Yunshang questioned. On the other side, Feng Lingyue also cast a hostile gaze.

With a spear in his hand, he was like a god of war in the world. He swept through the waves. He thought that everyone's attention was on him, but he did not expect someone to appear halfway and steal his limelight.

"Damn it, where did this kid come from? How dare he steal my limelight."

Feng Lingyue cursed in his heart and revealed a dissatisfied expression.

Ye Qiu's palm technique was superb. He formed a hand seal and instantly, a shocking flame pounced back.

“Playing with fire in front of me? You’re still too inexperienced.”

Ye Qiu smiled confidently. He wasn’t afraid of attracting others’ attention. What he wanted to do was to become famous and attract more people. At that time, it would be more beneficial for him to do great things.

Clearly, his superb move had attracted the attention of countless people.

After achieving his goal, Ye Qiu slapped down and suppressed the soaring flames. The tunnel below opened and he was the first to rush down.

“The Crimson Dragon Mountain Range has opened. Everyone, charge.”

A cry came from the crowd. Everyone instantly reacted. That power just now was a sign that the Dragon Mountain Range had opened.

The moment the passage was opened, everyone rushed in.

After Ye Qiu was the first to step into the forbidden area, Feng Lingyue was the second to follow. Then, Yunshang successfully entered the forbidden area.

At this moment, a dark-skinned man hiding in the dark and trembling said with emotion, “Oh my god, so he’s so fierce. I was scared to death. If I had known that he was so fierce, I would have hugged his thigh tightly like a dog skin plaster and not let go. Ah, I missed a chance to cozy up to someone powerful. My heart aches and I feel terrible.”

This person was none other than the man who Ye Qiu had met in front of the Drunken Immortal Pavilion.

“Roar!”

A furious roar soared into the sky. Under the chaos, a prehistoric beast took heavy steps and ruthlessly slapped the mountain range.

Everyone’s expressions changed. They watched as the huge beast flew over and made way.

“An ancient ferocious beast, a pure-blooded Qiongqi descendant!”

In the torrent, Yunshang let out a sigh of surprise. She did not expect so many innate Paragons to appear in the True Dragon Lair this time.

Even the pure-blooded Qiongqi descendant came out. She could not help but feel the pressure multiply. From the current situation, she had many opponents. Feng Lingyue, a pure-blooded Qiongqi descendant, and a few other outstanding figures of the same generation.

What she didn’t expect was that an unknown young expert would suddenly appear.

For a moment, the entire Crimson Dragon Mountain Range became lively.

“Get out of my way!”

In front, Ye Qiu had just passed through the torrent when a spear charged over from behind.

Ye Qiu instantly felt the threat behind him. He frowned and blocked it with his palm. The two forces collided, producing a huge force impact.

“Courting death?”

Ye Qiu’s killing intent erupted as he coldly stared at Feng Lingyue behind him. He originally planned to look for him after entering, but he didn’t expect him to take the initiative to look for Ye Qiu at this time.

Since the other party had already taken the initiative to attack, Ye Qiu couldn’t be bothered to waste his breath on him. He instantly slapped him again.

“Hmph, you dare to show off your insignificant skills in front of me? Kneel at my feet. Suppress anyone in the world who dares to disobey me.”

Feng Lingyue replied arrogantly as he waved his spear. In an instant, his spear appeared like a swimming dragon and charged over.

The two sides collided, producing dazzling sparks. The entrance trembled.
