Chapter 471: Three-Man Group

“Haha!

As he thought, Ye Qiu suddenly laughed.

*F*ck... What was the point of thinking so much? So what if she's angry? What is my status in the family? What a joke. I had to hold it in even if I am unconvinced.*

“Young Master, why are you laughing?”

Seeing Ye Qiu suddenly laughing, Yunshang thought that she had said something rude and asked carefully.

Ye Qiu smiled freely and said, “As expected of Fairy. You can still be calm and unmoved in the face of such a precious treasure. I like it more and more. Fairy, don't worry. As long as you like it, feel free to ask. Not to mention this mere treasure, I'll even pluck the moon from the sky for you. It's all worth it just to make a beauty smile.”

Yunshang covered her mouth and laughed when she heard this. She was very touched. But she got playful. Her eyes revealed evil intentions as she said, “Alright, go and pluck it then.”

“Uh...”

Ye Qiu was stunned. His face turned bitter as he said, “I'm just giving an example to let you understand my spirit. You're not really going to let me pluck the moon, are you?”

“Pfft...”

Yunshang couldn't help but feel happy when she saw Ye Qiu suffer. She smiled again. Just as the two of them were chatting happily and the atmosphere was just right, there was suddenly a commotion outside.

“Big Brother, quickly open the door. Help.”

It was Fatty's voice. Hearing this voice, Ye Qiu was stunned. He looked outside and saw Fatty rushing over. There seemed to be a large group of pursuers behind him.

“F*ck, did this kid stir up a hornet's nest? Why did he attract so many people?”

Ye Qiu was shocked. He instantly stretched out a hand and pulled Fatty in.

As for everyone who had chased to the restricted area, they were stunned when they saw the fatty suddenly disappear into thin air. They stopped in front of the restricted area and were at a loss.

“Damn it, what secret technique did this b*tch used to disappear into thin air?”

“I don't know. He was here just now, but he suddenly disappeared.”

Everyone was at a loss. They looked at the forbidden area in front of them and did not dare to enter easily. They could only stand rooted to the ground in a daze.

At this moment, Fatty had already been pulled into the Qiankun Cauldron by Ye Qiu and was still in a state of shock.

“Oh my god, I was scared to death. I almost died there. It’s not easy to earn money these days.”

Seeing his useless appearance, Ye Qiu frowned and looked at the situation outside. He asked curiously, “What’s going on? Didn’t I tell you to collect the money? Why did you attract so many people?”

Fatty panted heavily and sat on the ground weakly. He explained, “Don’t mention it, Big Brother. You’ve caused me a lot of trouble. You used a clone to receive the reward and ruthlessly humiliated the Feng Clan in public, causing them to lose face.

“It indirectly implicated me. Because I was the one who took the bounty, they classified me as one of yours and issued a bounty to capture me. I almost couldn’t come back.

“No, no. You have to compensate me. This money is a hot potato. I spent a lot of effort to get it back. I almost lost my life. I have to take a few more.”

Fatty could be said to have experienced how exciting it was to be offered a reward. This was because he had deceived the Feng Clan with Ye Qiu and used a clone to receive the reward in front of them. He indirectly humiliated the Feng Clan in public. The furious Feng Clan directly listed him and Ye Qiu as allies and issued a 500,000 reward for him.

And Ye Qiu’s bounty was increased to five million.

Although the gap was a little big, after some careful calculation, more people were willing to accept this 500,000.

It was because this fatty was easy to catch.

Who was Qi Wuhui? He was someone that even Feng Lingyue could not do anything to. Capturing him? It was tantamount to courting death.

As for Fatty, he was much easier to bully, and there was no risk. After a few choices, anyone with a brain would choose 500,000.

Therefore, the outcome was obvious. Fatty was chased all over the world.

Ye Qiu wanted to laugh when he heard what happened.

“Haha!

He could imagine that scene, especially the Feng Clan’s expression.

It was extremely satisfying.

Awesome.

As expected, he had earned 500,000 for nothing and ruthlessly humiliated the Feng Clan. He had definitely earned it.

“Good job, Fatty! I was right about you. You have the potential to become my underling.”

Ye Qiu praised Fatty generously.

At this moment, even Yunshang was amused. She covered her mouth and secretly laughed. “This time, the two of you have completely angered the Feng Clan. You should think about how to deal with their revenge next. From what I know of them, they won’t let this matter rest.

“If there’s a realm suppression in this forbidden area, perhaps they won’t do anything out of line. But once the True Dragon Lair closes, you will definitely welcome a bloody revenge from the Feng Clan after you go out. It’s absolutely impossible to avoid it.”

She was more or less worried. Of course, she wasn’t worried about Fatty, but Ye Qiu. However, Ye Qiu wasn’t afraid at all. He only smiled.

“Haha, this is just the beginning. Don’t be anxious. The show is yet to begin.”

Before he came in, Ye Qiu had already thought about preparing for the public enemy. He was originally using Qi Wuhui’s face. What was he afraid of?

He was not afraid of anything.

If he was afraid of everything, he might as well use his own face. Why use Qi Wuhui’s name and face?

Hearing this, Yunshang’s heart trembled and she suddenly looked forward to it. She hadn’t forgotten the big deal Ye Qiu had told her when she first came in. The madness that had been hidden in her heart for many years seemed to have been triggered.

Turning around, Ye Qiu patted Fatty’s shoulder and said, “Good kid, well done. In order to praise you, I’ll give you all the bounty this time. I see that you’re talented and have great potential. From today onwards, follow me. I’ll bring you to wealth. How about that?”

“Really?”

Hearing this, Fatty’s eyes lit up. There seemed to be nothing more tempting to him than becoming rich.

Ye Qiu didn’t need to think hard to deceive him. He only needed a sum of money to make him follow him wholeheartedly.

“When have I ever lied to you? Don’t worry, only by following me will you be able to starve for three days. No, no. It’s three days to achieve your freedom of wealth, make a killing and return with a full load.”

As soon as these words were spoken, Fatty instantly became excited. He only had one dream in his life, and that was to earn a lot of money.

Hearing Ye Qiu’s words, he made a decision in his heart and gritted his teeth, “I’ll do it! Big Brother, tell me what I should do. As long as I can earn money, I’ll go through hell and high water.”

Yunshang was secretly amazed. She didn’t expect Ye Qiu to control this fatty so quickly.

It had to be said that he was quite good at grasping people’s hearts.

“Hmm, interesting! This is getting more and more interesting.”

She suddenly looked forward to what would happen next.

At this point, the three of them formed a temporary three-person team and prepared to implement a big plan.

Chapter 472: Ao Han

After the three of them secretly discussed the plan, they began to take action. Of course, these three people had different thoughts.

Ye Qiu wanted to cause a scene and earn some money, while Fatty just wanted money. As for Yunshang, she only participated because it was fun.

The three of them had different thoughts and different missions.

As night gradually fell, the curse of time continuously emitted auroras under a strange pitch-black void.

The surroundings were extremely quiet. The previous group of people had already dispersed, and the outside was empty.

Suddenly, a figure passed through the turbulence and arrived outside this forbidden area.

“Time curse?”

He was a pure-blooded descendant. His entire body was covered in golden runes. His mighty and domineering body stood upright, and his eyes had the arrogance of looking down on the world.

Ao!

The descendant of the Nine Nether Ao, the ruler of time and space. This was a Golden Ao. Its ancestor was the Nine Nether Ao that was once glorious. His bloodline was pure and his strength was extraordinary.

He had extremely high prestige among the younger generation. It could be said that his existence was several times more terrifying than Feng Lingyue.

Yunshang’s expression changed and she couldn’t help but become nervous when she saw him appear outside the forbidden area. They had waited for a long time, but they did not expect that the first prey they had waited for was actually the Golden Ao, Ao Han.

“Not good! How did we attract him...” Yunshang said worriedly. She looked at Ye Qiu. Ye Qiu could tell from her eyes that this Ao Han must be very strong.

Otherwise, Yunshang would not have such an expression. It seemed like their first prey was not easy to deal with.

“What is this?”

Fatty was puzzled. He only felt the terrifying pressure from the other party and felt a lingering fear. It was a kind of natural king's might and invincible aura that looked down on the world. He could feel a suffocating pressure from so far away. It could be seen how terrifying the other party's strength was.

Yunshang slowly explained, "This person's name is Ao Han. He comes from the Searing Golden Ao Clan. This clan was once the ruler of the world, the descendant of the Nine Nether Ao.

"And he is said to have the purest bloodline since ancient times and is closest to the ancestor. Ever since he stepped onto the path of immortality, he has set many records that no one has been able to break.

"He's also one of the few existences who has refined various realms to the extreme. He can be said to be the true chosen one."

"That powerful?"

Ye Qiu was shocked when he heard this. He didn't expect the first opponent the three of them encountered to be so terrifying.

This path of entrepreneurship didn't seem too easy.

Yunshang looked at Ye Qiu with a complicated gaze. She still didn't know Ye Qiu's exact combat strength, nor did she know his limit. Therefore, they couldn't determine if Ye Qiu could fight Ao Han. Even if Feng Lingyue was here, he did not dare to be arrogant in front of him. He had to respect him.

If Ye Qiu's strength was comparable to Feng Lingyue, then they probably wouldn't be able to take down this guy.

Yunshang nodded and said, "Yes, he can no longer be described as powerful. He can only be described as terrifying. If we follow our previous plan and use this time curse technique to lure the prey into a trap before surrounding and killing them. This move is very useful, but... it might not be useful in front of him."

"Why?"

Ye Qiu didn't understand and secretly guessed. Could it be that Ao Han wasn't afraid of the curse of time?

As expected, Yunshang quickly answered his doubts.

"Because the Nine Nethers Ao is the controller of time and space, and the Golden Ao's descendant has also inherited this ability.

"Although it can't reach the terrifying level of control of the Nine Nethers Ao, this kind of restricted time curse has no effect on Ao Han at all. He can ignore the restrictions of the laws and enter as he pleases."

"F*ck!"

Hearing this, Fatty was shocked. In that case, wouldn't their plan be ruined?

"It's over, it's over. We're in trouble now! Big Brother, let's retreat quickly." Fatty hurriedly said and was already preparing to run.

Ye Qiu didn't care. The more ridiculous Yunshang's words were, the more interested he became.

"Ignoring the law of time? Haha... Interesting." Ye Qiu muttered to himself and smiled. That smile revealed freedom and confidence.

Yunshang's heart trembled and she was a little puzzled. She had already made it so clear. Could it be that Ye Qiu still didn't want to give up? She was not afraid of Ao Han.

However, the time was not right yet. She did not want to fight these top experts and expose more trump cards and strength.

Although she usually appeared very gentle and indifferent, in reality, as the Saintess of the Deva Race, the arrogance in her heart was not inferior to the others. She was also an outstanding person among the younger generation, but she did not like to be too ostentatious.

Ye Qiu turned around and looked at her. He smiled faintly and said, "Searing Golden Ao? Haha, this is the prey I'm really waiting for.

"I, Ye... Qi, don't kill nameless people."

This was an incomparably crazy thought. What did Ye Qiu want to do? From the moment he said this, Yunshang and Fatty had already guessed what he was going to do.

"Crazy, crazy. He's already crazy."

Fatty was flustered. He did not want to die for nothing. After coming back to his senses, he said, "No, I won't earn this money. My life is more important. I'd better think of a way to escape later."

On the other side, Yunshang was silent. She only quietly looked into Ye Qiu's eyes. She wanted to see what Ye Qiu was thinking.

Was this man just pure madness, or did he really have such strength?

No matter what, Yunshang had already made a decision. Since she had chosen to board this ship, she would continue to stay on the ship.

Since she wanted to play, she would play big and play even crazier. She decided to accompany Ye Qiu. Wasn't it just a Searing Golden Ao? Deal with him!

If this matter was completed today, it would definitely shock the entire Nine Heavens and Ten Lands. This was much more interesting than robbing those shrimp soldiers and crab generals.

If she wanted to do it, she would do it the fiercest!

The corners of her mouth curled up slightly as she revealed a beautiful smile. Her eyes revealed some anticipation, but also some affection. Perhaps she was attracted by Ye Qiu's charm and couldn't help it.

"Stay here for a while. I'll go meet him."

Ye Qiu didn't notice this. He only turned around and said lightly, preparing to go out and meet Ao Han. Since he knew that the Time Curse was useless to him, Ye Qiu couldn't fight him here.

This would only put him in danger and benefit the other party.

Therefore, the best way was to go out and have a fair battle with him.

It was also a good opportunity for Ye Qiu to truly understand how powerful the so-called elites of the Nine Heavens and Ten Lands were.

Chapter 473: Battle

As the void in front of him distorted, a white figure walked out.

Standing in the void, the corners of Ao Han's mouth curled up slightly, as if he was not surprised by the appearance of that person at all. He seemed to have sensed something hidden in the curse since he arrived, so he was not surprised.

Ao Han smiled evilly when he saw Ye Qiu crossing the void. He looked behind him and vaguely felt that two auras hadn't appeared. He could not be bothered to expose him. In his eyes, the two people behind him did not seem to be a threat to him.

Therefore, he directly focused on Ye Qiu.

"Qi Wuhui? I've heard of you. Hmm... You're the outstanding genius of the human race. You've made that trash of the Feng Clan suffer time and time again. You're not bad. There aren't many human cultivators who can surprise me over the years. You're one of them."

It was their first time meeting, so Ao Han used an incomparably confident attitude to comment on Ye Qiu.

Ye Qiu smiled faintly when he heard this. "Really? I'm a little flattered to receive such praise from you."

"Haha!"

Ao Han smiled. He was not nervous at all. Instead, he stretched comfortably.

"Hmm... You should laugh longer now. You might not be able to laugh later."

As soon as he finished speaking, a shocking killing intent instantly surged over. The tense and anxious atmosphere filled the entire void. He... had already wanted to kill.

Ye Qiu frowned and silently circulated the energy in his body.

"I heard that you are omnipotent and have the strongest technique in the world, the True Dragon Treasure Technique, the Kun Peng Treasure Technique, and so on. Only I can control such a precious treasure. If you know what's good for you and hand it over yourself, I can spare your life. If you're not sensible, I can only take it."

Yes, he had finally revealed his intentions. He was here for the True Dragon Treasure Technique and the Kun Peng Treasure Technique. It turned out that when Ye Qiu left, he had captured Ye Qiu's traces through the spatial law and chased him over. He did not barge in unintentionally. Instead, he came with a motive.

Since the other party had already revealed his thoughts, it seemed like there was no point in saying anything else.

“Haha! I see...”

Ye Qiu smiled freely. Seeing that the other party actually had designs on his precious technique, Ye Qiu immediately became excited.

It had been countless years since he met someone who wanted to snatch his things. All along, it had always been him snatching others. When has anyone dared to have designs on his treasures?

Today’s battle was destined to cause a huge commotion.

As soon as the other party opened his mouth, he wanted the True Dragon Treasure Technique. Ye Qiu naturally wouldn’t show weakness and said, “You want the True Dragon Treasure Technique? Sure, you have to exchange for it with your intrinsic inheritance.”

As soon as these words were spoken, Ao Han’s eyes turned cold and killing intent instantly erupted. He sneered and said, “Then it depends on whether you have the ability.”

In an instant, a shocking power erupted. In an instant, golden light enveloped the void, and a trident appeared in Ao Han’s hand. It was a supreme-grade immortal artifact. Its terrifying power was absolutely overwhelming in terms of aura.

The moment the trident appeared, Yunshang’s heart tightened in the Qiankun Cauldron. She couldn’t help but grip the corner of her clothes tightly, her face filled with worry. She knew very well that this immortal artifact was the inherited immortal artifact of the Searing Golden Ao Clan. It was extremely powerful.

She did not expect Ao Han to take out his trident as soon as he attacked. It was obvious that he had true killing intent.

“It’s over, it’s over. The big brother I just acknowledged died so quickly. Am I born to jinx big brother?”

Seeing this, Fatty had already announced Ye Qiu’s death sentence. He no longer had any hope and began to think about how to escape.

On the other side, Ye Qiu frowned when he saw this supreme immortal artifact. A wave of pressure surged over.

This was the most terrifying opponent he had encountered. It had been many years since he felt such a terrifying pressure. The blood in his body could not help but boil. The blood in his entire body seemed to have fallen into a crazy state, and his fighting spirit was gradually aroused.

The moment his blood energy flowed, a layer of red runes slowly flowed. It was the rune power of the Dao of Blood.

After Ye Qiu’s many years of precipitation, he had completely mastered it. The moment the runes appeared, the power in his body began to boil and gradually became crazy.

“Trident? Hmm... What a good treasure.”

Ye Qiu had already taken a fancy to this immortal artifact. No matter what, he had to get it.

This trident was incomparably heavy and powerful. It should be a good choice to give it to Little Linglong as her intrinsic Dharma treasure.

When the time came, Ye Qiu would make a killing.

Thinking of this, he instantly became excited and looked greedily at the trident. Then, he said, "I've never failed to take something that I've taken a fancy to! Come on! Divine Sun!"

In an instant, Ye Qiu activated his Divine Sun. He couldn't be bothered to waste his breath on him and instantly unleashed all his strength to the limit.

At that moment, it was as if the world was ruled by twelve gods. An incomparably terrifying pressure instantly assaulted him.

Yunshang was stunned. No matter what, she could not imagine that there was such a terrifying enhancement method in the world. What she did not expect was that the gentle, elegant, and sometimes playful man in her heart actually had such a domineering side.

Was this the real him?

He had been hiding himself.

Yunshang was shocked. She looked at the white clothes like a god, mighty and domineering, and her eyes were filled with admiration.

On the other side, Ye Qiu activated his Divine Sun. That shocking pressure assaulted him, and Ao Han's expression instantly changed. At this moment, he truly understood that he had underestimated this human cultivator. He was far from as simple as he had imagined.

At the very least, his strength was not inferior to his at all.

Seeing this, the fighting spirit in his heart gradually became crazy. It had been many years since he had encountered an evenly matched opponent.

"Haha! This is more like it. Come on! Suppress Mountains and Rivers!"

With a loud shout, Ao Han was the first to attack. The trident instantly slapped over, and a powerful spatial imprisonment law followed. The void was distorted.

As that terrifying power slapped over, the twelve true bodies of the gods suddenly opened their eyes. It was as if the world had opened its eyes and the chaos had been dispelled.

"Break!"

Ye Qiu used an incomparably domineering force to shatter Ao Han's attack.

In an instant, the Kun Peng Treasure Technique was used. It followed like a shadow and suddenly punched over.

Ao Han reacted instantly after his move was broken. He retracted his trident and punched out with his left hand.

The two of them exchanged a punch in the void. In an instant, the void distorted and the world trembled.

“What astonishing strength! A pure ultimate realm battle?”

Yunshang was secretly shocked by this scene. These two people were peak kings of each other’s domains.

They gave up on those complicated methods and fought with the purest strength, causing the sky to darken.

Chapter 474: Drawing Sword

Two fists punched into the void, and the world distorted! Dazzling sparks flashed between the friction of the laws.

At this moment, Ye Qiu felt the blood and qi in his body boiling. That was the first time he felt the terrifying potential brought by this supreme immortal path after using the Dao of Blood.

“Haha!

Ye Qiu laughed wildly and retreated to the sky. He felt the waves of pain from his hands and was secretly delighted.

It had been a long time since he had experienced such a hearty battle.

After cultivating the technique passed down by the Lord of Forbidden Area, Ye Qiu once again pushed the path to immortality, deducing all realms and foundations to the extreme.

It had been a long time since he had met an opponent who could match him in the same realm.

Ao Han was indeed very strong, strong enough to make Ye Qiu excited. As expected of a pure-blooded descendant, he had the capital to be arrogant.

Just now, the two of them had a head-on battle. Their breathing was extremely chaotic as they panted heavily.

Ao Han’s eyes were cold. He couldn’t imagine that Ye Qiu could actually fight him to a draw. He looked up at the twelve god statues in the sky and suddenly felt a wave of fear. It was the pressure of the gods.

“Phew...”

Taking a deep breath, Ao Han looked coldly at Ye Qiu and said, “Qi Wuhui, you’re indeed very strong. You’re stronger than I imagined.

“With such talent, you will definitely be an invincible expert in the future. Unfortunately, you met me and your path is destined to end here.”

As soon as he finished speaking, Ao Han was no longer in the mood to continue playing. He had to deal with Ye Qiu and obtain the True Dragon Treasure Technique before the others arrived.

With a sudden shout, the trident in his hand emitted a dazzling light. In an instant, a golden armor appeared on Ao Han's body.

Ye Qiu frowned. That armor was also an immortal armor, and its quality was even above the Liuxian Robe.

Ye Qiu was shocked. As expected of an ancient clan, they were really generous. He had a supreme-grade immortal artifact and an immortal armor. The extent of its generosity was really enviable.

However, if nothing unexpected happened, this armor would be his soon.

"Golden armor? Good stuff. This thing is mine from today onwards."

Ye Qiu laughed loudly and fearlessly charged towards the trident.

Ao Han sneered and replied, "That depends on whether you have the ability. Suppress!"

The two sides fought again, and for a moment, the world was in chaos. Precious techniques were used. The two of them were extreme experts in this domain. They had all kinds of miraculous precious techniques.

For a moment, Yunshang and the fatty were stunned. No matter what, they did not expect these two people to be so powerful.

In the early stages of the battle, Ao Han could barely gain the upper hand with his immortal armor and immortal artifact.

This was because Ye Qiu didn't use the Immortal Slayer Sword as this sword was very special. Once he used it, it meant that his identity would be exposed.

Therefore, Ye Qiu wouldn't consider using the Immortal Slayer until the last moment.

With the terrifying enhancement of Divine Sun and a powerful physique, he began a crazy battle with Ao Han. As they continued to fight, Ye Qiu gradually grasped how to stimulate the blood energy in his body.

Compared to other powers, blood was Ye Qiu's strongest power. That was his foundation, his path. He wanted to give up everything unnecessary and maximize his advantage and potential. The most direct manifestation was the increase in strength. It was constantly increasing at a terrifying speed.

As the battle progressed, they fused to perfection step by step.

Ao Han, who had always had the upper hand, felt that something was wrong. He could clearly feel that Ye Qiu's power had gradually become uncontrollable from the beginning.

"Damn it, what other secrets does this kid have?"

He cursed in his heart. How could the proud Ao Han accept the fact that someone was better than him?

Today, he had to prove that he was not inferior to anyone in the world.

"Die!"

With a sudden angry shout, the trident emitted a dazzling light. A rune of the law of time instantly flickered.

Ye Qiu's expression changed. He knew that Ao Han had already used his trump card.

"The law of time? Is he finally going to attack?"

At this moment, Yunshang's expression changed. She clearly knew how terrifying this law was because she had once suffered under this law. With a white flash, she left the Qiankun Cauldron and appeared on the battlefield.

She did not attack. Instead, she silently watched the battle.

Ao Han was fearless when facing this person who had suddenly barged in. As the master of time, he was arrogant enough to be able to face the attacks of the two of them at the same time and be invincible.

"Haha... Qi Wuhui! Die. In my time domain, I am the only ruler. Nothing can escape my grasp.

"Time Imprisonment!"

With a cold laugh, Ao Han gently squeezed his right hand. A powerful force instantly trapped Ye Qiu in that time cage.

Ye Qiu frowned. He knew that this battle was no longer a pure battle of strength, but a battle of laws.

"A battle of laws?"

There was no panic. Ao Han didn't even see any panic on Ye Qiu's face. A strange smile even appeared on his calm face. As he lowered his head, he suddenly raised his head. There seemed to be a few leaves floating in the sky. As they spun rapidly, they were like sharp swords.

"That's..."

Yunshang was instantly shocked when she saw the incomparably familiar grass flowing rapidly in the cage of time.

"Nine-leaf Grass! This..."

She was shocked, and so was Ao Han.

As the best of the Nine Heavens and Ten Lands, how could they not recognize this terrifying grass? It was the Nine-leaf Grass that was known to be the most destructive and offensive in the Sword Dao.

"No... this is absolutely impossible. The Ten Fiends have long disappeared for thousands of years. The Nine-leaf Grass was the first to disappear into that void and did not leave behind any inheritance. How can he have such a precious technique?"

Ao Han fell into madness. He could not believe this fact.

During the chaos back then, the Ten Fiends disappeared without a trace. Only a small number of them left behind their bloodline and inheritance.

The Nine-Leaf Grass had always been a lonely traveler in these ranks. It was alone and did not leave behind any inheritance, nor did it have any children.

How did Ye Qiu learn this heaven-defying precious technique?

Ye Qiu smiled when he saw his surprised gaze. Indeed... the Nine-leaf Grass didn't leave behind any inheritance.

But he had no choice. He had the system.

Haha!

“Nothing is absolute. Today, I'll let you see if your time law is stronger or my sword technique is stronger.”

Ye Qiu sneered and calmed down. He used all the blood in his body to mobilize the sword energy in his body. In an instant, a shocking sword energy condensed in the world.

He finally drew his sword.

Chapter 475: Chaos in the World

At this moment, the world suddenly lost its color. Under this heaven-defying sword energy, the entire void distorted.

For a moment, countless people moved when they heard the news. They felt the terrifying fluctuations of power and rushed over.

The first to barge in was a golden python. It was one of the True Dragon bloodline inheritances, the Golden Dragon.

However, they called themselves Golden Dragons, but more people liked to call them Golden Pythons. This was because they were pythons and had yet to transform into dragons.

The Golden Python entered the battlefield and immediately saw Ao Han, who was on the time taboo and controlled time. He was shocked.

He looked at his opponent and was shocked again.

“Ao Han? Qi Wuhui? Why are these two fighting?”

For a moment, Kui Yan was very puzzled. He looked around the battlefield and saw another familiar figure.

Yunshang.

“The Deva Race is also here! Could it be that... they are snatching some supreme treasure?”

He was confused and puzzled.

Soon, a few more figures barged in. They were all outstanding figures of the younger generation. The moment they sensed this shocking sword intent, they moved forward.

As they arrived, the battle scene here appeared in the eyes of the older generation experts outside the forbidden area.

When the old Heavenly Venerates saw a stalk of grass emitting dazzling sword energy under the chaos, their pupils instantly constricted.

“Nine-leaf Grass!”

“Has the ancient Nine-leaf Grass appeared?”

For a moment, everyone was shocked, and Heavenly Venerate Immortal was even more shocked.

In less than a moment, many people’s eyes gradually revealed greed.

Compared to the incomplete Kun Peng Treasure Technique and True Dragon Treasure Technique, Ye Qiu’s Cursive Sword Art was more tempting. This was because it was the most perfect offensive sword technique. It had the invincible posture of advancing without retreating.

From the aura of the sword technique, it could be seen how magnificent the former Nine-Leaf Grass was standing on this land.

At that moment, everyone was shocked. No one expected Ye Qiu to have such a heaven-defying precious technique other than the True Dragon Treasure Technique and Kun Peng Treasure Technique.

“Amazing, amazing! This kid is too talented.”

“True Dragon Treasure Technique, Kun Peng Treasure Technique, Nine Leaf Grass Treasure Technique?”

“Sigh... No matter which one of these things is the treasure that all the Holy Lands and large clans are fighting over, he actually has three at the same time.”

“Heaven Mending Pavilion! How many heaven-defying inheritances are there hidden?”

For a moment, everyone’s hearts were incomparably heavy as they pondered. Some people had already begun to plan and secretly take action, preparing to take all these heaven-defying precious techniques.

Heavenly Venerable Immortal watched all of this silently. He calmed down and sighed again.

“Sigh...”

He had no ill intentions because in his heart, everything that every young man had was obtained through their own hard work.

That was an immortal encounter that belonged to them. Sometimes, he was more like a respected old man who silently protected the young people.

He had personally witnessed the cruel battle in that vast and boundless uninhabited region. He deeply understood that the future of the Nine Heavens and Ten Lands depended on these young people.

Only they could fulfill the wishes of the older generation and explore the world that their ancestors could not.

“Rascal, you’re really making things difficult for me.”

With a bitter smile, Heavenly Venerate Immortal cursed bitterly. He was very unhappy.

This was because he knew that once Ye Qiu's precious technique appeared, he would be completely exposed to the various large clans and holy lands of the Nine Heavens and Ten Lands.

Those experts of the older generation might attack. It would not be good for his future.

"Forget it..."

Sighing, Heavenly Venerate Immortal's eyes gradually turned cold as he looked around.

Looking at the old fellows with ulterior motives, he smiled and said, "Haha! What an interesting kid. This kid's temper and personality are exactly the same as when I was young. I'll say this today. This kid suits me very well. I'm willing to protect him and become his guardian.

"If anyone is unconvinced, feel free to come at me. I haven't fought anyone for hundreds of years, and my hands are itching."

As soon as these words were spoken, everyone was shocked and silent.

"What! Heavenly Venerate Immortal wants to become Qi Wuhui's guardian?"

Heavenly Venerate Immortal's words directly killed the evil thoughts in most people's hearts. Everyone present knew very well how important Heavenly Venerate Immortal's words were.

Dao Protector! This meant that he would escort Ye Qiu's cultivation path. His meaning was even greater than his master's.

Was Heavenly Venerate Immortal crazy? Why was he protecting a young man he didn't even know? Was it just a little appreciation?

Everyone was puzzled. Perhaps the only ones who could understand the Heavenly Venerate's thoughts were those few Heavenly Venerate experts.

In their hearts, at their level, they had long become indifferent to worldly disputes and benefits.

What could arouse their interest was none other than the obsession in their hearts.

Heavenly Venerate Immortal might have seen his younger self or hope for the future in Ye Qiu. Therefore, he chose to become Ye Qiu's guardian.

With his words, no one present dared to move.

Don't think that just because this old fellow had a good temper, he was easy to provoke. In reality, in the Nine Heavens and Ten Lands, other than those experts above the Dao Sacrificial realm, no one dared to provoke him easily.

His status was not inferior to those so-called ancestors.

Moreover, Ye Qiu came from the Heaven Mending Pavilion. Don't forget that there was an old monster in the Heaven Mending Pavilion. With his heaven-defying talent, he must have a certain status and weight in the Heaven Mending Pavilion.

If they attacked him and angered that old monster, it would cause a bloody storm in the Nine Heavens and Ten Lands.

“Damn it!”

Seeing this, the Feng Clan Patriarch silently clenched his fists, his anger burning.

“Why is this kid able to obtain the favor of Heavenly Venerate Immortal?”

He was very unconvinced. Ye Qiu had embarrassed his Feng Clan. He had yet to make Ye Qiu pay the price.

Now that Heavenly Venerate Immortal had forcefully interfered, it was equivalent to announcing that the Feng Clan had to swallow the losses they had suffered today.

Their only chance to survive was to defeat Ye Qiu.

This was because only the younger generation would compete with each other and not break the rules. Even if Heavenly Venerate Immortal wanted to protect Ye Qiu, he had no excuse.

Once the Nine-leaf Grass appeared, the name Qi Wuhui completely shook the entire Nine Heavens and Ten Lands.

At this moment, Ye Qiu still hadn't realized this problem. He also didn't know that the Nine-leaf Grass was so important in the eyes of these people. He only knew that the moment his Dao of Blood reached perfection, his sword energy became even more terrifying.

The moment the laws fused together, he became a sword. The sharp sword intent that he emitted made people tremble.

“The law of time? Come! I might as well fight to my heart's content today.”

With a cold shout, Ye Qiu no longer held back. He activated the Divine Sun, and in an instant, the twelve gods opened their eyes.

A shocking sword intent enveloped the world. Ao Han's expression instantly changed, and all the geniuses present revealed terrified expressions.

Chapter 476: Instant Youth

“Is this the true power of the Nine Leaf Grass Sword Technique?”

At that moment, the sword energy in the world suddenly rose and condensed in the void.

Time?

Space?

No... Not only did the time restriction that Ao Han was proud of not restrict Ye Qiu's sword energy, but it also made him even more excited.

“As expected of the Nine-leaf Grass which was a supreme technique that has existed since ancient times. Even an ancient demon god would not be able to handle such a shocking murderous aura.”

“How terrifying! That Nine Nethers Ao is known as the ruler of time and space. However, who knows that that invincible being once defeated him in his domain?”

“He left the brightest mark in that era of blooming flowers.”

“The Grass Sword Technique is a one-way trip. How arrogant is that?”

At that moment, everyone seemed to have seen the shocking sword strike from thousands of years ago. The wind blew and the grass rustled, killing from ten thousand miles away! All the vegetation in the surroundings moved, and a murderous sword energy appeared.

At this moment, everyone was focused on the white-robed man in the taboo, looking forward to his crazy slash.

On the other hand, the arrogance in Ao Han’s heart was completely stimulated at this moment. Facing the pressure of that shocking sword intent, he was not to be outdone and roared angrily.

“I... will never lose! I will personally take back the honor that once belonged to us.

“Time Cage, lock!”

An angry roar sounded. At that moment, Ao Han had used all his strength. The trident in his hand emitted a dazzling light.

At that moment, the entire world seemed to have stopped. It was completely locked under the domain of time and space.

That was the Nine Nethers Ao’s supreme divine power, the cage of time and space. Back then, he had relied on this heaven-defying technique to enter the ranks of the Ten Fiends. Because of this technique, his Dao heart was severed by the Nine-Leaf Grass, and all his pride was severed. From then on, he fell into the cycle of reincarnation and disappeared.

Dear readers!you are reading on our content stealing site.Please copy and search this link "<https://bom.so/sBJMla> " to support us

This was a battle of fate. The battle between the two had already reached the final juncture.

Ao Han went all out to snatch back the honor that should have belonged to his clan. As the only successor of the Nine-Leaf Grass, Ye Qiu would continue to maintain the undefeated legend of the Nine-Leaf Grass.

“Come on! Instant Youth! Slash!”

The blood in his body was constantly boiling. Ye Qiu could already feel that the blood in his entire body was burning.

At that moment, he was like a god who had descended to the mortal world and created an invincible legend.

The world trembled as if a line had been cut open.

The sixth strike! Instant Youth. It was said to have cut through an era, that incomparably familiar sword.

Under everyone's gaze, the terrifying sword energy instantly slashed out, as if it had cut through the shackles of time.

With a bang, the time cage was forcefully cut apart by this sword.

"No!"

Ao Han could not believe it. Even after so many years, they were still defeated. The nightmare that had once destroyed his pride seemed to have become the nightmare of this moment. It was still the scene from ten thousand years ago. The Nine Nethers Ao was defeated by the sword of the Nine-Leaf Grass.

Ao Han was also defeated by Ye Qiu's sword.

"Pfft..."

This nightmare had become a knot that he could not get rid of. The pride in his heart had been completely destroyed, and his faith was starting to collapse.

Could it be that the Nine-Leaf Grass was destined to be their nemesis?

Instant Youth seemed to have cut through all the grudges from ancient times and cut off the past. It would rather not be an immortal than to return to the mortal world.

Looking at that white back, everyone's hearts were stirred, as if they were seeing that invincible expert's peerless appearance again.

Ye Qiu's back was facing everyone as the sword descended. At that moment, he seemed to understand the various mentality of his predecessors.

That invincible demeanor seemed to be right in front of him, unable to be erased.

"Phew..."

Ye Qiu couldn't help but feel sorry for the depressed Ao Han.

The Nine Nethers Ao's precious technique was definitely not weak. The reason why he lost was not because he was not skilled. This was because the Cursive Sword Art was the nemesis of time and space.

Perhaps back then, when the Nine-Leaf Grass created the Cursive Sword, it had an invincible demeanor.

Therefore, he almost did not leave any way out for every strike. That was an extreme desire to attack. The stronger the enemy, the more violent the sword technique. It drank the blood of the enemy and sacrificed the sword in his hand!

This was the true meaning of the Cursive Sword.

The sixth strike, Instant Youth, was used. Ye Qiu gradually felt that he lacked strength and blood.

Ye Qiu had already exhausted all his strength to defeat Ao Han with the Dao of Blood technique without using the Immortal Slayer.

Fortunately, after cultivating the Dao of Blood to the late-stage, its terrifying recovery ability gradually began to show. The blood-colored Dao Flower that gradually rose in his body would become Ye Qiu's endless source of power.

As long as the flower did not wither, his power would be endless.

Ao Han had lost!

He could not accept this fact. Similarly, the surrounding opponents could not accept this fact.

"No... How could Ao Han lose so completely?"

Someone questioned and felt puzzled for him. He could not believe what he had seen.

At this moment, there was only reverence in the eyes of many people. Ye Qiu had defeated Ao Han, which meant that his strength had already entered the top ranks of the younger generation.

He was one of the best of his generation.

In the beginning, many people felt that Ye Qiu had been avoiding Feng Lingyue's pursuit and thought that he was nothing much.

From the looks of it, that didn't seem to be the case.

As they turned around, a gust of wind suddenly blew past while everyone was still in shock.

When they looked over again, Ye Qiu had already arrived beside Ao Han and whispered, "You lost..."

"Pfft..."

Like the last straw that crushed a camel, Ao Han spat out a mouthful of blood. He looked at Ye Qiu with an extremely dispirited gaze. He was filled with unwillingness as he looked at this opponent who he once looked down on but ruthlessly destroyed his pride.

Seeing his dispirited appearance, Ye Qiu didn't directly take his life. Instead, he took his trident and watched him half-kneel on the ground.

He said, "According to the rules, these treasures of yours are mine!"

Ao Han's eyes were red. He looked at Ye Qiu in confusion and said, "You're not going to kill me?"

He couldn't figure out why Ye Qiu didn't kill him and only took his treasures. Could it be that in his eyes, he wasn't even qualified to become a soul under his sword?

There seemed to be nothing more humiliating than this in the world, let alone to an invincible young man.

How proud was he? How could he withstand such humiliation?

Chapter 477: The Enemy Who Lost to Me Has Never Been Regarded As My Opponent

Ye Qiu only looked at him quietly and said lightly, "The enemy who lost to me has never been regarded as my opponent. I can give you time to catch up until I'm out of reach."

As soon as these words were spoken, Ao Han instantly spat out a mouthful of blood and fainted.

Ye Qiu's actions hurt him even more than killing him. He had completely destroyed his pride in front of the entire world.

This method was either to completely destroy a young man with great potential or to completely stimulate his potential, giving him endless motivation to rise and avenge his previous humiliation.

The key to deciding on these two paths was Ao Han's heart.

Ye Qiu looked at the unconscious Ao Han and mercilessly took his trident and golden armor, as well as Ao Han's storage jade. He gently pressed his hands on his skull and copied the Nine Nethers Ao's inherited precious technique.

Then, he silently left.

A shocking battle ended. Everyone silently looked at the unconscious Ao Han on the ground and then looked at Ye Qiu who had left.

Yunshang stood silently in the distance, waiting for Ye Qiu's arrival. The two of them left together.

At this moment, outside the forbidden area, the Patriarch of the Searing Golden Ao Clan, Ao Tian, silently watched all of this. He didn't show any anger. Instead, he watched Ye Qiu leave with gratitude.

No one could figure out why his expression was so strange. Logically speaking, their clan must hate Ye Qiu to the bone for creating such a blow. However, he was not angry at all. He was more grateful, relieved, and gratified.

Perhaps no one could understand his thoughts.

"Haha... My son, do you understand this shocking battle? I hope you can gain something. Failure is not scary. What is scary is that once a person fails, they will never have the courage to stand up again. Only by crossing this hurdle can you truly grow."

Ao Tian muttered to himself as he watched Ye Qiu leave. He was very grateful. He was grateful that Ye Qiu let his son off. He was also grateful that Ye Qiu used this method to try to make Ao Han stand up again.

No one knew his son's personality better than him. Only this way could he regain his motivation to advance.

Ye Qiu said that he had destroyed Ao Han, but he was actually saving him.

All the geniuses of the world had a common problem. Ever since they were born, they had never tried to fail. They could not understand the pain of failure at all. Invincible made them even more arrogant. Once they suffered a huge defeat, they would stop struggling and completely lose themselves.

Therefore, he was very grateful to Ye Qiu for showing mercy. He was the benefactor of the Searing Golden Ao Clan and also his benefactor.

“Haha, this kid! Not bad.”

Ao Tian couldn't help but praise in his heart. He turned around to look at the few clansmen behind him and gestured with his eyes.

The clansmen hurriedly entered the forbidden area and brought Ao Han out.

After this battle, Ao Han suffered heavy losses. Not only was he seriously injured, but his Dao heart was also damaged. Even the immortal artifact and immortal armor were taken away by Ye Qiu.

However, Ao Tian didn't pity this loss at all. It could be considered a tacit agreement. The winner takes it all. It was already very good that his son could survive. As for that immortal treasure, he would treat it as a treasure to exchange lives with the King of Hell.

“Patriarch!”

The clansmen did not understand the Patriarch's thoughts after bringing Ao Han out. They said angrily in their hearts when they saw that the Young Patriarch was so seriously injured.

“Should we send a few people in to deal with that kid?”

Unexpectedly, as soon as these words were spoken, Ao Tian's expression suddenly turned cold as he berated, “Shut up! What a disgrace. A loss is a loss. My Golden Ao Clan hasn't fallen to the point where we can't afford to lose.

“The strong bully the weak and are disrespectful to the old. My Searing Golden Ao Clan can't afford to lose our dignity with such a despicable style. If anyone dares to mention this again in the future, I will punish them according to the family law.”

As soon as these words were spoken, the Feng Clan's Patriarch's expression changed. What did he mean? Did he give an innuendo? Anyone with a discerning eye could tell that he was indirectly cursing the Feng Clan for being shameless.

“Damn it, this old thing is indirectly scolding me?”

The Feng Clan's Patriarch was instantly enraged. But he didn't name him, so what could he do?

“Haha, Patriarch Feng, I'm really sorry. I don't mean anything else. I'm just reprimanding insensible juniors to let them understand what shame is. I swear to God, I definitely didn't mention anything wrong about the Feng Clan. The world can testify.”

At this moment, the Feng Clan Patriarch gritted his teeth. His clenched fists and fingernails were embedded in his flesh, and blood kept flowing. It could be seen that he was extremely angry at this moment, and his eyes had turned red.

It had to be said that Ao Tian's nominal reprimand of a junior was actually a ruthless humiliation to the Feng Clan.

Humiliating them with the word “shame”. If they still wanted to attack Ye Qiu at this moment, it would confirm this fact.

Everyone was waiting to see the Feng Clan make a fool of themselves. However, no one expected that Ao Tian would actually do such a thing for Ye Qiu before he left. No one knew what this old kid was up to. Just based on his words, if the Feng Clan wanted to protect their reputation, they wouldn't dare to secretly attack Ye Qiu.

"Haha, how sinister!"

Even Heavenly Venerate Immortal was amused by this scene. He clearly didn't expect Ao Tian to suddenly do this. It was a blow to the Feng Clan. He stood on the mountain and peed on the people at the foot of the mountain to wake them up.

"Haha! Everyone, I'm embarrassed. My son's skills aren't presentable, so I'll leave in advance. It's not good for me to stay here any longer. Everyone, enjoy. I'll take my leave first."

After ruthlessly disgusting the Feng Clan, Ao Tian smiled maliciously and left with the disciples. Before he left, he was still looking at the Feng Clan's Patriarch with a smile. There was no need to doubt that he had done it on purpose just now.

That's right, he didn't have anything to repay Ye Qiu for letting him off. Before he left, he had done something for Ye Qiu.

At this moment, in the forbidden area, Ye Qiu didn't know what was happening outside. He didn't know that Ao Tian would actually help him so much. If he knew, he would probably respect this Patriarch very much.

His magnanimity made Ye Qiu admire and respect him. Only a magnanimous expert of the older generation like him was worthy of Ye Qiu's respect. Ye Qiu's actions just now weren't in vain.

Of course, none of that mattered.

The important thing was that Ye Qiu was rich now.

"F*ck, I'm rich, I'm rich."

In the Qiankun Cauldron, Ye Qiu was completely shocked after carefully counting his gains from this battle.

This Ao Han was too rich. Ye Qiu estimated that there were tens of millions of red crystals.

This was only his pocket money. There were more Dharma treasures piled up in his storage jade, as well as two supreme-grade immortal artifacts.

Oh my god, a bicycle became a motorcycle. I'm really rich this time.?

Chapter 478: Dividing the Spoils

"Haha!

Ye Qiu couldn't help but laugh after counting down.

Awesome, too awesome. Aren't I rich now? I'll see who dares to stop me when I return to the Drunken Immortal Pavilion.

A total of 30 million red crystals. This wave made Ye Qiu extremely rich. Wouldn't he take off on the spot if he trapped another wave of children?

However, Ye Qiu fell silent when he turned around.

It didn't seem realistic. Lian Feng was not here. His three precious disciples were still in the lower realm.

Ye Qiu still hadn't made any plans to head to the Heaven Mending Pavilion in the sky, so he didn't have a target to trap.

"Hmm?"

Ye Qiu was stunned when he turned around and looked at the adorable Yunshang. He should be able to make use of this woman, right?

In terms of appearance and temperament, Yunshang was not inferior to Lian Feng. It could be said that they were on par. One was cold and elegant, the other was filled with an immortal aura, gentle, sweet, and cute.

It was not impossible to consider.

Hmm...

After thinking about it seriously, the corners of Ye Qiu's mouth curled up slightly. Yunshang's heart trembled when she noticed Ye Qiu's strange gaze.

What was he going to do?

Her heart was pounding. She was a little nervous as she watched Ye Qiu get closer and closer. She turned around and saw that the fatty had already run away while they were fighting. There was no one behind her.

She was flustered. If Ye Qiu did anything overboard, should she agree or not?

Ah, so conflicted.

"You... you, you... what are you doing?" Yunshang said in a panic. Her heart raced and her face turned slightly red. She looked at Ye Qiu guiltily and saw him blink. In an instant, Yunshang felt her body go limp and she was electrocuted.

"What a strange feeling. Did this guy use some demonic technique?"

She had never felt so electrified before. Yunshang's heart tightened when she looked at his sincere gaze and his handsome and charming appearance.

Ye Qiu was secretly delighted when he saw her reaction. There was a chance. He had seen this flustered performance and guilty gaze from Lian Feng before.

Ye Qiu smiled and said indifferently, "You seem very nervous."

“Hmph, who’s nervous? Why should I be nervous? What’s there to be nervous about?”

Yunshang retorted three times in a row. After waiting for a long time, she thought that he would say something, but she was a little disappointed. However, she didn’t care. She only replied angrily and turned around, not planning to look at Ye Qiu anymore.

Ye Qiu didn’t care, mainly because he couldn’t convince himself, nor did he choose such a rude method.

After calming down, Ye Qiu asked in his heart, “System.”

[I’m here.]

“I’m now Qi Wuhui. If I’m bound to Yunshang, can I be bound?”

[Host, you can’t.]

[The host’s fate with love is blessed by the system. You must bind it with your true identity to trigger a critical hit.]

“I see.”

Hearing this, Ye Qiu finally understood. It seemed like his decision just now was correct. Originally, he wanted to do this, but considering this reason, he gave up. He heaved a sigh of relief after asking. It seemed that his decision just now was completely correct.

“Alright! In that case, let’s forget about it for now. If we are really fated in the future, it won’t be too late to talk about it then.”

Ye Qiu thought about it and gave up on that thought. If he and Yunshang were really destined to be together, then she would be his even without him fighting for her. If not for this fate, there was no point in him working hard.

Ye Qiu calmed down again and began to organize his gains. He took out the golden armor and the trident from his storage jade and placed them on the ground.

“These two immortal artifacts are both top-notch supreme-grade immortal artifacts. They have been worshiped by the Searing Golden Ao for many years as supreme treasures. I didn’t expect you to take them today.

“You have to be careful. It might not be a good thing for such a treasure to fall into your hands.

“Although the Patriarch of the Searing Golden Ao Clan is broad-minded and straightforward, no matter how broad-minded a person is, they can’t ignore such a precious treasure.”

Yunshang was a little envious as she looked at the two immortal artifacts on the ground, but she was also worried. She was worried that Ao Tian would attack Ye Qiu just like the Feng Clan. At that time, it would be very difficult for Ye Qiu to leave the forbidden area.

Ye Qiu had considered this problem from the start, but he didn’t panic at all. Since he dared to do this, he was already mentally prepared.

“Haha!”

Ye Qiu revealed a confident smile. He looked at Yunshang and said, "Are you worried about me? Oh, I understand. I treat you as a brother, but you actually secretly have a crush on me."

"Go to hell!"

As soon as these words were spoken, Yunshang's face turned red. She flew into a rage out of humiliation and slapped him.

Ye Qiu dodged it and grabbed her hand. "Hit me. Hit me. It hurts in your heart. Just hit me to death."

Yunshang: "..."

This was the first time I had seen such a shameless person in my life. The pretty girl was speechless.

"Phew..."

Yunshang took a deep breath and calmed herself down. She slowly told herself not to be angry. If she was angry, no one would coax her. At that time, she would suffer.

"Qi Wuhui, if you continue like this, I'm leaving."

Yunshang was so angry that she wanted to cry.

"Haha! Seeing her angry expression, Ye Qiu smiled calmly, "Alright, alright, stop fooling around."

Enough is enough. Ye Qiu was sometimes indecent, but most of the time, he was very serious.

After coming back to his senses, Ye Qiu sorted out his gains and divided the treasures inside into two. He placed the two immortal artifacts on both sides and double-checked the Nine Nether Ao's precious technique.

What was he going to do?

Yunshang's heart trembled when she saw this action. She vaguely guessed something and felt incredulous. *Could it be that he wants to split these treasures with me?*

Yunshang was shocked. These money and worldly possessions might not have any value, so she looked down on them. However, that set of Ten Fiends Treasure Technique and those two immortal artifacts were the most precious treasures in the world. He was even willing to take them out.

What kind of boldness was this?

Ye Qiu looked over at her with a burning gaze and said very calmly, "I've already divided these treasures. I originally wanted to split them three ways. However, a disloyal fatty ran away first. He didn't have a share, so I split it into two portions.

"I'll say it again. As long as we cooperate, we'll split the gains equally. Regardless of whether we contribute or not, this is integrity.

"Come on, you pick first. Pick whichever you want."

Ye Qiu smiled and said generously without any pity.

Yunshang was deeply convinced by his boldness. This guy... clearly appeared to be very greedy, but when he really obtained these treasures, he was very generous.

She could not understand this guy anymore.

Chapter 479: Secret Love

She did not put in any effort in this battle. Perhaps she only played a little deterrence, but that was dispensable.

This battle was completely won by Ye Qiu's terrifying strength. These treasures should belong to him.

Yunshang had no complaints about this.

However, to her surprise, Ye Qiu was willing to give her a share just because of an agreement! That was the agreement Ye Qiu had agreed to before she joined.

"Hmm,"

Pursing her lips, Yunshang looked at Ye Qiu with a complicated gaze. She realized that she admired this guy more and more. He was unrestrained, carefree, and unconventional. Sometimes, he was a little funny, and sometimes, he was incomparably serious.

Perhaps Yunshang herself did not know that a person had already been deeply imprinted in her heart.

Yunshang fell into deep thought as she looked at Ye Qiu's two treasures. Of these two treasures, the two immortal artifacts were divided into two, and the Nine Nether Ao's precious technique was also divided into two.

The other treasures were dispensable. The most important were the two immortal artifacts.

A trident and a golden armor.

Yunshang hesitated for a moment. Actually, she didn't care much about these two immortal artifacts. She was more concerned about the Nine Nether Ao's precious technique.

Ye Qiu chose the simplest method to split the Nine Nether Ao's precious technique into two. No matter which side she chose, she would be able to obtain this precious technique.

After pondering for a moment, Yunshang looked at Ye Qiu and asked with an uncertain tone, "Are you sure you want to split these treasures with me? This is a supreme-grade immortal artifact and this Ten Vicious Treasure Technique. In the world, how many people fight for something that they want? Do you really not regret it?"

Hearing this, Ye Qiu suddenly smiled and leaned over. He said in an incomparably sincere tone, "Shang'er, I've said it before. As long as you like it, I'm willing to give you the best in the world. Not to mention this mere Ten Fiends Treasure Technique, I can even pluck the moon from the sky for you."

As soon as these words were spoken, Yunshang's heart trembled. Her body went limp and she felt her heart go numb. At that moment, she seemed to have fallen for him. She looked at the incomparably outstanding man in front of her as if he was the marriage fate she had brought with her.

She admitted that she was a little tempted.

She didn't doubt Ye Qiu's sincerity at all because all the fake true feelings in the world would reveal flaws in front of these Ten Fiends' precious techniques and immortal artifacts.

Yunshang looked at Ye Qiu and felt happy. She subconsciously revealed a sweet smile. However, she recalled that he already had a partner. How could she step into their relationship?

Her heart ached again, but she was even more disappointed.

He was so outstanding. Why couldn't she have met him earlier? Could it be that she had to be his concubine?

After struggling for a long time, Yunshang looked at the treasure on the ground and pursed her lips. She looked very cute.

She wanted it, but she didn't want it.

For a moment, she was in a dilemma.

"Hmm,"

Her pretty face turned slightly red. It was difficult for her to make a choice. She stretched out her fair hand towards the precious bone and said, "I only want this. The Nine Nether Ao's Treasure Technique can perfect my technique. It has a crucial effect.

"With this precious technique, it will definitely help me step into the Endless Realm, break through my shackles, and perfect the technique in my heart.

"I feel guilty for accepting the rest. I won't dare to touch it.

"Young Master Qi, I owe you a favor today. If you need me to repay you in the future, I will definitely repay you with my life."

Hearing this, Ye Qiu looked a little disappointed, but he calmed down and was secretly delighted.

Don't want the rest? Hehe, wouldn't I be even more rich? Sure, sure.

However, on second thought, did this also mean that this was Yunshang's way of rejecting him?

Damn, I knew it. It must be because Qi Wuhui's face was so ugly that he was rejected by a beauty. If it were me, Ye Qiu, I would be able to control her at any time.

Damn it, Qi Wuhui has harmed me.

Ye Qiu was instantly furious and pushed all the blame to Qi Wuhui.

Poor Qi Wuhui. Not only had he inexplicably offended a large number of people, but he had also been scolded by Ye Qiu hundreds of times in his heart.

How could he justify such injustice?

“Sigh...”

With a sigh, Ye Qiu pretended to be disappointed and said, “Looks like I was rude in the end. Fairy, don’t blame me. Don’t take my words to heart. I was thinking too much. I apologize for being rude to you.”

As soon as these words were spoken, Yunshang was shocked. She suddenly felt like she had lost something important. She hurriedly said, “No, Young Master, you’re not rude. It’s Shang’er’s fault. It’s not Young Master’s fault.”

In a moment of desperation, even this self-proclamation became intimate. Perhaps Yunshang herself did not notice.

“I will remember Young Master’s kindness in my heart and will never forget it. However, I feel guilty. I am already very satisfied to be able to accept such a huge gift.”

She was very ashamed. She had not helped at all just now and had even gotten a Ten Fiends Treasure Technique for nothing. Afraid that Ye Qiu would think too much, she had no choice but to say a few more words. She panicked.

“Really? Fairy, are you really not blaming me?”

Ye Qiu asked the obvious with a surprised expression. His acting skills could be considered a Best Actor.

Yunshang blushed. She had never interacted with a man like this before and did not have much experience. She only nodded and was too embarrassed to say anything else.

Hearing this, Ye Qiu immediately smiled and thought to himself. *Hehe, see, isn’t she within my control? Unfortunately, I am acting as Qi Wuhui. Otherwise, I could have another woman in my backyard.*

What a pity.

“Shang’er, I’m relieved to hear this!”

Since she had already expressed it like this, Ye Qiu didn’t stand on ceremony and directly called her by her nickname. He did not feel burdened at all. Sometimes, one should not be too reserved and attack when it is time to attack.

What was the old saying? While you were still publishing your sad proposal, your goddess had already appeared in someone else’s bed.

Therefore, he had to be bold! What was there to be afraid of? This was all experience.

Yunshang didn’t refute Ye Qiu’s nickname. She only smiled faintly and silently lowered her head.

After a while, Ye Qiu put away the remaining treasures and said, “I’ll keep these things for you first. When you need them later, you can tell me. I’ll give them to you then. Alright! All in all, I’ve gained quite a lot this time.

“However, this place has been exposed. We still have to make a new plan and change to another place to kill him? How about that?”

After experiencing the sweetness once, Ye Qiu seemed to be unable to turn back on this path. He walked further and further away.

“Pfft...”

Hearing this, Yun Shang covered her mouth and laughed. “Alright, I’ll accompany you.”

It was just a “I’ll accompany you”. She didn’t express much, but it was enough to express her inner thoughts.

Ye Qiu didn’t hear anything. After packing up, the two of them left this forbidden area together and flew towards the deeper abyss.

The True Dragon Lair had yet to appear, so they were not in a hurry at all. They could still do a few more things.

Chapter 480: Bathing Together with a Beauty

After passing through a void crack, the two of them arrived at a dark and secluded abyss. They could vaguely see a strange aura coming from the narrow crack.

“Mm? This is...”

Ye Qiu’s heart trembled when he felt the fragrance in front of him. This aura and spiritual energy made him feel refreshed and enlightened.

At this moment, Yunshang’s expression became solemn.

Looking at the strange deep space, she muttered, “My master once said that there are many immortal ruins under the True Dragon Lair. There are many treasures inside, and natural treasures can be seen everywhere. As long as you have the ability, you can take them. From the looks of it, my master didn’t lie to me. There are indeed many treasures here.”

Ye Qiu nodded and looked at Yunshang. The two of them flew down. After passing through the barrier, the scene that greeted them stunned the two of them.

“This is... Nine Crystals Qionghua Liquid?”

The slowly dripping liquid in the crack of the rock gradually formed this pool after tens of thousands of years of accumulation. The expressions of the two of them instantly changed. That terrifying vitality surged over, and clear immortal energy circled around the surroundings.

This was a paradise. The immortal energy here was almost hundreds of times that of the outside world. Moreover, there was also this supreme-grade immortal liquid, the Nine Crystals Qionghua Liquid.

At this moment, Yunshang’s breathing became tense. She looked at the pool in a daze and was already tempted. She didn’t expect her luck to be so good. After circling around with Ye Qiu for a long time, she accidentally barged in and discovered this blessed land.

Her cultivation had already reached the extreme realm, but she had yet to truly reach perfection. If she used the cleansing of this Qionghua Liquid to perfect and temper her body, she would be able to reach perfection.

Then, her strength would reach a peak. At that time, she would not need to fear even those descendants of the Golden Bloodline and Monarch's bloodline.

"Phew..."

Taking a deep breath, Yunshang tried her best to remain calm and slowly said, "Young Master Qi, looks like our luck is not bad. I didn't expect such a precious treasure to be hidden in this small cave abode."

"Haha!"

Ye Qiu smiled faintly and turned around to look at her. Her beautiful eyes were blinking very nimbly. It was obvious that she was really happy.

Ye Qiu said again, "Shang'er, go! I'll protect you."

As soon as these words were spoken, Yunshang's smile stopped. She was stunned and asked in confusion, "Aren't you going? This Nine Crystals Qionghua Liquid is a rare treasure in the world. It can only be chanced upon by luck. You..."

She wanted to say something, but Ye Qiu reached out and gently grabbed her hand. Yunshang's body trembled and she didn't resist, but her pretty face turned slightly red.

"Shang'er, the so-called treasures in this world are not as important to me as you. Go ahead. I'll protect you."

Hearing this, Yunshang's body trembled. She looked at Ye Qiu lovingly. She thought to herself, *?This guy is really detestable. He's specially picking the good words.*

"Nothing in the world is more important than me. Hmph... You make it sound like it's true."

Although she didn't believe it, she was happy in her heart. Yunshang didn't refute. On second thought, she said, "Let's go together. There's a lot of Qionghua Liquid in this pool anyway. I can't use it all alone."

She felt a little embarrassed when she said this.

Ye Qiu was even more stunned. "Ah..."

There was such a good thing? Bathing with a beauty? Yo, sure, sure. Hehe... Since you say so, I won't stand on ceremony.

"Ahem ahem..."

Ye Qiu pretended to cough calmly and maintained his gentlemanly demeanor. He said embarrassedly, "This... isn't too good, right? Forget it, you go first! I'll go when you're done."

Yunshang naturally understood what Ye Qiu meant. To be honest, it wasn't good for the two of them to stay in the same pool. Wasn't this a little too bold? However, seeing as Ye Qiu denied it, Yunshang also had a good impression of him.

At the very least, he was not the kind of person who liked to take advantage of others. He could remain calm in the face of her request and even reject her invitation.

He's a gentleman. Hmm... I was right about him.

Yunshang had a good impression of him. He was already so generous. If she didn't say anything, it would seem like she was measuring the heart of a gentleman with her petty heart.

Patting her chest, Yunshang said seriously, "It's fine, let's go together. I have no problem."

"Then..."

Ye Qiu pretended to hesitate. He slowed down and appeared very unwilling.

"Alright, today, I, Ye Qiu, uh... No, I, Qi Wuhui, am blessed to be able to bathe with a beauty, I can't cultivate such good fortune even after several lifetimes of good cultivation."

Ye Qiu smiled faintly and acted very naturally.

However, when Yunshang heard this, she was already a little puzzled.

"Ye Qiu?"

This didn't seem to be the first time she had heard this name. Last time, Ye Qiu accidentally revealed the word Ye. This was more like a habit that was blurted out. Unless one deliberately changed it, it was difficult to hide.

Yunshang secretly became a little suspicious, but she did not expose him.

"Could it be that Ye Qiu is his real name?"

Yunshang was shocked when such a thought suddenly appeared in her heart. No wonder she had never heard of the name Qi Wuhui. It turned out that he was a non-existent person.

And Ye Qiu!

"Hmm... If I remember correctly, I think I heard Father and the others discuss this name."

After seriously recalling, Yunshang's eyes became clear. She seemed to have remembered.

Some time ago, his father had discussed this name with a few elders. This name seemed to be the name of a genius sword immortal with astonishing potential in the lower realm who had once defeated the White Tiger Li Tian.

Because of this, his name began to spread throughout the world.

However, it seemed like there had been no news of this name since a long time ago. It was unknown if he had ascended, and there was still no news.

Thinking of this, Yunshang looked at Ye Qiu suspiciously.

Could it be that Ye Qiu and Qi Wuhui, these two unrelated names, were actually the same person?

She didn't expose him and only guessed in her heart. She looked at Ye Qiu and heaved a sigh of relief.

"Hmm, forget it. No matter if he's Ye Qiu or Qi Wuhui, at least he's sincere to me. It's enough that he didn't harm me."

After convincing herself, she did not continue to dwell on this problem. If he was really not Qi Wuhui, he would tell her when he could in the future.

"Let's go."

With doubts in her heart, Yunshang said softly and walked towards the pool.

Ye Qiu finally heaved a sigh of relief when her graceful figure gradually sank. Yunshang's gaze just now made him a little vigilant.

"Looks like she must have guessed something! But it doesn't matter. Hehe... Beauty, I'm here."

Ye Qiu was heartless. He looked at the beauty under the pool and revealed an evil smile as he slowly walked over.
