Chapter 501: Break Again

The two of them kept looking at the rankings being refreshed and could not help but start to feel nervous.

“This woman is indeed terrifying. Breaking records feels as simple as eating and drinking. She broke them one after another.”

Ye Qiu broke out in cold sweat as he watched the stone tablet continuously refresh. This Little Senior Sister was too strong.

Other than Ming Yue, a few special names appeared on the other paths. They were also breaking the record. Although they were not on the same path, they still gave each other a lot of pressure.

From the terrifying speed at which they broke the record, it could be seen that their strength was definitely not weak.

“Looks like there are many interesting opponents this time.”

Xiao Bieli looked at the stone tablet and smiled evilly. He said, “Since they’ve already begun, then, let’s begin.”

“Sure!”

Ye Qiu didn’t refute. The two of them looked at each other. In an instant, two figures rose from the ground.

“They’re moving.”

The latecomer on the ancient path of starlight stared fixedly at the two of them, his heart incomparably shocked.

On this path, they could only be latecomers and struggle to keep up with them, but they could not reach the level of standing shoulder to shoulder with them.

The two of them entered a gravity domain at the same time and suffered the suppression of thousands of times the gravity. In an instant, the two figures sank at the same time and their speed slowed down.

Ye Qiu looked up at the distant sky in the chaos. A Heavenly Gate slowly opened. It was like a dragon gate that lay on the void at the end of the ancient path. He could only pass the trial by stepping over and enduring the suppression of thousands of times the gravity.

There were a total of three thousand steps from the starting point to the main point. After passing every step, the gravity would double.

Ordinary people would probably not have the strength to leap through the final Dragon Gate even if they could barely last until the end.

It could be said that this level was incomparably difficult.

Before entering, Ye Qiu roughly took a look at the records on the stone tablet. The person who had the fastest record was the peerless beauty who had just broken this record, Ming Yue.

Yes, she had also passed this trial and broken a record that could no longer be surpassed.

What stood in front of Ye Qiu no longer seemed to be Xiao Bieli, but the insurmountable mountain, Ming Yue. It was as if she was standing at the end of the road, her back to them, waiting for someone to catch up.

However, that seemingly close distance was like the corner of the world, unreachable.

At this moment, be it Ye Qiu or Xiao Bieli, the burning fighting spirit in their hearts gradually burned.

“Break!”

When he reached the hundredth step, he endured the suppression of hundreds of times the gravity. Ye Qiu’s soul trembled. He gritted his teeth and his blood energy reversed, directly breaking through his limit and ascending another level.

He turned around and looked to his left. Xiao Bieli had also caught up. The two of them did not speak and were focused. They did not dare to be distracted or discouraged. All they could do to break such a limit was to be 100% serious.

Otherwise, they would never be able to break Ming Yue’s record.

At this moment, Ming Yue stood on the top step and silently watched every move below. She had already reached the final destination, but she did not leave first. Instead, she looked back at the competition below.

In her heart, she more or less wanted to see Ye Qiu’s performance. Perhaps it was because of the indescribable complicated emotions in his heart, as well as the karma that could not be cut off.

It forced her to pay attention to this man.

She couldn’t figure out why Ye Qiu gave her a particularly familiar feeling when she had just met him. Perhaps the First Elder of the Heaven Mending Pavilion could answer her doubts.

Ming Yue silently watched the competition below and became nervous.

“Phew...”

Standing on the two thousandth step, Ye Qiu panted heavily. He looked up at the Dragon Gate above and finally heaved a sigh of relief.

Fortunately, he could barely withstand this gravity suppression.

No matter what, he was an existence whose body had been cultivated to the extreme. He was still quite confident in the mere suppression of gravity. He turned around and glanced at Xiao Bieli. Although he couldn’t see his figure clearly, Ye Qiu could feel that his aura was very close to his.

Extremely close! There was almost no difference between the two of them.

Ye Qiu cultivated both paths and his body was molded to a perfect level. Similarly, Xiao Bieli wasn't bad either. He was a ruthless person who had been baptized by the battlefield. How could ordinary people withstand his endurance?

He chased after him relentlessly. If this continued, Ye Qiu might not be able to widen the gap.

Gritting his teeth, Ye Qiu made up his mind!

"Divine Sun, activate again!"

Ye Qiu not only wanted to shake off Xiao Bieli, but he also wanted to challenge Ming Yue's record.

Ming Yue took forty-seven minutes to reach this level.

Half of the time had just passed. Although the steps behind were harder to walk, Ye Qiu firmly believed that he still had a chance.

Under the push of the Divine Sun, Ye Qiu maximized the blood energy in his body. He began the final charge. In one go, he quickly climbed the steps in front of him and rushed towards the final destination.

Seeing Ye Qiu exert strength, Xiao Bieli couldn't sit still anymore and also began to exert strength. He didn't believe that he would lose to Ye Qiu twice in a row.

The two of them immediately began a crazy competition. They almost held nothing back and erupted with all their might.

They successfully reached the finish line twenty minutes later. However, the two of them did not have enough energy to take another step forward.

Ye Qiu calculated the time and found that there were still three and a half minutes. He began to regulate his breathing on the spot. Now, it depended on who could adjust their state first and leap over the dragon gate in one go.

After eating an Extreme Spirit Pill, the immortal energy in his body began to recover rapidly. Ye Qiu panted heavily and forcefully endured the huge gravity pressure on his body.

The power of his body had vaguely reached a limit. Suddenly, there was a rustling sound.

"Open another sanctum?"

Ye Qiu was shocked. Under this terrifying suppression, he had actually successfully opened his third Heavenly Sanctum.

Not only that, it seemed like the upper limit of his strength had broken through another limit.

Feeling the huge change in his body, Ye Qiu was delighted and immediately looked up at the Dragon Gate. He jumped up and used almost all the strength in his body to jump over the Dragon Gate.

"It's broken, it's really broken!"

At this moment, the situation was shocking! Everyone was shocked. No one expected Ye Qiu to break this record.

That was a record set by Ming Yue.

“There’s only a second difference! Oh my god, this guy is too terrifying.”

Everyone erupted when they saw the stone tablet refresh again. Even Ming Yue revealed a gratified gaze, as if she didn’t care that her record had been broken.

The moment Ye Qiu leaped over the Dragon Gate, it was as if he had been baptized by the holy light. All the gravity in his body was removed. In an instant, his body received a huge power feedback.

“Ah... comfortable.”

At that moment, he felt light and immortal.

Chapter 502: Beautiful Little Senior Sister

After Ye Qiu leaped over the Dragon Gate, Xiao Bieli also successfully took that step. However, at this moment, he was extremely depressed!

This was the second time he had lost to Ye Qiu. There was a hint of unwillingness in his eyes.

Ye Qiu smiled faintly and turned around to look at him. He could see the unwillingness in Xiao Bieli’s heart. However, he had no choice. His strength no longer allowed him to keep a low profile.

“Haha, sorry! Looks like I won this match again.” Ye Qiu said with a faint smile.

Xiao Bieli’s face immediately darkened. He turned around and ignored him. He couldn’t figure out why he had lost to Ye Qiu twice in a row. The pride in his heart seemed to have suffered a blow.

Seeing his expression, Ye Qiu laughed in his heart. He turned around and saw a cold woman standing behind him.

“Senior... Senior Sister!”

Ye Qiu was shocked. When did Ming Yue stand here? Fortunately, he didn’t say anything bad about her just now. Otherwise, he would be finished.

Ye Qiu originally wanted to show off after breaking her record. Seeing that she was here, he immediately dispelled the thought in his heart.

This woman was not to be trifled with. Forget it, I’ll brag next time.

At this moment, Ming Yue was thinking about something. Her gaze was very strange as she kept staring at Ye Qiu’s body and observing it, as if she wanted to see something.

Ye Qiu was so embarrassed that he wanted to show her. After all, no man could withstand being stared at by a peerless beauty.

After watching for a while, Ming Yue said, “Hmm, not bad! There’s something, but not much.”

Ming Yue was more or less a little proud of this man who had broken her record. She reluctantly admitted his strength. Of course, from Ye Qiu's performance, it was enough for her to acknowledge him. She was also very satisfied with this junior brother's performance.

At the very least, she would not be too lonely in the future after he entered the Heaven Mending Pavilion. This was because she finally had a junior brother who was qualified to be her opponent. In the future, when she had nothing to do, she would look for him to spar. Her days would not be bad.

Yes, it was just a spar. There was no other meaning. Ming Yue felt a little guilty after comforting herself.

It was rare to hear this arrogant senior sister acknowledge him so much. Ye Qiu was a little surprised.

He teased, "I'm more or less flattered to be praised by my beautiful senior sister."

Ming Yue's mouth twitched and she was speechless.

She turned around and looked at Ye Qiu, saying coldly, "Do you really think so?"

She suspected that although the man in front of her looked innocent and pure on the surface, in reality, his heart was not pure.

Ming Yue did not believe that a person who could kill his way from the lower realm to the upper realm would not have any schemes.

Therefore, from beginning to end, she was half convinced by Ye Qiu's words.

Facing her doubts, Ye Qiu naturally insisted. This was the best opportunity to communicate with his beautiful senior sister. How could he miss it?

"Senior Sister is like the unreachable moon in the sky. You're beautiful and moving, but unreachable. We mortals are really blessed to be able to obtain Senior Sister's favor."

Ye Qiu spoke with a smile, calm and composed.

Ming Yue felt very comfortable after saying this. She looked into his eyes and thought to herself, *Is this my image in his heart?*

Goddess was an unreachable existence. Ye Qiu's highest evaluation of her was comparing her to the moon.

However, Ming Yue didn't want to be the moon because she was too lonely. For many years, no one had been able to walk beside her, making her more and more solitary. Now that she had finally met someone who was qualified to walk beside her, she did not want to make herself too far away.

After pondering for a moment, Ming Yue pursed her lips and glanced at Ye Qiu. She said, "You're quite good at sweet-talking. You must have many female friends, right?"

At this point, Ye Qiu smiled awkwardly, "Haha... Senior Sister is indeed Senior Sister. Actually, there aren't many. Just two."

Ye Qiu boldly admitted it. There was nothing he couldn't admit.

However, Ming Yue was instantly puzzled by his words. She roughly knew some things about Ye Qiu. According to what she knew, didn't Ye Qiu only have one confidante?

And she happened to know that person.

She was Lian Feng, one of the successors of the Heaven Mending Goddess, who had ascended to the Nine Heavens before Ye Qiu. She had seen her before in the forbidden land and had interacted with Lian Feng before. She was an extremely outstanding girl. In terms of beauty, she was not inferior to her.

Her talent was even more astonishing. Ever since she ascended, she had been in seclusion for a few months. Now, she had opened seven Heavenly Sanctums, as if she wanted to surpass her.

It was also because of Lian Feng's appearance that Ming Yue felt a little nervous.

In this crazy internal competition, if she wanted to stabilize her status, she had to continuously cultivate and reach a height that others could not reach.

This was also one of the reasons why she chose to participate in the True Dragon Lair.

She looked at Ye Qiu with a puzzled gaze. She was a little puzzled. Which other female friend did Ye Qiu have?

Lian Feng was already so outstanding. Could there be a woman more outstanding than her?

Curious, Ming Yue asked, "Two? Who's the other?"

At this point, the corners of Ye Qiu's mouth curled up into a smile.

Yes, he had said everything on purpose to arouse Ming Yue's curiosity. However, he did not intend to tell her about Little Senior Sister's existence. Instead, he kept her in suspense.

"Senior Sister, you should know this person too."

"I know her?"

Ming Yue was stunned. She knew her? Did Ye Qiu find another one after he went to the Nine Heavens? No way, so fast?

He had just come up not long ago, yet he had found a confidante in such a short period of time. How promiscuous was he? Moreover, which insensible little princess from a big clan had been tricked by this guy's sweet words?

Ming Yue's curiosity was piqued. She really wanted to see who the person Ye Qiu was talking about was.

"Which big clan's young lady is she from?" She asked directly. Her tone was unquestionable. She had to know who this person was today, or she would lose sleep when she returned.

Seeing this, Ye Qiu smiled and knew that it was about time.

Then, he said, "This person is not from the Nine Heavens and Ten Lands."

She wasn't from the Nine Heavens and Ten Lands. In other words, this person was Ye Qiu's lover in the lower realm.

Ming Yue guessed in her heart. This was the only explanation now. However, she was sure that she did not know anyone in the lower realm.

Why did Ye Qiu say that she knew this person? How could he be so sure?

Ming Yue was confused. She looked at the faint smile on Ye Qiu's face and felt like she had been tricked.

"Are you playing with me?"

She was angry and immediately wanted to slap him. Ye Qiu hurriedly dodged.

He then said, "Senior Sister, I'm not playing with you. You definitely know this person."

"Nonsense. I don't know anyone in the lower realm."

"No, you know her."

Ye Qiu was very determined. Then, he smiled and said, "Once Senior Sister sees this person, you will definitely be shocked."

Chapter 503: Thoughts Gradually Become Evil

"However, I can't tell you who this person is for the time being because she might be in danger after you see her."

Ye Qiu knew when to stop. Before he figured this out, he did not intend to expose Ming Yue's existence because he could not guarantee that Ming Yue would not kill her after seeing her.

These two were clearly the same person, but they had different thoughts and memories.

Ye Qiu vaguely guessed that she was cultivating some secret technique that caused her soul to split, giving birth to two of her.

It could also be another way, like Meng Tianzheng, who also had a clone.

However, the two of them seemed to be different.

The First Elder of the Heaven Mending Pavilion clearly knew about what happened in the lower realm.

However, Ming Yue did not know at all. Clearly, even she did not know that there was another person who looked exactly like her but had completely different personalities.

Ye Qiu was even more curious about what kind of secret was hidden inside.

Ming Yue's eyes turned cold after hearing Ye Qiu's explanation.

"She'll be in danger when I see her?"

She vaguely felt that something was wrong. She recalled in her mind and firmly believed that she did not have any enemies. If there was really someone she wanted to kill, it might be Qi Wuhui.

Other than that, she really couldn't think of anyone else.

Could it be that...

Suddenly, an evil thought appeared in Ming Yue's mind. She looked at Ye Qiu with an extremely strange gaze and felt a chill in her heart.

This guy liked both men and women? If she remembered correctly, that Qi Wuhui also claimed to be a disciple of the Heaven Mending Pavilion, right?

He was so determined about his identity, and Ming Yue didn't know him, so it could only be said that he came from the lower realm.

Eh?

The more she thought about it, the more ridiculous it became. Ming Yue felt that she had discovered a shocking secret. Her pupils constricted and her gaze became extremely strange. She looked at Ye Qiu with an expression... and stopped talking.

She didn't seem to have said anything, but she seemed to have said everything.

The gossipy heart of the originally cold goddess was suddenly stirred. She really wanted to see who the person Ye Qiu was talking about was.

There was even a feeling of anticipation.

"Hey, woman, what kind of look is that?"

As if realizing that something was wrong, Ye Qiu's smile stopped.

Ming Yue smiled faintly and did not answer. Instead, she gave him a back view and did not answer him anymore. She let her imagination run wild.

Ye Qiu immediately sweated. He felt that she had misunderstood something.

Boom!

Just as Ye Qiu was about to explain, a loud bang suddenly sounded in the sky.

Bang!

A golden light flickered. Ming Yue looked up and said coldly, "The record's out!"

Ye Qiu was delighted when he heard this. It seemed like he could obtain many treasures again. There were many trials on this path of trials, and everyone experienced different things.

Therefore, every record had a chance of obtaining a reward. Just like Ming Yue, the path she took had many trials, and the records she created were countless.

Xiao Bieli was the unlucky one. He had lost to Ye Qiu several times on the same path as him, so this time, he could be said to have gained nothing.

Ye Qiu felt the baptism of the holy light and his body felt comfortable. He turned around and his mouth twitched.

Compared to the faint light on his body, the ball on Ming Yue's body was more like a bright moon than a star. She was simply not human.

"Damn it, how many records has this woman broken?"

Ye Qiu was speechless. He thought that he could break her record and was a little smug. Now that he saw it...

He still had a long way to go.

At the very least, Ye Qiu needed to open ten Heavenly Sanctums to reach her level.

"Congratulations, you have successfully broken the record and obtained a Demon Subduing Pestle."

"Demon Subduing Pestle? Another supreme-grade immortal artifact."

Ye Qiu was shocked when he heard this. He watched as the immortal artifact fell into his hand and was incomparably shocked. Were the Nine Heavens and Ten Lands so rich? There were so many immortal artifacts, yet they could easily obtain them?

Perhaps it was because of the difference in planes. The immortal artifact that could only be chanced upon by luck in the lower realm had become so ordinary in the Nine Heavens and Ten Lands.

Ye Qiu began to think to himself. It was about time to get a weapon that surpassed immortal artifacts. It just so happened that with this harvest, he could return to the lower realm after settling down and use these supreme-grade immortal artifacts to exchange for more.

He had no choice. Ye Qiu should do something now that he is rich. At the very least, he couldn't neglect this system, right? No matter what, he was still a person with a system. If he stood at the same starting point as them, he would more or less look down on the system.

It was fine to play and mess around, but don't treat the system as a joke.

Ye Qiu calmly put away the Demon Subduing Pestle. He didn't show any happiness because he had obtained an immortal artifact.

This performance made Ming Yue look at him in a different light. She felt that she could not understand this young junior brother.

Compared to Ye Qiu's gains, Ming Yue's gains were actually greater, but she didn't care about these so-called treasures at all. Her thoughts had never changed. Similarly, Xiao Bieli, who was in the distance, had also adjusted his state.

They also did not care about temporary gains and losses. They only cared about the most critical final battle.

They were all adjusting themselves to prepare for the final competition.

Ye Qiu vaguely noticed this. He suddenly understood that the true battle was coming. He silently circulated the power in his body and mobilized all the blood energy in his body to maintain a state of preparing for battle.

“True Dragon Treasure Technique?”

Ye Qiu was already prepared as he muttered.

A door suddenly opened in the void. In an instant, a terrifying power spewed out.

“It’s starting!”

It was a pitch-black nest, like the deep sea, emitting the fear of the unknown.

The moment the door opened, a terrifying pressure assaulted him. Ye Qiu was shocked.

“That’s the true lair!”

Ye Qiu instantly understood and exerted strength.

The moment they were about to rush out, Ming Yue and Xiao Bieli attacked at almost the same time. Immediately after, the experts of the other spaces also attacked. Hundreds of figures flashed and fought frequently, rushing into the deep sea together.

Ye Qiu also rushed over! When he arrived at the entrance, there was a loud bang and a huge beast charged over from behind.

Ye Qiu turned around and forced it back with a palm. He didn’t stop and passed through the last taboo to enter the lair. In an instant, a wave of death energy came, and the cold seawater drowned his body, as if it was about to freeze him.

Ye Qiu gathered a ball of flames around his body, forming an energy barrier to protect his entire body.

They flew in the direction of the aurora. During this period, they frequently fought with a few experts, but no one was in the mood to tangle.

After searching the endless abyss, suddenly, eight lights flew from the bottom of the sea in eight directions.

“True Dragon’s bone!”

In an instant, everyone became nervous and chased in different directions.

At this moment, the True Dragon’s bone belonged to whoever could catch up. The true competition had already begun.

Chapter 504: Qi Wuhui Who Kills

“Haha, the True Dragon’s bone is mine!”

With a loud laugh, a crimson beast suddenly stretched out its huge hand, wanting to grab the precious bone.

This action was immediately attacked by the others.

“Get lost! No one can snatch the True Dragon’s bone from me.”

Another descendant of the Monarch's bloodline charged out. For a moment, the entire battlefield was in chaos. A huge battle had already begun.

"F*ck, so intense!"

Ye Qiu, who had been watching from the side, was also shocked by this scene.

After observing carefully, Ming Yue chased after the precious bone which was the first to leave. He would not consider her for the time being. After all, her strength was obvious. Ordinary people really did not dare to fight her.

On the other side, Xiao Bieli also chased after a precious bone. He had encountered a difficult opponent. The two of them fought, and it was an abnormally intense battle.

After roughly observing the situation on the battlefield, Ye Qiu quickly made a judgment.

His gaze locked onto the northernmost precious bone.

However, before he attacked, Ye Qiu still needed to do something.

"Haha, I'm sorry, Senior Brother Qi. I'll borrow your face again to do something big."

While no one was paying attention, Ye Qiu's figure flashed and in an instant, he transformed into Qi Wuhui again.

After changing his appearance, Ye Qiu completely let himself go.

"Haha, you didn't expect me to come back, right? Whoever dares to touch my precious bones will have their heads crushed."

With a wild laugh, a sword energy instantly erupted. With Qi Wuhui's identity as his support, Ye Qiu was fearless and had no worries.

The Cursive Sword was instantly activated, and the surrounding hundred miles of sea instantly fell into an extremely terrifying sword energy domain.

"Qi Wuhui! It's this person again..."

The few people who were originally fighting were already locked in battle and were disturbed by this person who suddenly barged in.

After seeing this familiar face, they flew into a rage out of humiliation.

"Shameless disciple, you dare to be my enemy! Kill!"

How could he not know Qi Wuhui's reputation? This person was heartless and cunning. He did not play by the rules and was sly and powerful. Before this, he had even attracted a large wave of hatred. Many people hated him to the bone.

He thought that it was impossible for him to enter this final competition of the True Dragon Lair.

However, no one expected him to secretly stay in the dark until the finals.

Ye Qiu slashed out with his sword, forcing the few people in front of him back.

“On the peak of the immortal world, there will be heaven as long as I, Qi Wuhui, am here. Those who praise my true name can obtain eternal life. Those who block my path will die!”

As soon as these words were spoken, everyone was shocked!

What a crazy tone. Even the experts above the Dao Sacrificial realm wouldn't dare to say that, right?

How dare he?

“How arrogant! Today, I, Wu Xu, will try what you can do to me.”

As he spoke, a descendant of the Monarch's bloodline charged out.

Wu Xu opened his bloody mouth, and the laws of heaven and earth suddenly changed. The terrifying power almost shattered the void.

With a raise of his hand, he used all his Monarch techniques. Shocking runes emitted a dazzling light, wanting to suppress Ye Qiu.

Seeing this scene, the surrounding crowd retreated one after another, afraid that they would be injured.

Ye Qiu looked down on all living beings with disdain. He stared coldly at Wu Xu, waiting for him to arrive.

He slowly raised his right hand and said, “A firefly dares to compete with the bright moon!

“Slash!”

As soon as the cold word fell, a strong wind instantly surged. A shocking sword energy suddenly formed and slashed fiercely.

Boom!

A violent sound erupted from the bottom of the sea. The entire sea shook as the two powerful forces collided. The terrifying impact spread out. Everyone was forced back by the air wave. They looked when they regained their senses.

Wu Xu spat out a mouthful of blood and knelt on the ground.

“What!”

“Killing a Perfected Immortal with one strike?”

At this moment, everyone was in an uproar. No one dared to believe that Ye Qiu had only used one strike to kill the descendant of the Monarch's bloodline under the abyss. Moreover, he looked so calm as if he had done something insignificant.

“No... Impossible. His strength is far from reaching this level.”

For a moment, everyone was shocked and revealed terrified gazes.

Ye Qiu took a step forward and shouted domineeringly, “Who's still unconvinced?”

Silence...

The surroundings were incomparably quiet. No one dared to respond to Ye Qiu's shout. His sword shocked everyone, making everyone not dare to act rashly.

Seeing this scene, the corners of Ye Qiu's mouth curled up slightly. It seemed like that strike just now was enough deterrence.

In that case, let's end this quickly.

Seeing that there was no response, Ye Qiu instantly locked his gaze on the precious bone. He suddenly rose from the ground and his speed instantly soared, chasing after the precious bone.

Everyone who had been shocked by Ye Qiu just now finally came back to their senses. They were extremely indignant as they watched the supreme precious bone being taken away.

"No, the True Dragon's bone is mine!"

The competition on the path to immortality was extremely cruel. If they missed such a heavenly opportunity, they did not know if they would have the chance to encounter it again in the future.

No one wanted to give up. Even if they died, they had to fight.

In an instant, dozens of figures quickly caught up and surged in from behind.

Ye Qiu turned around and his killing intent instantly soared! He originally did not want to kill anymore. After all, these people were all geniuses. Every one of them had a very special identity, and the power behind them was huge.

Therefore, in order to avoid unnecessary karma, Ye Qiu didn't want to tangle with them. However, they still refused to give up. In that case, there was no need to hold back.

In any case, he did not need to bear this karma himself.

"Courting death? I'll fulfill your wish."

His tone immediately turned cold as he withdrew his sword. Ye Qiu's killing intent rose when he saw a blood-red sword being unsheathed.

In an instant, a shocking sword intent erupted. The strange world was in chaos, and a scarlet blood screen occupied the entire seabed abyss.

At that moment, they seemed to have seen a demon.

In this void, the outside world could not see the situation inside clearly, nor did they know what was happening inside. They could only see a ball of blood-colored fog.

"Oh my god, this is too cruel!"

"He's simply a demon god."

Some people who were originally eager to give it a try stopped when they saw this scene. They looked at the blood mist below in disbelief and broke out in cold sweat.

When the blood mist dissipated, corpses were everywhere in the deep sea.

At that moment, the entire battlefield was in an uproar. Even the experts of the outside world erupted into a commotion.

“Who is it! Who dares to kill my son!”

A giant beast roared. He was a Heavenly Venerable. He used a hysterical roar to express his anger.

Yes, he was already aware that his son’s aura had disappeared. It was a sign of death.

At the same time, the other party was furious.

The death of so many geniuses at the same time made the entire scene incomparably chaotic.

Chapter 505: Ye Qiu Helping the World

“Who... Who is it!”

Another furious roar sounded. So many descendants had died in a row. The chaos at the scene could not be suppressed anymore.

Everyone began to guess who was so cruel to dare to kill the legitimate sons of so many large clans. Wasn’t he afraid of revenge?

For a moment, the atmosphere gradually became strange.

“It can’t be that kid, right?”

At this moment, Qi Huan suddenly panicked. Yes, he panicked. He kept saying in his heart that it couldn’t be Ye Qiu. He had already offended enough people in the lower realm. He had yet to settle his enemies.

Could he be doing this again?

Qi Huan was more or less a little afraid. He thought that Ye Qiu would more or less restrain himself after coming to the Nine Heavens and Ten Lands, but it seemed like he didn’t mean that.

“Oh my god, it can’t be him. Otherwise, I’m afraid I won’t be able to control this scene today.”

At this moment, it was useless to guess. Qi Huan could only silently pray that it wasn’t Ye Qiu. He was not worried about Ming Yue at all because he believed that Ming Yue definitely knew her limits. Therefore, he was more worried about Ye Qiu. This was because this guy was famous for being fierce. There was nothing in the world that he didn’t dare to do.

Compared to Qi Huan’s worry, Heavenly Venerate Immortal was even more afraid. He wasn’t worried about Ye Qiu because he didn’t know him to begin with. He was worried about that wronged Qi Wuhui.

Yes! Previously, he had said that he wanted to protect Qi Wuhui, so he was already Qi Wuhui’s Dao Protector in name.

If this matter was really done by Qi Wuhui, he would probably not be able to escape responsibility. If others could not find that kid to settle the score, they would definitely look for him.

Therefore, Heavenly Venerate Immortal felt extremely regretful now.

Could it really be him? Logically speaking, he would do such a thing.

“No, the best way is to leave! Whether it’s him or not, I’ll go first. It’ll be terrible if it’s really him.”

If Qi Wuhui only did some small things with reason, Heavenly Venerate Immortal could still suppress them. However, today’s matter was clearly impossible to suppress. He could no longer hold on to his dignity. He decided to be ruthless and leave first.

They would talk about reputation later.

Furious roars sounded. The scene was in chaos. Everyone was secretly guessing. No one noticed that Heavenly Venerate Immortal had already silently slipped away. Clearly, his intuition told him that this matter was definitely related to Qi Wuhui, so he slipped away first.

Just as everyone was guessing, a sorry figure rushed out. He was flustered, his eyes were filled with fear, and he kept shouting.

“Devil, devil...”

A Heavenly Venerate grabbed him and glared at him. “Speak, what happened inside?”

The young man’s face turned pale and he almost fainted. He took a deep breath and said everything.

“He’s crazy. That devil is crazy.”

“What devil? Who is it?”

With a loud shout, that person immediately said, “Qi Wuhui, it’s Qi Wuhui.”

After saying that, he seemed to have been possessed and fell into madness. Clearly, he had never seen such a bloody and cruel scene. He was already scared out of his wits.

“What! Qi Wuhui...”

Everyone fell silent when they heard this familiar name again. Even though they had already guessed it, everyone’s hearts skipped a beat when they heard this name.

It was really him.

“Damn it! Qi Wuhui, I’ll kill you today.”

A roar sounded, and a Heavenly Venerate expert roared angrily, his killing intent soaring.

Ye Qiu had no idea how many enemies he had offended for his good senior brother, Qi Wuhui. And Qi Wuhui himself did not know that he had unknowingly become the Killing God of the world.

He was like a great wronged seed who had suddenly offended so many people when he just stayed at home and did nothing. Each of them was more terrifying than the other. They were existences that he could not match at all.

While the outside world was in chaos, the few people in the True Dragon Lair also received this news.

“Qi Wuhui!

Standing under the abyss, Ming Yue held a precious bone in her hand and muttered. She could not believe that Qi Wuhui actually dared to appear again, and he had actually killed so many people this time.

Was he crazy? What supported him to be so fearless and start a massacre?

Ming Yue immediately flew in that direction to see what was going on. Not only her, but the others also rushed to the battlefield after receiving the news. However, when they arrived at the battlefield, they only saw the messy scene of corpses everywhere.

The entire abyss was empty. There was no one. And the culprit had run off to god knows where.

Ming Yue's eyes were incomparably cold as she gritted her teeth and said, "Damn it! He escaped again..."

Such a bloody and cruel scene stunned everyone present. In this sea, the people who were originally watching fled or fainted.

As a result, no one knew where Qi Wuhui had gone.

Just as everyone was puzzled, a ball of light emitted from the abyss at the bottom of the sea. It was like a green lotus that purified the Nine Heavens, blooming with dazzling light.

"Who's that?"

Ming Yue flew forward curiously and saw a white figure flashing back and forth in the darkness, gathering the corpses that had died under the abyss.

Even though the abyss in front of her was pitch-black, Ming Yue still recognized that person.

It was Ye Qiu!

What was he doing?

Ming Yue suddenly felt a terrifying vitality spreading and immediately understood what he was doing. He was saving these vengeful spirits that had been killed by Qi Wuhui!!!

For a moment, everyone was shocked.

They didn't expect that before they arrived, Ye Qiu had already arrived here and protected the souls of these tragic creatures. He was using a strange method to inject their souls into their bodies to repair their injuries.

At this moment, he was like a divine doctor who saved the world and shuttled back and forth in the abyss. He exhausted all his strength to save those vengeful souls who had died tragically.

At this moment, everyone's hearts were moved. They were even more shocked when they saw the drop of Life Liquid in his hand. He was actually willing to take out such a heaven-defying fate changing liquid to save these vengeful spirits.

"Oh my god... He..."

For a moment, everyone was incomparably shocked. As this scene was projected, the outside world was in an uproar. Those experts whose sons had died tragically were incomparably touched.

Ye Qiu was actually willing to take out such a precious treasure to save their sons. He was too great. At this moment, everyone only had gratitude in their hearts.

What a good person.

Feeling incomparably grateful, a Heavenly Venerate suddenly said, "From today onwards, this person... is the benefactor of my Tianku Clan. Whoever dares to disrespect my benefactor will be provoking me."

Regardless of whether Ye Qiu could save his son, his actions had already obtained his recognition.

Chapter 506: Please Be A Human

Ye Qiu's actions directly won the favor of a large group of people. At the very least, in their hearts, Ye Qiu had already become their benefactor.

He was too great!

Compared to the Killing God Qi Wuhui, he was simply a savior.

That drop of Life Liquid was incomparably precious. He was actually willing to take it out to save these dead creatures. It could be seen that he had a benevolent heart.

He was a saint.

Qi Huan stroked his beard and smiled when he saw so many people praising Ye Qiu from the bottom of their hearts and looking at him with reverence.

"Haha, I didn't expect this kid to have a merciful heart. It's rare."

Qi Huan was very gratified. At first, he thought that Ye Qiu was behind this. Later on, he realized that it wasn't Ye Qiu, but the heartless and evil Qi Wuhui. And not only did Ye Qiu not kill anyone, he even saved them.

As a result, Ye Qiu earned a huge favor and the Heaven Mending Pavilion benefited from it. They could immediately rope in the good impression of many large clans. This was quite beneficial to the future development of the Heaven Mending Pavilion.

However, no one knew where the Killing God Qi Wuhui was. He seemed to have run away after killing those people. Those who had originally witnessed the entire process were also scared out of their wits and had long fled.

Therefore, no one knew where Qi Wuhui had gone.

"Hmph, he won't be able to escape even if he has wings today. Block this exit. Let's see how he comes out. No matter who it is today, whoever dares to protect Qi Wuhui will be the enemy of my Bai Ze Clan. They must be killed."

The huge Bai Ze let out a furious roar that shocked everyone. Then, he dispersed his clansmen and blocked the exit. On the other side, the other big clans also joined the team, preparing to surround this heartless killing god.

Under such obstruction, even a Zenith Heaven Immortal would not be able to escape death. No matter how capable Qi Wuhui was, he would not be able to escape this inescapable net.

At this moment, Ye Qiu, who was under the abyss, didn't realize that a siege was unfolding around him. However, even if Ye Qiu knew, he didn't feel anything.

Yes, he did not feel any burden.

Damn it, what does Qi Wuhui's actions have to do with me, Ye Qiu? What am I afraid of? This was the logic. Every injustice has its perpetrator. If you have the ability, go to the lower realm to find Qi Wuhui. Don't look for me.

At this moment, if Qi Wuhui was really here, he would probably vomit blood from anger.

This guy is too much! He f*cking did all the good things, and I'm the scapegoat. Was there such a dog in this world?

Please, be a human. You were the one who killed them. You changed your identity and saved them. Looking back, you have earned a huge favor, but I have to bear this huge karma and become that heinous bad person.

Who would trick others like this?

Unfortunately, no matter how immoral Ye Qiu was, Qi Wuhui didn't know.

"Phew..."

After continuously using his great divine power, Ye Qiu used the powerful effect of a drop of Life Liquid to repair all the living beings killed by the Immortal Slayer.

At this moment, they gradually gave birth to their auras and began to slowly recover.

Ye Qiu heaved a sigh of relief. Their lives weren't in danger for the time being.

Ming Yue's eyes were moved as she watched him do all of this. She was clearly shocked by Ye Qiu's actions just now and admired this man more and more. He was so outstanding, kind-hearted, humble, and humorous. He has a perfect persona.

After so many years, perhaps he was the only person who could make Ming Yue look at him in a different light.

She slowly flew over and landed in front of Ye Qiu.

Ye Qiu turned around and pretended to be shocked. "Senior Sister, when did you come? You scared me."

Ming Yue narrowed her eyes at him and suddenly smiled. Then she said, "I've been here since you started saving people."

“Is that so?”

Ye Qiu pretended not to know anything. In reality, his heart was as clear as a mirror. From the beginning, it was a trap he had deliberately set up.

However, his acting was too good. He portrayed himself as a miracle doctor who helped the world. He was only focused on saving people, but he did not notice that many people had unknowingly appeared in the surroundings.

As expected, everyone was impressed by his reaction.

At the very least, Ye Qiu wasn't a vain person. Everything he did was from the bottom of his heart and not deliberately for them to see.

“Such a broad-minded personality is terrifying.”

“Sigh, looks like the Heaven Mending Pavilion has produced another peerless genius.”

Everyone felt a wave of admiration in their hearts. He was too great. His actions had also infected many people. They were in awe and admiration of what he had done.

Even Xiao Bieli looked at him with admiration and said, “Brother Ye is indeed profound and magnanimous. Such Life Liquid is an extremely rare treasure in the world. It's rare to see a drop in millions of years. But you were willing to take it out and use it to save these innocent vengeful spirits. You have my admiration.”

Yes, he was completely convinced. Just based on Ye Qiu's generosity, he felt that he couldn't do it at all.

How precious was the Life Liquid? Even experts above the Dao Sacrificial realm would find it difficult to resist the temptation of such a treasure. A single drop was a hundred times more precious than any Longevity Immortal Fruit in the world.

As for Ye Qiu, he didn't even hesitate to take it out to save these dead creatures. He was a great man, an absolute great man.

No one present doubted Ye Qiu's original intention, nor did they doubt if he really put his heart into saving these people. Because he had even taken out the Life Liquid. What else was there to suspect?

Hearing their praise, Ye Qiu was overjoyed and secretly delighted. Damn, this was too awesome. He suddenly felt relaxed and refreshed.

If you didn't say it, I wouldn't have known that I was so great. Hehe...

Ye Qiu was overjoyed in his heart, but on the surface, he was very calm and said humbly, “This is nothing. It's just a small matter. It's not worth mentioning. Everyone, don't be so surprised. I, Ye, will not shirk my duty to resolve the calamity for the people.

“Although I can't be considered a saint, I was incomparably furious when I rushed here and saw this tragic scene of corpses and desolation. Who is it that is so ruthless? It's really shameful. I can't bear it and did my best.”

Hearing Ye Qiu's explanation, everyone admired him even more. Not only that, he was angry at the murderer, Qi Wuhui.

This person was too detestable! He was guilty of a heinous crime and had no conscience. Everyone had the right to kill him.

Ye Qiu was delighted as he quietly sized up their expressions.

"Hehe, Senior Brother, I'm sorry! I had no choice but to attract another wave of hatred for you. You won't blame me, right? Hmm, I don't think so."

Anyway, you wouldn't know.

Chapter 507: There's Such An Unexpected Reward

In the oppressive atmosphere, Ming Yue gritted her teeth and clenched her fists tightly, revealing her cold killing intent.

"Qi Wuhui..." Ming Yue coldly shouted that angry name. She really wanted to find Qi Wuhui's whereabouts. Because they still had a score to settle. Coupled with the chaos today, she was even more determined to kill Qi Wuhui.

"Junior Brother, did you meet Qi Wuhui when you came here? Where is he going now?"

Ming Yue immediately asked because Ye Qiu was the first to come to this battlefield. He should know something, right?

As soon as she said this, everyone instantly looked over. Clearly, they also hate Qi Wuhui to the core.

However, to their disappointment, Ye Qiu only shook his head and said, "I never saw him. After I came here, he was no longer here. He must have fled. This person is guilty of a heinous crime. He is devoid of conscience and appears and disappears unpredictably. It's easier said than done to find him."

Hearing Ye Qiu's explanation, everyone shook their heads helplessly. They hated that they couldn't kill the traitor today.

What a pity.

As rays of light flickered, the sleeping creatures gradually woke up. With Ye Qiu's Life Liquid, they finally regained some consciousness. Although their lives were no longer in danger, they were still very weak.

Seeing this scene, Ye Qiu was incomparably shocked. He didn't expect the Life Liquid he obtained at the Jade Platform to be so terrifying. It was unbelievable that a single drop of power could revive so many living beings.

The first to wake up was the descendant of Bai Ze. He slowly opened his lantern-sized red eyes and looked at this world. His weak body could not support him standing up again. He said weakly, "Is this the Netherworld?"

The moment his consciousness shattered, he had already seen his death and thought that he was on the path to hell. However, just as he was looking at this world in confusion, a handsome face appeared in front of him.

He smiled at him. "No, this isn't hell. You're still alive."

"I'm still alive?" The descendant of Bai Ze was shocked. He struggled to stand up from the ground and said, "You saved me?"

He looked at Ye Qiu and felt an inexplicable sense of familiarity. After thinking about it carefully, he shook his head. He didn't know Ye Qiu. He looked at the surrounding living beings who were sleeping like him. They were his teammates who had fought alongside him and dealt with Qi Wuhui. Their auras were still there. They were not dead.

The descendant of Bai Ze immediately realized that he might really not be dead. Ye Qiu had saved him. He immediately felt a wave of gratitude. He had already experienced death once and seen true fear.

In his daze, he vaguely saw a blurry figure pulling them back from the edge of death one by one. At that moment, he was the light in their hearts, the great light of salvation.

Coupled with the blurry scene in his mind and Ye Qiu's calm smile, he immediately understood that the blurry figure was Ye Qiu.

Then, the descendant of Bai Ze knelt on the spot and said from the bottom of her heart, "Thank you for saving my life, Big Brother. From today onwards, you are my benefactor. If you need help in the future, I will definitely help you with all my might."

He was a person who knew how to be grateful. Ye Qiu had saved him and was similar in age to him, so he directly called him big brother. In name, he had already expressed his truest thoughts to become Ye Qiu's most loyal follower.

Ye Qiu smiled in relief and was very surprised by his reaction. He did not expect such an unexpected gain. It was not bad. How proud would he be to have such a powerful underling in the future?

Hehe, I didn't expect that I would be so lucky.

Soon, the other living beings woke up one after another. When they realized that Ye Qiu had saved them, they also expressed their gratitude.

Then, Xiao Bieli added.

"You really have to thank him. In order to save you, he spent a drop of a rare treasure, the Life Liquid. If not for that, all of you would have died."

As soon as these words were spoken, everyone was shocked.

"What! Life Liquid..."

Everyone was in an uproar. They never thought that Ye Qiu would be willing to take out such a treasure to save them.

Bai Ze was the first to react and knelt on the ground.

“I will remember Big Brother’s kindness in my heart. From now on, I am willing to follow Big Brother.”

How could he withstand such kindness and karma? At this moment, he was completely conquered. It was his honor to be able to follow such an expert filled with personal charm. Presumably, even if his father knew, he would not be angry with him.

Seeing Bai Ze’s reaction, the others also expressed their willingness to follow Ye Qiu.

Ye Qiu was a little flattered. It was too unexpected. In the beginning, he really just wanted to push the blame. He did not expect to obtain such a gain.

He suddenly felt guilty. He killed them all and saved them. In the end, they didn’t know that he was the murderer and was even grateful to him.

Haha, comical, too comical.

However, this was also good. With so many famous subordinates, wouldn’t Ye Qiu be able to do whatever he wanted in the Nine Heavens and Ten Lands in the future?

Awesome. It felt so good.

Hiding his excitement, Ye Qiu smiled and said calmly, “Get up. It’s our fate to save your lives. There’s no need to be polite. I don’t ask for anything in return. As long as you don’t become my enemy in the future, it will be my greatest repayment.”

Ye Qiu said it very politely. When Bai Ze heard this, his aura immediately changed. He stood up from the ground and turned around to glare at everyone.

“Let’s see who dares!”

His protective look made Ye Qiu very touched. He didn’t save this underling for nothing. If there was anything, he would really help. It seemed like this drop of Life Liquid was worth it.

“From today onwards, Big Brother’s life is my life. Big Brother’s enemy is my enemy. However, I am not disloyal. I am willing to let you order me around. Don’t blame me for being rude to anyone who provokes my big brother.”

As soon as these words were spoken, everyone responded.

“Me too.”

“Me too.”

Seeing such a scene, even Ming Yue was surprised. Ye Qiu had only given a little favor with a few words, but he had actually subdued so many lackeys with powerful backgrounds, making them willingly work for him.

Good lord. Indeed, she could not underestimate him. She was even more glad that they were all from the Heaven Mending Pavilion. If they were two opposing orthodoxies, Ming Yue really didn’t know what kind of pressure she would feel if he was to be her opponent.

He was too outstanding! Be it his mental state, cultivation, strength, or his personality, he attracted her all the time.

Unfortunately, good men were already taken, so they were destined to not be able to walk side by side in the future.

At this point, the trip to the True Dragon Lair had officially ended. During this exploration, a name completely resounded throughout the Nine Heavens and Ten Lands.

That was, Ye Qiu.

Chapter 508: Li Tian Is Here

“Let’s go.”

Ming Yue looked up and saw that the light screen was about to close. She turned around and whispered before leaving the True Dragon Lair.

The True Dragon Lair trial was over, and the entrance was about to close. It was unknown when the next time it opened would be.

All in all, Ye Qiu’s gains this time were not bad. He didn’t know what the others would gain, but he definitely wouldn’t lose out.

“Hehe...”

Ye Qiu was secretly delighted. Today’s move was too amazing. Not only did he obtain a True Dragon’s bone, but he also obtained a large wave of good relations for no reason. He also obtained a few impressive subordinates.

Ye Qiu followed Ming Yue and left the True Dragon Lair.

Before he left, Xiao Bieli looked at him meaningfully and said, “Ye Qiu, I’ll wait for you in the Immortal Ancient Battlefield. I hope that the next time we meet, there will be a fair competition.”

“Alright! I’ll wait.” Ye Qiu smiled faintly and replied politely.

After passing through the exit, Ye Qiu appeared outside the Crimson Dragon Mountain Range. He was shocked when he looked up at the dense crowd.

“Good lord! How many people are there?”

Ye Qiu was terrified. The crowd stared covetously at the entire exit. Anyone who appeared would be interrogated by them. Under such an inescapable net, it was difficult to escape even if they had wings.

What were they doing?

“Hey, did you see that b*tch Qi Wuhui?”

Hearing a sharp shout from afar, Ye Qiu turned around and saw a big clan elder roaring angrily.

Hearing this, Ye Qiu immediately understood. He calmed down and revealed a smile. What has your capture of Qi Wuhui got to do with me, Ye Qiu?

“Martial Uncle.”

Ming Yue’s figure flickered and slowly landed beside Qi Huan.

Ye Qiu hurriedly flew over and said respectfully, “Elder Qi.”

Qi Huan smiled in relief. He was clearly very satisfied with their performance.

Seeing Ye Qiu appear, the other experts from the large clans also came over to welcome him. Their unexpected fawning reaction also stunned Ye Qiu.

“Young Friend Ye is indeed talented. Heroes come from youths. Not bad, not bad. Little Friend Ye, you saved my son’s life today. I will remember this favor. If you have time in the future, please come to my clan as a guest. I will definitely entertain you well and thank you for saving my life.”

The Patriarch of the Bai Ze Clan said affectionately. His gaze towards Ye Qiu was filled with gratitude.

“Definitely, definitely.”

Ye Qiu naturally responded politely to his hospitality. He was secretly delighted.

Fortunately, this old fellow didn’t know that the person who killed his son was actually Ye Qiu. If he knew, he probably wouldn’t be able to be grateful.

“Alright! It’s about time. Let’s go.”

Qi Huan nodded and gestured for Ming Yue to bring Ye Qiu back to the Heaven Mending Pavilion.

Before Ye Qiu left, he vaguely heard a curse.

“Damn it, search carefully. You must find that b*tch. I want to kill that traitor today.”

“Damn you, Qi Wuhui. Come out if you have the guts. I will definitely kill you.”

Hearing this curse, Ye Qiu’s body trembled and he broke out in cold sweat. He prayed silently in his heart.

“Senior Brother, oh Senior Brother, there’s no place for you in the Nine Heavens and Ten Lands. If there’s no special need, it’s best if you don’t come up.”

Poor Qi Wuhui. He had already made so many enemies before he even ascended. And the name God of Slaughter Qi Wuhui had completely resounded throughout the Nine Heavens and Ten Lands, everyone knew about it.

However, Ye Qiu expressed that this had nothing to do with him. In comparison, there was something more important in front of him.

Just as Ye Qiu and the others were about to leave, dark clouds suddenly rolled over. An incomparably terrifying aura was slowly approaching. The entire sky instantly turned gray.

Qi Huan’s face darkened, and his killing intent instantly soared.

“Who is it?” Someone exclaimed.

Only an expert at the extreme level of the Heavenly Venerate realm was worthy of such a terrifying aura. Moreover, the other party’s aura was so fierce. His strength was definitely top-notch among the older generation.

Boom!

Suddenly, there was a shocking bang. In an instant, an energy blade slapped over from the Nine Heavens.

“Retreat!”

That destructive power was at least at the Heavenly Venerate realm, causing everyone’s expressions to change. In the midst of the danger, Qi Huan shouted coldly and protected Ming Yue and Ye Qiu behind him. He counterattacked.

Boom!

The collision of the two terrifying forces produced a huge energy impact, attracting everyone’s attention.

“Who is this? How dare he attack the Heaven Mending Pavilion?”

For a moment, everyone was shocked. Who would have thought that someone would dare to attack them when Heaven Mending Pavilion was such a colossus and Qi Huan was present?

Just as everyone was feeling puzzled, a huge white figure vaguely appeared in the sky.

“White Tiger Li Tian!”

Ming Yue frowned and immediately recognized who it was. It was the ancestor of the White Tiger Clan, Li Tian.

He... came in the end.

The White Tiger Clan finally made a move. If the other big clans present were only here to capture Qi Wuhui,

Then... White Tiger Li Tian only had one person in his eyes, and that was Ye Qiu. That man who had embarrassed him and caused him to lose a clone.

“Ye Qiu! I’ve finally found you.”

A cold and low voice sounded. White Tiger Li Tian was filled with killing intent, as if he could finally vent the anger that had been suppressed for many days.

Ye Qiu’s expression turned cold when he saw the other party coming aggressively. In the end, he couldn’t escape this calamity. When he chose to expose his identity, he had already expected this day to come.

The White Tiger Li Tian was not to be feared because with Qi Huan around, he could not cause any trouble. However, this time, he came prepared. In order to kill Ye Qiu, he transferred all the experts of the clan.

There were also many existences at the Endless realm. There were even two experts at the Heavenly Venerate realm.

This situation was very disadvantageous for Ye Qiu and the others.

Qi Huan was the first to discover this. He suppressed the anger in his heart and lowered his voice. He said gloomily, "Li Tian, what do you want to do?"

"Hmph, you know the answer." Li Tian sneered and said, "Qi Huan, I have no intention of becoming enemies with the Heaven Mending Pavilion. I'm here today for one person. Hand over Ye Qiu and I can guarantee your safety. Otherwise, don't blame me for being rude."

As soon as these words were spoken, Qi Huan's killing intent instantly soared.

"What arrogance!"

For many years, Qi Huan had not heard anyone dare to provoke the Heaven Mending Pavilion like this. For a moment, he was excited.

Chapter 509: Angry Little Senior Sister

"Haha!

With a loud laugh, Qi Huan instantly became incomparably cold. A terrifying power surrounded his body, and his aura instantly changed.

"You want to get him from me? That depends on whether you have the ability."

As he spoke, Qi Huan had already attacked. He instantly rose from the ground and slapped out a destructive palm.

The two ultimate-stage Heavenly Venerate experts instantly fought. For a moment, the sky and earth collapsed. As soon as they fought, White Tiger Li Tian was shocked by Qi Heng's terrifying combat strength and cursed in his heart.

"Damn old thing. I didn't expect your strength to improve so quickly all these years."

Facing Qi Heng's ferocious attack, he could not withstand it for a moment and found it very difficult. After pondering for a moment, he changed his target. He was not here for Qi Huan to begin with.

There was only one target, and that was Ye Qiu.

Then, he called out to the other clansmen behind him and said angrily, "I'll restrain this old thing, go and capture Ye Qiu. I want to torture him to death."

With an order, hundreds of figures instantly charged over. For a moment, the entire battlefield was in chaos. The experts of the White Tiger Clan came out, and the battle was about to begin. Ye Qiu fell into danger.

Just as he was about to take out the Immortal Slayer and fight to the death, a pure white figure suddenly blocked in front of him.

It was Ming Yue!

Her back was facing Ye Qiu, and an immortal sword appeared in her hand. She stared coldly at the entire battlefield and said, "Anyone who offends my Heaven Mending Pavilion will be killed."

Ye Qiu was touched when he heard that incomparably domineering voice. *I'm so touched. Little Senior Sister actually protected me. Ah, the feeling of being tempted.*

She was like an insurmountable high wall that stood in front of Ye Qiu, shocking everyone. For a moment, the strength of the Endless realm erupted. The terrifying strength of ten Heavenly Sanctums shocked everyone.

Under this cold killing intent, no one dared to attack.

Who was Ming Yue?

She was a completely ruthless character. Who would dare to challenge the leader of the younger generation? At the very least, no expert below the Heavenly Venerate realm dared to move.

"Hmph!"

Just as the atmosphere gradually became anxious, a cold snort came from the sky and a huge white tiger appeared.

The moment he appeared, the crowd erupted.

"White Tiger, Li Hen!"

It was another Heavenly Venerate expert, the elder of the White Tiger Clan, the right-hand man of the White Tiger Li Tian, Li Hen. The moment he appeared, the situation instantly reversed. Ming Yue frowned and revealed a trace of ruthlessness.

Today's battle would definitely be a bloody battle.

Unfortunately, the Heaven Mending Pavilion was too far away and no one could support them. If they wanted to leave this place successfully, they had to experience a bitter battle.

Although the aura of the other party's Heavenly Venerate expert was oppressive and filled with deterrence, Ming Yue was not afraid at all. Her expression remained unchanged and she was calm.

Li Hen said with killing intent, "Ming Yue, today's matter has nothing to do with you. I advise you to hand over Ye Qiu. Otherwise, don't blame me for being rude. I admit that your Heaven Mending Pavilion is indeed very powerful, but there are only three of you today. You're destined to not be able to cause any trouble. I advise you to be smart and not resist fearlessly."

Li Hen's gaze was fierce, as if he would definitely defeat Ye Qiu today.

"Hmph, an old thing who takes advantage of his seniority to challenge me? Come at me together. What do I have to fear?"

Not only did Ming Yue not retreat, she even challenged him domineeringly.

As soon as these words were spoken, it instantly angered Li Hen. He shouted coldly, "Alright, since you want to die, I'll fulfill your wish."

"Kill!"

With a wave of his hand, hundreds of figures charged out at the same time. Li Hen also instantly charged over.

Ming Yue's eyes turned cold. The immortal sword instantly emitted an extremely cold aura, and her aura instantly erupted. The ten Heavenly Sanctums opened and forcefully raised her aura to the Heavenly Venerate realm.

At this moment, everyone was shocked.

Ye Qiu was also shocked. He didn't expect Ming Yue to be so strong. It turned out that when he fought her previously, she hadn't used her strength.

Ming Yue, whose aura had soared, faced the powerful attack of the White Tiger Clan with her sword at the same time. She was actually not at a disadvantage for a moment.

Facing Li Hen's ferocious attack, she vaguely had the upper hand.

She was too strong. Even though her cultivation had yet to reach the Heavenly Venerate realm, she could actually fight against the Heavenly Venerate experts of the older generation with those ten Heavenly Sanctums.

Unfortunately, even if she was ridiculously strong, she was more or less powerless against the siege of hundreds of people.

As the battle continued, she gradually fell into a disadvantage and could not take it.

"Die!"

In a daze, Ming Yue slashed back dozens of people. Before she could recover, Li Hen slapped her from behind.

The flickering golden runes flowed and rubbed against the air, producing dazzling sparks.

A terrifying force slapped down. Ming Yue's face turned pale and she was about to turn around to block. Just as it was about to hit, suddenly, a hand pulled her back and slapped her forcefully.

Boom!

"Pfft..."

Ye Qiu held Ming Yue in one hand and was slapped back hundreds of meters, spitting out a mouthful of blood.

However, the other party was safe and sound.

“Junior Brother, you...”

Ming Yue’s heart warmed when she turned around and looked at the pale Ye Qiu. She didn’t expect Ye Qiu to step forward at the critical moment and block a palm for her.

Unfortunately, Ye Qiu had just broken through and his cultivation had yet to stabilize. The difference in strength between him and Li Hen was too great. There were so many people watching, but he did not dare to forcefully activate his Divine Sun, afraid that he would be recognized.

Helpless, he felt that his limbs and bones had been severely injured after suffering such a palm strike.

Ye Qiu smiled when he turned around and looked at his cold senior sister who was clearly concerned about him. This cold senior sister was actually quite good. But sometimes, she was too cold!

Ming Yue lowered her head when she saw that Ye Qiu was injured because he saved her. Anger surged in her heart.

She was furious!

“How dare you hurt my junior brother! Today, I will make you pay with your blood.”

In an instant, a shocking power erupted. She, who had completely fallen into anger, no longer held back. The entire world seemed to have frozen. She walked out coldly, as if she was about to undo some seal.

At that moment, everyone from the White Tiger Clan panicked.

This cold woman was even more terrifying than the rumors. Only when you really faced her could you feel how terrifying she was.

Just as Ming Yue was about to undo the seal, a huge figure suddenly appeared on the battlefield.

Li Hen’s gaze suddenly changed as he glared at him. “What do you mean? Does the Bai Ze Clan want to be enemies with my White Tiger Clan?”

The person who came was none other than the Patriarch of the Bai Ze Clan.

Li Hen didn’t understand why the Patriarch of the Bai Ze Clan suddenly appeared. He couldn’t figure out why he wanted to save Ye Qiu.

Patriarch Bai Ze did not respond to his threat. As he entered the battlefield, a few more terrifying auras approached.

Li Hen looked up and saw that the patriarchs of several large clans had also appeared. There were even many Immortal Ancient descendants among them. Even the Patriarch of the Tianku Clan had appeared.

At that moment, Li Hen was dumbfounded.

He knew these old fellows' personalities very well. They were famous for being scheming. They shouldn't make an enemy of their White Tiger Clan for a kid they didn't even know, right?

Chapter 510: Reversal of the Situation

More and more people entered the battlefield from the dense crowd.

Li Hen began to panic. He could not figure out why their White Tiger Clan would attract so many experts to watch when they were just executing an insignificant kid today. Moreover, from the looks of it, they did not seem to be watching the show.

"Bai Tu! What do you want to do?" Li Hen pointed at the sky and questioned Patriarch Bai Ze angrily.

"Hmph!" Facing Li Hen's question, Bai Tu snorted coldly and said, "An old thing who takes advantage of his seniority. How shameless. I'm not afraid to tell you that this young friend Ye Qiu is the benefactor of my Bai Ze Clan. Let's see who dares to touch him today."

As soon as these words were spoken, the entire place was in an uproar.

Bai Tu emitted an incomparably mighty and domineering aura. The might of a Heavenly Venerate instantly erupted, shocking everyone.

When Li Hen heard this, he was even more shocked.

The situation seemed to have turned around! He only needed to deal with Ming Yue to control Ye Qiu's situation, but because of Bai Tu's interference, there was a reversal.

His face gradually darkened. He suppressed the anger in his heart and gritted his teeth. He had to avenge the humiliation of the White Tiger Clan today no matter what. That was a death order from Li Tian. Even if Bai Tu was unwilling to retreat, they still had to attack.

With killing intent hidden in his heart, Li Hen said gloomily, "Bai Tu, do you really dare to be enemies with my clan?"

"Haha! Why wouldn't I?" Bai Tu replied domineeringly and did not retreat at all.

Karma was a taboo for cultivators. He owed Ye Qiu a favor. Today was a good time to return the favor.

The moment Bai Tu finished speaking, Li Hen's expression immediately became extremely ugly.

But this was not the end.

Several more figures flew out. The experts of the Tianku Clan, the Deva Clan, and the various large clans who had once received Ye Qiu's favor and were saved by him had all appeared.

The originally evenly matched two sides instantly formed a crushing force.

The old patriarch of the Tianku Clan slowly walked out and smiled faintly. "Li Hen, we don't care what your White Tiger Clan wants to do, but today, if you want to touch this young friend Ye Qiu in front of us, we won't agree to it."

As soon as these words were spoken, Li Hen instantly understood something. He was even more puzzled. He couldn't figure out what Ye Qiu had done. Why were there so many people protecting him?

Such a formation stunned them all. No one dared to attack again.

"Second Elder, what should we do?" A clansman behind him asked in a panic. In the current situation, the entire White Tiger Clan had been surrounded.

Once they dared to move, the White Tiger Clan would definitely be wiped out today. It was really a loss to sacrifice the entire clan for Ye Qiu.

After pondering for a long time, Li Hen looked at Ye Qiu angrily and said fiercely, "Kid, you win! I'll remember this today. Hmph... Don't be too smug. These people can protect you for now, but they can't protect you forever. There will come a time when they're not around, right? Just you wait. My White Tiger Clan isn't something that anyone can afford to offend."

After leaving behind a threat, Li Hen turned around angrily and left in a hurry with his clansmen.

Ming Yue's gaze was cold as she watched them leave. Cold killing intent surrounded her body, and she had already reached her limit.

Yes, she was angry.

The White Tiger Clan's actions today had completely angered this peerless woman.

No one dared to imagine the price of offending her. Presumably, the White Tiger Clan would experience it in the future. She didn't choose to keep them because the experts from the big clans above were only standing up to protect Ye Qiu out of gratitude. If she caused another commotion, it would be difficult to guarantee that they would not attack.

However, she had already silently remembered today's humiliation. With her personality, she would settle this humiliation personally one day.

After Li Hen left, Ming Yue restrained the cold killing intent on her body and dispersed her aura. She nervously turned around to check Ye Qiu's injuries.

Just now, Ye Qiu had blocked a blow for her and was seriously injured. She felt very guilty, and it was precisely because of this that she was so angry.

Unknowingly, she felt like she owed Ye Qiu a favor.

"Junior Brother, are you alright?"

She checked Ye Qiu's injuries with concern. Li Hen's palm had almost shattered his internal organs and almost injured his foundation. It was impossible for him to be fine.

Ye Qiu's face was pale as he revealed a gloomy smile. "Ahem... Fortunately, I won't die."

Sigh, it was too difficult. If it wasn't because Ye Qiu didn't dare to expose his secret techniques, what could a mere Li Hen do to him?

Ye Qiu could kill him in minutes with the third strike of the Cursive Sword Art and Divine Sun. Unfortunately, he had used the Cursive Sword as Qi Wuhui, so he didn't dare to use it.

At least not here. Because if he used it, it was inevitable that others would suspect him.

This was also one of the reasons why he chose to hide. Of course, there was a deeper meaning.

A hero saving a beauty! Hehe, the first rule of the beauty strategy.

According to the usual routine, Ming Yue would be grateful to Ye Qiu because he saved her. As for Ye Qiu, he appeared very weak. He felt that he was very injured, the kind that was about to die.

Then, Ming Yue would definitely take care of Ye Qiu with guilt.

The following scene was reasonable and natural. It was said that love would develop over time. Wasn't the opportunity here?

"Don't speak!"

Seeing that Ye Qiu was so weak, Ming Yue fell for it.

She took out a pill and fed it to Ye Qiu. Then, she said, "This is a Recovery Pill. Eat it and adjust on the spot."

"Okay."

Ye Qiu didn't refuse. It would be a waste not to eat a free divine pill. Moreover, this was a divine pill given by Little Senior Sister. This taste felt sweet. After eating the divine pill, a powerful vitality instantly surged into his body. Ye Qiu began to repair the injuries in his body.

It had to be said that Li Hen's palm strike was really ruthless. If not for Ye Qiu's rough skin and thick flesh, he would have been shattered by his palm. Fortunately, the blood energy in his body was strong enough. It condensed at an extremely fast speed, forming a powerful defense system to withstand this palm strike.

Ye Qiu's breathing gradually stabilized under Ming Yue's divine pill. His injuries were no longer serious, but he was still a little weak.

Seeing this, the surrounding crowd immediately felt that their opportunity had arrived.

Bai Tu was the first to arrive in front of Ye Qiu. He revealed a fawning smile and chuckled. "Haha, young friend, are you seriously injured? I had a good immortal medicine here. I'll give it to you today as a favor for saving my son."

As he spoke, Bai Tu took out a golden immortal plant. That was an extremely rare and precious immortal medicine. Although it was far inferior to the Longevity pill, it was already very impressive that he could take it out.

"How can I?"

Ye Qiu immediately smiled when he saw the immortal plant.

This is too embarrassing. I was saved for no reason and even obtained an immortal plant. Please give me more of such good things.
