### Chapter 551: What A Good Reason

Torch Dragon's death touched the interests of many experts, so they might kill Ye Qiu at all costs. This was the advice the First Elder gave Ye Qiu back then, as well as a reminder. The situation in the Nine Heavens and Ten Lands was far from as simple as he had imagined. Under that dark fog were many enemies that even the Heaven Mending Pavilion could not detect.

Ye Qiu looked coldly at the illusory figures behind Heavenly Venerate Yaoshan. They did not appear, nor did they cross the Heavenly Gate. They only watched him from the void. If he wasn't wrong, this might be the unknown expert hidden in the darkness that the First Elder mentioned, right?

What was their motive? Why did they come?

"Junior Brother Ye..." Meng Tianzheng slowly walked behind Ye Qiu and said solemnly, "They seem to be coming for you."

Yes, he was the first to sense it. From the moment Heavenly Venerate Yaoshan appeared, he had sensed the other party's faint killing intent and looked at Ye Qiu.

"What?"

When everyone heard this, they began to worry. They couldn't help but be curious. Did Ye Qiu offend some big shot? It was understandable if it was just Mount Yao, but the problem was that it seemed like Mount Yao was not the only one who attacked.

Waving his hand, Ye Qiu didn't answer their doubts. He only said, "Bring these little fellows back to Qin Chuan first. Leave this to me."

"I'll accompany you." At this moment, Ming Yue spoke. Ever since she learned of the existence of the Ming Yue in the sky, her temperament had changed. The fighting spirit in her heart seemed to have awakened, and her eyes were incomparably firm. Many times in the past, she had silently watched Ye Qiu from behind. This time... she wanted to be his companion.

Ye Qiu turned around and looked at her incomparably firm gaze. He was shocked and then nodded. She had really changed. Perhaps she really understood her fate and didn't want to be a substitute for others. How could Ye Qiu refuse?

"Okay!

He only said that it was good. He really wanted to touch her cheek, but when he thought about how Ming Yue was still watching in the sky, she would probably kill him if he touched it.

Ye Qiu retracted his hand and smiled awkwardly. Next time, another day.

"Wan'er, bring Linglong and your senior sister back first. I'm here. I don't need you to interfere." After a while, Ye Qiu instructed Zhao Wan'er, who was the only one awake now, to bring the unconscious Lin Qingzhu back.

As for Little Mengli, she was knocked unconscious by Meng Tianzheng from the start and brought back to the Heaven Mending Sect.

Zhao Wan'er's red eyes were filled with concern. This day's experience had a huge blow to her. What should she do if anything happened to her master? Her heart was incomparably tormented. This was the first time she wanted to stay, but when faced with her master's unquestionable gaze, she still lowered her head. She silently brought Lin Qingzhu and Linglong back to Qin Chuan.

After dealing with the aftermath, Ye Qiu felt relaxed. He could finally deal with the upcoming trouble with ease.

Stretching lazily, Ye Qiu smiled and looked at the old man in the sky. After a while, he said, "I wonder what brings Senior to the mortal realm today?"

This question was calm and collected. No one could see any great fluctuations in Ye Qiu's heart. It was as if he could remain calm and face any storm calmly.

Heavenly Venerate Yaoshan only looked at him quietly and couldn't help but sigh in his heart. How good would it be if such a genius could come from Mount Yao? Unfortunately, the Patriarch had issued a killing order this time, so he had no choice but to obey. He could only silently feel pity for Ye Qiu. It was the misfortune of the world for such a talented genius to die for no reason.

"Ye Qiu! You are already an immortal from the heavens. You ignored the heavens and rashly interfered in the matters of the world. This is a betrayal of the Dao and a violation of the Heavenly Dao. Today, I will execute the law on behalf of the heavens and eliminate you, a traitor, to eliminate a great disaster for the world."

He immediately put the blame on him. At this point, he still wanted to be justified.

Everyone sucked in a breath of cold air. This hat was too big. Even Ye Qiu laughed when he heard this. He couldn't help but clap his hands and say, "Haha! Good, good!"

Ye Qiu didn't retort. He will wear this hat.

"Such a good reason. A traitor, going against the laws of the Heavenly Dao. Senior, you've really found a huge crime for me."

With a teasing smile, Ye Qiu looked warily at the figures behind him. He continued, "Looks like Senior came with the determination to fight to the death today? I wonder if Senior can get rid of a traitor like me with your strength?" He was calm and didn't panic at all.

"Hmph! Arrogant brat, you actually dare to be so rude." Before Heavenly Venerate Yaoshan could answer, the First Elder of Mount Yao impatiently cursed. Now that he had someone to support him, he straightened his back and wanted to return all the humiliation from before.

He shouted angrily, "In front of my Venerable Master, you don't even have the right to carry his shoes. Kneel and beg for mercy. Perhaps, when the Venerable Master is happy, he can leave your corpse intact."

That rude and arrogant tone made him very unhappy. Ye Qiu glanced at him coldly.

“Since when are you qualified to speak here?”

Boom!

In an instant, Ye Qiu slapped out. In just an instant, Heavenly Venerate Yaoshan didn't have time to react. The First Elder of Mount Yao was sent flying by Ye Qiu's palm. He spat out blood all over the ground and smashed fiercely onto the cliff. His internal organs seemed to have been shattered and he was half dead.

“Evil beast, how dare you!”

Seeing this scene, Heavenly Venerate Yaoshan immediately felt ashamed. Ye Qiu actually dared to hit his disciples in front of him. Anger instantly surged in his heart. Forget about being polite before resorting to force, he suddenly slapped over.

At this moment, Ming Yue, who had been silent for a long time, finally couldn't suppress the anger in her heart.

“Impudent!” With a cold shout, Ming Yue instantly slapped out with her palm, forcing back Heavenly Venerate Yaoshan. Her peerless beauty towered above the Nine Heavens and emitted a dazzling light.

She was furious.

How elegant was she? She was actually ignored from beginning to end. No matter how good her temper was, she could no longer suppress it. Did they really think that she didn't have a temper?

Ming Yue was already filled with anger. Now that Heavenly Venerate Yaoshan happened to bump into her, she instantly went berserk.

“Old dog, it's not up to you to deal with my Heaven Mending Pavilion's disciples.”

With a cold reply, Ming Yue slapped out again. The terrifying power caused the Nine Heavens to rumble.

Heavenly Venerate Yaoshan's expression instantly changed. He hadn't noticed Ming Yue's existence until she appeared.

Why was this cold woman here too? At this moment, Heavenly Venerate Yaoshan panicked.

Just as Ming Yue was about to slap her, a rumbling sound came from behind. A terrifying force slapped over from outside the Heavenly Gate and collided with Ming Yue.

Boom!

The mysterious expert from the Heavenly Gate attacked. He used thunderous methods to suppress Ming Yue, giving Heavenly Venerate Yaoshan time to deal with Ye Qiu.

## **Chapter 552: Ming Yue Goes Berserk**

A battle was about to begin. The furious Ming Yue met the mysterious expert with a cold palm. She originally did not want to interfere in this matter, but the other party had repeatedly provoked her bottom line and ignored her.

As a proud daughter of heaven, she had never suffered such treatment. She could not be humiliated like this.

“You sneaky thing, get down here!” With a cold shout, the terrifying power shattered the Nine Heavens. The terrifying power suddenly spread out, and the world trembled.

“What terrifying power!”

Seeing this scene, Ming Yue from the mortal world was incomparably shocked. After seeing her true strength, a pressure surged into her heart. The others looked even more terrified. At first, they thought that Ming Yue was just a vase when they saw her elegant figure.

They did not expect her to be so fierce when she went berserk.

“Oh my god, this woman is too terrifying.”

Qi Wuhui was so frightened that his face turned pale. He originally wanted to say a few words, but after seeing how terrifying Ming Yue was, his beating heart was completely crushed. She was like an invincible female god of war. She suppressed two mysterious experts at the same time and fought all the way to the Chaos Heavens.

On the other side, Ye Qiu was still watching the battle in the sky. Suddenly, a light flashed.

Ye Qiu instantly came back to his senses and discovered that Heavenly Venerate Yaoshan was actually slashing at him with a killing move.

“Ye Qiu! Today is your death.”

Seeing that Ming Yue was held back by those two mysterious experts, Heavenly Venerate Yaoshan seized the opportunity and instantly attacked. He wanted to kill Ye Qiu in one go and completely end this grudge.

Their goal in coming to the lower realm this time was to kill Ye Qiu. Now that the opportunity was in front of them, how could they let it go?

Heavenly Venerate Yaoshan drew his saber and slashed. The power of a Heavenly Venerate instantly poured down, and a destructive power crazily slashed over. Ye Qiu’s face instantly turned pale.

He only had five Heavenly Sanctums currently. The difference between him and a Heavenly Venerate was ten thousand miles. He was not like Ming Yue, who had already opened it to the limit. Although she was in the Endless Realm, her strength had long reached the Heavenly Venerate realm.

How could Ye Qiu be his match?

“Junior Brother, be careful!”

Ming Yue, who was beside him, was shocked when she saw that Ye Qiu was about to be slashed by the other party. She didn’t hesitate and directly stood in front of Ye Qiu.

Ye Qiu was shocked, but he didn’t expect her to do this. He couldn’t react for a moment. Just as she was about to die under the saber, suddenly...

Boom!

With a loud bang in the sky, Ming Yue, who had gone deep into the void to fight the two mysterious experts, suddenly withdrew and slapped Heavenly Venerate Yaoshan hundreds of miles away.

That violent power shook the world, ferocious and domineering. Her speed was too fast, and her attacks were incomparably ferocious and domineering.

After forcing Heavenly Venerate Yaoshan back with a palm, she coldly looked at the mortal world's Ming Yue and said, "Ignorant woman, I advise you to mind your own business. He doesn't need your protection."

Hearing this, Ye Qiu smiled awkwardly, at a loss. Alright, he was thinking too much. This damn woman wasn't here to protect him at all. She was just here to protect his beloved Little Senior Sister. She was afraid that if anything happened to Little Senior Sister, she would be unlucky too.

In the beginning, Ye Qiu thought that she was back to protect him. He was so touched that he was prepared to give himself to her. In the end, he was thinking too much. How could this cold woman be so kind?

Little Senior Sister was a little embarrassed by her words. She stuck out her tongue and was very depressed. She had only done it subconsciously just now. She did not expect the other party to react so intensely.

Perhaps it was because of her stupid actions that she was so angry. It was understandable. After all, no one could accept that such a fatal flaw existed in such a powerful person. They were bound together for good or ill. She was indeed very strong. No one could defeat her. However, the problem was that she had a second body and was very weak.

Once this second body died, she would also die. This was equivalent to grabbing her lifeline. Who could stand such a thing? It was already very good of her not to curse.

After Ming Yue slapped Heavenly Venerate Yaoshan away, the two supreme experts instantly charged back and charged towards Ming Yue at the same time, wanting to restrain her.

The meticulous Heavenly Venerate Yaoshan vaguely sensed something after a defeat. His gaze locked onto Little Senior Sister. Thinking about how Ming Yue had ignored the consequences and defended herself, he suddenly woke up.

Suddenly, he said, "Catch that girl. As long as you catch her, you can control Ming Yue."

As soon as these words were spoken, the people from the Heaven Mending Sect instantly became nervous.

Little Senior Sister instantly became the target of everyone. Everyone knew very well that all the balance now was maintained on Ming Yue alone. She suppressed three Heavenly Venerates at the same time, but once she was restrained, the balance would be instantly broken.

Little Senior Sister herself did not expect that she would become the key to winning this battle. Her face turned pale and she panicked.

The moment Heavenly Venerate Yaoshan gave the order, the people from Mount Yao instantly charged over. He attacked from afar, wanting to take down Little Senior Sister in one go.

Just as Little Senior Sister didn't know what to do, Ye Qiu slowly walked up and left her with a broad back. He stretched his back. After being silent for so long, it was time to stretch his muscles.

"Ye Qiu, get out of the way!"

Before Ye Qiu could attack, the First Elder of Mount Yao attacked first, wanting to capture Little Senior Sister. However, just as he was about to succeed, suddenly...

"Pfft..."

Blood instantly dyed the sky red. One of his arms that was about to touch Little Senior Sister was actually cut off.

Looking over, he saw Ye Qiu holding the Immortal Slayer and standing in front of Little Senior Sister with a faint smile.

"You want to touch her? You have to get past me first."

His incomparably domineering tone made Little Senior Sister's body tremble. She was very touched. She looked at Ye Qiu's back with admiration.

Ming Yue's mouth twitched in anger when she saw this scene. If not for the fairy halo on her body, she really wanted to curse.

*You're still acting cool at a time like this! I really want to kill you too.*?The more she thought about it, the angrier she became. Ming Yue could no longer control herself and looked coldly at the two supreme experts on the other side.

Suppressing the killing intent in her heart, she said gloomily, "You're challenging my bottom line. It's unforgivable."

In an instant, a supreme-grade immortal sword appeared in her hand. At that moment, Ming Yue was like a god, attracting the attention of the world. The holy light circled above the Nine Heavens, and the haze that enveloped the world was instantly dispelled by the sword energy.

She was furious.

The moment the sword force soared, the two supreme experts finally revealed terrified gazes. They knew how terrifying Ming Yue was. They did not want to be enemies with her because the karma behind her was too heavy. Unless it was absolutely necessary, they would never touch Ming Yue.

The reason why they attacked was only to restrain her and let Heavenly Venerate Yaoshan have the opportunity to kill Ye Qiu.

Now, Ming Yue was completely enraged by Heavenly Venerate Yaoshan's actions.

**Chapter 553: This Is The Hand of God**

It was as if the seal in her body had been unlocked, and all the power in her body erupted.

“Heavenly Venerate! She actually broke through the boundary of the Heavenly Venerate realm in one go and broke through in the battle.”

At that moment, everyone was shocked.

How terrifying was a Heavenly Venerate with ten Heavenly Sanctums?

At this moment, the weather in the Nine Heavens changed. It was as if the end of the world had arrived. Rolling dark clouds covered the sky and the violent wind blew.

Ming Yue’s eyes were bright and filled with killing intent. She held her sword with one hand and suddenly pointed...

“Endless Heaven and Earth, Exterminate All Things! Slash!”

In an instant, a cold sword energy slashed out. That supreme sword technique seemed to have divided the world.

Ming Yue only entered the void and slashed out. The faces of the two supreme experts instantly turned pale with fear.

“We can’t take her head-on. This woman has broken through to the next realm with the strength of ten Heavenly Sanctums. Her strength has already reached its limit. She’s not someone we can withstand at all. Retreat!” One of them said in fear and instantly retreated towards the Heavenly Gate behind him to avoid the sharp edge.

The other person also retreated in the other direction to avoid Ming Yue’s attack.

Seeing this, the furious Ming Yue’s killing intent was stirred. She couldn’t let them escape just like that. She turned around coldly and said, “Ye Qiu, protect this woman. If anything happens to her, I won’t let you off.”

As soon as she finished speaking, she charged into the void alone. At the same time, the other ultimate experts who had been hiding in the Heavenly Gate finally couldn’t hold it in and attacked at the same time.

They could not wait and watch anymore. If they waited any longer, something big would probably happen.

Ming Yue was not at a disadvantage at all when facing the siege of seven ultimate experts at the same time. She was like a god of war, killing whoever stood in her way.

That terrifying battle shocked the entire world.

“Oh my god, this is too scary...”

“I would like to call her a god-like existence.”

“What kind of talent does she have to have such terrifying combat strength?”

“She’s invincible in the same realm.”

“However, this kind of invincible temperament is enough to be passed down for eternity.”

Countless people praised from the bottom of their hearts. At this moment, Ming Yue was enough to become a god. Even Ye Qiu couldn't help but feel reverence from the bottom of his heart. She was too terrifying. How much pressure would it be to be her opponent?

Fortunately, they were not enemies. Perhaps they could develop a good marriage.

Hehe...

Boom!

At this moment, Heavenly Venerate Yaoshan finally couldn't hold it in anymore. He knew how difficult it was for his teammates in the sky to face Ming Yue's ferocious attacks, so he had to seize this rare opportunity.

“Ye Qiu! Surrender! Hah!” With a furious shout, Heavenly Venerate Yaoshan stretched out a terrifying huge hand. The powerful rune power shook the void, and a hand crossed the sky and ruthlessly grabbed over.

Ye Qiu instantly came back to his senses and stared at him coldly. Killing intent instantly surged.

“Old thing, do you really think I'm easy to bully?”

Again and again. No matter how good Ye Qiu's temper was, he couldn't suppress it anymore. Was he that easy to bully? All of them treated him as an ant that they could manipulate?

In an instant, Ye Qiu's aura changed and lightning rumbled. The Immortal Slayer instantly emitted a blood-red screen that enveloped the sky, and a terrifying killing intent covered the sky.

“Divine Sun!”

In just an instant, Ye Qiu activated the Divine Sun with a hundredfold enhancement. His strength instantly increased by hundreds of times until he touched the domain of a Heavenly Venerate. This was the limit of Ye Qiu's blood energy. He used the powerful laws of the Dao of Blood to completely match the terrifying effects of a god, greatly increasing its power.

Ye Qiu seemed to have become a different person the moment he activated the Divine Sun. His cold murderous aura was like a cold wind that covered the sky.

Ye Qiu protected Little Senior Sister behind him and pulled out his sword.

“Slash!”

Boom!

The fifth strike of the Cursive Sword Art dyed the mountains and rivers red. It slashed out with all its might. The world changed color, turning blood red. A terrifying power shook the world. At that moment, it was as if the world had ended.

Heavenly Venerate Yaoshan's expression changed drastically when he saw this.

“No, that's impossible...”

He was just about to pull back his great divine power, but it was too late. Ye Qiu only used one strike to cut off one of his arms.

“Pfft...”

Heavenly Venerate Yaoshan’s expression changed drastically when he felt the powerful backlash. He felt the blood in his entire body flow backward and his body collapse, as if the world had collapsed.

The devouring sword energy kept devouring his body, causing him to gradually lose control.

At this moment, Heavenly Venerate Yaoshan’s heart was in a mess. He couldn’t believe that Ye Qiu, who he could control, would have such a trick up his sleeve.

“Divine Sun! How do you know this move?” Heavenly Venerate Yaoshan asked in disbelief. He had seen this divine power before. It was Qi Wuhui’s famous technique in the Crimson Dragon Mountain Range.

Why did Ye Qiu know this move too? Heavenly Venerate Yaoshan could not figure it out. Could these two have some special connection?

Hearing his confusion, Ye Qiu sneered and said, “There are still many things you don’t know. You want to play Hands of God with me? Alright, I’ll show you what the Hands of God are today.”

Suddenly, his aura changed. A terrifying golden rune instantly flowed and surrounded Ye Qiu. In the sky, a clear dragon roar sounded, like the roar of a true dragon.

“Catch!”

With a cold shout, Ye Qiu instantly stretched out his right hand. Runes flowed in the void. A dragon claw formed in the void. Its might was dozens of times more terrifying than the move of Heavenly Venerate Yaoshan.

Heavenly Venerate Yaoshan’s expression changed drastically as the dragon claw instantly grabbed over. He hurriedly used an escape technique and left the violent domain.

But how could Ye Qiu’s dragon claw be dodged so easily?

“Shadow Driving, catch again.”

With another cold shout, Ye Qiu activated his full strength. His divine shadow instantly appeared. The original dragon claw instantly became two. One gold and one black, they moved up and down, locking down all the paths of Heavenly Venerate Yaoshan.

This Divine Dragon’s Hand was a precious technique from the True Dragon’s bone that Ye Qiu had obtained in the Crimson Dragon Mountain Range.

Ye Qiu combined it with his powerful precious technique and divine power and comprehended it for several months before finally successfully cultivating it. In the end, he even combined it with the Shadow Driving technique, increasing its power by hundreds of times and increasing the effect of restraining the enemy by countless times.

Heavenly Venerate Yaoshan panicked when he saw the two dragon claws grabbing over. He didn't expect Ye Qiu to know the True Dragon Treasure Technique, nor did he expect him to comprehend this move to such a realm.

"Break!"

Seeing that the situation was getting more and more dangerous, he couldn't care less. He directly took out his intrinsic immortal treasure and fought to the death.

A Four Symbols Immortal Cauldron appeared in his hand. Violent power instantly erupted, shattering the void barrier, wanting to break free from the shackles of the dragon claw.

As the two forces collided, Heavenly Venerate Yaoshan broke out in cold sweat. The situation was extremely serious.

On the other hand, Ye Qiu appeared very calm. He controlled the Dragon Claw with one hand and suddenly squeezed.

"Die!"

The moment his right hand exerted strength, his dragon claw instantly exerted strength, wanting to crush Heavenly Venerate Yaoshan to death.

Boom!

#### **Chapter 554: Eighth Sword Technique**

Ye Qiu erupted with all his might. The thick tendons in his right hand swelled, and golden runes flowed ferociously. In an instant, he erupted with hundreds of times the power. The Divine Dragon's Hand had already been used to the limit, wanting to crush Heavenly Venerate Yaoshan in the cradle with the power of one hand.

"Get lost!"

A loud shout came from the violent vortex. Following that, the Yin and Yang energy converged. Heavenly Venerate Yaoshan held the determination of being seriously injured and broke through the shackles of the Divine Dragon's Hand.

With a loud bang, the Four Symbols Cauldron in his hand collapsed and was crushed by Ye Qiu. He finally broke free from the shackles with the help of the impact of the Four Symbols Cauldron.

It could be said to be a narrow escape. He was still in a state of shock and cold sweat flowed down his face when he escaped.

Ye Qiu's move was too terrifying. Even a Heavenly Venerate expert like him almost lost his life. If he hadn't thought of something in a hurry and sacrificed an immortal treasure, he would have been trapped in the dragon claw.

"Haha... Old thing, you're quite capable."

Ye Qiu couldn't help but praise when he saw him use the Four Symbols Cauldron as a scapegoat to escape. If it were an ordinary person, they would probably not be willing to waste this immortal treasure. However, he could choose at the last moment in such a hurry.

It could be seen how ruthless this person was.

With a raise of his hand, Ye Qiu retracted his divine power. He wasn't able to kill Heavenly Venerate Yaoshan in one move and continued to use the Divine Dragon's Hand. Actually, the effect wasn't much anymore.

It was impossible to achieve a surprise victory. With Ye Qiu's strength, it was actually very difficult to trap him to death again.

"Phew... Phew..."

Heavenly Venerate Yaoshan, who had escaped, was still panting heavily. At this moment, he looked at Ye Qiu with fear.

"Damn it, I underestimated this kid's potential and almost fell into his trap. What a pity, my Four Symbols Cauldron was wasted just like that."

Even now, he was still in a state of shock and panted heavily.

Heavenly Venerate Yaoshan looked coldly at Ye Qiu, his killing intent instantly soaring. He said coldly, "Ye Qiu, you've finished swinging your three axes, right? It's my turn now."

Ye Qiu smiled and didn't say anything. He only waved his hand, indicating for him to come at him.

Such an action made Heavenly Venerate Yaoshan a little afraid. Through the exchange just now, he roughly knew that the young man in front of him was far from as simple as he had imagined.

This person's shrewdness and thoughts were heavier than anyone else's. He must have a backup plan since he was so fearless.

For a moment, Heavenly Venerate Yaoshan hesitated. He looked at the sky. Ming Yue displayed her might and suppressed the seven ultimate experts. They were about to collapse. The opportunity was fleeting. If he still couldn't kill Ye Qiu, it would mean that their operation had failed.

And the price of failure might be death.

Heavenly Venerate Yaoshan knew the temper of the Patriarch on Mount Yao very well. If he lost again, what awaited him would only be death. There was no other path.

Heavenly Venerate Yaoshan gritted his teeth and did not intend to continue hiding anything.

"Ye Qiu, I originally wanted to give you a dignified death, but it seems like there's no need." As he spoke, he propped himself up with one hand. Suddenly, a huge wheel appeared in his hand.

"Hmm? This is... the Luosheng Wheel?"

As soon as this wheel appeared, Ye Qiu instantly frowned. Little Senior Sister was even more shocked.

“Junior Brother, be careful. This is the Luosheng Wheel known to devour everything and a taboo of life. This wheel is an ancient immortal artifact. It’s extremely powerful and has a strange power. Once one is trapped by it, it’s very difficult to escape. Back then, during the chaos of the ancient times, this wheel appeared and was once mighty. Countless lives in the world were devoured by it and fell into the Nine Nether forever.”

Little Senior Sister instructed nervously. When Ye Qiu heard this, his heart warmed and he was very gratified. It seemed like Little Senior Sister was still very concerned about him.

Looking at the wheel, Ye Qiu’s eyes gradually turned cold. After a while, he said, “Luosheng Wheel? Haha, today, I’ll make this damn thing completely disappear.”

After traveling everywhere for so many years, Ye Qiu had seen all kinds of strange Dharma treasures. Confidence was his strongest Dharma treasure.

“Ye Qiu! It’s your honor to die under this treasure. Prepare to meet the million vengeful spirits under Luosheng Gate. Soon, you will know what a true hell on earth is.”

Heavenly Venerate Yaoshan instantly exerted strength. A golden light enveloped the world. At that moment, it was as if a shining sun had risen into the sky. The light of the sun was incomparably dazzling. That incomparably terrifying vicious aura surged over, making one shiver.

Ye Qiu subconsciously took a step back, as if he was affected by this vicious aura. However, his body suddenly emitted a clear light. In an instant, it was as if an evergreen green lotus had grown in the chaos. It bloomed in the darkness and purified everything in the world.

Ye Qiu used the Green Lotus Technique with all his might to resist this vicious aura. Suddenly, the power of the brilliant sun poured down, and the terrifying power seemed to burn the world to ashes.

Boom!

There was a loud bang in the sky. Wherever the light passed, the hundred miles of wasteland was instantly roasted by the scorching sun. The beautiful mountains and rivers began to dry up, and a crack appeared on the ground.

“What intense flames. Is this the Luosheng Gate known as the Hidden Latch of Life and Death?”

Ye Qiu frowned as he looked at the open Luosheng Gate in the sky.

“Haha! Struggle. No matter how hard you try, you won’t be able to escape my grasp.”

Seeing that Ye Qiu’s expression was so solemn and his condition was very bad, Heavenly Venerate Yaoshan let out a deranged laugh.

Suddenly...

Drip...

Drip...

A few clear sounds rang out, as if a world that had been burned by the sun had been exchanged for a chance of survival.

Ye Qiu's eyes were lifeless. After a long silence, he vaguely revealed a strange smile.

"Luosheng Wheel? Is it very scary? Haha... Showing off in front of an expert. Today, I'll let you experience what true ultimate fear is."

With a cold laugh, Ye Qiu suddenly stretched out his hand. The Immortal Slayer Sword tore through the sky and slowly landed in his hand.

"Open!"

Under this extreme pressure, Ye Qiu forcefully opened his realm and actually opened his sixth Heavenly Sanctum in an instant.

Breaking through in battle was as difficult as ascending to the heavens. Such a thing actually happened to two people at the same time today. For a moment, everyone present was shocked.

The Immortal Slayer fell into Ye Qiu's hand. The blood-red sky enveloped over. At that moment, the white-clothed youth in the void seemed to be an Asura from hell. He walked towards the light step by step.

Suddenly, he withdrew and the world-destroying sword energy wantonly attacked. It was as if it had cut through the entire darkness.

"Eighth strike!"

"Nirvana of Heaven and Earth!"

A cold voice sounded. Ye Qiu's sword force changed, and violent power spewed out. At this moment, he was like the Nine-Leaf Grass that had swept through the ages during the tumultuous era of the Immortal Ancient.

### **Chapter 555: Another Powerful Enemy**

Nirvana of Heaven and Earth was the eighth sword technique of the Cursive Sword Art. It was a miniature version of the ninth sword technique.

Just hearing this name made one feel suffocated. It was as if the invincible demeanor and pressure of that person from ten thousand years ago had appeared.

Heavenly Venerate Yaoshan's Dao heart was instantly greatly affected by the destructive sword intent.

"No! That's impossible." He began to shake his head crazily. He couldn't believe that Ye Qiu could actually use such a shocking strike.

"Old thing, you claim to be the justice of the Heavenly Dao and eliminate evil for the world. You, Yaoshan, are the greatest pest. Today, I won't need you to do anything. I'll get rid of you." Ye Qiu replied coldly, as if he was responding to what Heavenly Venerate Yaoshan had said when he first appeared. He would punish them severely on behalf of the heavens.

Everyone present knew who the traitor was.

“Slash!”

With a loud bang, Ye Qiu slashed out with that shocking sword. The world trembled and fell silent. A violent storm instantly arrived. It began to rain heavily under the blood-colored sky. The sword energy streaked across the sky and slashed towards Luosheng Gate.

Bang!

A loud bang sounded as the two terrifying forces collided from afar. The entire world seemed to be trembling.

Bang!

A clear sound rang out. Ye Qiu’s sword erupted with all his might and actually shattered the Luosheng Wheel.

“No!

Heavenly Venerate Yaoshan let out an indignant roar. He could not accept the fact that another immortal treasure had shattered. When he faced Ye Qiu right now, there was only endless fear in his eyes.

“Driving Shadow, catch.”

After severing the Luosheng Gate with one move, Ye Qiu didn’t give the other party a chance to catch his breath at all. The dragon claw appeared again. Before Heavenly Venerate Yaoshan could catch his breath, he controlled the dragon claw with his left hand and instantly grabbed him.

“Pfft...”

He spat out a mouthful of blood, as if it had dyed the entire world red.

Heavenly Venerate Yaoshan had lost. He never thought that he would lose to a fledgling young man. This young man’s combat strength was too terrifying. It was impossible to judge his strength with common sense.

In the Endless Realm with six Heavenly Sanctums, he could raise his strength to the Heavenly Venerate realm. Moreover, the immortal technique in his hand was extremely terrifying. Any move he took out was a heaven-defying existence.

“Reincarnation Technique! Suppress!”

Ye Qiu instantly exerted strength after grabbing Heavenly Venerate Yaoshan with one hand. He erupted with the Reincarnation Technique, wanting to completely lock down the Luosheng Gate.

Reincarnation was like the nemesis of death. Ye Qiu easily entered the Luosheng Gate. The million vengeful spirits wailed and were completely destroyed by Ye Qiu’s holy light.

“Pfft...”

Heavenly Venerable Yaoshan spat out another mouthful of blood. Under the impact of the violent power, he was on the verge of collapse. He was slapped hundreds of miles away by Ye Qiu and ruthlessly collided with the ground.

Ye Qiu drew his sword and jumped up. He added his last strike and prepared to completely end this battle. He was already exhausted after using these few big moves. If he didn't end the battle as soon as possible, there would probably be a reversal. He had never been a person who liked to give others a chance to take your life while you were down.

This had always been Ye Qiu's principle.

"Old thing! Bring your dirty treasure to hell with you."

Heavenly Venerate Yaoshan had no ability to withstand the ferocious slash. At this moment, everyone on Mount Yao panicked.

Heavenly Venerate Yaoshan's expression changed. Once he died in Ye Qiu's hands, then... it would also announce their death sentence. With Ye Qiu's personality, he would definitely not let them off.

"Venerable Master, I'll help you."

Suddenly, a loud bang sounded. Hua Feiyu, who was originally on the verge of death, had begun to recover from his injuries early in the battle. At this moment, he had just recovered. He slashed over from afar, wanting to stop Ye Qiu. However, he, who had lost the Torch Dragon, didn't even have the qualifications to carry Ye Qiu's shoes.

"Ant, get lost!" Facing his attack, Ye Qiu's expression didn't change and he only shouted coldly. He withdrew his palm and slapped Hua Feiyu to the ground. He spat out blood and fainted.

On the other side, the First Elder of Mount Yao immediately began to plan when he saw that the situation was getting more and more serious. He was an extremely cunning person. Seeing that his backbone was about to die on the spot, he immediately began to think about how to escape.

"Old thing, you have nowhere to run."

On the other side, Ye Qiu attacked with his sword, not giving Heavenly Venerate Yaoshan any chance to escape.

Just as he was about to die under Ye Qiu's sword, suddenly...

Bang!

In the sky, a Qi Blade suddenly struck over. In an instant, the entire world trembled.

"Pfft..."

In just one exchange, Ye Qiu instantly vomited blood and was sent flying hundreds of miles. He looked up in fear and saw rolling dark clouds pressing down on the Heavenly Gate. A terrifying pressure instantly assaulted him.

The world seemed to be shocked and completely fell silent. That suffocating aura naturally made one shiver. At this moment, everyone panicked.

“Is there another reversal?”

“Who is it this time?”

Under everyone’s gaze, a sage-like old man slowly walked out from the void. His eyes were abnormally cold and filled with terrifying killing intent. He stood in the sky and looked down at Ye Qiu as if he was looking at an ant.

“Phew... What a terrifying aura. Junior Brother, you have to be careful.”

At this moment, even Little Senior Sister, who believed in Ye Qiu, couldn’t control the fear in her heart. The main reason was that the old man in front of her was too strong. Judging from his aura, his strength was not something that Heavenly Venerate Yaoshan and the others could scam. Even the seven ultimate experts in the sky might not be able to withstand a single move from him.

The atmosphere gradually became oppressive. The old man walked out step by step. Everyone’s breathing became tighter as he walked. He stepped into the mortal world and stared coldly at Ye Qiu. He said coldly, “Kid, you’ve ruined my plans time and time again. Today, I’ll let you know what cruelty is.”

Everyone knew very well that his killing intent was directed at Ye Qiu. They didn’t know what huge disaster Ye Qiu had committed to attract so many experts of the Nine Heavens and Ten Lands to attack him.

Such a commotion was probably even more terrifying than a plunder of the Immortal Ancient Battlefield. This scene was too terrifying.

Ye Qiu panted heavily as he looked straight at the figure in the sky. He knew very well that he was no match for the other party. That was a Dao Sacrificial realm expert, not an ordinary Heavenly Venerate.

There was a world of difference between Ye Qiu and him. In front of him, he was as small as an ant.

“It’s over! Junior Brother Ye is really in danger this time.”

At this moment, even the calm Meng Tianzheng revealed a worried expression. Who would have thought that after defeating Heavenly Venerate Yaoshan, a mysterious old man would suddenly appear?

As soon as the old man appeared, Heavenly Venerate Yaoshan was overjoyed and knelt down to greet him.

“Let’s welcome the Patriarch’s true body to the mortal world!”

“Patriarch?”

As soon as these words were spoken, everyone was shocked. This person’s actually the Patriarch of Mount Yao?

**Chapter 556: Great Desolate World In Danger!**

“What! This person is actually the Patriarch of Mount Yao. Doesn’t that mean that he built this ancient holy land?”

Everyone from Mount Yao shouted in unison. At that moment, the entire world trembled. No one expected that today’s matter could actually lure out an ancient powerhouse.

The Patriarch of the Mount Yao Holy Land? How ancient was that?

For a moment, everyone was frightened. Ye Qiu’s heart sank. The appearance of the Patriarch of Mount Yao completely exceeded his expectations. Perhaps he did not expect the impact of this Torch Dragon to be so great.

Boom!

Exalted Immortal Nanhua’s methods were ruthless. The moment he stepped out of the Heavenly Gate, he slapped over with his palm.

Ye Qiu’s expression instantly changed drastically. This destructive power was enough to completely penetrate his body. Even the True Dragon Rune could not withstand this strike.

In a moment of desperation, Ye Qiu didn’t have time to think. He instantly used the Driving Shadow and used the Kun Peng Treasure Technique to create a clone and leave. The palm slapped over. The clone that was originally in Ye Qiu’s position was instantly reduced to dust.

“Hiss... F\*ck you...” Ye Qiu sucked in a breath of cold air and couldn’t help but curse.

This strength could directly enter the peak competition, right? One had to know that the Divine Shadow identity had all of Ye Qiu’s abilities. His physical defense was also very abnormal.

Unexpectedly, Exalted Immortal Nanhua only lightly slapped him into dust. If this hit Ye Qiu, wouldn’t he directly turn to dust? For a moment, Ye Qiu’s expression changed and his pupils constricted.

On the other side, Exalted Immortal Nanhua couldn’t help but frown when he saw that he didn’t slap Ye Qiu to death. His cold killing intent suddenly increased.

“Good kid! No wonder you could foil my plan repeatedly. You’re indeed quite capable. With your aptitude, if nothing unexpected happens, you will at least be an expert above the Dao Sacrificial realm in the future.

“Unfortunately, you will only die after offending me. Genius? Haha... A genius who died prematurely can’t be considered a genius. You shouldn’t have destroyed my plan. Even if I kill you today, it will be difficult to resolve the hatred in my heart. I will tear you into pieces and send you to the Nine Nether, never to enter the cycle of reincarnation.”

Ye Qiu was incomparably calm after hearing the Exalted Immortal Nanhua’s gloomy words and didn’t respond. The current situation was very disadvantageous to him. The appearance of this person might completely break the peace of the world.

He was too strong!

If there was anyone in this world who could match an existence in the Dao Sacrificial realm, it was probably the Celestial Thearch Zhen Wu who was imprisoned in the forbidden area, right? Unfortunately, Celestial Thearch Zhen Wu could not get out of the forbidden area, let alone interfere in the matters of the world.

The world was in danger.

“Patriarch, please send down your divine power and kill Ye Qiu to wash our Mount Yao with blood.”

Suddenly, a loud shout came from Mount Yao’s team. At this moment, all the disciples of Mount Yao seemed to have found their backbone and picked up their confidence again. As if they had seen hope, they stood up again.

Seeing that the situation was getting more and more out of control, Ye Qiu had no choice but to stand at the front. His only hope now could only be placed on the person in the Star Picking Pavilion.

Looking at Heavenly Venerate Yaoshan standing at the front, Exalted Immortal Nanhua glared coldly and said with killing intent.

“Hmph, a bunch of trash! I have to do this myself for such a small matter. What’s the use of you?”

Boom!

As soon as he finished speaking, he slapped out with his palm, instantly sending Heavenly Venerate Yaoshan flying and falling heavily to the ground.

“Pfft...”

At this moment, Heavenly Venerate Yaoshan was in an incomparably sorry state. He spat out another mouthful of blood and almost died tragically. He knew that he was ashamed and did not dare to have any objections. He silently accepted this palm strike.

In the sky, Ming Yue noticed the arrival of Exalted Immortal Nanhua and killed seven supreme experts with a single strike, withdrawing herself.

“Exalted Immortal Nanhua!”

When she noticed that the person who came was Exalted Immortal Nanhua, she instantly frowned and realized the seriousness of the situation. She looked up at the clouds in the sky. He wasn’t the only one. In the dark void, there were also a few old monsters not inferior to him watching this place.

Ming Yue’s heart trembled. She really couldn’t figure out what kind of benefit Ye Qiu had offended them to attract the encirclement of so many ultimate experts.

In the current situation, Ye Qiu could be said to be an enemy of the entire world. With so many terrifying old monsters watching him, even if he didn’t die today, he would probably be unable to take a single step in the Nine Heavens and Ten Lands in the future.

The thoughts in her mind raced for a moment. Ming Yue calmed down and tried her best to calm down. With a leap, she flew over from the Nine Heavens and arrived beside Ye Qiu, staring at Exalted Immortal Nanhua.

She bowed respectfully and said, "Greetings, Senior."

She appeared very reserved and did not do anything rude. She spoke to the Exalted Immortal Nanhua as the Saintess of the Heaven Mending Pavilion.

When the other party saw her, he was clearly stunned. Perhaps Exalted Immortal Nanhua didn't expect the Heaven Mending Pavilion to be behind Ye Qiu. He recalled what Heavenly Venerate Yaoshan had said back then. There was someone behind Ye Qiu that he couldn't afford to offend.

Could it be that the person he couldn't afford to offend was Meng Tianzheng?

In an instant, Exalted Immortal Nanhua began to hesitate. Heavenly Venerate Yaoshan was right. He really couldn't afford to offend Meng Tianzheng. This old thing was a living fossil that had lived since the Immortal Ancient Era.

As long as he didn't die, no one in the Nine Heavens and Ten Lands would dare to touch the Heaven Mending Pavilion.

Although he was strong, he was only in the Dao Sacrificial realm. He was far from reaching the peak of the Dao Sacrificial realm like Meng Tianzheng. If he really attacked, he might not be able to withstand his light palm.

However, according to what Exalted Immortal Nanhua knew, Meng Tianzheng was already at the end of his rope. All these years, he had been locked in the Star Picking Pavilion to break through his death tribulation.

A few hundred years had passed, but there was still no news. It was unknown if he was dead or alive.

Thinking of this, the corners of the Exalted Immortal Nanhua's mouth curled up into a strange smile. His worried heart gradually lost its fear.

He firmly believed that Meng Tianzheng definitely did not have the strength to interfere in the matters of the world. Even if he was not dead now, he was already at the end of his rope and had dissipated all his cultivation.

"Haha, so it's the little girl Ming Yue from the Heaven Mending Pavilion. I've heard of your deeds many times in the early years. I'm very gratified. Another outstanding person has appeared in my Nine Heavens and Ten Lands.

"But..."

Exalted Immortal Nanhua's expression began to darken. His killing intent suddenly increased, and a powerful pressure instantly assaulted him.

Ming Yue's body trembled as she felt the irresistible pressure. This old fellow's strength was too terrifying. He wasn't someone she could resist at all, let alone Ye Qiu. For some reason, she actually risked her life to stand in front of Ye Qiu.

The only thing that could convince her was that she did not want the Heaven Mending Pavilion to lose such an outstanding disciple. This was her excuse to comfort herself. However, she did not know what she was thinking.

In short, she stood up.

### **Chapter 557: Gu Sanqiu Saved the Situation**

Exalted Immortal Nanhua's expression darkened as he stared coldly at Ye Qiu with killing intent.

No one dared to breathe loudly. Under the oppressive atmosphere, those with shallow cultivation even vomited blood and almost died.

Exalted Immortal Nanhua continued coldly, "Today, this child's crimes are unforgivable. Whoever dares to plead for mercy for him will be killed."

As soon as these words were spoken, Ming Yue immediately understood that Exalted Immortal Nanhua really wanted to kill him this time. Her mind raced for a moment. She urgently needed a countermeasure.

Exalted Immortal Nanhua stared at her coldly and said, "Little girl, you're a smart person. With your talent, if nothing unexpected happens, you'll at least be an existence above the Dao Sacrificial realm in the future. Don't sacrifice your future for nothing because of others."

This was his advice to Ming Yue. Because the karma that Ming Yue touched was too heavy, he did not want to touch her for the time being. However, if Ming Yue insisted on interfering, he was not afraid even if she moved.

Hearing this, Ming Yue already understood his determination and began to hesitate. She turned around and looked at Ye Qiu. Not only that, but the feelings in her heart also appeared for some reason.

Ming Yue comforted herself. This feeling must have come from the mortal world Ming Yue. She didn't like Ye Qiu at all.

Yes, that must be it.

After a long silence, Ming Yue was thinking about something. After a while, her eyes suddenly became firm. She looked straight at the Exalted Immortal Nanhua and replied coldly, "Senior, this person is the Deity of my Heaven Mending Pavilion, personally bestowed by the First Elder.

"I'm afraid it's not up to you to decide his life and death. If you want to touch him today, you'll be openly starting a war with my Heaven Mending Pavilion."

"You're threatening me!"

As soon as these words were spoken, Exalted Immortal Nanhua's expression instantly changed and his killing intent soared. He could not stand the threat of others in his life. The more you said that, the more he did it.

Ming Yue wasn't to be outdone when she saw how domineering he was. She would definitely protect Ye Qiu today.

"Senior, I respect you as a senior expert and don't want to be your enemy. However, if you bully my Heaven Mending Pavilion for having no one, don't blame me for being rude."

In an instant, Ming Yue held her sword with one hand and an incomparably domineering sword force instantly erupted. At that moment, Ye Qiu was touched.

Ah... He felt too safe. As expected of his most beautiful senior sister. It's too heartwarming. Look, only at this life and death moment could one witness true feelings.

However, Ye Qiu didn't intend to rely on a woman to protect him.

Seeing that Ming Yue and Exalted Immortal Nanhua were in a deadlock, the atmosphere became even more anxious. Ye Qiu took the initiative to walk out.

"What are you doing? Go back!" Sensing Ye Qiu's abnormality, Ming Yue frowned and berated.

However, Ye Qiu ignored her and walked to the front.

"Senior Sister, I appreciate your kindness, but I'm still not used to being protected by women. I, Ye Qiu, have been honest my entire life. I've traveled the world. Why should I fear death? It's not my personality to rely on hiding behind women to survive."

Ming Yue's heart trembled when she heard this. She did not expect him to have such courage to face such a situation. She had underestimated Ye Qiu. She couldn't help but feel shocked and ashamed. Now that she saw him chatting and laughing, she could not help but be infected by the confident smile on his face.

Ming Yue looked at his handsome and charming face in a daze. At this moment, he had an indescribable charm. After a while, Ming Yue noticed her abnormality and blushed.

She cursed herself in her heart. How could she still be in the mood to think nonsense at a time like this?

After taking a deep breath, she said coldly, "Hmph... You're stubborn. Since you insist on courting death, you can go." Ming Yue said it very heartlessly, but she did not put away her sword.

Ye Qiu smiled faintly. He suddenly realized that sometimes, this cold Little Senior Sister was quite cute.

Yes, she was fun...

Putting away the playfulness in his heart, Ye Qiu took a step forward and looked straight at Exalted Immortal Nanhua. He secretly looked at the Heavenly Gate in the sky and saw that the time was right.

He revealed an imperceptible smile and said, "Senior, looks like I, Ye Qiu, am destined not to die today. What a pity. I ruined your plan, but you couldn't do anything to me. Sigh... Tsk tsk."

As soon as these words were spoken, Exalted Immortal Nanhua's expression instantly turned cold and his anger soared.

"Impudent! What an arrogant kid. Today, I want to see what gives you the confidence to speak to me like that."

What kind of existence was Exalted Immortal Nanhua? How could he withstand Ye Qiu's humiliation? Where did he get the confidence to say such things?

Exalted Immortal Nanhua instantly gathered his strength and suddenly slapped out with his palm. Suddenly, the mountains and rivers shattered, and the Great Desolate World trembled, as if the world had collapsed.

“Be careful!” Ming Yue, who said that she didn’t want to care, actually rushed over at the critical moment.

She was about to slash out and block this fatal palm. Unexpectedly...

Boom!

A terrifying fist force charged over from the Heavenly Gate with a shocking bang. In just a breath, the two destructive forces collided violently. The powerful impact was instantly expelled. Ming Yue, who was blocking in front of him, was affected. She spat out a mouthful of blood, dyeing Ye Qiu’s clothes red.

“Senior Sister!”

Ye Qiu’s expression changed. He pulled her into his arms and used his body to block the final aftershock. The two of them were sent flying.

On the other hand, Exalted Immortal Nanhua’s expression suddenly changed. He ignored the two people who were sent flying and glared coldly at the disruptor who suddenly appeared.

“How dare you ruin my plans! You hiding thing, get out here!”

His killing intent soared. At this moment, Exalted Immortal Nanhua was already dizzy with anger. He could no longer suppress his anger. This sudden change made everyone present at a loss. He looked up at the sky and suddenly, a shout came from the Nine Heavens.

“Old thief, how dare you hurt my Heaven Mending Pavilion’s disciple. Take my punch.”

That furious shout sounded like thunder. It was as if lightning had suddenly flashed and thunder rumbled in the silent sky. An incomparably domineering fist force instantly smashed over again. A white-haired old man instantly rushed over from outside the Heavenly Gate.

“Gu Sanqiu!”

When he saw the person, Exalted Immortal Nanhua’s expression changed and his killing intent soared.

Enemies were really bound to meet on a narrow road. When enemies met, their eyes were especially red.

“You came at the right time. Today, we will settle our old and new grudges together. It’s time to repay the punch you owed me back then.”

As soon as he finished speaking, Exalted Immortal Nanhua’s aura instantly changed. In an instant, the world changed, and a terrifying power stirred the entire world into chaos.

In the chaotic vortex, Gu Sanqiu laughed loudly and said disdainfully, “Haha, shameless old thief, you bully the weak and are shameless. Today, let me experience how much you’ve improved in the past ten thousand years.”

Facing Exalted Immortal Nanhua's terrifying attack, Gu Sanqiu did not move at all. He was as steady as a mountain.

After throwing a second punch, they offset each other's strength and he threw a third punch.

The entire world was turned upside down by this terrifying power. The power of the Dao Sacrificial realm was too terrifying. It was not something the laws of the world could withstand.

### **Chapter 558: Battle of Dao Sacrificial**

Boom!

With a shocking bang, the two forces collided violently and instantly spread out. Everything within ten thousand miles instantly fell silent.

"What terrifying power. Is this the power of the Dao Sacrificial realm?"

Seeing this scene, even Ming Yue revealed a shocked gaze. The impact just now had already severely injured her. She coughed heavily and spat out a mouthful of blood. Her face was pale, and was very desolate, making people pity her.

Compared to her injuries, Ye Qiu's injuries were even worse. Ming Yue blocked the first wave of power, but all the subsequent power was blocked by Ye Qiu. At this moment, he was already riddled with holes. If not for his powerful physique, he would have been slapped to death.

"Ahem ahem..."

Ye Qiu opened his eyes with difficulty and revealed a bitter smile. It was a very bleak smile, as if he was mocking himself.

"Junior Brother, are you alright?"

Ming Yue couldn't help but ask with concern when she saw that he had woken up. She slowly helped him up, feeling very worried. How could she not be grateful that Ye Qiu had risked his life to save her at that critical moment?

Ming Yue hated owing others favors the most in her life. However, today, she really owed Ye Qiu a favor. At least, that was what she thought.

Logically speaking, she didn't owe anyone anything because the reason why she was in danger was to save Ye Qiu. If the two were offset, it could be said that no one owed each other. If she really wanted to investigate, Ye Qiu probably owed her more.

It was just that she didn't think so. Perhaps in her heart, it was her duty to protect her junior brother.

"Phew..."

Ye Qiu took a deep breath and spat out another mouthful of blood. His chaotic inner breath could not calm down, and his internal organs felt like they had been shattered. Ever since he debuted, he had never been so seriously injured. He was incomparably angry.

Sooner or later, he would return all of this tenfold or a hundredfold. He wanted to wash away today's humiliation.

After simply adjusting his breathing for a moment, Ye Qiu stood up again and comforted her, "I'm fine, Senior Sister. Thank you for stepping forward just now. I, Ye Qiu, will remember your kindness."

Ming Yue didn't say anything after hearing his determination. She didn't think that Ye Qiu would owe her anything if she stood up for him. This was her duty as the Heaven Mending Saintess. No matter which disciple of the Heaven Mending Pavilion was here today, she would protect them.

Ye Qiu looked at her expressionless face. He didn't know what she was thinking. After a while, he took out two Extreme Spirit Pills from his storage jade. He then said, "Senior Sister, you were seriously injured just now. Eat this pill for the time being and recover first. With Elder Gu here, I believe that old thief Nanhua won't be able to do anything big."

Ming Yue nodded and didn't refuse. She took the Extreme Spirit Pill from Ye Qiu, pursed her lips, and swallowed it. After eating the pill, she quickly found a quiet place to meditate.

On the other side, Ye Qiu also began to quickly regulate his breathing and recover in the shortest time possible.

Time passed bit by bit. The two ultimate experts in the sky fought intensely. The two of them were comparable in strength to begin with, and they had been opponents for many years. They were very familiar with each other. Their moves were incomparably ruthless, and every move was fatal. The aftershock of the battle almost flattened the entire world.

Such strength was terrifying. No one present dared to breathe loudly. They were so nervous that they were drenched in sweat.

"Phew... This is too terrifying. This is a true battle between immortals."

"These two people have similar strength and endless methods. It's impossible to determine the victor in a short period of time. If this continues, the entire world will probably be flattened. At that time..."

No one dared to imagine the consequences. However, no one could stop them now. Under this balance, only those with similar strength could approach that battlefield. Apart from that, anyone who approached would instantly be reduced to ashes. This was not an exaggeration at all. Just the aftershock of the battle could crush them.

The two people on the battlefield became more and more enthusiastic as they fought, as if the blood feud that had been suppressed for many years had finally erupted.

"Gu Sanqiu! Today, we will settle our old and new grudges together. I will return the punch you gave me ten thousand years ago."

Exalted Immortal Nanhua gradually became furious. He pushed with both hands and evolved a supreme immortal technique, attacking with the Dao Sacrificial Law. For a moment, the world trembled and the Nine Heavens rumbled. The void seemed to have shattered.

Facing that aggressive punch, Gu Sanqiu's expression did not change. He had yet to draw his sword. Don't forget that his truly terrifying methods were not his fists, but the iron sword behind him. However, for some reason, he did not use it until now, as if he had some concerns.

"Haha... Nanhua, is this all you've got?"

Facing Exalted Immortal Nanhua's furious roar, Gu Sanqiu chatted cheerfully and teased, "After ten thousand years, you still haven't improved at all. You're short-sighted and a frog at the bottom of a well. You weren't my match ten thousand years ago. Today, you're still not my match."

After saying that, he suddenly punched over again. In an instant, the two powerful forces collided intensely.

Boom!

It was dazzling. Exalted Immortal Nanhua was actually forced back hundreds of miles by Gu Sanqiu's punch and was clearly at a disadvantage.

"No... This is impossible. It's impossible for me to lose."

After being at a disadvantage in one move, Exalted Immortal Nanhua's eyes were filled with panic. He could not accept this reality. Through this short exchange, he had already discovered that Gu Sanqiu's strength had advanced by leaps and bounds in the past ten thousand years.

Moreover, his fists had been cultivated to a terrifying realm. They were extremely powerful, as if they could break the shackles of chaos and darkness with a single punch. It was a shocking punch.

"Old thief, take another punch from me!"

Just as he was still unable to accept this reality, Gu Sanqiu punched over again, as if he wanted to blast open the darkness in front of the world. It was unstoppable.

Seeing this scene, Exalted Immortal Nanhua immediately understood that if he held back, he would definitely lose today.

"Hmph! Arrogant old man, bring it on. Dazzling Chaos of the Heavenly Demon!"

With a furious roar, Exalted Immortal Nanhua's aura suddenly soared. At that moment, a black aura covered the sky. In the turbid darkness, it was as if there was a fatal demonic aura that continuously devoured all living beings.

Gu Sanqiu frowned. He did not expect that the old thief Nanhua had cultivated such a strange forbidden technique all these years. This was more like a forbidden technique of a lost race. It had been lost for countless years and had reappeared in the world today.

"Haha! Gu Sanqiu, die."

As the demonic energy covered the sky, Exalted Immortal Nanhua's confidence surged in his heart again.

Unexpectedly, Gu Sanqiu's gaze changed, and his murderous aura instantly soared. The force of his fist suddenly underwent an earth-shattering change.

“What a good move, Dazzling Chaos of the Heavenly Demon. Today, I will use these two fists to blast open your so-called darkness.”

### **Chapter 559: Twelfth-Grade Golden Pill**

Gu Sanqiu crossed his fists and the wind from his fists spun. In an instant, a noble aura of heaven and earth suddenly erupted. That punch that was like a mountain instantly blasted out. Lightning flashed and thunder rumbled in the sky.

The laws of heaven and earth seemed to have been smashed open. When the two violent forces collided with all their might, it almost caused an earthquake.

Boom!

The moment they collided, an incomparably terrifying impact was instantly expelled. The mountains and rivers within a hundred miles instantly turned into nothingness.

This terrifying lethality was comparable to a calamity.

Ye Qiu hurriedly stood up in his panic. He raised his hand and took out the Qiankun Cauldron. He pushed with both hands, and in an instant, the Qiankun Cauldron suddenly became larger. Under Ye Qiu's powerful force, it forcefully covered the entire Qin Chuan.

“Pfft...”

However, the indirect consequence of this action was that all the power instantly charged towards Ye Qiu. His body collided intensely, and blood spewed out, as if it had shattered.

“Junior Brother.”

Seeing this scene, Ming Yue suddenly felt a sharp pain in her heart, as if she had lost something important. Her eyes became flustered. She couldn't care less and quickly ran over to catch the swaying Ye Qiu.

After a closer look, his internal organs had all been shattered, and the meridians in his body had been broken. If an ordinary person had suffered such heavy injuries, they would have long died. However, Ye Qiu didn't. After a short coma, a ball of golden light suddenly appeared in his body.

“Mm? This is...”

Ming Yue, who was in a mess, wanted to use great methods to save Ye Qiu at all costs, but she was surprised. There was a very strange power slowly spreading in his body. She looked down and realized that the blood he bled was golden.

“Golden Liquid, this... how is this possible? Could it be that his blood has already cultivated to the purest golden bloodline in the world?”

Ming Yue was shocked. In the world, only the supreme powerhouse from ancient times could cultivate his blood to the golden liquid.

In that era of dazzling stars, which one of them wasn't a person who could sweep through the world? The bloodline they left behind was called the descendant of a golden bloodline.

Ming Yue knew very well that Ye Qiu didn't have a golden bloodline at all, but he had golden blood. This meant that he must have cultivated some kind of Blood Qi Dao and refined his blood to the highest realm.

Just as she had guessed, it was because of this strike that Ye Qiu successfully reached the supreme perfection realm with the Dao of Blood technique. The blood in his body successfully transformed.

The indirect consequence of the breakthrough in the Dao of Blood was that Ye Qiu instantly had an incomparably terrifying healing ability. In just a moment, the golden blood quickly healed the injuries in his body. His body, which was riddled with holes, was as good as new in an instant.

Ming Yue was completely shocked when she saw such a surprising scene. It was such a terrifying recovery ability. Didn't that mean that in the future, Ye Qiu would be completely unrivaled under the same realm?

"Hiss..."

Thinking of this, Ming Yue instantly sucked in a breath of cold air and envied Ye Qiu. The ability of this golden blood was too heaven-defying. What technique did Ye Qiu cultivate? How could he successfully transform this blood into the legendary golden blood?

How could she know that all of this was the work of Celestial Thearch Zhen Wu?

Back then, Celestial Thearch Zhen Wu had pried into the secret of the Longevity Calamity and studied it for a hundred thousand years before finally developing this heaven-defying technique.

Dao with blood.

The golden blood was already a supreme bloodline according to common sense. But it had yet to reach the true limit for the Dao of Blood. It could only be said that he happened to come into contact with a perfect domain. Cultivating the Dao of Blood to the highest realm was to break through this so-called perfection and reach the realm of supreme transcendence.

This was Celestial Thearch Zhen Wu's initial thought, and Ye Qiu was also putting this thought into practice.

The moment his blood underwent a transformation, Ye Qiu suddenly opened his eyes. The injuries in his body were instantly swept away.

At this moment, Ye Qiu felt incomparably comfortable. It was as if there was an incomparably terrifying power in his body. His eyes instantly became incomparably domineering. The moment he woke up, he suddenly took out a golden pill.

"Twelfth-grade Golden Pill!"

Ming Yue's pupils constricted in disbelief. Ye Qiu actually had a twelfth-grade Golden Pill? That was a treasure that even Dao Sacrificial experts dreamed of obtaining. Ye Qiu actually had it.

The moment Ye Qiu took out the golden pill, he swallowed it. An incomparably terrifying power surged into his body. At that moment, Ye Qiu felt that his body was about to explode.

This twelfth-grade Golden Pill was a supreme-grade immortal pill that the system had returned after Ye Qiu gave it to Lin Qingzhu with the Nine Revolutions Golden Pill. However, the power of the Golden Pill was too terrifying. Ye Qiu didn't dare to eat it, afraid that his body wouldn't be able to withstand it and he would explode and die.

Now, after the blood transformation, his body's strength had reached the limit. Ye Qiu couldn't hold it in anymore.

Today, he would soar into the sky and break this so-called legend.

The golden light was dazzling. Ye Qiu sat cross-legged, as if he had entered the void and was within the laws.

Ming Yue guarded her side and stared coldly at her surroundings. The moment the twelfth-grade Golden Pill appeared, she had already noticed countless strange gazes from the surroundings.

Clearly, they all wanted this golden pill. Unfortunately, Ye Qiu didn't give them a chance and swallowed it. Everyone present immediately gritted their teeth in anger, revealing cold killing intent.

Ming Yue sneered as she looked at these people. She gently waved her right hand, and a glass immortal sword suddenly appeared in her hand. She actually became Ye Qiu's guardian and stayed by his side.

In the Nine Heavens and Ten Lands, Ye Qiu was really the only person who could make this peerless woman willing to protect him. This was something that many people did not even dare to dream of.

As Ye Qiu entered that magical state, the atmosphere gradually became strange.

Everyone's gazes stopped on Ye Qiu, wanting to see what kind of heaven-defying change would happen to this twelfth-grade Golden Pill.

As the golden light flickered, incomparably violent power surged into his body. Ye Qiu's expression instantly became ferocious and painful. In an instant, his limbs and bones suffered a huge impact and vaguely exploded.

Ye Qiu instantly mobilized all the blood in his body. Golden blood flowed quickly and quickly repaired his shattered body.

Through constant tempering, his body had improved greatly.

"Break!" Gritting his teeth, Ye Qiu exclaimed. In an instant, there was a violent sound in his body.

"Another Heavenly Sanctum!"

Ming Yue was surprised. Under her surprised gaze, she saw Ye Qiu exert strength again.

With a loud bang, eight Heavenly Sanctums circled above his head and suddenly appeared.

"Heavens! Eight Heavenly Sanctums. If he opens another one, he will be ranked among the most stunning people in the world."

Everyone was shocked, and the people from Mount Yao were even more terrified. The stronger Ye Qiu was, the more dangerous it was for them.

However, no one could stop Ye Qiu now because Ming Yue was standing there. Unless Exalted Immortal Nanhua personally took action, no one could stop him.

But Exalted Immortal Nanhua was already completely suppressed by Gu Sanqiu and could not free himself.

## **Chapter 560: Growth in Chaos**

A hundred years of bitter cultivation was not as good as an epiphany.

At this moment, Ye Qiu seemed to have entered the magical realm. He was in chaos, swimming through the sea of Great Dao. Feeling the continuous accumulation of the laws of the universe, the power in Ye Qiu's body became even more violent. His skin seeped with blood and gradually sublimated.

His body had already been tempered to the limit. He only wanted to advance to another level.

"Break!" With a furious shout, Ye Qiu used almost all his strength. The surging power became violent and continuously surged towards his prefecture sea.

The three Dao Flowers in his body slowly bloomed, emitting a dazzling light. At that moment, the wind and clouds in the world changed, and Yin and Yang converged.

Ye Qiu gritted his teeth and endured the intense pain. The power in his body was too powerful, and his body couldn't hold on anymore and almost exploded. The power of this twelfth-grade Golden Pill was too powerful. If he couldn't suppress it, his life would really be in danger.

This was also the reason why he had never dared to use it.

Even though the recovery ability of the Golden Blood was extremely heaven-defying, no matter how it was repaired, it could not compare to the destructive power of the twelfth-grade Golden Pill.

In such a moment of desperation, Ye Qiu no longer had any way out. His only chance now was to continue charging up and open the ninth Heavenly Sanctum.

Only by opening the ninth Heavenly Sanctum could it accommodate more immortal energy.

"Open!" Ye Qiu gritted his teeth and roared hysterically. He angrily exerted strength and a shocking bang sounded in his prefecture sea.

"Ninth Heavenly Sanctum! It's done..."

Everyone saw the eight Heavenly Sanctums circling above his head. As a violent wind blew, the embryonic form of the ninth Heavenly Sanctum appeared. The nine Heavenly Sanctums circled above his head. It was very eye-catching. For a moment, everyone was shocked.

"Heavens, he actually opened nine Heavenly Sanctums! What a heaven-defying existence."

In the Nine Heavens and Ten Lands, which one of them wasn't one in a million who could open nine Heavenly Sanctums? Such a genius could be called the chosen one who gathered the providence of the world.

They were terrifying existences that would go down in history.

"What! He hasn't stopped yet. Could it be that... he wants to establish ten Heavenly Sanctums?"

After Ye Qiu's ninth Heavenly Sanctum was formed, everyone was surprised to discover that he hadn't stopped. They couldn't help but exclaim. Could it be that he wanted to open ten Heavenly Sanctums?

"No... Impossible. In all these years, there's almost no one in ten thousand years who can open ten Heavenly Sanctums. This is almost the limit. All these years, no one has succeeded except Ming Yue. How dare he..."

Seeing this, Heavenly Venerate Yaoshan completely panicked and looked at Ye Qiu in disbelief.

What did ten Heavenly Sanctums mean? This meant that Ye Qiu's potential in the future would be endless. As Ye Qiu's enemies, what kind of danger would they face once Ye Qiu grew up? It was obvious how flustered Mount Yao was.

"No, I will never allow that to happen."

Heavenly Venerate Yaoshan was burning with anxiety. He couldn't care less and instantly slapped over. He wanted to stop Ye Qiu and not let him continue to grow.

The wind and clouds changed. This sudden change caught everyone off guard. However, Ming Yue reacted quickly. Although she was very surprised by Ye Qiu's change, she had been paying attention to the actions of the people above.

The moment Heavenly Venerate Yaoshan charged over, Ming Yue looked over coldly and said, "Shameless old thief, get lost."

A palm met it, and a supreme Dharmic power was instantly slapped out. Heavenly Venerate Yaoshan was instantly forced back by the palm.

"Ming Yue, do you really want to go against the heavens and protect this traitor!"

On the other side, the seven ultimate experts questioned coldly, eyeing him covetously.

Ming Yue looked at them coldly and said, "A bunch of old things who hide their heads and reveal their tails. You claim to be enforcing justice on behalf of the heavens, but you're did those heartless things behind the scenes. How shameless. Come at me together. What do I have to fear?"

At this moment, Ming Yue was like a god. Her invincible Dao heart was her strongest trump card. She did not take half a step back in the face of the siege of eight Heavenly Venerates.

The seven of them turned red from Ming Yue's curse. Heavenly Venerate Yaoshan hurriedly shouted, "Fellow Daoists, don't hesitate anymore. We can't let this child live. Attack together and kill him!"

With his order, the seven of them responded at the same time. They were going all out. Today, this grudge had already been formed. As long as Ye Qiu didn't die, they wouldn't be able to sleep.

Ming Yue's expression did not change as the eight of them charged over at the same time. She slowly closed her eyes. She took a deep breath. Suddenly, her eyes opened like lightning, and her killing intent instantly soared.

A bone-chilling cold wind instantly spread out. She held her sword with one hand and trembled slightly. In an instant, a supreme sword energy domain was formed.

"F\*ck! How domineering..."

Seeing this scene, the expressions of everyone present changed drastically, turning pale.

Ming Yue's domineeringness and strength deeply shocked them. It was only at this moment that they truly realized this legendary woman's truly ruthless side. There was no fake legend about her. She was that unique existence. Such a stunning woman was the white moonlight that men could only look up to many years ago.

In Ming Yue's absolute domain, she was like an invincible god of war. She was not at a disadvantage when facing the siege of eight Heavenly Venerate experts. This was the astonishing potential of the ten Heavenly Sanctums. She had absolute control.

Seeing that the situation was in a deadlock, the atmosphere became even more oppressive.

"Haha... Old Thief Nanhua, feel free to use any killing moves you have."

Suddenly, they heard a loud laugh. The battle in the sky seemed to have come to an end. At this point, Exalted Immortal Nanhua seemed to have exhausted all his tricks.

Gu Sanqiu, who was standing in front of him, was like a huge mountain that he could not cross. He was helpless.

The two of them were almost identical in strength. Even if he used all his methods, he could at most fight Gu Sanqiu to a draw.

And with him here, he couldn't kill Ye Qiu at all. Unwilling to accept this, he looked down angrily and realized that the young man who he hated to the bone was currently attacking the legendary ten Heavenly Sanctums.

Exalted Immortal Nanhua was incomparably furious and desperate. He deeply understood that Ye Qiu's potential had already deeply threatened him. If Ye Qiu didn't die today, he would definitely die in the future.

"Gu Sanqiu! Get lost!"

Thinking of this, Exalted Immortal Nanhua was incomparably furious. With a furious shout, he wanted to force Gu Sanqiu back. The punch that erupted with all his might actually forced Gu Sanqiu back. In an instant, he pulled back and slashed at Ye Qiu.

Seeing this, Gu Sanqiu panicked and instantly punched him, wanting to force him to defend.

Unexpectedly, this old thing actually wanted to withstand this punch and kill Ye Qiu at the price of serious injuries?

“Oh no!”

Gu Sanqiu knew this old fellow’s personality very well. This person was famous for being ruthless. He was ruthless to his enemies and even more ruthless to himself. He was the kind of person who would not stop until he achieved his goal. He would definitely do such a thing.
